Report of the Board of Selectmen

The Town of Norwell is an area of twenty-one square miles or approximately thirteen thousand acres. Within the boundaries fifteen hundred families reside with all the comforts of modern homes and conveniences while at the same time the beavers are still building dams in the swamp area and deer roam the wooded acreage, and one will be startled by the pheasants, raccoons, fox and other animals at any time that one ventures into the woodlands that are found not very far from any residence in the Town of Norwell. Bass are still caught in the North River, and the herring would be running in the herring brooks if they were properly cleaned and herring runs provided.

The foregoing is the kind of a community that we live in at present, and our greatest concern should be what kind of a community will it become in the future. Will we preserve our natural resources at the same time we enjoy the accoutrements of industrial, cultural living? If we lose or destroy our natural resources, the cost of restoring will always be prohibitive if not impossible. The Town of Norwell is very fortunate from the environmental standpoint, having an excellent climate and approximately eight miles of river frontage on the North River which is a navigable estuary of largely tidal water to the Town boundary in Hanover. This navigable estuary is one of the few undeveloped marine potentials on the eastern seaboard in New England.

It is possible to contemplate future dredging in the marsh areas along the River that would result in considerable additional acreage of useable River frontage land and at the same time increase the marine area many, many times which would be of tremendous value to the Town of Norwell. This sort of development is not unknown and has been done in many other parts of the Country. In every case it has added tremendously to the cultural and economic resource of the area.

If the proper drainage program is carried out in the Town of Norwell, better control of the swamps can be established; and some of these areas would be restored to ponds which would be greatly beneficial to the Town environment.

Our human resources as well as our institutional and management needs should be carefully studied in relation to the size of our problems and our financial ability to insure a dynamic journey to the future that we should have the right to expect.

Your Town government will call upon you for advice, labor, money and, the most important of all, your vested interest in your own Town of Norwell.

Financial

The thirty-second accounting of the Florence M. Cushing Memorial Fund for the year ending August, 1960 was reported by the trustees under date of September 14, 1960. The report showed the principal amount of \$47,071.15. The income account for the year showed a balance in the amount of \$5,892.84. The trustees remitted to the Town the amount of \$2,680.00, which can be used by the Selectmen for unusual maintenance expenses for the Cushing Memorial Town Hall. The total amount available for the Selectmen to administer as of the first of January, 1961 is \$5,892.84. The Selectmen have not utilized this fund in any major maintenance expenditure this past year as we are expecting to be forced to make some major changes to the heating system at the Town Hall before long. It has been the thought to build up this available income fund to the point that possibly a major part of the cost of renovation to the heating system could be accomplished without the Town's appropriation of substantial funds.

The past year the Town has borrowed \$250,000.00 in anticipation of revenue to meet the Town's obligations.

In accordance with the recommendation of the Board of Selectmen last year the Town established a stabilization fund or sinking fund, instead of depending on the free cash of the Town to provide for capital expenditures. It is now planned to increase the stabilization fund from year to year in order to reduce the amount of money which will have to be borrowed for capital improvements. There will be an article placed in the 1961 Town Meeting Warrant for the funds to increase the stabilization fund account. The amount of money recommended for the stabilization fund for 1961 is \$35,000.

Roads

The Chapter 90 Program has continued for the reconstruction of Main Street, the completion of the surfacing as far as Dover Street and the continuation of the extension of drainage in Main Street at the cemetery and the post office area has been completed. Requests have been made to the State Department of Public Works and the County Commissioners for continuation of the Main Street project as a Chapter 90 financed construction.

We have continued to request Chapter 90 Funds for the resurfacing of Main Street from the Hanover-Norwell line to Prospect Street. The money for the Town's portion was voted in 1959, and we understand this year that the funds are available at a State level to do this work.

The State Department of Public Works is in the engineering phases of laying out the new Pond Street road, which will involve a minor amount of land-taking, the cost of which will have to be borne by the Town, and the Selectmen are presenting an article for the Town at the regular Town Meeting in March, to cover this authorization of cost.

The Board of Selectmen completed the procedure, resulting in the acceptance of a portion of Ridge Hill Road as a Town way, as voted in the 1960 Town Meeting.

The Board of Selectmen has continued their program of increasing the number of street lights in town, in order to improve the dangerous dark area in the travelled ways within the Town of Norwell.

Again this year the Board of Selectmen and the Highway Surveyor, the Water Commissioners and the Planning Board have met in connection with the various road problems, including Pond Street and the unrepaired road shoulders on River Street.

Due to the necessity of the Town to own its equipment for use by the Highway Department, it was necessary for the Selectmen to take bids and purchase two dump trucks and a pick-up truck for the Highway Surveyor and also a pick-up truck for the Tree Warden.

There is still a problem in Brantwood Manor on Brantwood Road, in connection with the drainage and the road surface which the Town Counsel has been negotiating with the former developers in this area, in order that the road and drainage can be put in proper condition, so the Town could be within the law in accepting the road in the area where the houses have been completed. Recently, the Town Counsel assured us that the developers have agreed to complete this work in a manner that will be satisfactory to the Highway Surveyor.

On April 28th the Selectmen accompanied the State Engineer and the Highway Surveyor on a tour of the Town, in order to analyze the best use of Chapter 81 funds for repairs and necessary drainage on those roads which were in most need of attention.

It is the opinion of the Board of Selectmen that our roads are deteriorating so fast that it will be necessary for the Town to appropriate a larger budget for the Town account in order to prevent, to some extent, the destruction of the roads which would eventually result in tremendous cost.

The drainage problems in Town continue to be a source of constant attention by the Board of Selectmen, the Highway Surveyor and the Drainage Committee, without much progress, be-

cause of the lack of funds to cope with the problem. The Drainage Committee is doing an excellent job, as far as its funds will allow, and it is the opinion of this Board that there should be a budgeted item each year, in order to do some of the most necessary work, in order to prevent our roads from deteriorating too rapidly due to water conditions which are not controlled.

Town Hall and Town Hall Annex

The Town's growing pains are being felt in no uncertain terms in the Town Hall. All the Town officials and their associates are making the best of a crowded situation, which does, nevertheless, affect the efficiency of the operations of the Town government.

It was the hope of the Selectmen that they might find a way to renovate the heating systems in the Town Hall, in order to reduce the maintenance cost, as well as the operating expense, and to eliminate the need for coal or coke in the basement, in order that these areas could be utilized for storage. The need for area to store supplies and records is very critical. The Board of Selectmen called in a heating engineer for recommendations and found that the cost to renovate the heating system would be in the vicinity of \$10,000. The Selectmen are still studying this situation and will make recommendations to the Town sometime during the year 1961, as to the possible solution.

The Board of Selectmen found it possible to provide a limited amount of driveway and blacktop walk areas at the Town Hall and the Annex, within the \$1,000 appropriation. The Selectmen also authorized the installation of a new heating system, which has been completed, in the Town Hall Annex, to replace the old heater which was dangerously near the point of failure and might have resulted in fire.

Committees

In accordance with the vote of the Town, the Board of Selectmen appointed a Personnel Study Committee; also a Committee was appointed, as instructed by the Town, to select a site and to study the type of building needed for storage of Town equipment.

Meetings and Elections

The year of the Presidential Election, as usual, provides the Board of Selectmen with an increased set of problems, inasmuch as they have, in addition to the Town Meeting and Town Election, two Primary elections and a State and Federal Election for which

to provide. There have also been three Special Town Meetings in addition to the regular March Meeting.

The cost of the Elections and the Meetings has been very heavy, particularly due to new legislation which has required a substantial increase in the number of election officials.

The Board of Selectmen set the dates of February 18, May 19, September 15 and December 8, at which time the so-called Quarterly Meetings were held to provide the opportunity for various Boards, appointed officials and committees to meet and discuss the common problems of the Town. These Meetings have been very fruitful in the opinion of those who have attended them.

The Selectmen have been represented at the General Court, the Governors' Conferences, the Selectmen's Association Meetings, at a series of meetings which were held at Bridgewater on a great variety of municipal problems.

The Board of Selectmen instituted a program of periodic tours of the Town in order to better understand the problems of roads, drainage and the possibility of future layouts, as well as street lighting and other traffic hazards; also to survey Town-owned property, observe the conditions of the gravel pits and places that were developing into junk yards, and similar problems.

The Board of Selectmen held approximately twenty-five hearings in the matter of administering the Town By-Law covering the removal of gravel, sand, loam and other natural deposits. These hearings were in addition to the many meetings and hours that had to be spent by the Board of Selectmen to develop the rules and regulations under which the Permits have been issued for the natural deposits removal project.

The Board of Selectmen has met for approximately 75 meetings which were scheduled public meetings and most of which were 4 to 5 hours in duration. This indicates that the workload that is developing in the Selectmen's office is certainly commensurate with the growing pains throughout the Town of Norwell.

General.

The Board of Selectmen has been very concerned with the problems of the Police Department during this past year and spent considerable time in investigating this problem before the Board recommended the employment of two additional full-time Police Officers, and an additional Police cruiser to provide the

transportation means of making these Police Officers effective. One man has already been appointed and is on the job and the second man will be appointed at an early date.

The Board of Selectmen has on its agenda at the present time the following items which are receiving their continued attention and will be followed up until they are properly resolved:

1. Veterans' Agent — resigned the day after regular Town Meeting in March and the Board of Selectmen have carried on this work to date, and are trying to develop a plan to resolve the problems contained in this area.

2. The Appeals Board granted a variance to the Dwyer interests to provide a Golf Course in the Grove Street area and the Board of Selectmen is negotiating the various phases of this project with the hope that it will mature to the great advantage of the Town of Norwell.

3. Go-Kart Track — The Board of Selectmen has recognized the recreational advantages of the Go-Kart Track for the younger people, and also for the Town of Norwell and has spent considerable time and effort trying to find a way to allow this activity to continue without its being a nuisance to the residents of the general area.

The Selectmen are following the general problem of South Shore transportation; also the matter of automobile insurance rates, and other matters which are of interest to the Town at the State level.

The General Court has finally passed a Bill to provide the necessary legislation and the Governor has signed said Bill to provide the necessary funds for the complete reconstruction of the Union Bridge under the authorization of the County Commissioners. The Bridge planking and the timbering on the walkways and roadway is still in very bad condition and the Town of Norwell, at the present time, has a suit on its hands in connection with injuries which were sustained by a party who fell through an open plank. It now seems that this project will be completed in the year 1961 and it will make it possible for the draw at this bridge to be opened and the upper reaches of the River utilized a great deal more extensively than may have been possible in the past. This should result in acceleration of the development of this natural resource and your Selectmen will take steps to make recommendations to the Town, and at State and Federal level to increase the Town of Norwell's enjoyment of one of the few navigable estuaries that is left on the eastern seaboard.

Recommendations

The Board of Selectmen is asking for money in their budget to carry out the numbering of the houses, which is now economically possible, by the use of the new Assessors' Maps.

The Board is also requesting additional money in their budget to pay for the necessary engineering to lay out certain streets in the Town of Norwell, in order that they may be presented to the Town for its consideration, according to the necessary legal steps of hearings and articles in the Town Warrant. The Selectmen are asking for the necessary funds to employ outside consultants to study the problem of Town government in the complete broad aspects of efficient management, in order that the program may be presented to the Town for its consideration. Possibly the best way to illustrate the changes in Town Government that are necessary, is to observe that the total receipts of the Town in 1947 were in the vicinity of \$220,000 and in 1959 were \$1,500,000. The amount raised by taxation in 1947 was approximately \$123,000 on \$2,500,000 worth of Real Estate: in 1959 the Assessors had to raise approximately \$700,000 on approximately \$10,000,000 worth of Real Estate.

The Board of Selectmen feels that it is imperative that the elected officials and the taxpayers of the Town of Norwell have a complete and clear understanding of the basic problems and be able to provide the efficient management needed to meet the problems.

G. HERBERT REPASS, *Chairman*

EARLE F. ALLEN, *Clerk*

Resignations — 1960

January 11, 1960

Mrs. Nellie L. Sparrell
Norwell, Mass.

Dear Mrs. Sparrell,

With much regret but with the feeling that both the Town and my business in Boston will be better served, I hereby tender my resignation as a member of the General School Building Committee.

Very truly yours,

/s/ ROBERT M. GOODE

Stetson Road, Norwell, Mass.
February 10, 1960

(Copy)

Chief Warren Merritt
Board of Fire Engineers
Norwell Fire Dept.
Norwell, Mass.

Dear Sir:

Please be advised that effective this date I wish to submit my resignation as a member of the Board of Fire Engineers. Frequent business trips make it impossible to attend all meetings or to devote the necessary time to meet the obligations required of an active Board Member.

It has been a pleasure to serve with you during the past years and I wish both you and the members the best of success in the administration of the Department.

Very truly yours,

/s/ F. W. FALCONER

Main Street
March 8, 1960

Selectmen
Norwell, Mass.

Gentlemen:

Last September when you requested me to take the position of Veterans' Agent for the Town, I agreed to do so until the Annual Town Meeting without a salary and to continue the position if a reasonable salary was voted by the Town.

Therefore according to our agreement, I hereby submit my resignation to you, effective this date.

Very truly yours,

/s/ MATTHIAS W. BENNER

March 17, 1960.

Mr. Herbert Repass
Norwell, Mass.

Dear Herb:

I talked to Henry Abrahams the other night and told him I would have to resign my duties on the Development and Industrial Committee. Since I am now a weekend commuter to Norwell from New York, it doesn't seem reasonable for me to serve.

May I again thank you for giving me the opportunity to be on your committee and I wish you every success in this important work.

Sincerely,

/s/ HERB LYALL

June 14, 1960

Mrs. Sparrell,

Please accept my resignation as a member of the Study and Building Committee of Town Equipment.

My file of correspondence was given to Mr. E. Allen on June 10th, 1960.

Yours truly,

/s/ JOHN G. MARLAND

May 13, 1960

Dear Madam:

At the request of the Chairman of the Board of Selectmen, I have consented to serve as a member of the Advisory Board of the Town. At present I am a member of the Permanent Drainage Committee of the Town. I am advised by the Selectmen that I must resign from the Drainage Committee. Therefore, at this time I do resign from the Permanent Drainage Committee. I tender this resignation, reluctantly, for my brief tenure with the Drainage Committee has been a pleasant one. I have greatly enjoyed associating with the good and friendly men on that committee, as considered the several interesting problems which came before us.

Respectfully submitted,

/s/ STERLING MYRICK

TOWN OF NORWELL**Commonwealth of Massachusetts**

WARRANT FOR SPECIAL TOWN MEETING**Tuesday, February 23, 1960, at seven thirty o'clock in the
afternoon at Cushing Memorial Town Hall**

Plymouth, ss.

To either of the Constables of the Town of Norwell, in said
County of Plymouth and Commonwealth of Massachusetts:

GREETINGS:

In the name of the Commonwealth of Massachusetts, you are
hereby directed to notify and warn the inhabitants of the Town of
Norwell qualified to vote in elections and Town affairs to meet
at the Cushing Memorial Town Hall in said Norwell, on Tuesday,
the twenty third day of February, 1960 at 7:30 p.m., then and
there to act upon the following articles, to wit:

Article 1. To see if the Town will vote to raise and appro-
priate or appropriate from available funds the sum of Fifty Thou-
sand Dollars or any other sum to be expended under the direction
of the General School Building Committee, appointed pursuant to
Article One of the Special Town Meeting of September 21, 1959,
for the purpose of obtaining final plans and specifications for
additions and the conversion of the present High School Building
into a Junior-Senior High, or act on anything relative thereto.

Article 2. To see if the Town will vote to raise and appro-
priate or appropriate from available funds the sum of Fifty Thou-
sand Dollars or any other sum to be expended under the direction
of the General School Building Committee, appointed pursuant to
Article One of the Special Town Meeting of September 21, 1959,
for the purpose of obtaining final plans and specifications for the
construction of a Senior High School Building, or act anything
relative thereto.

Article 3. To see if the Town will appropriate from avail-
able funds the sum of One Thousand Dollars or some other sum
or sums of money for the purpose of providing additional funds
for Veterans' Benefits, or act on anything relative thereto.

G. HERBERT REPASS, *Chairman*
EARLE F. ALLEN
CHARLES H. WHITING
Board of Selectmen

A true copy: Attest

George Cavanagh

Constable of Norwell

Feb. 11, 1960.

I certify that I have this day posted ten warrants according to vote of the Town and make this my return.

GEORGE F. CAVANAGH,

Constable, Town of Norwell

SPECIAL TOWN MEETING

February 23, 1960

Pursuant to the foregoing Warrant, issued by the Selectmen of Norwell and executed by a duly appointed and qualified Constable of the Town, at which a quorum was present, the following action was taken:

The Moderator called the meeting to order at 7:40 p.m., with 212 voters present.

The Town Clerk read that part of the Warrant which called the meeting and the return of service by the Constable and made a motion to delay reading of the articles therein, until each was taken up for action. This motion was seconded and so voted.

Motion made, seconded and voted to admit, with the privilege of the floor, Clifton E. Bradley, Superintendent of Schools and Frederick A. Small, Principal of the High School and Assistant Superintendent of Schools.

The Moderator appointed James F. Barron, Jr., Frank L. Sweetser, Richard Messinger and Thomas W. Grazioso, tellers and swore in same.

Article 1. David W. Turner, of the School Building Committee, made the motion which was seconded "That the Town raise and appropriate the sum of Fifty Thousand dollars to be expended under the direction of the General School Building Committee, appointed pursuant to Article 1 of the Special Town

Meeting of September 21, 1959, for the purpose of obtaining final plans and specifications for additions and conversion of the present High School Building into a Junior-Senior High." Mr. Rimmer, Chairman of the General School Building Committee, explained the cost of such procedure, carefully pointing out the fact that the building if so altered, could not be added to in the future and expressed the hope the motion would not prevail.

The motion was unanimously defeated.

Article 2. Mr. David Turner, of the General School Building Committee, made a motion, which was seconded, "to raise and appropriate the sum of Fifty Thousand Dollars to be expended under the direction of the General School Building Committee, appointed pursuant to Article One of the Special Town Meeting of September 21, 1959, for the purpose of obtaining final plans and specifications for the construction of a Senior High School Building."

After detailed explanation of the proposed plans by Mr. Rimmer, the motion was voted by voice vote.

At this point, Gunvor N. Armstrong, a member of the Norwell School Committee, made this motion, "I move that the voters of Norwell at this Town Meeting go on record as publicly thanking this High School Building Committee and all the previous High School building committees for giving so much of their time and their effort and their patience toward the goal of providing adequate school housing for Norwell youth."

This motion was seconded and unanimously voted, with applause.

Article 3. Veterans' Agent, Mathias W. Benner, made a motion "to appropriate from Available Funds, the sum of Twenty-five Hundred Dollars for the purpose of providing additional funds for Veterans' Benefits." This motion was seconded and voted by voice vote.

The Building Committee presented a set of six instructions relative to extra facilities for the High School, above those planned by the Committee, which, if voted, would be incorporated in the plans.

No. 1. The General School Building Committee is instructed to increase the seating capacity in the gymnasium from 400 to 800 and to provide seats for 600. Estimated cost for change in seating capacity—\$29,500. A motion to increase the seating capacity in

the gymnasium from 400 to 800 and to provide seats for 600, estimated cost \$29,500 was made, seconded and voted by a vote of 138 yes, 86 no.

No. 2. A motion was made and seconded, "that the committee obtain plans and bids for Four Doubles Tennis Courts, with provisions for skating and located on two parking areas at estimated cost of \$22,000." It was voted to postpone indefinitely.

No. 3. A motion "to obtain plans and bids on an Interior-Exterior Golf Instructions—Practice range at estimated cost of \$8,000" was seconded, but voted to postpone indefinitely.

No. 4. A motion "to obtain plans and bids on Advanced Educational Aids selected by the School Department, at an estimated cost of \$21,000" was unanimously voted.

No. 5. A motion "to obtain plans and bids for expanding proposed athletic fields to provide for individual none-interfering baseball, softball, soccer, field hockey and track areas by

- a. Expansion of proposed four acres to seven acres and using existing baseball field for High School baseball at estimated cost of \$30,000" was seconded but defeated by voice vote.
- b. A motion for expansion of proposed four acres to nine acres excluding any use of existing areas for High School sports. at estimated cost of \$51,000" was seconded but voted to indefinitely postpone.

All the Articles of the Warrant having been acted upon, the meeting was adjourned at 9:50 p.m.

NELLIE L. SPARRELL,

Town Clerk.

TOWN OF NORWELL**Commonwealth of Massachusetts****WARRANT FOR ANNUAL TOWN MEETING****Monday, March 7, 1960 at seven-thirty o'clock in the afternoon****At Cushing Memorial Hall****and Saturday, March 12, 1960 at 12 Noon****At the Center Elementary School****For the Election of Town Officials**

Plymouth, ss.

To either of the Constables of the Town of Norwell, in said County of Plymouth and Commonwealth of Massachusetts.

GREETINGS:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Norwell, qualified to vote in elections and Town affairs to meet at the Cushing Memorial Town Hall in said Norwell, on Monday, the seventh day of March 1960 at 7:30 p.m., then and there to act upon the following articles, to wit:

Article 1. To see if the Town will accept the reports of its officers and committees as printed in the Town Report, or act on anything relative thereto.

Article 2. To see what sums the Town will raise and appropriate or appropriate from available funds to pay Town debts, expenses and charges including debt and interest for the ensuing year and to fix the salary and compensation of all elective officers of the Town, effective from January 1, 1960, as provided by Section 108 of Chapter 41 of the General Laws, as amended, and to provide for a reserve fund, and raise and appropriate the same for the following: Moderator, Selectmen's Department, Town Meetings and Elections, Town Accountant, Treasurer, Tax Title Account, Town Collector, Assessors' Department, Town Counsel, Town Clerk, Registrations and Listings, Board of Appeals, Planning Board, Development and Industrial Commission, Town Hall and Annex, Police Department, Dog Officer, Fire Department, Forest Fire Patrol, Civil Defense, Emergency Communications Center, Sealer of Weights and Measures, Tree Warden and Moth Superintendent, Moth Department, Dutch

Elm Disease, Elm Tree Beetle, Tent Caterpillar, Tree Maintenance, Squares and Triangles, Mowing Bushes, Board of Health, Inspector of Animals, School Nurse, School Dentist, Dental Hygienist, School Physician, Town Dump, Mosquito Control, Highway Surveyor, Highways—Town Account, Chapter 81, Chapter 90, Signs and Road Markings, Snow Removal and Sanding—Street Lights, Welfare, Public Welfare, Old Age Assistance, Aid to Dependent Children, Disability Assistance, Veterans' Benefits, School Department, Out-of-State Travel, Vocational Training, Practical Arts—Adults, Libraries, Water Department, Cemeteries, Maturing Debt and Interest, Anticipation of Revenue Loans, Aid to Agriculture, Workmen's Compensation, Plymouth County Retirement, Pensions and Annuities, Reserve Fund, Town Reports and Budgets, Memorial Day, and Recreation Commission, or act on anything relative thereto.

Article 3. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1961, and to issue a note or notes therefor, payable within one year in accordance with General Laws, Chapter 44, Section 4, as amended, and to renew any note or notes as may be given for less than one year in accordance with General Laws, Chapter 44, Section 17, as amended, or act on anything relative thereto.

Article 4. To see if the Town will vote to appropriate the sum of \$13,750, or any other sum from available funds in anticipation of repayment by the Commonwealth of Massachusetts, for Chapter 81 work on the highways, or act on anything relative thereto.

Requested by the Board of Selectmen.

Article 5. To see if the Town will vote to appropriate the sum of \$15,000, or any other sum, from available funds in anticipation of repayment by the Commonwealth of Massachusetts and the County of Plymouth, for Chapter 90 work on East Main Street, or act on anything relative thereto.

Requested by the Board of Selectmen.

Article 6. To see if the Town will vote to establish a Personnel Study Committee, to be appointed by the Selectmen, to study and recommend to the Town at the next Annual Meeting a by-law for a job classification and salary or wage plan to cover all employees except School Department and elected Town Officials. (See Section 108A, Chapter 41.)

Requested by the Board of Selectmen.

Article 7. To see if the Town will vote to accept a portion of Ridge Hill Road as a Town way, as laid out by the Selectmen in accordance with the description and plan presented at a hearing in the Cushing Memorial Town Hall and now on file at the Town Clerk's office, or act on anything relative thereto.

Requested by the Board of Selectmen.

Article 8. To see if the Town will vote that the By-Laws Committee, as previously established under Article 27 of the 1959 Annual Town Meeting and as presently constituted, be continued for one year and authorized to prepare and submit to the Town, at a future Town Meeting, a revised set of Town By-Laws, excluding the Zoning By-Law, or act on anything relative thereto.

Requested by the By-Law Committee.

Article 9. To see if the Town will vote to change the name of Cedar Street, Norwell, from Summer Street to the Scituate line, to First Parish Road, or act on anything relative thereto.

Requested by: Roger R. Noble, Joan G. Noble, Alice Temple Hyslop, Thomas A. Hyslop, Mary Bodine, Paul Briggs, James E. Dolan, Percy W. Litchfield, Ethel Litchfield, Herbert W. Apts.

Article 10. To see if the Town will raise and appropriate or appropriate from available funds the sum of \$350 for the purpose of surveying the Town dump land on Pine Street, or act on anything relative thereto.

Requested by the Board of Health.

Article 11. To see if the Town will raise and appropriate or appropriate from available funds the sum of \$6,716 for the purchase of three second-hand trucks for use by the highway department, or act on anything relative thereto.

Requested by the Board of Selectmen.

Article 12. To see if the Town will vote to raise and appropriate or appropriate from available funds the sum of \$12,000 for the purchase of 3 new trucks for use by the highway department, or act on anything relative thereto.

Requested by the Highway Surveyor.

Article 13. To see if the Town will raise and appropriate the sum of \$1,950 for the purchase of a half-ton pickup truck for use by the Tree Warden and Moth Superintendent for use in connection with his departments, or act on anything relative thereto.

Requested by the Tree Warden and Moth Superintendent.

Article 14. To hear the report and recommendations of the Planning Board which, under Article 28 at the Annual Town Meeting of 1954, was requested to work out a plan for storage of supplies and materials (including sand) of the Water Department, the Tree Warden and the Highway Surveyor, and to study the advisability of setting up a full-time highway department, or act on anything relative thereto.

Requested by the Planning Board.

Article 15. To see if the Town will vote to instruct the Selectmen to appoint a committee of five to select an appropriate site and to study the type of building needed for the storage of Town equipment, one to be from the Planning Board, the Highway Surveyor, the Tree Warden and two to be picked by the Selectmen and raise and appropriate the sum of \$500 to be used by the committee to secure preliminary plans, said preliminary plans to be presented at a Special Town Meeting or not later than the next Annual Town Meeting, or act on anything relative thereto.

Requested by the Planning Board.

Article 16. To see if the Town will raise and appropriate or appropriate from available funds the sum of \$2,100 for installation of drainage on Green Street, or act on anything relative thereto.

Requested by the Highway Surveyor.

Article 17. To see if the Town will vote to raise and appropriate or appropriate from available funds the sum of \$559.10, or some other sum or sums of money, in anticipation of repayment by the Commonwealth of Massachusetts of 50 per cent thereof, for unpaid medical and hospital bills for veterans now receiving veterans' aid from the Town; said bills having been accumulated by said veterans over a period of 3 years prior to January 1, 1960, or act on anything relative thereto.

Dr. Carl L. Catani	\$200.00
Dr. R. O. Gilmore	25.00
N.E. Deaconess Hospital	334.10

Requested by the Veterans' Agent.

Article 18. To see if the Town will vote to raise and appropriate or appropriate from available funds the sum of \$320.00 or some other sum or sums of money for unpaid school dentist's bills accumulated in November and December of 1959, or act on anything relative thereto.

Donald C. MacLeod, D.M.D.	\$320.00
---------------------------	----------

Requested by the Board of Health.

Article 19. To see if the Town will vote to authorize the Town Accountant to close out the unexpended balances of the following appropriations, the purposes of which have been completed, or act on anything relative thereto:

1959 Summary Financial Statement	\$85.62
1959 Emergency Communications Center	226.32
1956 Highways—Central Street	107.23
1958 Highways—Doris Ave., Easterly Section and Leigh Road	.40
1952 Highways—Doris Ave., Westerly End	21.03
1952 Highways—Doris Ave., Easterly End	107.90
1952 Highways—Leigh Road	101.42
1955 Highways—Leigh Road—Drainage	373.50
1956 Highways—Entrances; Franklin, Gerard, Wilder Roads	119.30
1955 Highways—Old Meeting House Lane	28.10
1959 Highways—Walnut Road	.91
1955 Highways—Washington Park	186.57
1958 High School Planning and Building Committee	1,807.58
1959 High School Planning and Building Committee	38,800.00
1954 Water Department—Test Well Development	42.97
1959 Washington Street Cemetery—Lawn Mower	20.10
	<hr/>
	\$42,028.95

Requested by the Town Accountant.

Article 20. To see if the Town will vote to appropriate the sum of \$5,000, said sum to be added to the Developing Well or Well Fields Account and to be spent to test for stratum formations and producing capacities and to conduct quality and quantity tests on potential well or water source sites, and to meet such appropriation by raising and appropriating from the tax levy of 1960 the sum of \$5,000, or any other sum, or by appropriating from available funds in the treasury, or act on anything relative thereto.

Requested by the Board of Water Commissioners.

Article 21. To see if the Town will vote to appropriate the sum of \$28,000 to install water mains of not less than six inches, but less than sixteen inches in diameter in Central Street from a point at the end of the existing main in Central Street near Norwell Center to the junction of Central Street, Norwell avenue and Old Oaken Bucket Road, and to meet such appropriation by raising and appropriating from the tax levy of 1960, or by appropriating from available funds in the treasury, or act on anything relative thereto.

Requested by the Board of Water Commissioners.

Article 22. To see if the Town will vote to authorize the Board of Assessors to expend from the monies voted under Article 17 at the March, 1959 meeting to cover payments to the members or a particular member, at the customary rate of \$16 per day, for necessary time; and for necessary clerk hire to assist outside valuation consultants to complete the revaluation program of the Town as voted under said Article 17 including completion and compilation of records partially completed from data obtained from the now bankrupt National Associates, Inc., such records being necessary for the equitable valuation of real and personal property as voted under said Article 17, or act on anything relative thereto.

Requested by the Board of Assessors.

Article 23. To see if the Town will vote by printed ballot to accept the provisions of Sections sixteen through sixteen I, inclusive, of Chapter seventy one of the General Laws, providing for the establishment of a regional vocational school district, together with the Towns of Abington, Cohasset, Hanover, Rockland and Scituate, and the construction, maintenance and operation of a regional vocational school by the said district in accordance with the provisions of the proposed agreement filed with the Selectmen.

Requested by the Regional Vocational School District Planning Committee.

Article 24. To see if the Town will vote to raise and appropriate or appropriate from available funds the sum of \$5,000 for the use of the regional vocational school district committee, or take any other action relative thereto.

Requested by the Regional Vocational School District Planning Committee.

Article 25. To see if the Town will vote to raise and appropriate or appropriate from available funds the sum of \$110,000 to establish a Stabilization Fund under the provisions of General Laws (Ter. Ed.) Chapter 40, Section 5B, as amended, or act on anything relative thereto.

Requested by the Board of Selectmen.

Article 26. To see if the Town will vote to appropriate \$1,000,000 or any other sum for the construction, original equipment and furnishing of a senior high school building on a site composed in part of a portion of the present high school grounds and in part of the lands acquired for said purpose in 1959, to determine how the same shall be raised, whether by taxation,

by appropriation of \$100,000 or any other sum from the Stabilization Fund or other available funds or borrowing under Chapter 645 of the Acts of 1948 as amended or otherwise, or any combination of the foregoing, and to consider the disposition of the construction grant to be received in the year in which construction commences pursuant to Chapter 591 of the Acts of 1959.

Requested by the Board of Selectmen.

Article 27. To see if the Town will vote to raise and appropriate or appropriate from available funds the sum of \$1,000 for blacktop surfacing a portion of the parking area and walks at the Town Hall and Annex, or act on anything relative thereto.

Requested by the Board of Selectmen.

Article 28. To see if the Town will vote to raise and appropriate or appropriate from available funds the sum of \$1,250 for replacing the heating system in the Town Hall Annex, or act on anything relative thereto.

Requested by the Board of Selectmen.

Article 29. To see if the Town will vote to accept General Laws (Ter. Ed.) Chapter 139, Sections 1, 2, and 3, as amended, in order to provide the Selectmen with legal authority to abate certain nuisances, or act on anything relative thereto.

Requested by the Board of Selectmen.

Article 30. To see if, on recommendation of the Board of Fire Engineers, acting under General Laws (Ter. Ed.) Chapter 41, Section 100, as amended, the Town will vote to raise and appropriate or appropriate from available funds the sum of \$2,000 to be paid to Arthur Tolman as compensation for impairment of earning capacity as well as for pain and suffering brought about by injuries received in the course of duty as a call fireman, or act on anything relative thereto.

Requested by the Board of Fire Engineers.

Article 31. To see if the Town will vote to appropriate the 1959 Dog Tax Refund to the School Department Operation Account, or act on anything relative thereto.

Article 32. To see if the Town will give instructions to its elected Town Officers.

SALE OF FISH RIGHTS

Subsequent Meeting for the Election of Officers

SATURDAY, MARCH 12, 1960

Polls Open 12:00 Noon to 8:00 p.m.

And you are further directed to notify all legal voters to assemble at the Center Elementary School, Main Street, on Saturday, March 12, 1960, during the polling hours, then and there to act upon the following article:

Article 33. To bring to the Election Officers, their votes, all on one ballot for the following-named officers, to wit: One Selectman for three years, one Assessor for three years, one Member of the Board of Public Welfare for three years, Town Treasurer for one year, Town Clerk for three years, Moderator, Highway Surveyor and Tree Warden for one year, two members of the School Committee, one Member of the Board of Health one Member of the Board of Water Commissioners, one Trustee of the William J. Leonard Memorial Library, for three years, and one Member of the Planning Board for five years.

You are hereby required to notify and warn said inhabitants of Norwell qualified to vote in Town affairs, in case all the articles in the foregoing Warrant shall not be acted upon at the meeting called for the seventh day of March to meet in adjourned session at the Cushing Memorial Town Hall

TUESDAY, THE EIGHTH DAY OF MARCH, 1960 AT
SEVEN-THIRTY O'CLOCK IN
THE AFTERNOON

and each subsequent weekday at seven-thirty o'clock in the afternoon, then and there to act upon such of the foregoing articles as shall not have been acted upon on March 7, 1960, or act upon such other articles in said Warrant as the meeting may deem advisable.

You are directed to serve this Warrant by posting a copy thereof, attested to by you in writing, at each of five public places in the Town seven days at least before the time for holding the meeting called for in the Warrant. Hereof fail not, and make due return of this Warrant with your doings thereon to the Town Clerk of said Town on or before the seventh day of March, 1960. Given under our hands at Norwell this fifteenth day of February in the year of our Lord 1960.

(Signed)

G. HERBERT REPASS, *Chairman*
EARLE F. ALLEN, *Clerk*
CHARLES H. WHITING

A true copy Attest

I certify that I have this day posted ten warrants according to a vote of the town and make this my return.

GEORGE F. CAVANAGH, /s/
Constable, Town of Norwell.

ANNUAL TOWN MEETING

March 7, 1960

Pursuant to the foregoing Warrant, issued by the Selectmen of Norwell and executed by a duly appointed and qualified Constable of the Town, at which a quorum was present, the voters met and took the following action:

The meeting was called to order by the Moderator at 7:40 p.m. with 209 voters present. It was announced that the Explorer's Club and non-registered property owners of the Town would be admitted as spectators, unless there was objection raised. No objection being raised, they were admitted and seated in the balcony seats nearest the street.

The Moderator appointed Harry L. Chase, Jr., Clinton MacCoy, James P. Hall, Harold Dutton, Minna R. Senger, Rosalind Whittemore to serve as tellers and swore in same.

The Town Clerk read that part of the Warrant which called the meeting, also the return of same was made by the constable at the time of its execution, and made a motion which was seconded and voted, "that the reading of the several articles be at the time action was to be taken on each."

Article 1. It was moved, seconded and voted "that the Town accept the reports of its officers and committees as printed in the town report."

Article 2. Motion made, seconded and voted that the Town raise and appropriate the sums of money, as indicated in the "recommended column" of the "Transcript of Articles in the Warrant and Budget for 1960" for the Town of Norwell and the purpose as noted of all items in Article 2, excepting items 17, 25, 45, 67, 80, 83, 98, 103, 106, 141, and that the Town fix the "per diem" compensation at the rate of \$16.00 under Items 9, Selectmen, inspections and extra days; under Item 113—Water Commissioners—Supervision, and that the Town fix the salary and compensation of all elective officers of the Town, effective as of January 1, 1960, to wit:

No. 17. Motion was made, seconded and voted that the Town raise and appropriate the sum of \$200. for clerical assistance for the Town Treasurer.

No. 25. Motion made, seconded and voted that the "per diem" for extra days of Assessors be set at \$16.00.

No. 45. Motion made, seconded and voted that the Town raise and appropriate for salary of regular police officer the sum of \$4,700.00 per year.

No. 67. Motion made, seconded and voted that the Town raise and appropriate the sum of \$300. for salary of the members (2) of the Board of Health.

No. 80. Motion made, seconded and voted to raise and appropriate the sum of \$6,375. for expenses of Chapter 81—Highways.

No. 83. Motion made, seconded and voted to raise and appropriate the sum of \$12,000. and appropriate from Excess and Deficiency the sum of \$6,000. for expenses of snow removal and sanding, Highway Department.

No. 98. Motion made, seconded to raise and appropriate the sum of \$200. for Veterans' Agent's salary. This motion failed to carry.

No. 103. Motion made, seconded and voted to raise and appropriate the sum of \$27,397.53 for operation, School.

No. 106. Motion made, seconded and voted to raise and appropriate the sum of \$150. for Out-of-State Travel, School.

No. 141. Motion made, seconded and voted to appropriate the sum of \$2,500. from the overlay surplus and raise and appropriate the sum of \$7,500. to the Reserve Fund.

Article 3. The motion was made, seconded and voted to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1961, and to issue a note or notes therefor, payable within one year in accordance with General Laws, Chapter 44, Section 4, as amended, and to renew any note or notes as may be given for less than one year in accordance with General Laws, Chapter 44, Section 17, as amended.

Article 4. It was moved, seconded and voted to appropriate the sum of \$14,025. from the Excess and Deficiency Account in anticipation of repayment by the Commonwealth of Massachusetts, for Chapter 81 work on the highways.

Article 5. It was moved, seconded and voted to appropriate the sum of \$15,000 from the Excess and Deficiency fund in anticipation of repayment by the Commonwealth of Massachusetts and the County of Plymouth, for Chapter 90 work on East Main Street.

Article 6. It was moved, seconded and voted to establish a Personnel Study Committee, to be appointed by the Selectmen, to study and recommend to the Town at the next Annual Meeting a by-law for a job classification and salary or wage plan to cover all employees except School Department and elected Town Officials.

Article 7. It was moved, seconded and voted to accept a portion of Ridge Hill Road as a town way, as laid out by the Selectmen in accordance with the description and plan presented at a hearing in the Cushing Memorial Town Hall and now on file at the Town Clerk's office.

Article 8. A motion made, seconded and voted that the By-Law Committee, as previously established under Article 27 of the 1959 Annual Town Meeting and as presently constituted, be continued for one year and authorized to prepare and submit to the Town, at a future Town Meeting, a revised set of Town By-Laws, excluding the Zoning By-Law.

Article 9. A motion was made, seconded and voted to change the name of Cedar Street, Norwell, from Summer Street to the Scituate line to "First Parish Road."

Article 10. A motion was made, seconded and voted to raise and appropriate the sum of \$350.00 for the purpose of surveying the Town dump land on Pine Street.

Article 11. A motion made and seconded to raise and appropriate the sum of \$6,716 for the purchase of three second-hand trucks for use by the highway department, failed to carry.

Article 12. A motion was made, seconded and voted to amend Article 12 to read "raise and appropriate \$6,000 and appropriate \$6,000 from available funds." Motion made, seconded and voted to raise and appropriate \$6,000 and transfer \$6,000 from available funds (total \$12,000) for the purchase of 3 new trucks for use by the highway department.

Article 13. Motion made, seconded and voted to raise and appropriate the sum of \$1,950 for the purchase of a half-ton pick-up truck for use by the Tree Warden and Moth Superintendent for use in connection with his departments.

Article 14. A motion was made, seconded and voted to accept the Report and Recommendation of the Planning Board, to wit:

“Regarding a public works supervisor; at some future date it might be advantageous in the interests of efficiency and economy to have a public works department, but at present we recommend that the Town continue with a Highway Surveyor and a Tree Warden.

“We recommend that the Town acquire an adequate amount of land for the storage of equipment of all departments that may require storage space and suitable for the erection of a garage and shed space.

“We recommend that Town-owned land, particularly land now partially used by the Town Dump be given careful consideration as a suitable location. We do not recommend the River, Dover and West Street location, this being inadequate in area. We recommend that any site chosen be shielded from view from the highway as much as possible. Materials used by the Water Department can best be stored on land under the control of the Water Department, but we recommend that provision be made for trucks and mobile equipment of the Water Department to be stored with other Town mobile equipment.

“It is the opinion of the Planning Board that the actual location, the size and the type of building can best be worked out by a special committee. Therefore, we recommend that a committee of five be appointed by the Selectmen, one to be the Highway Surveyor, one the Tree Warden, one from the Planning Board and two other persons,—not elected Town officials—qualified to serve.

Respectfully submitted,

RALPH H. COLEMAN, *Chairman*
GEORGE E. JOSEPH
JOSEPH P. PARADIS
FREDERICK C. TRUELOVE
GILMAN O. WALES

Planning Board, Town of Norwell.”

Article 15. A motion was made, seconded and voted to instruct the Selectmen to appoint a committee of five to select an appropriate site and to study the type of building needed for the storage of Town equipment, one to be from the Planning Board, the Highway Surveyor, the Tree Warden and two to be picked by the Selectmen and raise and appropriate the sum of \$100 to be

used by the committee to secure preliminary plans, said preliminary plans to be presented at a Special Town Meeting or not later than the next Annual Town Meeting.

Article 16. A motion was made, seconded and voted to raise and appropriate the sum of \$2,100 for installation of drainage on Green Street.

Article 17. A motion was made, seconded and unanimously voted to raise and appropriate the sum of \$449.10 in anticipation of repayment by the Commonwealth of Massachusetts of 50 per cent thereof, for unpaid medical and hospital bills for veterans now receiving veterans' aid from the Town; said bills having been accumulated by said veterans over a period of 3 years prior to January 1, 1960.

Dr. Carl L. Catani	\$200.00
Dr. R. O. Gilmore	25.00
N. E. Deaconess Hospital	334.10

Article 18. A motion was made, seconded and unanimously voted to raise and appropriate the sum of \$320.00 for unpaid school dentist's bills, accumulated in November and December of 1959.

Donald C. MacLeod, D.M.D.	\$320.00
---------------------------	----------

Article 19. Motion made, seconded and voted to authorize the Town Accountant to close out the unexpended balances of the following appropriations, the purpose of which have been completed:

1959 Summary Financial Statement	\$85.62
1959 Emergency Communications Center	226.32
1956 Highways—Central Street	107.23
1959 Highways—Doris Ave., Easterly Section and Leigh Road	.40
1952 Highways—Doris Ave., Westerly End	21.03
1952 Highways—Doris Ave., Easterly End	107.90
1952 Highways—Leigh Road	101.42
1955 Highways—Leigh Road—Drainage	373.50
1956 Highways—Entrances; Franklin, Gerard, Wilder Roads	119.30
1955 Highways—Old Meeting House Lane	28.10
1959 Highways—Walnut Road	.91
1955 Highways—Washington Park	186.57
1958 High School Planning and Building Committee	1,807.58
1959 High School Planning and Building Committee	38,800.00
1954 Water Department—Test Well Development	42.97
1959 Washington Street Cemetery—Lawn Mower	20.10
	<hr/> \$42,028.95

Article 20. A motion was made, seconded and voted to raise and appropriate the sum of \$5,000 to be added to the Developing Well or Well Fields Account and to be spent to test for stratum formation and producing capacities and to conduct quality and quantity tests on potential well or water source sites, and to meet such appropriation by raising and appropriating the sum of \$5,000.

Article 21. Motion made, seconded and voted to indefinitely postpone action on Article 21.

Article 22. Motion made, seconded and voted to authorize the Board of Assessors to expend from the monies voted under Article 17 at the March, 1959 meeting to cover payments to the members or a particular member, at the customary rate of \$16 per day, for necessary time; and for necessary clerk hire to assist outside valuation consultants to complete the revaluation program of the Town as voted under Article 17 including the completion and compilation of records partially completed from data obtained from the now bankrupt National Associates, Inc., such records being necessary for the equitable valuation of real and personal property as voted under said Article 17.

Voting on Article 23 by printed ballot took place at this time.

Article 24. Motion was made, seconded and voted that action on Article 24 be postponed until the vote is completed on Article 23.

Article 25. A motion was made, seconded and unanimously voted that the sum of \$110,000 is appropriated for the establishment of a Stabilization Fund under the provisions of General Laws (Ter. Ed.) Chapter 40, Sec. 5B, as amended, that to meet the foregoing appropriation the sum of \$75,000 be raised from the tax levy of 1960, and the sum of \$35,000 is appropriated by transfer from available funds in the Treasury.

Article 26. A motion was made, seconded and unanimously voted that the sum of ONE MILLION FIFTEEN THOUSAND FIVE HUNDRED DOLLARS (\$1,015,500) is appropriated for the construction, original equipment and furnishing of a senior high school building, on a site composed in part of a portion of the present high school grounds, and in part of the lands acquired for said purpose in 1959; that to meet the foregoing appropriation the sum of \$9,117.78 is appropriated by transfer of the balance of funds appropriated for an addition to the Main Street Elementary School under Article 1 of the Special Town Meeting of January 27, 1958, the sum of \$1,644.42 is appropriated by transfer of the balance remaining in the Postwar Rehabilitation Fund, the sum of \$4,737.80 is appropriated by transfer from the Excess and

Deficiency Account, the sum of \$100,000 is appropriated by transfer from the Stabilization Fund, and the Treasurer with the approval of the Selectmen is authorized to issue \$900,000 bonds or notes of the Town pursuant to Chapter 645 of the Acts of 1948 as amended; and that the grant to be received in the year in which construction commences pursuant to Chapter 591 of the Acts of 1959 shall be applied to the cost of the project in lieu of the proceeds of bonds or notes or shall be used to pay bonds or notes issued to finance the project.

Article 27. A motion was made, seconded and voted to raise and appropriate the sum of \$1,000 for blacktop surfacing a portion of the parking area and walks at the Town Hall and Annex.

Article 28. A motion was made, seconded and voted to raise and appropriate the sum of \$1,250 for replacing the heating system in the Town Hall Annex.

Article 29. A motion was made, seconded and voted 122 for, 54 against, to accept General Laws (Ter. Ed.) Chapter 139 sections 1, 2 and 3, as amended, in order to provide the Selectmen with legal authority to abate certain nuisances.

Mr. Dutton moved to extend to Orville Devine a rising vote of thanks for the devoted work he has given to this town.

Article 30. A motion made, seconded and voted under General Laws, (Ter. Ed.) Chapter 41, Section 100, as amended, to raise and appropriate the sum of \$2,000 to be paid to Arthur Tolman as compensation for impairment of earning capacity as well as for pain and suffering brought about by injuries received in the course of duty as a call fireman.

Article 31. A motion was made, seconded and unanimously voted to appropriate the 1959 Dog Tax Refund in the amount of \$1,050.47, to the School Department Operation Account.

Article 23. A motion was made, seconded and voted by printed ballot, 246 for, 25 against, to accept the provisions of sections sixteen through sixteen I, inclusive, of Chapter seventy one of the General Laws, providing for the establishment of a regional vocational school district, together with the Towns of Abington, Cohasset, Hanover, Rockland and Scituate, and the construction, maintenance and operation of a regional vocational school by the said district in accordance with the provisions of the proposed agreement filed with the Selectmen.

A motion was made, seconded and voted that Article 24 be taken from the table.

Article 24. A motion was made, seconded and voted to raise and appropriate the sum of \$5,000. for the use of the regional vocational school district committee.

Article 32. No instructions were issued to the Elected Town Officers.

The moderator auctioned the Fish Rights to the highest bidders, as follows:

Fish Right No. 1 was purchased by Orville Devine for \$4.00

Fish Right No. 2 was purchased by John O'L. Edmonds for \$4.75

All articles of the Warrant being disposed of, a motion was made, seconded and voted to adjourn to Saturday, March 12 at 12 noon. Time of adjournment, 11:30 p.m.

Respectfully submitted,

NELLIE L. SPARRELL,

Town Clerk.

BOND ISSUE

Article 26 of the Warrant, as amended and voted. \$900,000.00

VOTED: That the sum of ONE MILLION FIFTEEN THOUSAND FIVE HUNDRED DOLLARS (\$1,015,500.) is appropriated for the construction, original equipment and furnishing of a senior high school building . . . and the Treasurer with the approval of the Selectmen is authorized to issue \$900,000. bonds or notes of the Town pursuant to Chapter 645 of the Acts of 1948 as amended, and that the grant to be received in the year in which construction commences pursuant to Chapter 591 of the Acts of 1959 shall be applied to the cost of the project in lieu of the proceeds of bonds or notes or shall be used to pay bonds or notes issued to finance the project.

I hereby certify the amounts herein contained were raised and appropriated, or appropriated and transferred for the year of 1960 at the Annual Town Meeting of the Town of Norwell, held March 7, 1960.

A True Copy, ATTEST,
NELLIE L. SPARRELL.

Town Clerk.

RECOUNT

Mrs. Sparrell swore in Mr. Silvia to the faithful performance of his duty. Mr. Silvia swore in the following: Fletcher S. Boig, Augustine J. Thibodeau, E. Arnold Joseph and Nellie Sparrell.

NELLIE L. SPARRELL,

Town Clerk

On March 18, 1960 at 8:35 p.m. the following request for a recount was filed with the Town Clerk of Norwell, Mrs. Nellie L. Sparrell:

Mt. Blue Street
Norwell, Mass.
March 18, 1960

Mrs. Nellie Sparrell
Town Clerk
Norwell, Massachusetts

Dear Mrs. Sparrell,

I have reason to believe and do believe that the records made by the election officers of the Town of Norwell on Saturday, March 12, 1960, are erroneous, and will affect the election of Francis L. Logue for Assessor. I hereby request a recount of the votes for Assessor.

Very truly yours,

/s/ Francis L. Logue

State of Massachusetts
Plymouth, ss.

Sworn and subscribed to before me this 18th day of
March, 1960

/s/ David F. Dwyer, Notary Public

Signed by:

John A. deCourcy, Rt. No. 3 — Washington St.
Norbert H. McInnis, 183 Washington St.
Stella Leonard, 183 Washington St.
Joseph P. Tulis, Main St.
Kathryn W. Tulis, Main St.
Jeannine A. Logue, Mt. Blue St.
Edward F. Walsh, Main St.
Phyllis L. Dwyer, Norwell Ave.
James L. McKenney, Norwell Ave.
Jean M. McKenney, Norwell Ave.
John A. Reagan, Jr., Myers Ave.
Louis L. Wright, Wash. Pk. Dr.

On March 21, 1960, the Board of Registrars checked the signatures on the petition, found them to be correct, and granted a recount, to be held March 23, 1960 at 9 a.m.

The recount was held at 9 a.m. on March 23, 1960 in the Town Hall Foyer. Present were the Board of Registrars: Charles G. Prouty, Chairman, Ruth M. Murray, and Rosalind Whittemore; and the Town Clerk, Mrs. Nellie L. Sparrell; Earle F. Allen and his legal representative, David L. Turner and other representatives, Orville E. Devine and Mrs. Minna Senger. Francis L. Logue was present with his attorney, Walter Jay Skinner of Scituate, and his representative, David F. Dwyer. Also in attendance were the Town Counsel, Joseph K. Collins and the Moderator, Joseph M. Silvia.

The ballot case was removed from the vault, the case unlocked, ballots removed and counted, a block at a time.

Upon being counted and listed, the ballots were found to have been cast as follows:

Earle F. Allen	628
Francis L. Logue	606
Blanks	54
Chester A. Rimmer	1

NELLIE L. SPARRELL,

Town Clerk.

TOWN OF NORWELL**Commonwealth of Massachusetts****WARRANT FOR SPECIAL TOWN MEETING**

**Tuesday, May 3, 1960 at seven thirty o'clock in the afternoon
at Cushing Memorial Town Hall**

Plymouth, ss.

To either of the Constables of the Town of Norwell, in said County of Plymouth and Commonwealth of Massachusetts.

GREETINGS:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Norwell, qualified to vote in elections and Town affairs to meet at the Cushing Memorial Town Hall in said Norwell, on Tuesday, the third day of May, 1960 at 7:30 p.m., then and there to act upon the following articles, to wit:

Article 1. To see if the Town will vote to authorize and instruct the General School Building Committee appointed pursuant to Article 1 of the Special Town Meeting of September 21, 1959 to construct, originally equip and furnish a senior high school project at the site owned by the Town adjacent to the present high school building and for said purpose to execute and deliver for and on behalf of the Town all contracts and agreements it shall consider necessary to complete said project and to ratify and adopt all acts of the Committee therefore taken in the premises, and that said Committee shall have full authority to expend for said purposes all appropriations heretofore made for said project at the Town Meetings held on February 23, 1960 and March 7, 1960, or act on anything relative thereto.

Article 2. To see if the Town will authorize and instruct the General School Building Committee appointed pursuant to the vote of the Town at the Special Town Meeting of September 21, 1959 to purchase for the new high school Advanced Educational Aids at an estimated cost of \$21,000 and for said purpose to use the unexpended portion of the appropriations made for said senior high school project at the Town Meetings held on February 23 and March 7, 1960, or act on anything relative thereto.

Article 3. To hear a preliminary report of the General School Building Committee on elementary school construction requirements for the next five years, or act on anything relative thereto.

Article 4. To see if the Town will vote to raise and appropriate or appropriate from available funds the sum of \$20,000 or any sum, subject to the approval of the Emergency Finance Board to be added to the Stabilization Fund in anticipation of elementary school construction or addition requirements, or act on anything relative thereto.

Article 5. To see if the Town will vote to establish a Road Machinery Fund to which shall be credited all receipts from the rental of Road Machinery and from which appropriations shall be made by the Town for road machinery purposes, or act on anything relative thereto.

Article 6. To see if the Town will vote to appropriate \$3,000 or any other sum for a Road Machinery Account for the purpose of repairing and operating road machinery, said sum to be raised by taxation or transferred from available funds in the Highway Town Account, or act on anything relative thereto.

Article 7. To see if the Town will vote to raise and appropriate or appropriate from available funds the sum of \$6,500 or some other sum or sums of money for the purpose of providing additional funds for Veterans' Benefits, or act on anything relative thereto.

Article 8. To see if the Town will vote to raise and appropriate or appropriate from available funds the sum of \$1,600 or any other sum to install a hydrant approximately 360 feet easterly from the present high school at the general location shown on the site plan for the proposed new high school and to install a water main of eight inches in diameter to connect the hydrant to the existing water main in Main Street, or act on anything relative thereto.

Article 9. To see if the Town will vote to appropriate the sum of \$20,000 to install water mains of not less than six inches, but less than sixteen inches in diameter in Pond Street from a point at the end of the existing Rockland main in Pond Street at the Norwell line to a connection at Washington Street with a Norwell water main and to meet such appropriation by raising and appropriating from the tax levy of 1960, or by appropriating from available funds in the treasury, or act on anything relative thereto.

Article 10. To see if the Town will vote to raise and appropriate or appropriate from available funds the sum of \$500 or any other sum for engineering and other expenses in acquiring drain-

age easements in the Jacobs Lake Shore area and to authorize the Selectmen to acquire easements for said purpose by taking by eminent domain or by purchase, or act on anything relative thereto.

Board of Selectmen

A True Copy: ATTEST

GEORGE F. CAVANAGH (Signed)

Constable of Norwell

A True Copy: ATTEST

I certify that I have this day posted ten warrants according to a vote of the Town and make this my return.

GEORGE F. CAVANAGH, (Signed)

Constable of the Town of Norwell

SPECIAL TOWN MEETING

May 3, 1960

Pursuant to the foregoing Warrant, the voters met at the time and place therein stated and took the following action:

The meeting was called to order at 8:10 p.m., by the Moderator, with 203 voters present. (It was necessary to sound the fire alarm to get the required quorum of 200 voters in attendance.) The Moderator appointed Harry L. Chase, Jr., Francis Chase, Robert Maglathlin and Paul Lyons to serve as tellers and swore them to the faithful performance of their duties.

The Town Clerk read that part of the Warrant which called the meeting, the return made by the Constable, and moved the articles be read as taken up for action. So voted. A motion was made, seconded and voted to admit the Superintendent of Schools, Clifton E. Bradley, with the privilege of the floor.

Motion made, seconded and voted to admit non-voting taxpayers, they to be seated apart from the voters.

Article 1. A motion was made, seconded and unanimously voted "That the Town authorize and instruct the General School Building Committee appointed pursuant to Article 1 of the Special Town Meeting of September 21, 1959 to construct, originally equip and furnish a senior high school project at the site owned by the Town adjacent to the present high school building and for said purpose to execute and deliver for and on behalf of the Town all contracts and agreements it shall consider necessary to complete said project and to ratify and adopt all acts of the Committee heretofore taken in the premises, and that said Committee shall have full authority to expend for said purposes all appropriations heretofore made for said project at the Town Meetings held on February 23, 1960 and March 7, 1960."

Article 2. It was moved, seconded and unanimously voted "That the Town authorize and instruct the General School Building Committee appointed pursuant to the vote of the Town at the Special Town Meeting of September 21, 1959 to purchase for the new high school Advanced Educational Aids at an estimated cost of \$21,000. and for said purpose to use the unexpended portion of the appropriations made for said senior high school project at the Town Meetings held on February 23 and March 7, 1960."

Article 3. A motion was made, seconded and voted to hear the preliminary report of the General School Building Committee.

Mr. Rimmer, Chairman, made a verbal report stating the Committee has planned a ten-room addition to the Grace Farrar Cole School, another free-standing elementary building later, when and where it develops one is needed, and re-modeling of the present high school building, for a Junior high school.

It was moved, seconded and voted to accept the report as given.

Article 4. A motion was made, seconded and voted "that the Town appropriate from available funds the sum of \$20,000. subject to the approval of the Emergency Finance Board, to be added to the Stabilization Fund, in anticipation of elementary school construction or addition requirements."

Article 5. A motion was made, seconded and unanimously voted to establish a Road Machinery Fund, to which shall be credited all receipts from the rental of Road Machinery and from which appropriations shall be made by the Town for road machinery purposes.

Article 6. A motion was made, seconded and unanimously voted to appropriate \$3,000. for a Road Machinery Maintenance and Operation Account for the purpose of repairing and operating road machinery, said sum to be transferred from available funds in the Highway Town Account.

Article 7. A motion was made, seconded and voted to appropriate from available funds the sum of \$6,500. for the purpose of providing additional funds for Veterans' Benefits.

Article 8. A motion was made, seconded and voted to appropriate from available funds the sum of \$1,600. to install a hydrant approximately 360 feet easterly from the present high school at the general location shown on the site plan for the proposed new high school and to install a water main of eight inches in diameter to connect the hydrant to the existing water main in Main Street.

Article 9. A motion was made and seconded, but failed to pass, to appropriate the sum of \$20,000. to install water mains of not less than six inches, but less than sixteen inches in diameter in Pond Street from a point at the end of the existing Rockland main in Pond Street at the Norwell line to a connection at Washington Street, with a Norwell water main and to meet such appropriation by raising and appropriating from the tax levy of 1960.

Article 10. The Moderator announced a $\frac{2}{3}$ vote necessary on Article 10. A motion was made, seconded and voted by 230 yes, 8 no, to appropriate from available funds the sum of \$500. for engineering and other expenses in acquiring drainage easements in the Jacobs Lake Shores area and to authorize the Selectmen to acquire easements for said purpose by taking by eminent domain or by purchase.

The business of the warrant having been completed, motion was made, seconded and voted to adjourn the meeting.

NELLIE L. SPARRELL,

Town Clerk.

Albert (D), Alice L. Feneck (D), Dorothy Dexter (D), Margaret Daly (D).

John Piotti was in charge of the ballot box and Minna Senger, Rosalind Whittemore and Gloria Broderick checked in, with Thomas T. Barstow and John Reagan serving as Inspectors.

Annie Capell and Earle F. Allen checked out. Carmella Molla, Harland Farrar, and George Cavanagh served as Police Officers for the day. The Town Clerk was in attendance in charge of the register to check any challenged registrations.

The Town Clerk delivered the following to the Warden: 1 ballot box, 3 counting boards, 3 sets of voting lists, Democratic ballots, Republican ballots, tally sheets, a master sheet for tally of votes, envelopes for ballots cast and valise for ballots after counting. The Warden delivered 300 Democratic ballots and 500 Republican ballots to the ballot clerks.

At the opening of the polls, the ballot box registered 0000 and the box was publicly examined to show it was empty, upon which it was locked and the key given in custody of Officer Cavanagh.

The Town Clerk swore the Election Officers to the faithful performance of their duties and the polls were declared open by the Warden.

The polls were declared closed by the Warden at 8:00 p.m. at which time the ballot box registered 633.

The following voters were challenged: Catherine Carpenter, because she asked for a Republican ballot, when she was marked Democratic in pencil on last voting list — evidently an error. She was given a Republican ballot.

The name of Sumner Page Bennett was confused with the registration of his brother, Peirson S. Page Bennett. Both were registered and Sumner Bennett was allowed to receive a ballot.

A typographical error caused the name of Ann M. Martin to be omitted from the supplemental list of voters. Her name was found in the register and added to the voting list, whereupon she was given a ballot.

633 ballots were taken from the ballot box, which corresponded with the ballot box register, which were found to be 193 Democratic and 440 Republican.

Upon being canvassed and counted in open meeting, they were found to have been cast as follows:

Democratic

TOWN OF NORWELL**Commonwealth of Massachusetts****WARRANT FOR SPECIAL TOWN MEETING**

**Monday, October 10, 1960 at seven thirty o'clock in
the afternoon at Cushing Memorial Town Hall**

Plymouth, ss.

To either of the Constables of the Town of Norwell, in said
County of Plymouth and Commonwealth of Massachusetts

GREETINGS:

In the name of the Commonwealth of Massachusetts, you are
hereby directed to notify and warn the inhabitants of the Town
of Norwell, qualified to vote in elections and Town affairs to meet
at the Cushing Memorial Town Hall in said Norwell, on Monday,
the tenth day of October, 1960 at 7:30 p.m., then and there to act
upon the following articles, to wit:

Article 1. To see if the Town will vote to amend the Zoning
By-Laws by the following changes to Section III and by adding
a new Section VIA, or act on anything relative thereto, as follows:

In Section III

1. By striking out the first six lines and substituting the
following:

Establishment of Districts

The Town is hereby divided into six classes of districts:

Residential Districts A, B and C.

Business Districts A, B and C.

All districts are shown on "Zoning Map, Town of Norwell,
September, 1959, as revised August 18, 1960" which is filed in the
Town Clerk's Office and is made a part hereof.

2. By inserting in the paragraph describing Residential Dis-
trict B, in the second line thereof, after the words Business Dis-
trict B, the words and Business District C.

3. By striking out August, 1959 in the second line following
the caption Business District B, and substituting therefor Septem-
ber, 1959 as revised August 18, 1960.

4. By striking out the description of Business District B-4, and substituting the following:

B-4. Starting at the intersection of the southwesterly way line of Washington Street and the westerly way line of High Street; thence southerly by the westerly way line of High Street to a point 500 feet from the southwesterly way line of Washington Street measured at a right angle therefrom; thence northwesterly by a line 500 feet southwesterly from the southwesterly way line of Washington Street and parallel thereto to a point in the Norwell-Hingham town line 500 feet southwesterly from the southwesterly way line of Washington Street measured at a right angle therefrom; thence northeasterly by the Norwell-Hingham town line to the southwesterly way line of Washington Street; thence southeasterly by the southwesterly way line of Washington Street to the point of beginning.

5. By inserting at the end of Section III, the following:

Business District C.

C-1. Starting at a point in the westerly way line of High Street 500 feet southwesterly from the southwesterly way line of Washington Street measured at a right angle therefrom at the southerly corner of Area B-4; thence southwesterly in a straight line to a point 500 feet southwesterly from the westerly shore line of Hatch Pond, so-called, said line being in line with a point on the Norwell-Rockland town line 500 feet southeasterly from the southeasterly way line of Pond Street measured at a right angle therefrom; thence from said point 500 feet southwesterly from Hatch Pond, so-called, southeasterly in a straight line to a point in the northeasterly way line of the Southeast Expressway 2,000 feet southeasterly from its intersection with the Norwell-Rockland town line; thence northwesterly by the northeasterly way line of the Southeast Expressway 2,000 feet to its intersection with the Norwell-Rockland town line; thence northwesterly by the Norwell-Rockland town line to the southeasterly way line of Pond Street; thence northeasterly by the southeasterly way line of Pond Street to a point 500 feet southwesterly from the southwesterly way line of Washington Street measured at a right angle therefrom and in the southwesterly line of Area B-4; thence southeasterly by the southwesterly line of Area B-4 to the point of beginning.

By adding, following Section VI, a new Section as follows:

Section VIA. In Business District C no building or structure shall be constructed, altered or placed upon land for any use except as follows, nor shall any building or structure or premises be used for any purpose except:

(A) Any purpose or use, except for a residence or nursing home, and not likely to be injurious, noxious or offensive by reason of the emission of odors, fumes, dust, smoke, noise or other cause, nor hazardous to the community on account of fire, explosion or other cause.

Article II. To see if the Town will vote to appropriate the sum of \$20,000 or some other sum or sums of money for the purpose of purchasing materials and installing water mains of not less than six inches but less than sixteen inches in diameter in Washington Street from the end of the existing main to the junction of Washington and Pond Streets and in Pond Street from this junction to the Rockland-Norwell Town line and to meet said appropriation by transfer from available funds in the Treasury, or by authorizing the Treasurer with the approval of the Selectmen to borrow for such purpose the sum of \$20,000, or some other sum or sums of money as the Town shall determine by the issuance of bonds or notes under the provisions of Chapter 44 of the General Laws and acts in amendment thereof or in addition thereto, or act on anything relative thereto.

Article III. To see if the Town will vote to authorize the Board of Water Commissioners to purchase or take by eminent domain in the name of the Town of Norwell, for the purpose of securing to the Town additional sources and means of distribution of public water supply, such ground water sources within the limits of the Town as the said Board of Water Commissioners shall consider necessary and adequate for such purpose, such land or rights therein as the said Board shall consider necessary for the protection thereof, and such land or rights therein as the said Board shall consider necessary for access thereto or for the conveyance of the water to be secured therefrom to other parts of the Town; and to appropriate therefor the sum of four thousand dollars or any other sum or sums, and to meet said appropriation by transfer from available funds in the Treasury or by authorizing the Treasurer with the approval of the Selectmen to borrow for such purpose the sum of \$4,000 or some other sum or sums of money as the Town shall determine by the issuance of bonds or notes under the provisions of Chapter 44 of the General Laws and acts in amendment thereof or in addition thereto, or act on anything relative thereto.

Article IV. To see if the Town will vote to appropriate the sum of \$25,000, or some other sum of money, for the purpose of the purchase and installation of pumping equipment, construction of buildings for pumping stations, grading for and installation of a connecting water main between the pumping station and an existing main on Grove Street, and to meet such appropriation

by transfer of available funds in the Treasury, or by authorizing the Treasurer with the approval of the Selectmen to borrow for such purpose the sum of \$25,000 or some other sum or sums of money as the Town shall determine by the issuance of bonds or notes under the provisions of Chapter 44 of the General Laws and acts in amendment thereof or in addition thereto, or act on anything relative thereto.

Article V. To see if the Town will vote to appropriate from available funds in the Treasury the sum of \$2,100 or any other sum or sums to the present Police Department Payroll Account to cover additional costs until December 31, 1960, or act on anything relative thereto.

Article VI. To see if the Town will vote to appropriate from available funds in the Treasury the sum of \$4,200 or any other sum to provide a new additional Police Department cruiser, or act on anything relative thereto.

Article VII. To see if the Town will vote to accept an eye-testing machine as a gift from the Lions Club of Norwell, or act on anything relative thereto.

Article VIII. To see if the Town will appropriate from available funds the sum of \$1,000 for installation of drainage on Main Street, or act on anything relative thereto.

You are directed to serve this Warrant by posting a copy thereof attested to by you in writing, at each of five public places in the Town seven days at least before the time for holding the meeting called for in the Warrant. Hereof fail not and make due return of this Warrant with your doings thereon to the Town Clerk of said Town on or before the tenth day of October, 1960. Given under our hands at Norwell this thirtieth day of September in the year of our Lord 1960.

G. HERBERT REPASS, *Chairman*
EARLE F. ALLEN

CHARLES H. WHITING

Board of Selectmen

A True Copy: ATTEST
HARLAND W. FARRAR,
Constable of Norwell.

October 3, 1960.

I hereby certify that I have posted said Warrant according to the Town By-Law and make this my return.

HARLAND W. FARRAR,

Constable of Norwell.

October 3, 1960.

SPECIAL TOWN MEETING

October 10, 1960

Pursuant to the foregoing Warrant, issued by the Selectmen of Norwell and executed by a duly appointed and qualified Constable of the Town, at which a quorum was present, the voters met and took the following action:

The meeting was called to order at 7:45 p.m. by the Moderator, with 205 voters present. The Moderator appointed as tellers Harry L. Chase, Jr., James P. Hall, George H. Whitcher, Jr., Edmund V. Anderson, Paul MacDonald, Robert H. Kroeger and John D. Lindsay and swore same to the faithful performance of their duty.

A group of Girl Scouts, under leadership of Mrs. Phyllis Lindsay, was admitted and seated in that portion of the balcony nearest the street, as were also non-registered property owners.

The Town Clerk read that portion of the Warrant calling the meeting and the return of same made by the Constable at the time of its execution, followed by a motion which was seconded and voted, to omit reading of the articles, until each was taken up for action.

Article 1. Mr. Frederick C. Truelove, a member of the Planning Board, read the article as printed in the Warrant, made the following motion, which was seconded: "Motion for Article 1. Under Article 1 of the Warrant, I move, on behalf of the Planning Board, and as its recommendation, that the Town vote to amend the Zoning By-Laws by the five changes to Section III and by adding a new Section VIA, all as set forth in the Transcript of Articles in Warrant, beginning in the fourth line of Article 1 with the words "In Section III," and ending with the words "fire, explosion or other cause." He then yielded the floor to G. Herbert Repass, Chairman of the Board of Selectmen, who explained the article in detail. It was voted. 161 yes, 44 no, to amend the Zoning By-Laws as follows:

"In Section III

1. By striking out the first six lines and substituting the following:

Establishment of Districts

The Town is hereby divided into six classes of districts:

Residential Districts A, B and C.

Business Districts A, B and C.

All districts are shown on "Zoning Map, Town of Norwell, September 1959, as revised August 18, 1960" which is filed in the Town Clerk's office and is made a part hereof."

2. By inserting in the paragraph describing Residential District B, in the second line thereof, after the words "Business District B," the words "and Business District C."

3. By striking out "August, 1959" in the second line following the caption "Business District B," and substituting therefor "September, 1959, as revised August 18, 1960."

4. By striking out the description of Business District B-4, and substituting the following:

B-4. Starting at the intersection of the southwesterly way line of Washington Street and the westerly way line of High Street; thence southerly by the Westerly way line of High Street to a point 500 feet from the southwesterly way line of Washington Street measured at a right angle therefrom; thence northwesterly by a line 500 feet southwesterly from the southwesterly way line of Washington Street and parallel thereto to a point in the Norwell-Hingham town line 500 feet southwesterly from the southwesterly way line of Washington Street measured at a right angle therefrom; thence northeasterly by the Norwell-Hingham town line to the southwesterly way line of Washington Street; thence southeasterly by the southwesterly way line of Washington Street to the point of beginning.

5. By inserting at the end of Section III, the following:

Business District C.

C-1. Starting at a point in the westerly way line of High Street 500 feet southwesterly from the southwesterly way line of Washington Street measured at a right angle therefrom at the southerly corner of Area B-4; thence southwesterly in a straight line to a point 500 feet southwesterly from the westerly shore line of Hatch Pond, so-called, said line being in line with a point on the Norwell-Rockland town line 500 feet southeasterly from the southeasterly way line of Pond Street measured at a right angle therefrom; thence from said point 500 feet southwesterly from Hatch Pond, so-called, southeasterly in a straight line to a point in the northeasterly way line of the Southeast Expressway 2,000 feet southeasterly from its intersection with the Norwell-Rockland town line; thence northwesterly by the northeasterly way line of the Southeast Expressway 2,000 feet to its intersection with the Norwell-Rockland town line; thence northwesterly by the Norwell-Rockland town line to the southeasterly way line of Pond Street; thence northeasterly by the southeasterly way line

of Pond Street to a point 500 southwesterly from the southwesterly way line of Washington Street measured at a right angle therefrom and in the southwesterly line of Area B-4; thence southeasterly by the southwesterly line of Area B-4 to the point of beginning.

By adding, following Section VI, a new section as follows:

Section VIA. In Business District C no building or structure shall be constructed, altered or placed upon land for any use except as follows; nor shall any building or structure or premises be used for any purpose except:

(A) Any purpose or use, except for a residence or nursing home, and not likely to be injurious, noxious or offensive by reason of the emission of odors, fumes, dust, smoke, noise, or any other cause, nor hazardous to the community on account of fire, explosion or other causes.

Article II. Augustine Thibodeau, of the Board of Water Commissioners, made a substitute motion for that printed in the Warrant, which it was voted to amend by substituting "to meet said appropriation by appropriating by transfer from available funds in the Treasury" for "authorizing the Treasurer with the approval of the Selectmen, etc." The substitute motion thus amended was voted by a vote of 99 yes, 80 no, to wit: "Voted that the Town appropriate the sum of \$20,000. for the purpose of purchasing materials and installing water mains of not less than six inches but less than sixteen inches in diameter in Washington Street from the end of the existing main to the junction of Washington and Pond Street and in Pond Street from this junction to the Rockland-Norwell Town line and to meet said appropriation by appropriating by transfer from available funds in the Treasury the sum of \$20,000., but that a condition precedent to the exercise of the authority herein voted is that before any action is taken hereunder the Board of Selectmen shall certify in writing to the Treasurer that they are satisfied that the Commonwealth has decided to rebuild Pond Street from the Rockland town line to Washington Street, and that the laying of the Water mains can be done at the same time."

Article III. A motion was made, seconded and voted 161 yes, 2 no "that the Town authorize the Board of Water Commissioners to purchase or take by eminent domain in the name of the Town of Norwell, for the purpose of securing to the Town additional sources and means of distribution of public water supply, such ground water sources within the limits of the Town as the said Board of Water Commissioners shall consider necessary and adequate for such purpose, such land or rights therein

as the said Board shall consider necessary for the protection thereof, and such land or rights therein as the said Board shall consider necessary for access thereto or for the conveyance of the water to be secured therefrom to other parts of the Town; and to appropriate therefor the sum of four thousand dollars, and to meet said appropriation by transfer from available funds in the Treasury.

Article IV. A motion was made, seconded and voted 165 yes, 1 no, that the Town appropriate the sum of \$25,000. for the purpose of the purchase and installation of pumping equipment, construction of buildings for pumping stations, grading for and installation of a connecting water main between the pumping station and an existing main on Grove Street, and to meet such appropriation by authorizing the Treasurer with the approval of the Selectmen to borrow for such purpose the sum of \$25,000. by the issuance of bonds or notes to mature in not more than five years from their dates, under the provisions of Chapter 44 of the General Laws and acts in amendment thereof or in addition thereto.

Article V. A motion was made and seconded but failed to pass "That the Town appropriate from available funds the sum of \$1334.00 of which \$767.00 is to cover the salary of the additional patrolman until December 31, 1960; the balance to cover the payment of salary of the special policeman put on September 1, 1960. The main motion was seconded and voted by voice vote "The Town vote to appropriate from available funds in the Treasury the sum of \$2,100. to the present Police Department Payroll Account to cover additional costs until December 31, 1960."

Article VI. It was moved, seconded and voted by voice vote to appropriate from available funds in the Treasury, the sum of \$4,200. to provide a new additional Police Department cruiser.

Article VII. A motion was made, seconded and unanimously voted to accept an eye-testing machine as a gift from the Lions Club of Norwell to be used by the Board of Health and the Visiting Nurse Association.

Article VIII. A motion was made, seconded and voted by voice vote to appropriate from available funds the sum of \$1,000. for installation of drainage on Main Street.

The business of the Warrant being finished, a motion was made, seconded and voted to adjourn at 10:45 p.m.

NELLIE L. SPARRELL,

Town Clerk.

Commonwealth of Massachusetts

WARRANT FOR STATE ELECTION

Plymouth, ss.

To any of the Constables of the Town of Norwell, in the County of Plymouth, and the Commonwealth of Massachusetts

EARLE F. ALLEN
CHARLES H. WHITING

Selectmen of Norwell

A true copy. ATTEST:

Monday, October 31, 1960

HARLAND W. FARRAR, *Constable.*

I hereby certify that I have posted said warrant according to the Town by-law and make this my return.

HARLAND W. FARRAR,
Constable, Town of Norwell.

November 8, 1960

STATE ELECTION

November 8, 1960

Pursuant to the foregoing Warrant, the qualified voters met at the Elementary School Cafeteria and held the Election of Federal, State and County officials.

The meeting was in the charge of Earle F. Allen, Warden, assisted by the following duly appointed Election Officers:

Richard Pelton, Clerk; Thomas T. Barstow and John Reagan, supervisors; Rosalind Whittemore, Minna Senger, Annie Capell, Dorothy Dexter, checkers in and out; John Piotti, ballot box; Janice Litchfield and Gloria Broderick, spare officers. Eleanor Benner, Julia Rosebach, Rose Hartigan, Helen Johnson, Carol Marsh, Agnes Albert, Rita Staples, Catherine Edmonds, Bette Power, Barbara Hamer, Alice Feneck, Joseph DeFrancesco, Elizabeth Hallaren, Nancy Pihlcrantz, Margaret Daly, Arline DiStasio, Joan Bailey, Roger Dangora, Margaret Reeser, Rita McMullin; Carmella Molla, Harland Farrar and George Cavanagh, police officers.

The Town Clerk delivered two ballot boxes, gavel, four sets of voting lists, 5 counting boards, tally sheets and master sheet to the Warden.

The Town Clerk swore all the above mentioned Election Officers to the faithful performance of their duties, the ballot box was inspected by the Warden, Clerk, Town Clerk, police officers Carmella Molla, George Cavanagh, Harland Farrar and John J. Piotti, who was in charge of the ballot box. After declaration by the Warden that the ballot box was empty and that the register thereon read 0000, the box was closed, locked and the key placed in custody of Officer Cavanagh.

The Warden declared the polls opened at 6 a.m.

The polls were closed at 8 p.m. at which time the ballot box register read 2518. The absentee ballots were then cast, after which the ballot box register read 2621.

Upon being canvassed and counted in open meeting, they were found to have been cast for the following persons:

<i>Electors of President and</i>		<i>Senator in Congress</i>	
<i>Vice President</i>			
Decker and Munn	1	Leverett Saltonstall	2015

December 26. In Hingham, John Joseph Sullivan of Norwell and Cecily Patricia Day of Hingham, by Rev. Joseph J. Downey.

INSTRUCTIONS ON RECORDING BIRTHS

Parents: Be Sure to Record the Birth of Your Child, With Given Name in Full

The Town Clerk tries to have the record of births appear in the Town Report of the year in which they occur. The towns where the births actually occur depend on prompt returns from the hospitals, many of which are negligent in their duty of being prompt.

If parents will file all births with the Town Clerk PROMPTLY, some pressure may be brought to bear on the hospitals and towns to do their share in forwarding birth certificates, that the record may be complete each year.

READ THE LAW!

"Parents within **forty days** after the birth of a child, and every householder within forty days after a birth in his house, shall cause notice thereof to be given to the clerk of the town where such a child is born.***" — General Laws, Chapter 64, Section 6.

Some of the Many Reasons Why Births Should Be Recorded:

- To establish identity
- To prove nationality
- To prove legitimacy
- To show when child has the right to enter school
- To show when child has the right to seek employment under the child labor law.
- To establish the right of inheritance of property
- To establish liability to military duty, as well as exemption therefrom
- To establish age and citizenship in order to vote.

1959 Delayed Returns of Births

NELLIE L. SPARRELL, Town Clerk.	

REGISTRATION OF VOTERS

Qualifications.

Any person who has lived in the State one year, and in the Town six months may register.

Some evidence must be shown proving six months residence, such as a receipted light or gas bill.

If a naturalized citizen, naturalization papers must be presented at time of registration.

Time to Register.

Besides dates set for registration, any qualified resident may register with the Town Clerk any weekday during the year, except Saturday, and those days during which registrations are closed by law.

On December 1, 1960 there were 2811 registered voters in the Town of Norwell.

ENROLLED MILITIA

879 men were eligible for Military Duty, April 1, 1960

DOG LICENSES

All dogs must be licensed at the age of 3 months and all licenses are due on or before March 31st. Tags and receipts are usually here by that time. Payments may be made in person, by check or money order made payable to the Town of Norwell and mailed to the Town Clerk.

All licenses unpaid on June 1st must, by law, be turned over to the Constable for collection. **PAY PROMPTLY** and save the Town the expenses of overdue notices and collection by the Constable.

DOG LICENSES ISSUED IN 1960

297 Males @ \$2.00	\$594.00
71 Females @ \$5.00	355.00

SPECIAL LEGISLATION — UNION BRIDGE**Chapter 797**

The Commonwealth of Massachusetts

In the Year One Thousand Nine Hundred and Sixty

**AN ACT AUTHORIZING THE COUNTY OF PLYMOUTH TO
REBUILD UNION BRIDGE OVER NORTH RIVER BETWEEN
THE TOWNS OF MARSHFIELD AND NORWELL**

**Be it enacted by the Senate and House of Representatives in
General Court assembled, and by the authority of the same, as
follows:**

SECTION 1. The county commissioners of the county of Plymouth, subject to the provisions of chapter ninety-one of the General Laws, and of all other laws which may be applicable, are hereby authorized and directed on or before December thirtieth, nineteen hundred and sixty-one to reconstruct Union Bridge, so called, over North river, between the towns of Marshfield and Norwell. The bridge as reconstructed shall have suitable permanent approaches, and the spans at either side of the draw shall be of permanent construction. The draw shall be twenty-five feet wide in the clear, and the lift shall provide a vertical clearance of not less than six feet above mean high water and shall be of such type and construction that it may be operated in an expeditious manner. The whole work shall be done subject to the approval of the division of waterways of the department of public works and in accordance with the plans on file in the office of said division.

SECTION 2. The expense incurred under this act shall not exceed the sum of three hundred and sixty thousand dollars, and said county commissioners are hereby authorized to borrow on the credit of the county, and to issue notes of the county therefor, such sums, not exceeding said amount as may from time to time be required for the cost and expense aforesaid. Such notes shall be payable by such annual payments beginning not more than one year after the date thereof, as will extinguish each loan within thirty years from its date. The amount of such annual payment in any year shall not be less than the amount of the principal of the loan payable in any subsequent year. Each authorized issue of bonds or notes shall constitute a separate loan. All amounts so borrowed shall be deposited in the county treasury, and the treasurer of the county shall pay out of the same such sums as are authorized by the county commissioners, and shall keep a separate and accurate account of all monies borrowed and expended under the provisions of this act, including interest.

SECTION 3. The county commissioners shall, upon completion of the work, determine the total cost, file a detailed statement of the same in the office of the clerk of courts for the said county, and apportion the amount in the manner hereinafter provided among the department of public works, the county of Plymouth, the town of Marshfield and the town of Norwell. Of the total cost so determined the said department of public works shall bear sixty-two per cent, the said county of Plymouth twenty-six per cent, the said town of Marshfield six per cent and the said town of Norwell six per cent.

SECTION 4. Each of said towns of Marshfield and Norwell acting through their respective boards of selectmen may, without further appropriation, expend from the amounts appropriated at prior annual town meetings for the reconstruction of the bridge hereinbefore described a sum not to exceed fifteen thousand dollars for the purposes of this act. The county commissioners shall as soon as may be after the completion of the work notify the selectmen of each of said towns of the amount of the cost apportioned thereto and each of said towns shall pay said amount into the treasury of the county within sixty days thereafter.

SECTION 4a. There is hereby appropriated the sum of two hundred and twenty-three thousand two hundred dollars from the Highway Fund, as the commonwealth's share of the cost of reconstruction of said Union Bridge, as provided in section three.

SECTION 5. The cost of maintenance and operation of the bridge shall be borne equally by the towns of Marshfield and Norwell, and any sums appropriated for the maintenance and repair of highways may be expended for this purpose.

SECTION 6. The custody of said bridge shall vest in the selectmen of the towns of Marshfield and Norwell on the date the county commissioners give notice of the amounts apportioned for each of said towns to pay. Upon receipt of such notice the selectmen shall forthwith place the draw of said bridge under the direction of a suitable draw-tender, and the provisions of section twenty-seven of chapter eighty-five of the General Laws shall apply to the person so designated. Said selectmen may arrange with the department of public works for the operation of said bridge on such terms as may be agreed upon.

SECTION 6A. Sections one to six, inclusive and section eight of Chapter six hundred and fifty-eight of the acts of nineteen hundred and fifty-six are hereby repealed.

SECTION 7. Any action heretofore taken under the provisions of chapter six hundred and fifty-eight of the acts of nineteen hundred and fifty-six, as amended, is hereby validated and confirmed.

SECTION 8. This act shall take effect upon its passage.

House of Representatives, November 23, 1960.

Passed to be enacted, /s/ John F. Thompson, Speaker

In Senate, November 23, 1960.

Passed to be enacted, /s/ John E. Powers, President.

November 28, 1960

Approved,

at 4 o'clock and 8 minutes, P.M.

/s/ Foster Furcolo

Governor.

PERAMBULATION OF THE LINES BETWEEN THE TOWNS OF HINGHAM AND NORWELL

We, the subscribers, having met according to appointment for the purpose of perambulating the lines between the Towns of Hingham and Norwell, proceeded as follows,

Beginning at a stone bound standing on the westerly side of Union Street at the corner of Towns of Hingham, Scituate and Norwell; thence running south 66° 17' west, true bearing 3,967 feet to a stone bound standing in an open pasture 2.4 feet east of an angle in a wall on the southerly slope of Prospect Hill; thence running south 59° 16' west, true bearing, 5,783 feet to a stone bound standing in woodland at corners belonging to (formerly heirs of Thomas) and Charles W. Pfaff, passing about one-third way to a stone bound located on Prospect Street; thence running south 54° 41' west, true bearing, 5,672 feet to a stone bound on the easterly shore of Accord Pond, passing in a straight line to a stone bound situated on high ground belonging to Heirs of Peter Loring; also stone bound at Queen Ann Corner in front of land of Henry L. Shute, in street.

And we hereby certify that we found all the above mentioned monuments in good condition, standing and properly marked with initials of the several towns.

In witness whereof we have set our hands this 10th day of December in the year of one thousand nine hundred and sixty.

For Hingham

/s/ Harold L. Downing

James J. Gordon

Herbert A. Cole

For Norwell

/s/ G. Herbert Repass

Earle F. Allen

To find the second stone above mentioned continue over the town line from Prospect Street into Norwell to the first woods road on left beyond the reverse curve; then to due North over two stone walls and follow the third stone wall to the angle in said wall east of which is the bound.

SPECIAL TOWN ELECTION

December 19, 1959

Pursuant to the foregoing Warrant, the voters met at the Elementary School on Main Street, Saturday, December 19, 1959 and took the following action.

The polls opened at 12 noon and closed at 8 p.m.

The Town Clerk opened the meeting and swore in the Election officers consisting of Annie Capell, Bobbe Miner, Minna Senger, Betty Power, Elizabeth Hallaren, Julia Rosebach, Helen Johnson, Jean Cleary, Rosalind Whittemore, Eleanor Mitchell, Elizabeth Cox, Eleanor Benner, John A. Reagan

John Piotti was in charge of the ballot box.

Nominations were called for Moderator for the meeting.

Earle F. Allen was nominated and seconded after which it was voted to close the nominations.

The regular ballot box was used in voting. Nine ballots were cast. Upon being canvassed and counted in open meeting, the ballots were found to have been cast as follows—

Earle F. Allen	8
Blanks	1

After being sworn in by the Town Clerk, Mr. Allen assumed charge of the meeting. The ballot box register was turned back to 0 and the voters proceeded to ballot.

Number of voters checked in	621
Number of voters checked out	621
Number registered on ballot box	621
Number of ballots removed from box	621

Upon being canvassed and counted in open meeting, the ballots were found to have been cast as follows—

<i>Selectman</i>		<i>Moderator</i>	
John A. Clark	86	Joseph M. Silvia	535
John Henry Walter	64	John Piotti	1
Charles H. Whiting	468	Paul Bailey	1
John Piotti	1	Donald Whittemore	1
Orville Devine	1	Thomas Barstow	1
Blanks	1	Felix Dixon	1
	<hr style="width: 50px; margin-left: 0;"/>	Orville Devine	1
Total	621		
		Total	<hr style="width: 50px; margin-left: 0;"/> 621

Mr. Allen announced the result and the meeting adjourned.

NELLIE L. SPARRELL,

Town Clerk.

Report of the Board of Health

The work of the Board of Health continues to increase with each year and as usual the Town Dump is one the greatest problems. Because so many of the townspeople disregard the few rules and regulations pertaining to the Dump, the Board feels it necessary to make the following recommendations:

1. The Dump will be open to the citizens only during certain set daylight hours and only on certain days.
2. During the hours that the Dump is open, there will be a paid employee on duty.
3. Any violations of the general rules, or the specific instructions of the attendant, will result in the revocation of the right to use the Dump for a period consistent with the offense.

This change of practice comes to the citizens as a recommendation, since the Town will have to appropriate the necessary funds.

Donna

We had another Hurricane this year. The Board distributed 7300 lbs. of dry ice, at cost, to the citizens of Norwell. The following were of particular help to the Board in this connection: George A. Beach, Russell Scholes, Lloyd B. Henderson and Donald Wilder.

Clinics

The usual number of DPT and Polio Clinics were held.

Incinerator

A study is being made of the feasibility of a regional incinerator. Toward this end, the Board has met with Officials of Norwell and neighboring towns.

Plumbing Code

In January, 1961, the Board will adopt Plumbing Rules and Regulations as formulated by the State Examiners of Plumbers.

Motor Vehicles

The most dangerous thing in Norwell continues to be the automobile. It has been estimated that 5,000 lives per year could be saved by safety belts. The Board strongly recommends the use of this safety device, especially to the parents of teenage drivers.

Routine Work Performed in 1960

There were warnings issued to 25 citizens for violation of dumping regulations.

Sixty (60) inspections of sewage disposal systems.

Dead animals removed from highways, 67, including skunks.

Water samples analyzed (public and private).

School Dentist, Hygienist and Nurse programs.

Communicable disease records.

Animal bite records.

Rodent control poisonings.

Rabies Clinics.

DPT Clinics.

Polio Clinics at which 403 shots were dispersed.

Milk, food and drug inspections.

Issued milk and food licenses.

Premature baby records and aid as needed.

Care of tuberculosis patients.

Miscellaneous inspections (Kindergartens, Trailer Parks, Motels, etc.).

Complaints (from grave looting to lewdness).

Thanks

The Members of the Board wish to express their thanks and appreciation to the secretarial help, the Town Clerk, to the Selectmen, and to the Advisory Board, all of whom have been extremely cooperative and helpful this year.

Respectfully submitted,

LORING L. WADSWORTH,

Chairman, Board of Health.

Report of the Zoning Board of Appeals

Board of Selectmen
Norwell, Massachusetts

Gentlemen:

The Zoning Board of Appeals has heard or acted upon twelve (12) petitions during the year as follows:

1. April 6, 1960 — Richard A. and Clarice L. Files. To make certain alterations on their property on Main Street, i.e. to convert it into a three family dwelling. Petition denied.

2. May 11, 1960 — Reliable Fence Co. — to place buildings to within less than 50' of the way line on Washington Street. Decision pending.

3. May 11, 1960 — Harry C. Merritt — for division on property on Old Oaken Bucket Road not having the required area. Petition denied.

4. July 13, 1960 — Catherine J. Shepard — for alterations and enlargement of existing garage on Washington Street. Petition granted.

5. July 13, 1960 — Eric Alfred Fallgren — for division of property on Main Street not having the required area. Petition denied.

6. July 13, 1960 — Ingrid M. Barrett — for division of property on Main Street not having the required area. Petition denied.

7. July 13, 1960 — Edward T. Dwyer Corp. — to permit the construction of a Golf Course off the northerly side of Grove Street. Petition granted.

8. September 7, 1960 — Bertha C. MacFadden — for the division of property at Oak and High Steets not having the required area. Petition denied.

9. September 21, 1960 — Richard A. and Clarice L. Files. To make certain alterations on their property on Main Street, i.e. to convert it into a three family dwelling. Petition denied.

10. November 9, 1960 — John M. Marsh — to add to an existing building to within less than 50' of the way line on Washington St. Petition granted.

11. December 28, 1960 — J. F. White Contracting Co. For permission to remove gravel from the property of Arthur Oman's off the west side of High Street. Decision pending.

12. December 28, 1960 — Josephine C. Mott — to add to an existing structure and attach a new building at the end of the present structure to within less than 50' of the way line on Washington Street. Decision pending.

Respectfully submitted,

SANBORN VINCENT, *Chairman*

EARLE M. NEWTON, *Secretary*

FREDERICK J. HART, JR.

STANLEY H. RICHARDS

HENRY WALTER

Report of the Civil Defense Agency

The hurricane of this fall again brought out the advisability of having a good "Warden" organization under Civil Defense in the Town. But, as has been stated in the past, it is getting more and more difficult to interest people in this work. Therefore it is my proposal as Director to enlarge the scope of the Auxiliary Police to include responsibility for the people in a given district in town. It will be their added burden — in addition to Police work — to be acquainted with the individuals or families in their district who have a particular problem which might be aggravated by a state of emergency in the Town or their neighborhood. Being trained in all phases of emergency work, the Auxiliary Police are the obvious group in conjunction with the Police and Fire Departments to take on this added responsibility. The Selectmen, Police and Fire Chiefs, Board of Welfare and others will advise us of these people who may need added attention.

Local communications within the town for all departments is another problem receiving attention. The Fire and Police networks cover many towns and can become very "jammed up" in widespread emergencies. We hope in the future to have our own Town net — but this would be an expensive program. So, with some surplus radio equipment — which would be approved by the FCC — it may be possible to make some headway on our own. At present writing no definite progress can be reported except that the Tree Warden and Highway Surveyor's new pick-up trucks are equipped to operate on the authorized Civil Defense net with equipment already at hand.

A Bloodmobile was again brought to Norwell on October 12th with, I am sorry to say, a very poor turnout. We cannot expect to have emergency blood supplies available at no cost for the families in Norwell unless we build up the Blood Bank.

The Emergency Communications Center is covered in another report.

The Norwell Civil Defense Agency continues, with limited means, to train and equip a unit which can be of assistance to the residents in all kinds of emergencies.

Respectfully submitted,

W. CLARKE ATWATER,

Director.

Report of the Sealer of Weights and Measures

To the Board of Selectmen:

Weighing and measuring laws have been strictly enforced throughout the year.

Inspections have been made on all scales, oil trucks, gas pumps and any other measuring devices.

The buying public should at all times observe weighing and measuring devices while purchasing and report any violations to me.

Following is an account of work performed by me and an account of fees collected:

38 Weighing and Measuring Devices Sealed	\$63.40
3 Weighing and Measuring Devices Adjusted	.90

Sealing Fees Returned to Town Treasurer	\$64.30
---	---------

Reweighing:

Total Tested	247
Total Correct	211
Total Incorrect	7
Total Overweight	29

Reweighing of food put up for sale has been made on many occasions.

Respectfully submitted,

JOHN D. DICKMAN,

Sealer of Weights and Measures.

Report of Police Department

Board of Selectmen
Town of Norwell

Dear Sirs:

Please accept this annual report of the Police Department as one of progress. We feel this has been made possible through the cooperation of the Board of Selectmen and the confidence of the townspeople.

With the completion of the Southeast Expressway to Hingham, our traffic problem became a major issue, almost overnight. Throughout the late spring and summer, our Civilian Defense Auxiliary Police volunteered to assist us. To them we extend our heartfelt thanks.

Unfortunately the heavy traffic was not confined to the State highway. The commuter traffic from our neighboring towns jumped proportionately. This flow jammed our narrow, winding back roads. September was rapidly approaching and the School busses would soon be operating in this confusion.

After several meetings between the Selectmen and Chief of Police, it was clear that action on more effective traffic control must be taken immediately. At the Special Town Meeting of October 10, 1960, it was voted to increase the police force from two to four permanent men and add a second cruiser. This would give the additional protection of twenty-four hour patrol. Previous to this, a burglar alarm, prowler, accident, or ambulance call after 2:00 A.M. meant that a man had to get out of bed and get dressed, involving delay. With the new schedule, the cruiser would be dispatched immediately.

Of course, this 100% increase of manpower and cruisers is reflected in our budget for the coming year. To us who are charged with the protection of your life and property, this amount seems to be a bare minimum.

Thank you and all Town departments for the close cooperation and assistance.

The following is a partial list of our activities for 1960:

Police Calls	3,023	Court Appearances	68
Ambulance Calls	94	Insane Commitments	4
Accidents (Motor Vehicle)	103	Missing Persons	32
Motorist-Issued Violation		Summons Served	118
Notices	551	Accidental Deaths	4

Defective Equipment		Breaking and Entry	26
Notices	485	Larceny	29
Miscellaneous		Fires	117
Investigations	350	Prowlers	61
Arrests	40	Assistance to Other Depart-	
Court Complaints	51	ments (Mutual Aid)	52

Respectfully submitted,

KENNETH J. BRADEEN, *Chief.*

Report of William J. Leonard Memorial Library

To the Board of Selectmen:

The William J. Leonard Memorial Library has had an even busier year than ever.

The demand for reference books has almost doubled over last year. We have acquired many new reference books and shall add as many as possible in the coming year. An adequate space has been provided for work that must be done in the library. This has been a solution to the problem of preparing written reports.

We have a hard time in keeping up with our Primary Readers. We are doing our best to keep interesting books on hand for this very busy section.

We have a large majority of books that have been on the "Best Seller" list this past year. This has been a factor in our increased circulation in the adult section.

Young adults are keeping the library busy with ever-increased demands for more books, both for required and pleasure reading.

Borrowers will find the Librarians ready to help select reading material, both for pleasure and school work.

The Library is deeply appreciative of the help extended by Fire Department Comb. No. 2. Thanks also to those who have donated books.

In closing our report may we take this opportunity to express our appreciation for your help, cooperation and support of the Town's library needs.

Respectfully submitted,

LORRAINE D. DUTY
ALFRED H. PROUTY
MILDRED M. CARR

Trustees.

Report of James Library

To the Board of Selectmen
Norwell, Massachusetts

Gentlemen:

During the present year the Library has extended its services to meet varied and changing needs of this community. Increasingly it is serving as a center for reference and research. In a section of the Library for young people there has been set apart for easy consumption those books and research materials which are of greatest benefit. When our high school biology department arranged a field trip it was possible through cooperative effort with the school to provide readings, supplementing what the school had available, which helped the students to classify materials. Such activity requires adequate staffing and the heating of the upstairs as a study area. Two experienced librarians, Mrs. John Reardon and Mrs. Edmund Anderson, have provided the necessary guidance for scholars in search of titles on special subjects. Collections in such specialized areas as genealogy and art have indicated the value of the Library's reference and research facilities to all ages, from older children to persons of adult and advanced years. Study of Library hours which may best serve these varied interests has led to changes and the committee and staff is alert in its desire to accommodate the hours in the future to the majority interests of the community.

Particularly close to the reading tastes of the entire community have been the purchases from month to month of new books just published. Adult fiction and children's books by authors of established reputation have been especially popular and purchases number 25 to 30 each month. Many of these books are borrowed for home reading as are standard works from among the 13,000 volumes available. Standard works are also purchased regularly.

It is well that the Library's own resources are augmented by gifts of books, time and money from volunteers and from groups. Maintenance of building and grounds is in itself a problem this year involving retaining walls, brush clearance, a new oil tank,

lighting and wiring, roof repair, bulkhead and Library sign repairs. In all these matters of Library direction this year's James Library Committee has labored earnestly to maintain the highest standards of Library service within its power so as to serve the best interests of Norwell townspeople.

Respectfully submitted,

VICTOR CARPENTER

Report of the Fire Department For the Year 1960

The Board of Fire Engineers submits to the Board of Selectmen and to the Citizens of Norwell the following report covering the activities of the Fire Department during the past year.

The Communication Center proved its worth in handling 3,857 calls for the Fire Department up to December 1, 1960. These calls consisted of the following:

Building Fires (Includes electrical, chimney and burners)	31
Grass and Woods Fires	62
Dump Fires	6
Auto Fires	18
Mutual Aid	4
False Alarms	9
Smoke Investigations	17
Miscellaneous Fire Calls (Includes Standbys)	40
Resuscitator Calls	18
Accidents	4
Lost Children	3
Fire Permits	2,438
Miscellaneous Phone Calls	1,207
	<hr/>
	3,857

Norwell received Mutual Aid on five different occasions from Hingham, Scituate, Cohasset and Hanover.

During the year necessary repairs were made to the three fire stations. The Ridge Hill Station was painted.

A new gas fired heating system was installed at the Church Hill Station.

Necessary equipment was purchased to keep the department at peak efficiency.

All members of the Department have now received a complete physical examination.

Respectfully submitted,

WARREN P. MERRITT, *Chief*
LORING L. WADSWORTH, *Deputy Chief*
T. CURTIS POWER
JOHN J. WINSKE
JAMES T. KING
FREDERICK K. WILLIAMS, *Clerk*

Board of Fire Engineers

Report of the Permanent Drainage Committee

Board of Selectmen
Norwell, Massachusetts

Gentlemen:

This year saw several changes in Committee personnel. Perry Osborn left after more than a year of invaluable service in acquainting a "green" Committee with the drainage problems of the Town. Pressure of other Town work forced Sterling Myrick to resign. We welcomed Arnold Joseph when he joined our group last March and have leaned heavily on him throughout the year.

One phase of our activity centered on requests from the Planning Board for specific approval of drainage proposals in subdivision plans. A number of meetings were devoted to this and the majority of proposals received were eventually approved after appropriate revisions to the original plans.

Excellent progress has been made on the overall drainage plan for the Town. We have located major water sheds, principal culverts, key surface problems and critical drainage projects on a topographic map of Norwell. This work will be extended and refined in the coming year.

In the course of our work, a number of shortcomings have become evident in the Town's methods of handling drainage problems. Proposals for improvements include:

1. A By-Law change to clarify the Selectmen's responsibility to revise and approve drainage conditions on individual building sites.

This would enable the Town to exercise control of drainage in building sites not requiring approval under the "Subdivision Control Law." The present loophole is a major source of this Town's drainage problem.

2. Appropriations of funds for drainage by a type or class allotment rather than the present method.

A change here would improve flexibility, efficiency and economy. This requires more detailed coverage than space permits here. This Committee will present a detailed plan to the Town on this subject.

3. More thorough engineering surveys and plans prior to work on any major drainage projects.

Properly engineered drainage is the most efficient and the least expensive. Norwell has reached a point where old "rule of

thumb" methods must be scrapped. Improper drainage at any point in a system has far reaching effects throughout that entire system. The method of financing would be an important section of Proposal 2.

Respectfully submitted,

RICHARD E. SPLAINE, *Chairman*
ROBERT S. LARSON
E. ARNOLD JOSEPH
WILLIAM E. RITCHIE, *Clerk*

Report of Tree Warden and Moth Superintendent

Board of Selectmen
Norwell, Massachusetts

Gentlemen:

As Tree Warden and Moth Superintendent, I wish to submit the following report to the citizens of Norwell.

The shade tree planting program was continued this year. A total of fifty-one (51) shade tree plantings were made along the streets of Norwell. Most of these trees are grown, at least in part, in our Town nursery located on River Street. I believe this to be a most worthwhile part of our work, and believe it should be a major activity of Norwell's Tree Department.

There have been over fifty Elm trees removed from our roadsides this year, which include all the known diseased roadside Elms, except several experimental ones. Research still tells us there is no cure for Dutch Elm Disease. The only proven method of any control is the removal of diseased trees.

While there was not a substantial loss of sound roadside trees during the September Hurricane, many trees suffered severe damage. During the following months much of this damage will be repaired, but many trees will still be in a weakened condition.

Much of the Poison Ivy on our roadsides has been eliminated, but this is a constant operation since this plant spreads prolifically. Reports of Poison Ivy growth, especially where it is likely to come in contact with children, would be appreciated by the Department.

I wish to thank all of the other Departments for their cooperation with the Tree Department, especially during the Hurricane.

Respectfully submitted,

WESLEY H. OSBORNE, JR.
*Tree Warden and
Moth Superintendent.*

Report of the Norwell Visiting Nurse Association, Inc.

To the Selectmen:

The program from January 1, 1960 to December 31, 1960 has been as follows:

1. Home Nursing Care
2. Well Child Clinics
3. High School Dental Clinic
4. Hospital beds, crutches, wheelchairs, commodes, etc. are available to all the townspeople. No charge is made for sick room supplies. Also, an exercise bicycle for use to strengthen muscles after a broken hip or a long illness. New equipment purchased, 1 pair of aluminum crutches and 3 pairs of adjustable crutches.
5. An automobile for nursing and school service.
6. Maintenance of Health Clinics at the request of Town, County, and State.
7. Charity.
8. Two Nursing scholarships to High School students awarded in 1960 to Margaret R. Nolan and Joanne Anderson, both at Quincy City Hospital.

Home Nursing Care is ably staffed by Miss Catherine Roe, assisted by Mrs. Mildred Wilcox, who is available during vacations, sick leave and the more active weeks of school. With the opening of the new school, Miss Roe will require extra hours of assistance which has up to the present time been furnished and paid for by the Nursing Association.

The Well Child Clinic had ten clinics during this year. The summer clinics in July and August were discontinued. Dr. Alice Butler, pediatrician, is assisted by Mrs. Harold King and Mrs. Thomas Barstow. Mrs. Phillip Young is chairman of transportation assisted by Mrs. James W. Robertson. Mrs. King has been sending letters to all mothers of new babies whose births have been reported. Do make use of our clinic. For information and appointments call Mrs. Harold King at OL 9-2804.

The Annual Membership Drive with Mrs. Theodore Dyer as chairman and Mrs. Earle Allen, treasurer, brought a welcome response from 233 contributors with 20 new members. The amount from September 1, 1960 to December 1, 1960 was \$688.44 including interest. There are 338 active members.

THE HIGH SCHOOL DENTAL CLINIC. Mrs. Robert Gould now conducts the clinic which is sponsored by the Visiting Nurse Association of Norwell. At the high school level this has proved to be very satisfactory. The teeth of each pupil are examined and a card sent to the parents. If prophylaxis is indicated, it is available for the fee of one dollar.

An added service has been the donation from the rummage sales of clothing for both men and women at the Plymouth County Farm. This year large boxes of clothing were picked up by the New England Hemophilia Association. Warm wool clothing to be repaired and sent overseas for refugees. We wish to thank all the people who so generously contributed to our rummage sales and our Annual Membership Drive. The board members feel that the reason each sale seems to be more successful than the last is because of the interest shown by everyone in Norwell. More rummage is delivered in person to the "Old Shop at Sparrell's" ahead of the dates. This year three large truckloads were picked up at the shop.

During the past year Mrs. A. W. Gilmore resigned as an active board member to become an associate member. Mrs. Phillip Young was voted a regular board member to fill this vacancy.

The treasurer's report which follows will show the source of income and expenditures.

Anyone in need of Nursing Care call OL 9-2342 before 9 A.M. or before 1 P.M.

With regret we note the death in March of Mr. James H. Barnard. He was a charter member and treasurer for many years and later supervised the purchase and maintenance of the Visiting Nurse's automobile.

It is interesting to note in the minutes of the Organization's Meeting which was held November 6, 1924 that the subscribers to the agreement of the Association were Mrs. Charlotte Ogden, Mr. James H. Barnard, Mrs. Alice Merritt, Mrs. Isabella Fogg, Mrs. Emeline Barnard, Rev. Alfred J. Wilson, Mr. William J. Leonard, Mr. Alvan G. Spencer, and Mr. J. Lyman Wadsworth. Mr. Barnard was elected treasurer at this first meeting and continued an active and interested member all these years.

Another loyal and honored member of the board died in November — Mrs. H. Day Atwater. She instigated our successful rummage sales when she was president of the organization.

The Annual Meeting and Tea will be held at the Parish House, Norwell Center on Wednesday, March 1, 1961 at 2:30 P.M. Mrs. Clarke Atwater is Tea Chairman. We expect to have an interesting speaker. All are urged to attend.

Respectfully submitted,

GRACE L. SPARRELL,
President.

Report of the Veterans' Agent

Chapter 115 of the State Laws is devoted to the subject "Veterans' Benefits" and includes the strict delineation of the responsibilities of the towns and if the towns do not properly administer the Veterans' Benefits as required by law, the State Commissioner of Veterans' Services has the authority to make such determinations as may be necessary in any case where the town or town's agent is not carrying out the legal responsibilities. The charges accrued under such a situation can be charged back to the town and will be applied by the State Treasurer as an additional tax on such town.

The law requires that the Selectmen shall establish a department of Veterans' Services and the officer in charge will be known as the Director of Veterans' Services. The Acts of 1946, Chapter 599 provided that if a Director of Veterans' Services was not appointed then the Veterans' Agent must carry out all the requirements under the law for administration of the various veterans' services and benefits.

During the past ten years the responsibility for the administration of the Veterans' Services has been lodged in the Selectmen's office, and until 1957 a Selectman was appointed each year to take the responsibility as Veterans' Agent.

During the years 1957, 1958 and 1959 the responsibility was carried out by unpaid, voluntary American Legion members acting as Veterans' Agent.

For the year 1960 it was agreed between the Board of Selectmen and the incumbent Veterans' Agent that an item would be placed in the Town Warrant under Budgetary Items for a salary for this position. Despite the fact that the Board of Selectmen and the incumbent Veterans' Agent pointed out that this was a paid position in every surrounding town and certainly some token salary should be applied to the position, the Advisory Board and the Townspeople did not see fit to provide the funds for the requested salary.

Promptly, subsequent to the Town Meeting, the incumbent Veterans' Agent resigned and the Selectmen again had the problem and continued to administer the needs of Veterans until the State advised the Board of Selectmen that the reports and all papers must be signed by the Chairman of the Board of Selectmen if we were going to continue to handle these matters, and at this point the Selectmen voted Earle F. Allen to become once more responsible for the Veterans' Benefits administration as Veterans' Agent.

If this program is not administered by the proper, experienced official the Town will experience a loss of reimbursements from the State, due to improper handling of the necessary details, which are very comprehensive and substantial in nature because of the legal requirements as set forth in the state laws.

The growing pains in the department of Veterans' Services are just as evident as in other phases of municipal government in the Town of Norwell.

Other nearby towns expend about the same amount of money as Norwell does, in the vicinity of \$6,000 to \$10,000, but they apparently enjoy greater reimbursements from the State than our experiences have indicated. They all carry expense accounts of a few hundred dollars with salaries ranging from \$450 to \$1200 per year.

The problem is not merely one of money to pay salaries, expenses and aid, but one of human understanding of people's problems.

The above explanation is made for the purpose of bringing the residents of the Town of Norwell up-to-date on this very important problem and indicates the reason why this report is being signed once more by a Selectman.

EARLE F. ALLEN,
Veterans' Agent.

Report of the Inspector of Animals

To the Board of Selectmen:

Gentlemen:

I have completed my duties as Inspector of Animals for the year 1960.

A report was filed by me to the Division of Livestock Disease Control as to the census of animals in the Town of Norwell.

Respectfully submitted,

RICHARD E. CUGNASCA, D.V.M.
Inspector of Animals.

Report of the Dog Officer

To the Selectmen of the Town of Norwell

Gentlemen:

I herewith submit my report as Dog Officer for the Town of Norwell for the year 1960.

Stray dogs picked up	17
Dogs disposed of	4
Injured stray dogs brought to vet	3
Dogs returned to owners	24
Complaints investigated	22
Answered over 100 miscellaneous complaints	

As of April 1960, all dogs picked up are not destroyed but after 10 days go to an Animal Center in Boston. A reimbursement goes to the Town of Norwell for those who do not have any diseases.

Please note that this report stands incomplete whereas reports received via Communications Center are not relayed to the Dog Officer.

Respectfully submitted,

ROBERT L. MOLLA, SR.,

Dog Officer.

Report of the Emergency Communications Center

The Emergency Communications Center has completed its first full year of operations with results that have proved invaluable to the residents of Norwell. Emergencies of all kinds have been handled by the Center quickly and efficiently so that aid has been summoned in these situations in a manner heretofore impossible. Up to December 1st, at the time of writing, over 12,000 emergency and information calls — not including radio traffic — were handled during the calendar year.

Fire permits were issued, greatly expediting and clarifying this problem which has been difficult for a volunteer fire department in the past. A more detailed report of these calls will be found in the Fire and Police Department reports. It should be emphasized that all calls reported by these departments are now handled by the Emergency Communications Center. Also, many calls are received for the Board of Health, Dog Officer, Water Department, and Highway Department as well as innumerable "general information" calls, and these must be referred to the proper officials.

A 10 KW generator was purchased by the Civil Defense Agency from Surplus and is now on a standby basis in Fire Station No. 1 for operation of the Center and Station No. 1. This generator is large enough to heat and light the entire Town Hall and it is to be hoped that in the future funds will be available for the permanent installation of this invaluable unit.

Through the efforts of Chief Bradeen, and Officers Baldwin and Young, accoustical tile was placed on the ceiling and part of the walls of the Center, resulting in a great reduction of the noise factor of this operation.

The Budget for 1961 allows for an increase in the compensation for the operators, from approximately 85¢ an hour to \$1.00 an hour, as of March 1, 1961. This is still a very low scale for work of this responsibility and hardly removes the job from that of "volunteer," but is recommended as an expression of appreciation for the excellent way in which this work has been done. Norwell is indeed fortunate to have a "crew" willing and qualified to do this important work. It is interesting to note how many adjacent towns are now establishing Communication Centers patterned after Norwell's, and is further evidence of its value to a community.

The Committee wishes to pay tribute to the Town Hall Staff and the operators on duty nights, weekends and Holidays, for the excellent job they have done, and to thank them for their faithfulness and regularity in adhering to a schedule which we all realize at times must be inconvenient or awkward for one's personal or family's plans.

Respectfully submitted,

W. CLARKE ATWATER, *Chairman*
KENNETH J. BRADEEN
WARREN P. MERRITT

Report of the By-Laws Committee

To the Selectmen of the Town of Norwell

Gentlemen:

The following is a report of the By-Laws Committee for the year ending December 31, 1960.

In accordance with the instructions of the Town given at the 1959 and 1960 Annual Town Meetings, the By-Laws Committee has:

- (1) completed a study of the Town By-Laws;
- (2) prepared a report and a revised set of Town By-Laws which shall be presented at the next Annual Town Meeting; and
- (3) submitted articles, which incorporate our recommendations and the revised By-Laws, for inclusion in the Warrant calling the next Annual Town Meeting.

During the past few months, the Committee has reviewed the revised By-Laws with Town Departments, Boards and Officers in order to obtain the benefit of their comments and recommendations. The Committee is grateful for the constructive response of these officials.

Respectfully submitted,

WILLIAM B. SOUTHWORTH, *Chairman*
DAVID LEE TURNER, *Clerk*
HORACE ROSS
SANBORN VINCENT
DONALD WHITEMORE

By-Laws Committee

Report of South Shore Mosquito Control Project

To the Citizens of Norwell:

Submitted herewith is the report of the South Shore Mosquito Control Project regarding its activities in the Town of Norwell for the year ending December 31, 1960.

The Town of Norwell appropriated \$7350 for mosquito control in 1960.

The basic program of control continued to be based on drainage in the off-season and larvaciding of all areas found to be breeding during the mosquito season. Fog generators and mist blowers were used to combat flying mosquitoes.

The drainage has eliminated some crew spraying and much air spray acreage, thus making it possible to absorb higher cost, deal with new breeding areas found or created, and yet lower the yearly budget request, or at least keep it the same.

In the Town of Norwell the following ditch work was done: 225 feet of ditches cleaned, 125 feet reclaimed and 225 feet of new ditch has been dug. In addition 350 feet of brushing has been done to facilitate entrance to and passage along streams for the purpose of cleaning and treating streams and swamps.

The spring air spraying of all fresh water swamps too large to be treated by hand was done in the latter part of April and first of May. 2315 acres were sprayed in the Town of Norwell.

A mid-winter pre-hatch dust application will be done with pack dusters in the Town of Norwell. The amount of dusting and areas covered will depend on ice cover on small wet areas, as this is needed to make application. However, this Project has acquired a power duster and where we have vehicle access this will be used without need for ice.

The Project will continue its drainage program set up for the Town of Norwell as it feels this to be the best long range and certain method of getting control over mosquitoes.

WILLIAM C. BENNETT,
South Shore Commissioner.

Report of the Highway Surveyor

To the Citizens of Norwell:

I submit my first annual report of the Highway Department for 1961.

Our Spring work began with cleaning up and moving Town equipment to Town property, cement pipe and catch basin block to the Town field on River Street and the sand pile to the Town Dump.

We started our maintenance work by cleaning catch basins, gutters and water ways. Our Chapter 81 work, tarring and maintenance, was carried out under the watchful eye of the State Department of Public Works Engineer. It has been a great pleasure for me to work with this department and the Town should be thankful for the fine cooperation that we have received from the District Office at Middleboro. The streets worked on under Chapter 81 are listed at the end of this report.

The Chapter 91 project was carried out on Main Street just below the Center. A drainage system made up of 18" pipe, eleven (11) catch basins and six (6) manholes was carried up Main Street from Copper Corner Brook to Norwell Center and the existing system connecting directly to the Second Herring Brook, a distance of 1600'. A bituminous concrete top was laid from below Winter Street to the brook at Dover Street. This area has been finished, graded and seeded, and white lines have been painted on the roadway from the Scituate Line to Norwell Center.

During the Fall, Hurricane Donna came along causing considerable damage along the roadsides and highways setting us back in our maintenance work and sealing. With the cooperation of the Tree, Fire and Police Departments all highways were kept passable and the clean-up work is practically finished.

The drainage in Washington Park has not been completed because of the extension of the Expressway and we are hoping to lower the water table here. This Department and the Drainage Committee has kept in very close touch with the extension throughout Norwell and I am sure this project will be well underway by the Summer of 1961.

We also have a very fine family of beavers working in the Wildcat section and the Green Street drainage project will be completed as soon as we can lower the water table there. We are indeed thankful that Mosquito Control is helping us there.

In July this Department took delivery on a new pick-up truck and two, 4 yard, dump trucks. These have proven to be very satisfactory and we are receiving reimbursement for the expense of these trucks from the State through the State Aid Project. This money is put in a Road Machinery Fund. These trucks are fitted for snow removal and saved the Town approximately \$1000 during the snow storms of December 12 and 17, 1960. By the end of December the dump trucks will have approximately 6000 miles on each and the Pick-up truck about 10,000 miles.

The Highway Department has been very fortunate in finding quarters on Cross Street for the storage of these vehicles and for the storage of tools. This garage is 32' x 36' and has been very adequate.

I wish to express my sincere appreciation for the fine cooperation extended to me by the Town Officials, the citizens of Norwell, and the various committees and departments that I have had the pleasure of working with.

Respectfully submitted,

E. ARNOLD JOSEPH,

Highway Surveyor.

Report of the Board of Water Commissioners

The following is a report of the Water Board for the year ending December 31, 1960.

The general water system has worked well during the past year. Except for a major leak on River Street and several minor service leaks the system has worked without major difficulty.

During the year 80,241,000 gallons of water was pumped from the Norwell Water Source.

The number of takers as of December 1960 is 806.

Services installed in 1960 was 36.

At the 1958 March Meeting the Water Board was requested to prepare and submit a Water Main Extension Report to the voters of the Town. This report, which was submitted to the 1958 annual meeting, showed a projected yearly schedule for the installation of water mains on the public streets. In accord with this plan the Board has submitted an Article for the 1961 Warrant for the laying of a water main on Central Street. This project is the first part of a loop connection designed to connect the mains at Norwell Center with the ones on Washington Street near Grove Street. This loop connection is needed to effect a two way feeder system and to deliver a greater volume of water for fire department use to the rapidly growing western area of the Town.

During the year a new water source north of Grove Street was tested for quantity and quality and subsequently approved as a site for a public water source by the State Department of Public Health providing the required land and access thereto is acquired by the Town. At the time this report is being written steps are being made to acquire the necessary land area.

Although the Town has a new potential water source north of Grove Street, we believe, because of the anticipated growth of the Town, that testing for new water sources should continue. If the location of such sources are known there is little danger of a

water shortage such as has been experienced by some locations in this area. We are therefore submitting an article in this year's warrant for money to continue this work.

The Board meets on Thursday evenings at 8:00 p.m. at their office on Pleasant Street. The public is invited to attend these meetings and to offer any comments or opinions in relation to this department.

The Board wishes to express its appreciation to other Town Boards and personnel for the co-operation they have given us during the year.

Respectfully submitted,

EDWARD F. WALSH, *Chairman*
AUGUSTIN J. THIBODEAU
JACOB LEE TURNER

Board of Water Commissioners

Report of Industrial and Development Commission

Board of Selectmen:
Norwell, Massachusetts

Gentlemen:

Submitted herewith is the report of The Norwell Industrial and Development Commission for the year ending December 31, 1960.

We assembled data relating to business and commercial zones in the town of Norwell and the adjoining areas in Hingham, Rockland and Hanover. Mr. Loring Jacobs was retained to prepare maps setting forth pertinent features in these areas.

Meetings have been held with the representatives of the Industrial and Development Boards of the aforementioned towns to consider means of cooperating for the mutual benefit of the towns and to discuss future development along the Southeast Expressway.

Members of the Commission have met with representatives of firms or groups contemplating this town as a site for their businesses.

We are studying, very carefully, the possible rezoning of areas in the town which should be or should not be reserved for business and industry.

Many of the inquiries which we have received have pertained to the Pond Street — Southeast Expressway area. We anticipate an increase in the interest to be shown in this area as well as others in the Town after the Expressway is completed. The coming of Motel 128 will be a definite contribution to our tax system and should be an important factor in encouraging other business and industry to establish plants in Norwell.

Respectfully submitted,

HENRY ABRAHAM, *Chairman*

JOHN E. ANDREWS, *Clerk*

Report of General School Building Committee

Organization of the General School Building Committee and its first Meeting — November 30, 1959:

S. W. Haynes and Associates, Inc. appointed as the Architects for the new High School — January 4, 1960.

Architects Korslund, LeNormand and Quann appointed for consideration of expanding present high school and elementary school requirements — January 4, 1960.

The Town voted for the new High School Building — February 23, 1960.

Contract for the School Building Assistance Commission approved construction, was signed six months after the Committee's appointment — May 26, 1960.

Total of Contractor's requisitions establishes the new building to be one-third completed on December 1, 1960.

CONSTRUCTION STATUS DECEMBER 1, 1960

All footings, foundations and floors

Partial wall structures

Partial heating, plumbing and electrical work

Boilers and steel structure in the process of installation

Ledge removal, waterproofing and deep footings required for ground conditions on town-owned site completed.

Site contract bids, as separate from the General Contract, opened December 8th.

FINANCIAL:

Borrowing for the new school limited to \$800,000, due to accelerated State reimbursement, available only by using stabilization funds. A short-term loan was used to establish the November maturity date, thus eliminating future tax anticipation borrowing

COMMITTEE CONSIDERATIONS:

Preparations of requirements and bids for the new high school equipment.

Conversion of present High School into a junior high school. Elementary school future requirements based on two comparative absolutes; namely, present enrollments and pre-school maturities and the unknown, incoming population increase as influenced by the monthly Building Permits issued.

CONCLUSIONS:

New High School anticipated ready for occupancy September 10, 1961.

Allowing two years for development and limiting construction needs to five years after completion, the Elementary School situation does not appear to be acute under present building restrictions.

Respectfully submitted,

MARGARET CROWELL, *Town Treasurer.*

Report of the Board of Assessors

At the time of writing this report early in December, our work with Mr. John Hewitt, the professional appraiser whom we hired by vote of the Town, has temporarily been suspended. The inspection of houses, other buildings and commercial properties has been completed. Much of the land valuation has been done, but the balance of the maps must be received before this part of the project can be completed. The map work has been a long battle but before the end of the year it is hoped that the maps will be complete so far as it is possible. It must be remembered that for some years there will be land in Norwell, as in surrounding towns, on which the ownership and bounds will be questionable because of the absence of identifiable and correct descriptions in the deeds. Assessors maps such as we are preparing must never be considered as correct as engineering maps, as the work is done from aero-photos and deeds, and is not an engineering survey done on the ground.

The Assessors must now devote several months in assimilating the records which have been accumulated, reviewing all values, checking street listings, equalizing property and land values, and then establish the valuations which will be used for the 1961 tax rate and assessments. The Norwell Assessors do not choose to "pass the buck" to our appraisal advisor and thereby "get off the hook." It is our responsibility based on experience and study to be convinced as much as possible that the valuations are fair to the taxpayer of Norwell — that they are equalized to the best of our ability — that the valuation fixed by the appraiser is fair under present market conditions.

Just what is the job of the local Assessor? The Assessor is elected to office by the will of the citizens he serves to see that the cost of the services provided by the other departments of the Town shall be spread justly in accordance with the laws which the people themselves, through their chosen representatives, have adopted. The Assessor, in fact, although elected in the Town, is a servant of the Commonwealth, acting in accordance with the state law and under the supervision of the Department of Taxation and Corporation.

And what does this law require? It says that the Assessors, for the purpose of taxes, shall assess property at "fair cash value." The Assessors do not make or create value. They recognize value and report it, and let it be understood that valuation is not an exact science. There are too many imponderables which effect value. The best appraiser, after study of all factors involved, can only

come up with an "estimate of value." That is why the judgment of an appraiser or an Assessor must be based on long experience and training.

What are these factors which effect value? Basically, three main influences must be studied. They are: (1) Sales (2) Cost (3) Income. The Assessor must be familiar with current sales—he must ascertain as nearly as he can whether the sale shows agreement between "a willing seller" and a "willing buyer" and he must determine in his own mind whether a sales price is a true value, not a price representing a "straw" deal or some kind of a fixed up deal to cover other items in the sale such as furniture.

The Assessor must also study the cost or reproduction cost less depreciation and for this job he must have records showing the size of the property, type of construction, facilities available, size of lot, etc.

The income factor applies to rentable properties like motels and stores in particular, but also can be applied to a home. If it were rented, what income would it produce and what is its rental value as a home to the owner — if he were forced to rent a similar property?

Then there are other factors effecting value such as functional obsolescence, (i.e. poor room arrangement), physical obsolescence (i.e. poor condition of property), economical obsolescence (deterioration of the neighborhood.) Then there are the social elements effecting the value (i.e. poor neighborhood, etc.), legal elements (i.e. zoning, deed restrictions, etc.)

These are a few samples of the considerations which your Assessors must bear in mind when they put a value on your property. It also goes to show how valuable experience and training over a period of years is an essential qualification for an Assessor. No longer can the job be done in a few hours a year — through the windshield of the car, and the Assessor must be thoroughly familiar with what the current real estate situation is in the town.

Just bear in mind the changes that have taken place in Norwell during the past few years and what may take place in the years to come.

Land values in Norwell present an even more complicated picture. The so-called "developments" or areas where lots of land are laid out and so recorded are comparatively easy to value as a uniformity of type and sales prevails. It is the large tracts that are the problem to the Assessors. We legally cannot adopt an economic theory. Legally, we must assess everyone on an equal cash value. We cannot discriminate between those who are ob-

vously land speculators, and those we know may be holding valuable land because they love it or want its protection around their homes. All of this land has the same potential cash value. It would not be fair to other taxpayers to let the speculators off with a light tax burden when he is the owner of a valuable piece of property. Nor is it fair to other taxpayers to let one who is sentimentally attached to his land off with a light tax simply because he doesn't wish to sell. He should carry his share of the burden and he, himself, must decide whether continued ownership is worth the price. The Norwell Assessors, least of all, wish to force the sale of any tracts of land, but they cannot discriminate between owners.

Land values have increased rapidly in Norwell within a very short time, as shown by the current sales prices. It is startling to many of us who have lived here many years; but many factors, the Southeast Expressway among them, have brought about this circumstance. It is here and we must face it. Fortunately, we are protected from a complete land development orgy by a reasonably sound zoning law.

We have tried, above, to bring out a few problems which face your Board of Assessors and we hope the taxpayers realize that this is a difficult and important Town job. After all, it is the source of the greater part of the town's income and it is a job which necessitates training, experience, and constant vigilance so that the tax load may be equitably distributed. We regret that such a large part of the tax load must be assessed to real estate, but until the voters see fit to remedy this situation through action by the representatives in the Legislature, the burden must fall where it does.

The Assessors of Norwell will be approaching 1961 with a completed tax equalization program which will be used for the 1961 tax assessments, but in which the price valuations cannot be estimated until much more study is completed. The Town has a set of Assessors' Maps for the first time in its history and the Assessors' records have been completely modernized into a much more efficient system.

The problem of clerical assistance is an increasing one in spite of efforts towards efficiency and consolidation. All deeds from the Registry must be processed, studied and grantor-grantee cards prepared for the files. Notes of these transactions must be made on the assessment cards. Furthermore, the State must be notified of all sales and how they compare with assessed values.

The Motor Vehicle Excise Tax creates a tremendous amount of clerical work both for the Assessors and Tax Collector. More

than 2500 cards were processed prior to December 1, 1960, with approximately 200 abatement requests to be handled. These all must be surveyed by the Assessors and many necessitate correspondence with the Registry, State Tax Department and vehicle owner.

Then there are the real estate abatement requests which must be studied and processed, as well as many abatement requests for poll taxes, Veteran's Exemptions etc. The real estate commitment to the Collector alone takes one clerk two months of constant typing and this cannot be done in conjunction with other routine work as it entails great concentration. The Assessors' office now requires one full time clerk and a parttime clerk for over half time.

As of January 1, 1961, we estimate there will be approximately 1600 dwellings and 3700 parcels of land in Norwell, and we have just received the advance report of Norwell's population from the 1960 census of 5,207 inhabitants.

We must realize that Norwell is now a three million dollar business, including bond issues for such purposes as schools, and stop kidding ourselves that it can be run as it was ten years ago. It is not only big business but it must be managed like big business, efficiently and accurately, and in accordance with increasing legislation.

At the behest of the voters of this country, government is an ever-increasing influence in the lives of, and hence, a burden on the taxpayers, and this applies locally as well as on a federal level. The taxpayers must recognize this and provide their elected public servants with the tools to do the job properly.

W. CLARKE ATWATER, *Chairman*

Report of the Planning Board

Board of Selectmen
Norwell, Massachusetts

Gentlemen:

During the past year, from Norwell's point of view, a very significant trend has become apparent. A trend, we might add, that confirms the most educated guesses of our more foresighted citizens. Subdivision of Norwell land is beginning to blossom. During the past year, plans have been submitted and approved under the Subdivision Control Law for 30 new building lots. In addition, applications and preliminary applications or plans have been submitted for 82 new building lots.

The Planning Board feels that this is only the beginning and that the years in the immediate future will see this trend accelerated. For this reason, many changes in the Zoning By-Laws will be proposed at the Annual Town Meeting in March, 1961 for consideration by the Townspeople. Most of these changes are designed to clarify portions of the Zoning By-Law and to strengthen those portions considered weak. The time to do this, in the Board's opinion, is now when we have the opportunity of doing so with a minimum of inconvenience and hardship to the residents of the Town. To wait is a mistake and, as we all know, merely increases the exposure of hardship as the Town expands. That these changes are necessary, we feel, is self-evident. We urge your support in order to insure the best possible growth for Norwell — a growth that cannot be denied but can be directed to the best interests of all.

During 1960 the Board has approved expansion of the Cruckshank Subdivision (off Oak Street) by 12 lots. The Meadowbrook Realty Trust Subdivision off River Street, consisting of 17 lots, has been approved. An application by Mr. Eric Fallgren of 22 lots in a subdivision off Main Street is presently under consideration. An application by the Petrell Land Development Corp. for approximately 40 lots off Pleasant Street was denied. A preliminary plan was submitted for 60 lots in a subdivision off Washington Street. In addition, many plans, numbering in the hundreds, were submitted to the Board which, while not coming under the Subdivision Control Law, must be approved by the Board.

A significant improvement was made in the zoning of the Town for business purposes during 1960. The area along Washington Street, zoned for business, was increased substantially

from a depth of 300 ft. to a depth varying upwards to 1500 ft. Also, in the Special Meeting held in October, an area of approximately 125 acres fronting on Pond Street, adjacent to the Expressway and a major four-way interchange, was zoned for purely business and industrial purposes. It is the Board's opinion that the land requirements for business and industrial growth for many years have been provided for adequately.

Times change, however, and the job of planning is never-ending. The future well being of the Town, the maintenance of its property values and the desirability as well as the future cost of operations is an important phase of the Planning Board's function. The interest of the Town in the work of the Board is vital to all of us and, for this reason, we ask your careful consideration of the future needs of Norwell and solicit your opinions and suggestions.

Respectfully submitted,

FREDERICK C. TRUELOVE, *Chairman*

RALPH COLEMAN

GILMAN O. WALES

GEORGE E. JOSEPH

JOSEPH P. PARADIS, *Clerk*

Public Welfare Report

Board of Selectmen:

Gentlemen:

The year 1960 showed no great change as to the number of persons receiving aid under the different categories of assistance over the past few years.

Rates paid for hospital care were greatly increased in 1960 and further increases become effective January 1, 1961.

We have a new category, Medical Assistance for the Aged. This is the federal medical assistance program which the state adopted, effective October 1, 1960. This will require a substantial increase in our 1961 budget.

Federal grants are being received regularly. The state reimbursements when received are credited to the E & D account.

Following is a summary (all categories) of appropriations, receipts, and expenses. A complete breakdown will be found in the Town Accountant's report.

Appropriations and Receipts — 1960

Town Appropriations	\$34,750.00
All Federal Accounts Balance 1/1/60	31,733.31
Receipts Federal Funds 1960	19,832.79
Receipts State and Towns 1960 — to E & D	11,312.21
TOTAL	\$97,628.31

Expenditures — 1960

Town Account — Aid	\$25,529.05
Federal Account — Aid	13,944.88
Town Account — Expenses & Administration	3,750.00
Federal Account — Expenses & Administration	4,122.14
TOTAL	\$47,346.07
Balance Federal account Dec. 31, 1960	33,499.08
To E & D Account (State, Town receipts)	16,783.16
TOTAL	\$97,628.31
Net Cost to Town — Aid and Administration	\$13,091.70

RALPH H. COLEMAN, *Chairman*
JOHN D. LINDSAY
MINNA R. SENGER

Board of Public Welfare

Report of the School Committee

To the Citizens of Norwell:

In making our report to you, we would first review the status of a school committee, which was defined by law as early as 1826, when the General Court enacted a statute requiring every municipality to elect a school committee, in whose hands sole charge of the public schools, under a system of State Laws and Regulations, was placed. Ours is a policy-making body with responsibility for supervision of the administration of these policies.

At the last meeting of the Superintendency Union, it was voted to continue the Union for at least another year. We feel we are getting our money's worth and do not advocate dissolution of the Union. Each town has given Mr. Bradley help, relieving him of some particular part of his load. Norwell's contribution was the appointment of Mr. Small as Assistant Superintendent. We are confident this is a step in the right direction for Norwell, as these two educators, working together, are producing admirable results. Mr. Small has been placed on an eleven month basis, which gives him one month almost entirely free to apply to upper administrative problems. This year we have placed Mr. Hayes, Principal of the Cole School, and Mr. Chandler, Guidance teacher, on like basis (11 month). Thus the team will have a month of uninterrupted time in which to evaluate the schools, programs, teachers, and pupils' work for the year past and pattern the new year by their findings.

After the March election, the school committee organized as follows:

Ernest W. Haskins, Jr., Chairman

Nellie L. Sparrell, Secretary

The Committee met regularly on the second Wednesday of each month, beside many special meetings, when necessary. All meetings have been advertised in compliance with the so-called "open meeting" law (Chapter 626 of the General Laws). The press has attended many of our meetings, and we have been visited by many parents or others, when interested in something special.

We have advertised for bids on various articles and/or services, calling for an expenditure of \$300 or over. All proposals

were opened in open meeting and contracts awarded in like manner.

Below is a list of same, as received and awarded.

Milk:

White Bros	homogenized in	cartons	\$.059
	"	" glass	.0575
Hillcrest Farm	"	" paper cartons	
		or glass	.0585
H. P. Hood & Sons	"	" paper cartons	
		or glass	.0645

The contract was awarded to White Bros.

Fuel:

Quincy Oil Co.	No. 5 Fuel Oil @	\$3.54	per bbl.

chairs @ \$7.31
desks @ 11.26

Davis & Nye

chairs @ \$6.95
desks @ 10.60

Henry S. Wolkin

chairs @ \$6.05 and 7.15
desks @ 10.65

Gledhill Bros.

chairs @ \$8.00
desks @ 11.50

Manico Co.

chairs @ \$6.00
desks @ 11.00

Contract given to Davis & Nye at \$6.95 for chairs, \$10. for desks.

Bids on Partitions at Main Street Elementary School:

Construction Supply Co., Weiss partition \$629.00
Construction Specialties Co., Weiss partition 658.00
Contract awarded to Construction Supply Co. @ \$629.00

Mason Work for Installation of Same:

Frank Castiglioni & Biagini, Inc. \$270.00
Only bid received. Total cost of work.

Grace Farrar Cole School Grounds:

Joseph Fahey

Grading and seeding entire grounds and loaming to depth of 3 inches *and*

1. layout of varsity ball field	\$4,875.00
2. layout of little league size field	2,475.00
3. layout of both fields	6,970.00

Albert Graglia

Grading and seeding entire grounds and loaming to depth of 3 inches *and*

1. layout of varsity ball field	\$7,700.00
2. layout of little league field	3,350.00
3. layout of both fields	10,750.00

Contract awarded to Joseph Fahey for \$6970 for grading, loaming entire grounds so it averages 3 inches, and layout of the two baseball fields.

The entire grounds were graded, the depth of loam brought up to 3 inches and the two baseball diamonds layed out. The Committee chose the two field layout in order to provide facilities for the High School, until such time as the new High School grounds are available; also for the use of local organizations, subject to permission of the School Committee. The entire cost of the project is borne by Public Law 874, therefore does not figure in the tax levy. Beside the practical use to the pupils, the finished grounds will be a beauty spot in the town.

At present, the towns comprising the Superintendency Union are considering a joint program of nature and historic resources. If agreed upon, each town would be liable for one-third the salary of a Supervisor. It seems essential that our youth learn of our natural and historic resources and take proper steps to preserve them for future generations.

Feeling the need of planning for the future, your Committee has caused to be inserted in the Warrant an article to obtain the 3-acre field directly back of the Main Street Elementary School play field. The Town already owns the land bounding this field on three sides—that 3-acre field having been reserved by the owner at the time our present grounds were purchased. It is a level, cleared field and very desirable for purpose of expansion in whatever endeavor desired.

During the year, we have installed a fire alarm system in the High School, which is directly connected with the Communications Center at the Town Hall. When any blaze occurs in the building, day or night, the alarm is sounded in the Center and all fire companies are alerted. A fire is automatically reported when it starts, thus giving our firemen an excellent opportunity of checking it before there is a chance of much damage. Like service should be installed in the Grace Farrar Cole School and the Main Street Elementary School.

During the year, we have been obliged to curtail our Driver Training Course for automobile licenses, giving only the book instruction. This was due to our inability to obtain a car for the road practice. While there exists two schools of thought relative to the advisability of allowing the pupils to drive at 16 years of age, your Committee feels the advantages outweigh the disadvantages and intend to reinstate the full course as soon as a car may be obtained.

In cooperation with the Board of Health, we are fostering an excellent Health program. Everything possible is being done to keep our pupils in the best of health.

At this time of year, we are again faced with an adjustment of teachers' salaries. A petition has been received from the Teachers' Club asking for certain increases of from \$200 to \$400, also fringe benefits in the way of extended sick leave, etc. We realize our salary schedule to be below that of many of our surrounding towns, and that the State is proposing a \$4400 minimum salary in 1962 for beginner teachers, fresh from college. We realize some adjustment has to be made. We also know we have an excellent corp of teachers and wish to do all in our power to hold their services and show our appreciation of the work they are performing for the schools. We hope to arrive at an amicable solution of the problem.

We are looking toward the value of Guidance Work in our new High School. Parents should contact Mr. Chandler early relative to choosing the future course to be taken by each of their children, to the end that the child may be better fitted to enter the school of his choice.

As we close our report, we leave this thought with you. Education of our young folk is our most important piece of community endeavor. It is costly, and the results obtained will be a reflection of the efforts put into the task. We enjoy our work in behalf of the schools and urge you to continue your interest and support, to the end that our present high rating be retained.

SCHOOL COMMITTEE REGULATIONS

Beginning September, 1959, a child to enter Grade I must have been 5 years old before the previous January 1.

No child under 7 years of age will be admitted to school for the first time after October 1 of any year.

A child entering school for the first time is required to present to the teacher a birth certificate and vaccination, or exemption from vaccination, certificate. Exemptions must be renewed every 6 months.

SIGNAL FOR NO SESSIONS OF SCHOOLS

Signal 7:00 a.m. on the Fire Whistle (one long whistle).

"No School" signals will be broadcast from WBZ, WBET, WORL, and WEEI between 7:00 and 8:00 a.m.

Schools will close in extremely bad weather, but each parent must decide, depending on the conditions of distance, amount of waiting for the bus, protective clothing, etc., whether or not to send children in stormy weather when schools are in session.

WORK CERTIFICATES

Work certificates are necessary only for those children under 18 years of age, and are issued at the offices of the Superintendent of Schools and the High School. When possible, the school office should be used. A birth certificate or other legal proof of age is required to be shown.

Work certificates of those children 14-16 years of age for employment out of school hours are secured at the schools only, or during the summer, from the office of the Superintendent of Schools.

SCHOOL CALENDAR — 1961

REPORT OF THE SUPERINTENDENT OF SCHOOLS

This is my eighteenth annual report to the School Committee and to the Town, and it continues to be one of substantial change and progress.

Norwell is again on the threshold of a major change in its educational development. Currently the high school building is full to capacity with grades 7-12, but with the new high school half completed plans are being formulated for transferring grades 9-12 into the new building in September, 1961, and the use of the present structure for housing grades 6, 7, 8 and possibly some grade 5 children. When the move is accomplished it will be the first time that the senior high school will have been in its own building.

Although the junior high school has been fairly separate for several years the new arrangement will permit more of the staff to teach at their own grade level.

This new alignment of the staff and the continued increase in enrollment will mean additional teachers will be needed for September. The present total of 62 teachers, including principals is made up of 58 full time personnel and six part time supervisors. Approximately ten new teachers will be needed in the fall.

Newly hired teachers are expected to meet the State requirements for certification, namely being a graduate of a college, with a certain number of hours preparation in specific education courses, and in the area they are to teach. In addition actual practice teaching is expected to have been completed. Only specialists in their field are considered for employment, and the candidates are very carefully screened before a recommendation is made to the School Committee. Those teachers who graduated before a degree was required are encouraged to finish their college work.

We note again this year the number of men who are on our staff. Of the total teaching staff of 62 there are 17 men. It is hoped that this balancing of the staff will make for greater stability and less turn over.

Following the growth in the town and the expansion of the staff it has been felt that certain key people should be placed on an 11 month basis and be available throughout the year. Mr. Small was placed on this basis last year and Mr. Chandler and Mr. Hays will start on July 1, 1961.

Salaries of teachers in this area have continued to rise. Norwell has raised its beginning salary for September, 1961 to \$4,200 and increased its maximum bachelor's degree to \$6,000 to be received after 10 years of service. This change puts us in a competitive position with other towns, but still leaves us well behind the leaders.

It is surprising to find that about 15 per cent of our children have parents who are working on federal property. Because of this Norwell has been entitled to P. L. 874 money in the amount of \$21,591 this past year, which amount is available to reduce the tax impact.

Also available for the purchase of science equipment and guidance salary are certain P. L. 864 monies on a quota basis.

The largest help Norwell gets is in State Aid. The total this year is expected to be \$98,058, and although this figure does not appear against the school appropriation in Town Meeting it is available in the E. & D. receipts and is used to reduce the tax levy.

One item in the budget concerns tuition and transportation of those children who need special class education. A study is in progress to find the best and most economical method of providing education for these children who need to progress without grade placement. If the study indicates it a class will be formed in Norwell in September and the practice of sending such children to other towns will be discontinued. The State participation in such a program will be in excess of 50 per cent of the cost.

A new State law effective early in 1961 concerns itself with the education of emotionally disturbed children. If there are enough such children they will be educated in separate classes, and every indication is that Massachusetts will go forward in attempting to do more with these children at the public school level with the hope of saving huge institutional costs at a later date. The services of the Judge Stone Clinic in Brockton are available to our children and their parents, and the consultant comes regularly to our schools in order to help the teachers solve problems in this field.

The number of children who are attending private and parochial schools remains almost constant at 3 per cent of our school age enrollment.

Norwell is a part of the six-town regional vocational school plan, and the report from the committee indicates that they are progressing in their building a vocational school, which will be available for the area. This school, specializing in several vocational subjects, and our new high school with two industrial arts shops should expand our opportunities for boys.

The schools of Norwell continue to be available for adult education through the Practical Arts courses, and other evening functions. Youth groups are particularly encouraged to make use of the buildings.

Education will go forward with the use of the new Norwell High School. A principal for this unit is being sought as Mr. Small has indicated a desire to remain in charge of the junior high building in order to give more time to the supervision of curriculum, which is part of his duties as Assistant Superintendent of Schools.

The Superintendent moved his office in August from the Salmond School, Broadway, Hanover to the Curtis School, Main St., Hanover. It is in this office that the School Department functions. Payrolls, bills, and bookkeeping are handled routinely. The many detailed reports demanded by the Massachusetts Department of Education are processed here. Buying of school supplies is combined on a three-town basis to get the lowest prices. All large repair items are put out to competitive bid. The Superintendent is available in this office the year around except for a very few days in the summer, but he wishes to emphasize that when appointments are made they usually are to meet Norwell residents in the Norwell school office at a mutually acceptable time. Bills or communications can be mailed to the Norwell school office.

It is to be expected that as our school system develops it will need the thinking and cooperation of many people if we are to arrive at the best solutions. Therefore we invite all to be constructively critical of what we are doing and how we can better the product, the education of your children.

We wish to thank the many people who are already working toward this end.

Sincerely,

CLIFTON E. BRADLEY,

Supt. of Schools.

REPORT OF THE HIGH SCHOOL PRINCIPAL

Mr. Clifton E. Bradley
 Superintendent of Schools
 Norwell, Massachusetts

Dear Mr. Bradley,

I submit herewith the annual report of the Principal of the Norwell Junior-Senior High School.

The course offerings at Norwell High School are such in content as to satisfy the needs of the individual and the demands of society. Our graduates continue to meet success as they compete in the several post-secondary schools and in the various vocations with the pupil-products of other high schools, public and private.

‡Begin Sept. 1962

§Begin Sept. 1963

#3 or 5 credits as assigned

The members of the Class of 1960, after graduation, chose to apply their individual talents and interests as follows:

Continuing formal education	62%
Employed in civil service capacity	8%
Entering armed services	6%
Employed otherwise	24%

of those continuing formal education:

55%	entered four-year colleges or universities
3%	entered junior colleges
13%	entered nursing schools
13%	entered business or secretarial schools
13%	entered technical schools
3%	entered other schools

Guidance Director Hugh Chandler worked constantly with all pupils, aiding them in making careful and considered choices in the educational-vocational areas.

The quantity and the quality of subject matter has, respectively, been expanded and improved. Liberal offerings exist in the fields of English, mathematics, science, foreign languages, social studies, commercial subjects, home economics, industrial arts, and physical education. Music, art, and the cocurricular adequately supplement the academic phase of the high-school program.

No school is better than the staff that operates it. The teacher-pupil relationship is of utmost significance. Norwell is fortunate in its faculty, all members of which are professionally competent and enthusiastic.

We are ever conscious of and grateful for the cooperative and constructive support of our efforts by the School Committee, the Superintendent of Schools, Staff members and the Citizens of Norwell.

Respectfully submitted,

FREDERICK A. SMALL, *Principal*.

REPORT OF ELEMENTARY SCHOOL PRINCIPAL

Mr. Clifton E. Bradley
Superintendent of Schools
Norwell, Massachusetts

Dear Mr. Bradley:

Herewith is the annual report of the Norwell Elementary School, Main Street.

Grade	Pupils	Teacher
I	26	Mrs. Leone Pyne
I	25	Mrs. Lillian Ray
I	26	Mrs. Laura McKenney
II	33	Miss Barbara Moran
II	32	Mrs. Marion Cann
III	37	Mrs. Miriam Lincoln
III	36	Miss Delleyne Eldridge
IV	34	Miss Shirley Deknes
IV	34	Mrs. Jean Quinn
V	30	Mrs. Hazel Johnson
V	27	Mrs. Ethel LeMay
VI	27	Mrs. Beatrice Case
VI	28	Mrs. Ethel Sproul
VI	28	Mr. Gerald Wentzell
VI	27	Mr. Walter Kaetzer

Helping Teacher, Mrs. Maude Horne; Physical Education, Mrs. Marion Scheller, Mr. Felix Dixon; Music, Mr. and Mrs. Theodore Hewitt; Art, Mrs. Shirley Gulliver; Band, Mr. Albert Orlando. Mr. Orlando has just been hired for two days a week for the beginners' band. This is to give those just starting more instruction and practice, and provides two half hour periods a week. Mrs. Quinn is new to us this year. We are fortunate indeed to have such a small turn over of teachers.

We consider our reading the most important subject taught at the elementary school. Our system, the Scott Foresman, is considered to be adequate for children to learn to read and read well. All the phonics are taught through the grades. However, since a number of children seem to need more help, we are giving extra training in phonics throughout grades I, II, III and IV. Each of these grades has a supplementary phonic book.

Our science department has been extended somewhat. A small science lab has been purchased for the use of the sixth grades. This enables experimental work. Science is taught by Mr. Wentzell and Mr. Kaetzer, in exchange for English and language work, taught by Mrs. Case and Mrs. Sproul. This arrangement was made to give the pupils of the sixth grades experience in some departmental work before reaching high school.

Our Science Fair was very successful; we had many good projects, but what pleased us most was that we had such a large number of pupils interested enough to bring projects to be judged.

This year, the following classes are participating in the 21" Classroom Television Programs; Grades II and III, Folk Music and Dancing; Grade III, Literature; Grades IV and V, French; Grade V, Natural Science, and Grade VI, Science in Space.

Eyes and ears were tested throughout the school as usual. Intelligence (I. Q.) Tests were given to all first graders in January. All pupils were tested in achievement in May and the median in each room was well above average. Reading Achievement and Reading Capacity Tests were given wherever and whenever we thought they were needed. Dr. Vinal gave his usual physical examinations. Booster shots were given in April.

Registration Day for all incoming first graders was in May. Due to the lack of room, Visitation Day was omitted.

Field Trips were enjoyed by all the classes. Trips were made to the Peabody Museum by the sixth grade; the Science Museum by grade VA and the two fourth grades; the Saugus

Iron Works, by Grade VB; the Children's Museum by the third grades; Franklin Park by all the second grades, and a happy trip to King's Castle by the first grades.

Programs were given during the year by the various classes for their parents and friends. A Christmas program by the fifth grades; "Alice in Wonderland," written and given by Mrs. Lincoln's third grade; "Stephen Foster" by Miss Eldridge's third grade, and a circus program by grade 2C. The sixth grade Glee Club entertained us with songs several times during the year.

During Education Week, we had Open House for two days, and one afternoon at Christmas time.

Of the physical education, Mrs. Scheller writes that for grades I, II and III, and girls' in grades IV, V, and VI classes are conducted for forty five to sixty minutes weekly. Each pupil, according to his or her specific grade, has a program of physical activity keyed to his ability in order to develop muscular skills, organic vitality, proper attitudes, and establishment of good habits of conduct. This program is developed through the use of games, rhythms, and story plays in the lower grades, and in the upper grades through the use of exercises, rhythms, stunts, tumbling, and games (hockey, soccer, volley ball, basketball, and softball). The highlights of the year are the three Field Days held in June sponsored by the Physical Education Department. Grades I-VI compete against each other for ribbons and a class award. Norwell Elementary School is well equipped to carry on this program and the pupils have a well-rounded background to enable them to enter Junior High School physical activities with enthusiasm.

We wish to thank the PTA for the library books given during the year.

At this time may we say "Thank You" to Mrs. Reardon for the many trips she has made from the James Library to our school, so that more pupils may have access to the books from the library.

Our day is short—our program is heavy. "It is small wonder that the schools do not manage to do everything as well as we wish. It is perhaps more surprising that they manage to do so many things as well as they do."

In closing, I personally wish to thank all those who in any way have helped to make a pleasant and successful year.

Respectfully submitted,

ELLA F. OSBORN, *Principal*

REPORT OF GRACE FARRAR COLE SCHOOL PRINCIPAL

Mr. C. E. Bradley
Superintendent of Schools
Norwell, Massachusetts

Dear Mr. Bradley:

It is my pleasure to submit the annual report of the Grace Farrar Cole School.

Our school enrollment has been increased this year by 41 pupils. The school year 1959-60 was completed in June with an enrollment of 290 pupils. At this date, December 19, 1960, we have an enrollment of 331 students. The break-down by grades is as follows:

Gr. 1	Gr. 2	Gr. 3	Gr. 4	Gr. 5
81	69	68	59	57

Teachers new to our school system are Mrs. Marilyn Henck and Mrs. Nancy Curtis. Both Mrs. Henck and Mrs. Curtis are teaching second grade. Mrs. Curtis taught last year in Pembroke, Massachusetts, while Mrs. Henck graduated in June from Eastern Nazarene College, Wollaston, Massachusetts.

Mrs. Rachel Hardin has returned following a year's absence and is teaching fifth grade. We are happy to have her with us again.

We were all sorry to hear, during the month of November, that Mrs. Amanda Hayden had broken her hip and would not be able to complete the school year. We were most fortunate in having available the services of Mrs. Mary-Lou Borges to carry on for Mrs. Hayden. It is expected that Mrs. Hayden will return next year.

The 1959-60 school year at Cole School was a fine year academically. The Stanford Achievement Tests, given in May of each year, showed progress to be the greatest since the opening of our building in 1957. Progress in all grades was better than a year, based on standards set up by the World Book Company, publishers of the Stanford Achievement Tests.

Television as a teaching aid continues to be useful and of value. During the 1959-60 school year grade four took part in a conversational French program entitled, "Parlons Francais." This current school year we have continued this program in grade four, and in grade five part two of "Parlons Francais" is being utilized.

On May 13, 1960, parents filled the auditorium to capacity to watch the children of grades one, two, and three participate in our gymorama. Mrs. Knapp did an excellent job of teaching and organizing to show parents what is accomplished in physical education in the primary grades.

National Education Week, November 7 through 11, was observed through open house and a book fair displayed by The Mobile Book Fair Company of West Newton, Massachusetts.

The first meeting of Cole School P.T.A. for the current school year was held on Oct. 27, 1960. Dr. C. Nicholas Vardak, a psychologist from the Judge Stone Clinic in Brockton, Massachusetts, was the guest speaker. We were most happy to see such a fine response to the initial meeting of P.T.A. this year.

A school cannot function properly without the combined efforts of many people. Norwell, its people, its school committee, its superintendent and assistant superintendent, have been most generous in this regard. For this, we at Cole School are grateful. We will strive again in the 1960-61 school year to maintain a high standard of education.

Respectfully submitted,

WILLIAM W. HAYS, *Principal*,

Grace Farrar Cole School

REPORT OF SCHOOL PHYSICIAN

Mr. Clifton E. Bradley
Superintendent of Schools
Norwell, Massachusetts

Dear Mr. Bradley:

Please accept my annual report as school physician for 1960.

Student health for this year has been good. There have been no unusual illnesses and careful control by the school nurse and teachers has kept contagion to a minimum.

The sanitation continues improved and satisfactory in the new buildings. The safety factors of surrounding grounds appear to be controlled.

I have continued to examine and maintain close acquaintance with all students in the High school and Junior High because of their participation in competitive sports. The school nurse and athletic directors participate in these recorded evaluations. There were very few students who did not qualify for some physical education.

Students in the first and fourth grades were also examined and records initiated. Parents are notified concerning the need of remedial consultation with their family physician. Many family doctors have supplemented the school check-ups by submitting their own records and evaluations. These are most helpful and are to be encouraged.

The school nurse is increasingly occupied with other supplemental examinations including measurements of growth, vision, hearing, and dental.

The Board of Health continues to collaborate with immunization clinics for Diphtheria, Tetanus, and Pertussis.

My annual plea for more adequate athletic facilities and personnel is renewed at this time, especially for the new building program. The children who need athletic experience the most are necessarily neglected because of the increasing school population.

The school nurse will submit additional reports.

Respectfully yours,

RAYMOND G. VINAL, M.D.
School Physician

REPORT OF THE SCHOOL NURSE

Mr. Clifton E. Bradley
Superintendent of Schools
Norwell, Massachusetts

Dear Mr. Bradley,

As school nurse, the following is my annual report:

Assisted school physician with physical examination of pupils.

Number of reportable defects	47
Number of defects corrected	32
Number of pupils given first aid	257
Number of pupils transported to their homes	109
Number of visits to homes of school children	216

Daily visits to all schools

Periodic sanitary inspections in all schools

Grades 1 through 12 eyes tested with Massachusetts Vision Tests

Grades 1 through 6 ears tested with Audiometer. A selected group from Junior and Senior High School was also tested.

Number of children given Triple Toxoid Booster	245
--	-----

Respectfully submitted,

CATHERINE A. ROE,
School Nurse

NORWELL SCHOOL LUNCH PROGRAM

The increase in participation in the school lunch program percentage wise as well as the increase due to greater enrollment is most gratifying. The feeling for the need of the school lunch program is growing all over the country as more mothers are employed away from home during the day.

You may be assured that each type A lunch contains 2 oz. of protein, $\frac{3}{4}$ cup serving of 2 or more vegetables or fruit or a combination of the two, Vitamin C, 2 tsps. of butter, one slice of enriched bread, $\frac{1}{2}$ pint of milk and Vitamin A twice a week. These requirements are established by the National School Lunch Program. In return for meeting these requirements surplus commodities are made available to us at a very small cost plus transportation charges. Also, we are partially reimbursed by

the Federal and State Governments for each Type A lunch we serve to students and for each bottle of milk sold to students under the Special Milk Program. The help from the Government makes it possible for us to continue to operate on a Revolving Fund.

The school lunch program was designed to help children establish beneficial food habits as well as to nourish their bodies. The women in the various school cafeterias in Norwell work very hard to accomplish this purpose.

I would like at this time to express my appreciation to the Superintendent, the School Committee, the Principals and the teachers for their cooperation which means so much to the success of the program.

HAZEL W. ROBBINS

Cafeteria Supervisor

PRACTICAL ARTS PROGRAM

State supervised evening Practical Arts Classes for adults were held at Norwell High School once a week for ten weeks during the fall of 1960 in the following subjects:

Beginners Sewing: Mrs. Frederick Bradford, Instructor

Knitting: Mrs. Ralph Burbank

Chair Caning: Mr. Charles Lincoln

Advanced Sewing and Tailoring: Mrs. Raymond Henderson

For the 1961 winter term courses will be offered in:

Beginners Sewing: Mrs. Raymond Henderson, Instructor

Knitting: Mrs. Ralph Burbank

Chair Rushing: Mr. Charles Lincoln

Advanced Sewing and Tailoring: Mrs. Raymond Henderson

These courses are open to all adult residents of the town for a registration fee of fifty cents. Anyone wishing information about future courses may contact the Office of the Superintendent of Schools or Committee Member—

NANCY ARNOLD

BARBARA POLLOCK

ROSEMARY CUNNINGHAM, *Chairman*

REPORT OF THE BOARD OF SELECTMEN

The year 1961 saw the completion of the Southeast Expressway through the southwesterly portion of the Town of Norwell. The completion of this section of the Expressway makes it possible for the Boston commuters to enter and leave the Expressway at Route 3 within a couple of thousand feet of the town line dividing Norwell and Hanover at Assinippi.

This past year also ushered in the initial construction of the next section of the Southeast Expressway from Route 3 in Hanover through the southern portion of Norwell, across the North River to Pembroke. While there is no direct access to the Southeast Expressway within the boundaries of the Town of Norwell, the Town will reap all the advantages, as well as the disadvantages, of the limited-access highway which connects with the other express highway systems west and north of Boston. This accessibility adds Norwell to those municipalities that are within one-half hour of Boston proper, at reasonable driving speeds.

The situation created by this efficient highway to which the Town has access will no doubt bring us, in time, commercial and industrial establishments which can be of benefit to the Town. It will also increase the Town's population. All of these changes will bring to us complex problems which will have to be met by your Town Government and by the voting citizens of the Town.

It was in anticipation of such accumulating problems that the present Board of Selectmen offered to the Town, with its presentation of Article 24, at the Annual Town Meeting on March 6, 1961, the opportunity to authorize the Board of Selectmen to employ outside consultants to study the Town Government and its administrative problems and to prepare a report with recommendations to the Town at the Annual Town Meeting in March, 1962. By this method the Board of Selectmen hoped to remove the study of these problems from any political pressure or the bias of any group and also to protect the Town from any recommendations coming from those persons inexperienced with this type of analytical examination and reporting on a socio-economic-political institution such as a municipal government. We believe that a very valuable year has been lost because Article 24 was not voted as proposed and which only serves to discourage those individuals in Town Government who have become dedicated to service for civic purposes, and who look forward only to the satisfactions which result from a well-done job.

It is the hope of this Board of Selectmen that the Town Government Study Committee will make constructive recommendations to this end and that Norwell's voters will respond to the needs of the times and seek improvement in municipal management in order to meet as efficiently as possible the need for civic services with economy.

The Town of Norwell, through its Board of Selectmen, was represented in Washington, D. C. last July, at Senator Ben Smith's "One-Day Work-Shop" concerning municipal problems. The disposal of the area of the Hingham Ammunition Depot which lies within the Town of Norwell was discussed. We discussed, also, with the Senator's specialists and representatives of the Army Engineers' Corps the problems existing in the North River from the mouth of the river to the Town boundary at the Third Herring Brook, which divides the Towns of Norwell and Hanover. As soon as the Union Bridge is completed and the drawspan is operable, the upper reaches of the River will be more attractive for the expansion of recreational boating, and we have the assurance of the Army Engineers in Washington, D. C. that they will initiate a study in this area.

The Board of Selectmen has cooperated in every possible way with the proposed Nature Study Center project in the Jacobs Lake area, and also with the proposed Golf Club project in the Grove Street area.

During the year Building Permits for new houses totalled forty-four, and Permits for other types of construction, such as alterations and additions to dwellings, totalled thirty-eight.

Financial:

The Thirty-third Accounting of the Florence M. Cushing Memorial Fund for the year ending August, 1961 was reported by the Trustees under date of September 15, 1961. The Report showed the principal amount of \$47,071.15. The income account for the year showed a balance in the amount of \$5,143.36. The Trustees remitted to the Town the amount of \$2,845.00 which can be used for unusual maintenance expenses for the Cushing Memorial Town Hall. The total amount available for the Selectmen to administer as of the First of January, 1962 is \$8,079.16.

The Free Cash available to the Town as of January 1, 1962 is \$249,699.82. The Board of Selectmen is recommending to the Town that it vote to transfer from available funds the sum of \$86,000.00 to the Stabilization Fund. The amount of the Stabilization Fund on December 31, 1961 was \$100,000.00. The amount of interest received

on the Stabilization Fund as of December 31, 1961 was \$1,871.84. It has been reported that additional school construction will be necessary in the near future, and it is our anticipation of this major capital expenditure that we recommend the Stabilization Fund be built up as rapidly as the State law will allow.

Town Hall and Town Hall Annex:

The Board of Selectmen has been building up the Cushing Memorial Fund in order to meet an anticipated need for about \$10,000 to make major changes in the heating system in the Town Hall. But this year we arrived at the point where we had to do something about the heating system; thus we made a temporary improvement with a modification of the coal-burning heater which heats the main auditorium by converting it to an oil-fired installation.

In connection with the installation of the oil-burning unit for the auditorium heater, we installed a two-thousand gallon tank for fuel oil which will enable us to take bids on fuel oil for the Town Hall and the Town Hall Annex, at a reduced cost per gallon. We hope this will relieve the heating situation sufficiently and forestall for a number of years the need for a completely new heating system. The use of the oil-fired installation will reduce the need for the custodian during periods when the hall is in use.

Custodian Walter Brown resigned August 14, 1961 and since then the custodian's duties have been carried out by part-time employees.

Very crowded conditions now exist in the Town Hall. We hope it will be possible to take care of the critical needs for additional space in the office areas, particularly those of the Board of Assessors, the Communication Center, the Town Accountant, the Town Collector, the Town Treasurer and the Town Clerk, as well as in the vault, which is overcrowded. The Selectmen's office space has already overflowed into the lobby area, along with that of the Town Clerk's and Town Collector's offices. This situation now leaves a very small area barely adequate for passage from one office to the other, and to the public rooms and to the basement.

This lack of sufficient space makes it very difficult to schedule adequate meeting places for the Board of Health, Advisory Board, Board of Appeals, Development and Industrial Commission and the Drainage Committee, and no space exists for their files or other needed equipment. The Selectmen's and Assessor's offices are being used by various groups, which, at times, is very confusing and un-

satisfactory to all concerned, including such applicants, visitors and others who have business with the above units of government.

Because of the recent conversion of the coal furnace to an oil-burning unit we now have an area in the basement, where the coal bins were located, which can be utilized as storage lockers for some of the many records of various departments—records which must be kept but are not used daily.

The Board has found it necessary to do a substantial amount of repair work to the Town Hall Annex to prevent further deterioration of the property.

It has also become necessary to replace the draperies and stage curtain in the auditorium and these are being paid out of the Cushing Memorial Maintenance Fund. The old draperies at the windows had served since the Town Hall was built. They were in a very ragged and unsightly condition and would soon have fallen apart.

Roads:

The Southeast Expressway route through Norwell has been a matter of concern to all of us. The Board of Selectmen aggressively pursued a plan to depress the highway through the Town which, engineering-wise, was feasible, due to the high elevations at the Pine Street, River Street and Stetson Road crossings. However, we were unsuccessful in our efforts at Pine and River Streets and Stetson Road with the exception that we reduced the problem slightly at the River Street crossing. However, it was possible to convince the Department of Public Works that the elevation of the overpass at Pleasant Street could be better designed for the interests of the Town of Norwell by dropping the elevation of the Expressway and carrying Pleasant Street over the Southeast Expressway at this point.

A more recent highway problem is the proposed extension of Route 128 through Norwell, northwest of Grove Street, as proposed by the Hingham and Hull Planning Boards and Boards of Selectmen. The Board of Selectmen in Norwell are opposed to this proposed Route 128 layout and are following it very closely at the State level and at all other points of contact, determined to be sure that the interests of the Town of Norwell are well served.

The Chapter 90 program has been completed from the Scituate line through the center at the Town Hall, providing us with completely new road construction on Main Street with adequate drainage. This construction was started in September, 1961 and its total cost has been \$24,000.00 of which \$12,000.00 has been contributed by the

Department of Public Works, \$6,000.00 by the County and \$6,000.00 by the Town, in accordance with the usual Chapter 90 financing.

Recognizing that a very dangerous condition exists at the Hanover-Norwell Town line, where Tiffany Road, Norwell joins East Street, Hanover, we have cooperated with the Town of Hanover in initiating a construction project to build a new box culvert at the brook which establishes the Town line. It is proposed that this should be a Chapter 90 Project and we have asked the State to set this up on a Chapter 90 financing basis, with 50% provided by the State, 25% by the County and 25% by the Town. This Board of Selectmen is presenting an Article at the Annual Town Meeting, March, 1962, to cover the Town's share of this project.

Pond Street has been completely relaid and reconstructed by the State at no cost to the Town, except for the necessary landtakings and installation of the water mains by the Board of Water Commissioners.

The Board of Selectmen has continued their program of increasing the number of street lights in Town, in order to improve the dangerous, dark areas and the travelled ways in the Town of Norwell.

The Board has started the engineering in connection with a layout on Winter Street to eliminate the dangerous curve at Burns Lane. Also, a layout on Prospect Street to improve the profile and reduce the curve at the residence of James Burrows is being planned. The Board is studying road conditions in other sections of Town with the expectation of initiating additional layouts.

The very serious problem of drainage and road-surface requirements in the Brantwood Manor section has been resolved by the developers, and they are completing the road surfacing and drainage which was required by the original court stipulation some years ago. The completion of this work resulted from considerable negotiation by the Board of Selectmen, Town Counsel, the Highway Surveyor, the Drainage Committee and others in the past two years.

On April 13, 1961 the Selectmen, accompanied by the State Engineer and the Highway Surveyor toured the town in order to analyze the best use of Chapter 81 funds for repairs and necessary drainage on those roads that are most in need of attention.

It is the opinion of the Board of Selectmen that our roads are deteriorating so fast that it will be necessary for the Town to appropriate a larger budget for the Town Account in order to prevent, to some extent, the destruction of the roads which would eventually result in tremendous cost.

The problem of snow plowing private ways is a continued one, because of the poor condition of the private ways and the attendant damage possible to the Town equipment, or any equipment hired by the Town. The Highway Surveyor must approve the conditions of a private way before the Board of Selectmen can authorize the plowing of such ways.

Appointments and Committees:

In accordance with the vote of the Town at the Annual Town Meeting in March, 1961, the Selectmen appointed a Conservation Commission, consisting of seven members, who have been active within the past few months in their field of activity. This Commission will be an important factor in the disposal of the five hundred acres of land at the Hingham Ammunition Depot, which is being declared surplus by the Navy, and which has been turned over to the General Services Administration for disposal.

Other important appointments resulted from the Annual Town Meeting of March, 1961. They are 1. The Building Code Committee, which will be submitting a Building Code to the Annual Town Meeting this year, 2. An Inspector of Gas Piping and Gas Appliances and 3. An Electrical Inspector.

Also in conformance with the vote of the Annual Town Meeting of March, 1961, and with the legal requirements of the State Law, the Board instituted a Group Insurance Plan for Town Employees, which became effective September 1, 1961. After taking Bids, the insurance coverage was awarded to the Boston Mutual Life Insurance Company.

The existing vacancy for the position of Veterans' Agent was filled after the 1961 March Town Meeting by the appointment of Mr. Leonard Cox, who has carried on in this capacity with great understanding and efficiency, and we are most fortunate to have this key position handled in this manner.

The following list indicates a few of the problems and projects that your Board of Selectmen has on their Agenda, but because of lack of time to spend on policy matters, and the lack of administrative personnel to carry out these proposals in detail, we mention here only a few of the very important ones.

1. Complete the house numbering of all the property on the highways in the Town for both present and future houses.
2. Compile a complete engineering atlas of all the road layouts and accepted roads in the Town of Norwell.
3. A continuing study of needed new road layouts.

4. Integration of the following categories: Highways, drainage, rivers and streams, water mains, gas mains, other public utilities and properly engineered Town Maps.

5. Expansion of the policy of Quarterly Meetings with the Elected Officials, Committees, Boards and other interested persons to a program of smaller meetings with selected groups on definite problems to the end that specific action be taken by the Boards, Committees and Elected Officials concerned and by the Town voters.

6. Complete a study of both Federal and State legislation that is now in force and which affects the Town of Norwell, and the compilation of a Guidance Manual for the Town Boards, Committees and Elected Officials; and the necessary program of analyses and examination which should be followed from year to year to ensure that the Town of Norwell does obtain such advice and financial assistance from County, State and Federal sources to which we are entitled, and for which we are paying taxes.

These are just a few of the things that the Board of Selectmen has in mind, if the Town Government can be streamlined so that policy-making can become the major interest of the Board and the administration can be taken care of by other personnel.

TOWN OF NORWELL

Commonwealth of Massachusetts

WARRANT FOR ANNUAL TOWN MEETING

Monday, March 6, 1961 at seven-thirty o'clock in the afternoon

At Cushing Memorial Hall

and Saturday, March 11, 1961 at 12 Noon

At the Center Elementary School

For the Election of Town Officials

Plymouth, ss.

To either of the Constables of the Town of Norwell, in said County of Plymouth and Commonwealth of Massachusetts.

GREETINGS:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Norwell, qualified to vote in elections and Town affairs to meet at the Cushing Memorial Town Hall in said Norwell, on Monday, the sixth day of March 1961 at 7:30 p.m., then and there to act upon the following articles, to wit:

Article 1. To see if the Town will accept the reports of its officers and committees as printed in the Town Report, or act on anything relative thereto.

Article 2. To see what sums the Town will raise and appropriate or appropriate from available funds to pay Town debts, expenses and charges including debt and interest for the ensuing year and to fix the salary and compensation of all elective officers of the Town, effective from January 1, 1961, as provided by Section 108 of Chapter 41 of the General Laws, as amended, and to provide for a reserve fund, and raise and appropriate the same for the following: Moderator, Selectmen's Department, Town Meetings and Elections, Town Accountant, Treasurer, Tax Title Account, Town Collector, Assessors'

Department, Town Counsel, Town Clerk, Out-of-State Travel, Registrations and Listings, Board of Appeals, Planning Board, Development and Industrial Commission, Town Hall and Annex, Police Department, Dog Officer, Fire Department, Forest Fire Patrol, Civil Defense, Emergency Communications Center, Sealer of Weights and Measures, Tree Warden and Moth Superintendent, Moth Department, Dutch Elm Disease, Elm Tree Beetle, Tent Caterpillar, Tree Maintenance, Squares and Triangles, Mowing Bushes, Operation and Maintenance of Equipment, Pest Control, Tree Maintenance, Removal and Replacement, Roadside Brush Control, Board of Health, Inspector of Animals, School Nurse, School Dentist, Dental Hygienist, School Physician, Town Dump, Mosquito Control, Highway Surveyor, Highways—Town Account, Chapter 81, Chapter 90, Signs and Road Markings, Snow Removal and Sanding, Road Machinery Maintenance and Operation Account—Street Lights, Welfare, Public Welfare, Old Age Assistance, Aid to Dependent Children, Disability Assistance, Aid (all categories), Administration and Expense, Veterans' Benefits, School Department, Out-of-State Travel, Vocational Training, Practical Arts—Adults, Libraries, Water Department, Cemeteries, Maturing Debt and Interest, Anticipation of Revenue Loans, Aid to Agriculture, Workmen's Compensation, Plymouth County Retirement, Pensions and Annuities, Reserve Fund, Town Reports and Budgets, and Memorial Day, or act on anything relative thereto.

Article 3. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1962, and to issue a note or notes therefore, payable within one year in accordance with General Laws, Chapter 44, Section 4, as amended, and to renew any note or notes as may be given for less than one year in accordance with General Laws, Chapter 44, Section 17, as amended, or act on anything relative thereto.

Article 4. To see if the Town will vote to appropriate the sum of \$14,025, or any other sum from available funds in anticipation of repayment by the Commonwealth of Massachusetts, for Chapter 81 work on the highways, or act on anything relative thereto.

Requested by the Board of Selectmen.

Article 5. To see if the Town will vote to appropriate the sum of \$15,000, or any other sum, from available funds in anticipation of repayment by the Commonwealth of Massachusetts and the County

of Plymouth, for Chapter 90 work on East Main Street, or act on anything relative thereto.

Requested by the Board of Selectmen.

Article 6. To see if the Town will vote to raise and appropriate the sum of \$2,500 to be added to the Town Highway Account, or any other sum, for mix and place surface on Jacobs Trail for a distance of 2,500 feet, or act on anything relative thereto.

Requested by the Highway Surveyor.

Article 7. To see if the Town will vote to raise and appropriate the sum of \$2,500 to be added to the Town Highway Account, or any other sum, for mix and place surface on River Street from the Hanover line toward Stetson Road for a distance of 2,500 feet, or act on anything relative thereto.

Requested by the Highway Surveyor.

Article 8. To see if the Town will vote to raise and appropriate the sum of \$12,000 for the purchase of a tractor loader and backhoe, or act on anything relative thereto.

Requested by the Highway Surveyor.

Article 9. To see if the Town will vote to raise and appropriate or appropriate from available funds the sum of \$700 or any other sum for the purchase of a snow plow, or act on anything relative thereto.

Requested by the Highway Surveyor.

Article 10. To see if the Town will vote to raise and appropriate or appropriate from available funds the sum of \$1,400 or any other sum for the purchase of a hydraulic tailgate sand spreader, or act on anything relative thereto.

Requested by the Highway Surveyor.

Article 11. To see if the Town will vote to raise and appropriate or appropriate from available funds the sum of \$11,000 or any other sum to purchase or to take by eminent domain the parcel of land assessed in the name of Percy Joseph, containing four acres, more or less, with the garage building thereon, fronting on Cross Street and adjoining land of Webster Cranberry Company, said parcel to be used as a Town Garage site, or act on anything relative thereto.

Requested by the Study and Building Committee for the Storage of Town Equipment.

Article 12. To see if the Town will vote to raise and appropriate or transfer the sum of \$25,000 or any other sum to remodel and add

to the present garage building on Cross Street presently owned by Percy Joseph, or act on anything relative thereto.

Requested by the Study and Building Committee for the Storage of Town Equipment.

Article 13. To see if the Town will vote to accept an alteration of the layout of Pond Street from Washington Street to the Rockland town line as laid out by the Selectmen in accordance with the description and plan presented at a hearing in the Town Hall and now on file in the Town Clerk's office, or act on anything relative thereto.

Requested by the Board of Selectmen.

Article 14. To see if the Town will vote to raise and appropriate the sum of \$500 or any other sum for the purpose of paying land damages in connection with the alteration of the layout of Pond Street which is to be constructed by the State, or act on anything relative thereto.

Requested by the Board of Selectmen.

Article 15. To see if the Town will vote to raise and appropriate the sum of \$1,000 or any other sum to enable the Board of Selectmen to initiate a program of road layouts to be presented at future hearings and Town Meetings for acceptance by the Town, or act on anything relative thereto.

Requested by the Board of Selectmen.

Article 16. To see if the Town will vote to accept a portion of Ridge Hill Road as a Town way, as laid out by the Selectmen in accordance with the description and plan presented at a hearing in the Cushing Memorial Town Hall and now on file in the Town Clerk's office, without appropriation, or act on anything relative thereto.

Requested by the Board of Selectmen.

Article 17. To see if the Town will vote to accept Milton Lane as a Town way, exclusive of the private water pipe therein, as laid out by the Selectmen in accordance with the description and plan presented at the Cushing Memorial Town Hall and now on file at the Town Clerk's office and raise and appropriate the sum of \$2,700 or any other sum for resurfacing and necessary drainage under the provisions of Chapter 80 of the General Laws, or act on anything relative thereto.

Requested by the Board of Selectmen.

Article 18. To see if the Town will vote to raise and appropriate or appropriate from available funds the sum of \$5,000 or any other sum to be used by the Permanent Drainage Committee for the replacement of culverts, field engineering and other drainage work throughout the Town, or act on anything relative thereto.

Requested by the Permanent Drainage Committee.

Article 19. To see if the Town will vote to appropriate the sum of \$3,000, said sum to be added to the Developing Well or Well Fields Account and to be spent to test for stratum formations and producing capacities and to conduct quality and quantity tests on potential well or water source sites, and to meet such appropriation by raising and appropriating from the tax levy of 1961 the sum of \$3,000, or by appropriating from available funds in the treasury, or act on anything relative thereto.

Requested by the Board of Water Commissioners.

Article 20. To see if the Town will vote to appropriate the sum of \$28,000 to install water mains of not less than six inches, but less than sixteen inches in diameter in Central Street from a point at the end of the existing main in Central Street near Norwell Center to the junction of Central Street, Norwell Avenue, and Old Oaken Bucket Road, and to meet such appropriation by raising and appropriating from the tax levy of 1961, or by appropriating from available funds in the treasury, or act on anything relative thereto.

Requested by the Board of Water Commissioners.

Article 21. To see if the Town will vote to accept the provisions of General Laws, Chapter 40, Section 8C, authorizing the Board of Selectmen to appoint a Conservation Commission; and to direct the Board of Selectmen, within thirty days of the adoption of this article, to appoint a Conservation Commission composed of seven members, or act on anything relative thereto.

Requested by the Board of Selectmen.

Article 22. To see if the Town will vote to raise and appropriate or appropriate from available funds the sum of \$5,500 or any other sum to establish a conservation fund under the provisions of General Laws, Chapter 40, Section 5, Clause 51 and Section 8C, as amended, or act on anything relative thereto.

Requested by the Board of Selectmen.

Article 23. To see if the Town will vote to utilize the conservation fund in part to purchase or take by eminent domain, or place

under option or agreement for future purchase, such lands as the Conservation Commission shall select for the promotion and development of the natural resources and for the protection of watershed resources of the Town, or act on anything relative thereto.

Requested by the Board of Selectmen.

Article 24. To see if the Town will vote to authorize the Board of Selectmen to initiate a study of the Town Government and its administration problems by employing outside consultants and have a report prepared and submit same with recommendations to the Town at the regular meeting in March, 1962, for said purpose and to raise and appropriate or appropriate from available funds the sum of \$4,500 or any other sum, or act on anything relative thereto.

Requested by the Board of Selectmen.

Article 25. To see if the Town will vote to adopt a Personnel By-Law recommended to the Town by the Personnel Study Committee appointed pursuant to vote at the 1960 Annual Meeting, or act on anything relative thereto. Said proposed by-law contains a job classification and compensation plan and provides for vacation and other forms of leave and for a personnel board to administer the plan. Copies of the proposed by-law are available at the Selectmen's Office, the James Library and the William J. Leonard Memorial Library.

Requested by the Personnel Study Committee.

Article 26. To see if the Town will vote to amend Section IV of the Zoning By-Laws by striking out sub-section B and substituting the following: Municipal or public utility buildings directly needed to provide services to the Townspeople, conforming to both area and setback requirements and being properly landscape screened, but not including business offices, repair garages or outside storage areas.

By striking out Section G and substituting the following: Professional offices of doctors, dentists, lawyers or other recognized professions are allowed in residential zones provided they are operated by the resident owner and provide off-street parking and do not employ more than two non-resident assistants

By striking out in sub-section I, Section F, the words "road building."

Requested by the Planning Board.

Article 27. To see if the Town will vote to amend Section V, sub-section B, of the Zoning By-Laws by striking out the second word "retail."

Requested by the Planning Board.

Article 28. To see if the Town will vote to amend Section VII of the Zoning By-Laws by striking out sub-section IA and inserting the following: Residential District A—One acre for each dwelling on a lot with a frontage of 150 feet or more; or, for backland with inadequate frontage under the existing Zoning By-Laws, two acres for each dwelling including an access strip not less than 40 feet wide with a frontage of 40 feet or more, on an approved way, on which no building shall be erected or placed. The boundary line of a setback two acre lot running most nearly parallel to the way to which the lot is connected, as well as one intersecting boundary line, must be at least 150 feet in length.

By striking out sub-section 1B and inserting the following: Residential District B—One-half acre for each dwelling on a lot with a frontage of 125 feet or more; or, for backland with inadequate frontage under the existing Zoning By-Laws, one acre for each dwelling including an access strip not less than 40 feet wide with a frontage of 40 feet or more, on an approved way, on which no building shall be erected or placed. The boundary line of a setback one acre lot running most nearly parallel to the way to which the lot is connected, as well as one intersecting boundary line, must be at least 125 feet in length.

By striking out sub-section 1D and inserting the following: Business Districts A and B—One-half acre with a frontage of 125 feet or more; or, for backland with inadequate frontage under the existing Zoning By-Laws, one acre for each dwelling including an access strip not less than 40 feet wide with a frontage of 40 feet or more, on an approved way, on which no building shall be placed or erected. The boundary line of a setback one acre lot running most nearly parallel to the way to which the lot is connected, as well as one intersecting boundary line, must be at least 125 feet in length.

By striking out sub-section 2A and inserting the following: Residential District A—One acre for each dwelling on a lot with a frontage of 150 feet or more; or, for backland with inadequate frontage under the existing Zoning By-Laws, two acres for each dwelling including an access strip not less than 40 feet wide with a frontage

of 40 feet or more, on an approved way, on which no building shall be erected or placed. The boundary line of a setback two acre lot running most nearly parallel to the way to which the lot is connected, as well as one intersecting boundary line, must be at least 150 feet in length.

By striking out sub-section 2B and inserting the following: Residential District B—One-half acre for each dwelling on a lot with a frontage of 125 feet or more; or, for backland with inadequate frontage under the existing Zoning By-Laws, one acre for each dwelling including an access strip not less than 40 feet wide with a frontage of 40 feet or more, on an approved way, on which no building shall be erected or placed. The boundary line of a setback one acre lot running most nearly parallel to the way to which the lot is connected as well as one intersecting boundary line, must be at least 125 feet in length.

By striking out sub-section 2D and inserting the following: Business Districts A and B—One-half acre with a frontage of 125 feet or more; or, for backland with inadequate frontage under the existing Zoning By-Laws, one acre for each dwelling including an access strip not less than 40 feet wide with a frontage of 40 feet or more, on an approved way, on which no building shall be erected or placed. The boundary line of a setback one acre lot running most nearly parallel to the way to which the lot is connected, as well as one intersecting boundary line, must be at least 125 feet in length.

By adding new Section D as follows:

D. Height Regulations

1. Residential District Heights— In a residential district, no building shall be erected or altered to exceed two and one-half (2 1/2) stories in height.

2. Business District Heights— In a business district, no building shall be erected or altered to exceed three (3) stories in height.

2A. Dwelling units in a business district shall be limited to two and one-half (2 1/2) stories.

3. Height exceptions— Chimneys, elevators, poles, spires, tanks, towers and other projections not used for human occupancy, may extend a reasonable height above the height limits herein fixed.

Requested by the Planning Board.

Article 29. To see if the Town will vote to raise and appropriate or appropriate from available funds the sum of \$1,500 or any other

sum for surfacing an additional portion of the area in the rear of the Town Hall and Town Hall Annex, or act on anything relative thereto.

Requested by the Board of Selectmen.

Article 30. To see if the Town will vote to raise and appropriate or appropriate by transfer from available funds the sum of \$70,000 to be added to the Stabilization Fund, as provided by the General Laws, Chapter 40, Section 5B, or act on anything relative thereto.

Requested by the Board of Selectmen.

Article 31. To see if the Town will vote to approve, article by article, the proposed revised By-Laws as prepared by the By-Laws Committee, copies of which are available at the Town Hall, the James Library and the William J. Leonard Memorial Library, or act on anything relative thereto.

Requested by the By-Laws Committee.

Article 32. To see if the Town will vote to continue the By-Laws Committee, as presently constituted, and authorize said committee to take whatever action is deemed necessary and proper to assist the Town Clerk to secure the approval and publication of the By-Laws adopted at this Town Meeting and to have copies of the approved By-Laws printed, in whatever form they shall select, and available for purchase from the Town Clerk, or act on anything relative thereto.

Requested by the By-Laws Committee.

Article 33.. To see if the Town will appropriate from available funds the sum of \$1,000 or some other sum or sums of money to be expended under the direction of the By-Laws Committee for reproducing the revised By-Laws adopted at this Town Meeting, or act on anything relative thereto.

Requested by the By-Laws Committee.

Article 34. To see if the Town will vote to raise and appropriate or appropriate from available funds the sum of \$12,500 or any other sum or sums of money for the purchase of a new fire engine for Fire Company No. 3 at Church Hill, or act on anything relative thereto.

Requested by the Board of Fire Engineers.

Article 35. To see if the Town will vote to raise and appropriate the sum of \$6,160.05 to meet the assessment of the Regional Voca-

tional School District Committee, or act on anything relative thereto.

Requested by the Regional Vocational School District Committee.

Article 36. To see if the Town will vote to raise and appropriate or appropriate from available funds the sum of \$3.500 or any other sum or sums of money for the purpose of acquiring by purchase or eminent domain a parcel of land of approximately three acres adjacent to and northerly from the Elementary School grounds on Main Street, or act on anything relative thereto.

Requested by the School Committee.

Article 37. To see if the Town will vote to authorize the Town Accountant to close out the unexpended balances of the following appropriations, the purposes of which have been completed, or act on anything relative thereto.

1960 Tree Warden—New Truck	\$4.08
1960 Town Dump—Land Survey	51.00
1960 Highways—New Trucks	9.23
1960 Unpaid Bills—Veterans' Dept.	25.00
1960 High School Water Main and Hydrant	12.80

Requested by the Town Accountant.

Article 38. To see if the Town will vote to raise and appropriate or appropriate from available funds the sum of \$1,016.07 or some other sum or sums of money for an unpaid hospital bill incurred in 1960, or act on anything relative thereto.

Boston Floating Hospital	\$1,016.07
--------------------------	------------

Requested by the Board of Health.

Article 39. To see if the Town will vote to appropriate the 1960 Dog Tax Refund to the School Department Operation Account, or act on anything relative thereto.

Article 40. To see if the Town will give instructions to its elected Town Officers.

SALE OF FISH RIGHTS

Subsequent Meeting for the Election of Officers

SATURDAY, MARCH 11, 1961

Polls Open 12:00 Noon to 8:00 p.m.

And you are further directed to notify all legal voters to assemble at the Center Elementary School, Main Street, on Saturday, March 11, 1961, during the polling hours, then and there to act upon the following article:

Article 41. To bring to the Election Officers, their votes, all on one ballot for the following-named officers, to wit: One Selectman for three years, one Assessor for three years; one Member of the Board of Public Welfare for three years; Town Treasurer for one year; Moderator for one year; Highway Surveyor, Tree Warden, each for one year; one Member of the School Committee, one Member of the Board of Health, one Member of the Board of Water Commissioners, one Trustee of the William J. Leonard Memorial Library, each for three years; one Member of the Regional Vocation High School District Committee for three years; and one Member of the Planning Board for five years.

Article 42. To vote on the following question which under General Laws, Chapter 32B Section 10, may be decided only by inclusion on the printed ballot at an election:

"Shall chapter thirty-two B of the General Laws, authorizing any county, city, town or district to provide a plan of group life insurance, group accidental death and dismemberment insurance, and group general or blanket hospital, surgical and medical insurance for certain persons in the service of such county, city, town or district and their dependents, be accepted by this town?"

You are hereby required to notify and warn said inhabitants of Norwell qualified to vote in Town affairs, in case all the articles in the foregoing Warrant shall not be acted upon at the meeting called for the sixth day of March to meet in adjourned session at the Cushing Memorial Town Hall

TUESDAY, THE SEVENTH DAY OF MARCH, 1961 AT
SEVEN-THIRTY O'CLOCK IN THE AFTERNOON

and each subsequent weekday at seven-thirty o'clock in the afternoon, then and there to act upon such of the foregoing articles as shall not have been acted upon on March 6, 1961, or act upon such other articles in said Warrant as the meeting may deem advisable.

You are directed to serve this Warrant by posting a copy thereof, attested to by you in writing, at each of five public places in the Town seven days at least before the time for holding the meeting called for in the Warrant. Hereof fail not, and make due return of this Warrant with your doings thereon to the Town Clerk of said Town on or before the sixth day of March, 1961.

Given under our hands at Norwell this fourteenth day of February in the year of our Lord 1961.

G. HERBERT REPASS, Chairman
EARLE F. ALLEN
CHARLES H. WHITING

A True Copy Attest:

I certify that I have this day posted five warrants according to a vote of the town and make this my return.

GEORGE F. CAVANAGH, /s/
Constable, Town of Norwell

Date: 2-25-61

ANNUAL TOWN MEETING

March 6, 1961

Pursuant to the foregoing Warrant, issued by the Selectmen of Norwell and executed by a duly appointed and qualified Constable of the Town at which a quorum was present, the voters met and took the following action:

The Annual Meeting was called to order at 7:35 P.M. by the Moderator, Joseph M. Silvia with a quorum present (207 checked in). It was voted to admit Rev. Mr. Whitney, pastor of the Methodist Church, who offered prayer.

It was voted to admit Frederick A. Small, Assistant Superintendent of Schools. Voted to admit visiting students of New Bedford High School and Boy Scouts, all of whom were seated on the stage.

The Moderator appointed Harry L. Chase, Jr., Charles G. Prouty, James T. King, John A. Clark, Gustav Anderson, George H. Whit-cher, Jr., and Raymond L. Connolly to serve as tellers, and swore same to the faithful performance of their duties.

Mrs. Margaret Crowell Dumas, Town Treasurer, addressed the assembly, announcing her retirement and expressing her appreciation of the support given her in the discharge of her duties as Treasurer for the past eighteen years.

The Moderator requested the Town Clerk to read the call for the meeting and the service of the Warrant by the Constable. This was done and the Town Clerk made a motion, which was seconded, and voted to omit reading of the articles until they were taken up for action.

Article 1. A motion was made, seconded and voted to accept the reports of the Town Officers and Committees as printed in the Town Report.

Article 2. The Moderator made the following statement: "I will read through Article 2, referring each time to an item by its number and if there is sought to be discussion on a particular item, I wish that the person who wants the item discussed would say the word "Pass" and we will then act on all of the items concerning which there is no controversy, hoping thereby to economize in time and then come back for such discussion as is desired on the controversial items. This was done and the following items were "passed" 3, 5, 7, 8, 12, 13, 17, 21, 23, 27, 32, 36, 37, 47, 51, 52, 55, 58, 76, 83, 89, 107, 152. Paul Jevne made the following motion which was seconded and voted. "I move that the Town raise and appropriate the sums of

money as indicated in the recommended column of the transcript of articles in the warrant and budget for 1961 for the Town of Norwell and the purposes as noted of all items in Article 2 excepting items 3, 5, 7, 8, 12, 13, 17, 21, 23, 27, 32, 36, 37, 47, 51, 52, 55, 58, 76, 83, 89, 107, 152 and that the Town fix the 'per diem' compensation at the rate of \$16. under Items 9, Selectman, Inspections and extra days; Item 25, Assessors extra days; Item 121 A, Water Commissioners— Supervision; and that the town fix the salary and compensation of all elective officers of the Town, effective as of January 1, 1961, to wit:

Mr. McCarvell, who asked to have most of the items "passed," than asked to have the items on "clerical assistance" explained and stated he thought the number of clerks could be lessened if we had higher trained workers who could work for more than one department.

There was much discussion on this matter, after which the following action was taken on those items "passed", to wit:

Item 3. Motion made and seconded and voted to raise and appropriate \$1,200, Salary of add'l. clerk of Selectmen.

Item 5. Motion made, seconded and voted to raise and appropriate \$4,000, Expenses, Selectmen.

Item 7. Motion made, seconded and voted to raise and appropriate \$3,380, Clerical Assistance, Selectmen.

Item 8. Motion made, seconded and voted to raise and appropriate \$6,650, Town Hall Clerks.

Item 12. Motion made, seconded and voted to raise and appropriate \$2,500, Salary, Town Accountant.

Item 13. Motion made, seconded and voted to raise and appropriate \$960, Clerical Assistance, Town Accountant.

Item 17. Motion made, seconded and voted to raise and appropriate \$200, Clerical Assistance, Treasurer.

Item 21. Motion made, seconded and voted to raise and appropriate \$1,675, Clerical Assistance, Collector.

Item 23. Motion made, seconded and voted to raise and appropriate \$1,200, Salary, Member Clerk Add'l., Assessors.

Item 27. Motion made, seconded and voted to raise and appropriate \$5,000, Clerical Assistance, Assessors.

Item 32. Motion made, seconded and voted to raise and appropriate \$2,000, Clerical Assistance, Town Clerk.

Item 36. Motion made, seconded and voted to raise and appropriate \$1,115, Expenses, Town Clerk.

Item 37. Failed to Carry.

Item 47. Motion made, seconded and voted to raise and appropriate \$7,600, Payroll, Police Department.

Item 51. Motion made, seconded and voted to raise and appropriate \$8,000, General Payroll, Fire Department.

Item 52. Motion made, seconded and voted to raise and appropriate \$900, Stewards, Fire Department.

Item 55. Postponed Indefinitely.

Item 58. Motion made, seconded and voted to raise and appropriate \$7,900, Salary and Expenses, Emergency Communication Center.

Item 76. Motion made, seconded and voted to raise and appropriate \$3,700, Salary, School Nurse.

Item 83. Motion made, seconded and voted to raise and appropriate \$4,000, Expenses, Mosquito Control.

Item 89. Motion made, seconded and voted to raise and appropriate \$20,000, Expenses, Snow Removal and Sanding.

Item 90. Motion made, seconded and voted to raise and appropriate \$3,500, Expenses, Road Machinery Maintenance & Operation Account.

Item 107. Voted 177 yes, 136 no, to lay on the table.

Item 152. Motion made, seconded and voted to transfer from available funds, \$10,000, appropriation to Reserve Fund.

Article 3. Motion made, seconded and voted that the Town authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1962, and to issue a note or notes therefore, payable within one year in accordance with General Laws, Chapter 44, Section 4, as amended, and to renew any note or notes as may be given for less than one year in accordance with General Laws, Chapter 44, Section 17, as amended.

Article 4. Motion made, seconded and voted to appropriate the sum of \$14,025. from available funds in anticipation of repayment by the Commonwealth of Massachusetts, for Chapter 81, Work on Highways.

Article 5. Motion made, seconded and voted to appropriate the sum of \$15,000. from available funds in anticipation of repayment by the Commonwealth of Massachusetts and the County of Plymouth, for Chapter 90 work on East Main Street.

Article 6. Motion made, seconded and voted to appropriate from available funds, the sum of \$2,500 to be added to the Town Highway Account for "mix and place" surface on Jacobs Trail for a distance of 2,500 feet.

Article 7. Motion made and seconded to raise and appropriate the sum of \$2,500 to be added to the Town Highway Account for "mix and place" surface on River Street from the Hanover Town line, toward Stetson Road for a distance of 2500 feet. This motion failed to pass.

Article 8. Motion was made and seconded to raise and appropriate the sum of \$12,000 for the purchase of a tractor loader and backhoe, but failed to pass.

Article 9. Motion made, seconded and voted to appropriate from available funds the sum of \$700 for the purchase of a snow plow.

Article 10. Motion made, seconded and voted to appropriate from available funds the sum of \$1,400 for the purchase of a hydraulic tailgate sand spreader.

Article 11. A motion was made and seconded to raise and appropriate the sum of \$11,000 to purchase the parcel of land assessed in the name of Percy Joseph, containing four acres, more or less, with the garage building thereon, fronting on Cross Street and adjoining land of Webster Cranberry Company, said parcel to be used as a Town Garage site. After a great deal of discussion, the motion was defeated by a vote of 9 yes, 246 no.

Article 12. Motion was made, seconded and voted to indefinitely postpone action on Article 12.

Article 13. Motion was made, seconded and voted to indefinitely postpone action on Article 13.

Article 14. Motion was made, seconded and voted to indefinitely postpone action on Article 14.

Article 15. Motion was made and seconded, and voted 110 yes, 83 no, to appropriate from available funds the sum of \$1,000 to enable the Board of Selectmen to initiate a program of road layouts to be presented at future hearings for acceptance by the Town.

Article 16. Motion made, seconded and voted to accept a portion of Ridge Hill Road as a Town way, as laid out by the Selectmen in accordance with the description and plan presented at a hearing in the Cushing Memorial Town Hall and now on file in the Town Clerk's office.

Article 17. Motion made and seconded that the Town vote to accept Milton Lane as a Town way, exclusive of the private water pipe therein, as laid out by the Selectmen in accordance with the description and plan presented at the Cushing Memorial Town Hall and now

on file at the Town Clerk's office, and appropriate the sum of \$2,200 for resurfacing and necessary drainage under the provisions of Chapter 80 of the General Laws.

Motion made and seconded to amend as follows: "to see if the Town will vote to accept Milton Lane as a Town way, as laid out by the Selectmen in accordance with the description and plan presented at the Cushing Memorial Town Hall and now on file at the Town Clerk's office, and appropriate from available funds the sum of \$2,200 for resurfacing and necessary drainage under the provisions of Chapter 80 of the General Laws."

The amendment failed to carry.

The main motion was voted on, and failed to carry.

Motion made, seconded, to adjourn until Monday, March 13, 1961 at 7:30 o'clock in the same place. Motion was made, seconded and voted to amend this motion to read: "adjourn until Tuesday, March 7, 1961 at 7:30 o'clock in the same place." The amendment carried and it was voted to adjourn until Tuesday, March 7 at 7:30 o'clock in the same place.

NELLIE L. SPARRELL,

Town Clerk

ADJOURNED TOWN MEETING

March 7, 1961

The Annual Town Meeting was reconvened on March 7, 1961 by the Moderator, Mr. Joseph Silvia, with a quorum of 220 present. Mr. James Hall was sworn in as a teller. Mr. Frederick Small, Assistant Superintendent of Schools and the Rev. Mr. Whitney were admitted to the meeting, by vote of the assembly. Motion was made, seconded and voted to admit residents who are non-voters. They were seated on the stage.

Article 18. A motion was made, seconded and voted to raise and appropriate the sum of \$5,000 to be used by the Permanent Drainage Committee for the replacement of culverts, field engineering and other drainage work throughout the town.

Article 19. A motion was made, seconded and voted to raise and appropriate the sum of \$3,000 to be added to the Developing Well or Well Fields Account and to be spent to test for stratum formations and producing capacities and to conduct quality and quantity tests on potential well or water source sites.

Article 20. A motion was made, seconded and voted to appropriate from available funds the sum of \$28,000 to install water mains of not less than six inches, but less than sixteen inches in diameter in Central Street from a point at the end of the existing main in Central Street near Norwell Center to the junction of Central Street, Norwell Avenue, and Old Oaken Bucket Road.

Article 21. A motion was made, seconded and voted to accept the provisions of General Laws, Chapter 40, Section 8C, authorizing the Board of Selectmen to appoint a Conservation Commission; and to direct the Board of Selectmen, within thirty days of the adoption of this article, to appoint a Conservation Commission composed of seven members.

Article 22. A motion was made, seconded and voted to appropriate from available funds the sum of \$5,500 to establish a conservation fund under the provisions of General Laws, Chapter 40, Section 5, Clause 51 and Section 8C, as amended.

Article 23. Motion made, seconded and voted 144 yes, 51 no, to utilize the conservation fund in part to purchase such lands as the Conservation Commission shall select for the promotion of watershed resources of the Town.

Article 24. After much discussion of the subject of Town Government, the following motion was made, seconded and voted: "I move

the Town appoint a committee of six men from the Town to study the Town Government and its administration problems and to report on their findings and recommendations to the regular Town Meeting in March, 1962; that they be empowered to consult with any or all of the Town Officers, Committees and Boards; and that the sum of \$500 be raised and appropriated as an expense account for the use of this committee; and that the Committee consist of the following men:— Mr. Chester A. Rimer, Col. Thomas T. Barstow, Mr. Robert B. Sanderson, Mr. Sanborn Vincent, Mr. William B. Southworth, and Mr. John O'L. Edmonds."

Article 25. A motion was made, seconded and voted that the personnel study committee be empowered to report at the next regular or special town meeting.

Article 26. Mr. Truelove made a motion which was seconded and voted to divide Article 26 in 3 parts. Part 1. Motion made, "I move that the Town vote to amend Section IV, subsection B of the Zoning By-Laws by striking out sub-section B and substituting the following: Municipal buildings: or public utility buildings directly needed to provide services to the townspeople, but not including business offices, repair garages or outside storage areas. Both municipal and public utility buildings shall conform to area and set-back requirements and shall be properly landscape screened." Voted 191 yes, 1 no. Part 2. Section IV, subsection G by striking out subsection G of Section IV and substituting the following: "An office of either a doctor, or a dentist, or a lawyer, with not more than 3 members of said profession in occupancy, provided there is adequate off-street parking." An attempt to amend this motion was defeated. It was voted 167 yes, 27 no. Part 3. Motion made, seconded and voted to strike out in sub-section I, section f. the words "road building." Voted 154 yes, 10 no.

Article 27. Mr. Truelove moved that the Town vote to amend Section V, sub-section B, of the Zoning By-Laws by striking out the second word "retail". This was seconded and voted 135 yes, 1 no.

Article 28. Motion made, seconded and voted 148 yes, 1 no, to amend Section VII of the Zoning By-Laws by striking out the present sub-sections 1a, 1b, 1d, 2a, 2b, 2d and substituting therefor new sub-sections and adding Section D—Height Regulations, so that the sub-sections of Section VII will read as follows:

1a. Residential District A—One acre for each dwelling on a lot with a frontage of 150 feet or more; or, for backland with inadequate frontage under the existing Zoning By-Laws, two acres for each dwelling including an access strip not less than 40 feet wide with a

frontage of 40 feet or more, on an approved way, on which no building shall be erected or placed. The boundary line of a setback two acre lot running most nearly parallel to the way to which the lot is connected, as well as one intersecting boundary line, must be at least 150 feet in length.

1b. Residential District B—One-half acre for each dwelling on a lot with a frontage of 125 feet or more; or, for backland with inadequate frontage under the existing Zoning By-Laws, one acre for each dwelling including an access strip not less than 40 feet wide with a frontage of 40 feet or more, on an approved way, on which no building shall be erected or placed. The boundary line of a set-back one acre lot running most nearly parallel to the way to which the lot is connected, as well as one intersecting boundary line, must be at least 125 feet in length.

1d. Business District A and B—One-half acre with a frontage of 125 feet or more; or, for backland with inadequate frontage under the existing Zoning By-Laws, one acre for each dwelling including an access strip not less than 40 feet wide with a frontage of 40 feet or more, on an approved way, on which no building shall be erected. The boundary line of a setback one acre lot running most nearly parallel to the way to which the lot is connected, as well as one intersecting boundary line, must be at least 125 feet in length.

2a. Residential District A—One acre for each dwelling on a lot with a frontage of 150 feet or more; or, for backland with inadequate frontage under the existing Zoning By-Laws, two acres for each dwelling including an access strip not less than 40 feet wide with a frontage of 40 feet or more, on an approved way, on which no building shall be erected or placed. The boundary line of a set-back two acre lot running most nearly parallel to the way to which the lot is connected as well as one intersecting boundary line, must be at least 150 feet in length.

2 b. Residential District B.—One-half acre for each dwelling on a lot with a frontage of 125 feet or more; or, for backland with inadequate frontage under the existing Zoning By-Laws, one acre for each dwelling including an access strip not less than 40 feet wide with a frontage of 40 feet or more, on an approved way, on which no building shall be erected or placed. This boundary line of a set-back one acre lot running most nearly parallel to the way to which the lot is connected as well as one intersecting boundary line, must be at least 125 feet in length.

2 d. Business District A and B—One-half acre with a frontage of

125 feet or more; or, for backland with inadequate frontage under the existing Zoning By-Laws, one acre for each dwelling including an access strip not less than 40 feet wide with a frontage of 40 feet or more, on an approved way, on which no building shall be erected or placed. The boundary line of a setback one acre lot running most nearly parallel to the way to which the lot is connected, as well as one intersecting boundary line, must be at least 125 feet in length.

D. **HEIGHT REGULATIONS**

1. Residential District Heights—In a residential district, no building shall be erected or altered to exceed two and one-half (2-1/2) stories in height.

2. Business District Heights—In a business district, no building shall be erected or altered to exceed three (3) stories in height.

2A. Dwelling units in a business district shall be limited to two and one-half (2-1/2) stories.

3. Height exceptions—Chimneys, elevators, poles, spires, tanks, towers and other projections not used for human occupancy, may extend a reasonable height above the height limits herein fixed."

ARTICLE 29. Motion made and seconded to raise and appropriate the sum of \$1,500. for surfacing an additional portion of the area in the rear of the Town Hall and Town Hall Annex, failed to pass.

ARTICLE 30. Motion made and seconded to raise and appropriate the sum of \$35,000. and to transfer from available funds the sum of \$35,000. to be added to the Stabilization Fund, as provided by the General Laws, Chapter 40, Section 5B. Motion was made and seconded, to transfer from available funds \$35,000. and to raise and appropriate \$15,000. to be added to the Stabilization Fund. The amendment failed to carry. The main motion was voted: "to raise and appropriate the sum of \$35,000. and to transfer from available funds the sum of \$35,000. to be added to the Stabilization Fund, as provided by the General Laws, Chapter 40, Section 5B.

It was voted to Indefinitely Suspend action on ARTICLES 31, 32 and 33.

ARTICLE 34. Motion made, seconded and voted to transfer from available funds the sum of \$12,500. for a new fire engine for Fire Company No. 3 at Church Hill.

ARTICLE 35. Motion made, seconded and voted to transfer from available funds the sum of \$6,160.05 to meet the assessment of the Regional Vocational High School District Committee.

ARTICLE 36. Motion made, seconded and voted 174 yes, 3 no, to transfer from available funds the sum of \$3,500. for the purpose of acquiring by purchase a parcel of land of approximately three acres adjacent to and northerly from the Elementary School grounds on Main Street.

ARTICLE 37. Motion made, seconded and unanimously voted to authorize the Town Accountant to close out the unexpended balances of the following appropriations, the purposes of which have been completed:

1960 Tree Warden—New Truck	\$4.08
1960 Town Dump—Land Survey	51.00
1960 Highways—New Trucks	9.23
1960 Unpaid Bills—Veterans' Dept.	25.00
1960 High School Water Main & Hydrant	12.80

ARTICLE 38. Motion made, seconded and voted to transfer from available funds the sum of \$1,016.07 for an unpaid hospital bill incurred in 1960 by the Board of Health.

ARTICLE 39. Motion made, seconded and voted to appropriate the Dog Tax Refund in the amount of \$1,122.19 to the School Department Operation account.

ARTICLE 40. No instructions were given to the elected Town Officers. Mr. George H. Whitcher, Jr., moved that the meeting give Mr. Silvia, the Moderator, a vote of appreciation for the manner in which he conducted the meetings.

Two Fish Rights were auctioned by the Moderator. Fish Right #1 was purchased by Dr. Arthur Garceau for \$3.00. Fish Right #2 was purchased by Mr. Edward Walsh for \$3.75.

ARTICLE 42. Mr. Repass explained that Article 42 was to be voted on at the Town Election, March 11, and if voted, 50% of the premium would be paid by the Town and 50% by the insured. Motion was made that all town committees be instructed not to take any action Under Article 42 until further instructions be forthcoming.

Having completed the business of the Warrant, motion was made, seconded and voted to adjourn at 11:55 P. M., until Town Election, March 11, 1961.

NELLIE L. SPARRELL,
Town Clerk.

ANNUAL TOWN ELECTION

MARCH 11, 1961

Pursuant to the Article 41 of the Warrant, the voters met at the Elementary School on Main Street and took the following action: The Town Clerk delivered 2500 ballots, 2 ballot boxes, 3 sets of voting lists, tally sheets, master sheet, counting boards to Warden Earle F. Allen.

The polls were opened at 12 Noon, with Moderator Joseph M. Silvia in charge, who swore in the following Election Officers to the faithful performance of their duties: Earle F. Allen, Thomas T. Barstow, John A. Regan, Sr., Carmilla Molla, Phyllis Lindsay, Rosalind Whittemore, Minna Senger, Gloria Broderick, Annie Capell, Rosemarie Hartigan and John J. Piotti, the latter in charge of the ballot box. Before the closing of the polls at 8 P. M., the Moderator swore in Agnes Albert, Elizabeth Hallaren, Helen Johnson, Carol Marsh, Arline DeStassio, Irene MacDonald, Julia Rosebach, Eleanor Benner. Anne Hartigan, Rita McMullin, Catherine Edmonds, Alice Feneck and Barbara Ohrenberger, who served as counters.

At the close of the polls at 8 P. M. seventeen (17) Absentee ballots were cast, which made the total number 1488. The number of names checked on the voting lists balanced.

Upon being counted in open meeting, the ballots were found to have been cast as follows:

<i>Selectmen</i>		<i>Town Treasurer</i>

Charles W. Bayley, Jr., Charles H. Whiting, Elizabeth J. Power, and Ralph H. Coleman were sworn in by the Moderator.

The Moderator was sworn in by the Town Clerk. John O'L. Edmonds, E. Arnold Joseph, Wesley H. Osborne, Jr., John B. Arnold, Paul W. Keefe and Alfred H. Prouty, and W. Clark Atwater were sworn in by the Town Clerk. Also Edward F. Walsh was sworn in by the Town Clerk.

NELLIE L. SPARRELL,

Town Clerk

WARRANT FOR SPECIAL TOWN MEETING
TOWN OF NORWELL
Commonwealth of Massachusetts

Monday, April 10, 1961 at seven-thirty o'clock in the afternoon
at Cushing Memorial Town Hall

Plymouth, ss.

To either of the Constables of the Town of Norwell, in said County of Plymouth and Commonwealth of Massachusetts.

GREETINGS:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Norwell, qualified to vote in elections and Town affairs to meet at the Cushing Memorial Town Hall in said Norwell, on Monday, the tenth day of April, 1961 at 7:30 p.m., then and there to act on the following articles, to wit:

Article 1. To see if the Town will vote to accept an alteration of the layout of Pond Street from Washington Street to the Rockland town line as laid out by the Selectmen in accordance with the description and plan presented at a hearing in the Town Hall and now on file in the Town Clerk's office, or act on anything relative thereto.

Requested by the Board of Selectmen.

Article 2. To see if the Town will vote to raise and appropriate the sum of \$500 or any other sum for the purpose of paying land damages in connection with the alteration of the layout of Pond Street which is to be constructed by the State, or act on anything relative thereto.

Requested by the Board of Selectmen.

Article 3. To see if the Town will vote to adopt the following By-Law, as Article 14 of General By-Laws: "Regulations Relative to the Construction, Alteration, and Maintenance of Buildings and Other Structures in the Town of Norwell, Massachusetts in Accordance with the Provisions of General Laws, Chapter 143."

Requested by the Board of Selectmen.

Article 4. To see if the Town will vote to adopt the following By-Law as Article No. 15 of General By-Laws: The Board of Selectmen each year, on or before the thirty-first of March, shall appoint an Inspector of Gas Piping and Gas Appliances, whose duty shall be the enforcement of the rules and regulations as set forth in

the "Massachusetts Code for Installation of Gas Appliances and Gas Piping" as established under the Acts of 1960, Chapter 737, which legislation became effective on February 1, 1961, or act on anything relative thereto.

Requested by the Board of Selectmen.

Article 5. To see if the Town will vote to approve the proposed revised By-Laws as prepared by the By-Laws Committee, copies of which are available at the Town Hall, the James Library and the William J. Leonard Memorial Library, or act on anything relative thereto.

Requested by the By-Laws Committee.

Article 6. To see if the Town will vote to continue the By-Laws Committee, as presently constituted, and authorize said Committee to take whatever action is deemed necessary and proper to assist the Town Clerk to secure the approval and publication of the By-Laws adopted at this Town Meeting and to have copies of the approved By-Laws printed, in whatever form they shall select, and available for purchase from the Town Clerk, or act on anything relative thereto.

Requested by the By-Laws Committee.

Article 7. To see if the Town will appropriate from available funds the sum of \$1,000 or some other sum or sums of money to be expended under the direction of the By-Laws Committee for reproducing the revised By-Laws adopted at this Town Meeting, or act on anything relative thereto.

Requested by the By-Laws Committee.

Article 8. To see if the Town will vote to specifically authorize the Board of Water Commissioners, subject to the approval of the State Department of Public Health, to acquire by purchase or eminent domain on behalf of the Town for the protection of the new water supply well in Norwell, two parcels of land in the Town of Hingham within four hundred feet of said well and shown as Parcels "A" and "B" on Plan of Land in Hingham for development of water supply Town of Norwell, dated Dec. 14, 1960 revised March 17, 1961 by Loring H. Jacobs, Registered Land Surveyor, a copy of which plan is on file in the Selectmen's office and to utilize for said purpose funds appropriated under Article III of the Special Town Meeting of October 10, 1960, or act on anything relative thereto.

Requested by the Board of Water Commissioners.

Article 9. To see if the Town will vote to authorize the Town

Accountant to close out the unexpended balance of the following appropriation, or act on anything relative thereto.

1956 Union Bridge.....\$15,000.00

Requested by the Town Accountant.

Article 10. To see if the Town will assume liability in the manner provided by Chapter 91, Section 29, of the General Laws as most recently amended by Chapter 5, Acts of 1955, for all damages that might be incurred by work to be performed by the Department of Public Works of Massachusetts for the improvement, development, maintenance and protection of tidal and non-tidal rivers and streams, harbors, tidal waters, foreshores and shores along a public beach, in accordance with Section 11 of Chapter 91 of the General Laws, and authorize the Selectmen to execute and deliver a bond of indemnity therefor to the Commonwealth, or act on anything relative thereto.

Requested by the Board of Selectmen.

Article 11. To see if the Town will vote to adopt a Personnel By-Law recommended to the Town by the Personnel Study Committee appointed pursuant to vote at the 1960 Annual Meeting, or act on anything relative thereto.

Requested by the Personnel Study Committee.

Article 12. To see if the Town will vote to raise and appropriate the sum of \$5,000 or any other sum or sums of money to defray the cost of the Town's share of insurance premiums for group insurance for certain persons in the service of the Town and their dependents, said group insurance to be purchased in pursuance of the Town's vote in accepting the provisions of Chapter 32B of the General Laws, or act on anything relative thereto.

Requested by the Board of Selectmen.

And you are hereby directed to serve this warrant by posting attested copies thereof seven days at least before the time of said meeting as directed by vote of the Town.

Hereof fail not, and make due return of this warrant with your doings thereon to the Town Clerk at the time and place of said meeting.

Given under our hands this 27th day of March, A. D., 1961.

G. HERBERT REPASS,
EARLE F. ALLEN,
CHARLES H. WHITING,
Selectmen of Norwell

A true copy: Attest

Harland W. Farrar

Constable of Norwell

March 31, 1961

I hereby certify that I have posted said warrant according to the town by-law and make this my return.

Harland W. Farrar,

Constable, Town of Norwell

SPECIAL TOWN MEETING

APRIL 10, 1961

Pursuant to the foregoing Warrant, issued by the Selectmen of Norwell and executed by a duly appointed and qualified Constable of the Town, at which a quorum was present, the voters met and took the following action:

The meeting opened at 8:40 P. M. with 202 present. Motion made, seconded and voted to admit non-voters who are property owners, and they were seated in the left balcony. The Town Clerk read the warrant and the returns by the Constable. Motion made, seconded and voted to omit the reading of the articles in the Warrant. The following were sworn in as tellers: Warren Delaney, Paul Lyons, Harry Chase, Jr., head teller, Donald Whittemore and Fred Hart.

The Town Counsel, Mr. Joseph K. Collins, moved that Article 8 be taken up after action on the first two articles. This was seconded and voted, yes 221, no 2.

ARTICLE 1. Mr. Herbert Repass, Chairman of the Board of Selectmen, moved that the Town vote to accept an alteration of the layout of Pond Street from Washington Street to the Rockland town line, as laid out by the Selectmen in accordance with the description and plan presented at a hearing in the Town Hall and now on file in the Town Clerk's office. This was seconded and unanimously voted.

ARTICLE 2. Voted to take from available funds the sum of \$500. for the purpose of paying land damages in connection with the alteration of the layout of Pond Street, which is to be constructed by the State. Voted 181 yes, 2 no.

ARTICLE 8. Mr. Collins moved, it was seconded and unanimously voted "that the Town specifically authorize the Board of Water Commissioners, subject to the approval of the State Department of Public Health, to acquire by purchase or eminent domain on behalf of the Town for the protection of the new water supply well in Norwell, two parcels of land in the Town of Hingham within four hundred feet of said well and shown as Parcels "A" and "B" on Plan of Land in Hingham for development of water supply Town of Norwell, dated December 14, 1960, revised March 17, 1961 by Loring H. Jacobs, Registered Land Surveyor, a copy of which is on file in the Selectmen's office and to utilize for said purpose funds appropriated under Article III of the Special Town Meeting of October 10, 1960."

ARTICLE 3. Mr. Repass explained changes the Selectmen suggested in Article 14 of the General By-Laws "Regulations Relative to the Construction, Alteration, and Maintenance of Buildings and Other Structures in the Town of Norwell, Massachusetts in Accordance with the Provisions of General Laws, Chapter 143, "and moved that the Town vote to adopt the following By-Law as Article 14 of the General By-Laws: as printed in the Warrant, with the following changes and, for the remainder of 1961, the Town vote to appropriate from available funds the sum of \$1,000 for remuneration and expense of the inspectors.

1. Under Section 1. SCOPE. Delete beginning on line 4 as follows: "such as are owned and occupied by the United States, or owned and occupied by the Commonwealth of Massachusetts, or by any County; and also excepting bridges, quays, and wharves." Insert in place thereof the following:

1. Buildings belonging to the United States or to the Commonwealth of Mass.
2. Bridges, Quays and Wharves.
3. Buildings less than eight feet in length or breadth and seven feet in height.
4. Temporary structures erected for storage or for offices during construction operations, provided said structures shall be removed at completion of such operations.
5. One story farm or utility buildings not used for human occu-

pancy and situated not less than fifty (50) feet from any other building.

6. Ordinary repairs and alterations of buildings, not involving structural safety."

II. Under Section 2. BUILDING OFFICIAL. Delete on Page 4 of the Transcript, Line 12, as follows: "As defined by" and insert in place thereof the following: "Such as those incorporated in."

3. Under Section 4. APPLICATION FOR PERMITS. Delete on Page 4 of the Transcript, Paragraph 5, as follows: "In existing buildings, minor repairs may be made without filing an application or obtaining a permit."

4. Section 10. ELECTRICAL INSTALLATIONS. Add the following sentence to Paragraph A. Electrical Permit, immediately following the words "as amended": "All applications for a permit under this section shall be accompanied by fees as established by the Board of Selectmen." Strike out Paragraph 3, Page 6 of the Transcript, which reads "All applications for a permit under this section shall be accompanied by fees as established by the Board of Selectmen."

5. Section 10. ELECTRICAL INSTALLATIONS. On Page 6, under Paragraph D. Inspector of Wires, line 7, strike out the word "Town" and insert in place thereof the word "Selectmen."

6. On Page 6 of the Transcript add as a heading "Section 11.—Penalty for Violations." immediately following Paragraph D. Inspector of Wire (New Section 11 will encompass paragraphs 3 and 4 on Page 6.)

7. On Page 6 of the transcript, add Section 12—APPEALS

A. The Board of Appeals established under the Zoning By-Laws shall be the Board of Appeals for the Building By-Laws. No member of the Board of Appeals shall act in any case in which he is financially interested. Every decision of the Board of Appeals shall be in writing and shall require the assent of at least two members.

B. Any applicant for a permit whose application has been refused by the Inspector or any person dissatisfied with the decision of the Inspector on any matter left by these By-Laws to his approval or discretion may appeal therefrom to the Board of Appeals within 10 days from the date of said refusal or decision. If the refusal or decision of the Inspector is affirmed, the ruling shall be final. If the action of the Inspector is modified or annulled, the Inspector

shall issue a permit or decision in accordance with the decision of the Board of Appeals.

C. The Board of Appeals shall grant a hearing on each appeal of which all persons interested shall have notice.

D. Upon a petition filed by any person, the Board of Appeals may by unanimous decision suspend or vary the application of provisions of these By-Laws in specific cases which appear to them not to have been contemplated by these By-Laws, or in cases where manifest injustice is done provided the decision shall not conflict with the spirit of these By-Laws.

E. The decision shall specify the variations allowed and the reason therefor.

F. The Board of Appeals shall grant a hearing on every application for variance or suspension of which all persons interested shall have notice."

9. Following Section 12. APPEALS. Insert the heading "Section 13. LEGALITY AND ENFORCEMENT, which will refer to the last paragraph in the Building Code."

Mrs. Reeser moved that Article 3 be tabled until some future special or regular annual town meeting. A motion was made, seconded and voted 76 yes, 79 no, to indefinitely postpone action on Article 3.

Mr. Donald Whittemore moved that Article 3 be referred to the Town Government Study Committee. The Moderator ruled that the Whittemore motion could supersede the Reeser motion.

Mrs. Betty Anderson moved to amend the Whittemore motion by "having a committee of five (5) appointed by the Selectmen to study the article instead of the Town Government Study Committee. This was seconded.

The quorum was questioned and the assembly was polled. 128 were present.

Motion made, seconded and voted the meeting be adjourned until Tuesday, April 11 at 7:30 P.M.

NELLIE L. SPARRELL,

Town Clerk.

ADJOURNED SPECIAL TOWN MEETING

APRIL 11, 1961

After telephoning residents of the Town and sounding the Fire Alarm to attract attention, the Adjourned Special Town Meeting was called to order at 8:27 P. M. by the Moderator, Joseph Silvia, with 100 present.

The Moderator stated that since there was not a quorum present, there were two courses of action we could follow: 1. Declare a recess of 20 minutes, until by telephoning and blowing the fire alarm, we might get a quorum. 2. The chair would entertain a motion to adjourn to a certain time and place. It was decided to hold a recess of 20 minutes, in the hope that at the end of that time a quorum would be present.

Mrs. Ross announced she had called the Elementary School where the Science Fair was being held, asking to have parents notified of the meeting.

At the end of the recess which added very few in numbers, a motion was made, seconded and voted to adjourn until Monday, April 24th at 7:30 P. M. in Cushing Memorial Town Hall.

Motion was made and seconded that the meeting be adjourned until 2:30 Saturday, April 15. Upon information that the hall would be occupied on that date, it was amended as follows: the meeting be adjourned until 2:30 Saturday, April 15 at the High School. The whole amendment was withdrawn and it was voted to adjourn until Monday, April 24th at 7:30 P. M. in Cushing Memorial Town Hall.

NELLIE L. SPARRELL,

Town Clerk.

ADJOURNED SPECIAL TOWN MEETING

April 24, 1961

The meeting opened at 7:57 P. M. with 208 present. At 8:30, 230 were present.

The meeting was called to order by the Moderator, Joseph M. Silvia. Non-voters were admitted, including Rev. Fr. Kenney, who offered prayer.

The Moderator appointed tellers as follows: Harry L. Chase, Jr., head teller, Edmund V. Anderson, Paul Lyons, Frederick Truelove and Harold Sinclair, and swore same to the faithful performance of their duties.

Elizabeth Anderson made a motion to withdraw her motion to amend Mr. Whittemore's motion, made at the previous meeting "to have a Committee of five (5) appointed by the Selectmen to study the article, instead of the Town Government Study Committee." This motion was seconded and voted. Mr. Whittemore then moved to withdraw his motion which was seconded and voted.

G. Herbert Repass made a motion that the Town adopt the following By-Law, as Article 14 of the General By-Laws, "Regulations Relative to the Construction, Alteration and Maintenance of Buildings and Other Structures in the Town of Norwell, Massachusetts, in Accordance with the Provisions of General Laws, Chapter 143." After much discussion, a motion was made, seconded and voted by voice vote that this article be referred to a committee of five (5) composed of one (1) Selectman, one (1) builder, one (1) electrician and two (2) representatives to be appointed by the Selectmen and to report with a proper building and wiring code to the next Annual Town Meeting.

ARTICLE 4. A motion was made, seconded and voted to amend Section 4 by striking out the words "as Article No. 15" so that the article shall read "to adopt the following by-law as a General By-Law:" The Board of Selectmen each year, on or before the thirty-first of March, shall appoint an Inspector of Gas Piping and Gas Appliances, whose duty shall be the enforcement of the rules and regulations as set forth in the Massachusetts Code for Installation of Gas Appliances and Gas Piping" as established under the Acts of 1960, Chapter 737, which legislation became effective on February 1, 1961, and voted to appropriate from available funds for the remainder of 1960

the sum of \$200 from which salary and expenses of Inspector of Gas Piping shall be paid."

ARTICLE 5. Motion made, seconded and voted to omit the reading of Article 5, and proceed to consideration of subsections therein by subject matter.

The voters were asked to say the word "pass" if they wished to have discussion on any of the articles mentioned in the enumeration of headings. The following were "passed" — Articles 1, 4, 5, 6, 7, 8, 10.

Article I. Section 6 — General Provisions. Motion made, seconded and voted to substitute "Any use in these By-Laws of the phrase 'by-law' shall mean the General Laws and Statutes of the Commonwealth of Massachusetts, as from time to time amended."

Article IV. Section 4 — Town Meetings. A motion was made that Article IV, Section 4, of the By-Laws be amended to read: One hundred voters shall constitute a quorum. This motion was seconded, but failed to carry.

Article V. Elected Town Officers — Town Clerk. Section 4. A motion was made, seconded and voted to strike out "but in any event, within the week following the final adjournment of any Town Meeting."

A motion was made, seconded, but failed to carry that "the Highway Surveyor's term of office shall be three years."

A motion was made, seconded, but failed to carry that "the Moderator's term of office shall be three years."

A motion was made, seconded, but failed to carry that "the Tree Warden's term of office shall be three years."

ARTICLE VI. Appointed Town Officers. — A motion was made, seconded and voted to insert "Inspector of Gas Piping and Gas Appliances" after "Inspector of Animals" in the list. Motion made, seconded and voted to insert after "Town Accountant," the wording of Article 4 of the Warrant, "to adopt the following By-Law as a General By-Law: The Board of Selectmen each year, on or before the thirty-first of March, shall appoint an Inspector of Gas Piping and Gas Appliances, whose duty shall be the enforcement of the rules and regulations as set forth in the "Massachusetts Code for Installation of Gas Appliances and Gas Piping, as established under the Acts of 1960, Chapter 737, which legislation became effective on February 1, 1961."

Motion made, seconded and voted to insert before "Constables"

the words "Conservation Commission." A motion was made, seconded and voted to list "Industrial and Development Commission" after "Forest Fire Warden." A motion was made, seconded and voted to amend Section 5—Advisory Board— to read in addition "Budget requests shall be submitted to the Advisory Board prior to December 31 of each year for the expenses of each department for the next year," to take the place of the 30-day clause.

Article VII. Contracts—Section 4. Motion made, seconded and voted to add to Section 4 the following sentence "Contracts shall be awarded to the lowest responsible bidder."

Article VIII. Legal Affairs—Section 4. Motion made, seconded and voted to amend Section 4 under Article VIII—Legal Affairs—so that the first sentence shall read as follows: "The Selectmen shall annually, after the final adjournment of the Annual Town Meeting, appoint a member of the bar in good standing to serve as Town Counsel for the term of one year from the date of his appointment and until his successor is appointed and enters upon the performance of his duties."

Article X. Public Ways—Section 1. Motion made, seconded and voted to substitute the following for Section 1: "All new ways shall be laid out in conformance with the Rules and Regulations of the Planning Board, unless shown on a plan approved by the Planning Board, or unless such layout was made prior to June 1, 1949, and is so certified in writing by the Selectmen."

Motion made, seconded and voted that a new Section be added as follows: Section 7. "The names of new ways shall be approved by the Planning Board."

Motion made, seconded and voted that the Proposed By-Laws, as amended, be accepted.

Article 6. Motion made, seconded and voted to continue the By-Laws Committee, as presently constituted, and authorize said Committee to take whatever action is deemed necessary and proper to assist the Town Clerk to secure the approval and publication of the By-Laws adopted at this Town Meeting and to have copies of the approved By-Laws printed, in whatever form they shall select, and available for purchase from the Town Clerk.

Article 7. Voted to appropriate from available funds the sum of \$1,000 expended under the direction of the By-Laws Committee for reproducing the revised By-Laws adopted at this Town Meeting.

Article 9. Voted to authorize the Town Accountant to close out

the unexpended balance of the 1956 Union Bridge account, \$15,000.

Article 10. Voted unanimously that the Town assume liability in the manner provided by Chapter 91, Section 29, of the General Laws as most recently amended by Chapter 5, Acts of 1955, for all damages that might be incurred by work to be performed by the Department of Public Works of Massachusetts for the improvement, development, maintenance and protection of tidal and non-tidal rivers and streams, harbors, tidal waters, foreshores and shores along a public beach, in accordance with Section 11 of Chapter 91 of the General Laws, and authorize the Selectmen to execute and deliver a bond of indemnity therefor to the Commonwealth.

Article 11. Motion made, seconded and voted to indefinitely postpone action on Article 11.

Article 12. Motion made, seconded and voted to appropriate from available funds the sum of \$5,000 to defray the cost of the Town's share of insurance premiums for group insurance for certain persons in the service of the Town and their dependents, said group insurance to be purchased in pursuance of the Town's vote in accepting the provisions of Chapter 32B of the General Laws.

Motion was made, seconded and voted 107 yes, 74 no, to reconsider action taken on Article 3. Motion made, seconded and voted that the Town vote to adopt the following By-Law as Article VI of the General By-Laws: Electrical Installations and for the remainder of 1961 the Town voted to appropriate from available funds the sum of \$300 from which the remuneration and expenses of the inspectors will be drawn."

Motion made, seconded and voted that in Section D "but only for due cause" be substituted for the words "without cause," in the mimeographed building code. Adding at the end: "The Wiring Inspector shall hold a Massachusetts Master Electrician's license." Motion made, seconded and voted to accept Sections A, B, C and D, as amended.

Motion made, seconded and voted, under Instructions to Town Officers, that the Electrical Code be referred to the Committee appointed earlier in the evening, to report back at the Annual Town Meeting.

The business of the Warrant being completed, it was moved, seconded and voted to adjourn.

Nellie L. Sparrell,

Town Clerk

TOWN OF NORWELL

BY-LAWS, RULES AND REGULATIONS

A. THE FORM AND CONDUCT OF TOWN GOVERNMENT

Records and Reports	Article	IX	Records and Reports

B. THE SECURITY AND CONDUCT OF PERSONS

Safety and Order	Article	X	Public Ways
	Article	XI	Licenses
	Article	XII	Town Rules and Regulations (Including future Police Regulations)

C. THE CONDITION AND DEVELOPMENT OF PROPERTY

Public Property	Article	XIII	Town Property
Private and Public Property	Article	XIV	Building Rules and Regulations
	Article	XV	Building Permits
	Article	XVI	Removal of soil, loam, sand, or gravel
	Article	XVII	Zoning By-Laws

D. THE REGULATIONS OF TOWN EMPLOYEES

Article XVIII	Town Employee Vacations
---------------	-------------------------

ARTICLE I—GENERAL PROVISIONS

SECTION 1. The following provisions shall constitute the By-Laws of the Town of Norwell, which shall be in lieu of all By-Laws heretofore in force, except for the Zoning By-Laws.

SECTION 2. These By-Laws shall have no retroactive effect.

SECTION 3. The repeal of a By-Law shall not thereby have the effect of reviving any By-Laws theretofore repealed.

SECTION 4. Unless otherwise provided in these By-Laws, governing instrument or the General Laws, any Board, Commission or Committee of the Town may act by a majority.

SECTION 5. Any or all of these By-Laws may be repealed or amended and other By-Laws may be adopted at any Town Meeting, an article or articles for that purpose having been inserted in the Warrant for such meeting.

SECTION 6. Any use in these By-Laws of the phrase 'by-law' shall mean the General Laws and Statutes of the Commonwealth of Massachusetts, as from time to time amended.

SECTION 7. Whenever reference is made to committees in these By-Laws, for the purposes of these By-Laws only, the term "committees" shall include boards, commissions, officer and departments.

SECTION 8. The Invalidity of any Article or Section of these By-Laws shall not affect the validity of any Article, Section or By-Law otherwise valid, and these By-Laws shall remain in effect as amended from time to time, except for those Articles or Section parts thereof which are determined to be invalid.

ARTICLE II—TOWN SEAL

SECTION 1. The Town Seal shall be circular in shape and of a design as imprinted herein. This device shall be considered the Town Seal of the Town of Norwell, effective whenever used as required.

**ARTICLE III—ACTS OF THE LEGISLATURE
ACCEPTED BY THE TOWN**

SECTION 1. The Town Clerk shall file, with this Article III, a current list of all Acts of the Legislature accepted by the Town.

ARTICLE IV—TOWN MEETINGS

SECTION 1. A copy of the Warrant for all Town Meetings shall be posted in five or more public places in the Town at least

seven days prior to the Meeting, and a notice under the Seal of the Town shall be published in one or more papers published in the County of Plymouth and circulated in the Town at least seven days prior to the Meeting, but it shall be sufficient notice if the newspaper states only that a meeting is to be held giving the place, date and hour.

SECTION 2. The Selectmen shall prepare a report setting forth the Articles of the Warrant, together with the recommendations of the Advisory Board, copies of which either shall be mailed to all registered voters, or they shall cause to have a copy left at each dwelling house or apartment, at least seven days before the meeting.

SECTION 3. The Annual Town Meeting shall be held at 7:30 P. M. on the second Monday in March of each year, and Special Town Meetings may be held at such time as the Selectmen may order. At least seven days before the Annual Town Meeting, a published complete Annual Report of all Town Officers, Boards, Committees, Departments, Town Meetings, Elections, Births, Deaths and Marriages shall be left at each dwelling house or apartment.

SECTION 4. Two hundred voters shall constitute a quorum to open any Town Meeting, but a lesser number may adjourn the same. In the event a quorum is not present, the meeting may be adjourned to a later time or date, by a majority of those present.

SECTION 5. All Town Meeting votes, unless otherwise provided for by law, shall at first be taken by a voice vote. If the Moderator is in doubt, or if seven voters immediately question the vote, the Moderator shall call for a standing vote, taken by sworn tellers.

SECTION 6. Articles of the Warrant shall be acted upon in the order in which they appear unless otherwise determined by vote of the Meeting.

SECTION 7. A motion and all Amendments thereto shall, if required by the Moderator, be reduced to writing before being submitted to the Meeting.

SECTION 8. The duties of the Moderator and the Government of the Town Meeting, not provided for by law or By-Laws, shall be determined by the rules of practice contained in "Roberts Rules of Order" as far as they are adapted to the conditions and power of the Town of Norwell.

SECTION 9. A meeting, subsequent to the Annual Town

Meetings, shall be held the following Saturday in March and shall be conducted as prescribed by law between the hours of 12 o'clock noon to 8:00 P. M. for the determination of such matters as shall properly be placed on the official ballot and for the election of Town Officers, in accordance with and as required by law and these By-Laws, as follows:

Selectmen	Town Collector
Assessors	Town Clerk
Board of Health	Treasurer
Highway Surveyor	Tree Warden
Moderator	Trustees of the William J.
Planning Board	Leonard Mem. Library
School Committee	Water Commissioners
	Board of Welfare

ARTICLE V—ELECTED TOWN OFFICERS

Selectmen

SECTION 1. The Board of Selectmen shall consist of three members, one elected every year for a term of three years.

SECTION 2. The Selectmen shall have general direction and management of the property and affairs of the Town in all matters not otherwise provided for by law and these By-Laws.

SECTION 3. The Selectmen may appear, either personally or by counsel, before any legislative committee, board or commission to protect the interest of the Town, but are not authorized by this By-Law to commit the Town to any course of action.

SECTION 4. Whenever it shall be necessary to execute any deed, or other instrument required to carry into effect any vote of the Town, the same shall be executed by the Selectmen or a majority of them, in the name and in behalf of the Town, properly sealed and subscribed by a majority of them, unless otherwise provided in any special case.

SECTION 5. The Selectmen shall compile and cause to have printed the Annual Report of all Town Officers, Boards, Committees, Departments, Elections and vital statistics to be left at each dwelling house, and apartment at least seven days before the Annual Town Meeting, but failure to do so shall not invalidate the Meeting.

SECTION 6. The Selectmen shall notify the Town Clerk promptly of any appointments made by them to any Town Office, Boards,

Committees or otherwise, giving the names and addresses of any person or persons so appointed, the office to which appointed or the business upon which the person or persons so appointed are to act.

SECTION 7. The Selectmen in their discretion may, or upon the written request therefore, signed by 50 voters, shall conduct a forum at least seven days prior to any Regular or Special Town Meeting for the purpose of discussing the Articles in the Warrant for such Meeting.

Assessors

SECTION 1. The Board of Assessors shall consist of three members, one elected each year for a term of three years.

SECTION 2. The Assessors shall deliver the tax list and Warrant for collection to the Town Collector. Additional warrants shall be issued to the Collector for all taxes assessed or reassessed which are not covered by the original warrant.

SECTION 3. The Assessors shall keep the record of all tax abatements required by law. Each month the Assessors shall notify the Town Collector and Town Accountant in writing the amount of taxes abated in the preceding month, stating separately the amount abated from each tax levy.

Board of Health

SECTION 1. The Board of Health shall consist of three members, one elected each year for a term of three years.

SECTION 2. The Board of Health is to perform all the duties required by Law and may make any lawful regulations beneficial to the health of the Town and for the permanent elimination of any offensive stench obnoxious to the users of public ways or residents of the Town. Such regulations are to be posted in five public places and published in one or more newspapers published in the County of Plymouth and circulating in the Town of Norwell.

SECTION 3. Except as otherwise provided for by law, the Board of Health upon the request of any complainant shall notify any person or persons responsible for any conditions claimed to be obnoxious that complaint has been made. If after thirty days the condition is still claimed to be offensive, the Board of Health shall investigate and take whatever lawful action it may deem advisable.

SECTION 4. The Board of Health shall forbid all commercial slaughtering, the storage of all decayed animal matter and the dis-

posal of all refuse subject to offensive decay in any location injurious to the health of the Town, obnoxious to residents of the Town or unsightly as seen from any existing dwelling house or public way in the Town.

Highway Surveyor

SECTION 1. The Highway Surveyor's term of office shall be one year.

Moderator

SECTION 1. The Moderator's term of office shall be one year.

Planning Board

SECTION 1. The Planning Board shall consist of five members, one elected each year for a term of five years, and shall perform all the duties which are required by law.

SECTION 2. It shall be the duty of the Board to consider and advise upon municipal improvements in regard to which advice of the Board, at any time, may be asked by any official or officials of the Town. The Board may, upon its own initiative, make to any official or officials of the Town such recommendations in regard to municipal improvements as the Board may from time to time think proper or expedient.

SECTION 3. The Planning Board may make such rules and regulations as they may deem advisable, not inconsistent with the By-Laws of the Town or the General Laws and all statutes of the Commonwealth of Massachusetts.

School Committee

SECTION 1. The School Committee shall consist of five members, two elected one year, two elected the following year and one elected the third year, all for a term of three years.

SECTION 2. The School Committee may make such rules and regulations governing the operation of the Public Schools as they may deem advisable, not inconsistent with the By-Laws of the Town or the General Laws and all statutes of the Commonwealth of Massachusetts.

Town Clerk

SECTION 1. The Town Clerk's term of office shall be three years.

SECTION 2. The Town Clerk shall have custody of the Town Seal.

SECTION 3. The Town Clerk shall perform the duties which are required by Law, recording and filing all agreements and other papers and documents affecting the interest of the town.

SECTION 4. As soon as may be, the Town Clerk shall transmit to the Selectmen, to the Town Treasurer, to the Town Accountant, and to the Assessors, certified copies of all votes appropriating money or authorizing the expenditure of money or otherwise affecting the finances of the Town, and within the same period the Town Clerk shall transmit to all other Town Officers or Committees a certified copy of any vote of the Town affecting their respective powers or duties.

SECTION 5. It shall be the duty of the Town Clerk to notify the Selectmen or other appointing authority monthly of any unfilled committee, board or department appointments.

SECTION 6. The Town Clerk shall record, file for publication and maintain a current list of all acts of the Legislature accepted by the Town.

SECTION 7. The Town Clerk shall record, file for publication and make all revisions necessitated by any changes in, or additions to, the By-Laws voted in any Town Meeting or otherwise affecting them and, in addition, shall have available for citizens of the Town copies of these By-Laws including all revisions.

Town Collector

SECTION 1. The Town Collector's term of office shall be three years.

SECTION 2. The Town Collector shall collect all accounts due the Town which are committed to him.

SECTION 3. At least once in every month each department of the Town shall deliver to the Town Accountant a statement of each account due the Town arising from any transaction in said department. Such accounts are to be committed to the Town Collector for collection. This section is to include all taxes and special assessments, costs and fees charged by each department, except those collected by the Town Clerk.

SECTION 4. The Town Collector shall once a week or oftener pay over to the Treasurer all monies received by him during the preceding week or lesser period.

SECTION 5. The Town Collector shall advise the Selectmen, as provided by Law, when suits should be instituted and prosecuted in the name of the Town for the collection of any account due the Town and the Selectmen shall have the authority as agents of the Town to institute and prosecute the same.

SECTION 6. The Town Collector shall pay all fees received by him by virtue of his office into the Town Treasury.

Treasurer

SECTION 1. The Town Treasurer's term of office shall be three years.

SECTION 2. The Town Treasurer shall perform all the duties which are required by Law and shall have the custody of all monies, properties and securities of all trust funds, not subject to the authority of the Commissioners of Trust Funds, heretofore or hereafter given or bequeathed to the Town and shall have the power with the approval of the Board of Selectmen to invest, reinvest, transfer and expend monies from such funds as limited by the directions or provisions made by the donors of such funds. The Treasurer shall keep a separate account of such funds, and the income thereof, and submit the same to the Selectmen at the close of the fiscal year for publication in their report.

SECTION 3. The Treasurer shall file and safely keep all receipts, vouchers and cancelled obligations of the Town and shall have custody of all deeds, and other similar documents owned or held by the Town, and, except for fidelity bonds covering Town officers and employees which shall be filed with the Selectmen, shall have custody of all bonds which run to the Town or any of its commissioners, committees or officers.

Tree Warden

SECTION 1. The Tree Warden's term of office shall be one year.

Trustees of William J. Leonard Memorial Library

SECTION 1. There shall be three trustees of the William J. Leonard Memorial Library, one elected each year for a term of three years.

SECTION 2. The Trustees of the William J. Leonard Memorial Library may make such rules and regulations governing the use of the library as they may deem advisable, not inconsistent with the

By-Laws of the Town or the General Laws and all statutes of the Commonwealth of Massachusetts.

Water Commissioners

SECTION 1. The Water Department shall be under the supervision of Water Commissioners of which there shall be three, one elected each year for a term of three years.

SECTION 2. The Water Commissioners shall have such duties and powers as are provided by Law and these By-Laws.

SECTION 3. The Water Commissioners may appoint one or more Registrars, who shall, as directed by the Commissioners, take and tabulate a census of water services connected to the Town water system, read and record all service meters at such intervals as the Commissioners may direct, and perform any other duties required by the Commissioners.

SECTION 4. The Water Commissioners shall, at such regular intervals in each year as they may determine, transmit the assessments for water rates to the Town Collector, who shall collect the same, turn the proceeds thereof over to the Town Treasurer, and transmit statements thereof to the Town Accountant.

SECTION 5. A charge of two dollars or such other larger sum as the Water Commissioners from time to time may determine shall be made whenever the Water Commissioners or their representatives, at the request of the water taker, turn on or shut off the water in any service pipe.

SECTION 6. No tap for service shall be made unless approved by the Water Commissioners, who may require the payment of a suitable fee for the same.

SECTION 7. No alteration shall be made in any of the pipes or fixtures installed by the Town except by persons authorized by the Water Commissioners who shall also be allowed to enter the premises, examine the fixtures, read the meters and ascertain if there is any unnecessary waste.

SECTION 8. If any person shall open a hydrant or remove the cover thereof or make any opening or connection with any Town pipe or turn on or off the water from any Town pipe except in case of fire or by authority of the Water Commissioners, he shall be liable to a fine of not more than twenty dollars.

SECTION 9. It shall be the duty of the Water Department to

maintain the hydrants of the Town in good working order and to test them at reasonable intervals.

SECTION 10. Bills for water rates and charges shall be due and payable thirty days from the date shown thereon. If such bills are not paid by the due date, the provisions of the General Laws and all statutes of the Commonwealth respecting the collection of such rates and charges, including the establishment of a lien and shutting off of water, shall apply.

SECTION 11. The Board of Water Commissioners may make the abatements in the water rates and charges in such cases as the Commissioners may deem proper, and may temporarily shut off water from any street after giving notice of those affected by their intention to do so. The Commissioners shall notify the Fire Department of the Town prior to any permanent or temporary shut-off of any water mains.

SECTION 12. The Board of Water Commissioners shall keep suitable records in which shall be entered the names of all water takers and the amounts charged, and these records shall be open to public inspection.

SECTION 13. The Board of Water Commissioners may make such rules and regulations governing the Water Department as they may deem advisable, not inconsistent with the By-Laws of the Town or the General Laws and all statutes of the Commonwealth of Massachusetts.

Board of Welfare

SECTION 1. The Board of Welfare shall consist of three members, one elected each year for a term of three years.

ARTICLE VI—APPOINTED TOWN OFFICERS

SECTION 1. The following Town Officers shall be appointed by the Selectmen:

- Advisory Board
- Board of Appeals
- Board of Registrars
- Burial Agent
- Civil Defense Director
- Conservation Commission
- Constables
- Dog Officer

Drainage Committee
Fence Viewer
Fire Engineers
Forest Fire Warden
Industrial and Development Commission
Inspector of Animals
Inspector of Gas Piping and Gas Appliances
Moth Superintendent
Police Department
Recreation Commission
Sealer of Weights and Measures
Town Accountant
Town Forest Committee
Veterans' Agent
Washington Street Cemetery Committee

SECTION 2. When authorized or directed, the Selectmen shall appoint other town officers.

Wire Inspector

Electrical Installations.

A. Electrical Permit. Before commencing the installation of any electric wiring for light, heat and power service equipment and before the alteration or extension of any wiring systems, the owner or lessee, or agent of either, shall apply to the Inspector of Wires for a permit to do the work and no such work shall be done until such permit is granted. The application for such permit shall be on blanks furnished by the Inspector of Wires, shall state the nature and extent of the proposed work together with such additional information as the Inspector of Wires shall request. The Inspector of Wires shall grant the permit applied for if the work therein described is in all respects in conformity with the rules and regulations relative to the installation, repairs and maintenance of electric wiring and fixtures made and promulgated by the Board of Fire Prevention Regulations in accordance with the provisions of the General Laws, Chapter 143, Section 3L, as amended.

All applications for a permit under this section shall be accompanied by fees as established by the Board of Selectmen.

B. Exceptions. The provisions of this section of the By-Law shall not be applied to electrical power supply companies or communication agencies in respect to the generation, transmission or distribution of

electric power and light, to systems of the transmission of intelligence by electricity or to the operation of signal systems used exclusively by public service agencies.

C. Inspection. No work in connection with an electric wiring system shall be covered or concealed until it has been inspected and permission therefor has been granted by the Inspector of Wires.

D. Inspector of Wires. The Board of Selectmen shall within thirty days after this By-Law becomes effective and thereafter annually in April appoint an Inspector of Wires to serve for the term of one year from the first day of May following, or until his successor is appointed and qualified. He may be removed from office by the Board of Selectmen at their discretion only for due cause and he shall be compensated as the Selectmen may from time to time determine. His duties shall be to consider applications for permits described in this section, to inspect the work for which a permit was issued and to carry out all other duties imposed upon him by General Laws, Chapter 166, Section 32, as amended.

The Wiring Inspector shall hold a Massachusetts Master Electricians' License.

Advisory Board

SECTION 1. The Selectmen shall appoint an Advisory Board of nine non-office-holding taxpayers, who shall serve without pay, with three members appointed each year for a term of three years.

SECTION 2. Said Advisory Board shall organize by choosing a Chairman and a Secretary.

SECTION 3. The duty of the Advisory Board shall be to investigate and consider all articles in the Warrant to be brought before the Town and to report and advise thereon in Town Meetings.

SECTION 4. The Selectmen shall transmit to the Chairman of the Advisory Board a copy of all Town Warrants issued by them, on or before the day of posting.

SECTION 5. The Advisory Board may request the Selectmen and other town officials, under whose direction appropriations are expended, to submit to them prior to December 31 of each year, budget requests for the expenses of each department for the next year and request them to appear before them for consultation.

SECTION 6. The Advisory Board shall grant a hearing upon all articles in any Town Warrant.

SECTION 7. All reports, advice, suggestions or recommendations as provided in Section 3, shall be submitted in writing, signed by the Chairman and Secretary, together with the records of the proceedings of said Board, and shall be filed with the records of the Town in the office of the Town Clerk.

SECTION 8. Five members of said Board shall constitute a quorum.

SECTION 9. The Advisory Board shall have the authority to examine the books and records of any Town Board or official, as far as the same is permitted by Law.

SECTION 10. Said Advisory Board may request of the Town Accountant the status of any appropriation made by the Town, particularly the portion spent or committed and the balance available for the accomplishment of the purpose for which the appropriation was made.

SECTION 11. The Advisory Board may request of any Board, Town Officer or any other expending authority a report of progress on the use of any appropriations and shall take whatever action it may deem advisable should said appropriation appear to be insufficient for the purpose voted.

SECTION 12. The Advisory Board shall meet monthly and at such other times as they may determine.

SECTION 13. No member of the Advisory Board shall be appointed to succeed himself after serving two terms of three years each.

Town Accountant

SECTION 1. The Selectmen shall appoint a Town Accountant for a term of three years and until his successor is qualified.

SECTION 2. The Town Accountant shall perform all duties prescribed by law including the filing of all contracts, insurance policies and agreements affecting the interests of the Town.

Inspector of Gas Piping and Gas Appliances

SECTION 1. The Board of Selectmen each year, on or before the thirty-first of March, shall appoint an Inspector of Gas Piping and Gas Appliances, whose duty shall be the enforcement of the rules and regulations as set forth in the "Massachusetts Code for Installation of Gas Appliances and Gas Piping" as established under the Acts of 1960, Chapter 737, which legislation became effective on February 1, 1961.

ARTICLE VII—CONTRACTS

SECTION 1. No Contract shall be awarded for any work or service other than professional service in the interest of the Town and no purchase of materials or equipment shall be made, the estimated cost of which in either case is \$500.00 or more without invitation for competitive bids.

SECTION 2. Said invitations shall be sent on the same days to such number of vendors or contractors as the Selectmen or purchasing board of officers deem advisable but must in any case be, at least, three qualified to bid on such supplies or service.

SECTION 3. Said invitations shall state where specifications may be obtained and shall also state where and when such bids will be opened, such opening to be in public.

SECTION 4. Invitations to bid on any contract or purchase estimated to cost \$1,000.00 or more shall be publicly advertised by at least one insertion in one or more newspapers published in the County of Plymouth and circulating in the Town of Norwell, at least ten days before the opening of the bids.

Contracts shall be awarded to the lowest responsible bidder.

SECTION 5. No contract shall be split up or divided for the purpose of evading the foregoing section.

SECTION 6. In event the Selectmen are unable to secure competitive bids, they are authorized to take whatever action they deem advisable, but the Selectmen must certify in writing that the required invitations were sent out and such certifications together with any returned refusals must be filed with the Town Accountant and shall be kept in file open to public inspection at least for three years.

SECTION 7. The above sections shall not apply in cases of emergency requiring immediate action for the preservation of life or property or for such supplies and materials for which there is only one source of supply but such reasons for purchases must be certified by the purchasing officer or board.

ARTICLE VIII—LEGAL AFFAIRS

SECTION 1. The Selectmen shall be agents of the Town to institute, prosecute and defend any and all claims, actions and proceedings to which the town is a party or in which the interests of the town are or may be involved.

SECTION 2. When recommended in writing by Town Counsel, the Selectmen may, at their discretion, compromise or settle any

claim or suit to which the Town is a party, unless otherwise expressly prohibited by Law.

SECTION 3. The Selectmen in their Annual Report shall state what actions have been brought against and on behalf of the town, what cases have been compromised or settled, and the current standing of all suits at law involving the town or any of its interests.

SECTION 4. The Selectmen shall annually, after the final adjournment of the Annual Town Meeting, appoint a member of the bar in good standing to serve as Town Counsel for the term of one year from the date of his appointment and until his successor is appointed and enters upon the performance of his duties. They shall likewise fill any vacancy in said office, for the unexpired term, and may employ special counsel to assist the said Town Counsel whenever, in their judgment, necessity therefor arises.

SECTION 5. It shall be the duty of the Town Counsel to conduct the prosecution or defense in actions and proceedings to which the town is a party, or to compromise claims, and the prosecution of actions or proceedings by or on behalf of any town officer, board or committee as such; to conduct the defense of any action or proceedings brought against any town officer, board or committee as such when the Selectmen, having determined that any right or interests of the town are or may be involved therein shall so request; to conduct proceedings brought by or against the Assessors before the Board of Tax Appeals; to assist in the prosecution of complaints of violation of any By-Law of the town, when requested to do so by the Board or officer enforcing the same; to examine and report upon titles to all land to be acquired by the town; to prepare or approve contracts, bonds, deeds and other legal instruments in which the town is a party or in which any right or interest of the town is involved; to appear at any and all hearings on behalf of the town whenever his services may be required; and generally to advise and act for the town committees upon and in legal matters touching the duties of their respective offices.

ARTICLE IX—RECORDS AND REPORTS

SECTION 1. All Committees of the Town shall cause records of their doings and accounts to be kept in suitable books. Said books shall be kept in their respective places in the committee offices, and shall not be removed therefrom. Said books shall, unless otherwise provided by law, be open to public inspection at any reasonable time, but shall remain during such inspection under supervi-

sion of the committee having custody thereof.

SECTION 2. All Committees and Special Committees of the Town having charge of the expenditure of town money shall annually report thereon in writing in such manner as to give the citizens a fair and full understanding of the objectives and methods of such expenditures, referring, however, to the report of the Town Accountant for statements in detail of receipts and payments, and may make therein such recommendations as they deem proper. Such reports shall be submitted to the Selectmen for inclusion in the Annual Report on or before the fifteenth day of JANUARY of each year.

SECTION 3. The Annual Town Report shall contain, in addition to the Reports of committees, as hereinbefore provided, a detailed report of all monies received into and paid out of the Town Treasury in the Financial year next preceding; the Report of the Collector of Taxes, of receipts, payments and abatements; statements of all funds belonging to the Town or held for the benefit of its inhabitants; a statement of the liabilities of the Town on bonds, notes, certificates of indebtedness, or otherwise, and of indebtedness authorized but not incurred, and the purposes thereof; abstracts of the records of the meetings of the Town held since publication of the last Annual Report; and such other matters as the said Report is required by law to contain, or as may be inserted by the Selectmen under the discretion granted them by law.

ARTICLE X—PUBLIC WAYS

SECTION 1. All new ways shall be laid out in conformance with the Rules and Regulations of the Planning Board, unless shown on a plan approved by the Planning Board, or unless such layout was made prior to June 1, 1949, and is so certified in writing by the Selectmen.

SECTION 2. No private way shall be accepted unless and until the Planning Board shall have certified in writing to the Selectmen that such way is well-built and so constructed that it is at least equal to the average construction of existing highways of the Town, with the proper grades in relation to abutting land and connecting streets and that it conforms with the Planning Board's Rules and Regulations, provided, however, this section shall not apply to the ways laid out subject to any provisions of law relating to the assessments of betterments.

SECTION 3. No private way shall be accepted for the purpose

of construction or alterations, or any way laid out or altered by the Selectmen until all claims for damage have been estimated.

SECTION 4. No private way shall be accepted unless drainage as may be required shall be installed as directed by the Drainage Committee.

SECTION 5. Each petition for the layout of a street or way for acceptance at any Town Meeting shall be presented to the Selectmen at least three months before such meeting, and the Board of Selectmen, the Planning Board, the Drainage Committee, the Board of Health, the Water Commissioners and the Highway Surveyor shall attach thereto an affidavit stating that the road is or is not satisfactory in width and so constructed as to be acceptable.

SECTION 6. The Board of Selectmen shall determine and designate numbers of the buildings on such streets or portions of streets as they think best and no person shall neglect to affix to any building owned by him the street number designated to him by said board, nor shall any person affix or suffer to remain on any building owned by him a street number other than the one designated by said board.

SECTION 7. The names of new ways shall be approved by the Planning Board.

ARTICLE XI—LICENSES

SECTION 1. All licenses shall be granted and issued by the Selectmen except as otherwise provided in the General Laws and all statutes of the Commonwealth of Massachusetts.

SECTION 2. Except as otherwise provided by Law or these By-Laws, no license shall be granted without at least seven (7) days public notice of the application therefor and a license granted under these By-Laws or any additional By-Laws may be revoked by the Board or Officer granting the same.

SECTION 3. The Selectmen may license suitable persons to be dealers in Junk, old metal or second-hand articles in the Town but the premises of such dealers may be examined at all times by the Selectmen and no person shall be engaged in such occupation in the Town without a license.

SECTION 4. The occupations requiring licenses shall be those established by Law and by these or any additional By-Laws of the Town.

SECTION 5. Except as otherwise provided by law all license fees shall be established by the Selectmen.

ARTICLE XII— TOWN RULES AND REGULATIONS

SECTION 1. Every committee of the Town shall file with the Town Clerk, within two weeks after their adoption, a copy of their rules and/or regulations and all revisions, corrections and additions made thereto.

SECTION 2. The Town Clerk shall file, immediately following this Article XII, a copy of the rules and regulations of every committee of the Town.

ARTICLE XIII— TOWN PROPERTY

SECTION 1. The Selectmen shall have the care and custody of all town property not otherwise placed by law in the hands of other town officers.

SECTION 2. Except as otherwise provided by law, the Selectmen shall protect the town and town property against any losses or claims due to any cause by such kinds and amounts of insurance as are necessary.

SECTION 3. Annually the Selectmen shall examine all town buildings under their care and custody and shall request of the town at each Annual Meeting such appropriations as seem necessary to keep such properties in proper condition to fulfill their purpose, such request to be presented with the recommendations of the Advisory Board.

SECTION 4. Any Board or officer in charge of a department may with the approval of the Selectmen sell any personal property or material not required by said department to an aggregate amount not exceeding \$500.00 in value in any one fiscal year.

ARTICLE XIV— BUILDING RULES AND REGULATIONS

To be inserted in the future, when and if adopted.

ARTICLE XV— BUILDING PERMITS

SECTION 1. No building shall be erected, externally altered, or changed in use without a written permit from the Selectmen.

SECTION 2. The Selectmen shall not issue a building permit unless the proposed erection, alteration or change in use is in conformity with the Town By-Laws, and all other applicable rules and regulations of the town.

SECTION 3. A permit must be obtained from the Selectmen to move a building over a public way.

ARTICLE XVI— REMOVAL OF SOIL, LOAM, SAND OR GRAVEL

SECTION 1. No person shall remove any soil, loam, sand or gravel from any land in the Town of Norwell not in public use unless such removal is authorized by a permit issued by the Board of Selectmen. Such permit may contain such limitations and conditions as the Board of Selectmen shall determine.

SECTION 2. No such permit shall be issued except upon written application therefor to the Board of Selectmen and after a public hearing thereon by the Board of Selectmen held pursuant to a written notice thereof given at the expense of the applicant at least seven (7) days prior thereto by advertisement in one or more newspapers of general circulation in the Town of Norwell, and by mailing a copy of such advertisement to all owners of land abutting upon the land with respect to which the permit is sought as appears on the most recent tax list.

SECTION 3. The provisions of this By-Law shall be deemed not to apply to the removal of soil, loam, sand or gravel as may be required to be excavated for the purpose of constructing foundations for buildings or other allowable structures for which permits have been issued, or for the purpose of constructing ways in accordance with lines and grades approved by the Planning Board.

SECTION 4. The penalty for violation of this By-Law shall be as follows: For the first offense, fifty dollars; for the second offense, one hundred dollars; and for each subsequent offense, two hundred dollars.

ARTICLE XVII— ZONING BY-LAWS

(WHEN THESE BY-LAWS ARE PUBLISHED IN BOOK FORM
THE ZONING BY-LAWS EFFECTIVE AS OF PRINTING DATE
WILL BE INSERTED HERE.)

ARTICLE XVIII— TOWN EMPLOYEE VACATIONS

SECTION 1. Each employee, other than those employed by the School Committee and Board of Public Welfare, who has worked for the town six months prior to June 1 of any calendar year, shall be entitled to one week's paid vacation, and each employee who has worked for the town twelve months or longer prior to June 1 of any calendar year, shall be entitled to two weeks vacation with pay. The amount of vacation pay shall be equal to the average weekly

earnings of the employee during the preceding six or twelve-month period, whichever is effective in determining the vacation period. Such vacations to be taken during the period June 1 — December 31 of the respective calendar year and in no instance shall vacation time be accumulative.

October 17, 1961

Boston, Mass.

The foregoing by-law adopted Article 5 and the amendments to by-laws adopted under Articles 3 and 4 are hereby approved.

(Signed) E. Mc. McCormack, Jr.

Attorney General

November 29. Married in Hingham, Paul Edward Long of Holbrook and Helen L. (Boardman) Burke of Norwell, by John M. Gallop, Priest, St. John's Church, Hingham, Mass.

INSTRUCTIONS ON RECORDING BIRTHS

PARENTS: Be Sure to Record the Birth of Your Child, With Given Name in Full

The Town Clerk tries to have the record of births appear in the Town Report of the year in which the birth occurs. The Towns where the births occur depend on prompt returns from the hospitals, many of which are negligent in their duty to be prompt with returns.

If all parents file a report of birth with the Town Clerk PROMPTLY, some pressure may be brought to bear on the hospitals and towns to do their share in forwarding birth certificates, that the record may be complete each year.

READ THE LAW!

"Parents within forty days after the birth of a child, and every householder within forty days after a birth in his house, shall cause notice thereof to be given to the clerk of the town where such a child is born.***"—General Laws, Chapter 64, Section 6.

Some of the Many Reasons Why Births Should Be Recorded :

To establish identity

To prove nationality

To prove legitimacy

To show when child has the right to enter school

To show when child has the right to seek employment under the child labor law.

To establish the right of inheritance of property

To establish liability to military duty, as well as exemption therefrom.

To establish age and citizenship in order to vote

DELAYED RETURNS

1960 DELAYED RETURNS OF BIRTH

Laura Pihlcrantz

Born July , 1960 in Weymouth to William E. and Nancy M. (Warman)

Gregory Davis

Born December 30, 1960 in Weymouth to John T. Davis and Ola J. (Hancock)

Robert Martin Byers, Jr.

Born November 11, 1960 in Boston to Robert Martin Byers and Anna (Norman)

Crowell

Born December 17, 1960 in Police Ambulance enroute to South Shore Hospital, to Kenneth W. and Hope D. (Richards)

1960 DELAYED RETURN OF MARRIAGE

David C. Graham, Jr. and Loretta J. Feneck, married September 10, 1960 in Norwell, by Harold V. Stockman, Priest. Record received May, 1961.

CORRECTION

The date of death of James Holmes Barnard was incorrect in the 1960 Town Report. The correct date of death is March 17, 1960.

Births Recorded in Norwell in 1961

Date of Birth	Name of Child	Names of Parents	Maiden Name of Mother	Place of Birth
January 4	Donna Marie Dempsey	Robert P. Dempsey and Marion D.	Murphy	Boston
9	Paula Jean Johnson	Paul F. Johnson and Marilyn J.	Thiboutot	Weymouth
9	Ann Hunt McDermott	John R. McDermott and Joan T.	Whelan	Boston

REGISTRATION OF VOTERS

Qualifications:

Any person who has lived in the Commonwealth one year, and in the Town six months, may register to vote.

Some evidence must be shown proving six months residence, such as a receipted light or gas bill.

If a naturalized citizen, naturalization papers must be presented at time of registration.

Time to Register:

Beside dates set for registration, any qualified resident may register with the Town Clerk any weekday during the year, except Saturday, and those days during which registrations are closed by law.

On December 1, 1961 there were 2703 registered voters in the Town of Norwell.

ENROLLED MILITIA

As of April 1, 1961, there were 1006 men eligible for Military Duty in Norwell.

DOG LICENSES

All dogs must be licensed at the age of 3 months, and all licenses are due on or before March 31st. Tags and receipts are usually delivered about that time to the Town Clerk's office. Payment for licenses may be made in person, by check or money order made payable to the Town of Norwell, or mailed to the Town Clerk.

All licenses remaining unpaid on June 1st must, by law, be turned over to the Constable for collection. PAY PROMPTLY and save the Town the expense of overdue notices and collection by the Constable.

DOG LICENSES ISSUED IN 1961

314	Males at \$2.00	\$628.00
72	Females at \$5.00.....	360.00

- 61—5 Vivian McMillan, Washington Street, Norwell, expires June 21, 1961.

NELLIE L. SPARRELL,

Town Clerk

1961 REPORT OF THE HIGHWAY SURVEYOR

To the Citizens of Norwell:

I submit my annual report for the year of 1961 concerning the activities of the Highway Department.

The winter of 1961, January through March, was probably one of the worst we have experienced in a long time. We were very fortunate, however, in having two Town-owned trucks that proved the advisability of using 24,000 pound trucks for highway work and snow removal. They both have plows and one is equipped with a V-body sander. This year we have fitted the other truck with a hydraulic tailgate sander which can be used for ice control in the winter or tarring in the summer.

I am asking for a four-wheel drive, heavy duty type loader of the one yard class. In time I hope we will be able to equip it with a backhoe and sweeper.

We started our maintenance work by cleaning catch basins, gutters and waterways and cleaning sand off corners and roadways. This work is done under Chapter 81, and a breakdown follows this report. We are thankful to have the excellent cooperation of the Department of Public Works for all the invaluable engineering help which is given to this Town by the District Office at Middleboro.

The Chapter 90 project was carried out on Main Street from Dover Street to the State Police Barracks on West Street at the junction of Main and West Street. This was one of the biggest problems of this department and the merchants of Norwell Center. We had to dig the old roadway up completely, lowering the grade to take the steepness off "No Pork Hill." Therefore, during the working day we were forced to close the road to traffic, yet at the same time try to let everyone get to the Post Office and the business district at the Center.

We have made a sidewalk of granite curb in front of the Cushing Memorial Town Hall and also from the First Parish Cemetery to the Post Office. I am submitting a special article this year for approval to hot mix these walkways to keep the maintenance cost at a minimum.

Two traffic islands were also installed this year—one at River and Main Streets and the other at Central and Main Streets. The islands were necessary to channel the traffic for safety reasons. "Keep Right" and "Stop" signs were installed on these islands along with street lights.

These traffic islands have been made ready for planting by being loamed, and we wish to take this opportunity to thank the Norwell Garden Club who so readily agreed to keep the two areas well groomed in order to enhance the beauty of Norwell Center.

The bituminous concrete top of 2,300 tons was laid from Dover Street to the State Police Barracks. This area now has white lines and the finish grading and seeding will be done in the spring of 1962. This will complete the section of Main Street from the Scituate line to the Center. In 1962 we are going to start at the Hanover line and work back to the Center.

The year 1961 was one of the busiest in highway work. Main Street was torn up for Chapter 90 work, Pond Street was rebuilt by the State and Federal Governments without cost to the Town to be used for Route 128, as was part of High Street for the Expressway. In 1962 this work will be carried on to Pleasant, Pine and River Streets and Stetson Road. The Water Department had Central Street torn up for installation of water mains. Union Bridge on Bridge Street was closed to traffic in early April and will not be opened until late summer.

Drainage work was done at Green Street where we replaced an old stone culvert with a new steel multiplate arch pipe, 72" x 44", which is working very well. Green Street is the location of past beaver activities which resulted in flooding in the area. I am happy to report that we have won out over the beavers in the Wildcat section by lowering the water table. The beavers then, of course, had to look for a new home. They migrated downstream, crossed over Pleasant Street and are now located near the Water Department Pumping Station and Office on Pleasant Street. Maybe their next move will be to take up residence in Hanover. This will not completely solve our problem, but it would be a step in the right direction for the Town of Norwell.

Some other drainage work was the replacement of a stone culvert on Mt. Blue Street with a 24" reinforced concrete pipe with a drainage program to follow, along with a new 15" line from Tiffany Road to the Hanover Brook and the installation of two catchbasins and a system to follow. All of the drainage work has been in conjunction with the Drainage Committee and our highway funds on a special project.

We started a mix and place program which I hope you will vote to continue this year. In 1961 we resurfaced Jacobs Trail and Doris Avenue with the money we had in that account.

In 1962 we would like to resurface Prouty Avenue and Duncan Drive in Jacob's Lake Shores and River Street from the Barstow residence to the Wyllie residence. I am also asking for \$500 to remove the ledge at the corner of Wilder Road and Grove Street.

We finished the section of Old Meeting House Lane when we destumped the easterly section and made a twenty foot roadway with gravel, tar and seal on this portion of the road. This made Green Street, in the Wildcat section, the only dirt road in Norwell. We are asking for an appropriation to tar 1,200 feet of this road because of the heavy truck traffic in this area which is wearing out the gravel surface and will cost double the money to resurface it a year from now. There, also, have been many complaints from the residents in this area about the dust caused by the operation of the trucks.

The drainage in Washington Park has not been completed because of the extension of the Southeast Expressway. This section has just been accepted, and I am sure it will be at the top of the list for 1962. The Expressway did help in lowering the water table to some extent, but there is still quite a bit of territory between there and the outlet at Hanover.

The Highway Department has its trucks stored on Cross Street in a 32' x 36' wooden building. Tools and other equipment are kept there too, as much as the space will allow. It is very difficult to have equipment and materials stored in about six different places all over Norwell, but because of the space problem on Cross Street it is necessary.

The stockpile at the Town Dump has been equipped with electric lights as a safety measure for working at night. Having the sand stored at the Dump makes it difficult at times because it is hard to get someone to travel to this area in the wee small hours of the morning and load sand without the availability of a mechanical loader.

I am asking for a plow this year to help build up our equipment to enable us to cover our routes in Town more quickly. We will have three new developments next year, the roadway area at the schools has expanded and the Expressway will give us two more dead-end roads—Pine Street and Stetson Road—along with two service roads from Stetson Road directly to River Street and Pine Street to River Street. This will delay us more in our snow plowing and sanding.

It is my hope that the above-mentioned service roads and dead-

end roadways will be renamed to help clarify the streets in case of emergency.

I wish to express my sincere appreciation for the cooperation extended to me by the Town Officials, the various committees and departments and to the citizens of Norwell who I have had the pleasure of working with this past year.

Respectfully submitted,

E. ARNOLD JOSEPH

Highway Surveyor

REPORT OF THE INSPECTOR OF WIRES

From the initiation of the Electrical Inspection Program on September 1, 1961, fifty-five permits were issued by the end of the year, covering various electrical installations. Approximately 130 man-hours were involved in inspections resulting from the issuance of these Permits.

Rules and Regulations for Electrical Wiring have been promulgated which are available at the Town Offices, together with applications for Electrical Permits and schedule of fees for same.

Respectfully submitted,

RAYMOND A. HANSEN

Inspector of Wires

Report of the Planning Board

Board of Selectmen

Norwell

Massachusetts

Gentlemen:

During the past year the tempo of activities for the Planning Board has increased considerably. We have endorsed approximately sixty individual lot plans in addition to approving the final plans for two new subdivisions with a total of eighty-four building lots. Also, we have been closely following the progress of the two pre-

viously approved subdivisions. Recently, preliminary plans for two proposed subdivisions have been submitted to the Planning Board for its considerations, so it is safe to assume that by the end of 1962 we will have at least six subdivisions in various stages of construction. Conversely, this increased activity on our part will be reflected in the work load of other Departments six to eighteen months from now when the presently approved projects have been completed.

In the constant review of the Zoning By-law Regulations, and in our concept of them in relation to the best interests of the Town, we anticipate some changes which will clarify and up-date them to meet the everchanging conditions confronting us.

This year's Warrant contains a number of Articles submitted by the Planning Board, which we think will resolve the Town Garage Site problem. Yet there are other major problems which we are presently working on, in cooperation with other Town bodies, such as the extension of Route 128 and the disposition of 540 acres of the Hingham Ammunition Depot Annex which lie in Norwell. We are working closely, also, with the Planning Boards of other Towns on these two problems and we are hopeful that satisfactory solutions will be found this year which will be beneficial to Norwell.

As an outgrowth of our many meetings with other Planning Boards, there has been organized an informal confederation of the local Planning Boards into the South Shore Regional Planning Council. This Council will deal with the many mutual problems which confront the local Planning Boards and we are sure you will hear more of its work in the years to come.

Respectfully submitted,

NORWELL PLANNING BOARD

Report of William J. Leonard Memorial Library

To the Board of Selectmen:

Norwell, Mass.

Gentlemen:

The Trustees of the William J. Leonard Memorial Library are pleased to report that the library has had on of its busiest years. We have a great many new borrowers and our circulation is far above that of other years.

We have tried to please everyone's reading tastes by purchasing "Best Sellers" and standard books, both fiction and non-fiction. The Librarians are ever ready to assist in the selecting of books for pleasure or research. Our reference section is growing larger, and we expect to increase it even more this coming year.

We wish to sincerely thank Combination # 2 of the Norwell Fire Department for their help and many courtesies this past year.

We look forward to seeing our regular patrons, as well as many new ones this coming year. Come visit our small, but ever busy library on Route 3 adjoining the Fire Station.

Respectfully submitted,

Lorraine Duty

Mildred M. Carr

Alfred Prouty

Trustees.

Annual Report of the Civil Defense Agency

During the past year the Norwell Civil Defense Agency continued its participation with other departments in dealing with emergency situations such as severe storms, hurricanes and lost persons. The Communications Center, the ambulance operation, the improvement of a communications net within the Town, the enlargement and training of the Auxiliary Police, and the increased problems brought about by world tensions and fears of nuclear warfare, are the prime concerns of Civil Defense at this writing.

The Auxiliary Police, under the able leadership of Sgt. Thomas Robinson, continue to be a vital part of our organization and their growth and training is one of our prime objectives. The members again gave unhesitatingly of their time when called upon, particularly during the summer months when they gave generously of their time on Sunday afternoons to help with the traffic problem on Route 3 at Grove and High Streets. This, we are glad to say, is a problem of the past as the opening of the Expressway will move this bottleneck further down Route 3.

In April, we obtained from Government Surplus, an excellent Cadillac ambulance which is operated under the direction of Civil Defense. Nominal charges are made for the ambulance runs so that this service we hope can be self-supporting. As this is written in December, the ambulance has made 70 "paid" runs and its availability has been a factor in the saving of several lives—even one of which makes the operation a worthwhile one. An essential part of the equipment is a resuscitator, which was donated for the ambulance by the Norwell Lions Club and the entire Town is grateful to them for this valuable and generous contribution to the Town emergency facilities. The Red Cross First Aid course which was held during the winter assure of a group of well-trained ambulance drivers.

We are also indebted to Virta's Garage for their cooperation in repainting the exterior of the ambulance, to the members of the Police Department for refinishing the interior, and to the Norwell Visiting Nurse Association for the gift of six blankets from the Jessie R. C. Atwater Memorial Fund.

The current world crisis, of course, has brought a renewed interest in Civil Defense and we have had many requests for information on Fallout, Shelters and Emergency Equipment. This last item is of value to all households in case of natural disasters as well as for the possibility of nuclear attack. To date we know of two private shelters being constructed in Town. The problem of public shelters is receiving our attention jointly with the State and Federal Governments. With other Town Departments we are urging the return to Norwell of the 548 acres lying in the Hingham Naval Ammunition Depot Annex which used to be part of the Town. On this land are a dozen large storage bunkers which could be equipped for community shelters at a nominal expense, providing shelter for at least 2500 residents. Other possible shelter sites in town are being studied, as is the problem of care or evacuation during school sessions.

We do not wish to enter into any controversy in this report as to the feasibility or not of the shelter problem. Our mission is to be responsible for the welfare of the people under emergency circumstances and to provide the best care we can with a limited budget to operate on. Our setup is entirely volunteer and our facilities are limited. When disasters do arise we find that many residents expect a great deal from us, but they are not willing to provide us with additional equipment with which to work. If Norwell residents are to continue to expect a great deal during emergencies, it is they who should initiate the appropriations which will increase our means to be of greater help. This Town Department, like any other, can only do a job proportionate to the tools at hand. No one is wise enough to say that we are not faced with nuclear war, or serious storms, or serious fires. Like carrying insurance, we must decide for ourselves how much protection we need. Then, if disaster strikes, adjust ourselves to the situation as best we can with the protection we have decided upon.

Respectfully submitted,

W. Clarke Atwater, Director

Civil Defense Agency

Report of the Dog Officer

To the Selectmen of the Town of Norwell

Gentlemen:

I herewith submit my report as Dog Officer for the Town of Norwell for the year 1961.

Stray dogs picked up	24
Complaints investigated	37
Dogs returned to owners	30
Disposal of injured dogs	3
Badly injured dogs brought to vet	1
Miscellaneous complaints	50

Respectfully submitted,

ROBERT L. MOLLA, SR.

Dog Officer

Report of the Conservation Commission

To the Citizens of Norwell:

Your Conservation Commission was appointed by the Selectmen following the Town Meeting in March. Almost at once two opportunities arose for us to work in cooperation with other newly-created Conservation Commissions in other towns.

The first and most pressing situation concerns the forthcoming release by the Federal Government of the Cohasset Annex of the Hingham Ammunition Depot. Some 490 acres of this 3200 acre site lie in Norwell. It is our hope that the Annex, the last unspoiled green area of this size on the South Shore, can be acquired and used as a unit for conservation purposes. We plan to make a further report on this situation at the Annual Town Meeting.

The second opportunity for concerted action has concerned the preservation of the salt marshes along the North River. Constituting as they do one of the most beautiful natural assets of each of the towns along its course, we believe the river and its marshes should be kept in as close to their natural state as is possible without placing unfair restrictions upon individual landowners. Toward this end, we are offering an amendment to the Zoning By-Law at the Annual Town Meeting. Similar articles are being prepared to appear in the warrants of town meetings in Scituate, Marshfield, Hanover and Pembroke. We hope the voters of Norwell will take favorable action on this article at the meeting.

Other projects under study include the possibility of restoring the annual herrings runs on First and Second Herring Brooks, acquisition of land around Black Pond in cooperation with the National Conservancy and the development of a Nature Center on Town-owned land at Jacobs Pond. We have also consulted with the Water Department on their needs for additional land for well development.

Since our organization in April, we have met and discussed mutual problems with other town committees as well as with private organizations and citizens. We believe that Norwell, in common with other towns in the area, faces as serious a crisis in trying to keep its attractive character as it does in meeting its growing expenses.

We would remind you that your Conservation Commission has no power to "take" land in any manner. The town may vote to buy, or accept as a gift, land to be used for conservation purposes. Such

land could then be managed by the Commission. At the meeting that created this Commission last March, the town voted the sum of \$5,500 to be used for conservation purposes. In the event that any or all this money is used to buy land for conservation, the cost of the land would be shared equally by the State. At the Annual Meeting we are requesting an additional appropriation of \$6,800 to be added to the conservation fund. This figure represents 1/20 of 1% of this year's real estate evaluation of the Town and is the maximum amount allowed by the State under their program of matching funds. We believe it is definitely in the Town's interest to take advantage of this allowance so that funds may accumulate toward the possible major purchase of land for conservation purposes.

In many towns where Conservation Commissions have been in existence for some years, we find it is common for individual land-owners to make substantial gifts of land to the town to be managed by the commission or by some private organization dedicated to conservation. One such gift of land has already been proposed to the commission. We take this opportunity to encourage similar generosity on the part of other Norwell citizens. We would be most happy to discuss the details of such transactions at any time.

The members of the commission wish to thank all those who have assisted us during our first year. In particular we would call attention to the tireless efforts on behalf of conservation being made throughout our area by our fellow-citizen, Dr. William "Cap'n Bill" Vinal.

During the coming year we will welcome any suggestions you might have toward furthering the cause of conservation in Norwell.

REPORT OF THE SOUTH SHORE MOSQUITO CONTROL PROJECT

To the Citizens of Norwell:

Submitted herewith is the report of the South Shore Mosquito Control Project regarding its activities in the Town of Norwell for the year ending December 31, 1961.

The Town of Norwell appropriated \$4000 for mosquito control in 1961. This money was used for mosquito control in the Town of Norwell by the South Shore Mosquito Control Project, a co-operative effort embracing the City of Quincy and Towns of Braintree, Cohasset, Duxbury, Hingham, Hull, Marshfield, Norwell, Scituate and Weymouth. In addition, the project worked under contract for the U.S. Naval Ammunition Depot.

TYPE OF CONTROL PROGRAM

The basic program of control continued to be based on drainage in the off-season and larvaciding of all areas found to be breeding during the mosquito season. This program was supplemented by application of D.D.T. dust to selected areas during the period when swamps were frozen. Fog generators and mist blowers were used to combat flying mosquitoes.

AERIAL DUSTING

The late winter dusting of all fresh water swamps too large to be treated by hand was done by fixed wing and helicopter the end of March and early April. 3850 acres were dusted in the Town of Norwell.

GROUND CREW SPRAYING

The ground crews circulated on a schedule throughout their section of the project. They varied from the circuit to treat in the vicinity of complaints or to treat places found to be breeding by superintendent or foreman. They then returned to their rounds.

CATCHBASIN SPRAYING

Two catchbasin units were operated the past season. These units are compressed air sprayers mounted on three-wheeled motorcycles. This phase of work is particularly important in built-up areas since one drainage basin can produce thousands of mosquitoes. 100 breeding basins were sprayed in the Town of Norwell.

DRAINAGE

The mosquito drainage program has eliminated some ground crew spraying and air spray acreage. In the Town of Norwell the following ditch work was done: 100 feet of ditches cleaned, 300 feet reclaimed, 250 feet of new.

ADULT MOSQUITO CONTROL

During the past year a new remote control insecticidal fogger was added to this project. It was delivered too late to be used to any extent this year. However, next year, along with our present aduictiding machines, two foggers and two mist blowers, it will enable us to do spot aduictiding at apace beyond that of past years and will be good insurance in the event of an Encephalitis outbreak.

PLANS FOR WINTER

Throughout the months between past and coming mosquito breeding seasons much attention will be given to ditching. Work on the salt marsh will be done in the fall and early spring. The colder winter months will be spent in the more protected fresh water areas. When snow and ice conditions are right prehatch dusting, as was done in past years, will be done. The success of past years' work along these lines makes it feasible to continue and expand this program as help and weather permit. In addition to ground dusting, it is planned to continue application of D.D.T. insecticide dust by air in the Town of Norwell as results last year were successful.

PLANS FOR NEXT YEAR

All phases of the work carried out in the past will continue, placing emphasis on drainage for permanent control, and then, in this order: dusting for prehatch control, spraying for larval control, mist blowing and fogging for adult control.

The project wishes to acknowledge the help received from officials and departments of the Town and sincerely hopes that benefits derived by these departments as a result of this cooperation are as great as those derived by the Project.

Yours truly,

W. C. BENNETT

Report of the Fire Department for the Year 1961

The Board of Fire Engineers submit to the Board of Selectmen and the Citizens of Norwell the following report covering the activities of the Department for the year 1961.

The communication center handled 2,879 calls for the fire department from January 1, 1961 through December 31, 1961. These calls consisted of the following:

Building Fires (Includes electrical, chimney and burners)	23
Grass and Woods Fires	63
Dump Fires	6
Auto Fires	7
Mutual Aid Received	2
Mutual Aid Given	3
Miscellaneous Fire Calls (Includes standbys)	24
Resuscitator Calls	47
Ambulance Runs	38
Lost Children	3
Fire Permits	1,988
Miscellaneous Phone Calls	675
	<hr/>
	2,879

The Department purchased a new 750 gallon class 'A' pumping engine and tank truck which was delivered to the Church Hill Station on September 15, 1961. This replaced the 1935 Ford combination and gives the town a modern pumping engine in each of the three stations.

The purchasing program keeps the Department supplied with up to date equipment thereby enabling it to give the town the best possible protection.

Respectfully submitted,

WARREN MERRITT, Chief
LORING WADSWORTH,
Deputy Chief
T. CURTIS POWER
JOHN WINSKE, JR.
JAMES KING
F.K. WILLIAMS, Clerk

TOWN FOREST COMMITTEE

The Town forests of Norwell consist of approximately twenty-nine (29) acres and are located in three sections of Norwell.

Perhaps the most important section is located off Main Street in back of the Norwell Elementary School. At least ten (10) acres are in this section. This forest contains an area of young pine, several acres in size, which is an excellent pine grove. There are several mature trees scattered throughout this area, and several areas of hardwood types, mostly hickory, oak and maple, which make up the balance of the section. Since this section is connected with the school property, it would seem that with a minimum of work it would be useful for the natural science program of the schools.

A section of approximately five acres is located at the corner of River and Forest Streets, part of which is a Town forest. This section contains a very wet area on which grow swamp maple and many lesser water-loving plants. Another section of this land has a small but excellent pine grove. As this land is located opposite Gaffield Park, which has been developed for recreational purposes to some extent, it would seem that this section could be used to increase these facilities.

The last section of Town forest property is located off Circuit Street in the vicinity of the Town dump. The boundaries of this section are somewhat indistinct, and the growth on this land is of little value, consisting of second growth swamp maple. There are no pine groves in this section. Due to the location, this section is probably of the least value to the Town at present, but it certainly should be retained as a Town forest as we own such small forest areas.

It should be realized that twenty-nine (29) acres is an extremely small area for Norwell to own as a Town forest. In our opinion several hundred acres of land should be set aside for this purpose. Therefore, acquiring land should be the immediate aim of the Town Forest Committee.

Respectfully submitted,

D. FRANK MEDEROS,
Chairman

JOSEPH K. COLLINS
PAUL C. RASMUSSEN

Report of the Permanent Drainage Committee

Board of Selectmen

Norwell

Massachusetts

Gentlemen :

The past year has been the first that the Permanent Drainage Committee has been allotted funds for drainage work. From an allotment of \$5,000.00, approximately 30% was expended on preliminary surveys and plans, and the remainder on specific construction work. The following projects were handled during the past year :

Oak Street—A three catch basin system was installed on Oak Street and tied in to an existing system on Ridge Hill Road. Foresight during the preliminary planning of the Ridge Hill Subdivision made this installation possible when the Town accepted Ridge Hill Road. With careful planning and control of future subdivisions we can incorporate proposed drainage for existing streets with subdivision drainage, thus eliminating the expense of lengthy outlet lines.

Mount Blue Street—A collapsed stone box culvert was replaced by a new concrete pipe culvert. This work was of an emergency nature, as the obstructed culvert could have resulted in an expensive road washout.

Tiffany Road—A drainage easement for a six basin system was obtained and two of the basins and the outlet pipe were installed with the funds available. The remaining four basins will be constructed when additional funds are available.

Green Street—A multi-plate steel culvert was installed at Green Street by the Highway Surveyor. Funds for this project had been allotted under a special article.

Applications for subdivision approval have been on the increase. An important part of this Committee's duties is to assist the Planning Board in approving the proposed drainage plans for these subdivisions. In line with this work, and at the suggestion of the Board of Selectmen, this Committee drew up and adopted a set of regulations governing drainage requirements.

Our proposed projects for the coming year will include the following :

Tiffany Road—Complete the system started last year by adding four basins and the connecting pipe.

Mount Blue Street—Two existing stone box culverts are in serious disrepair and should be replaced. A system to carry off road surface water should also be installed at several locations on this street.

High Street—The area in the vicinity of the Grace Farrar Cole School should be piped through the school grounds to an outlet. The present surface water causes damage to the school grounds and is a source of expense to the Town that will soon exceed the costs of installing a suitable drain.

Washington Park Drive—Pipe installation and ditching on this project will be carried out to the extent of the funds remaining in the two accounts applicable to this area.

This Committee is aware of the many problems that exist in Norwell; however, we feel that setting a modest goal on an annual basis is far better than to spend money merely to strive for quantity. While a modest impact each year will prolong some drainage problems, we must equate drainage with the overall cost of running the Town.

Robert Larsen was forced to resign from the Committee because of business pressures. Mr. Gerald Hathorne has been named by the Selectmen as the new member. Our appreciation is extended to the Town Hall Staff whose cooperation and help has made our tasks easy.

Respectfully submitted,

RICHARD E. SPLAINE,
Chairman

WILLIAM E. RITCHIE,
Clerk

Report of the Zoning Board of Appeals

Board of Selectmen
Norwell
Massachusetts
Gentlemen:

In July Mr. Sanborn Vincent, Chairman of the Zoning Board of Appeals, resigned to take over the duties of Town Counsel and Mr. Frederick Hart, Jr. took over as Chairman, pro tem, of the Board. Mr. Stanley Richards, Associate Member became a regular member of the Board and Mr. H. James Gorman was appointed Associate Member to fill the vacancy.

During the year the Zoning Board of Appeals heard or took action on six (6) petitions as follows:

1. May 17, 1961 — John F. Carnes
For permission to alter Professional Building on Washington Street into apartments. Petition granted.
2. June 14, 1961 — Joseph E. Reagan
For permission to build on lot not having required frontage. Petition granted.
3. June 14, 1961 — J. F. White Construction Co.
For permission to remove gravel from property of Arthur Oman off High Street. Petition granted.
4. July 5, 1961 — Tedeschi Realty Corp.
For permission to build on lot not having required area and frontage. Permission granted.
5. October 18, 1961 — Central Construction Co.
For permission to remove gravel from the property of Chaser Giorgetti off Pleasant Street. Petition granted.
6. December 20, 1961 — Milton O. and Nellie E. Smith
For permission to build on lot not having required frontage. Decision pending.

Respectfully submitted,

FREDERICK R. HART, JR.,
Chairman
EARLE M. NEWTON
Secretary
STANLEY H. RICHARDS
HENRY J. WALTER
H. JAMES GORMAN,

REPORT OF THE SEALER OF WEIGHTS AND MEASURES

To the Board of Selectmen:

Gentlemen:

Weights and Measuring laws have been strictly enforced throughout the year.

Inspections have been made of all stores frequently that have measuring devices. The buying public should at all times observe weighing and measuring devices while purchasing and report any violations to me.

Reweighing of food put up for sale has been made by me on many occasions.

Oil in auto trucks needs attention, also coal in trucks. Pedlars must have licenses and this has been checked by me.

Following is an account of work performed by me and an account of fees collected.

Pedlar's Licenses Inspected	2
Weighing and Measuring Devices Sealed	37
Weighing and Measuring Devices Not Sealed	0
Weighing and Measuring Devices Condemned	0
Weighing and Measuring Devices Adjusted	3
Reweighing:	
Total Tested	417
Total Correct	387
Total Incorrect	5
Total Overweight	25
Complaints Received	3
Telephone Calls Received	17
Scales Found Not on Zero After Sealing	2
New Work Performed	2
Sealing Fees Returned to Town Treasurer	63.95

Respectfully submitted,

JOHN D. DICKMAN

Sealer of Weights & Measures

Report of the Norwell Visiting Nurse Association, Inc.

To the Selectmen:

The program from January 1, 1961 to December 31, 1961 has been as follows:

1. Home nursing care
2. Well Child Clinics
3. Junior High School Dental Clinics
4. Hospital beds, crutches, wheelchairs, commodes, etc. are available to all the Townspeople. No charge is made for sick room supplies.
5. An automobile for Nursing Service and for use by the School Nurse.
6. Maintenance of Health Clinics at the request of Town, County, and State.
7. Charity.
8. Nursing scholarship to High School student awarded in 1961 to Charlotte Beach who is training at the University of Rochester, New York.

Home Nursing Care is ably staffed by Miss Catherine Roe and Mrs. Doris L. Bartels.

During the summer Mrs. Mildred Wilcox resigned because of other commitments. The board members feel very fortunate in having Mrs. Bartels take over during Miss Roe's vacation, sick leave and the more active weeks of school. With the opening of the new school extra hours of assistance have been needed. This extra Nursing Service is furnished and paid for by the Nursing Association.

The Well Child Clinic meets on the last Tuesday of each month at 1:00 P.M. Appointments are necessary. For information and appointments call Mrs. Harold King at OL 9-2804. Dr. Butler, pediatrician is assisted by Mrs. Harold King and Mrs. Thomas Barstow. Mrs. Philip Young is chairman of transportation, assisted by Mrs. James W. Robertson.

Letters are sent to all mothers of new babies whose births have been reported.

Do make use of our clinic.

The Annual Membership Drive with Mrs. Theodore Dyer as chairman and Mrs. Earle Allen, treasurer, brought a welcome response.

Mrs. Robert Gould now conducts the Junior High School Clinic which is sponsored by the Nursing Association. The teeth of each pupil are examined and a card is sent to the parents. If prophylaxis is indicated, it is available for the fee of one dollar.

A new Valiant car was purchased in May, 1961. Mr. Andrew Gordon has acted as purchasing agent and supervises the upkeep of the car.

Six new blankets were purchased in March for the new Community Ambulance, the cost of which was taken from our Memorial Fund.

New equipment has been purchased for use at the rummage sales.

The Officers and Board Members wish to thank all the people who so generously contribute to our rummage sales and the annual membership drive.

The amount of rummage delivered in person to the "old shop" at Sparrell's ahead of these dates is a great help. Each Spring and Fall large truck loads are taken from there to the Town Hall on the Wednesday before the sale.

The treasurer's report which follows will show the source of income and expenditures.

Anyone in need of Nursing Care call OL 9-2342 before 9:00 A.M., or before 1:00 P.M. For hospital equipment call OL 9-2894.

The Annual Meeting and Tea will be held at the Parish House in Norwell Center on Tuesday, March 6, 1962 at 2:30 P.M. Mrs. Clarke Atwater is Tea chairman. Our speaker will be Mr. William A. Philbrick, Jr., Supervisor of Speech Handicapped and Hard of Hearing Children. All are urged to attend.

Respectfully submitted,

GRACE L. SPARRELL, R.N.

REPORT OF THE INSPECTOR OF ANIMALS

To the Board of Selectmen:

Gentlemen:

I have completed my duties as Inspector of Animals for the year 1961.

A report was filed by me to the Division of Livestock Disease Control as to the census of animals in the Town of Norwell.

Respectfully submitted,

RICHARD E. CUGNASCA, D.V.M.

Inspector of Animals

Report of the Tree Warden and Moth Superintendent

To the Citizens of the Town of Norwell:

It may be of interest to the people of the Town of Norwell to list and explain in brief the accounts that are under the control of the Tree Warden and Moth Superintendent.

I. Tree Maintenance— Removal and Replacement.

This account includes the tree planting program which has been carried on during the past several years. This year sixty-three (63) roadside trees were planted. These trees range in size from large-growing types to small flowering species.

Removal of dead and dangerous trees other than elms is done from the monies in this account. Any emergency short of a hurricane is handled by this account. Pruning and general care of roadside trees other than elms is done from this account.

II. Dutch Elm Disease.

The Dutch Elm Disease account is used for work connected with the Dutch Elm Disease. This includes removal of diseased and dying elms. Losses were approximately fifty (50) trees this year. It also includes sampling of trees to determine if they are infected with disease.

Dormant spraying of our most valuable elm trees is also done in an attempt to reduce losses by Dutch Elm Disease.

III. Pest Control

Pest control includes all purchases of pesticides and their application. Tent caterpillar, elm leaf beetle, Japanese beetle, wood tick, and several other insects are included in this work. Our aim in this phase of the work is to keep our trees in better appearance and health by the control of certain insects.

Poison ivy control is also carried out within this account.

IV. Squares and Triangles

The squares and triangles account is used primarily to keep the Common at Norwell Center in a presentable condition. There are several squares and triangles in town which would warrant mainte-

nance and it is done to some extent by private individuals. For the Town to do all the squares and triangles work, it would necessitate a substantial increase in the present budget.

V. Brush Control.

Brush control speaks for itself. It is done in cooperation with the Highway Department, with special emphasis placed on increasing the visibility of our highways.

VI. Operation and Maintenance of Equipment

This account is used to operate equipment owned by the Town which includes a pick-up truck, two sprayers, one for insect control and one for poison ivy and brush control, three chain saws and various other lesser equipment.

I would like to mention an area of land known as Gaffield Park, which is located at River and Forest Streets. Although this is not under the tree department, considerable work has been done there by the tree department personnel and paid for in full by the North River Gardeners. Sections of the park have been cleared and a fireplace and benches, and swings have been built there. At this writing a sliding hill is nearly completed. This work is done with permission of the Selectmen and sponsored by the North River Gardeners for all citizens to use and enjoy. It is hoped that this facility will be put to good use.

I would like to express my thanks to other departments of the Town who cooperated with my department this year.

Respectfully submitted,

Wesley H. Osborne, Jr.

Tree Warden & Moth Superintendent

REPORT OF THE BOARD OF WATER COMMISSIONERS

Board of Selectmen
Norwell, Massachusetts

Gentlemen:

The following is the "Report of the Water Board" for the year of 1961.

The general water system has functioned well during the past year.

Water pumped in 1961	90,000,000 gallons
Number of takers as of Dec. 31, 1961	848
Services installed	33 by Dept. — 12 by Developers (This figure subject to change.)
	Total — 45

Pumping Stations in Operation	Two
----------------------------------	-----

At a Special Town Meeting on October 10, 1960, the Town voted under Article II to install a water main in a short section of Washington Street and in Pond Street. This work, including a connection to the Rockland-Abington System at the Town line, is now completed.

Under Articles III and IV of the same meeting the Town authorized this Board to acquire land and construct a pumping station and install connecting mains at a new well site north of Grove Street. The site was previously approved for such use by the State Department of Public Health. This installation was made during the year and the new well is now supplying water to the Town System. The well and pumping station is in a beautiful unspoiled wooded area away from other buildings. The Board invites any interested Townspeople to visit this area.

In accord with the Water Main Extension Report submitted to the 1958 Annual Town Meeting, the Town voted at the 1961 Annual Town Meeting under Article XX to install a water main on Central Street. This work is substantially complete and is the first link or section of a loop connection designed to connect the existing mains in Norwell Center with the ones in Washington Street at the intersection of Grove Street.

This loop connection is needed to effect a two way feeder system and to deliver a greater volume of water to the western area of the Town. To continue the projected yearly schedule as shown in the Report the Board is submitting an Article in the 1962 Warrant for the laying of a main in Norwell Avenue.

Testing for new water sources continued during the year and your Board is now preparing to conduct tests at a new well site. This site is in the same general area but remote from the new Town well north of Grove Street. It is hoped that the finding from the tests will be ready to submit to the coming annual Town Meeting.

The pipe connecting a residence with a street main is called a service connection. During a prolonged period of abnormally cold weather in the winter of 1961 several of these connections froze. Considerable expense and effort was expended to thaw them and restore service to the effected users. However, in spite of this extra expense, the operating expenses of the Department were kept within the appropriated figure.

The Board meets on Thursday evening at 8 o'clock at their office on Pleasant Street. The Townspeople are invited to attend these meetings.

The Board wishes to express its appreciation to other Town Boards and personnel for the cooperation they have given this Department during the year.

Respectfully submitted,

EDWARD F. WALSH,
Chairman

AUGUSTIN J. THIBODEAU
JACOB LEE TURNER

Board of Water Commissioners

Annual Report of the Board of Assessors

The past year marked the completion of the tax equalization program voted by the Town in 1959, at least to the extent that the new valuations were used for the 1961 assessments. But this by no means marks the end of the program as the Assessors still have much to do. Regrettably, in the haste of establishing values so that the tax bills could be sent out without excessive delay, many bills showed the various buildings on a property listed as one building, whereas they should be separated. This job must be done before the 1962 bills are sent. Furthermore, certain errors occurred in the transfer from field cards to the assessment cards—again the lack of time. Most of these have been corrected and proper abatements made, and will be checked again before bills are sent out. Also, much study must be made of land values so as to ensure thorough knowledge of the land, its character in particular, and in many cases to clarify its location so that its value can be related to comparable pieces, and to the fair market value. During the work of the past year we have found many discrepancies in the preliminary Assessors Maps, and the study of this in itself is a sizeable job. Only after these changes are made will we consider accepting the final maps and making further payments for this work.

On the whole, the taxpayers appear well satisfied with the results of the equalization. As always in such a program, some people are hurt by the increase in their valuations, but most of them realize that in the past they have not carried their share of the load. To the Assessors, the most disturbing factor is to have taxpayers make a personal issue out of their assessment. To treat all, friend, stranger, old and young, alike is the first requirement of an Assessor, and this should be respected by everyone and the problem so approached. Of course, during the past year, more abatement requests than usual were received, but the number was not as high as expected in a year when changes have been made, and the majority were settled with complete satisfaction for all concerned.

The required test for the correctness of the assessed values is a yearly study of current sales on the open market and one of the jobs in the ensuing year will be a careful survey of the current market and its relationship to the assessed values. It is now required that monthly reports of these figures also be forwarded to the Department

of Corporations and Taxation. Recent study shows that recent sales have been very close to assessed values.

At this writing we cannot say what the impact of the Springfield case will be on Norwell's assessing policies. We will not, however, be seriously affected by this court decision as all properties are assessed on a uniform percentage basis. We expect a decision soon from the Department of Corporations and Taxation as to future State policies.

We wish at this time to thank Mr. John D. Hewitt for his continued interest and cooperation on our assessing problems. He has been invaluable and his industry and ability have gone far beyond his compensation. We hope that we will be able to obtain his supporting services each year in the future so that continuity will prevail in our assessing practices when we deal the first of each year with new and remodeled properties, and review of older properties, and that he will be available to consult on current problems.

The recapitulation figures for the year follow:

Board of Assessors

Report of the Board of Health

Gentlemen:

The year 1961 was a particularly lethal one for housecats on the highways of Norwell. (In 1960 it was Pole Cats that got it in the neck.) The removal of dead animals from the roads is a function of the Board of Health which we would be pleased to have assigned to someone else. To date we have had no takers. Nevertheless, the Board plans to make an extra effort in this direction in 1962.

Town Dump— This is another headache that the Board would be glad to do without. However, there seems to be no other authority to which this job can logically be given. The activity at the Dump continues to increase as the population grows and as more and more items which come into the home are wrapped in disposable packages. In order to keep the Dump reasonably neat we have had to ask for additional funds this year. These funds will be used for bulldozing, gravel, the poisoning program and a custodian. With the cooperation of the Townspeople and the new custodian, it is hoped that the cost of general maintenance will not grow proportionately with the growth of the Town, so that some general improvements can be undertaken.

You may be interested to know that the U.S. Wildlife Service, Rodent Control Division, under whose supervision the semi-annual rat poisoning is conducted, estimates that we are getting an 85 to 90% kill. We are also advised that this has no relation to the number of seagulls at the Dump. (One citizen has told us that if he were a seagull, he would have stayed away from the Dump up until three years ago when we started the present program.)

Other activities— Eventually we will get out of direct participation in these too. By that, we mean that sooner or later Norwell will have to have a salaried Health Agent as do many of the surrounding towns. It is hoped that this change can be put off for a number of years as it will add materially to the cost of this department.

Clinics sponsored by the Board of Health for the well being of the Townspeople:

Polio

DPT— (Pre-school and in the schools)

Rabies (Over 600 announcement cards mailed)

On January 26, 1961 we adopted a new Plumbing Code that

was formulated by the State Examiners of Plumbers. We now have a Plumbing Inspector as well as a Deputy Inspector. To date they have made 75 inspections.

On August 4, 1961 we adopted new sewage regulations. During 1961 we approved 47 sewage permits. Each of these required at least two visits to the property by at least one member of the Board.

The health program in the schools was carried on as usual, with the help of the School Nurse, School Physician, School Dentist and Dental Hygienist. The annual pre-school physical examinations were conducted in May.

Following, in addition to the foregoing, is a list of the ever-increasing, routine work carried on by the Board:

Inspections — at least twice yearly

Nursing Homes	3
Motels	4
Restaurants	6
Schools	4
Trailer Parks	2
Kindergartens	4
Milk	6
Public Toilets	Numerous
Records Kept	

Communicable Diseases

Animal Bites

Premature Births (Aid given as needed)

Bacterial Swabs taken 204

Care of Tuberculosis Patients

Water samples analyzed

Issued milk and food licenses

Issued Motel, Tourist Court and

Trailer Park licenses

Dead animals removed from highway

(Including flat cats)

The members of the Board wish to thank the secretarial help of the Town Hall, the Town Clerk, the Selectmen and the Advisory Board for their cooperation during the year 1961.

Respectfully submitted,

LORING L. WADSWORTH,
Chairman

KATHERINE R. FULLER

PAUL W. KEEFE

Report of Development and Industrial Commission

Board of Selectmen
Norwell, Massachusetts

Gentlemen :

Submitted herewith is the report of the Norwell Development and Industrial Commission for the year ended December 31, 1961.

Members of the Commission have met with representatives of firms or groups contemplating this Town as a site for their businesses.

We have studied and sought advice from others as to the suitability of all areas in the Town which could be set aside for industrial purposes. Therefore, we are recommending for consideration at the coming Town Meeting that the area north of Grove Street and west of Prospect Street to the Hingham boundary be rezoned for industry only. As of this date, in our opinion this area of approximately 370 acres is the best available land for industrial development in the Town and it should be reserved at this time for demands in the future.

Mr. Charles Crombie, a member of the Norwell Commission, is presently serving as our representative to and as a Director of The Southeast Expressway Regional Development Commission. We are coordinating our efforts with other towns contiguous with the Expressway.

The Pond Street industrial area which was approved last year has already been furnished with water to make this area more attractive to potential users. Considerable interest has been evidenced here.

Development of industry in the Pond Street area and the Grove Street area, if approved, must be considered as a long-range program. Any building in the immediate future is not in sight. Nevertheless, we feel quite strongly that we must prepare for future growth, and that it would be sound business practice to rezone this land.

Respectfully submitted,

Henry Abrahams, Chairman
John E. Andrews, Clerk
Charles Crombie
Dennis F. Mederos

DEVELOPMENT AND INDUSTRIAL COMMISSION

Report of the James Library

To the Board of Selectmen
Norwell, Massachusetts

Gentlemen :

The James Library has, for another year, continued to serve the Town of Norwell. With the advent of the new high school, the Library has served to augment the facilities which the Town provides for its school-age readers. Students are still constantly using the facilities of the Library for study and work projects assigned by the schools.

As the Town has grown, the Library has endeavored to meet the rising number of calls made upon it. Our two librarians, Mrs. Edmund Anderson and Mrs. Gustave Roubound, have given unsparingly of their time to provide guidance and assistance to Townspeople seeking reading matter.

Among the physical accomplishments of the past year in the building itself is the new vinyl flooring which covers the first floor and the installation of new shelves to meet the increasing need for book storage space. Other shelves have been moved to the second floor, which houses the reference works and is used for study and research.

It is hoped that the future will bring to the James Library new lighting, which is badly needed, particularly on the second floor, as well as an examination of the building's roof. The building itself, although antiquated, remains a center of learning in Norwell and will continue as such as long as people desire to read.

Respectfully submitted,

Victor H. Carpenter, Chairman
William C. Bennett
Quentin Coons
Mildred Hastings
Harriet L. Meyer

ELIZABETH J. POWER,

Town Treasurer

Report of the Police Department

Board of Selectmen

Town of Norwell

Gentlemen and Citizens of Norwell:

The year 1961 has been decisive in the orderly growth of the Police Department. It marks the first year of a twenty-four hour patrol. The soundness of this decision is reflected in our statistics. By having the cruiser actually on patrol twenty-four hours per day, time and consequently lives have been saved in response to accidents, prowlers, breaks, etc.

We are indebted to our brother Town departments for their close cooperation. The Auxiliary Police under Mr. Clarke Atwater, donated many hours assisting with traffic, lost children, etc. The Road Surveyor, Arnold Joseph and his crew have been very helpful with regards to safety for the motoring public. The Communication Center has proved itself beyond our fondest hopes, and from a mercenary standpoint, has saved the town money by combining communication needs of the several emergency departments.

In summary, the cooperation enjoyed between Town departments radiates from the harmony of the Board of Selectmen and their willingness to assist with common problems.

The following is a partial list of our activities for 1961:

Police Calls	4,237	Arrests	81
Ambulance Trips	34	Court Appearances	209
Accidents (Motor Vehicle)	70	Court Complaints	138
Violation Citations	673	Breaking & Entry	36
Defective Equipment Tags	810	Larceny	45
Summons Served	85	Investigations	512
Stolen Cars	8	Parking Tickets	27
Emergency Messages	27	Prowlers	33
Insane Commitments	2	Mutual Aid	45

Respectfully submitted,

KENNETH J. BRADEEN,

Chief

Report of the By-Laws Committee

To the Selectmen of the Town of Norwell
Gentlemen:

The following is the report of the By-Laws Committee for the year ending December 31, 1961.

The revised By-Laws adopted by the Town were forwarded to and approved by the Attorney General, published in accordance with the General Laws of the Commonwealth and prepared for printing and distribution. Copies of the revised By-Laws and other rules and regulations of the Town should be available for purchase from the Town Clerk early in March, 1962.

The By-Laws Committee wishes to thank the Town Clerk, Nellie L. Sparrell, for her cooperation and thoughtful assistance. We feel that mention should also be made of the special clerical assistance given us by Jean L. Cleary and Emily J. Paradise.

Respectfully submitted,

WILLIAM B. SOUTHWORTH,

Chairman

DAVID LEE TURNER,

Clerk

HORACE ROSS

SANBORN VINCENT

DONALD WHITTEMORE

DONALD C. WILDER

Town Collector

PUBLIC WELFARE REPORT — 1961

Board of Selectmen:

Gentlemen:

During the year 1961, the number of cases and aid granted under General Relief was the lowest for many years, if not in the history of the Town.

Under Disability Assistance there was no aid granted during the year.

The number of cases receiving aid under Old Age Assistance remained about the same as the previous year. Rates for hospitals and nursing homes were increased during the year and will increase again during 1962.

Medical Assistance for the Aged, a category started during 1960, requires large expenditures as it involves hospital, doctor, nursing home, and often large medication bills. Expenditures under this category are running high, and as 1961 was our first full year, we have no comparisons.

The work load of the director and clerk has increased due to added investigations and reports.

Reimbursements from the Federal Government and the State have increased and are being received regularly.

The total amount spent for aid in 1961 (all categories) was \$41,900.27 but the actual cost to the Town was only \$4,517.70. This is the lowest since Old Age Assistance first came into being. The cost of administration and expenses (all categories) was \$8,640.75. Reimbursements left the actual Town expense at \$2,200.19.

Total expense to the Town for Aid, Administration and Expense was \$6,717.89 as compared to \$13,091.70 for 1960. Complete figures for each category will be found in the Town Accountant's report.

Report of the Emergency Communications Center

In reporting for the Communications Center for the second full year of operation, we are pleased to report on the continued importance the Center plays in the handling of all types of emergency problems which arise in Norwell.

With calm efficiency, the Police, Fire, ambulance and all other emergencies have been handled in a manner which does credit to all operators—the Town Hall staff who handle the calls during business hours, and those who cover the night and week end shifts. The loyalty and regularity with which the operators cover their regular shifts, week after week, month after month, is an indication of how seriously these volunteers take their responsibility and we all, as residents, owe them a great debt of gratitude. We hope the taxpayers will be willing to increase their compensation, as requested by us, to \$1.00 an hour as an expression of appreciation for a job well done. This rate is still below Communications Center wages in adjoining towns, Centers which have started since Norwell found the need of such an operation, and certainly is only partial compensation for such a responsibility. For the figures of the number of calls handled by the Center, we refer you to the reports of the Fire and Police Departments. These figures of course do not include the many miscellaneous calls and radio conversations.

The undersigned wish again to thank all connected with the operation of the Center for their loyalty and efficiency during the past year.

Respectfully submitted,

W. CLARKE ATWATER
KENNETH J. BRADEEN
WARREN P. MERRITT

Report of the Veterans' Agent

Gentlemen:

Under Chapter 115, G.L., Commonwealth of Massachusetts, the Veterans' Agent is authorized to give assistance to Veterans and their families.

In order that the Town may be reimbursed 50% of authorized expenditures, as provided by law, the Agent must spend many hours of investigation, submitting innumerable forms, and making

sure all of this information is in the hands of the Commissioner of Veterans' Services within the specified time limit.

The annual budget for Veterans' Benefits for the Town of Norwell runs between \$7,000 and \$10,000 a year in normal times. Strikes or labor disputes could double this amount.

The \$300 yearly expense account now allotted the Veterans' Agent is inadequate to cover the cost of necessary supplies, stationery, postage and investigations. This fact, and the added fact that the Agent receives no salary, would not attract any future candidates for this appointment if the present Agent were unable to continue to perform these duties.

During the year 1961 approximately 500 hours have been spent by the Veterans' Agent for the assistance of Veterans and their dependents.

Respectfully submitted,

LEONARD J. COX

Veterans' Agent

REPORT OF THE PUBLIC HEALTH NURSE

Board of Selectmen

Report of the School Committee

To The Citizens of Norwell,

At the regular meeting held March 18, 1961, the Committee organized as follows:-

George H. Whitcher, Jr., Chairman

Nellie L. Sparrell, Secretary.

The Committee has conformed to Public Law 626 (so-called open meeting law) by posting notice of each meeting, whether regular or special twenty-four hours ahead. Regular meetings have been held on the second Wednesday of each month, which have been quite generally attended by the Press, Advisory Board members assigned to us and by the public in general.

Bids for materials, supplies and/or services calling for the expenditure of \$300. or more, have been advertised for in sealed bids, which in turn have been opened publicly and contracts awarded accordingly.

Public Law 874 funds have been used in providing some of the materials and services not planned for in the budget, thus the cost did not figure in the tax rate.

During the year we lost by retirement two of our most efficient teachers—Mrs. Emmie Black, a teacher for 27 years and C. Irene Barteau, a teacher for 50 years, sixteen of which have been in Norwell. They have given of their best to the pupils and everyone wishes them many years of well earned retirement.

Mrs. Ella Osborn, Principal of the Main Street Elementary School, is completing her fiftieth year and signifies her intention of retiring in June. Her 47 years of excellent service as a teacher and her quiet manner of administrating the affairs of her building have won admiration and praise from all who know her and likewise merit their wish of a happy retirement.

In 1961, we chalked up a very important change in policy of school administration. Since 1894 Norwell has shared its Superintendent of Schools with Hanover and Hanson in Superintendency Union #13.

For some ten years past, as the member towns grew in population and consequent pupil enrollment, much talk of dissolving the Union has gone on. That fateful day has been postponed yearly by each town giving Mr. Bradley relief of some part of his load. In Norwell the Committee appointed Frederick A. Small Assistant Superintendent who has done a good piece of work in that capacity.

The "Union" has done a good job at a nominal cost to each member town but the service of education—the town's most valuable service—demands too much for only one third of a Superintendent's time to administer. In view of this fact, at a meeting of the Union held August 8, 1961, it was voted to dissolve Union #13, pending the necessary approval of the State Board of Education and a notice to that effect was forwarded to the State Board.

At our December 14th meeting, Frederick A. Small our Assistant Superintendent was unanimously elected Norwell's first full-time

Superintendent of Schools at a salary of \$10,000 per year, to take effect upon Mr. Bradley's retirement, set as September 15, 1962. It is a foregone conclusion this step forward is to cost the Town more money but it culminates the continuity of procedure planned over the years. We have made an orderly change by promoting a man in the system, who has the ability and know-how to take over the work, a part of which he has done as Assistant Superintendent. He enjoys the full confidence of the entire Committee.

Although Mr. Bradley does not retire until next September, the present School Committee, of which two members will have retired at that time, wish to pay tribute to the faithful, efficient services he has rendered to the Town of Norwell. His has been a Herculean task, and he has discharged it with outstanding ability and cheerfulness. Good Luck for your retirement, "Cliff" and may it be a good long one.

Early in the Spring, your Committee began interviewing candidates for the new position of Senior High School principal. The choice fell upon Robert M. Jackman, principal of the Charlemont High School and Hawlemont Regional Elementary School, who was unanimously elected at a salary of \$8500. Mr. Jackman spent the summer months in Norwell arranging affairs, so that school opened smoothly in September. Although through unavoidable delay, construction has gone on around the school while it was in session, the school work has not suffered in character, due we are sure in large part to the ability of the principal and his staff.

Probably the most controversial action taken during the year was the raising of teachers salaries voted in November to become effective September next.

A letter was received from the Teachers' Club requesting a raise which was supplemented by a delegation from the Club, both of which presenting the case of the teachers in the matter.

After very careful consideration, it was voted

1. Voted to raise the minimum salary across the board for teachers with the Bachelor's Degree \$200. \$4400 minimum.
2. Voted a \$400 increment automatically increasing the maximum to \$6400 on the Bachelors' level.
3. Voted to place all teachers on the step where they belong by eliminating the \$500 limit for the school year 1962-1963.

We have an excellent staff of teachers and cannot gamble with loss of them to other wealthier towns. Our working conditions are as good or better than some of the surrounding towns paying more than Norwell. Now with our closer supervision, we expect even higher standard to be maintained, for which we must expect to pay. The whole teacher market is up and our new salary schedule still not at the top of the list.

Norwell now owns first rate school plants—a new Senior High school building occupied for the first time this Fall, A Junior High School and two elementary schools. However, we know even these are not adequate for more than two years, when our expanding enrollment will force us to build on to at least two of the existing buildings.

The School Committee is well pleased with the new Senior High School Building and the Town certainly should take pride in the plant which is lending itself so well to the use of the school. The building embraces features which draw expressions of surprise and pleasure from all who view them—the large auditorium, shop for manual arts, homemaking suite, very modern cafeteria and language laboratory—the latter an innovation in itself, where the latest concepts are used in the methods of teaching English, French, Latin and German.

Failure of the Building Committee to get the grounds around the building finished before Winter has caused your committee considerable concern and the physical education Department much inconvenience. All outdoor sports have had to be cancelled for the winter but it is hoped may be resumed this Spring. We have no assurance when that part of the building program will be completed but we earnestly hope as early as is possible.

Permission has been granted by your Committee to temporarily flood the Junior High School play ground to provide safe skating for those who wish to use the rink.

Your school administration is currently working out regulations for use in case of national disaster. The Committee voted to cooperate fully with our Civil Defense organization to do everything possible to safeguard our children and by placing at public disposal any facility we may possess which could be of use.

Our buildings and grounds have been quite generally used by Town organizations during the year. We feel this is good public

relations. All residents have to bear the cost of our buildings and equipment, many of whom do not have children in the schools. By having the buildings available for meetings and social functions in out-of-school time, all tax-payers get some benefit for their tax dollar.

We thank all who have contributed to a successful school year and solicit your continued interest and support in the years to come.

Respectfully submitted,

School Committee Regulations

A child to enter Grade 1 must have been 5 years old before the previous January 1.

No child under 7 years of age will be admitted to school for the first time after October 1 of any year.

A child entering school for the first time is required to present to the teacher a birth certificate and vaccination, or exemption from vaccination, certificate. Exemptions must be renewed every 6 months.

Signal for no Sessions of School

Signal 7:00 A.M. on the Fire Whistle (One long whistle).

"No School" signals will be broadcast from WBZ, WBET, WORL, and WEEI between 6:00 and 8:00 A.M.

Schools will close in extremely bad weather, but each parent must decide, depending on the conditions of distance, amount of waiting for the bus, protective clothing, etc. whether or not to send children in stormy weather when schools are in session.

Work Certificates

Work certificates are necessary only for those children under 18 years of age, and are issued at the offices of the Superintendent of Schools and the High School. When possible, the school office should be used. A birth certificate or other legal proof of age is required to be shown.

Work certificates of those children 14-16 years of age for employment out of school hours are secured at the schools only, or during the summer, from the office of the Superintendent of Schools.

School Calendar — 1961-62

Sept. 5, 6	Teacher meetings — registration
Sept. 7	All schools open
Oct. 12	Columbus Day
Oct. 20	Teachers' Convention
Nov. 11	Armistice Day
Nov. 22 noon, 23, 24	Thanksgiving Recess
Dec. 22 noon	Christmas Holidays
Jan. 2, 1962	Schools open
* Feb. 18-24	Vacation
April 20	Good Friday
April 15-21	Vacation
May 30	Memorial Day
June 22	Schools close

* The High School may be in session a portion of this week.

Report of the Superintendent of Schools

This is my nineteenth annual report, and again it is one where a rapidly expanding school system indicates that changes have been made and more are facing us for the immediate future.

Norwell schools are in a period of material change and expansion, with the new Norwell High School opened in September of this year, and the election of Frederick Small to be the first full-time Superintendent of Schools effective September 15, 1962, as only two of its manifestations.

The Oct. 1, 1961 enrollment figure for Norwell was 1337. In 1949 the number was 452. During this period the Elementary School on Main St. was built and occupied in February, 1950. It had ten new classrooms. The Sparrell wing of the old High School was finished in January, 1954, and provided for a separate Junior High School section. The Grace Farrar Cole School, with 12 classrooms, was available in January, 1957, and is caring for most of the elementary pupils — over half of the total elementary population of Norwell live in the "west ward" which is nearest Boston, but which is only one-eighth of Norwell's area. The addition of 6 rooms to the Elementary School on Main St. was completed in March, 1958.

The present High School building was planned with the full knowledge that a wing will be needed in about two years, but with the auditorium and gymnasium the correct size for the larger building.

With the completion of the High School enough rooms were released so that Norwell has no space problems for September, 1962, except one of fitting in another seventh grade and of transferring one fifth grade from the Cole School to the Junior High School building as the transportation to that building is already available from the Ridge Hill section.

For several years Norwell has had a decrease in the number of homes built since the building of three large housing areas in the Ridge Hill section. However, during this period various large areas in the Town have been bought by developers, the water problem in the town has been materially solved, and Norwell is experiencing the building of the extension of the Southeast Expressway across Pleasant St., Pine St., and River St. This makes Boston about 25 minutes away, and marks Norwell as one of the most desirable areas on the South Shore in which to build good homes.

The key to the school picture of Norwell is in an examination of the pre-school census which is made early in January of each year. The pre-school enrollment indicates that Norwell will be entering first graders into six or seven classrooms while graduating Senior High School students from about two classrooms. Thus the automatic increase in the total enrollment, without any moving into the Town, will be approximately 130 pupils per year, or at the rate of from four to five extra classrooms each year for four or five years.

When the expected building boom hits, and more families move in, these figures will be increased materially. The present conservative projection indicates 1743 pupils in grades 1-12 by 1966.

Thus, the need for another Elementary school must be considered immediately, as there is a lapse of about two years between the planning stage and the completion stage of a building. Also, a target date for the addition to the High School should be on record.

With the election of Mr. Small to be Superintendent as of September 15, 1962, the principalship of the Junior High School will be open. This is expected to be filled by a transfer within the system. The Main St. Elementary School principalship will likewise be open in September as Mrs. Ella Osborn has announced her intent to retire in June, 1962. Since Mr. Jackman came in May of 1961, this will mean a change of the entire administrative staff in a period of

a little over one year. That at least two of these key people will have been in the Norwell schools in other capacities is indeed fortunate.

The above becomes a terminal report as my resignation as Superintendent of Schools of Hanover, Hanson, and Norwell has been accepted, the School Committee has voted to have its own Superintendent of Schools, and everything is in order to have an orderly, planned change-over on September 15, 1962. Actually, the change has been anticipated for several years and certain detailed moves have been made each year toward the ultimate consumation of the project.

The new office of the Supt. of Schools is expected to be in the east end of the Junior High School, and this would be open through the entire year.

The Superintendent recognizes the retirement of two outstanding teachers this past June, Miss Irene Barteau at the completion of 50 years of dedicated teaching, and Mrs. Emmie Black for a shorter period. Miss Barteau was cited by the Plymouth County Teachers Association as was Mrs. Ella Osborn who will retire this coming June, also after 50 years of service. We can be proud of these teachers. Mrs. Osborn started in Norwell in 1914, Miss Barteau in 1944, and Mrs. Black in 1958.

At this time I wish to thank all those who are actively working for good education in Norwell, and especially I wish to thank the School Committee for their continued support and encouragement while I have been Superintendent of Schools.

Sincerely,

CLIFTON E. BRADLEY

Superintendent of Schools

Report of the Assistant Superintendent of Schools

Mr. Clifton E. Bradley
Superintendent of Schools
Norwell, Massachusetts

Dear Mr. Bradley,

The Assistant Superintendent of Schools has been engaged during the past year in many of the functions that have been assigned by, and are a responsibility of, the office of the Superintendent.

The performance of duty by the Assistant Superintendent, under the direction and supervision of the Superintendent, might be defined in the following categories:

1. School plant maintenance with recommendations for repairs and alterations as indicated by current and projected needs.
2. Requisition of materials and supplies essential to plant operation.
3. Procurement and assignment of staff personnel in terms of additional members and replacements.
4. Curriculum study.
5. Supervision of instruction.
6. Annual budget detail.

This office would make, at this time, the following suggestions and recommendations:

1. That active and continuing curriculum study groups be functional at the elementary and secondary schools, cooperatively working for proper emphasis upon instructional matter at the various age-grade levels.
2. That administration work closely with interested citizens and Town committees in a long-range program for public education in Norwell that will, as can best be determined, chart the essential planning over the next ten years relative to:
 - a. A program of education (curriculum)

- b. School-building needs (present plant expansion and/or new construction)
- c. Financial support (cost estimates)

The privilege of working with the School Committee, the Superintendent of Schools, Staff, Youth, and Citizens of Norwell has been an opportunity much appreciated and a rewarding experience.

Respectfully submitted,

FREDERICK A. SMALL,

Assistant Superintendent of Schools

Report of the High School Principal

Mr. Clifton E. Bradley
Superintendent of Schools

Dear Mr. Bradley:

I hereby submit the annual report of the Principal of Norwell High School.

My report is divided into three sections: (I) the new building; (II) the present program at Norwell High School; (III) plans for the future.

I. The New Building

The new Norwell High School opened seven days late this fall. The delay was caused by incomplete construction and the late delivery of much of the furniture and science equipment. The school opened with the students using the major part of the building and with the contractors working in the remaining areas.

The woodworking shop, gymnasium, locker rooms, auditorium and language laboratory were not in use when school started. All of these areas became available as the fall progressed. The outside facilities are still not available for use by the students.

The new building has given the students new and improved facilities to supplement their education. A few of these facilities are:

1. A language laboratory has been started. Fourteen individual stations may be used by students studying French, German and Latin. Five of these stations are equipped with individual tape recorder facilities for student use. The remaining nine stations have headphones and microphones for the student to use in conjunction with tape and record reproductions from the teacher's console. The laboratory will eventually have twenty-eight individual stations.

2. A library large enough to enable thirty to forty students to use it at one time. Also, and most important, the number of volumes has been and will be increased.

3. A science area composed of a general science classroom, a biology classroom with an adjoining growing room, and a classroom for chemistry and physics. These rooms are supplied with much of the latest equipment for the most advantageous teaching of the sciences.

During the months of September, October and November there were still a number of workmen and contractors in the building during the school day. I wish to give credit and my sincere thanks to the Norwell High School students for their cooperation and attitude during this period.

II. The Present Program at Norwell High School

The school day was lengthened by ten minutes this year at Norwell High School. The daily program consists of seven academic periods and one activity period. The activity period, eighth period, is also used for laboratory periods in one chemistry section and one physics section.

A longer school day and an eight-period schedule daily has made it possible to have:

1. Each chemistry and physics section meet from eight to ten 40-minute periods a week.
2. Band rehearsal two 40-minute periods a week.
3. Glee Club rehearsal two 40-minute periods a week.
4. Students studying French, German and Latin take all or part of an eighth period for additional use of the language laboratory.
5. Many of the extra-curricular activities meet during the regular school day rather than after school.

Curriculum studies in English and French have started this fall. The English department now has four teachers involved in the teaching of English and there are three teaching French this year. When-

ever there is more than one teacher teaching a specific subject it becomes more essential to have a course of study in that subject.

Many parents and educators believe that the honor student or high achiever is not given enough recognition for his achievements. I share in this belief. This fall, Honor Study Halls were inaugurated at Norwell High School. Any student who is on the preceding term's honor roll and who has not been involved in any type of disciplinary action, detentions for discipline, etc., during that term is eligible to belong to an Honor Study Hall. A room, without a teacher for supervision, is provided each of the first seven periods for students exhibiting such achievement. Each student is responsible for his own actions in the Honor Study Hall and he may remain in the Honor Study until either his lack of high achievement or self-discipline removes him from such honor.

There has been a considerable increase in the number of students using the school library. This has been due to the increased number of books in the library and to our having a librarian in the library over fifty per cent of the school day. The library is also open, for student use, before school each day and from 2:15—3:30 p.m. several afternoons each week.

Mechanical Drawing and Music Appreciation have been added to the program.

III. Plans for the Future

I recommend that the school day be lengthened by at least ten more minutes next year to enable us to have a six-hour school day, exclusive of the lunch period.

We are planning to add a third period of Physical Education for each boy and girl in the high school next year. This third period will be devoted to Health Education, not physical exercise.

A course in Literature and Speech and a course in Consumer Law and Economics are planned as additions to the Program of Studies for September, 1962.

The School Committee, administrators and staff of Norwell High School will begin an Evaluation of Norwell High School this winter. The Evaluation will consist of two parts: (1) A Self-Evaluation of the school by the above-mentioned individuals; and, (2) an Evaluation of the school by a visiting committee from the New England Association of Colleges and Secondary Schools.

The Evaluation is an examination of close scrutiny of all the aspects of the educational program at the secondary-school level in

Norwell. The Evaluation will seek to answer questions such as—"Does the school meet the educational needs of the youth of Norwell? Is the educational program adequate? How comprehensive is the mathematics program? Are the instructional materials adequate? How well is each subject area being taught? Are there enough subjects being taught? Is the building being used to its greatest advantage? Does the staff and administration offer educational leadership? How are the school finances organized and managed? What guidance services are offered to the students? Does the school have a large enough library? Are the reference materials complete and up-to-date? Do the pupils participate in school government? What extra-curricular activities are available to the students? How many students participate in school activities? Are the staff members well prepared to teach in the areas in which they are teaching?" These questions and many others must be answered during the Evaluation.

The primary purpose of the New England Association of Colleges and Secondary Schools is to "upgrade the entire program of high-school education in . . . New England" To achieve this purpose, the Association has set up an Evaluation Program for all member and prospective member schools. The aims of the Evaluation Program are: (1) to determine the characteristics of a good secondary school, (2) to evaluate the effectiveness of a school in terms of its objectives, (3) to determine the means and processes by which a good school develops into a better one, and (4) to stimulate and assist secondary schools to continuous growth.

Membership in the New England Association of Colleges and Secondary Schools is of importance to the school, not only for stimulation of professional improvement but for accrediting purposes. When graduates of Norwell High School apply to colleges for admission, the colleges want to know if the high school belongs to any accrediting association. Most colleges have no way of knowing what one secondary school stands for unless that secondary school belongs to an association that represents high standards of education. Applicants from accredited schools have preference over applicants from schools that are not accredited by any association. The New England Association of Colleges and Secondary Schools is known not only in New England, but also throughout the country. Accreditation is even more important when you remember that over 60% of Norwell High School graduates go on to schools of higher learning.

The Self-Evaluation will be completed by March, 1963 and the visiting committee of the Association will visit the school in March, 1963.

Respectfully submitted,

ROBERT H. JACKMAN,

Principal

Report of the Junior High School Principal

Mr. Clifton E. Bradley
Superintendent of Schools
Norwell, Massachusetts

Dear Mr. Bradley,

Norwell Junior High School with a grade six-seven-eight organization began classes in September with an enrollment of over three hundred pupils and nine full-time teachers instructing in grades seven and eight. Four teachers taught in the four divisions of grade six.

The self-contained classroom has been generally the accepted pattern of procedure in grade six, with the homeroom teacher instructing in most of the major subject-matter areas.

Grades seven and eight have been departmentalized in the fields of English, literature, mathematics, science, and social studies. The program in all three grades was balanced with offerings in home economics, industrial arts, physical education, music, art, handwriting, and foreign languages.

Homogeneous grouping has permitted certain pupils to accelerate in the learning process and has allowed all pupils to proceed with their studies at a rate and to a degree commensurate with capacity.

A division of grade eight has been assigned to a semester each of conversational French and conversational German—introductory to language elections in the senior high school.

French and science via television have enriched the offerings at the sixth grade level.

Special emphasis upon good study habits has been a matter of planned concern this year with faculty and pupils. Miss C. Irene Barteau, retired from our faculty last year, has generously given of her time at scheduled intervals to work with teachers and pupils in organizing for improved study at home and at school.

Parent-teacher conferences in a number of instances have been very helpful in successfully contending with problems relative to pupil progress. A mutual and cooperative effort in the interest of our young people by parents, teachers, and school administration is most desirable. Parents are urged to work closely with their schools to the end that children concerned may best achieve in their work at hand.

A guidance function continues to test, evaluate, and counsel. Miss Elizabeth Farrar and Mr. Hugh Chandler have been key persons in this important phase of child growth and development.

Social and athletic programs have been an important part of junior high living—subordinate and supplementary to, but supporting, the academic.

Laboratory facilities and techniques have been possible for the first time this year in the teaching of science.

It is the feeling of your principal that the 1961-62 school year to date has been exceptionally fine and productive at this three-grade level of instruction. A joint effort by faculty; secretarial, custodial, cafeteria, and health staff members; and by special services personnel has provided an environment and opportunity for a large measure of success in the teaching-learning situation.

The function of a junior high school is to bridge the gap that exists between the elementary and senior high-school years and to treat with adolescents in terms of their abilities, interests, and needs. It is to this purpose that we dedicate our endeavor.

The support of the School Committee and that of the Citizens of Norwell has been, and continues to be, a major factor and influence in favor of sound education in the Town.

We acknowledge with real and sincere appreciation the constant care and counsel provided by our Superintendent of Schools, Mr. Clifton E. Bradley. His countless contributions to public education in Norwell will long reflect from a system of schools his enthusiasm and vigor did so much to establish and maintain.

Respectfully submitted,

FREDERICK A. SMALL

Principal

REPORT OF THE NORWELL ELEMENTARY SCHOOL PRINCIPAL

Mr. Clifton E. Bradley
Superintendent of Schools
Norwell, Massachusetts

Dear Mr. Bradley:

Herewith is the annual report of the Norwell Elementary School:

As of December 22, 1961, we had enrolled at the Norwell Elementary School 376 pupils. This is about 130 pupils less than last year, since the four sixth grades are now housed in the Junior High School building.

Since all the grades begin and leave at the same time now, we have much less strain and confusion; a much more normal situation.

When we returned in September, we started with one new regular teacher, Miss Dorothy Vaughan. She trained with Mrs. Miriam Lincoln for ten weeks last spring, and all are pleased to have her join the faculty. Mrs. Gertrude Daneau returned to teach after having been at home where she conducted a kindergarten class.

Both teachers and pupils are enjoying Miss Mary Plemmons, our new special teacher in Science. Enthusiasm ran high the day Miss Plemmons arrived with a live raccoon on a chain. We have also had live squirrels and rabbits. The third graders have built bird feeders and have studied about the birds they are apt to see in them. The pupils have also studied about the trees; especially the evergreens at Christmas time. Another highlight in our science program was when Dr. William Vinal came with a Box turtle and its little ones.

The Elementary School is again participating in the 21" Classroom television programs. Grade III, Literature, Folk Music and Dancing; Grade IV, French; Grade V, French and Natural Science. Occasionally the first grades see science and phonics programs.

Our regular academic program is being carried on as usual. When the Achievement Tests were given in May, the results averaged higher than the medians required, so I feel that with the extras that are added each year, we are still holding our own and giving our children a better and richer program.

Eyes and ears were tested as usual; physical examinations were given and booster shots were done in April. Intelligence Tests were given to Grade I in January. Mrs. Horne, Special Help teacher, gave Reading Achievement and Reading Capacity Tests whenever and wherever needed.

Registration Day and Visitation Day for incoming first graders were in May.

Field trips were enjoyed by all classes. Grade 5A went to the Museum of Science, Grade 5B to the Christian Science Maparium, all fourth grades to the Museum of Fine Arts, the third grades to the Children's Museum, the second grades to Franklin Park, and the first grades to King's Castle.

Two Book Fairs were held at the school under the auspices of the P. T. A.: all proceeds were spent for books for the school libraries.

The following programs were given for the parents: Grades 1C, "Teeney Tiny"; Grades 2A, 2B, and 2C, Thanksgiving; Grade 3A, "Sleeping Beauty"; Grade 3B, "Uncle Remus"; Grades 4A, 4B, and 4C, "The Nutcracker Suite" and Carols; Grade 4A, "The Princess Who Couldn't Cry". The fifth grades participated with the sixth grades in presenting science projects for the parents.

During National Education Week, we had Open House for two days, and Open House again for one morning at Christmas time.

At this time, teachers and pupils wish to extend their thanks to the James Library and librarians for their many helps throughout the years.

I also wish to thank all those who have helped make a happy year for the teachers, pupils and myself.

Respectfully submitted,

ELLA F. OSBORN, Principal

REPORT OF GRACE FARRAR COLE SCHOOL PRINCIPAL

Mr. Clifton E. Bradley
Superintendent of Schools
Norwell, Massachusetts

Dear Mr. Bradley:

I submit herewith the annual report of the Principal of the Grace Farrar Cole School.

On June 23, the school year 1960-61 was completed with an enrollment of 317 pupils. At present we have an enrollment of 358 pupils; an increase of 41 pupils since the conclusion of the previous school year. The following shows the distribution of pupils in Grace Farrar Cole School as of December 22, 1961:

Grade 1	Grade 2	Grade 3	Grade 4	Grade 5	Total
87	83	58	67	63	358

At the close of the 1960-61 school year we lost two excellent teachers. Mrs. Petra Morrow, grade five, because of a business transfer to her husband, left to live in Montreal, Canada, where she is now teaching. Mr. John Croley, a graduate of Eastern Nazarene College, Wollaston, Massachusetts, has filled this vacancy and is now teaching a fifth grade class. Mr. Croley formerly taught in Hanson, Massachusetts.

Mrs. Mida Stanhope who last year taught in the Town of Hanover, is now teaching a first grade at Cole School. This position was made available through the retirement of Mrs. Emmie Black, last June.

The distinction between a good educational plant and a fair one rests primarily with the teaching. We have been fortunate in the caliber of our teachers. Through classroom and building organization teaching can sometimes be enhanced or its result made more efficient.

Just as children do not grow to the same extent or at the same rate of speed physically, neither do they mentally. In recognition of this fact pupils at Grace Farrar Cole School are grouped in order to facilitate the most efficient use of the teacher's time and to assure optimum learning on the part of the pupil.

In grades four and five this year, we have carried our grouping one step further than in the past. Reading in these grades has been

divided into five levels. Children are assigned to one of these five levels, with little regard to their grade, on the basis of past reading achievement.

Reading for grades four and five is held from 8:45 A.M. to 9:45 A.M. each day. It is necessary that many pupils pass to another room and have another teacher for their reading. By utilizing our special help teacher, Mrs. Grace Alvey, we have thus cut down the number of pupils in the reading classes and are better able to handle individual differences.

All fourth and fifth grade pupils reading above sixth grade level on the basis of their past achievement, and who, in the opinion of their previous teacher can handle the program, are placed in level five, an enrichment program. These children are taught by Mrs. Alvey, with three days a week devoted to the basal reader and the development or the extension of skills and two days given to an appreciation of reading and literature.

All children reading below grade level in grades four and five receive remedial help in an attempt to bring them up to grade level. This program must be flexible and as pupil changes are recognized so too must the program given him be relative to the change. In teaching reading, or any subject, we must challenge but not frustrate. This is what we are attempting to do.

A formal homework program has this year been initiated in grades four and five. Pupils are given a one half hour assignment in one of four academic areas Monday through Thursday of each school week. These areas are arithmetic, science, social studies, and language arts.

It is not our purpose to restrict the leisure time of the child. It is important, however, that the child of today learn to efficiently organize his time, be able to work out assignments on his own, and develop a responsibility for properly completing work assigned to him. Homework can aid in establishing the above mentioned needs.

We are most grateful for the assistance given by "Cap'n Bill" Vinal this past year. His discussion with our fifth graders of the geological history of Norwell, was most interesting and enlightening. We also appreciate the efforts of Mrs. Margaret Crowell Dumas who gave our grade five pupils a knowledge of the history of ship building on the North River.

Our science program has been greatly stimulated this year by the addition of Miss Mary Plemmons to our staff. Miss Plemmons was formerly employed by the Audubon Society and has generated

interest in science on the part of our pupils through her many visual aids, displays, and discussions.

In our continuing efforts to promote the best possible education for each child under our guidance, we are mindful that we could not succeed without the help of many within and outside of the school system. To those we are most grateful. We welcome their continued support and assistance in our never ending quest for "excellence."

Respectfully submitted,

William W. Hays

Principal

REPORT OF THE SCHOOL PHYSICIAN

Mr. Clifton E. Bradley
Superintendent of Schools
Norwell, Massachusetts

Dear Mr. Bradley:

My report as School Physician for 1961 is as follows:

The general health in the schools has been excellent. Physical examinations have been completed in the High School, Junior High School, and first and fourth grades in the Elementary Schools. Almost all students were cleared for the regular athletic programs and most of these were competent for participation in the inter-scholastic competitions. Health and hygiene are improving. Modern education and facilities, both in the schools and the homes, contribute to the improved attendance and participation in all school activities. The School Nurse, Directors of Physical Education, and teachers help in completing the examinations. They also stress health aspects to students in the regular curriculum.

Good attendance has been consistent with a minimum of contagion, and safety precautions have precluded many accidental injuries in the activities on school grounds.

The new physical plants will enable improved sanitary conditions for study, lunches, rest rooms, and safety. Athletic programs will continue to be limited indefinitely pending completion of the new High School facilities.

A high percentage of prophylactic immunizations is maintained by the annual clinics provided by the Board of Health and volunteers from the Visiting Nurse Association.

The increasing school populations present constant challenges. We hope to continue to meet them successfully with the future growth of our systems.

The School Nurse will submit statistical reports.

Respectfully submitted,

Raymond G. Vinal, M. D.

School Physician

REPORT OF SCHOOL LUNCH PROGRAM

Each of the four schools in Norwell has a kitchen adequately equipped to serve a nutritionally-sound, hot lunch in a minimum amount of time.

The National School Lunch Program is subsidized by the Federal Government and we in turn are dedicated to make this program an education in good nutrition. Our lunch program is partially reimbursed by the State and Federal Governments according to the number of meals we serve daily with milk; also for each bottle of milk sold separately for a child's consumption.

To meet the requirements of the National School Lunch Program the Type A lunch must contain as a minimum 1/2 pint fluid whole milk, 2 oz. of protein-rich food such as lean meat, poultry, fish, cheese, 1 egg or 1/2 cup cooked dry beans or 4 Tbsp. peanut butter, plus 3/4 cup fruit or vegetable, one slice of bread plus 2 tsp. butter. We are somewhat limited by the amount of time we have for preparation and by the likes and dislikes of our customers. However, we are constantly trying to add variety and make this definitely a part of their education.

The cooperation from the School Committee, the Superintendent, the Principals and the teachers in the several schools is greatly appreciated and most encouraging and helpful to the women in the kitchens who are constantly working for the best interest of your children's present and future health.

Hazel Robbins

Cafeteria Supervisor

REPORT OF ADULT HOMEMAKING AND CRAFTS PROGRAM

Mr. Clifton E. Bradley
Superintendent of Schools
Norwell, Massachusetts

Dear Mr. Bradley,

Board of Trustees for Adult Homemaking and Crafts, Norwell:
Mr. George H. Whitcher, Jr., Mrs. Nellie L. Sparrell, Dr. William
G. Vinal, Mr. Fletcher S. Boig, Mr. John B. Arnold.

Advisory Committee: Mrs. Edward Cunningham, Mrs. James
Pollack, Mrs. John Arnold.

Director: Mr. Frederick A. Small

Faculty: Mrs. Frederick Bradford

Classes in Beginning and Advanced Sewing began at the Norwell
Junior High School building October 17, 1961. Classes will continue
for twenty sessions through March 13, 1962.

Enrollments were sufficient to initiate for the school year 1961-62
the sewing classes indicated.

It is hoped that the opportunity for wider choice in class offerings
may exist another year. Suggestions from citizens in reference to a
program for 1962-63 will be appreciated.

Respectfully submitted,

Frederick A. Small, Director,
Adult Homemaking and Crafts Program

REPORT OF THE REGIONAL HIGH SCHOOL COMMITTEE TO MEMBER TOWNS

The construction of the vocational high school building is proceeding on schedule. It is hoped that the weather will permit pouring of the roof soon, so that inside work can proceed during cold and bad weather. There is no indication at the present time that the building will not be ready for occupancy in September, 1962.

Some items of equipment have been obtained from the Department of Defense Machinery Reserve. These items have a value of about \$50,000.00. Bids for other equipment items will be advertised as soon as the exact nature of these items and the surplus property items are known.

Applications for Director are now being reviewed and interviews will be held soon. It is hoped that an appointment will be made before March. As soon as the Director assumes his duties, pupils applications for admission and applications for instructorships will be processed. At the present time there are indications that the pupils applications will exceed the facilities in some courses.

Course descriptions and applications have been sent to the school departments of all member towns and some surrounding towns. Treasurer's Report for the year ending December 31, 1961 and the estimated budget for the year 1962 are in the hands of member town officials.

Respectfully Submitted,

Valentine F. Harrington, Chairman

REGIONAL VOCATIONAL SCHOOL COMMITTEE

REPORT OF THE BOARD OF SELECTMEN

As a result of the Board of Selectmen's presentation to the Annual Town Meeting of March 6, 1961 of Article 24, a Town Government Study Committee was voted; as a result of the Committee's activities of research and studies, the town voted, at a Special Town Meeting held on September 24, 1962, to authorize the Board of Selectmen to employ an Office Manager in accordance with Article 3 "Motion made and seconded to instruct the Selectmen to appoint an Office Manager, in no sense charged with the responsibilities of an Executive Secretary, with formal training and general office supervisory experience with an overall staff appropriation to organize and supervise the general administration of the town."

In accordance with the town's vote the Selectmen did appoint Mr. Harry L. Chase, Jr. as Town Office Manager to serve until December 31, 1963, in addition to his duties as appointed Town Accountant; which term expires March 31, 1964. A salary of \$8,500.00 was set by the Selectmen to cover both the Office Manager's position and that of Town Accountant.

Last year saw the inception of the new Building Code and the appointment of Charles E. White as Building Inspector, and William T. Stohn as Alternate Inspector, which action relieved the Board of Selectmen of the administrative duties in connection with the issuance of Building Permits.

A volunteer committee composed of Frank Aicardi, John McCarvell, Earl Merrifield and Richard Norton organized themselves to carry out the project of house-numbering on all of the Streets of Norwell.

The year 1963 was a particularly busy year, as far as Town Meetings and Elections were concerned, and of course the attendant expense of holding these Meetings and Elections was unusually high. There were four sessions of the Annual Town Meeting, a Special Town Meeting on May 21 (this was a petitioned meeting) with adjourned sessions held on May 22, and later on September 24. Following the completion of the May 21 Meeting on September 24, the Special Town Meeting of September 24 opened, at 10:00 P.M. In addition to the Town Meetings, the Annual Town Elections were held on Saturday, March 17; the State Primaries on September 18 and the State Elections on November 6.

The problem of disposition of the United States Naval Ammunition Depot land and facilities has been and is a matter of continuing

negotiation. The Norwell Board of Selectmen has supported the proposal of the State Department of Natural Resources to keep this entire area, which lies in four towns, in its natural condition and make it available for fish and game development with State support.

The reconstructed Union Bridge was reopened to traffic on June 25, 1962. The bridge became operable for river traffic on December 12, 1962. The Selectmen voted to restrict the approach to the Bridge to no parking and to limit the parking in the Town Landing area to Norwell residents only.

The town continues to face an unsolved problem in connection with town garage facilities, and the Highway Surveyor continues to operate with the handicap of having his material and equipment scattered in various locations.

Financial:

The Thirty-fourth accounting of the Florence M. Cushing Memorial Fund for the year ending August, 1962, was reported by the Trustees under date of September 25, 1962. The Report showed the principal amount of \$47,071.15. The income account for the year showed a balance in the amount of \$5,426.60. The Trustees remitted to the town the amount of \$2,940.00, which can be used to take care of unusual maintenance expenses for the Cushing Memorial Town Hall. The total amount available for the Selectmen to administer as of the First of January, 1963 is \$8,546.41.

The Free Cash available to the town as of January 1, 1963 is \$234,388.15.

Town Hall and Town Hall Annex:

The Town Hall Annex continues to be an expensive maintenance item and there is still considerable repair work and painting to be done.

The replacement of draperies and stage curtain has been completed in the auditorium, and this item was paid for from the Florence M. Cushing Memorial Maintenance Fund.

Loring Wadsworth has resigned as part-time Custodian. No replacement has been appointed as of December 31, 1962.

The crowded condition still exists in the Town Hall, as it has existed for the past few years and the Permanent Building and Maintenance Committee has this problem for study. They will probably make recommendations in the very near future.

Roads :

The Southeast Expressway route through Norwell is still under construction. The highway has progressed to the point that the bridge which goes over the Expressway on River Street is passable, with a temporary road surface on it. The access roads from Pine Street and Stetson Road have been made available. Pine Street has been cut and is now in two sections and will be permanently. Shortly, Stetson Road will be in the same condition.

The Chapter 90 Program is continuing, but has been delayed in 1962 due to the necessity for a new layout of the west end of Main Street from Assinippi to Norwell Center. It is expected that early in 1963 drainage will be installed at the Assinippi end of the construction and will be financed by the State, County and Town, on the usual basis of 50% by the State, 25% each by the County and Town.

The Board of Selectmen has continued to urge both the State and the County to authorize a Special Chapter 90 Project at the Town Lines of Hanover and Norwell where Tiffany Road meets East Street to construct a new box culvert at this very dangerous brook crossing.

The Board of Selectmen has continued its program of increasing the number of street lights in the town, in order to improve the dangerous, dark areas on the travelled ways in the town.

The town roads are still deteriorating faster than the town is financially, under its present appropriation, able to repair, even temporarily.

Appointments and Committees :

The Town Clerk's Report lists all of the appointments that have been made by the Board of Selectmen and we refer you to this Report.

General :

In accordance with the vote of the town on September 24, 1962, Article 2, as follows: "Motion made, seconded and voted to instruct the Selectmen to introduce the use of a multiple standardized petition form to initiate and process all complaints, inquiries and service requests directed to the various boards, committees and town officials and to establish the necessary procedures for prompt official actions and maintenance of records," the Board of Selectmen, through its Office Manager, Harry L. Chase, Jr., has instituted the system of written complaints, etc., coming into the Town Hall in connection with town business.

In accordance with the vote of the town on September 24, 1962, under Article 1, as follows: "It was moved, seconded and voted to instruct the Selectmen to send a general letter to every voter describing the importance and duties of all appointed officials and including a form card to be returned by volunteers indicating their preference of service," the Selectmen, through the Office Manager, has issued a brochure outlining in brief the duties of all the appointed town officials; and inviting the residents of the town to reply to the Board of Selectmen on a return postal card, indicating their preference to serve the town in some specific capacity.

The problem of installing water services across the streets has been resolved by the Highway Surveyor doing the trenching and backfilling with the new equipment which was purchased this year for the purpose of doing not only the highway work, but the excavation and backfilling of other departments, wherever possible. It is the hope of the Board of Selectmen that this will permanently resolve this problem so that the travelling public will not be subjected to the inconvenience of improperly trenched and backfilled water service under-the-road connections.

The approach to the Town Hall has been materially improved by the Highway Surveyor, who installed a bituminous paved walkway from the Fire House to Central Street.

TOWN OF NORWELL

Commonwealth of Massachusetts

WARRANT FOR ANNUAL TOWN MEETING

Monday, March 12, 1962 at seven-thirty o'clock in the afternoon

At Senior High School

and Saturday, March 17, 1962 at 12 Noon

At the Center Elementary School

For the Election of Town Officials

Plymouth, ss.

To either of the Constables of the Town of Norwell, in said County of Plymouth and Commonwealth of Massachusetts.

GREETINGS:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Norwell, qualified to vote in elections and Town affairs to meet at the Senior High School in said Norwell, on Monday, the twelfth day of March 1962 at 7:30 p.m., then and there to act upon the following articles, to wit:

Article 1. To see if the Town will accept the reports of its officers and committees as printed in the Town Report, or act on anything relative thereto.

Article 2. To see what sums the Town will raise and appropriate or appropriate from available funds to pay Town debts, expenses and charges including debt and interest for the ensuing year and to fix the salary and compensation of all elective officers of the Town, effective from January 1, 1962, as provided by Section 108 of Chapter 41 of the General Laws, as amended, and to provide for a reserve fund, and raise and appropriate the same for the following: Moderator, Selectmen's Department, Town Meetings and Elections, Town Accountant, Treasurer, Town Collector, Assessors' Department, Town Counsel, Town Clerk, Registrations and Listings, Board

of Appeals, Planning Board, Development and Industrial Commission, Conservation Commission, Town Hall and Annex, Police Department, Dog Officer, Fire Department, Forest Fire Patrol, Civil Defense, Emergency Communications Center, Sealer of Weights and Measures, Tree Warden and Moth Superintendent, Moth Department, Dutch Elm Disease, Elm Tree Beetle, Tent Caterpillar, Tree Maintenance, Squares and Triangles, Mowing Bushes, Operation and Maintenance of Equipment, Pest Control, Tree Maintenance, Removal and Replacement, Roadside Brush Control, Wire Inspector, Gas Inspector, Board of Health, Inspector of Animals, School Nurse, School Dentist, Dental Hygienist, School Physician, Town Dump, Mosquito Control, Highway Surveyor, Town Account, Chapter 81, Chapter 90, Signs, Road Markings, Snow Removal and Sanding, Road Machinery Maintenance and Operation Account, Street Lights, Welfare, Public Welfare, Old Age Assistance, Aid to Dependent Children, Disability Assistance, Aid (All Categories), Administration and Expense, Veterans' Benefits, School Committee, School Department, Vocational Training, Practical Arts-Adults, Regional Vocational School District, Libraries, Water Commissioners, Water Department, Cemeteries, Maturing Debt and Interest, Anticipation of Revenue Loans, Aid to Agriculture, Workmen's Compensation, Plymouth County Retirement, Pensions and Annuities, Reserve Fund, Town Reports and Budgets, and Memorial Day, or act on anything relative thereto.

Article 3. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1963, and to issue a note or notes therefor, payable within one year in accordance with General Laws, Chapter 44, Section 4, as amended, and to renew any note or notes as may be given for less than one year in accordance with General Laws, Chapter 44, Section 17, as amended, or act on anything relative thereto.

Article 4. To see if the Town will vote to appropriate the sum of \$14,025.00 or any other sum from available funds in anticipation of repayment by the Commonwealth of Massachusetts, for Chapter 81 work on the highways, or act on anything relative thereto.

Requested by the Board of Selectmen.

Article 5. To see if the Town will vote to appropriate the sum of \$8,000.00 or any other sum from available funds in anticipation of repayment by the Commonwealth of Massachusetts and the

County of Plymouth, for Chapter 90 work on West Main Street, or act on anything relative thereto.

Requested by the Board of Selectmen.

Article 6. To see if the Town will vote to appropriate the sum of \$14,250.00 or any other sum in anticipation of repayment by the Commonwealth of Massachusetts and the County of Plymouth and the sum of \$4,750.00 as the Town's share for Chapter 90 highway work on the Tiffany Road—East Street Bridge, or act on anything relative thereto.

Requested by the Board of Selectmen.

Article 7. To see if the Town will vote to raise and appropriate or appropriate from available funds the sum of \$945.00 for the purpose of hot topping the existing sidewalks at Norwell Center for a total distance of approximately one thousand three hundred and fifty feet, or act on anything relative thereto.

Requested by the Highway Surveyor.

Article 8. To see if the Town will vote to raise and appropriate or appropriate from available funds the sum of \$1,000.00 or any other sum to be added to the Town Highway Account for mix and place surface on Prouty Avenue for a distance of one thousand feet, or act on anything relative thereto.

Requested by the Highway Surveyor.

Article 9. To see if the Town will vote to raise and appropriate or appropriate from available funds the sum of \$1,310.00 or any other sum to be added to the Town Highway Account for mix and place surface on Duncan Drive for a distance of one thousand three hundred and ten feet, or act on anything relative thereto.

Requested by the Highway Surveyor.

Article 10. To see if the Town will vote to raise and appropriate or appropriate from available funds the sum of \$1,000.00 or any other sum to be added to the Town Highway Account for mix and place surface on River Street for a distance of one thousand feet, or act on anything relative thereto.

Requested by the Highway Surveyor.

Article 11. To see if the Town will vote to raise and appropriate or appropriate from available funds the sum of \$900.00 for the purpose of grading and resurfacing with tar Green Street for a distance of 1,200 feet from Pleasant Street, or act on anything relative thereto.

Requested by the Highway Surveyor.

Article 12. To see if the Town will vote to raise and appropriate or appropriate from available funds the sum of \$500.00 for the purpose of removing ledge in the center of Wilder Road at its junction with Grove Street, or act on anything relative thereto.

Requested by the Highway Surveyor.

Article 13. To see if the Town will vote to raise and appropriate or appropriate from available funds the sum of \$13,000.00 for the purchase of a four-wheel drive tractor loader, or act on anything relative thereto.

Requested by the Highway Surveyor.

Article 14. To see if the Town will vote to raise and appropriate or appropriate from available funds the sum of \$700.00 or any other sum for the purchase of a snow plow, or act on anything relative thereto.

Requested by the Highway Surveyor.

Article 15. To see if the Town will vote to raise and appropriate or appropriate from available funds the sum of \$2,000.00 to install a drainage line from the Grace Farrar Cole School on High Street to Hatch Pond, a distance of six hundred and fifty feet, or act on anything relative thereto.

Requested by the Highway Surveyor.

Article 16. To see if the Town will vote to raise and appropriate or appropriate from available funds the sum of \$5,000.00 or any other sum to be used by the Permanent Drainage Committee for the replacement of culverts, field engineering and other drainage work throughout the Town, or act on anything relative thereto.

Requested by the Permanent Drainage Committee.

Article 17. To see if the Town will vote to raise and appropriate or appropriate from available funds the sum of \$48,000.00 to install water mains of not less than six inches, but less than sixteen inches in diameter in Old Oaken Bucket Road from the end of the existing main at the junction of Norwell Avenue, Central Street and Old Oaken Bucket Road to the Scituate Town Line, or act on anything relative thereto.

Requested by: Ruth M. Murray, Douglas S. Mitchell, Mary

Crawford Leonard, Elizabeth S. Cox, Leonard J. Cox, Bruno Ilmonen, Eleanor Mitchell, Margaret E. Hatch, Dorothy J. Meehan, Earle M. Newton, Katharine H. Newton, Ray Miller, Margaret M. Miller, Winthrop R. Scudder, Ethel T. Dean, Susanne E. Tuttle, Harold E. Tuttle, Jr., Hortense Hatch, Eleanor Causer, Godfrey M. Birkhead, Jean M. Birkhead, Evelyn C. Seavey, William G. Seavey, Lyndon E. Pratt, and Anne Gray Pratt.

Article 18. To see if the Town will vote to appropriate the sum of \$27,000.00 to install water mains of not less than six inches, but less than sixteen inches in diameter in Norwell Avenue from the end of the existing main at the junction of Norwell Avenue, Old Oaken Bucket Road and Central Street to the junction of Norwell Avenue, Lincoln and Grove Streets and to meet such appropriation by appropriating a sum of \$3,654.28 from available funds from the remaining appropriation under the following articles :

Special Town Meeting

January 13, 1958

Article IV \$1,201.46

Annual Town Meeting

March 9, 1959

Article X \$2,452.82

and by raising and appropriating from the tax levy of 1962 the sum of \$23,345.72, or act on anything relative thereto.

Requested by the Board of Water Commissioners.

Article 19. To see if the Town will vote to raise and appropriate or appropriate from available funds the sum of \$3,000.00, said sum to be added to the Developing Well and Well Fields Account and to be spent to conduct tests on potential well or water source sites, or act on anything relative thereto.

Requested by the Board of Water Commissioners.

Article 20. To see if the Town will vote to raise and appropriate or appropriate from available funds the sum of \$5,960.00 for the purchase of a two ton truck, or better, for use by the Tree and Moth Departments, or act on anything relative thereto.

Requested by the Tree Warden and Moth Superintendent.

Article 21. To see if the Town will vote to raise and appropriate or appropriate from available funds the sum of \$2,100.00 or any other sum to purchase a new Police Department Cruiser to replace the present 1961 cruiser, or act on anything relative thereto.

Requested by the Board of Selectmen.

Article 22. To see if the Town will accept Section 22D of Chapter 40 of the General Laws relating to the towing of improperly parked vehicles from municipal public ways.

Requested by the Board of Selectmen.

Article 23. To see if the Town will vote to accept a portion of Brantwood Road as a Town way as laid out by the Selectmen in accordance with the description and plan presented at a hearing in the Cushing Memorial Town Hall and now on file in the Town Clerk's office, without appropriation, or act on anything relative thereto.

Requested by the Board of Selectmen.

Article 24. To see if the Town will vote to accept Beers Avenue as a Town way as laid out by the Selectmen in accordance with the description and plan presented at a hearing in the Cushing Memorial Town Hall and now on file in the Town Clerk's office, without appropriation, or act on anything relative thereto.

Requested by the Board of Selectmen.

Article 25. To see if the Town will vote to accept a portion of Ridge Hill Road as a Town way as laid out by the Selectmen in accordance with the description and plan presented at a hearing in the Cushing Memorial Town Hall and now on file in the Town Clerk's office, without appropriation, or act on anything relative thereto.

Requested by the Board of Selectmen.

Article 26. To see if the Town will vote to accept a portion of Millwood Circle as a Town way as laid out by the Selectmen in accordance with the description and plan presented at a hearing in the Cushing Memorial Town Hall and now on file in the Town Clerk's office, without appropriation, or act on anything relative thereto.

Requested by the Board of Selectmen.

Article 27. To see if the Town will vote to accept an alteration of the layout of a portion of Winter Street as laid out by the Selectmen in accordance with the description and plan presented at a hearing in the Cushing Memorial Town Hall and now on file in the Town Clerk's office, or act on anything relative thereto.

Requested by the Board of Selectmen.

Article 28. To see if the Town will vote to accept an alteration of the layout of a portion of Prospect Street as laid out by the Selectmen in accordance with the description and plan presented

at a hearing in the Cushing Memorial Town Hall and now on file in the Town Clerk's office, or act on anything relative thereto.

Requested by the Board of Selectmen.

Article 29. To see if the Town will vote to extend the term of the present General School Building Committee one year from September 21, 1962 to September 21, 1963 to provide that the next required elementary facility shall be developed and completed by the present Committee, or act on anything relative thereto.

Requested by the General School Building Committee.

Article 30. To see if the Town will vote to discharge the present General School Building Committee upon the completion of the present High School thus relieving this Committee from the responsibility of initiating new elementary construction development not to be completed under its direction, or act on anything relative thereto.

Requested by the General School Building Committee.

Article 31. To see if the Town will vote to purchase or take by eminent domain for a Town Garage site the two parcels of land owned by Nellie L. Sparrell consisting of 1 1/2 acres with a twenty two foot frontage on Central Street and a parcel of 9 1/2 acres lying between Main Street and Mill Lane, excluding that portion currently under option to Sun Oil Company, and contiguous to the aforesaid 1 1/2 acres, and to raise and appropriate or appropriate from available funds the sum of \$5,850.00 for this purpose, or act on anything relative thereto.

Requested by the Planning Board.

Article 32. To see if the Town will vote to purchase or take by eminent domain a strip of land along the westerly border of land of Nellie L. Sparrell situated on the northerly side of Main Street in Norwell Center to provide access to the proposed Town Garage site and to raise and appropriate or appropriate from available funds the sum of \$5,000.00 for this purpose, or act on anything relative thereto.

Requested by the Planning Board.

Article 33. To see if the Town will vote to accept for highway purposes for a consideration of \$1.00 title to a parcel of land now owned by Nellie L. Sparrell and bounded as follows :

Southwesterly by Main Street twenty five (25) feet

Northwesterly by lands of Francis E. and Marjorie G. MacFarlane,
three hundred (300) feet

Northeasterly by other land of seller, forty (40) feet
Southeasterly by land of Sun Oil Company, three hundred (300)
feet, more or less.

Or act on anything relative thereto.

Requested by the Planning Board.

Article 34. To see if the Town will vote to raise and appropriate or appropriate from available funds the sum of \$5,000.00 for site development of the Nellie L. Sparrell land, said sum to be expended under the direction of the Highway Surveyor, or act on anything relative thereto.

Requested by the Planning Board.

Article 35. To see if the Town will vote to purchase or take by eminent domain for a Town Garage site a parcel of land 6.4 acres, more or less, owned by Robert J. and Walter J. Breen on the southerly side of Grove Street about one thousand feet westerly from Bowker Street and to raise and appropriate or appropriate from available funds the sum of \$3,500.00 for this purpose, or act on anything relative thereto.

Requested by the Planning Board.

Article 36. To see if the Town will vote to raise and appropriate or appropriate from available funds the sum of \$3,500.00 for site development of the Breen land, said sum to be expended under the direction of the Highway Surveyor, or act on anything relative thereto.

Requested by the Planning Board.

Article 37. To see if the Town will vote to instruct the General School Building Committee to bring in plans and specifications for a Town Garage at the next Special Town Meeting or not later than the next Annual Town Meeting and to raise and appropriate or appropriate from available funds the sum of \$1,000.00 for this purpose, or act on anything relative thereto.

Requested by the Planning Board.

Article 38. To see if the Town will vote to amend Article XIV of the revised By-Laws of the Town of Norwell as amended to read as printed in a pamphlet entitled "Building Code of Norwell—Commonwealth of Massachusetts" and of which copies accompany this warrant and are available at the Town Hall, the James Library, the William J. Leonard Memorial Library, or act on anything relative thereto.

Requested by the Building Code Committee.

Article 39. To see if the Town will vote to amend Article VI, Section 1 of the revised By-Laws of the Town of Norwell by adding thereto the Office of Inspector of Buildings, or act on anything relative thereto.

Requested by the Building Code Committee.

Article 40. To see if the Town will vote to amend the revised By-Laws of the Town of Norwell as amended by removing from Article VI, Electrical Installations, Paragraphs A, B, C and D and redesignating said paragraphs as Article XIV, Section XII, Paragraphs, A, B, C and D, or act on anything relative thereto.

Requested by the Building Code Committee.

Article 41. To see if the Town will vote to further amend Article VI of the revised By-Laws pertaining to Electrical Installations, Paragraph D, by removing therefrom the words "may be removed by the Selectmen for due cause" and substitute therefor the words "may at pleasure be removed by the Board of Selectmen," or act on anything relative thereto.

Requested by the Building Code Committee.

Article 42. To see if the Town will vote to amend Article XV of the revised By-Laws of the Town of Norwell by revoking and striking out in their entirety the present Title and Section 1 to 3 inclusive, or act on anything relative thereto.

Requested by the Building Code Committee.

Article 43. To see if the Town will vote to raise and appropriate or appropriate from available funds the sum of \$1,500.00 for remuneration and expenses of the Building Inspector, or act on anything relative thereto.

Requested by the Building Code Committee.

Article 44. To see if the Town will vote to amend its Zoning By-Laws as follows :

1. By amending Section III so that the first two paragraphs will read as follows :

The Town is hereby divided into seven classes of districts :

Residential Districts A, B and C

Business Districts A, B and C

Saltmarsh Conservation District

Residential and Business Districts are shown on "Zoning Map, Town of Norwell, September, 1959 as Revised August 18, 1960," which is filed in the Town Clerk's office and is made a part hereof.

2. By adding to Section III the following paragraph :

Saltmarsh Conservation District—The Saltmarsh Conservation District shall be the area along the North River from the River itself to the upland edge of the marsh as defined and shown on the 1915 Plan of the North River Authorized by Chapter 112, Resolves of 1914, William F. Williams, Chief Engineer, a copy of which is on file in the office of the Town Clerk and is made a part hereof.

3. By adding a new Section VIB as follows :
Section VIB

A. In the Saltmarsh Conservation District no structure shall be erected except non-commercial docks, catwalks, piers, wharves or floats, nor may any area within said zone be filled, drained, dredged or excavated.

PROVIDED, however ;

B. The owner of any land located in this District, or his agent, may apply to the Zoning Board of Appeals for a special permit for the construction of any structure which would have been permitted on said land prior to the adoption of this Section VIB, or for filling, drainage, dredging or excavation. No permit shall be granted which will adversely affect the natural character of the area in which the land referred to in the application is located. No such permit shall be granted except after notice and hearing as is provided by law for the granting of variances. In addition, notice shall be given by registered mail to the Chairman of the Conservation Commission or his designated representative. The Conservation Commission shall file a report setting forth the opinion of the Conservation Commission as to whether or not the granting of a permit will be consistent with the natural character of the area and the aims and purposes of the Conservation Commission. If the Conservation Commission shall fail to file its report on or before the date set for the hearing on the permit, the Zoning Board of Appeals shall assume that the Conservation Commission has no objection to the granting of the permit, and the Conservation Commission shall have no standing to appear or be heard in any further proceedings relative to such permit.

Requested by the Conservation Commission.

Article 45. To see if the Town will vote to raise and appropriate or appropriate from available funds the sum of \$6,800 or any other sum to add to the Conservation Fund under the provisions of General Laws, Chapter 40, Section 5, Clause 51 and Section 8C, as amended, or act on anything relative thereto.

Requested by the Conservation Commission.

Article 46. To see if the Town will vote to amend its Zoning By-Law by removing from Residential Districts A and B the following described area and establishing same as Business District C-1, or act on anything relative thereto :

Starting at a point in the Norwell-Hingham Town Line 1,000 feet northeasterly from the northeasterly way line of Washington Street, measured at a right angle therefrom, at the northerly corner of District B-5; thence,

Northeasterly in the Norwell-Hingham Town line to the southwesterly way line of Prospect Street; thence,

In a generally southeasterly direction in the southwesterly way line of Prospect Street to its intersection with the northerly way line of Grove Street; thence,

In a generally westerly direction in the northerly way line of Grove Street to the easterly corner of the land of Carlton N. and Corinne Robinson; thence,

In the northeasterly property line of said Robinson land to a point 300 feet northerly from the northerly way line of Grove Street, measured at a right angle therefrom; thence,

In a generally westerly direction in a line 300 feet northerly from the northerly way line of Grove Street and parallel thereto to a point in the easterly way line of the "Town of Norwell, Water Department Easement;" thence,

In the easterly way line of said Water Department Easement in a generally southerly direction to its intersection with the northerly way line of Grove Street; thence,

In a generally westerly direction in the northerly way line of Grove Street to its intersection with the westerly way line of said Water Department Easement; thence,

In a generally northerly direction in the westerly way line of said Water Department Easement to a point 300 feet northerly from the northerly way line of Grove Street, measured at a right angle therefrom; thence,

In a generally westerly direction in a line 300 feet northerly from the northerly way line of Grove Street and parallel thereto to a point in the northeasterly line of District B-5, 300 feet northerly from the northerly way line of Grove Street, measured at a right angle therefrom; thence,

In the northeasterly line of District B-5 to the point of beginning.

Requested by the Development and Industrial Commission.

Article 47. To see if the Town will vote to remove from Residential District A the following described area and establish same as Business District C-2, or act on anything relative thereto.

Starting at the intersection of the easterly way line of Pleasant Street and the southwesterly way line of the Southeast Expressway; thence,

In a southeasterly direction in the southwesterly way line of the Southeast Expressway to its intersection with the westerly property line of Mary Tunis; thence,

In the westerly property line of said Tunis land to its intersection with the Norwell-Hanover Town line at the Third Herring Brook; thence,

In a generally westerly direction in the Norwell-Hanover Town line in the Third Herring Brook to its intersection with the easterly way line of Pleasant Street; thence,

In a generally northerly direction in the easterly way line of Pleasant Street to the point of beginning.

Requested by the Development and Industrial Commission.

Article 48. To see if the Town will vote to change Section VIA of the Zoning By-Laws by adding in the first line after the fourth word — C-1 and C-2 — so that Section VIA will read :

"In Business Districts C, C-1 and C-2, no building or structure shall be constructed, altered or placed upon land for any use except as follows, nor shall any building or structure or premises be used for any purposes except . . ."

Requested by the Development and Industrial Commission.

Article 49. To see if the Town will vote to change the By-Laws by striking out Section 1 of Article XVIII and substituting in its place the following :

Section 1. Each employee, other than those employed by the School Committee and the Board of Public Welfare, who has worked for the Town an average of twenty or more hours a week for six months prior to June 1 of any calendar year shall be entitled to one week's paid vacation, and each employee who has worked for the

Town an average of twenty or more hours a week for twelve months or longer prior to June 1 of any calendar year shall be entitled to two weeks' vacation with pay. The amount of vacation pay shall be equal to the average weekly earnings from the Town of the employee during the preceeding six or twelve month period whichever is effective in determining the vacation period. Such vacation to be taken during the period June 1 to December 31 of the respective year and in no instance shall vacation time be accumulative, or act on anything relative thereto.

Requested by the Advisory Board.

Article 50. To see if the Town will vote to raise and appropriate or appropriate from available funds the sum of \$385.67 or some other sum or sums of money for unpaid expense account bills incurred in 1961, or act on anything relative thereto.

Loring L. Wadsworth	\$234.54
Katherine R. Fuller	100.85
Paul W. Keefe	50.28

Requested by the Board of Health.

Article 51. To see if the Town will vote to authorize the Town Accountant to close out the unexpended balances of the following appropriations, the purpose of which has been completed, or act on anything relative thereto:

1960 Town Garage Study Committee Expense	\$ 85.00
1960 Police Department—New Cruiser	.85
1961 Fire Department—New Truck	560.64
1961 Highway Department—Snow Plow	55.00
1961 Highway Department—Hydraulic Tailgate and Spreader	5.00
1958 Highway Department—Doris Avenue W. S. and Duncan Drive	3.58
1960 Highway Department—Drainage Main Street	2.02
1959 Regional Vocational School District Planning Committee Expense	384.08

Requested by the Town Accountant.

Article 52. To see if the Town will vote to rescind its action to the extent of \$100,000.00 for the loan authorized but unissued under Article 26, March 7, 1960, Senior High School, or act on anything relative thereto.

Requested by the Town Accountant.

Article 53. To see if the Town will vote to raise and appropriate or appropriate from available funds the sum of \$86,000.00 to be added to the Stabilization Fund, as provided by the General Laws, Chapter 40, Section 5B, or act on anything relative thereto.

Requested by the Board of Selectmen.

Article 54. To see if the Town will vote to instruct the Selectmen to install and maintain underground gasoline storage tanks on Town property and to maintain a supply of gasoline for all Town-owned vehicles and to instruct all elected and appointed Town officials and department heads that gasoline for Town-owned vehicles must come from these tanks and to instruct the Town Accountant and Town Treasurer that no bills for gasoline for Town-owned vehicles, except gasoline for these tanks shall be paid, except in extreme emergencies; the operation of this Town-owned gasoline supply to take effect when all departments are notified thereof by the Board of Selectmen that the system is in operation, but in no event later than July 1, 1962, and to raise and appropriate or appropriate from available funds the sum of \$4,700.00 for said purpose, or act on anything relative thereto.

Requested by the Board of Selectmen.

Article 55. To see if the Town will vote to raise and appropriate the sum of \$1,000.00 or some other sum to purchase and install electrical generating equipment in the Ridge Hill Fire Station, or act on anything relative thereto.

Requested by the Board of Fire Engineers.

Article 56. To see if the Town will vote to raise and appropriate or appropriate from available funds the sum of \$8,000.00 or any other sum or sums, to be added to a gift of \$1,000.00 to be given to the School Committee for the benefit of the Town of Norwell by the Norwell Women's Club, with all sums to be expended in accordance with General Laws, Chapter 71, Sections 37A and 71 under the direction of the Town of Norwell School Committee for the construction of tennis courts in accordance with plans and specifications to be established by the said School Committee, or act on anything relative thereto.

Requested by the Norwell Women's Club.

Article 57. To see if the Town will vote to continue the Town Government Study Committee for one year for additional study and to analyze the effect and value of recommendations, acceptable to Town officials and boards, which are to be presented in the Committee's report to the Town in this the 1962 Annual Meeting, or act on anything relative thereto.

Requested by the Town Government Study Committee.

Article 58. To see if the Town will vote to approve an analysis of the public records of the 1960 and 1961 property tax assessments and commitments under the direction of the Town Government Study Committee for the purpose of determining the value and effect of recent total reappraisal procedures with consultant participation and to appropriate the sum of three hundred and fifty dollars (\$350.00) for the public distribution of such analysis, or act on anything relative thereto.

Requested by: Chester A. Rimmer, Robert B. Sanderson, Thomas T. Barstow, W. Brewster Southworth, John O'L. Edmonds, Ralph Painten, Clinton V. MacCoy, Alan E. Virtue, Louisa S. Hall, John A. Clark and Dennis F. Mederos.

Article 59. To see if the Town will vote to authorize the Board of Water Commissioners to acquire, by purchase or by eminent domain for the protection and development of the Town's water supply, two pieces of land: the first one is on the easterly side of Pleasant Street adjacent to the original pumping station, shown as Parcels 4, 5 and 6 on "Revised Plan of Land for Development of Water Supply, Town of Norwell," originally dated May 7, 1957; and the second piece is on the northerly side of Grove Street adjacent to the Grove Street Well, shown as Parcels "X" and "Y" on "Revised Plan of Land in Norwell for Development of Water Supply," originally dated March 24, 1957, or act on anything relative thereto.

Both of said Plans are by Loring H. Jacobs, Registered Land Surveyor, and copies are on file in the Selectmen's office.

Funds for this purpose shall be obtained from funds appropriated under Article III of the Special Town Meeting of October 10, 1960.

Requested by the Board of Water Commissioners.

Article 60. To see if the Town will vote to appropriate the 1961 Dog Tax Refund to the School Department Operation Account, or act on anything relative thereto.

Article 61. To see if the Town will give instructions to its elected Town Officers.

SALE OF FISH RIGHTS

Subsequent Meeting for the Election of Officers

SATURDAY, MARCH 17, 1962

Polls Open 12:00 Noon to 8:00 p.m.

And you are further directed to notify all legal voters to assemble at the Center Elementary School, Main Street, on Saturday,

March 17, 1962, during the polling hours, then and there to act upon the following article:

Article 62. To bring to the Election Officers, their votes, all on one ballot for the following-named officers, to wit: one Selectman for three years; one Assessor for three years; one member of the Board of Public Welfare for three years; Town Treasurer for three years; Town Collector for three years; Moderator for one year; Highway Surveyor, Tree Warden, each for one year; two members of the School Committee, one member of the Board of Health, one member of the Board of Water Commissioners, one Trustee of the William J. Leonard Memorial Library, each for three years; one member of the Planning Board for five years and one member of the Planning Board for the unexpired term of three years.

You are hereby required to notify and warn said inhabitants of Norwell qualified to vote in Town affairs, in case all the articles in the foregoing Warrant shall not be acted upon at the meeting called for the twelfth day of March to meet in adjourned session at the Senior High School

TUESDAY, THE THIRTEENTH DAY OF MARCH 1962

at seven-thirty o'clock in the afternoon

and each subsequent weekday at seven-thirty o'clock in the afternoon, then and there to act upon such of the foregoing articles as shall not have been acted upon on March 12, 1962, or act upon such other articles in said Warrant as the meeting may deem advisable.

You are directed to serve this Warrant by posting a copy thereof, attested to by you in writing, at each of five public places in the Town seven days at least before the time for holding the meeting called for in the Warrant. Hereof fail not, and make due return of this Warrant with your doings thereon to the Town Clerk of said Town on or before the twelfth day of March, 1962.

Given under our hands at Norwell this nineteenth day of February in the year of our Lord 1962.

G. HERBERT REPASS, Chairman
EARLE F. ALLEN
CHARLES H. WHITING

ANNUAL TOWN MEETING**MARCH 12, 1962**

Pursuant to the foregoing Warrant, issued by the Selectmen of Norwell and executed by a duly appointed and qualified Constable of the Town, at which time a quorum was present, the voters met and took the following action:

The Annual Town Meeting was called to order by the Moderator, Joseph M. Silvia, at 7:45 P.M. at the new Norwell Senior High School with 251 registered voters in attendance. Later, the number of voters present became 538.

Rev. Roland Whitney, pastor of the Methodist Church, offered prayer.

The privilege of attending the meeting was extended to Frank DiSabatino, who ran the Recorder, and Frederick A. Small, Assistant Superintendent of Schools, who was given the privilege of speaking on any article in which he was interested.

The following were appointed tellers and were sworn to the faithful performance of their duty by the Moderator: Harry L. Chase, Jr., head teller, George H. Whitcher, Jr., Henry McQuade, James McElwee, Orville Devine and William Spradlin.

The Town Clerk read the call for the meeting as set forth in the Warrant, moved deferred reading of articles of Warrant until taken up for action, which was voted; the notice for Election, March 17th, and the Constable's return of service.

Mr. Rimmer, Chairman of the Town Government Study Committee, made a motion which was seconded "that the Town Government Study Committee report its findings and recommendations to this Town Meeting as was voted in the 1961 Annual Town Meeting and under Article 1 as an action relative to the reports of Town officers and Committees."

Mr. Repass talked against accepting Mr. Rimmer's report because it was not printed in the Town Report as the others were, and also the fact that it was given at this time. Mr. Repass moved to accept the reports of its officers and committees as printed in the Town Report. Much discussion followed and the Moderator suggested making an amendment to the Repass motion, so it would read as follows: Moved that the Town accept the reports of its officers and committees as printed in the Town Report, and to receive the report of the Town Government Study Committee. This motion was seconded and unanimously voted.

Motion made, seconded, that Articles 57 and 58 be taken up before Article 2. The Moderator ruled that a 2/3 vote would be necessary to do this. The vote to take up Article 57 was lost by a vote of 244 for and 211 against. The vote to take up Article 58 was likewise lost by a vote of 174 for, 216 against.

Article 2. The Moderator stated that, in order to save time, and if there was no objection, he would read the item number of the article and if one wished that item discussed, he would say "pass" when the number was read. No objection, and he began calling the numbers; of which the following were "passed," 2, 3, 4, 5, 8, 9, 22, 23, 24, 25, 26, 27, 28, 29, 40, 45, 46, 47, 49, 56, 76, 58, 78, 79, 80, 82, 83, 84, 85, 104, 107, 108, 111, 112, 113, 114, 115, 116, 117, 129, 151, 152, 153.

The Chairman of the Advisory Board, Mr. Rasmussen, moved, and it was seconded and voted, that the amounts printed next in all other items be raised and appropriated as printed in the recommended column of the Transcript of the Warrant, and that the Town fix the "per diem" compensation at the rate of \$16. under Item 9, Selectmen, Inspection and Extra Days; under Item 25, Assessors, Extra Days; Supervision, Water Department; and that the Town fix the salary and compensation of all elected officers of the Town, effective as of January 1, 1962.

Article 2. Item 2. Questioned if it would not be better for all salaries of all Selectmen be the same. Motion made, seconded and voted to raise and appropriate \$200. additional salary for Chairman, Board of Selectmen.

Item 3. Motion made, seconded and voted to raise and appropriate \$1,200., member clerk of Selectmen, additional salary.

Item 4. Motion made, seconded and voted to raise and appropriate \$900., members (3) Selectmen.

Item 5. Motion made, seconded and voted to raise and appropriate \$3,000., for expenses of Selectmen.

Item 8. Motion made, seconded and voted to raise and appropriate \$5,700. for Town Hall Clerks, 205 yes, 196 no.

Item 22. Motion made, seconded and voted to raise and appropriate \$200., additional salary, Chairman, Assessors.

Item 23. Motion made, seconded and voted to raise and appropriate \$1,200. additional salary for member clerk, Assessors.

Item 24. Voted, after motion was made and seconded, to raise and appropriate \$900. for 3 members, Board of Assessors.

Item 26. Motion made, seconded, but failed to carry, to raise and appropriate \$3600. for expenses of Assessors. Motion made, seconded and voted to raise and appropriate \$3,000. for Expenses of Assessors.

Item 27. Motion made, seconded and voted, to raise and appropriate \$4,000. Clerical Assistance, Assessors.

Item 28. Motion made, seconded and voted, to raise and appropriate \$1,200. Retainer Fee, Counsel.

Item 29. Motion made, seconded and voted to raise and appropriate \$2,000., for extra legal expenses of Counsel.

Item 40. Motion made, seconded and voted, to raise and appropriate \$250.00 expenses, Conservation Commission.

Item 45. Motion made, seconded and voted, to raise and appropriate \$6,200., Salary, Police Chief.

Item 46. Motion made, seconded and voted, to raise and appropriate \$14,400. Regular Police Officers.

Item 47. Motion made, seconded and voted, to raise and appropriate \$8,614.75, Payroll, Police Department.

Item 49. Motion made, seconded and voted, to raise and appropriate \$4,029., Cruiser Expense, Police Department.

Item 56. Motion made, seconded and voted, to raise and appropriate \$600., General Expense, Civil Defense.

Item 58. Motion made, seconded and voted, to raise and appropriate \$8,100., Emergency Communications Center, Salaries and Expenses.

Motion made, seconded and voted to adjourn until Tuesday, March 13, 1962, at 7:30 P.M.

NELLIE L. SPARRELL,
Town Clerk

ADJOURNED ANNUAL TOWN MEETING**MARCH 13, 1962**

The Adjourned Annual Town Meeting was called to order at 7:40 o'clock by the Moderator, with 302 voters present.

Thomas Kelly, a resident tax-payer, but not a voter, asked permission to attend the meeting with privilege to speak on Article 28. The assembly granted permission to Mr. Bradley, Supt. of Schools to attend and have the privilege of the floor.

The Moderator appointed Arthur Yonge to serve as teller in the absence of William Spradlin.

Article 2. Item 76. Mr. Benner moved and it was seconded, but failed to carry, to raise and appropriate \$5,000., Aid and Expense of Board of Health. Motion made, seconded and voted to raise and appropriate the sum of \$5,300., Aid and Expense, Board of Health.

Item 78. It was moved, seconded, but failed to carry, to substitute zero, for the figure given in the transcript of the Warrant. It was moved, seconded and voted to raise and appropriate the sum of \$3,700. salary of School Nurse.

Item 79. It was moved, seconded and voted to raise and appropriate \$600. for Transportation, School Nurse.

Item 80. It was moved, seconded and voted to raise and appropriate \$3,040. Salary, School Dentist.

Item 82. It was moved, seconded and voted to raise and appropriate \$900., Salary, School Physician.

Item 83. It was moved, seconded and voted to raise and appropriate \$3,000., Expenses, Town Dump.

Item 84. It was moved, seconded and voted to raise and appropriate \$4,000., Expenses, Mosquito Control.

Item 85. It was moved, seconded and voted to raise and appropriate \$5,650., Salary, Highway Surveyor.

Item 104. It was moved, seconded and voted to raise and appropriate \$32,000., Aid (All Categories) under Public Welfare.

Item 107. Motion made to lay on table, failed to carry. Motion made, seconded and voted to raise and appropriate \$700., Agent's Expense, Veterans' Benefits.

Item 108. Motion made, seconded and voted to appropriate \$25.00, Agent's Salary, Veterans' Benefits.

Motion made, seconded and voted that consideration of the School budget, Items 111 - 117, inclusive, be postponed until after disposition of Article 59 in this Warrant and that the town vote to instruct the School Committee to review its requirements to accomplish a reduction.

Item 129. It was moved, seconded and voted that the sum of \$2,737.00, be transferred from the E. & D. account to Washington St. Cemetery, Expenses.

Item 151. Motion made, seconded and voted to raise and appropriate \$7,265., Plymouth County Retirement.

Item 152. Motion made, seconded and voted to raise and appropriate \$10,100., Group Insurance.

Item 153. Motion made, seconded and voted to raise and appropriate \$18,790.50, Town Schedule Insurance.

Article 3. Motion made, seconded and voted to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1963, and to issue a note or notes therefor, payable within one year in accordance with General Laws, Chapter 44, Section 4, as amended, and to renew any note or notes as may be given for less than one year in accordance with General Laws, Chapter 44, Section 17, as amended.

Article 4. Motion made, seconded and voted to appropriate \$14,025.00 from E. & D. in anticipation of repayment by the Commonwealth of Massachusetts, for Chapter 81 work on the highways.

Article 5. Motion made, seconded and voted to appropriate from E. & D. in anticipation of repayment by the Commonwealth of Massachusetts and the County of Plymouth, for Chapter 90 work on West Main Street, the sum of \$8,000.00.

Article 6. Motion made, seconded and voted to appropriate from the E. & D. Account the sum of \$14,250. in anticipation of repayment by the Commonwealth of Massachusetts and the County

of Plymouth and the sum of \$750. as the Town's share for Chapter 90 highway work on Tiffany Road - East Street Bridge.

Article 7. Motion made, seconded and voted to appropriate from the E. & D. account the sum of \$945.00 for the purpose of hot topping the existing sidewalks at Norwell Center for a total distance of approximately one thousand three hundred and fifty feet.

Article 8. Motion made, seconded and voted to appropriate from the E. & D. account the sum of \$1,000. to be added to the Town Highway Account for mix and place surface on Prouty Avenue for a distance of one thousand feet.

Article 9. Motion made, seconded and voted to appropriate from the E. & D. account the sum of \$1,310.00 to be added to the Town Highway Account for mix and place surface on Duncan Drive for a distance of one thousand three hundred and ten feet.

Article 10. Motion made, seconded and voted to appropriate from the E. & D. account the sum of \$1,000. to be added to the Town Highway Account for mix and place surface on River Street for a distance of one thousand feet.

Article 11. Motion made, seconded and voted to postpone indefinitely action on grading and resurfacing with tar Green Street for a distance of 1,200 feet from Pleasant Street.

Article 12. Motion made, seconded and voted to indefinitely postpone action on Article 12.

Article 13. Motion made, seconded and voted to appropriate the sum of \$17,000. to purchase a four-wheel drive tractor loader with a back-hoe and to meet such appropriation by appropriating the sum of \$6,632.80 from the Road Machinery Fund, and \$10,367.20 from available funds, with the provision that this equipment be under the jurisdiction of the Highway Surveyor and shall be used by all departments having use for it instead of renting similar equipment. All unused monies appropriated for comparable rental equipment in Article 2 is to be turned back to the Town.

Article 14. A motion was made, seconded and voted to indefinitely postpone action on Article 14.

Article 15. A motion was made, seconded and voted to indefinitely postpone action on Article 15.

Article 16. A motion was made, seconded and voted to appropri-

ate from available funds (E. & D.) the sum of \$5,000. to be used by the Permanent Drainage Committee for the replacement of culverts, field engineering and other drainage work throughout the Town.

Article 17. Motion made and seconded to raise and appropriate or appropriate from available funds the sum of \$27,000. to install water mains of not less than six inches in diameter but less than sixteen inches in diameter in Old Oaken Bucket Road from the end of the existing main at the junction of Norwell Avenue, Central Street and Old Oaken Bucket Road to Cross Street. After much discussion, it was moved, seconded and voted to table Article 17.

Article 18. Motion made and seconded to appropriate the sum of \$27,000 to install water mains of not less than six inches but less than sixteen inches in diameter in Norwell Avenue from the end of the existing main at the junction of Norwell Avenue, Old Oaken Bucket Road and Central Street to the junction of Norwell Avenue, Lincoln and Grove Streets and to meet such appropriation by appropriating the sum of \$23,345.72 from available funds (E. & D.) and \$1,201.46 from the 1958 River Street Water Mains Fund and \$2,452.82 from the 1959 River Street Water Main Fund. After much discussion, it was voted to do this.

Article 17. A motion was made, seconded and voted, 178 yes, 103 no, to take article 17 from the table.

A motion was made, seconded and voted, 178 yes, 103 no, to take Article 17 from the table.

A motion was made, seconded and voted to raise and appropriate the sum of \$27,000. to install water mains of not less than six inches, but less than sixteen inches in diameter in Old Oaken Bucket Road from the existing main at the Junction of Norwell Avenue, Central Street and Old Oaken Bucket Road to Cross Street.

Motion made to reconsider Article 18 was ruled out of order by the Moderator.

Article 19. Motion made, seconded and voted to appropriate from available funds (E. & D.) the sum of \$3,000. to be added to the Developing Well and Well Fields Account to be spent to conduct tests on potential well or water source sites.

Motion made, seconded and voted to adjourn until Wednesday, March 14, 1962 at 7:30 P. M. in the same place.

NELLIE L. SPARRELL,
Town Clerk

ADJOURNED ANNUAL TOWN MEETING

March 14, 1962

The meeting was called to order at 7:40 P. M. with 227 registered voters present. Voted to admit Mr. and Mrs. Kelly, resident property owners of Prospect Street, who wish to speak on Article 28. Privilege granted.

Arthur Raymond, John Clark and Harold Dutton appointed tellers and sworn in.

Article 20. Motion made, seconded and voted to appropriate from available funds, (E. & D.) the sum of \$5,960. for the purchase of a two ton truck, or better, for use by the Tree and Moth Departments.

Article 21. Motion made, seconded and voted to appropriate from available funds (E. & D.) the sum of \$2,100. to purchase a new Police Department cruiser to replace the present 1961 cruiser.

Article 22. Motion made and seconded to accept Section 22D of Chapter 40 of the General Laws relating to the towing of improperly parked vehicles from municipal public ways. Motion made and seconded to lay this article on the table was defeated. Motion to reconsider was made and lost. Main motion was then voted, that is: to accept Section 22D of Chapter 40 of the General Laws, relating to the towing of improperly parked vehicles from municipal public ways.

Article 23. Motion made, seconded and voted to accept a portion of Brentwood Road as a Town way as laid out by the Selectmen in accordance with the description and plan presented at a hearing in the Cushing Memorial Town Hall and now on file in the Town Clerk's office, without appropriation.

Article 24. Motion made, seconded and voted to accept Beers Avenue as a Town way as laid out by the Selectmen in accordance with the description and plan presented at a hearing in the Cushing Memorial Town Hall and now on file in the Town Clerk's office, without appropriation.

Article 25. Motion made, seconded and voted to accept a portion of Ridge Hill Road as a Town way as laid out by the Selectmen in accordance with the description and plan presented at a hearing in the Cushing Memorial Town Hall and now on file in the Town Clerk's office, without appropriation.

Article 26. Motion made, seconded and voted to accept a portion of Millwood Circle as a Town way as laid out by the Selectmen in accordance with the description and plan presented at a hearing in the Cushing Memorial Town Hall and now on file in the Town Clerk's office, without appropriation.

Article 27. Motion made, seconded, but failed to carry, to accept an alteration of the layout of a portion of Winter Street as laid out by the Selectmen in accordance with the description and plan presented at a hearing in the Cushing Memorial Town Hall and now on file in the Town Clerk's office.

Article 28. Motion made, seconded, but failed to carry to accept an alteration of the layout of a portion of Prospect Street as laid out by the Selectmen in accordance with the description and plan presented at a hearing in the Cushing Memorial Town Hall and now on file in the Town Clerk's office.

Article 29. A motion made and seconded to extend the term of the General School Building Committee for one year. Thereafter the report of the General School Building Committee was read. After some discussion, it was moved to amend the main motion by voting to discharge the General School Building Committee and to establish a Permanent Building and Maintenance Committee, whose function shall be the planning, construction and recommendation of maintenance policy of all Town buildings, said Committee to consist of the present eleven members of the General School Building Committee, vacancies to be filled by appointments by the Selectmen.

The amendment was voted, and then the amended motion was unanimously voted.

Articles 30 through 37, Inclusive. Successive and independent motions were made, seconded and voted to indefinitely postpone action on each of these Articles.

Article 38. Motion made, seconded and voted to amend Article XIV of the revised By-Laws of the Town of Norwell as amended, to read as printed in a pamphlet entitled "Building Code of Norwell—Commonwealth of Massachusetts" and of which copies accompanied the Warrant. Motion to recommit for further study was defeated.

Article 39. Motion made, seconded and voted to amend Article VI, Section 1, of the revised By-Laws of the Town of Norwell by adding thereto the office of "Inspector of Buildings."

Article 40. Motion made, seconded and voted to amend the revised By-Laws of the Town of Norwell by removing from Article VI, Electrical Installations, Paragraphs A, B, C and D and redesignating said paragraphs as Article XIV, Section XII, Paragraphs A, B, C and D.

Article 41. Motion made, seconded and voted to further amend Article VI of the revised By-Laws pertaining to Electrical Installations, Paragraph D by removing therefrom the words "may be removed by the Selectmen for due cause" and substitute therefor the words "may at pleasure be removed by the Board of Selectmen."

Article 42. Motion made, seconded and voted to amend Article XV of the revised By-Laws of the Town of Norwell by revoking and striking out in their entirety the present Title and Section 1 to 3 inclusive.

Article 43. Voted to amend Article 43 by adding "providing these remunerations and expenses do not exceed the fees charged." A motion was made, seconded and voted to appropriate from available funds the sum of \$1,500. for remuneration and expenses of the Building Inspector providing the remunerations and expenses do not exceed the fees charged.

Article 44. Motion made, seconded and voted, 144 yes, 33 no, to amend its Zoning By-Laws as follows:

1. By amending Section III so that the first two paragraphs will read as follows:

The Town is hereby divided into seven classes of districts:
Residential Districts A, B and C
Business Districts A, B and C
Saltmarsh Conservation District

Residential and Business Districts are shown on "Zoning Map, Town of Norwell, September, 1959 as Revised August 18, 1960," which is filed in the Town Clerk's office and is made a part hereof.

2. By adding to Section III the following paragraph:

Saltmarsh Conservation District—The Saltmarsh Conservation District shall be the area along the North River from the River itself to the upland edge of the marsh as defined and shown on the 1915 Plan of the North River Authorized by Chapter 112, Resolves of 1914, William F. Williams, Chief Engineer, a copy of which is on file in the office of the Town Clerk and is made a part hereof.

3. By adding a new Section VIB as follows:

Section VIB

A. In the Saltmarsh Conservation District no structure shall be erected except non-commercial docks, catwalks, piers, wharves or floats, nor may any area within said zone be filled, drained, dredged or excavated.

PROVIDED, however;

B. The owner of any land located in this District, or his agent, may apply to the Zoning Board of Appeals for a special permit for the construction of any structure which would have been permitted on said land prior to the adoption of this Section VIB, or for filling, drainage, dredging or excavation. No permit shall be granted which will adversely affect the natural character of the area in which the land referred to in the application is located. No such permit shall be granted except after notice and hearing as is provided by law for the granting of variances. In addition, notice shall be given by registered mail to the Chairman of the Conservation Commission or his designated representative. The Conservation Commission shall file a report setting forth the opinion of the Conservation Commission as to whether or not the granting of a permit will be consistent with the natural character of the area and the aims and purposes of the Conservation Commission. If the Conservation Commission shall fail to file its report on or before the date set for the hearing on the permit, the Zoning Board of Appeals shall assume that the Conservation Commission has no objection to the granting of the permit, and the Conservation Commission shall have no standing to appear or be heard in any further proceedings relative to such permit.

Motion made, seconded and voted to adjourn until Thursday, March 15, 1962 at 7:30 P. M.

NELLIE L. SPARRELL,

Town Clerk

ADJOURNED ANNUAL TOWN MEETING

March 15, 1962

The adjourned Annual Town Meeting was called to order by the Moderator, with 332 voters present.

Article 45. Motion made, seconded and voted to appropriate from available funds (Excess & Deficiency) the sum of \$6,550. to add to the Conservation Fund under the provisions of General Laws, Chapter 40, Section 50, Clause 51 and Section 8C, as amended.

Article 46. Motion made and seconded that Zoning By-Laws be amended by adding a new business district, as printed in Article 46, Transcript of the Warrant. Amendment by Arthur DuLong suggesting specific and detailed measurements and distances with respect to locations of prospective buildings. On a point of order the Moderator ruled the amendment was out of order because no notice was provided to voters not at the meeting. After considerable discussion, the amendment to the Zoning By-Law was defeated on a rising vote, 127 to 145.

Article 47. Motion made, seconded and voted to indefinitely postpone action on Article 47.

Article 48. Motion made, seconded and voted to indefinitely postpone action on Article 48.

Article 49. Motion made and seconded to amend Article 49 by adding after " shall be entitled to two weeks vacation with pay" the words "and each employee who has worked for the Town an average of twenty or more hours a week for five consecutive years shall be entitled to three weeks vacation with pay." This motion was defeated by voice vote. Motion made, seconded and voted to change the By-Laws by striking out Section 1 of Article XVII and substituting in its place the following :

" Each employee, other than those employed by the School Committee and the Board of Public Welfare, who has worked for the Town an average of twenty or more hours a week for six months prior to June 1 of any calendar year shall be entitled to one week's paid vacation, and each employee who has worked for the Town an average of twenty or more hours a week for twelve months or longer prior to June 1 of any calendar year shall be entitled to two week's vacation with pay. The amount of vacation pay shall be equal to the average weekly earnings from the Town of the employee during the preced-

ing six or twelve month period whichever is effective in determining the vacation period. Such vacation to be taken during the period June 1 to December 31 of the respective year and in no instance shall vacation time be accumulative."

Article 50. Motion made, seconded and voted to appropriate from available funds (Excess & Deficiency) the sum of \$385.67 for unpaid expense account bills incurred in 1961 as follows :

Loring L. Wadsworth	\$234.54
Katherine R. Fuller	100.85
Paul W. Keefe	50.28

On a rising vote, only one person opposed the motion.

Article 51. Motion made, seconded and voted to authorize the Town Accountant to close out the unexpended balances of the following appropriations, the purpose of which has been completed.

1960 Town Garage Study Committee, Expense	\$85.00
1960 Police Department—New Cruiser	.85
1961 Fire Department—New Truck	560.64
1961 Highway Department—Snow Plow	55.00
1961 Highway Department—Hydraulic Tailgate and spreader	5.00
1958 Highway Department—Doris Ave., W. S. and Duncan Drive	3.50
1960 Highway Department—Drainage, Main St.	2.02
1959 Reg. Voc. Sch. District Planning Committee Expense	384.08
	<hr/> \$1096.17

Article 52. Motion made, seconded and voted that the Town rescind its action to the extent of \$100,000. for the loan authorized, but unissued, under Article 26, March 7, 1960, Senior High School.

Article 53. Motion made and seconded to appropriate from available funds the sum of \$86,000. to be added to the Stabilization Fund, as provided by the General Laws, Chapter 40, Section 5B. Mr. Repass spoke against the article and indicated that he would make an appropriate amendment after disposition of Article 59 at the time when Items 111-117 would be presented to the meeting for consideration. It was voted to take up Article 53 after consideration of Item 111-117 and after Article 59.

Article 54. Motion made, seconded but defeated by a vote 125 yes, 130 no, to instruct the Selectmen to install and maintain underground gasoline storage tanks on Town property and to maintain a supply of gasoline for all Town-owned vehicles and to instruct all elected and appointed Town officials and department heads that gasoline for Town-owned vehicles, must come from these tanks and to instruct the Town Accountant and Town Treasurer, that no bills for gasoline for Town-owned vehicles, except gasoline for these tanks shall be paid, except in extreme emergencies; the operation of this Town-owned gasoline supply to take effect when all departments are notified thereof by the Board of Selectmen that the system is in operation, but in no event later than July 1, 1962, and to appropriate from available funds the sum of \$4,700. for said purpose.

Article 55. Motion made, seconded and voted to indefinitely postpone action on Article 55.

Article 56. Motion was made and seconded, but failed to carry, to raise \$8,000. to be added to \$1,000. gift of Norwell Women's Club for tennis courts, to the School Committee. Motion made, seconded and voted to thank the Norwell Women's Club for its gift of \$1,000.

Article 57. Motion made and seconded that the Town vote to continue the Town Government Study Committee for additional study and to analyze the effect and value of its recommendations, acceptable to Town officials and boards, which were presented in the Committee's report to the Town in this the 1962 Annual Meeting. Said committee to present its recommendations at a special town meeting on or before October 1, 1962 and to report its written recommendations to the townspeople at least seven (7) days before said town meeting, and that the Advisory Board be authorized to make appointments to provide for replacement or resignations.

Amendment was made that the Committee be given power to make its own appointments. Failed. Amendment made, seconded and voted that the Moderator be given the power to make appointments. Vote passed 147 yes, 86 no. Amendment "subject to approval of the Committee" failed. FINAL VOTE: Motion made, seconded and voted that the Town continue the Town Government Study Committee for additional study and to analyze the effect and value of recommendations, acceptable to Town officials and boards, which were presented in the Committee's report to the Town in this the 1962 Annual Meeting, said committee to present its recommendations at a special town meeting on or before October 1, 1962 and to report its written recommendations to the townspeople at least seven (7) days before said town meeting, and that the Moderator be authorized to make appointments to provide for replacement or resignations."

Article 58. Motion made, seconded, but failed to carry, to approve analysis of the public records of the 1960 and 1961 property tax assessments and commitments under the direction of the Town Government Study Committee for the purpose of determining the value and effect of recent total reappraisal procedures with consultant participation and to appropriate the sum of three hundred and fifty dollars (\$350.00) for the public distribution of such analysis.

Article 59. Motion made, seconded and voted to postpone indefinitely action on Article 59.

Article 2. Items 111-117, inclusive, were taken up and motion made, seconded and voted to raise and appropriate the following amounts listed below :

Article 2.	Item 111.	General Control, Schools	\$13,366.00
	Item 112.	Instruction	347,121.00
	Item 113.	Operation	48,554.23
	Item 114.	Maintenance	11,395.00
	Item 115.	Auxiliary Agencies	56,491.00
	Item 116.	Out-of-State Travel	560.00
	Item 117.	Capital Outlay	3,600.00

Motion made, seconded and voted to take up Article 53. Motion made, seconded and voted to appropriate from available funds the sum of \$86,000. to be added to the School Funds, under Article 2, Item 112. Instruction.

Article 60. Motion made, seconded and voted to appropriate the 1961 Dog Tax Refund to the School Department Operation Account, in the amount of \$1,259.94.

Motion made, seconded and voted that it be spread on the record that the Town extends thanks to Mr. Paul Rasmussen, Mr. Paul Jevne and Mrs. Margaret E. C. Reeser, for their years of service to the Town on the Advisory Board.

Mrs. Gunvor Armstrong made a motion which was seconded and voted by a rising vote that the "1962 Town Meeting go on record to say 'thank you' to an elected School Committee official—Mrs. Nellie L. Sparrell—who has served this town for nearly half a century. (45 years)"

Article 61. Motion made, seconded and voted that the Selectmen be instructed, when preparing the Warrant for the annual town meeting for 1963, to serve notice that in case all the articles in the Warrant are not acted upon at the annual meeting called for the second

Monday of March, March 11, 1963, that the adjourned session shall be held on Tuesday, March 12, and if more time is needed, on Thursday, March 14 and Friday, March 15.

Motion made, seconded and voted to instruct the Selectmen to investigate Article 26 of the 1962 Scituate Town Warrant, which affects Norwell town ways, namely Winter Street, Cross Street, a portion of Main Street, and to take such action as to protect the rights, safety and privileges of Norwell citizens.

Motion made, seconded and voted to instruct the Selectmen to meet jointly with the Assessors and the Advisory Board before the Annual Town Meeting; and when the necessary figures are available, to discuss the appropriate figures which can be used for Free Cash and which can be given to the Advisory Board to use in their recapitulation.

Motion made, seconded and voted to instruct all town officials, elected or appointed, boards, committees and commissions reporting to a town meeting regarding subject matter requiring action by the voters at said meeting, that they shall provide two complete and final written copies of such reports at least 21 week days before any town meeting to the Board of Selectmen, who are hereby instructed to distribute copies of the report to each resident of the town at least seven days before town meeting.

Motion made, seconded and voted to instruct the Town Government Study Committee to print its report, which was delivered orally to the Annual Town Meeting and distribute same to all residents of the Town.

Motion made, seconded and voted to instruct the By-Law Committee to consider incorporating in our by-laws rules of ethical limitations, generally known as "conflict of interests," and if legally possible to include the following: "No officials, board or committee members are to accept any compensation of any nature for any services in any transaction, negotiation, agreement or contract directly or indirectly involving town responsibilities or expenditures excepting compensation paid by the Town for generally accepted official services."

Fish Rights were sold to Mrs. James D. Brokaw and Richard F. Pelton for \$3.00 each.

Thanks were extended to the School Committee for the use of the fine new auditorium of the High School.

The business of the Warrant having been completed, motion was made, seconded and voted to adjourn the Annual Town Meeting of the Town of Norwell, for 1962.

NELLIE L. SPARRELL,
Town Clerk

ANNUAL TOWN ELECTION

March 17, 1962

Pursuant to the Warrant, the voters met at the Elementary School on Main Street, Saturday, March 17th, 1962 for the Annual Town Election.

The Town Clerk delivered 2432 ballots, 2 ballot boxes, 3 sets of voting lists, tally sheets, master sheet and counting board to Ralph H. Coleman, Warden, who was in charge of the meeting.

The polls were opened at 12 noon and closed at 8 P. M.

Joseph M. Silvia, Moderator, opened the meeting and swore in the following Election officers: Ralph H. Coleman, Warden, John Lindsay, Deputy Warden; Roger Dangora, Clerk; Agnes Albert, Deputy Clerk; Irene MacDonald, Rosalind Whittemore, Inspectors; Carol Marsh, John Regan, Sr., Ruth Murray, Deputy Inspectors; Eleanor Benner, Julia Rosebach, Arline DiStasio, Alice Feneck, Donald Wiese, Catherine Leslie, Ann J. Valair, Phyllis Lindsay, Joan F. Fadden, Katherine Crandall and Barbara Farren, Tellers.

After all who had voted who wished, the 11 absentee ballots received were checked on the voting lists and the ballots deposited in the ballot box.

At the close of the meeting, the register on the ballot box was reconciled with the two voting lists.

The Warden's record is as follows:

Number of ballots received from Town Clerk	2432
Number of ballots cast in person	1354
Number of ballots absentee, cast	11
Number of ballots spoiled	3
Number of ballots counted	1362

Upon being canvassed and counted in open meeting, they were found to have been cast as follows:

NELLIE L. SPARRELL,
Town Clerk

SPECIAL TOWN MEETING

May 21, 1962

Pursuant to the foregoing Warrant, the voters met at the Norwell Senior High School, May 21st, 1962.

The meeting was called to order at 7:55 P.M. by the Moderator, Joseph M. Silvia, with 273 voters present. This number increased to 376 later in the evening.

It was voted to admit the following, who were not registered voters - Mr. and Mrs. Clapp of Hingham, with three others, two Assessors of Weymouth, and Mr. Frederick A. Small, Supt. of Schools. These people were seated apart from the voters. The Moderator appointed Harry L. Chase, Jr., George H. Whitcher, Jr., Arthur DuLong and John Wiley to serve as tellers and swore in same.

The Town Clerk read the call for the meeting from the Warrant, moved that reading of articles be deferred until taken up for action, which was voted; and the service of the Constable.

Article 1. Mr. McCarvell made the following motion: "I move that the town votes to have the Board of Assessors explain to the taxpayers, their proposed change to revalue the town to a full and fair cash value." This motion was seconded and carried by a voice vote. Mr. Allen, of the Assessors, explained the methods used by the board over the years. Mr. Crowley spoke and Mr. McCarvell offered an amendment, but was denied by the Moderator, who ruled that the subject of the amendment was taken care of under Article 3. It was moved, seconded and voted to table Article 1.

Article 2. Motion was made, seconded and after much discussion, voted by a voice vote "That the Town vote to instruct the Town Government Study Committee to study the State Assessing System, with the Department of Taxation and conforming towns and report their findings to the Town in the next Special Town Meeting."

Article 3. A motion was made, seconded and voted to amend Article 3 of the Warrant by deleting the words 'and the Assessors of all other towns.' A motion was made, seconded and after much discussion carried by a voice vote: "That the Town vote to advise the Assessors to continue the valuation principle used in the just completed revaluation program of 1961 until they receive signed official instructions, interpretations and definitions from the Department of Taxation in reference to lawful valuations."

Article 4. A motion was made and seconded "to instruct the Selectmen to install and maintain underground gasoline storage tanks on Town property and to maintain a supply of gasoline for all Town-owned vehicles and to instruct all elected and appointed Town officials and department heads that gasoline for Town-owned vehicles must come from these tanks and to instruct the Town Accountant and Town Treasurer that no bills for gasoline for Town-owned vehicles, except gasoline for these tanks shall be paid, except in extreme emergencies; the operation of this Town-owned gasoline supply to take effect when all departments are notified thereof by the Board of Selectmen that the system is in operation, but in no event later than November 1, 1962, and to raise and appropriate or appropriate from available funds the sum of \$3,000. for said purpose." The above article was amended by adding "All unused monies appropriated for gasoline under Article 2 at the 1962 Annual Town Meeting to be turned back to the town." Mr. Repass, of the Selectmen, spoke at length on the amended article, which was followed by many comments and questions from the planning board and individuals. By a vote of 85 for, 116 against, the motion was defeated.

A motion was made and seconded that in case we do not finish the Warrant tonight, the adjourned meeting be held next week Tuesday at the same time and place. A substitute motion was Voted that the adjourned session be held Tuesday, May 22nd.

Article 5. Motion was made and seconded that the Town vote to instruct the Permanent Building and Maintenance Committee to provide for the next elementary grades requirements by the Development of an addition to one of our present schools.

Mr. Whitcher, Chairman of the School Committee, gave the present enrollments and outlined what could be done to relieve the situation.

At this point the question of a quorum was raised. Upon being counted, it was found there were present less than 200, which constitute a quorum.

A motion to adjourn until Tuesday night, May 22, 1962 at 7:30 P.M. was made, seconded and voted, at 11:18 P.M.

NELLIE L. SPARRELL,
Town Clerk

ADJOURNED SPECIAL TOWN MEETING

May 22, 1962

The meeting was called to order at 8:30 P.M. by the Moderator, Joseph M. Silvia, with 157 voters present.

Edward Walsh, John Petze and Ralph Coleman were appointed as tellers and were sworn in. Harry L. Chase, Jr., appointed May 21st, still served as Chairman of Tellers.

A recess was declared when an effort to gain attendance of more voters was made. Upon reconvening, it was found 187 were present, still too small for our quorum, which is 200.

Mr. Repass made a motion, which was seconded "to adjourn the meeting until Monday, September 24th at 7:30 P.M. in the Senior High School."

Mr. McCarvell asked the Moderator to state the status of the votes taken at the previous meeting, in case of adjournment. The reply was that the action was not valid until the meeting is finished.

A rising vote was taken on the motion to adjourn. 115 to adjourn, 64 against.

NELLIE L. SPARRELL,
Town Clerk

NOTICE OF ADJOURNMENT

**MAY 21, 1962 SPECIAL TOWN MEETING
ADJOURNED TO MONDAY, SEPTEMBER 24, 1962**

7:30 P.M.

SENIOR HIGH SCHOOL

MAIN STREET

TOWN OF NORWELL

Commonwealth of Massachusetts

WARRANT FOR SPECIAL TOWN MEETING

Monday, September 24, 1962

To Be Held Immediately Following

**the Close of the Adjourned May 21,
1962 Special Town Meeting**

SENIOR HIGH SCHOOL

Plymouth, ss.

To either of the Constables of the Town of Norwell in said County of Plymouth and Commonwealth of Massachusetts.

GREETINGS:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Norwell, qualified to vote in elections and Town affairs to meet at the Senior High School in said Norwell on Monday, the twenty fourth day of September, 1962, at the time and place stated above, then and there to act upon the following articles, to wit:

Article 1. To see if the Town will vote to instruct the Selectmen to send a general letter to every voter describing the importance and duties of all appointed officials and including a form card to be returned by volunteers indicating their preference of service, or act on anything relative thereto.

Requested by the Town Government Study Committee

Article 2. To see if the Town will instruct the Selectmen to introduce the use of a multiple standardized petition form to initiate and process all complaints, inquiries and service requests directed to the various Boards, Committees and Town Officials and to establish the necessary procedures for prompt official actions and maintenance of records, or act on anything relative thereto.

Requested by the Town Government Study Committee

Article 3. To see if the Town will vote to instruct the Selectmen to appoint an office manager in no sense charged with the responsibilities of an Executive Secretary with formal training and general office supervisory experience with an overall staff appropriation to organize and supervise the general administration of the Town or act on anything relative thereto.

Requested by the Town Government Study Committee

(Explanation of responsibilities as outlined in the Committee's Preliminary Report - Page 15 - Section D - Special Town Meeting Warrant for Monday, May 21, 1962.)

Article 4. To see if the Town will vote the following By-Law: Board, Commission or Committee salaries voted at the Annual Town Meeting are to be established at an amount to compensate for the normal responsibilities of each office and extra compensation is allowable only for special projects considered by the Advisory Board and approved by the Town, or act on anything relative thereto.

Requested by the Town Government Study Committee

Article 5. To see if the Town will vote the following By-Law: The salaries of the individual members of any specific Board shall be fixed at equal amounts but with extra compensation to the Chairman not to exceed \$100 per annum, or act on anything relative thereto.

Requested by the Town Government Study Committee

Article 6. To see if the Town will vote the following By-Law: No Selectmen shall serve on any other Board or in any official position subject to the statutory investigative powers of the Board of Selectmen, or act on anything relative thereto.

Requested by the Town Government Study Committee

Article 7. To see if the Town will vote to establish the following rules and regulations for the Permanent Building and Maintenance Committee, or act on anything relative thereto.

1. All construction contracts are to be approved by Town Counsel and reported to the Board of Selectmen with contractors performance and financial responsibility data.

2. A registered architect must be employed on all construction projects exceeding \$10,000.

3. The Committee in their preliminary request for appropriation is to submit the architect's estimate of a minimum cost based upon sound construction and adequate use.

4. An experienced construction supervisor usually known as a "Clerk of the Work" shall be employed by the Committee and directly paid by the Town on all construction contracts exceeding \$50,000.

5. Quotations before authorization shall be submitted by the contractor for all change orders or so-called extras and such quotations shall be subject to the architect's estimate and acceptance and finally approved by the majority of the Committee.

6. No member of the Building Committee shall accept any compensation directly or indirectly on any Town building or maintenance contract other than salaries or commissions as a competitive supplier.

7. Committee members representing competitive suppliers are to have equal rights with representatives of all other suppliers but cannot participate in any Committee vote for product or service decisions and such votes are to be accomplished by secret ballot.

8. A monthly statement of total commitments on each project is to be submitted to the Town Accountant for comparison and analysis of the project appropriation.

9. A complete report is to be filed with the Town on the completion of each project including a basic cost breakdown, record and reasons for extras, construction and site problems encountered, basic plan of provisions for future expansion if so designed and a duplicate complete final set of plans and specifications.

10. The Committee is empowered to examine all public property for construction maintenance determinations and all Boards are to submit previous experience costs for budget requirements.

Requested by Permanent Building and Maintenance Committee

Article 8. To see if the Town will vote to purchase, arrange for an option to purchase or take by eminent domain 65 acres, more or less, from a parcel of land owned by Joseph F. Pilalas and Anna L. Pilalas at the northwesterly corner of Grove and Prospect Streets,

being all the land contained in said parcel excepting therefrom approximately two acres with the present dwelling thereon for school purposes, school playgrounds, and other municipal purposes and to raise and appropriate or transfer from available funds the sum of \$42,500 therefor or such other sum or sums as the Town may vote, or act on anything relative thereto.

Requested by the Planning Board

Article 9. To see if the Town will vote to purchase, arrange for an option to purchase or take by eminent domain 50 acres, more or less, from a parcel of land owned by Joseph F. Pilalas and Anna L. Pilalas at the northwesterly corner of Grove and Prospect Streets, being all the land contained in said parcel excepting therefrom a strip approximately 350 feet deep along Grove and Prospect Streets but retaining an entrance strip approximately 100 feet wide off Grove Street and a like entrance strip off Prospect Street for school purposes, school playgrounds and other municipal purposes and to raise and appropriate or transfer from available funds the sum of \$22,500 therefor or such other sum or sums as the Town may vote, or act on anything relative thereto.

Requested by the Planning Board

Article 10. To see if the Town will vote to purchase, arrange for an option to purchase or take by eminent domain 20 acres, more or less, from a parcel of land owned by Joseph F. Pilalas and Anna L. Pilalas at the northwesterly corner of Grove and Prospect Streets, said 20 acres being the southerly portion of said parcel but except for a strip approximately 350 feet deep along Grove and Prospect Streets but including an entrance strip 100 feet wide from Grove Street for school purposes, school playgrounds and other municipal purposes and to raise and appropriate or transfer from available funds the sum of \$11,000 therefor or such other sum or sums as the Town may vote, or act on anything relative thereto.

Requested by the Planning Board

Article 11. To see if the Town will vote to purchase or take by eminent domain a portion of a parcel of land owned by Nellie L. Sparrell and containing about 8 1/2 acres, bounded southerly by land of Elizabeth B. Power, Francis E. MacFarlane, other land of Nellie L. Sparrell, Herbert E. and Grace C. Joseph, other land of Francis E. and Marjorie G. MacFarlane and land of Thomas A. and Loretta M. McNiff; westerly by land of Elizabeth B. Power and land of Nellie L. Sparrell; northerly by land of Grace L. Sparrell, Ernest W. Jr. and Phyllis C. Haskins and Ruth S. Broughton; easterly by land of Richard A. and Mary E. Housley together

with a strip of other land of Nellie L. Sparrell 40 feet wide running from Main Street to the above-described and being the westerly line of said parcel and bounded westerly by land of Francis E. MacFarlane for municipal purposes and to raise and appropriate or transfer from available funds the sum of \$6,500 therefor, or such other sum or sums as the Town may vote, or act on anything relative thereto.

Requested by the Planning Board

Article 12. To see if the Town will vote to raise and appropriate or transfer from available funds the sum of \$3,800 for surveying, placing bounds and for testing of the Pilalas land, or act on anything relative thereto.

Requested by the Planning Board

Article 13. To see if the Town will vote to raise and appropriate or transfer from available funds the sum of \$600 for surveying and placing bounds on the land of Nellie L. Sparrell as described in Article 11, or act on anything relative thereto.

Requested by the Planning Board

Article 14. To see if the Town will vote to raise and appropriate or transfer from available funds the sum of \$1,200 for the purchase of one, new ten foot snow plow, reversible type, with front mount push frame, mounted on the Tree Department truck #5. Price to include plow, push frame and hydraulic belt-driven lift for plow, or act on anything relative thereto.

Requested by the Highway Surveyor

Article 15. To see if the Town will vote to raise and appropriate or transfer from available funds the sum of \$1,200 for the purchase of one used two-cubic yard, self-propelled street sweeper, or act on anything relative thereto.

Requested by the Highway Surveyor

Article 16. To see if the Town will vote to raise and appropriate or transfer from available funds the sum of \$2,850 for the purchase of a 1963 station wagon or \$2,500 for the purchase of a 1963 sedan to replace the present 1959 Police Cruiser, or act on anything relative thereto.

Requested by the Board of Selectmen

Article 17. To see if the Town will vote to authorize the Town Accountant to close out the unexpended balances of the following appropriations, the purpose of which has been completed, or act on anything relative thereto:

1961 Selectmen's Dept. — Road Layouts	\$ 20.22
1960 Town Hall and Annex — Parking Area	51.50
1958 Town Hall and Annex — Parking Space	164.70
1962 Police Dept. — New Cruiser	96.00
1962 Tree Warden — New Truck	2.50
1960 Highway Dept. — Drainage on Green Street	659.29
1962 Highway Dept. — New Tractor-Loader	590.31
1962 Memorial Day	49.86

Requested by the Town Accountant

You are directed to serve this Warrant by posting a copy thereof, attested to by you in writing, at each of five public places in the Town seven days at least before the time for holding the meeting called for in the Warrant. Hereof fail not, and make due return of this Warrant with your doings thereon to the Town Clerk of said Town on or before the twenty fourth day of September, 1962.

Given under our hands at Norwell this tenth day of September, 1962.

G. HERBERT REPASS, Chairman
EARLE F. ALLEN
CHARLES H. WHITING

A True Copy Attest:

I hereby certify that I have posted said Warrant in accordance with the Town by-law, and make this my return.

HARLAND W. FARRAR, /s/
Constable, Town of Norwell

Date: 9-22-62

The polls will be open from 12:00 o'clock noon to 8:00 P.M.

Hereof fail not and make return of this warrant with your doings thereon at the time and place of said meeting.

Given under our hands this twentieth day of August, A.D., 1962.

G. HERBERT REPASS, Chairman
EARLE F. ALLEN
CHARLES H. WHITING
Selectmen of Norwell

A True Copy Attest:

I certify that I have this day posted ten (10) warrants, according to a vote of the town and make this my return.

GEORGE F. CAVANAGH,
Constable

Date: 9-7-62

STATE PRIMARY**September 18, 1962**

The polls opened at 12 noon, with the following Election Officers in attendance:

Ralph H. Coleman, Warden; Roger Dangora, Clerk; Nellie G. Tarr, Asst. Town Clerk; John Piotti in charge of the ballot box.

MINNA R. SENGHER	Inspector
JOHN A. REAGAN, SR.	Inspector
MARGARET E. C. REESER	Deputy Inspector
CONSTANCE R. SAYRS	Deputy Inspector
RICHARD V. PELTON	Deputy Inspector
JULIA F. ROSEBACH	Deputy Inspector
JANICE LITCHFIELD	Deputy Inspector
GLORIA BRODERICK	Deputy Inspector

The Assistant Town Clerk swore the Election Officers to the faithful performance of their duties and the polls were declared open by the Warden.

The ballot box was empty and registered 00000.

The Asst. Town Clerk delivered the following to the Warden: 2 ballot boxes, 3 counting boards, 5 sets of voting lists, Democratic ballots, Republican ballots, tally sheets, a master sheet for tally of votes, envelopes for ballots cast and valise for ballots after counting. The warden delivered 2572 Republican ballots and 900 Democratic ballots to the ballot clerks.

At 6:30 P.M. substitution for new ballot box. First one filled at 00786.

The polls were declared closed by the Warden at 8:00 P.M. at which time the ballot box registered 1260.

After the closing of the polls, the Asst. Town Clerk swore in the following: Kathryn F. Leslie, Mary E. Alward, Eleanor J. Benner, Barbara A. Farren, Josephine A. Valair, Doris Irish, June E. McSweeney, Elizabeth Hallaren, Arline DiStasio, June Lepisto, Carol Marsh, Katherine E. Cranton, Tellers; and Agnes Albert, Assistant Clerk.

1260 ballots were taken from the ballot box, which corresponded with the ballot box register, which were found to be 356 Democratic and 904 Republican.

Upon being canvassed and counted in open meeting, they were found to have been cast as follows :

STATE ELECTION

NOVEMBER 6, 1962

Pursuant to the foregoing Warrant, the qualified voters met at the Elementary School cafeteria and held the Election of Federal, State and County officers.

At 5:55 A.M. the ballot box was examined and found to be empty and registered at 00000. The following election officers were sworn in by the Asst. Town Clerk, Nellie G. Tarr; John Piotti, on the ballot box, Julia Rosebach, Wilder Gaudette as substitute for Constance Sayrs, Janice Litchfield, John A. Reagan, Sr., Minna R. Senger, Gloria A. Broderick, Margaret E. C. Reeser, Carmella Molla, police matron, Ralph H. Coleman, Warden, Roger Dangora, Clerk, Edward F. Farmer.

The Warden declared the polls opened at 6 A.M.

The polls were closed at 8 P.M. at which time the ballot box register read 2296. Ballot box skipped twice, so correct reading was 2294. 34 absentee ballots were cast, making the total number of ballots cast 2328.

After the polls were closed, the following election officers were sworn to the faithful performance of their duty by the Asst. Town Clerk: Mary Alward, Barbara Farren, Nancy Pihlcrantz, Doris Irish, Carmella Osgood, Margaret DeFabio, June McSweeney, Marie L. Brookfield, Arline DiStasio, June Lepisto, Ann Valair, Elizabeth W. Hallaren, Kurt E. Sundwall, Carol Marsh, Helen Lincoln, Katherine Cranton, Catherine Edmonds, Barbara Cox and Agnes Albert. At 10:05 P.M. Mary Daly of River Street was called as an extra teller and sworn by the Warden, Ralph Coleman. The tally was completed at 7:30 A.M. on November 7, 1962.

Upon being canvassed and counted in open meeting, the votes were found to have been cast for the following persons:

SENATOR IN CONGRESS

Edward M. Kennedy	708
George C. Lodge	1554
Lawrence Giffedder	5
H. Stuart Hughes	43

QUESTION NO. 1

PROPOSED AMENDMENT TO THE CONSTITUTION

Do you approve of the adoption of an amendment to the constitution summarized below which was approved by the General Court in a joint session of the two branches held May 13, 1959, received 143 votes in the affirmative and 118 in the negative, and in a joint session of the two branches held March 29, 1961, received 144 votes

in the affirmative and 121 in the negative ?

YES	318
NO	1800
BLANKS	210

SUMMARY

The proposed amendment imposes no new taxes but gives the General Court the power to pass an income tax at graduated or proportioned rates and is a change in the constitutional limitations now in effect on the power of the General Court to pass tax measures. The proposed amendment would add a new Article to the Constitution of the Commonwealth by which full power and authority is granted to the General Court, in the alternative to the power and authority to tax incomes in the manner provided in Article XLIV of the Amendments to the Constitution, to impose a tax on incomes at rates which are proportioned or graduated according to the amount of income received, irrespective of the source from which it may be derived, and to grant reasonable exemptions, deductions and abatements. It further provides that any property the income of which is taxed under the provisions of the proposed Article may be exempted from the imposition and levying of proportional and reasonable assessments, rates and taxes as at present authorized by the Constitution, and that the Article shall not be construed to limit the power of the General Court to impose and levy reasonable duties and excises.

QUESTION NO. 2

LAW SUBMITTED UPON REFERENDUM AFTER PASSAGE

Do you approve of a law summarized below, which was approved by both branches of the General Court by vote not recorded ?

YES	315
NO	1741
BLANKS	272

SUMMARY

This act increases the compensation each member of the General Court shall receive for each regular annual session from fifty-two hundred dollars to sixty-seven hundred dollars and increases the additional compensation the President of the Senate and the Speaker of the House of Representatives shall receive from fifty-two hundred dollars to sixty-seven hundred dollars. The act also increases the additional compensation the floor leaders of the major political parties in the Senate and House of Representatives, the Chairman of the Senate Committee on Ways and Means and the Chairman and Vice-Chairman of the House Committee on Ways and Means shall receive from

twenty-six hundred dollars to thirty-three hundred and fifty dollars, and provides that a member of the General Court chosen to fill a vacancy, or who resigns his seat during a regular annual session, shall receive a per diem compensation at the increased rate of compensation for each regular annual session.

QUESTION NO. 3

A. Shall licenses be granted in this town for the sale therein of all alcoholic beverages (whisky, rum, gin, malt beverages, wines and all alcoholic beverages) ?

YES	1173
NO	911
BLANKS	244

B. Shall licenses be granted in this town for the sale therein of wines and malt beverages (wines and beer, ale and all other malt beverages) ?

Yes	1146

RECOUNT OF GUBERNATORIAL VOTES
CAST IN STATE ELECTION

November 6, 1962

Pursuant to orders from the Secretary of the Commonwealth, Kevin H. White, the Board of Registrars of the Town of Norwell, on Saturday, December 1, 1962, starting at 9 A.M. held a recount of the votes cast on November 6, 1962, for the office of Governor of the Commonwealth of Massachusetts.

Each block of ballots was opened, counted and re-sealed in the ballot envelopes.

At the finish of the recount, it was found that the votes had been cast as follows :

John A. Volpe	1602
Endicott Peabody	712
Henning A. Blomen	3
Guy S. Williams	1
Blanks	10
TOTAL	2328

This was a gain to Mr. Volpe of 8 votes from the original count and a loss of 8 votes from Mr. Peabody's original count.

Present and recounting were Charles G. Prouty, Chairman, Ruth M. Murray, Richard V. Pelton, and Nellie G. Tarr, Assistant Town Clerk, substituting for Mrs. Sparrell. Harland W. Farrar, Constable, was in attendance.

NELLIE L. SPARRELL

ADJOURNED SPECIAL TOWN MEETING

September 24, 1962

Pursuant to the foregoing Warrant, the Special Town Meeting, which was adjourned on May 22, 1962 to be reconvened on September 24, 1962, was called to order by the Moderator, Joseph M. Silvia, at 8:07 P.M. with 204 voters present. The Moderator appointed as tellers Harry L. Chase, Jr., Paul Jevne, H. William Cook and John Petze, who were sworn to the faithful performance of their duties.

Motion made, seconded and voted that non-voters and residents be admitted to the floor. These were seated in a section of front seats set apart from the voters.

The Moderator explained that the Town Clerk, Mrs. Nellie L. Sparrell, was absent from the meeting, due to illness, but that Mrs. William Tarr had been appointed by Mrs. Sparrell, prior to her illness, as Assistant Town Clerk and would therefore act in the capacity of the Town Clerk for the meeting.

It was moved, seconded and voted that the reading of the Warrant and the service thereof be omitted.

Article 5. Motion made and seconded that the Town vote to instruct the Permanent Building and Maintenance Committee to provide for the next Elementary Grades requirements by the development of an addition to one of our present schools. Mr. George Whitcher, Jr., Chairman of the School Committee stated that the School Committee favors a free-standing new school. Mr. Small gave figures on present and anticipated enrollment. Mr. Myrick suggested that action be postponed until information and figures were available for presentation to the Annual Town Meeting. After considerable discussion, the motion failed to carry.

Article 6. Motion made, seconded and voted to instruct the Permanent Building and Maintenance Committee to provide for the next Elementary Grades requirements by the development of a new Elementary School. This was carried by voice vote.

Article 7. Motion made and seconded that the Town vote to establish the responsibility for submitting at least three locations to the Town for approval with one of the following authorities: School Committee, Permanent Building and Maintenance Committee or the Planning Board. This motion was ruled out of order. Motion was then made and seconded "that the Town vote to establish with the Plan-

ning Board the responsibility for submitting at least three locations to the Town for approval as a school site." This motion was amended by adding "subject to the approval of the Permanent Building and Maintenance Committee and the School Committee." The amendment was carried by a standing vote of 91 yes and 87 no. The main motion was then voted as amended, so that the motion voted was as follows: "That the Town vote to establish with the Planning Board the responsibility for submitting at least three locations to the Town for approval as a school site, subject to the approval of the Permanent Building and Maintenance Committee and the School Committee."

Article 8. Motion made, seconded and voted to authorize the Permanent Building and Maintenance Committee to use the unexpended funds appropriated in Article 2 in the Special Town Meeting, September 21, 1959, for school study purposes to develop new school locations acceptable to the State Department of Public Health as required by the School Building Assistance Commission.

Article 9. Motion made, seconded and voted to instruct the Permanent Building and Maintenance Committee and the Tree Warden to study the advisability of placing responsibility for all outside public grounds with the Tree Warden and report their findings to the next Town Meeting.

Article 10. Motion made, seconded and voted to instruct the Permanent Building and Maintenance Committee to study the consolidation and expansion of present office facilities to provide adequate operational and record storage capacity for all officers, boards and committees and to report their findings and recommendations to the next Town Meeting.

Article 11. Motion made and seconded to establish a Public Works Coordinating Board without operational authority, consisting of three members equally compensated and without any other official Town responsibilities. Such coordinating board members to be nominated by the Moderator and approved by the Town, one member to serve for one year, one member to serve for two years, one member to serve for three years and such appointments to be followed by an Annual Town Meeting single nomination and approval to provide for expiring terms. This motion failed to carry.

Article 12. The Moderator read Article 12 to the Assembly. After considerable discussion, motion was made, seconded and voted that action be postponed indefinitely.

The business of the Warrant having been completed, motion was made, seconded and voted to adjourn the meeting at 2 minutes to 10 P.M.

NELLIE L. SPARRELL

Town Clerk

NELLIE G. TARR

Assistant Town Clerk

SPECIAL TOWN MEETING

September 24, 1962

Pursuant to the foregoing Warrant, the Special Town Meeting opened at 10:00 P.M. on September 24, 1962, with 219 voters present. Tellers, William Cook, Harry L. Chase, Jr., John Petze and Paul Jevne were appointed by the Moderator and sworn in by him. It was voted to admit non-voters to the meeting, seated separately from the registered voters.

It was moved, seconded and voted that the reading of the Warrant and return of service be omitted.

Article 1. It was moved, seconded and voted to instruct the Selectmen to send a general letter to every voter describing the importance and duties of all appointed officials and including a form card to be returned by volunteers indicating their preference of service.

Article 2. Motion made, seconded and voted to instruct the Selectmen to introduce the use of a multiple standardized petition form to initiate and process all complaints, inquiries and service requests directed to the various Boards, Committees and Town Officials and to establish the necessary procedures for prompt official actions and maintenance of records.

Article 3. Motion made and seconded to instruct the Selectmen to appoint an office manager, in no sense charged with the responsibilities of an Executive Secretary, with formal training and general officer supervisory experience with an overall staff appropriation to organize and supervise the general administration of the Town. Motion made and seconded to amend the main motion by inserting the words "and without previous town elected political responsibilities" after the phrase "general officer supervisory experience" and before "with an overall staff appropriation" so Article 3 as amended will read: "To see if the town will vote to instruct the Selectmen to appoint an office manager in no sense charged with the responsibilities of an Executive Secretary, one with formal training and general office supervisory experience and without previous town elected political responsibilities, with an overall staff appropriation to organize and supervise the general administration of the town." The amended motion failed to carry. The main motion was then voted and passed.

Article 4. Motion was made that the Town vote the following By-Law: Board, Commission or Committee salaries voted at the

Annual Town Meeting are to be established at an amount to compensate for the normal responsibilities of each office and extra compensation is allowable only for special projects considered by the Advisory Board and approved by the Town.

A motion to postpone indefinitely was seconded but failed to carry. Motion made, seconded and voted to amend by adding the words "beginning 1963." The amendment carried. The motion as amended was voted as follows: Board Commission or Committee salaries voted at the Annual Town Meeting beginning 1963 are to be established at an amount to compensate for the normal responsibilities of each office and extra compensation is allowable only for special projects approved by the Advisory Board.

Article 5. Motion made and seconded that the Town vote the following by-law: "The salaries of the individual members of any specific Board shall be fixed at equal amounts but with extra compensation to the Chairman not to exceed \$100. per annum." This was voted to be amended by adding the phrase "beginning at the Annual Town Meeting of 1963" after the words "shall be fixed" and before the words "at equal amounts" so that the amended motion was as follows: "The salaries of the individual members of any specific Board shall be fixed beginning at the Annual Town Meeting of 1963 at equal amounts but with extra compensation to the Chairman not to exceed \$100. per annum." The amended motion was voted.

Article 6. Motion made and seconded that the Town vote the following By-Law: "No Selectmen shall serve on any other Board or in any official position subject to the statutory investigative powers of the Board of Selectmen." This was voted to be amended by adding the phrase "after March of 1963" after the words "No Selectmen shall serve" and before the words "on any other Board" so that the amended motion was as follows: "No Selectmen shall serve after March of 1963 on any other Board or in any official position subject to the statutory investigative powers of the Board of Selectmen." The amended motion was voted.

Article 7. Motion was made and seconded to establish the following rules and regulations for the Permanent Building and Maintenance Committee:

1. All construction contracts are to be approved by Town Counsel and reported to the Board of Selectmen with contractors performance and financial responsibility data.

2. A registered architect must be employed on all construction projects exceeding \$10,000.

3. The committee in their preliminary request for appropriation is to submit the architect's estimate of a minimum cost based upon sound construction and adequate use.

4. An experienced construction supervisor usually known as a "Clerk of the Works" shall be employed by the Committee and directly paid by the Town on all construction contracts exceeding \$50,000.

5. Quotations before authorization shall be submitted by the contractor for all change orders or so-called extras and such quotations shall be subject to the architect's estimate and acceptance and finally approved by the majority of the Committee.

6. No member of the Building Committee shall accept any compensation directly or indirectly on any Town building or maintenance contract other than salaries or commissions as a competitive supplier.

7. Committee members representing competitive suppliers are to have equal rights with representatives of all other suppliers but cannot participate in any Committee vote for product or service decisions and such votes are to be accomplished by secret ballot.

8. A monthly statement of total commitments of each project is to be submitted to the Town Accountant for comparison and analysis of the project appropriation.

9. A complete report is to be filed with the Town on the completion of each project including a basic cost break-down, record and reasons for extras, construction and site problems encountered, basic plan of provision for future expansion if so designed and a duplicate complete final set of plans and specifications.

10. The committee is empowered to examine all public property for construction maintenance determinations and all Boards are to submit previous experience costs for budget requirements.

A motion was made and seconded to postpone indefinitely action on the main motion but this motion failed to carry. The original motion was voted and carried.

Article 8. Motion made that the town vote to purchase for use as a school site, town garage site and other municipal purposes, 65 acres more or less, from a parcel of land owned by Joseph F. Pilalas and Anna L. Pilalas at the northwesterly corner of Grove and Prospect Streets, being all the land contained in said parcel excepting therefrom approximately two acres with the present dwelling thereon, and to raise and appropriate the sum of \$46,000. therefor.

Motion made and seconded to postpone indefinitely action on the main motion, which carried.

A motion was then made, seconded and voted to reconsider this action.

Motion was then made and seconded to postpone indefinitely action on original motion. This motion was defeated.

A motion was then made and seconded to postpone action on original main motion until the Annual Town Meeting. This motion carried.

Article 9. Motion made and seconded that the Town vote to purchase, arrange for an option to purchase or take by eminent domain 50 acres, more or less, from a parcel of land owned by Joseph F. Pilalas and Anna L. Pilalas at the northwesterly corner of Grove and Prospect Streets, being all the land contained in said parcel excepting therefrom a strip approximately 350 feet deep along Grove and Prospect Streets, but retaining an entrance strip approximately 100 feet wide off Grove Street and a like entrance strip off Prospect Street for school purposes, school playgrounds and other municipal purposes and to raise and appropriate or transfer from available funds the sum of \$22,500. therefor.

Motion was made, seconded to postpone indefinitely the action suggested by the main motion. The motion to postpone indefinitely carried.

Article 10. Motion made, seconded and voted to postpone indefinitely action on Article 10.

Article 11. Motion made and seconded to see if the Town will vote to purchase or take by eminent domain a portion of a parcel of land owned by Nellie L. Sparrell and containing about 8-1/2 acres, bounded southerly by land of Elizabeth B. Power, Francis E. MacFarlane, other land of Nellie L. Sparrell, Herbert E. and Grace C. Joseph, other land of Francis E. and Marjorie G. MacFarlane and land of Thomas A. and Loretta M. McNiff; westerly by land of Elizabeth B. Power and land of Nellie L. Sparrell; northerly by land of Grace L. Sparrell, Ernest W., Jr. and Phyllis C. Haskins and Ruth S. Broughton; easterly by land of Richard A. and Mary E. Housley together with a strip of other land of Nellie L. Sparrell 40 feet wide running from Main Street to the above-described and being the westerly line of said parcel and bounded westerly by land of Francis E. MacFarlane for municipal purposes and to transfer from available funds the sum of \$6,500. therefor.

The Moderator stepped down from the podium after his statement

that he was representing Mrs. Sparrell, with reference to her personal affairs, and felt that he should not preside during the discussion of this article. No objection being raised, Mr. Frederick A. Small, a former Moderator of the Town, took the Chair and was sworn to his duties, until the final completion of the article.

Article 11. The main motion was amended to include the phrase "for a garage site" before the words "municipal purposes." A motion was then made, seconded and voted to postpone action on the main motion until the Annual Town Meeting in March, 1963.

Article 12. Motion made, seconded and voted to postpone indefinitely action on Article 12.

Article 13. Motion made, seconded and voted to postpone indefinitely action on Article 13.

Article 14. Motion made and seconded to transfer from the Highway Road Machinery Fund the sum of \$1,200. for the purchase of one, new ten foot snow plow, reversible type, with front mount push frame, mounted on the Tree Department truck #5. Price to include plow, push frame and hydraulic belt-driven lift for plow. Motion made and seconded to indefinitely postpone action on main motion, but this motion failed to carry. The main motion was voted and carried.

Article 15. Motion made and seconded to transfer from the Highway Road Machinery Fund the sum of \$1,200. for the purchase of one used two-cubic yard, self-propelled street sweeper. Motion made, seconded and voted to indefinitely postpone action on main motion.

Article 16. Motion made, seconded and voted to transfer from available funds the sum of \$2,850. for the purchase of a 1963 station wagon to replace the present 1959 Police Cruiser.

Article 17. Motion made, seconded and voted to authorize the Town Accountant to close out the unexpended balances of the following appropriations, the purpose of which has been completed:

1961 Selectmen's Dept. — Road Layouts	\$20.22
1960 Town Hall and Annex — Parking Area	51.50
1958 Town Hall and Annex — Parking Space	164.70
1962 Police Dept. — New Cruiser	96.00
1962 Tree Warden — New Truck	2.50
1960 Highway Dept. — Drainage on Green Street	659.29
1962 Highway Dept. — New Tractor-Loader	590.31
1962 Memorial Day	49.86

The business of the Warrant having been completed a motion made, seconded and voted to adjourn at 12:01 A.M.

December 28. Married in Norwell, Mass., James M. Blake and Elizabeth Hartmann, both of Bristol, Conn., by Charles A. Engvall, Clergyman.

INSTRUCTIONS ON RECORDING BIRTHS

PARENTS: Be sure to Record the Birth of your child, with given name in full.

The Town Clerk tries to have the record of births appear in the Town Report of the year in which the birth occurs. The Towns where the births occur depend on prompt returns from the hospitals, many of which are negligent in their duty to be prompt with returns.

All parents should file a report of birth with the Town Clerk's office as soon as possible after the birth occurs, then some pressure may be brought to bear on the hospitals and towns where births occur to forward birth certificates to the Town Clerk's office so that the record may be complete each year.

All births have been recorded for which this office has received certificates. Those not received in time to record in this Town Report will be recorded next year as Delayed Returns.

If your child's birth is not recorded herein, please notify the Town Clerk's office so that it may be followed up and birth records secured from the various towns and cities where births occurred.

READ THE LAW!

"Parents within forty days after the birth of a child, and every householder within forty days after a birth in his house, shall cause notice thereof to be given to the clerk of the town where such a child is born."—General Laws, Chapter 64, Section 6.

Some of the Many Reasons Why Births Should be Recorded:

- To establish identity
- To prove nationality
- To prove legitimacy
- To show when a child has the right to enter school
- To show when child has the right to seek employment under the child labor law
- To establish the right of inheritance of property
- To establish liability to military duty, as well as exemption therefrom
- To establish age and citizenship in order to vote

DELAYED RETURNS**1961 DELAYED RETURNS OF BIRTHS**

Kathleen Ann Kerwin

Born November 12, 1961, in Milton to William Francis Kerwin and Shirley M. (Caristi)

Patricia Margaret Gates

Born December 12, 1961, in Quincy to John Howard Gates and Anne Marie (Frame)

Holly James Kelly

Born December 13, 1961, in Quincy to Thomas Gerald Kelly, Jr. and Marjorie Ann (Steves)

Russell Jackman Gardner, Jr.

Born December 13, 1961, in Quincy to Russell Jackman Gardner and Doris Ellen (Smith)

ENROLLED MILITIA

According to Selective Service Regulations a boy should register for Selective Service within 5 days after his eighteenth birthday.

The Local Board No. 129, for this area, is located at 2004 Ocean Street, Marshfield, Mass. The office is open for registration Monday through Friday from 8:30 A.M. to 4:30 P.M.

A boy away from home, working or attending college, may report to the nearest Local Board Office for registration, giving his legal address, and the registration card will be mailed to the local board in Marshfield.

As of April 1, 1962, there were 1035 men between the ages of 18 and 45 eligible for Military Duty, residing in Norwell.

REGISTRATION OF VOTERS

Qualifications:

Any person who has lived in the Commonwealth of Massachusetts for one year, and in the Town of Norwell for six months, may register to vote.

Some evidence must be presented showing six months residence in Norwell, such as a receipted gas or electric light bill.

If a naturalized citizen, naturalization papers must be presented at time of registration.

Time to Register:

Beside dates set for registration, any qualified resident may register with the Town Clerk any weekday during the year, except Saturday, and those days during which registrations are closed by law.

On December 1, 1962, there were 2833 registered voters in the Town of Norwell.

REPORT ON STATE ASSESSING SYSTEMS

The town voted, in a Special Town Meeting on May 21, 1962, to instruct the Town Government Study Committee to study the State Assessing System with the Department of Taxation and conforming towns, and to report our findings to the town in the next Special Town Meeting.

Conferences have been held with the Executive officials of the Department of Taxation, department manuals have been obtained and studied, and we have visited the Assessors in several towns said to be operating on this system. These visits have been made during the day and in the evenings, involving about six hundred miles of travelling.

The Town of Norwell subscribed to the State Assessing System, but established little or no contact with the Department of Taxation. As a matter of fact, the Department, in answer to a letter offering their assistance, was informed by the existing Board of Assessors that they had no present need of their services. Under these circumstances, and with no experience of our own to work with, the Town Government Study Committee was compelled to obtain information from more co-operative boards in other towns.

The objective of the State Assessing System, as quoted from their manual, is: "Chapter 649 of the Acts of 1955 imposes the duty on the Department of Corporations and Taxations of establishing a uniform system for the assessment of property on the local level." The Act provides that the system shall be such as will be most effective in providing adequate maps for assessment purposes, in maintaining detailed and accurate records of each parcel of property assessed, and generally in producing uniform and equitable valuations and assessments throughout the Commonwealth in accordance with law.

The function of the Department of Taxation, in relation to the State System, as quoted from their manual, is: "However, the Department wishes to emphasize to all municipal officials and to the citizens of the Commonwealth generally that its role with respect to Chapter 649 is to assist, not insist. The installation of the system is an entirely local problem and must be requested by appropriate action of an annual town meeting in the case of a town, or of the City Council and Mayor, in the case of a city."

The policy of the Department of Taxation, in relation to the problem of assessing, as quoted from their manual, is: "The Assessors' most important concern is that all property subject to taxation shall bear its fair share of the tax burden."

As the tax burden, by law, is related to value, the determination of value is the fundamental consideration. This consideration is not primarily a matter of percentages of some selected value; it is a study of what is value. The importance of the percentage concept has been greatly exaggerated, for if applied uniformly it is without meaning or effect. The important and essential determination is what is "value" in matters of property taxation.

The Department of Taxation considers three methods of value appraisal. These methods of approach to value are comparison, capitalization and reproduction cost, less accrued depreciation.

The following is their opinion of the first method — the comparative approach, another name for the estimated or possible selling price:

"In the comparative approach, also called the market data approach, sales and other market data of comparable or nearly comparable properties are used in determining the value of an individual property. This method of appraisal does not readily lend itself to the mass appraisal system vitally necessary for assessment equality in Massachusetts cities and towns. The shortcomings of such a system are too few sales and invalid sales data, also, a similarity of parcels of real property is an individual opinion, inasmuch as no two parcels of real estate can have exactly the same size, shape, location and condition."

The Town Government Study Committee approves this criticism of a value established solely by a possible selling price. We consider it to be responsible for more assessment inequalities, and for these reasons:

1. It is too dependent on ever-changing market conditions.

2. It uses a value agreeable to a selective purchase, but ignores the opinions of many more potential buyers who refuse to pay a possible price. The opinions of the many prospects who will not buy at the quoted price, if anything, is a better estimation of the value, than the opinion of the buyer influenced by his own specific tastes and requirements.

3. It is a limited interpretation of "fair cash value" as there can be a wide spread between the selling price and the "cash value." The real cash value to the seller is what remains from the price after the deductions of all unavoidable expenses incidental to the sale, such as selling commission, legal fees, possible capital gains tax, moving expense, possible storage costs and the replacement of those unmovable furnishings which influence the selling price. Tax share inequities are unavoidable in the comparative selling price method, as these factors are not equal proportions of all sales prices.

4. Selling price valuation is based upon the presumption that every house could be sold at comparative prices established by very limited sales. This is not true. Obviously, the offering of more houses for sale in any community at the same time will depress all prices.

5. It assumes that selling prices are constant. This is not true. An owner may live many years in an area of declining value and pay high taxes for many years, but will obtain a low price at the time of the sale. This has happened in many areas. Many fine old homes taxed for high value for many years have finally sold at discount prices.

6. In effect, it creates a variable tax rate in each community. If a house in one section of the town is taxed higher than a similar property in a different location simply because it is situated in a specific area, then we have a violation of the principle of equal distribution of the tax burden. An owner on "B" Street should not have to pay a high tax for the use of a 20 x 30 living room than an owner on "C" Street with the same accommodations, simply because prices for homes for the time being seem somewhat higher on "B" Street.

7. It penalizes the owner protecting and improving the exterior and interior of his property, thus maintaining high resale value. It favors the careless or indifferent owner allowing his property to depreciate, resulting in a lower resale value.

Other examples could be given to demonstrate possible inequities, by using the so-called market or selling price valuations as the principal basis of taxation. In practice, a market assessment too frequently is only a rough approximation based upon a superficial examination of a possible price estimation to be paid by an imaginary selective buyer to a fictitious seller.

The second method considered by the Department is the capitalization or income approach.

"This approach is based on the theory that the value of an item of real property is no more than the monetary return expected from that property when placed in its highest and best use. The problem of obtaining income data and selecting a proper capitalization rate, as well as the entrance of such variables as economic instability, management, 'good will' into the appraisal makes this approach unsuitable for mass appraisal purposes." Again, we agree with the Department in the criticism of this method for these reasons:

Suppose an owner of a business offers very satisfactory service and has good patronage, and therefore enjoys an income, and we establish his tax on this basis. Now, suppose he loses key personnel, patronage falls off—which it can, for many reasons, and he loses

money or makes less. Do we reduce his tax? Are we taxing properties or business management?

We have income taxes to tax the profits of these enterprises. Is an owner's share of the cost of town government proportional to his ability and willingness to serve the public, often by his own personal efforts and ability? Must he pay a higher tax to the town because he is willing to work harder, longer and more courteously than a less profitable proprietor? Do we examine the profits that the electric and gas companies take out of Norwell, and establish their tax accordingly? Such a basis for the sharing of the burden of town government can hardly be considered equitable.

The third method, using replacement cost as the principal basis of value is considered most equitable by the Department of Taxation.

"The reproduction cost less accrued depreciation approach to value is best adapted to a mass appraisal program, since it is largely a factual approach. It does not depend on a large staff of highly trained appraisers and technicians, but rather on guides and standards based on such known data as labor and material costs."

Here we have the application of logic and reason, and the most equitable distribution of the tax burden, as long as we use property values as the basis of taxation. We approve of this method as it compares the usability of a home or any structure. It is free from the inequities of location, variable selling prices, care and maintenance, personal abilities, prejudices and impressions, and is based upon easily obtained comparative facts and uniformity of appraisal.

The principle is comparatively simple. A foundation square foot measurement of the house or building is taken, and from a table provided by the Department, a per square foot cost is applied to compute the basic comparative cost of reproduction. These square foot cost tables are provided for the basic types of houses, as influenced by size, and include data for secondary structures, such as porches and garages. To this basic cost of reproduction are added unit costs for extra facilities, such as additional bathrooms, etc., and the cost of missing, basic essentials such as central heating, etc., are deducted. The total is then subjected to a depreciation factor from a provided table.

Let us take a simple example. Suppose you own a Grade B house, 30 x 22, 1-1/2 stories with basement and two-car attached 24 x 20 garage, and with one bathroom; From provided tables the

Base price for this type house in this size is	\$19.31 sq. ft.
Insulation is an extra	.41 sq. ft.

\$19.72 per sq. ft.

You have 660 sq. ft. (30 x 22) at \$19.72 =	\$13,015.20
480 sq. ft. garage 3.32 =	1,593.60
Oil Burner	364.00
Fireplace	189.00
Tiling in Bathroom	270.00
Cost of Reproduction	15,431.80
Less 20 % Depreciation (If ten years old)	3,086.36
Comparative taxable value	\$12,345.44

With such basic reproduction costs, subject to additions, deductions, depreciation and possibly some secondary consideration of selling prices, we can expect equity.

Record cards are available to record the necessary data on each property and office clerks can carry out the computations. Here we have uniformity, factual comparisons and complete comparative recording.

Land is valued in a similar manner. All general types and classes of land are assigned unit costs determined by land values in the area. Then each plot is valued by multiplying the area by the classification unit cost and an addition is made for frontage footage on accepted roads. Record cards are also available for land valuations.

The towns we visited were approximately our size and all but one of these used this system with simplifying modifications. The State cards and tables include considerable specific details to provide for any preferred degree of valuation refinement. All, however, retained the fundamental principle involving the type of structure, size, basic unit costs with additions and deductions, and all found such considerations within the capacity and competence of their Assessors. The system seems most satisfactory to the taxpayers, even when reduced to its simplest form, as there were few complaints and very few requests for abatements in any of the towns we visited.

The Town of Rehoboth is an example of its effectiveness. Recently the town experienced a revaluation program by a reputable company and their methods and record cards were very similar to those recommended by the State Department of Taxation. There were very few requests for abatement and now the town has a complete record of every property, assessed and valued uniformly. New properties can be brought back to the same unit costs as were used during the re-

valuation program and the problem of assessing should be quite simple for the near future. They need only to be concerned with the changes made in the older properties and the assessment of the comparatively few new ones. This leaves the Assessors free to reconsider specific problem cases and rapidly changing land values and to perfect the techniques of continuity.

We recommend that our Assessors accept and use the general principles and procedures of the State Assessing System if this is possible, considering the condition of our own records, and for the following reasons :

1. The assessing section of the Department of Taxation is in the development state. Without question it shall be expanded and its services in the future should prove beneficial.

2. A state system can develop uniformity in assessing, wherein all towns can profit from the experience, accomplishments and mistakes of other communities. The system becomes a common denominator.

3. It can arrange for the appraisal of properties beyond the knowledge of the usual town Assessors, such as an industry, public utilities property or any unusual situation.

4. It eliminates the prejudices and weakness of any individual Assessor as the rules for appraisal are established and need only to be applied and not created.

5. It provides continuity uninfluenced by changes in elected officials as it is an established system of operation.

6. This division of the Department of Taxation can become the central agency for the distribution of accumulated experience information and from such information can advise, examine, improve, test and recommend any needed changes in our procedure.

7. The actual cost of participating in the State System is low, and the acceptance and use of the System's valuation methods should preclude any need of costly, overall revaluation programs by local Assessors or professional organizations.

1962 REPORT OF THE HIGHWAY SURVEYOR

To the Citizens of Norwell:

I submit my Annual Report for the year of 1962 concerning the activities of the Highway Department.

We started our maintenance work by cleaning the catch basins, gutters and waterways, and cleaning sand off corners and roadways. This work is done under Chapter 81, and a breakdown follows this report. I would like to say that we have had a great deal of sand to clean up because of the hard winter we had. This all takes time because we do not have a machine to do the work. Therefore we can only plan on picking up the sand where we are going to do surface treating, and of course the corners. If the townspeople wish to have a more complete removal of sand, more money will have to be included in the Budget. It has not been included in this year's Budget.

The Chapter 81 work is completed and was done under the direction of the Department of Public Works at the Middleboro office, as is all highway construction in Norwell, including the Southeast Expressway. It was through their cooperation that Norwell was able to reopen River Street after traffic had been detoured around Stetson Road since Spring.

It appears that by late Summer of 1963 the Southeast Expressway will be opened and this will leave us with two dead-end roads, Stetson and Pine. We will then have a Stetson Road and Pine Street running off River Street too. I mentioned in my 1961 report that it was my hope that either the service roads or the dead-end roads be renamed to avoid confusion, in case of an emergency. To date I know of no action on this matter. These roads, upon completion of the Expressway, will be turned over to the Town and included in our road system.

The Chapter 90 project on Main Street, that was scheduled to start at the Hanover town line at Jacobs Lake, never did materialize. It has been held up in the layout stage. The State was also delayed because of this trouble. This should be cleared up and on the drawing board as soon as we get the approval.

As you can see the year of 1963 will be a busy one for the Highway Department. The Chapter 90 funds for 1962 and 1963 will complete the reconstruction of Main Street from the Hanover line to South Street, barring any unforeseen delays. We will again

have the expert help of the Department of Public Works at Middleboro, along with the Plymouth County Commissioners who drew up the plans. The plans show all lots, lines of Public Ways, and is a plan that the Town couldn't have had done for less than \$5,000.

The special Articles that were approved at the last Annual Town Meeting were carried along as far as possible, with the money appropriated.

The sidewalk in Norwell Center was hot-topped.

The mix-and-place jobs of 2 1/2" were completed. River Street was completed from the W.B. Ford residence to the Wyllie residence - a distance of 2,205 feet. The surface on Prouty Avenue, 900 feet, and Duncan Drive, 1,500 feet, were completed in July. This year I am asking for funds to finish Wendall Avenue, Douglas Avenue and Leigh Road. This would complete the resurfacing of Jacob's Lake Shores roads, taking a total of three years. I am also asking for funds to complete River Street from the W.B. Ford residence to Norwell Center. The damage caused by the installation of water mains would be taken care of by this work, and we would also widen the road surface in front of the First Parish Church.

We took delivery on a new loader and backhoe last May and are very pleased with the machine. It has done more work for the Drainage Committee and the Water Department than it has for the Highway Department, but with a long Winter ahead I'm sure it will prove its value to the Highway Department. It will load sand, clear heavy snow and do just about any other job that might come our way. This machine has helped us put in approximately thirty-five water services for the Water Department. We also removed about 430' of pipe from the Pleasant Street Bridge section of the Southeast Expressway. The Highway Department and the Water Superintendent did this by working nights and Sundays while the Expressway contractors weren't there. We stockpiled the pipe for future use. I would like to mention here that having a Water Superintendent is a step in the right direction towards further departmental cooperation.

The Highway Department is still storing its equipment in a wooden building, 32' x 36', on Cross Street. We are paying \$600 a year for the use of this building. As much as space will allow, we keep all our tools and equipment there. It is very difficult to have equipment and materials stored in about six different places around the town, but because of the space problem it has to be done. The Highway Department does not even have a place of its own to store books, plans and other equipment. If and when we ever get a Town Garage I would suggest that it be located somewhere near the geographical

center of Norwell so that we may serve all sections of Norwell at the least possible cost.

I wish to express my sincere thanks for the cooperation of all the Town Officials, the various committees and Departments, and to the citizens of Norwell with whom and for whom I've had the pleasure of working this past year.

Respectfully submitted,

E. ARNOLD JOSEPH

Highway Surveyor

REPORT OF THE PLANNING BOARD

Board of Selectmen
Norwell, Massachusetts

Gentlemen :

The Planning Board has had an active year. In March, Theodore R. Love was elected to fill the vacant five year term and Richard A. Housley to fill the remainder of the term of Gilman Wales who resigned. George E. Joseph, Chairman, resigned from the Board on October 1, 1962. Ralph H. Coleman was elected Chairman and at a joint meeting with the Selectmen, Janice A. Litchfield was appointed to fill the remainder of Mr. Joseph's term which expires in 1963.

Subdivisions and the Subdivision Control Law

During the year the Planning Board has examined and endorsed approximately forty-five individual lot plans which were not subject to the subdivision control law. We have examined, revised, and in cooperation with other Boards and Committees, passed upon three preliminary plans of subdivisions. We have arranged and held public hearings, examined final definitive plans, and, working with other Boards and Committees having jurisdiction, have acted upon three subdivisions which have passed from the preliminary to the definitive stage during the year. Of these, two have been given final approval and one will have a public hearing in January.

There is now in the Town one subdivision containing fifty-three lots which is still in the preliminary stage; seven subdivisions containing 282 lots for which the final definitive plans have been approved and which are in various stages of construction; and one subdivision containing 22 lots, submitted for final approval in January.

This detail work, coupled with preparation, execution and release of covenants, construction agreements, and performance sureties for active subdivisions has occupied about three-quarters of the time available during the regular weekly meetings.

School Sites

The annual pre-school census and the accelerating growth of the Town show the need for additional classrooms at the rate of four or more per year, which must be met by additions to existing schools or by the construction of new schools. The only elementary school expansion presently feasible is the addition of six rooms at the Cole

School which would be outgrown before it could be completed. A new school site is mandatory and has been given the highest priority.

Several potential sites have been scrutinized to the best of our ability. Working with the School Committee and the Permanent Building and Maintenance Committee we have settled upon a site which we will present to the annual Town Meeting.

The General Plan calls for additional school sites which should be acquired in anticipation of need. We will continue to study and compare the predicted and actual growth of the town and will endeavor to present additional proposed school sites in the near future.

Town Garage Site

The Planning Board is of the opinion that whatever direction the development of the present Town Center may take, the presence there of the Town Garage will add nothing to it. It is a necessary adjunct to Town Government which would probably be objectionable wherever located unless sufficient space is provided for proper screening. One solution for this recurring problem will be presented to the annual Town Meeting.

Zoning By-Laws

Review of the Zoning By-Laws and their relation to the best interests of the Town must be made regularly. We are preparing for inclusion in the Warrant for the Annual Town Meeting articles which, based on experience to date, appear to be needed to clarify the Zoning By-Laws.

General

Other well-recognized needs of the town are plans for the acquisition of land for other town departments; enlargement or development of the present Town Hall and its parking area; and sites for recreational purposes.

The present growth of the town is by individual construction on present streets and by scattered subdivisions with no planned relationship, one to the other. This type of growth, replete with dead-end and non-connecting streets may be inevitable but should not be accepted without some study and attempted guidance.

Layouts for new connecting streets should be studied, layouts of County Roads should be made and objectionable curves in present roads should be eliminated on paper, though not necessarily on the ground, before the possibility for such planning is blocked or made inordinately expensive by new construction.

These and other problems demand the continuing attention of the Planning Board.

Respectfully submitted,

RALPH H. COLEMAN, Chairman
CHARLES W. BAYLEY, JR.
RICHARD A. HOUSLEY
JANICE A. LITCHFIELD
THEODORE R. LOVE, Clerk

Annual Report of the Civil Defense Agency

During the past year we were again alerted to a war scare which proved once more how inadequately we are prepared in Norwell for a serious war or natural disaster situation. With the exception of the Civil Defense Headquarters area in the basement of the Elementary School, which through the courtesy of the School Department is now being enlarged, we have no adequate public shelter areas.

Given any advance warning, the plans call for the immediate evacuation of the schools. Time not permitting the use of busses, the pupils are to head for home over the shortest route possible. This inevitably leads to the fact that individual homes should be prepared for emergency care of the family for a period of at least two weeks. Efforts have been made over the past few years to supply home owners with information as to adequate provisions being made for "home care." The food reserves in the Town are very limited as Norwell has no large stores. Our Civil Defense Medical Unit is being brought up to date but the supply of doctors and nurses in town during any emergency would be very limited. Efforts are being made to improve our "in-town" communications set-up which would have to operate from C.D. headquarters as the Communications Center in the Town Hall might well have to be abandoned because of inadequate shelter. Also, the Police and Fire network is County-wide and is very overcrowded during emergency situations.

The Auxiliary Police continue active in training programs and have assisted the Police and Fire Departments on many occasions during the past year.

The ambulance is proving a valuable asset to the Town and has made seventy-five runs during the year as well as having been called on a stand-by basis on numerous other occasions. The financial returns, to date, have proved slightly higher than the costs. "We are most grateful to Mr. Frank MacFarlane for permitting us to keep the ambulance in his garage on Main Street for the past year."

The Communications Center has again had a very active year and the operators have handled all emergency calls most expeditiously and capably. There can be no doubt of the tremendous value of this operation to the residents of Norwell as well as to many non-residents who have had accidents or illnesses in our Town. We are all greatly indebted to the operators who are doing such an excellent job, night and day, in maintaining this most vital service.

When things are rough, in storms, hurricanes, etc., we find that residents expect a great deal from such organizations as Civil Defense and our object is to be as capable as possible with a limited budget and a volunteer organization. If we were to be subjected to a war-caused disaster our problems would be overwhelming. We count on continued backing from the residents so that when "the chips are down" we can do as good a job as possible.

Respectfully submitted,
W. CLARKE ATWATER,
Director

REPORT OF THE DOG OFFICER

To the Selectmen of the Town of Norwell
Gentlemen :

I herewith submit my report as Dog Officer for the Town of Norwell for the year 1962.

Stray dogs picked up	12
Dogs disposed of and buried	3
Badly injured dogs picked up	3
Dead dogs picked up and buried	3
Complaints investigated	17
Dogs returned to owners	12

Please DO NOT FEED OR TAKE STRAY DOGS INTO YOUR HOME, if left alone they may return home. For all dog complaints call: 659-2314.

Respectfully submitted,
ROBERT L. MOLLA, SR.
Dog Officer

Report of the Conservation Commission

To the Citizens of Norwell:

At the Annual Town Meeting in March, 1962, the Town voted to accept a new Zoning By-Law establishing a Conservation District for the tidal marshes on the North River. Similar Articles were adopted in Scituate and Marshfield. We believe this action not only demonstrated the public concern for conservation but illustrates how such measures can protect the immediate interests of the public today, as well as for years to come.

This year, at the Annual Town Meeting, your Commission is asking for an appropriation to be made from the Conservation Fund to purchase some twenty-five acres of marsh and upland at King's Landing on the North River. It is hoped that a boat launching ramp and swimming area will be developed on the River, with parking and camping facilities provided on the upland acres. It is planned that use of this area would be restricted to Norwell residents only. State funds are available to defray 50% of the cost of purchase and development of this property.

For the past two years the town has wisely voted to appropriate the maximum amount allowed by the State (one-twentieth of one per cent of the town's Real Estate valuation) for the Conservation Fund. Once again we are asking for the maximum and hope that the voters will understand why it is to the town's advantage to appropriate this amount every year. For example, if the town had not voted the maximum amount for the past two years, we would not be in a position to ask the State for a fifty per cent return on the money to purchase and develop the property at King's Landing.

While final disposition of the Cohasset Naval Annex has not yet been made, we are confident this area will be taken over by the State Fish and Wildlife Department. This would mean that the 540 acres of Norwell land lying in the Annex at present would become part of a 3200 acre public wildlife preserve. Members of the Commission have attended numerous meetings throughout the year with representatives from Hingham, Cohasset and Scituate, relative to the disposition of the Annex. We are unanimously in favor of such a preserve and are actively supporting the Fish and Wildlife Department's proposal.

Mr. and Mrs. John Bond of Old Oaken Bucket Road have offered to give to the town a strip of land along First Herring Brook for Conservation purposes. The Commission has arranged for the

land to be surveyed and this strip will soon become the first part of a hoped-for green belt all along this brook as it flows through Norwell.

In the spring, the Commission plans to put up a picnic table, benches and trash containers on the small plot of land between Jacob's Pond and the Little League Field.

For one reason or another, the original seven-member Commission was reduced to two members earlier in the year, but it is now at full strength. We would welcome any suggestions or comments from interested citizens.

PLYMOUTH COUNTY AID TO AGRICULTURE
(Plymouth County Extension Service)

BY

Robert B. Ewing, County Agent-Manager

A review of last year's report would show that an attempt was made to answer the question - "What is the Extension Service?" The report stated that in 1914 Congress passed the Smith-Lever Law which clearly stated, that the Extension Service shall "aid in diffusing among the people of the United States useful and practical information on subjects relating to Agriculture and Home Economics, and to encourage the application of the same".

The Extension Service has always been known as "the educational arm" of the United States Department of Agriculture and the title "Cooperative Extension Service" is used because Federal, State and County Governments cooperate in furnishing this service to the citizens of Plymouth County. Each year agreements are written between the United States Department of Agriculture, the University of Massachusetts, and Plymouth County.

Since 1915, when the Plymouth County Extension Service was organized and established, educational information pertaining to Agriculture, Home Economics and 4-H Club Work has been given free to citizens of Plymouth County.

Although methods may change with the times, the basic job of the Extension Service remains the same, and that is, as the 1914 Law states, "to aid in diffusing among the people of the United States useful and practical information on the subjects relating to Agriculture and Home Economics and to encourage the application of the same".

The Extension Service office is located in the Court House, Brockton, Mass. and is staffed by agents who conduct programs in Agriculture, Home Economics and 4-H Club Work by furnishing educational information through farm and home visits, letters, newspaper articles, radio talks, meetings, office visits and telephone calls.

Federal, State and County government funds are used for conducting the Extension Service programs. Along with these funds, most towns in Plymouth County make an annual appropriation which is used for the general expenditures of the Plymouth County Extension Service. Town Directors are appointed in those towns where an appropriation is made. These Town Directors are unpaid volunteer leaders who serve as the Extension Service representative in their respective town.

All citizens should make full use of their Extension Service as it is supported by the Federal, State and County Governments. It should be remembered that while the Extension Service furnishes the information it is up to the individual citizen who receives this information to decide how it can be used to best advantage.

Requests for information can be directed to the Plymouth County Extension Service, Court House, Brockton, Massachusetts.

The Board of Trustees, appointed by the Plymouth County Commissioners, administer the Plymouth County Extension Service program and is composed of the following members :

MR. JOHN PRENTICE, Plymouth,
Chairman
MRS. ELVA BENT SWARTZ, Brockton
MR. LEWIS BILLINGS, Plympton
MRS. MABEL CHANDLER, Duxbury
MR. JOHN DUFFY, Halifax
MRS. GLADYS GIBBS, Hanover
MR. ROBERT HAMMOND, Wareham
MR. JOHN HOWE, West Bridgewater
MR. JOHN W. LITTLE, Marshfield

Report of the Fire Department for the Year 1962

The Board of Fire Engineers submit to the Board of Selectmen and the Citizens of Norwell the following report covering the activities of the Fire Department for the year 1962.

The Communications Center handled 2,297 calls for the Fire Department from January 1, 1962 through December 31, 1962. These calls consisted of the following :

Building Fires (includes electrical, chimney and burners)	37
Grass and Woods Fires	74
Dump Fires	16
Automobile Fires	7
Mutual Aid Received	7
Mutual Aid Given	17
Miscellaneous Fire Calls (includes standbys)	49
Smoke Investigations	55
Resuscitator Calls	9
Lost Persons	5
Fire Permits	1598
Miscellaneous Phone Calls	428
	<hr/> <hr/> 2,297

The Department this past year has added additional vital equipment to carry on its ever-increasing emergency needs.

We wish to thank the officers and men of the three companies for their time spent in training to keep the Department in its top efficiency.

Respectfully submitted,

WARREN P. MERRITT, Chief
LORING L. WADSWORTH,
Deputy Chief
T. CURTIS POWER
JOHN J. WINSKE, JR.
JAMES T. KING

Report of the Zoning Board of Appeals

Board of Selectmen
Norwell, Massachusetts

Gentlemen :

In February, 1962, Mr. Frederick R. Hart, Jr., Chairman of the Appeals Board, resigned when a business transfer made it necessary for him to move from Norwell. Mr. Stanley H. Richards then assumed the duties of Chairman, and Mr. Edwin R. Trafton was appointed to fill the unexpired term of Mr. Hart.

Although only six hearings were scheduled during the year, the Board had many other inquiries regarding variances.

Following are the hearings scheduled and the action taken on same:

1. Harold E. & Katherine Cranton
For permission to erect a dwelling on a lot having insufficient frontage. Petition withdrawn.
2. Campbell Brothers - Hilltop Service Station
For permission to construct an addition to present building. Petitioners failed to appear.
3. Skaidrete S. Brazelis
For permission to erect a dwelling closer to the way line than the Zoning By-Law allows. Petition denied.
4. Edith E. MacDonald
For permission to erect a dwelling on a lot having insufficient area. Petition denied.
5. Stephen Vlachos & Clyde Moran
For permission to utilize a lot having insufficient frontage. Decision pending.
6. Frank Gonsalves
For permission to place a dwelling on a lot having insufficient area. Decision pending.

Respectfully submitted,

STANLEY H. RICHARDS,
Chairman
EARLE M. NEWTON, Secretary
EDWIN R. TRAFTON
HENRY J. WALTER
H. JAMES GORMAN, JR.

REPORT OF SEALER OF WEIGHTS & MEASURES

To the Board of Selectmen :

Gentlemen :

Weights and Measuring laws have been strictly enforced throughout the year.

Inspections have been made of all stores frequently that have measuring devices. The buying public should at all times observe weighing and measuring devices while purchasing, and report any violations to me.

Reweighing of food put up for sale has been made by me on many occasions.

Oil in auto trucks needs attention, also coal in trucks. Pedlars must have licenses and this has been checked by me.

Following is an account of work performed by me and an account of fees collected.

Pedlars' Licenses Inspected	1
Weighing and Measuring Devices Sealed	70
Weighing and Measuring Devices Not Sealed	0
Weighing and Measuring Devices Condemned	0
Weighing and Measuring Devices Adjusted	2

Reweighing :

Total Tested	349
Total Correct	328
Total Incorrect	3
Total Overweight	18
Complaints Received	0
Telephone Calls Received	12
Scales Found Not on Zero After Sealing	3
New Work Performed	4
Sealing Fees Returned to Town Treasurer	\$62.85

Respectfully submitted,

JOHN D. DICKMAN

Sealer of Weights and Measures

REPORT OF THE NORWELL VISITING NURSE ASSOCIATION, INC.

To the Board of Selectmen :

The program from January 1 to December 31, 1962, has been as follows :

1. Home Nursing Care.
2. Well Child Clinics.
3. Hospital beds, crutches, wheelchairs, commodes, etc., made available to all the townspeople. No charge made for sickroom supplies.
4. An automobile for nursing service and for use by the School Nurse was available.
5. Maintenance of Health Clinics.
6. Charity.
7. Award of the Annual Nursing Scholarship in 1962 to Miss Sandra Erickson, who is training at the Children's Hospital in Boston, Mass.

Home Nursing Care is ably staffed by Miss Catherine Roe and Mrs. Ruth Lantery. Mrs. Doris L. Bartels resigned from Home Nursing work because she moved from Norwell. The board members feel very fortunate in having Mrs. Lantery take over the nursing care during Miss Roe's vacation, sick leave and assisting in the more active weeks of school.

The Well Child Clinic meets on the fourth Tuesday of each month at 1:00 P.M. Appointments are necessary. For information and appointments call Mrs. Harold King, OLdfield 9-2804. Dr. Alice Butler, Pediatrician, is assisted by Mrs. Harold King and Mrs. Francis Dyer. Mrs. James Robertson is Chairman of Transportation. Do make use of our clinic.

The Annual Membership Drive with Mrs. Theodore Dyer, Chairman, and Mrs. Harry L. Chase, Jr., Assistant Treasurer, in charge, brought a welcome response.

New equipment, both for the annual Rummage Sales and for sickroom needs, has been purchased. It includes one new, low hospital bed with mattress and side bars, mattress covers, crutches, one bedside tray with reading rack and one trapeze which is a "patient's helper."

Gifts of many useful articles have been received, including one used wheelchair and a new wheelchair, new canes and a covered

rubber cushion. All of these items are in almost constant use.

Four Board Members resigned this past year. They were Mrs. Philip Young, Mrs. Edward Keefe, Mrs. Thomas Barstow and Mrs. Ernest Haskins. Four new Members have been appointed to fill the vacancies until the Annual Meeting, when they will be voted in as regular members. They are Mrs. Gentry Clark, Mrs. Harry L. Chase, Jr., Mrs. Richard Gaudette and Mrs. James Robertson.

Extra retirement insurance for Miss Roe, and Mal-Practice Insurance, which will cover any nurse employed by the Visiting Nurse Association, has been acquired this year.

The officers and board members wish to thank all of the people who so generously contribute to our Rummage Sales and to the Annual Membership Drive. The amount of rummage material delivered to the "old shop" at Sparrell's ahead of these dates is a great help.

The Annual Meeting and Tea will be held at the Parish House in Norwell Center on Wednesday, March 6, at 2:30 P.M. Mrs. W. Clarke Atwater will be the Tea Chairman. Our speaker will be Dr. Marion Wier. Her subject will be "Project Hope in Asia," with pictures of the voyage of the S.S. Hope. All are invited to attend.

The Treasurer's Report, which follows, shows the sources of income and expenditures.

Anyone in need of nursing care, call OLdfield 9-2342 before 9:00 A.M. or before 1:00 P.M. For hospital equipment, call OLdfield 9-2894.

Respectfully submitted

GRACE L. SPARRELL, R.N.

President

REPORT OF THE INSPECTOR OF ANIMALS

Board of Selectmen
Norwell, Massachusetts

Gentlemen :

As Inspector of Animals for the Town of Norwell I have completed my duties for 1963 and report as follows :

Inspected barns and reported same to the State.

Reported to the Division of Livestock Disease Control the census of animals in the Town of Norwell.

Quarantined and released approximately twenty dogs.

Respectfully submitted,

RICHARD E. CUGNASCA, D.V.M.
Inspector of Animals

REPORT OF THE TREE WARDEN AND MOTH SUPERINTENDENT

To the Citizens of the Town of Norwell :

I wish to take this opportunity to submit the annual report of the Tree Warden and Moth Superintendent.

This year, as voted in the Annual Town Meeting, the Tree Department acquired a new truck. The truck was delivered in August and has worked very well in all respects. This truck is also used to plow snow under the supervision of the Highway Surveyor.

Seventy-five additional roadside trees were planted this year, ranging in size from small flowering species to the larger-growing types. There are plans for an increase in the planting program during the coming year.

Approximately fifty diseased Elms were removed from Norwell roadsides this year. Although control measures reduce the number of trees that are lost, there is no way to stop the infection of Dutch Elm Disease. Therefore, every Elm Tree in this area can succumb to this disease at any time.

Mr. John Burns, who has worked for the Tree Department for twelve years, retired this year. His services in the past were very much appreciated, and the town has lost a faithful employee. We wish him well in his retirement.

The North River Gardeners did their annual project at Gaffield Park this year. This consisted of clearing brush and removing dead trees. This work resulted in establishing an excellent pine grove in the park. There are plans for several picnic tables to be placed here. This is an excellent area for a family picnic, and is located in the section which is bounded by Forest Street, Forest Avenue and River Street. All residents of the town are invited to use this facility. The monies used for this work were furnished by the North River Gardeners.

In closing, I wish to thank the other town departments, all of which cooperated with the Tree Department.

Respectfully submitted,

WESLEY H. OSBORNE, JR.
Tree Warden and Moth Superintendent

REPORT OF THE BOARD OF WATER COMMISSIONERS

Board of Selectmen
Norwell, Massachusetts

Gentlemen :

The following is the Water Board Report for the year 1962.

During the past year the Water System has functioned in a satisfactory manner.

	1961	1962
Water pumped	90,000,000 Gals.	95,700,000 Gals.
Number of takers as of Dec. 31, 1962	848	901
Services Installed	45	51 By Town* 9 By developers
Pumping Stations in Operation	2	2

*Does not include services installed by developers to unoccupied houses.

At the 1962 March Meeting the Town voted under Article 17 to install a water main on Old Oaken Bucket Road. The installation proceeded with a minimum of expense, thus making it possible, with the use of new and retrieved pipe, to extend the new main beyond the planned termination point. Additional homes that were in desperate need of water were therefore connected to the system. In accord with the Water Main Extension Report submitted to the 1958 Annual Town Meeting, the Town voted, under Article 18, at the 1962 meeting to install a water main on Norwell Avenue. This work is substantially completed and is the second step or section of a loop connection designed to connect the existing main in Norwell Center with the mains in Washington Street at the intersection of Grove Street.

This loop installation is needed to effect a two-pipe feeder system and to deliver a greater volume of water to the western area of the Town. To continue this project according to the yearly schedule as indicated in the Report, the Board is submitting an Article in the 1963 Warrant for the laying of a main on Grove Street.

During the year approximately two thousand feet of water main was installed on Summer Street by a developer at no cost to the Town except for the cost of inspection and the furnishing of two hydrants. Such installations cut the general expansion cost and increases the area served by the system.

Testing for new water sources was continued during the year. This testing effort was for the most part conducted in the area north of Grove Street between Washington and Prospect Streets. Although additional testing is needed before a final determination can be made, it now appears that although there is a large water resource here, only the western section of the area contains additional potential water sources suitable for a public water system.

Also during the year a new well site north of Grove Street but remote from the existing Town well was tested and subsequently approved as a public water source by the Massachusetts Department of Public Health. The Board plans to submit an article at the coming meeting to ask for an appropriation to add to the existing funds for the installation of equipment to put the new well into operation.

The pipe connecting a building with a street main is called a service connection. Such a connection is installed by the Town each time a building is connected to the system. Until the past year the excavation for this work was done by hired personnel and equipment. However, during much of the past year the recently purchased Highway Department's combination tractor loader and backhoe, operated by their personnel, was used, thus facilitating the work.

We wish to invite any interested townspeople to our weekly meetings.

The Board wishes to express its appreciation to other Town Boards and Personnel for the cooperation they have given this Department during the past year.

Respectfully submitted,

JACOB LEE TURNER, Chairman

EDWARD F. WALSH

AUGUSTIN J. THIBODEAU

Board of Water Commissioners

REPORT OF THE BOARD OF ASSESSORS

During the past year further work has been done on the Equalization Program. Further study and evaluation of land values will be done.

As a note of interest indicating the increased amount of routine work in the Assessors' Office on Motor Vehicle business alone, the amount of Motor Vehicle Excise Tax assessed has increased yearly at the rate of 10%.

On March 17, 1962 Mr. John L. Crowley was elected to the Board of Assessors. On May 19, 1962, Mr. W. Clarke Atwater, the then Chairman of the Board of Assessors, resigned due to other commitments. On June 4, 1962, the combined Boards of Assessors and Selectmen voted to appoint Mr. Stanley N. Baker to the office of Assessor until the next Annual Election. On August 4, 1962, Mr. John L. Crowley was elected Chairman of the Board of Assessors.

The Board of Assessors wish to thank the citizens of Norwell for their patience and cooperation.

REPORT OF THE BOARD OF HEALTH

Board of Selectmen
Norwell, Massachusetts

Gentlemen :

We quote from last year's report of this Board: ". . . sooner or later Norwell will have to have a salaried Health Agent as do many of the surrounding towns. It is hoped that this change can be put off for a number of years as it will add materially to the cost of the department." The addition to the by-laws passed by the Town at a special Town Meeting on September 24, 1962, has forced this change upon us, effective as of January 1, 1963. The passing of this by-law made it impractical, if not impossible, for the Board to continue as it had in the past. It was necessary as of January 1, 1963 that the Board establish the position of "Health Agent" and find a competent person to fill this position on a part time basis at a salary we considered minimum yet adequate for the position. After due consideration the position was offered to, and accepted by, Loring L. Wadsworth, Board of Health Chairman. He resigned as a member of the Board and took over the duties as Health Agent as of January 1, 1963. He has carried out these duties effectively and efficiently and we feel fortunate that he accepted this position.

The new State Sanitary Code, which affects all Boards of Health throughout the state, has also changed many aspects of the Board's duties. The standards set forth in this code must be met with and rigidly enforced. This not only adds to the responsibilities of the Board, but also makes more urgent the necessity of a competent part-time Health Agent. There is little doubt that in the years to come this position will become even more important and that all too soon a full-time agent will become a necessity.

TOWN DUMP: For the first time in years we can report that the town dump is no longer a headache for the Board or for the citizens of Norwell. The reasons for this are two-fold. The attendant that we have at the dump is doing his job and doing it well, and he has received cooperation from the townspeople. The dump may never be written up as one of America's beauty spots, however, with effective rodent control programs, and good maintenance, we believe the dump may remain one of which the town may be justifiably proud.

FINANCIAL RETURN: As a town grows so grow its expenses. We believe this also has its bright side. Through money collected from sources such as clinics, licenses, permits, State re-

bates, etc., the Board of Health returned to the town treasury in excess of \$6,000. We consider this an excellent return as it represents about thirty per cent of our total budget.

In 1962, the Board met in the only space available, the cloak room. For those citizens who are not familiar with the layout, the Town Offices are on one side of this room, and the rest rooms on the other. It is hoped that before the end of 1963 a more suitable meeting place can be found, preferably one with chairs and a desk.

The Board performed its many functions in 1962 in its usual efficient manner. There seems no necessity for listing all these duties, as they have appeared in many previous reports. We would like, however, to call your attention to the successful polio clinics carried out during the year. In the words of that famous poet, Allan Sherman:

(to be sung to the tune of Aura Lee)

Every time you take vaccine, take it orally,
As you know the other way is more painfully."

Respectfully submitted,

KATHERINE R. FULLER
PAUL W. KEEFE

Town Treasurer

REPORT OF THE POLICE DEPARTMENT

Board of Selectmen
Town of Norwell

Gentlemen and Citizens :

We have experienced another year of increased calls for service and responsibility. Because of this and the thousands of hours of construction and other private details, I requested an examination for the addition of a sergeant to be made from existing personnel. This examination was given April 28, 1962. The Selectmen requested this appointment deferred until after the first of the year due to lack of funds.

Until now, I have made every effort to use the older members of the department on an intermittent basis in recognition of their faithful years of service. However, I feel we have reached a point where it is no longer practical. It is not fair to ask a man to work from 8:00 P.M. to 4:00 A.M. in the cruiser, with the possibility of a court case next morning, then go to his regular employment with little or no sleep. Therefore I am asking for the appointment of two regular men to supplant the part-time men doing regular patrol.

The Marshfield and Norwell Police departments, the last two in this area working 48 hours, are asking for a 40 hour—five day work week. We feel this is only fair and these hours are generally accepted in business. If this is voted, the police officer still will not be lucky enough to enjoy a weekend off, but must take the days the schedule will allow. This accounts for the appointment of one man.

Last year shows a contradiction of statistics. Our speeding complaints about doubled, but our automobile accidents went down from 70 in 1961 to 44 in 1962. (We have not had a fatal accident since 1960.) Our schedule of manpower now permits only one man in the car until 8:00 P.M., then two men until 4:00 A.M. As a result of these speeding complaints during commuter hours, I have requested another eight hours of patrol. This will put two men on the road at 4:00 P.M. in separate cruisers, until after the busy traffic hours. Then the men will ride together during the most dangerous hours, dividing again for the early morning traffic rush. By virtue of our proximity to the Metropolitan areas and their increased crime rate, I think it unwise and dangerous to continue with only one man in our cruiser from 4:00 A.M. until 8:00 A.M.

In summary, this proposal will add four men to the department. A 40 hour week will add one man. Using regular men instead of part-time men will add two more and increased coverage will add one more. Our budget of course, reflects these requests. It shows an increase of approximately \$17,000. At last year's rate this increase represents a little over one dollar on the tax rate. We who are charged with your safety hope you will allow us to supply this additional protection.

The following is a partial list of our activities for 1962:

Calls received	7,961	Arrests	85
Complaints	1,409	Court Appearances	202
Breaking and Entry	40	Court Complaints	110
Larceny	34	Insane Commitments	4
Prowlers	29	Missing Persons	29
Auto Accidents	44	Ambulance (Cruiser)	33
Stolen cars	9	Aid to stranded motorists	38
Recovered cars	37	Summons	145
Violations (4-way)	316	Family trouble	27
Defective Equipment	401	Accidental deaths	3
Mutual Aid	65	Suicide	1
Investigations	595	Emergency messages	59

Our sincere thanks to you and to all town departments for your cooperation and assistance.

Respectfully submitted,

KENNETH J. BRADEEN

Chief

REPORT OF THE BY-LAWS COMMITTEE

To the Selectment of the Town of Norwell:

Gentlemen:

The following is the report of the By-Laws Committee for the year ending December 31, 1962:

The By-Laws Committee does not, at the present time, anticipate submitting to the town a "conflict of interest" by-law, because of the enactment of state legislation which should effectively cover Norwell's needs.

The By-Laws Committee wishes to thank the many town officials who have helped us.

Respectfully submitted,

WILLIAM B. SOUTHWORTH,
Chairman
DAVID LEE TURNER, Clerk
HORACE ROSS
SANBORN VINCENT
ROBERT M. BRODERICK

REPORT OF THE BOARD OF PUBLIC WELFARE

Board of Selectmen:

Gentlemen:

The number of cases requiring assistance during 1962 was about the same fairly low average of the past few years. The requests under General Relief were very few and the payments small. Old Age Assistance cases decreased somewhat in number due to some cases being transferred to Medical Assistance. There was a decrease in the number of Aid to Dependent Children cases. For the second year we have not had any cases in the Disability Assistance category. This was the second full year that Medical Assistance for the Aged has been operating, and as we expected, there was a slight increase in the number of cases. This increase will probably continue for some time.

An increase in hospital and nursing home rates added greatly to our expenses during the past year and will continue to do so.

Due to an increase in reimbursement on Federal categories of assistance, we have been able to keep the actual expense to the town at about 16% of the total expenditure. For full details see Town Accountant's report.

APPROPRIATIONS AND RECEIPTS — 1962

Town Appropriation — Board Salaries	\$ 600.00
Town Appropriation — Aid	32,000.00
Balance all Federal Accounts Aid 1/1/62	36,018.24

REPORT OF THE VETERANS AGENT

Board of Selectmen
Norwell, Massachusetts

Gentlemen :

Chapter 115, G. L. Commonwealth of Massachusetts provides benefits for qualified veterans and their dependents.

Last year, 1962, thirty-nine applicants were processed by this department. Not all applications are necessarily of monetary nature. This department has assisted Veterans and their dependents with such problems as Veterans Benefits, admittance to Veterans Administration Hospitals, recovery of Veterans discharge and separation papers, Veterans pensions, widows pensions, disabilities, out of State bonuses, employment, and many other problems that Veterans have. There are almost 1,000 Veterans living in Norwell and as they get older they will become eligible for some kind of assistance.

In the past year, 1962, the Veterans Agent has received for the Town the maximum reimbursement from the State, 50 %.

The office of the Veterans Agent is not adequate for its present needs. It is presently being shared with another Town Department. Any agency that works with the welfare of other people should have the privacy of its own office and the proper facilities for keeping confidential records confidential.

To all Veterans in the Town of Norwell, please do not hesitate to call me on any problems pertaining to Veterans.

Respectfully submitted,

LEONARD J. COX

Veterans Agent

REPORT OF THE PUBLIC HEALTH NURSE

Board of Selectmen
Norwell, Massachusetts

Gentlemen :

Infant Welfare Visits	51
Antepartal Visits	15
Postpartal	43
Well-child Conferences	11
Immunization Clinics	12
Tuberculosis Follow-up Visits	1
In-service course in Tuberculosis	
Conferences with Public Health Officials	9

Respectfully submitted,

CATHERINE A. ROE

Public Health Nurse

REPORT OF THE INSPECTOR OF WIRES

Board of Selectmen
Norwell, Massachusetts

Gentlemen :

The Electrical Inspection Program has completed its first full year of operation. During this period, 176 Permits were issued and inspections made.

This important town service has been well accepted by the home owners and contractors, and we want to thank them for their cooperation.

There are many additional requirements in the new State Code that will be adopted this year. We urge that wiring permits be obtained before any electrical work is started. Inspections can then be made on time to insure compliance and to avoid delays or changes.

Permits and Fee schedules are available at the Town Hall.

Respectfully submitted,

RAYMOND A. HANSEN, Inspector
J. LEE TURNER,

Alternate Inspector

REPORT OF THE JAMES LIBRARY

To the Board of Selectmen
Norwell, Massachusetts

Gentlemen :

Norwell residents have shown continued interest in library activity during 1962, some with ideas for the Suggestion Box, some with both large and small gifts of time and money for new projects, and many, by their eagerness to take home the new books and their thoughtfulness in returning them promptly. Once again everyone joined the youngsters in enjoying the familiar Christmas tree as it expressed the friendly glow of James Library at the community center during the holidays.

Open some of each weekday, the Library serves many publics, school-age and older, through our two devoted librarians, Mrs. Edmund V. Anderson and Mrs. Gustave Roubound, who keep in the closest possible touch with reading tastes and research requirements. Books are lent for use at the schools and students continue to use the library facilities for study and for assigned work projects.

A survey, looking to the future, indicates the value of a new and expanded Children's Department to be located on the second floor and work is beginning, both there, and in areas to be freed, on the main floor. Important structural work on the exterior is completed and plans for brighter lighting and interior color are being carried forward as part of a gradual rearrangement. For special considerations in helping the Library we want to thank our librarians, willing repairmen, the Library Associates, the newly-formed Junior Associates and say an appreciative word, also, for the cooperation of town officials and our many borrowers.

Respectfully submitted,

QUENTIN L. COONS, Chairman
MILDRED T. HASTINGS, Treasurer
HARRIET L. MEYER, Secretary
WILLIAM C. BENNETT
CHARLES A. ENGVALL
James Library Trustees

REPORT OF THE INDUSTRIAL AND DEVELOPMENT COMMISSION

Board of Selectmen
Norwell, Massachusetts

Gentlemen :

Submitted, herewith, is the report of the Norwell Industrial and Development Commission for the year ended December 31, 1962.

Members of the Commission have met with representatives of firms or groups contemplating this town as a site for their businesses.

After having sought and considered advice from others as to the suitability of all areas of the Town which could be set aside for industrial purposes, our Commission, in cooperation with the Planning Board, recommended rezoning an area north of Grove Street and west of Prospect Street to the Hingham boundary line, for industry only. This area contains approximately 370 acres of what we consider the best available land for industrial development in the Town. This was turned down by the voters at the March Town Meeting. Since then, we have met with prospective business firms that would have considered the Grove Street area, but were not interested in Pond Street for reasons of drainage and other problems. We had no other sizable areas to offer.

The development of appropriate small industry in Norwell must be considered as a long-range program, for, with the small amount of suitable land available, we shall, unfortunately, have to wait patiently for other, more desirable areas in adjacent towns to be filled first.

The Norwell Industrial and Development Commission has been short one member for almost two years. We are still awaiting the Selectmen's action on this appointment.

The Commission wishes to publicly express its gratitude to Mr. Loring Jacobs for his assistance and advice when we have met with prospective clients.

Respectfully submitted,

HENRY ABRAHAMS, Chairman
JOHN E. ANDREWS, Clerk
CHARLES CROMBIE
DENNIS F. MEDEROS

REPORT OF THE TOWN FOREST COMMITTEE

The Town Forest of Norwell at the present time is not adequate. It consists of twenty-nine (29) acres split into three sections in various parts of the town, and in our opinion the acquisition of more land is imperative. Several hundred acres are needed for a town of our size, especially in view of the tremendous growth in population ahead.

The Committee solicits gifts of parcels from the citizens which could be used to amplify our present areas.

Respectfully submitted,

D. FRANK MEDEROS, Chairman
JOSEPH K. COLLINS
PAUL C. RASMUSSEN

REPORT OF THE WILLIAM J. LEONARD MEMORIAL LIBRARY

To the Board of Selectmen
Norwell, Massachusetts

Gentlemen :

During the year of 1962 the Library has endeavored to keep up with our rapidly growing population. We are doing the best we can in our very cramped quarters. The community has far outgrown the size of the library and a new building is definitely needed. The Library must move to larger, more efficient quarters, but where? We ask the townspeople to give this important matter their serious attention.

We want to thank the Norwell Women's Club for their gift of Science books, also others who have given books of great value. These books have added greatly to our reference shelves. More room is needed for the students to take advantage of them. The study area is tiny and very congested.

Many new books, both fiction and non-fiction, have been added during the past year. We have added many new titles from "Best Sellers" to "Classic".

We are especially indebted to Fire Department Company #2 for their numerous courtesies and services.

Mrs. Robert Carr and Mrs. Thomas Cann will be on hand to help all residents select books for pleasure or research. An invitation is extended to all to visit the library. Hours are Mondays from 2:30 to 4:30 P.M., Tuesdays and Thursdays 7:00 to 9:00 P.M., and Saturdays 10:00 A.M. to 1:00 P.M.

Respectfully submitted,

LORRAINE D. DUTY
MILDRED M. CARR

Trustees

REPORT OF THE PERMANENT DRAINAGE COMMITTEE

Board of Selectmen
Norwell, Massachusetts

Gentlemen :

We respectfully submit the following report of our activities for the past year.

The past year has seen a marked increase in both the number and size of subdivisions submitted to this board for action. These plans, while prepared by competent professional engineers and land surveyors, must be very closely checked for proper design, as the engineering firms are in the employ of the developer whose sole aim is to keep the costs of roadways, drainage and utilities at a minimum; thus, the firms are forced to design within a limit controlled by the developer, rather than limits based on proper design. The function of this committee is to safeguard the town, as subdivision streets eventually become our responsibility for maintenance and care. We must insure that systems installed within a subdivision are adequate, not only within themselves, but that they fit the overall picture as far as expansion and integration with our existing system, as well as with our future systems.

The work involved in checking these plans is technical and professional. In the past this was undertaken by those members of the committee whose experience and available time made this possible. Now, however, the workload is so heavy that the demands involved in this area pose a hardship. We are reluctant to award this work to engineering firms because of the costs involved; the standard hourly rate for this type of work is ten dollars an hour. Our annual allotment of funds would quickly be dissipated in this one field. We do feel that this problem must exist within other groups, such as the Planning Board, Water Board, Health Department and others. We therefore submit the problem to you at this time for your consideration and study. It is quite apparent that steps must be taken in this field to provide some form of engineering service to the Town, similar in nature to the function of the Town Counsel or Town Accountant. One central agency to provide engineering service must be provided in the very near future. This central control would serve also as a coordinating body between the various groups, such as Highway, Tree, Health, Water, Drainage, Building, Assessors, and Selectmen who have need of engineering advice and planning in many functions of

their work. To try to accomplish this on a "piecemeal" basis is far from the most economical or practical method. Now is the time to give thought and study to the possible solution of this soon-to-be critical problem.

Construction done during the past year includes the following :

High Street: A two-basin system was installed on High Street in the vicinity of the Cole School, and an outlet line extended through the school grounds to Hatch Pond. This eliminates a dangerous icing condition at the school and will also prevent washouts of the school lawn. This was undertaken in conjunction with, and at the request of the School Committee.

Mount Blue Street: Two cross culverts were replaced. These were old, stone box type culverts that had partially collapsed and were beyond repair. This type of work has a high priority as immediate repairs to existing systems are more economical than possible major expense should road washouts occur.

Tiffany Road: The existing system, installed in 1961, was extended in an easterly direction along the southerly side of the street, and two additional basins installed. The system was extended westerly along the northerly side of the street and pipe was installed. An outcropping of ledge was encountered and work was halted due to a lack of sufficient funds to remove the ledge.

We feel that our annual goal of \$5,000 for drainage work is an amount that can be handled by our Highway Department, in addition to their many other highway duties. When it is pointed out that the average subdivision today is spending about \$50,000 for drainage work within a development, then surely our \$5,000 per annum can be considered modest when applied town-wide.

This committee wishes to express its thanks to the other boards and officials for the fine spirit of cooperation shown it, and particularly to the Town Hall staff whose fine work makes our part-time efforts possible.

RICHARD E. SPLAINE, Chairman
E. ARNOLD JOSEPH
W. CLAYPOOL BENNETT
GERALD L. HATHORNE
WILLIAM R. RITCHIE, Clerk

REPORT OF THE SOUTH SHORE MOSQUITO CONTROL PROJECT

To the Citizens of Norwell:

Submitted herewith is the report of the South Shore Mosquito Control Project of its activities in the Town for the year ending November 30, 1962.

The Town of Norwell appropriated \$3850 for mosquito control in 1962. Along with this \$150 was appropriated for salt marsh maintenance. This money was used for mosquito control in the Town by the South Shore Mosquito Control Project, a cooperative effort embracing the City of Quincy and Towns of Braintree, Cohasset, Duxbury, Hingham, Hull, Marshfield, Norwell, Scituate and Weymouth. In addition the project worked under contract for the U. S. Naval Ammunition Depot for a period up to June 30th, ending our final contract before its deactivation.

TYPE OF CONTROL PROGRAM

The basic program of control continued to be based on drainage in the off-season and larvaciding of all areas found to be breeding during the mosquito season. This program was supplemented by application of D.D.T. dust to selected areas during the period when the swamps were frozen. Fog generators and mist blowers were used to combat flying mosquitoes.

ENCEPHALITIS

As a result of the dry weather and/or other factors not yet recognized, Eastern Equine Encephalomyelitis did not appear in humans in Massachusetts this past summer. However, since there is always a definite threat present during late summer and early fall, the period when Encephalitis is most likely to appear, the Project was in contact with the U. S. Public Health Service, Massachusetts Department of Public Health and other mosquito control agencies in a cooperative effort to recognize the danger signs so that work could be directed against the suspected species of mosquitoes.

AERIAL DUSTIN AND/OR SPRAYING

The spring dusting or spraying of all fresh water swamps known to be breeders and too large to be treated by hand was done. D.D.T. was used at the rate of a half to one pound per acre keeping well within the realm of safety to humans and wildlife. One hundred acres were treated in the Town of Norwell.

GROUND SPRAYING

The ground crews circulated on a schedule throughout their section. They varied from this circuit to treat in the vicinity of complaints, or to treat places found to be breeding by the superintendent or foremen's inspection. They then returned to their rounds.

CATCHBASIN SPRAYING

Catchbasin spraying was done with a motorcycle servicar, a compressed air sprayer mounted on the rear. Due to a reduction of summer personnel only one unit was operating this year. A dry summer enabled regular crews to treat basins in their assigned towns, thus enabling us to keep ahead of this type of breeding.

DITCHING

Drainage, always considered the keystone of mosquito control, is more than ever important as a result of a growing concern by certain groups over the use and buildup of insecticides and other chemicals in our wildlife areas. Over the years the ditching done by this project has greatly reduced the areas that need spraying or dusting of insecticides. On fresh water, only areas capable of mosquito breeding are drained, shallow stagnant pools. On salt marshes we attempt to keep all ditches clear of grass and mud to allow tidal water a free flow in and out, also to eliminate all brackish sheet water at upper ends of marsh where salt marsh mosquitoes will breed.

The largest amount of mosquito control can be reached with a good drainage program. With this idea in mind, we have proceeded in all areas possible to ditch. In the Town of Norwell 1350 feet of ditches have been reclaimed.

FOGGING

This past season the project has had in operation a Curtis Dyna Fog Insecticidal Fog Applicator. This machine emits a smoke containing small particles of insecticide. This smoke or fog drifts with air currents over the area, wiping out all mosquitoes and other flying insects present. This machine makes it possible to cover a large area and with insecticide particles being so small there is very little residue to build up in any one area.

PLANS FOR WINTER

Throughout the months, between the past and coming mosquito breeding season, much attention will be given to ditching. Work on the salt marsh will be done in the fall and early spring, and the colder winter months will be spent in the more protected areas.

In addition, when snow and ice conditions are right, pre-hatch dusting by ground crews, as was done in the past year, will be applied. The success of the past work along these lines makes it feasible to continue the program. All areas that were hand-dusted were free of mosquito breeding in most cases until mid-July.

PLANS FOR NEXT YEAR

All phases of the work carried out in the past will continue, placing emphasis on drainage for permanent control and then, in this order: dusting for pre-hatch control, spraying for larval control, mist blowing and fogging for adult control.

PROBLEMS TO BE SOLVED

N. A. D.

Since 1957 the project has been under contract to the U. S. Navy to do all phases of mosquito control in their Ammunition Depot, Hingham and Cohasset Annex. In June of this year, the Navy decommissioned this reservation, leaving a large area in the center of the project with no control. At present it is uncertain as to what will be done with this area. If the land involved should revert back to their former towns, Cohasset, Hingham, Norwell, Scituate and Weymouth, it will be necessary to up the assessments of these towns for mosquito control as with our present budget we would be unable to handle it.

NEED FOR NEW DITCHING TRACTOR

The project operates two pieces of tractor equipment on its drainage operation, an OC-6 scavel plow used for cleaning out existing ditches and an OC-4 backhoe trencher for making new drainage work. They have both been in constant use, one since 1955, the other 1957.

On ordinary dry trenching operations these machines might last a few more years. However, on mosquito control ditching the machine is constantly in water, mainly salt water, year round. Consequently because of rust corrosion, along with wear, they have reached a point where they must be replaced in order to maintain what has been accomplished and to continue the phase of machine ditching.

It would not be necessary to replace both tractors, as one tractor so constructed could receive and operate both a scavel and backhoe trencher. This would necessitate the need for just one tractor as both these are usually being used on the same job.

REPORT OF THE BUILDING INSPECTOR

Board of Selectmen
Norwell, Massachusetts
Gentlemen :

It is with pleasure that I submit the first annual report of the Norwell Building Inspector. Since this is the initial report, perhaps the duties should be restated here. The purpose of the inspector is to issue building applications and permits and inspect all building operations within the Town in order to enforce the laws and regulations relating to construction as specified in the Building Code.

We are fortunate to have a new Building Code which serves as a guide and source of reference for the proper methods, materials and practices for the construction trades. As the Town continues to grow and progress, this will aid in maintaining a high standard of quality in building, as well as protecting public safety and health.

Since we were starting fresh, it was necessary to set up new systems and establish rates and procedures. New permits and applications were devised to give more complete information applicable to new building operations.

A close liaison was developed, during this past year, with other Town Departments, whose work is allied to new building and construction, for a better understanding of the various problems involved.

The following is a summary of building permits issued during the year 1962 :

New Dwellings	58
Bank Buildings	1
Garden Apartments	2
Swimming Pools	3
Garages	16
Bomb Shelters	1
Alterations, Additions, and Out Buildings	40
TOTAL PERMITS ISSUED	121

All inspections were performed as required, after I took office July 20th.

I would like to express appreciation to the Board of Selectmen for this appointment and can sincerely say I have fully enjoyed the work, as my interest and livelihood is in the building field.

All town officials, boards, committees and builders have been most cooperative. A special vote of thanks to Mr. Harry Chase and Mrs. Emily Paradise for their valuable assistance.

Respectfully submitted,

CHARLES E. WHITE

Building Inspector

REPORT OF THE SCHOOL COMMITTEE

To the Citizens of Norwell:

After the March election the school committee organized as follows:

George H. Whitcher, Jr., Chairman
 Fletcher S. Boig, Vice Chairman
 Betty M. Cook, Clerk

The committee meets regularly on the second Wednesday of each month at the School Department Offices in the Junior High School. All meetings have been advertised in compliance with the Public Law 626 (so-called open meeting law). These meetings are generally attended by the press, advisory board members and a few interested citizens. Our elected committee, under a system of State Laws and Regulations, is in sole charge of the public schools of our town. It is a policy-making body with responsibility for supervision of the administration of these policies. We invite any interested citizen to attend our meetings.

Bids for materials, supplies, and/or services calling for expenditures of \$300.00 or more have been advertised for in sealed bids, which have been opened publicly at our regular meetings and the contracts awarded accordingly.

FIRE ALARM SYSTEM—GRACE COLE SCHOOL

Sewell Electric Co., Norwell

\$390.00

Only bidder. Awarded to: Sewell Electric Co.

In June of this year Mrs. Ella Osborn retired as Principal of the Norwell Elementary School after fifty years of teaching and administrative duties. We all extend to her our thanks for her excellent service and wish her every happiness in her retirement.

Two elementary teachers, Mrs. Miriam Lincoln, with 17-1/2 years of teaching in our system, and Mrs. Hazel Johnson, with 15 years of teaching in our system, retired in June. We likewise extend our thanks to them for their devoted service and a hope for a happy retirement. Another teacher, Mrs. Laura McKenney, with 14 years of service in our system, moved to New Hampshire. We will miss her also, and wish her the very best in her new surroundings.

The most discouraging news to come before the committee this year was the formal answer from the State Board of Education, denying the dissolution of Union #13 Superintendency, consisting of Norwell, Hanover, and Hanson. The state feels that Norwell and Hanover are large enough towns to warrant a superintendent of their own, but that Hanson is not of defensible educational size. Hanson and Whitman are together in a regional high school. If the union were dissolved Hanson would be hiring a superintendent for only grades 1-8. The state does not want elementary superintendents, and it is their policy not to approve the forming of such units. The State has suggested as a plan of action to have Hanson and Whitman regionalize from grades 1-12. Neither Hanson nor Whitman wish to do this. We have had several meetings with legal advisors. Deputy Commissioner William Young, Mr. William Wallace, Legal Counsel for the State Board of Education, and have even made a personal appeal before the State Board of Education in Boston. We are still denied the dissolution to date.

The three towns must, therefore, abide by the laws presently existing. In July the towns elected Mr. Ralph Sturke to be the new Union #13 Superintendent. Actually the three towns will be operating under the direction of three associate superintendents, with Mr. Frederick A. Small administering the schools in Norwell, and Mr. Albert E. Kiernan administering the schools in Hanson. Mr. Sturke will have the dual responsibility of supervising the schools of Hanover and general responsibility in relation to the Department of Education.

The Union Committee has not given up hope and in November of this year they filed a special act in the Legislature to allow dissolution. We have solicited the help of our legislative representatives and we sincerely hope that this problem of dissolution can be solved through

these channels in the next few months.

At this time we would like to pay tribute to Mr. Clifton Bradley who retired as our Union Superintendent on September 15, 1962. He has done a faithful and efficient task, and we hope that he may have a long and happy retirement.

With Mr. Small's increased duties as associate superintendent of our schools, the committee voted to have Miss Elizabeth Farrar become Acting Principal of the Junior High School, as of September 1962. On January 1, 1963 she will become the full Principal of the Norwell Junior High School.

A new change has been incorporated in our elementary schools this year. Mr. William Hays is the principal of both the Grace Cole School and the Norwell Elementary School and is coordinating the curriculum of the two schools. Mrs. Grace Alvey is supervising the special help and remedial reading problems of both schools. These two are doing a superb job and are to be commended on their fine work. Mr. Hays has formulated an in-service training program for the elementary school teachers, meeting one day a month. There is a definite goal to this program to help the experienced teacher as well as the new teacher, to develop many new teaching skills.

Norwell High School is just starting its second year of operation. This building which embraces many modern features has proved to be one of the best in this area. Under the direction of Mr. Jackman and his staff the high school is beginning an evaluation of Norwell High School through the New England Association of Colleges and Secondary Schools. This evaluation will show our strong points as well as our weak ones, and will certainly give us every opportunity for praise, for improvement and for accrediting purposes. We wish to thank Mr. Jackman and his staff for the long after-school hours they have put into this effort, and for the vitality and interest shown in this important step for our high school.

The Permanent Building and Maintenance Committee has finished getting the high school athletic grounds completed this spring. Because of the late date and the late seeding of the grounds, it was necessary for us to postpone the beginning of a football program until the fall of 1963.

Athletic fields for all our schools, and especially at the high school, will continue to be a problem, both in the matter of space and maintenance. It is false economy to put money into the development of fields if they are not to be maintained properly. The committee is anxious to hear the report of a study being made by the town to determine if the town land areas and fields of this kind should be

maintained under one department. If it is not, it will be necessary for the committee each year to put into the budget more appropriations for the proper maintenance of these fields and grounds.

This committee, in close cooperation with the Planning Board and the Permanent Building and Maintenance Committee, is in the process of finding a site for our next elementary school. This school will be located in the Grove St. - Prospect St. area. Our school projection figures show that the pupil population is heavily concentrated in this area. Preliminary educational specifications will be forwarded to the Permanent Building and Maintenance Committee for their observation and study. It is the hope of the committee that favorable action can be taken on this school at the annual town meeting in March, so that the school can be completed by September 1964, or our space problem at the elementary level will be critical.

Legislation was passed this year to raise the minimum salary of teachers, as of January 1963, to \$4,500, and it was necessary for us to raise our minimum salary schedule. At this time it was decided to make an across the board raise of \$100 to all teachers in the system, effective January 1, 1963. The Teachers Club proposed a schedule to the committee, effective September 1, 1963. After careful consideration, it was voted :

1. A \$100 increase across the board for every qualified teacher, thus raising the minimum salary for the bachelor's degree to \$4,600.
2. The fifth increment to be \$400, automatically increasing the maximum to \$6,800 on the bachelor's level.
3. All teachers to go onto the step they belong immediately by eliminating the limitation.
4. A third sub-schedule for the Master's plus thirty semester hours.
5. Increase in steps in Masters and Masters plus thirty sub-schedules to twelve steps.

Teacher's salaries throughout the state have increased in general, and our new salary schedule must be realistic if we are to compete with surrounding towns.

Starting in January we will incorporate some Adult Academic Courses for Norwell citizens. This will be a self-supporting program with a small registration fee. Literature, language, and commercial courses will be offered. This is the first time our town has offered courses of this kind and it is hoped that many will take advantage of this opportunity.

Our committee has seen great improvement in our schools over the last year. We feel it is the direct result of the close contact and efficient manner in which Mr. Small, our associate superintendent, has asserted himself in taking over the job formerly done by Mr. Bradley. The orderly change from one man to another has been handled with the minimum of confusion, and we are grateful for Mr. Small's ability in handling this difficult assignment.

In closing we would like to say we wish Mrs. Nellie Sparrell, our former school committee member for so many years, the very best of health and happiness. She has been a help and a guide to so many of us in our task of performing our school committee responsibilities.

We also wish to thank Dr. William G. Vinal, a former member of our committee who retired in March, for his past services to this committee.

We thank all who have contributed to the interest and support of a successful year.

Respectfully submitted,

School Committee Regulations

A child to enter Grade 1 must have been 5 years old before the previous January 1.

No child under 7 years of age will be admitted to school for the first time after October 1 of any year.

A child entering school for the first time is required to present to the teacher a birth certificate and vaccination, or exemption from vaccination certificate. Exemptions must be renewed every six months.

Signal For No Sessions of School

Signal 7:00 A.M. on the Fire Whistle (One long whistle).

"No School" signals will be broadcast from WBZ, WBET, WHDH and WEEI between 6:00 and 8:00 A.M.

Schools will close in extremely bad weather, but each parent must decide, depending on the conditions of distance, amount of waiting for the bus, protective clothing, etc., whether or not to send children in stormy weather when schools are in session.

Work Certificates

Work certificates are necessary only for persons under 18 years of age and are issued at the office of the Associate Superintendent of Schools and at the Senior High School. When possible, the school office should be used. A birth certificate or other legal proof of age

is required to be shown.

Work certificates for children 14-16 years of age for employment out of school hours are secured at the schools only or, during the summer, from the office of the Associate Superintendent of Schools.

February 18-22	Winter Recess
April 12	Good Friday
April 15-19	Spring Recess
May 30	Memorial Day
June 21	All Schools Close

REPORT OF THE ASSOCIATE SUPERINTENDENT OF SCHOOLS

To the Norwell School Committee :

Herewith is submitted my first annual report as Associate Superintendent of Schools for the Town of Norwell.

The public schools of the Town continue to offer an excellent program of education to its young citizens. This fact of excellence is a result of the efforts of many people; the teachers who in daily contact with classes motivate and implement the learning process, administrators who plan and schedule and supervise the teaching-learning activities, staff specialists who increase the scope of educational offerings, and the citizens who make the total program possible with their moral and financial support.

Elementary education is engaged in a continuing program of up-dating and improving curricular offerings at that level. Examination, evaluation, and revision of courses of study have been, and continue to be, projects in which teachers and administrators are constantly engaged. "After-school" sessions late in the afternoon are devoted to in-service activities directed in purpose toward the

improvement of instruction. Demonstration lessons are taught by various teachers in a simulated classroom environment, following which all teachers in attendance share in a review of the experience and mutually benefit from a free exchange of philosophies, ideas, methods, and techniques. Mr. William Hays, Principal of both the Cole and Norwell Elementary Schools, has continued and expanded the sound and progressive administrative practices initiated by Mrs. Perry Osborn who retired from the Elementary Principalship at the conclusion of the past school year.

The Norwell Junior High School, in these important, transitional years, has placed emphasis upon the improvement of study habits, the correlation of English with other subject matter, and the introduction of a complete program in developmental reading. Miss Elizabeth Farrar, Principal, and a fine staff of teachers have engaged cooperatively and successfully in bridging the gap between elementary and senior high school routine. The pupil at this level is encouraged to take upon himself more individual responsibility and, with guidance, discover the ways and means to develop as a young adult in terms of his capacity and potential, shaping himself to standards and directing himself toward goals now more sharply and objectively defined.

The Senior High School educates its young people either to continue in a post-secondary school learning experience or to enter directly into the world of work. The pupils who elect to enter the college or university phase of existence find that they are adequately prepared to compete successfully with their fellows from other secondary schools. Industry and business seek the Norwell graduate who chooses, upon graduation from high school, to direct his attention to the matter of earning a living. Competent faculty members with the capable administrative counsel of Principal Robert Jackman have collectively and cooperatively revised, extended, and enriched subject-matter areas the better to cope with the challenges of an exacting and demanding mid-twentieth century.

The School Department extends its services to the adults of the community by offering a continuing program in Evening Practical Arts. This year, for the first time, also, classes for adults are scheduled in certain academic areas, namely, Typing, Bookkeeping, Comparative Literature, Conversational French, and ABC's of Investing. Class sessions in this latter category will meet beginning in January, 1963.

The Guidance Department directs a system-wide testing program which is complete and comprehensive in nature. It is gratifying to note that test scores indicate Norwell pupils generally superior in terms of ability and achievement on the basis of national norms.

The pupil population of Norwell becomes greater in total numbers each year. Fortunately, to this point, the growth has not been explosive. The quality of gradualness in growth does not deny, however, the "expense of expansion".

In 1952, ten years ago, the pupil population of the Town was 614 in numbers. The school budget for that year asked for \$125,000 for the operation of the school system. In 1962 there were 1414 pupils enrolled in all schools and an operating budget of nearly \$600,000 was necessary to defray the expense of education. By 1972, ten years hence, some 2200 pupils will be enrolled in grades one through twelve and, based on current per-pupil cost per annum, an annual budget for the support of public instruction at or in excess of \$1,000,000 is not an impossibility.

It does appear to your Associate Superintendent that real estate, in all communities now taxed beyond the realm of reason to support the various functions of town government, cannot much longer hold against the demands made upon it. It is hoped that the Legislature of the Commonwealth will, in a sincere and non-political effort, direct its attention to an examination and major revision of the entire tax structure.

It is noted that the State Financial Report for the Norwell School Department filed with the Commonwealth July 24, 1962, indicated a return to the Town of Norwell of \$96,692.75 in state aid and reimbursement. Additionally there are Public Law and special fund returns to the Town which, with the above money, total to an aggregate in excess of \$125,000 paid within a year to the Town ultimately to assist in meeting the total cost of town government in its various departments.

More pupils in our School System not only indicate an increase in the cost of operating the several existing school buildings, but also necessitate the construction of more buildings. The Town has recently approved the construction of one new elementary school building. It is recommended that at least two more parcels of land, one in the northeastern portion of the Town and one in the southern section, be purchased and held ready for school construction at some future time—this procedure to guard against rising costs in reference to land purchase and to insure proper school-site availability.

Over one hundred adults are intimately and directly concerned with the welfare and daily function of the schools of Norwell. That each person performs his duties in competent and professional manner is more than apparent from the status of the School System as a whole. The combined efforts of staff and administration joined

with the enthusiastic and constant support of the citizenry make for an educational environment conducive to the best results with the youth of Norwell.

Your Associate Superintendent is grateful to the many who have contributed in such large measure to the success of the year.

Respectfully submitted,

FREDERICK A. SMALL,
Associate Superintendent of Schools

REPORT OF THE HIGH SCHOOL PRINCIPAL

Mr. Frederick A. Small
Associate Superintendent of Schools
Norwell, Massachusetts

Dear Mr. Small:

I hereby submit my annual report as principal of Norwell High School.

First, I wish to express to you, to the School Committee, to the staff of Norwell High School, to the students and, to the parents, my most sincere appreciation for the cooperation I have received since I have been principal of Norwell High School.

We have recently completed our first full year in the new high-school building. The building proved to be an easy one to "break in" during this "shake-down" year. We experienced very few difficulties from the building in terms of heating, etc., and consequently we were not forced to close school at any time because of any failure on the part of the facilities. Throughout the year the architect has been granted permission to conduct building committees and school committees from other towns through our facilities. We have found the building to be an easy one in which to operate administratively. The staff and students have shown by their attitude and care that they are most proud of our new facilities.

The Modern Foreign Language Laboratory was basically completed this summer when fourteen additional student positions were added to the original fourteen provided with the building. There are now twenty-eight student positions in the laboratory. Fourteen of the positions are equipped with tape recorders and fourteen are equipped with analyzers. Next year (1963) we plan to add another program source, another tape recorder at the teacher's console. This

additional program source will enable us to send four different programs to various combinations of the twenty-eight student positions. The previously mentioned positions were added with money from the school budget, with 50% of the cost being returned to the school through the National Defense Education Act.

The Science Department has also added additional equipment during the year. An overhead projector was purchased through funds made available by the Permanent Building Committee. Equipment for experiments using the Physical Science Study Committee approach to physics was included in the school budget. Biology is being modernized more each year, with the purchase of microscopes and other equipment. There are twenty-four student positions in the biology laboratory and we now have a microscope available for every two students. 50% of the cost of the equipment in the area is also being returned to the school through the National Defense Education Act.

I would say one of our greatest needs is the addition of more volumes to our high-school library. Since the new school opened we have had available \$3,630.00 for the purchase of books and periodicals for the library. The Permanent Building Committee furnished \$2,762.00, the school budget \$380.00, the Junior High-Senior High P.T.A. \$250.00, and the Enid Taylor Fund \$238.00. This year we have budgeted \$1,000.00 for the purchase of books and periodicals for the high-school library. We do not believe this request to be unrealistic as we need many more volumes than this amount will provide to bring our library up to acceptable standards. The students and faculty are using the resources of the library to a greater advantage each day. Our students are reading more books this year than they read last year. With this use of the library, the need for more volumes becomes increasingly apparent.

Several changes have been made in the Program of Studies of Norwell High School. The prerequisites for several of the more specialized courses have been broadened. The graduation and promotion policies were revised to include:

1. A total of 85 credits for graduation beginning with the Class of 1964. (Members of the Class of 1963 will need 80 credits)
2. Each student, starting with the Class of 1966, must take and complete satisfactorily eleven (11) required major subjects; 4 years of English, 3 years of Social Science (Civics, U.S. History, and one other course in the field of Social Science), 2 years of mathematics, and 2 years of science. These required subjects will insure each student a well-balanced liberal education.

There have been revisions in some of the subject areas. This fall, German I students were introduced to the language using the oral-aural approach instead of the traditional textbook method. The "new" approach to mathematics was started in the top groups of Algebra I, Geometry, and Algebra II. The Civics course now emphasizes the study of town, county, state, and federal government. The study of government in the ninth grade means that the curriculum of the Problems of Democracy course will have to be changed in three years.

As our enrollment in each subject area has increased we have been able to group the students on a more homogeneous basis. This method of grouping presents a section of similar academic development which enables the teacher to present material of meaning to all members. The effect is that students receive material best designed to challenge them, and the teacher may adjust the material to meet the ability level of each section. This grouping is only done for academic classes and does not carry over into the home-room or non-academic classes. Flexible scheduling permits placing a student in a fast moving section in a subject which is, for him, an obvious strength and yet he may remain in regular or slower sections in other subjects according to his individual needs. Grouping is based on test scores, past achievement, and teacher recommendations.

The staff has been working throughout the year on our self-evaluation of Norwell High School. This self-evaluation is in preparation for the evaluation of Norwell High School by a visiting committee from the New England Association of Colleges and Secondary Schools on March 18, 19, 20 and 21, 1963. (A more detailed explanation of the evaluation may be found in the 1961 Principal's Report.) The teachers have spent many hours preparing materials and then discussing these materials in faculty meetings after school. During the fall the teachers were averaging at least one meeting a week on self-evaluation materials. At this time the bulk of the self-evaluation is completed and we hope to finish the reports in January, 1963. While this work has been very time consuming in addition to a regular teaching day, the staff as a whole is agreed that they have gained considerable knowledge from the self-evaluation.

Respectfully submitted,

ROBERT H. JACKMAN,

Principal

REPORT OF THE JUNIOR HIGH PRINCIPAL

Mr. Frederick A. Small
Associate Superintendent of Schools
Norwell, Massachusetts

Dear Mr. Small:

As he moves through adolescence, on the road to maturity, a boy or girl has many difficulties to surmount. On this journey the junior high school faculty, by understanding the problems and by organizing teaching and learning activities, may be of great assistance. In an effort to meet this challenge plus the demands of higher education in our scientific world and to stimulate individual learning, we are stressing the following:

In place of traditional mathematics which educators find has not equipped the student to grasp clearly the fundamental concepts, a new mathematics has been created. This modern method provides a more meaningful way of developing basic understanding. Two of our junior high teachers last year took special courses in the instruction of this science and are passing that information on to grades 7A and 8A. Currently teachers of grades four through six are taking the course sponsored by Northeastern University. As a result of this training and by integration with the elementary and the senior high programs, we hope to build a modern mathematics course of study which will result in increased benefit to all students.

We are adding a developmental reading program. This system, edited by Science Research Associates, is based on the concept of individual differences and aims for top performance by the individual student. It enables each pupil, whatever his present achievement, to reach new and higher goals of reading performance. We believe, too, that this program will improve spelling, vocabulary, and other work-attack skills as well as serve as an incentive to further and better independent reading and study efficiency.

English teachers of grades seven and eight are working on a new course of study which will be correlated with one already prepared by the elementary school teachers and a course now being prepared by the high school English teachers. This should be conducive to a sound and practical preparation in English from grades one through twelve.

Progress is continuing in the development of our junior high li-

brary. Mrs. Ralph Wamsley, as representative of the P.T.A., has aided the school librarian by her numerous fund-raising projects. Consequently, our library has an additional number of excellent volumes.

Much emphasis has been placed on study habits and the quality of written work. In both areas progress is being noted.

Under the stimulus of Professor William G. Vinal, one eighth grade is presently writing a class book entitled "The North River Area and the History of Norwell." Enthusiasm is high. The project provides an incentive for study in English, geography, history and geology, and increases civic pride.

An increase has been made in the number of parent-teacher conferences. Our associate superintendent has adopted a policy of terminating classes at noon three times annually making possible longer discussion periods. Evening conferences are continuing in conjunction with the P.T.A. By appointment, members of the faculty are available for consultation at the close of school each day. This plan, in addition to our warning system, has developed between home and school close contact which is so valuable to the child and his progress.

A combined effort by superintendent, faculty and all other personnel has made this year most profitable as well as pleasant. To each of these co-workers, I wish to express deep gratitude.

Respectfully submitted,

ELIZABETH M. FARRAR

Principal

REPORT OF THE PRINCIPAL OF THE ELEMENTARY SCHOOL

Mr. Frederick A. Small
Associate Superintendent of Schools
Norwell, Massachusetts

Dear Mr. Small:

It is my pleasure to submit the annual report of the principal of the Norwell Elementary School.

Our school enrollment has been increased this year by 11 pupils. The school year 1961-1962 was completed in June with an enrollment of 379 pupils. At this date, December 17, 1962, we have an enrollment of 390 students. The breakdown by grades is as follows:

Grade 1	Grade 2	Grade 3	Grade 4	Grade 5
72	84	83	76	75

Since last June, there have been many changes in personnel in the Norwell Elementary School.

Following 51 years of devoted service to children, Mrs. Ella F. Osborn, Principal of the Norwell Elementary School since 1952, retired in June of the 1961-1962 school year. Mrs. Osborn spent 48 of her 51 years in education in the town of Norwell and will long be remembered by her friends and pupils.

Because of retirements, the school was faced with filling the positions of 3 excellent teachers, Mrs. Marion Cann, Mrs. Miriam Lincoln and Mrs. Hazel Johnson. Mrs. Laura G. McKenney a grade one teacher in Norwell since 1948, left to accept a similar position in Rindge, New Hampshire. Also leaving in June were Mrs. Maude Horne, Mrs. Jean Quinn, and Mrs. Dorothy Morrison.

Teachers new to the elementary school this year are Mrs. Dorothy Bryant, grade one; Miss Phyllis Trowbridge, grade two; Miss Jeanne Seigny and Miss Nancy Peters, grade three; Mrs. Gertrude O'Neal and Miss Mary Edney, grade four; Miss Renate Sides and Mr. Charles Hurd, grade five; Mrs. Grace Alvey, remedial; Mrs. Nancy White, physical education.

During the latter part of May and the first part of June, a program of orientation for prospective first graders was carried on.

Each child who would be entering in September was given a morning at school. Mrs. Horne, remedial teacher, took the children in assigned groups of ten or twelve on a tour of the building, gave each a readiness test, and concluded with lunch in the cafeteria, showing the children our lunchroom procedure. A readiness evaluation including remarks about the child's physical, mental and social characteristics was made out by the remedial teacher for each child. This evaluation plus the readiness scores enabled us to obtain a better idea of each child's abilities and weaknesses, thus giving the classroom teacher some foresight as to what to expect in September.

In September of this school year, all grades were organized semi-homogeneously. On the basis of teacher judgment and achievement test scores pupils were assigned their classrooms for the next year. Each grade level has one advanced group and two average groups.

In grades four and five, grouping has been carried one step further through departmentalized reading. Reading in these grades has been divided into six levels. Children are assigned to one of these levels, with little regard to their grade, on the basis of past reading achievement. It is necessary, because of this organization, that many pupils pass to another room and have another teacher for their reading. Reading in grades four and five is held each morning from 9:15 until 10:15.

All children reading below their grade level are receiving remedial attention in an attempt to increase their achievement. In order that these children may receive greater individual teacher help, their reading classes have been kept small in number in relation to other groups.

In our top reading levels, literature has been added to the program along with reading laboratories which permit each child to progress at his own speed, on his own initiative, with guidance from the teacher.

A formal homework program has been initiated this year in grades four and five. Monday through Thursday of each school week pupils are to bring home for completion a one half hour assignment per evening in arithmetic, science, social studies or language arts. Our purpose in establishing this program is to develop responsibility, organization of time, and personal initiative in preparation for life and future academic endeavors.

During the past year the teachers of both elementary schools have combined their efforts in the development of a curriculum guide for language. We are continuing this work so that in the

near future we shall have our own guides in each academic area. In-service programs for teachers have been held in phonics, spelling, music and handwriting.

Parents took advantage of open house held during National Education Week, November 12 through 16. The school library was greatly aided through the cooperation of parents in their support of the book fair held in conjunction with open house.

It is with deepest gratitude and appreciation that we acknowledge the support and understanding given over the past years by our retired superintendent, Mr. Clifton E. Bradley.

In our endeavor to promote and foster "good education" in the town of Norwell, we are forever mindful that this goal cannot be achieved or maintained without the combined efforts of many groups and individuals. To all those who have been instrumental in this regard, we are most grateful.

Respectfully submitted,

WILLIAM W. HAYS,

Principal

REPORT OF THE PRINCIPAL OF THE GRACE FARRAR COLE SCHOOL

Mr. Frederick A. Small
Associate Superintendent of Schools
Norwell, Massachusetts

Dear Mr. Small:

I submit herewith the annual report of the Principal of the Grace Farrar Cole School.

The school year 1961-62 was completed with an enrollment of 347 children. At the writing of this report the enrollment at Grace Farrar Cole School is 349. Although we have an increased enrollment of but two pupils, we now have one fifth grade classroom instead of the two fifth grades of the previous school year. Come September of 1963, it will be necessary to find quarters for an additional fourth grade. The distribution of pupils in the Grace Farrar Cole School on December 18, 1962, is as follows:

Grade 1	Grade 2	Grade 3	Grade 4	Grade 5
91	82	82	59	35

Since June of this year there have been three new teachers filling positions on the Cole School staff. Miss Geraldine Gustafson, a graduate of Boston State College, is teaching grade one. Mrs. Andrea Crew, an Eastern Nazarene College graduate, has a grade two classroom. Miss Mary Scott, from Bridgewater State College, is teaching in grade three. In our physical education department, Mrs. Nancy White, a graduate of Bouve-Boston School of Physical Education, is handling the work in the elementary schools.

Since it is our goal to provide the best possible education for each individual, consideration must be given to differences in learning rates and learning capacities. Because we feel these differences can better be met through grouping, organization of pupils at Grace Farrar Cole School continues to be on a semi-homogeneous basis with departmentalized reading in grades four and five.

Students in grades four and five who have achieved to a specified level in reading are taking part in an enrichment program, standards for which have been set quite high. Although this program is demanding of pupils, they seem to enjoy the opportunity to progress beyond the boundaries of their grade level and utilize materials which are both interesting and challenging to them. Besides the requirements of the basic reading program these children are responsible for the following:

I. Literature

A. Comprehension reviews

B. Speed checks

C. Interpretation of stories

II. Science Research Associates Reading Laboratory — An individualized reading program to develop greater comprehension.

III. Homework assignments above that given by the homeroom teacher.

IV. Active and intelligent class participation and evaluation of their own work and that of their classmates.

V. A specified number of book reports per month.

At the present time all fourth and fifth graders are working in Science Research Associates Reading Laboratories in conjunction with their regular reading program. These laboratories offer the opportunity to individualize the teaching of reading in the classroom. They allow each child to start at the reading level where he will experience the most success — then move to a more advanced level after he has mastered the preceding one.

In grade one this year we have supplemented our regular reading program by the addition of another program, "Phonetic Keys to Reading." This method begins with the vowels instead of the consonants. It first teaches the long sounds of the vowels, then the short ones; next come the consonant sounds and phonetic principles. The initial approach combines sound and sight and might be termed an audio-visual one. Although originally this method appeared to be slower in its results, progress seems to be increasingly visible in the area of word attack skills.

Teachers of both elementary schools have cooperated in the development of a curriculum guide in the language arts area. Other academic areas are in, or will be in process of investigation.

Monthly in-service programs for teachers have been carried out in the areas of phonics, spelling, music, and handwriting.

We are grateful to the parents for their support of the book fair held during National Education Week, November 13 through 16, and for their cooperation during open house.

This present school year has presented us with two sorrowful and regrettable experiences. We are extremely happy that Mrs. Helen Dimock will return to us following her recovery from a recent heart ailment. At the same time we are saddened by the death of Mrs. Jennie Meyers, an excellent teacher and friend to all who knew her.

To our retired superintendent, Mr. Clifton E. Bradley, we are most grateful and appreciative for his cooperation, guidance, and leadership while superintendent of schools. We wish him well in his future endeavors.

For the cooperation and assistance received from many groups and from many individuals this past year, we are extremely thankful. We shall never settle for "last year's education," but continually seek an ever-improving educational program.

Respectively submitted,

WILLIAM W. HAYS,

Principal

REPORT OF THE SCHOOL PHYSICIAN

Mr. Frederick A. Small
Associate Superintendent of Schools
Norwell, Massachusetts

Dear Mr. Small:

The school physician's report for 1962 is submitted herewith.

Physical examinations preliminary to athletic participations were completed in the high school within the first week of the fall term. The school nurses and Physical Education directors were present and assisted in the evaluations. Almost all students qualified for full physical education programs. Exceptions were referred to parents for consultations with their family doctors.

Examinations in the Junior High School were completed later in September.

The first and fourth grades in both Elementary schools have also been examined and records initialed or brought up to date.

Annual hearing and vision screening tests are proving helpful to both health and scholarship.

Health, Hygiene and attendance have been good.

The sanitation of the new building is excellent. Athletic fields continue to be inadequate.

The Board of Health always collaborates nicely with regular immunization programs and is effectively alert to new innovations recommended by the state.

I wish to express my appreciation to all personnel who make our health program effective.

Respectfully submitted,

RAYMOND G. VINAL, M.D.
School Physician

REPORT OF THE SCHOOL NURSE

Mr. Frederick A. Small
Associate Superintendent of Schools
Norwell, Massachusetts

Dear Mr. Small:

The following is the annual report of the School Nurse:

Daily visits to all schools.

Periodic sanitary inspections in all schools.

Assisted School Physician with physical examinations of pupils.

Reportable defects	95
--------------------	----

Defects corrected	67
-------------------	----

Pupils given first aid	211
------------------------	-----

Pupils transported to their homes	131
-----------------------------------	-----

Visits to homes of school children	163
------------------------------------	-----

Grades I through XII eyes tested with Massachusetts Vision Test.

Grades I through XII ears tested with Audiometer.

534 pupils given Triple Toxoid Booster.

1389 pupils given Types I & III Sabin Vaccine.

Respectfully submitted,

CATHERINE A. ROE,
School Nurse

REPORT OF THE CAFETERIA SUPERVISOR

Mr. Frederick A. Small
Associate Superintendent of Schools
Norwell, Massachusetts

Dear Mr. Small:

In making my report for the past year, I would like to commend the cafeteria workers in each of the four schools in Norwell for the efficient and pleasant manner in which they have performed their duties. During this period they have served over 150,000 meals to students alone.

Great emphasis is being placed on physical fitness. To be physically fit you must eat the right foods in the right amount. Many of our diets may be lacking in vitamin content and yet be too high in caloric content. However, in a careful evaluation of the School Lunch Program, it has been determined that the children who eat the lunch are provided with an average of one-third of all the food nutrients necessary for that day. The school lunch is able to offer this economy meal because the program is subsidized by the State and Federal government. Originally the National School Lunch Act was passed as a measure of national security to safeguard the health and well-being of the nation's children and to encourage the domestic consumption of nutritious agricultural commodities and other food.

In October of this year President Kennedy proclaimed the first National School Lunch Week, and henceforth schools and communities will join in observing this most important week. We will look for your increasing support.

The cooperation we receive from the superintendent, school committee, principals and teachers is greatly appreciated.

Respectfully submitted,

HAZEL W. ROBBINS,
Cafeteria Supervisor

SOUTH SHORE REGIONAL SCHOOL DISTRICT TREASURER'S REPORT

In accordance with Section XII of the South Shore Regional School District Agreement signed January 6, 1960, I submit herewith details of the 1962 financial transactions of the School District.

Details are presented with respect to the 1962 estimated expenditures; apportionment of estimated expenditures to member towns; actual cash receipts and disbursements; balance sheet and statement of outstanding debt as of December 31, 1962.

Respectfully submitted,

JOHN A. ASHTON,

Treasurer

1962 BUDGET

TOWN OF NORWELL

ANNUAL REPORT

1963

NORWELL, MASSACHUSETTS

For use only
in library.

The one hundred fourteenth Annual Report of the Town of Norwell for the calendar year of nineteen hundred and sixty-three is dedicated to:

NELLIE L. SPARRELL
TOWN CLERK EMERITUS

The title of Town Clerk Emeritus was conferred on Nellie L. Sparrell by unanimous vote of the townspeople, assembled at the Annual Town Meeting, March 11, 1963. A Scroll attesting to the Vote of the Town was presented to Mrs. Sparrell. Appointed Town Clerk by the Board of Selectmen in 1941, she was re-elected continuously until she retired in 1963.

Mrs. Sparrell also served the Town of Norwell as a member of the School Committee for forty-five years from 1917 to 1962. The addition to the present Junior High School was dedicated in her honor in 1953.

REPORT OF THE BOARD OF SELECTMEN FINANCIAL

The thirty-fifth accounting of the Florence M. Cushing Trust for the period ending August 20, 1963, was reported by the Trustees. The report shows a principal amount of \$47,071.13. Income from the account was \$3,359.49; service charges were \$344.29; remitted to the Town of Norwell, \$2,940.00.

The Town records show a usable available balance of \$11,471.41 as of December 31, 1963.

This money is being held in reserve to pay for major repairs to the Cushing Memorial Town Hall, as necessary.

During the year the Town borrowed \$250,000.00 in anticipation of revenue to meet its obligations.

At the 1963 Annual Meeting the Town appropriated \$82,000.00 to the Stabilization Fund. The purpose of this fund is to reduce the amount which will have to be borrowed to pay for capital outlays.

The free cash available for appropriation, certified by the Bureau of Accounts, as of January 1, 1963 was \$234,388.15. Of this amount, \$193,208.85 was appropriated by the Town at the 1963 Annual Meeting, and \$24,000.00 was appropriated at the Special Town Meeting of June 18, 1963, leaving a balance of \$17,179.30.

HIGHWAYS

The Board has received a report from the Volunteer Street Numbering Committee and conferred with the Planning Board. The Selectmen have this problem of street numbering under con-

sideration. Preliminary plans are under way to accomplish this by the Town office staff from the revised Town Maps.

The Chapter 90 Main Street construction project, as laid out by the County Commissioners and the Department of Public Works, was started at the Hanover-Norwell line. This project will continue easterly on Main Street during the coming year.

During the year the Board continued to press for State and County funds to reconstruct the bridge and approaches on Tiffany Road - East Street at the Hanover-Norwell Town line. The County Commissioners have agreed to make a layout of this area and the prospect of starting the project soon seems very good.

The Board conducted its annual street light survey, at which time all requests for the installation of street lights, submitted by Town Departments and individuals were considered. The Brockton Edison Company was directed to install lights in areas where the most hazardous traffic conditions exist.

GENERAL

The Board of Selectmen held Quarterly Meetings for all Boards, Departments, Committees and Commissions.

In addition to the Annual Meeting, the Board called Special Town Meetings on June 18 and October 7, 1963.

The Annual Town Election was held in the Cafeteria of the Senior High School. This location proved to be very satisfactory, with ample parking area and easy access to the polling place.

During the year 120 Building permits (new homes-62, all others-58), 215 Wiring permits and 20 Gas permits were issued.

Harold Young was appointed permanent, full-time custodian

for the Town Hall and Annex, effective February 11, 1963.

At the 1963 Annual Town Meeting the following resolution was presented and voted unanimously:

"That the Town vote to confer on Nellie L. Sparrell, Town Clerk 1941-1963, the title of "Town Clerk Emeritus" in recognition of her long and faithful service; that the Town Office Manager and the Assistant Town Clerk have prepared a suitable scroll or booklet attesting to this vote of the Town; and that the Moderator present this scroll or booklet to Mrs. Sparrell as soon after the March 16, 1963 elections as possible."

An engrossed scroll was obtained and presented to Nellie L. Sparrell by Moderator Joseph M. Silvia and Town Clerk Nellie G. Tarr.

As the Town's population increases, the work load of the Town Boards, Departments, Committees and Commissions also increases. The need for additional office space, meeting and record areas becomes more acute each year. It is hoped that the Town will provide the much needed areas.

The Town, in the October 7, 1963 Special Town Meeting, voted to instruct the Board of Selectmen to oppose the disposal of sewage effluent into the North River.

The Board of Selectmen recognized that this was an area problem which could not be resolved by an individual town attitude, but only by a coordinated action supported by all towns involved.

The Board concluded from the conflicting opinions stated in public hearings, meetings and many publications, that the effect of treating plant effluent on the river could not be established by the present sources of information, and that the State Department of Public Health was inclined to advise that such effluent would

cause no injury.

In these circumstances we considered that no such use of the river should be permitted until a well-organized study of the problem in the whole area was conducted by competent and impartial authorities and that the towns involved should be given the opportunity to protect the river if such a study developed a reasonable alternate.

In our opinion this river is a unique resource, a broad area public possession not to be left open to exploitation for limited local advantage or to the risks of unforeseen irrevocable reactions.

For these reasons we introduced three bills into the legislature to accomplish these objectives, namely, (1) a temporary restraining action for the time required to make a proper study and limited to the construction time for the proposed plants; (2) a complete area study under the direction of the State Department of Public Health; (3) the formation and acceptance of a District Authority, composed of all towns in the area for the common solution of the growing sewage problem, with the objective of keeping the river clean.

As of January 31st, the restraining bill has been voted down but the Study and District bills are still under consideration by the legislature.

G. HERBERT REPASS, Chairman
CHESTER A. RIMMER
CHARLES H. WHITING

1963 APPOINTMENTS
RECORDED WITH TOWN CLERK

Richard B. Kearsley, M. D.

Member of the Board of Health

WARRANT—ANNUAL TOWN MEETING

TOWN OF NORWELL

Commonwealth of Massachusetts

WARRANT FOR ANNUAL TOWN MEETING

Monday, March 11, 1963 at seven-thirty o'clock in the afternoon

At the Senior High School

and Saturday, March 16, 1963 at 12 Noon

At the Center Elementary School

For the Election of Town Officials

Plymouth, ss.

To either of the Constables of the Town of Norwell, in said County of Plymouth and Commonwealth of Massachusetts.

GREETINGS:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Norwell, qualified to vote in elections and Town affairs to meet at the Senior High School in said Norwell, on Monday, the eleventh day of March, 1963 at 7:30 p.m., then and there to act upon the following articles, to wit:

ARTICLE 1

To see if the Town will accept the reports of its officers and committees as printed in the Town Report, or act on anything relative thereto.

ARTICLE 2

To see what sums the Town will raise and appropriate or appropriate from available funds to pay Town debts, expenses and charges including debt and interest for the ensuing year and to fix the salary and compensation of all elective officers of the Town, effective from January 1, 1963, as provided by Section 108 of Chapter 41 of the General Laws, as amended, and to provide for a reserve fund, and raise and appropriate the same for the following: Moderator, Selectmen's Department, Town Office Manager and Accountant, Town Meetings and Elections, Treasurer, Tax Title Account, Town Collector, Assessors' Department, Town Counsel, Town Clerk, Registrations and Listings, Board

of Appeals, Planning Board, Development and Industrial Commission, Permanent Building and Maintenance Committee, Conservation Commission, Town Hall and Annex, Police Department, Dog Officer, Fire Department, Forest Fire Patrol, Civil Defense, Emergency Communications Center, Sealer of Weights and Measures, Tree Warden and Moth Superintendent, Moth Department, Dutch Elm Disease, Squares and Triangles, Operation and Maintenance of Equipment, Pest Control, Tree Maintenance, Removal and Replacement, Roadside Brush Control, Building Inspector, Gas Inspector, Wire Inspector, Board of Health, Inspector of Animals, School Nurse, School Dentist, Dental Hygienist, School Physician, Town Dump, Mosquito Control, Highway Surveyor, Highways—Town Account, Chapter 81, Chapter 90, Signs and Road Markings, Snow Removal and Sanding, Road Machinery Maintenance and Operation Account, Water Services Acct., Street Lights, Welfare, Aid (All Categories) Administration and Expense, Veterans' Benefits, School Department, Out-of-State Travel, Vocational Training, Practical Arts—Adults, South Shore Regional Vocational School, Libraries, Water Department, Cemeteries, Maturing Debt and Interest, Anticipation of Revenue Loans, Aid to Agriculture, Plymouth County Retirement, Group Insurance, Town Schedule Insurance, Pensions and Annuities, Reserve Fund, Town Reports and Budgets, and Memorial Day; or act on anything relative thereto.

ARTICLE 3

To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1964, and to issue a note or notes therefor, payable within one year in accordance with General Laws, Chapter 44, Section 4, as amended, and to renew any note or notes as may be given for less than one year in accordance with General Laws, Chapter 44, Section 17, as amended, or act on anything relative thereto.

ARTICLE 4

To see if the Town will vote to appropriate the sum of \$14,025.00 or any other sum from available funds in anticipation of repayment by the Commonwealth of Massachusetts, for Chapter 81 work on the highways, or act on anything relative thereto.

Requested by the Board of Selectmen.

ARTICLE 5

To see if the Town will vote to appropriate the sum of \$18,000.00 or any other sum from available funds in anticipation of repayment by the Commonwealth of Massachusetts and the County of Plymouth, for Chapter 90 work on West Main Street, or act on anything relative thereto.

Requested by the Board of Selectmen.

ARTICLE 6

To see if the Town will vote to appropriate the sum of \$7,660.08 or any other sum from available funds in anticipation of repayment by the Commonwealth of Massachusetts, Chapter 782, Acts of 1962, to be applied to Chapter 90 construction on West Main Street, or act on anything relative thereto.

Requested by the Board of Selectmen.

ARTICLE 7

To see if the Town will vote to raise and appropriate or appropriate from available funds the sum of \$425.00, or any other sum for mix-in-place surface on Douglas Avenue, for a distance of 425 feet, or act on anything relative thereto.

Requested by the Highway Surveyor.

ARTICLE 8

To see if the Town will vote to raise and appropriate or appropriate from available funds the sum of \$600.00 or any other sum for mix-in-place surface on Leigh Road, for a distance of six hundred feet, or act on anything relative thereto.

Requested by the Highway Surveyor.

ARTICLE 9

To see if the Town will vote to raise and appropriate or appropriate from available funds the sum of \$3,000.00, or any other sum, for mix-in-place surface on River Street for a distance of three thousand feet, or act on anything relative thereto.

Requested by the Highway Surveyor.

ARTICLE 10

To see if the Town will vote to raise and appropriate or appropriate from available funds the sum of \$550.00, or any other sum, for mix-in-place surface on Wendall Avenue for a distance of 550 feet or act on anything relative thereto.

Requested by the Highway Surveyor.

ARTICLE 11

To see if the Town will vote to raise and appropriate or appropriate from available funds the sum of \$3,200.00 for the purchase of a new $\frac{3}{4}$ ton four-wheel-drive pick-up truck, or act on anything relative thereto.

Requested by the Highway Surveyor.

ARTICLE 12

To see if the Town will vote to raise and appropriate or appropriate from available funds the sum of \$1,500.00 for the purchase of a used two-ton or larger truck chassis to be used for the mounting of a V-Body Sander that we now own, or act on anything relative thereto.

Requested by the Highway Surveyor.

ARTICLE 13

To see if the Town will vote to name the new road which is parallel to the northerly side of the Southeast Expressway and which extends from Pine Street to River Street, "Pine Street," so that Pine Street will be continuous from Circuit Street to River Street, or act on anything relative thereto.

Requested by the Planning Board.

ARTICLE 14

To see if the Town will vote to rename that portion of Pine Street from Common Street to a dead-end at the Southeast Expressway, "Leonard Lane," or act on anything relative thereto.

Requested by the Planning Board.

ARTICLE 15

To see if the Town will vote to name the new road which is parallel to the southerly side of the Southeast Expressway and which extends from Stetson Road to River Street, "Stetson Road," so that Stetson Road will be continuous or act on anything relative thereto.

Requested by the Planning Board.

ARTICLE 16

To see if the Town will vote to rename that portion of Stetson Road which is on the northerly side of the Southeast Expressway, and which extends from River Street to a dead-end at the Southeast Expressway, "Elm Street," or act on anything relative thereto.

Requested by the Planning Board.

ARTICLE 17

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$5,000.00 or any other sum, to be used by the Permanent Drainage Committee for the replacement of culverts, field engineering and other drainage work throughout the town, or act on anything relative thereto.

Requested by the Permanent Drainage Committee.

ARTICLE 18

To see if the Town will vote to accept a portion of Millwood Circle as a Town Way as laid out by the Selectmen in accordance with the description and plan presented at a Hearing in the Cushing Memorial Town Hall and now on file in the Town Clerk's office, without appropriation, or act on anything relative thereto.

Requested by the Board of Selectmen.

ARTICLE 19

To see if the Town will vote to instruct the Selectmen to establish a second polling precinct, or act on anything relative thereto.

Requested by the Norwell Citizens' Association.

Requested by: Joseph F. DeFrancesco, Fred A. Nucci, Robert A. Hoffman, Natale A. Mola, Ada R. Mola, Henry A. St. Ours, Stephanie St. Ours, Charles L. Fraser, Geraldine M. McCarvell, Francis A. Aicardi, Dominic J. Ilacqua, John J. Wilson, James P. Keaveney, William F. Dempsey, Clyde Keene, Jr., Marjorie G. De Francesco, Pearl M. Gilmore, John O. Paulson, Geraldine M. Pompeo, Groce Pompeo, Frederick G. Johnson, William G. Hurley, Joseph E. Tetreault, John J. McCarvell, Kathleen T. Aicardi, Eugene J. Schneider, Pauline A. Wilson, Rosemary A. Keaveney, Dorothy Dempsey

ARTICLE 20

To see if the Town will vote to raise and appropriate the sum of \$150.00 for the purpose of maintaining during the ensuing year, the mosquito control works as estimated and certified to by the State Reclamation Board in accordance with the provisions of Chapter 112, Acts of 1931.

ARTICLE 21

To see if the Town will vote to authorize the Town Accountant to close out the unexpended balances of the following appropriations, the purposes of which have been completed, or act on anything relative thereto:

Police—New Cruiser01
Highways—New Snow Plow	52.00
Highways—Old Meeting House Lane	11.35
Highways—Drainage, Washington Pk.	170.42

Requested by the Town Accountant.

ARTICLE 22

To see if the town will vote to raise and appropriate or appropriate from available funds the sum of \$82,000.00 to be added to the Stabilization Fund, as provided by the General Laws, Chapter 40, Section 5B, or act on anything relative thereto.

Requested by the Advisory Board.

ARTICLE 23

To see if the Town will vote to appropriate the 1962 Dog Tax Refund to the School Department Operation Account, or act on anything relative thereto.

ARTICLE 24

To see if the Town will vote to raise and appropriate the sum of \$46,000.00, or such other sum as the town may vote, to purchase or take by eminent domain for use as a school site, town garage site and other municipal purposes, sixty-five acres, more or less, from a parcel of land owned by Joseph F. and Anna L. Pilalas as the northwesterly corner of Grove and Prospect Streets, being all the land contained in said parcel, excepting therefrom approximately two acres with the present dwelling thereon, or act on anything relative thereto.

Requested by the Planning Board.

ARTICLE 25

To see if the Town will vote to take by eminent domain for use as a school site not less than twenty acres nor more than twenty-five acres from a parcel of land owned by Joseph F. and Anna L. Pilalas at the northwesterly corner of Grove and Prospect Streets; said land to be taken being the southerly portion of said parcel bounded by Grove and Prospect Streets, or act on anything relative thereto.

Requested by the Planning Board.

ARTICLE 26

* From Special Town Meeting of September 24, 1962 (Article 11)

To see if the Town will vote to purchase or take by eminent domain a portion of a parcel of land owned by Nellie L. Sparrell and containing about 8½ acres, bounded southerly by land of Elizabeth B. Power, Francis E. MacFarlane, other land of Nellie L. Sparrell, Herbert E. and Grace C. Joseph, other land of Francis E. and Marjorie G. MacFarlane and land of Thomas A. and Loretta M. McNiff; westerly by land of Elizabeth B. Power and land of Nellie L. Sparrell; northerly by land of Grace L. Sparrell, Ernest W., Jr., and Phyllis C. Haskins and Ruth S. Broughton; easterly by land of Richard A. and Mary E. Housley, together with a strip of other land of Nellie L. Sparrell forty feet wide

running from Main Street to the above-described and being the westerly line of said parcel and bounded westerly by land of Francis E. MacFarlane for municipal purposes and to raise and appropriate or transfer from available funds the sum of \$6,500.00 therefor, or such other sum or sums as the Town may vote, or act on anything relative thereto.

* NOTE: The main motion was amended to include the phrase "for a garage site" before the words "municipal purposes." A motion was then made, seconded and voted to postpone action on the main motion until the Annual Town Meeting in March, 1963.

ARTICLE 27

To see if the Town will raise and appropriate or appropriate from available funds the sum of \$7,500.00, or any other sum, for preliminary plans and specifications for a new elementary school, or act on anything relative thereto.

Requested by the Permanent Building and Maintenance Committee.

ARTICLE 28

To see if the Town will vote to instruct the Permanent Building and Maintenance Committee to include in the planning of the new Elementary School, facilities for the William J. Leonard Memorial Library, or act on anything relative thereto.

Requested by the Board of Selectmen.

ARTICLE 29

To see if the Town will vote to instruct the Tree Warden to maintain all outside public grounds, including school playground areas and to raise and appropriate, or appropriate from available funds, the following sums for—

General new equipment	\$2,850.00
Operation and maintenance of new and presently-owned equipment	500.00
Supplies (lime fertilizer, pesticides, etc.)	1,100.00
Labor	3,200.00
Supervisor salary increase	800.00
	<hr/>
	\$8,450.00

or any other sum, or act on anything relative thereto.

Requested by the Town Government Study Committee.

ARTICLE 30

To see if the Town will vote to request the School Committee to consider the use of school properties for all public functions now held in the Town Hall Auditorium, and if such use is acceptable to the school authorities, to instruct the Permanent Building and Maintenance Committee to prepare preliminary costs and layouts for the conversion of the Town Hall Auditorium into general office administration areas, town department engineering records and planning areas, general committee and board conference areas, all to replace present annex and Water Department administrative facilities, or act on anything relative thereto.

Requested by the Town Government Study Committee.

ARTICLE 31

To see if the Town will vote to raise and appropriate or appropriate from available funds the sum of \$43,000.00 to install water mains of not less than six inches but less than sixteen inches in diameter in Grove Street from the end of the existing main at the junction of Norwell Avenue, Lincoln Street and Grove Street for a distance of approximately 7,250 feet toward Prospect Street and to meet such appropriation by appropriating a sum of \$3,001.23 from available funds from the remaining appropriation under the following articles:

Annual Town Meeting	Article 20	\$ 232.27
March 7, 1961	Central Street	
Special Town Meeting	Article 2	2,768.96
October 10, 1960	Pond Street	

and by raising and appropriating from the tax levy of 1963 or from available funds in the Treasury the sum of \$39,998.77, or act on anything relative thereto.

Requested by the Board of Water Commissioners.

ARTICLE 32

To see if the Town will vote to raise and appropriate or appropriate from available funds the sum of \$64,000.00 to install water mains of not less than six inches in diameter, but less than sixteen inches in diameter in Grove Street from the end of the existing main at the junction of Norwell Avenue, Lincoln Street and Grove Street to the junction of Grove Street and Prospect Street and to meet such appropriation by appropriating a sum of \$3,001.23 from available funds from the remaining appropriations under the following articles:

Annual Town Meeting	Article 20	\$ 232.27
March 7, 1961	Central Street	
Special Town Meeting	Article 2	2,768.96
October 10, 1960	Pond Street	

and by raising and appropriating from the tax levy of 1963 or from available funds in the Treasury the sum of \$60,998.77, or act on anything relative thereto.

Requested by the Board of Water Commissioners.

ARTICLE 33

To see if the Town will vote to raise and appropriate or appropriate from available funds the sum of \$3,000.00; said sum to be added to the Pumping Station and Mains Account and to be spent, in conjunction with the present account balance, for a pump house, pump and other equipment necessary to connect the new well site to the system or act on anything relative thereto.

Requested by the Board of Water Commissioners.

ARTICLE 34

To see if the Town will vote to raise and appropriate or appropriate from available funds the sum of \$3,000.00; said sum to be added to the Developing Well and Well Fields Account and to be spent to conduct tests on potential well or water source sites, or act on anything relative thereto.

Requested by the Board of Water Commissioners.

ARTICLE 35

To see if the Town will vote to raise and appropriate or appropriate from available funds in the Treasury the sum of \$5,000.00 or any other sum or sums of money to be added to the Water Department Land and Rights Account for the purpose of acquiring by purchase or eminent domain, land for water source sites or for land to protect such existing or approved sites.

Requested by the Board of Water Commissioners.

ARTICLE 36

To see if the Town will vote to raise and appropriate or appropriate from available funds the sum of \$850.00 to install water mains of not less than six inches but less than sixteen inches in diameter in Old Oaken Bucket Road from the end of the existing main in front of the Goudie property for a distance of approximately 250 feet, or act on anything relative thereto.

Requested by: Evelyn Seavey, Irma Edwards, Kathleen J. Goudie, Carol J. Maken Susanne E. Tuttle, Ethel T. Deane, Ruth M. Murray, H. Phillip Causer, William Seavey, Burton M. Edwards, Robert Goudie, Henry J. Maken, Harold E. Tuttle, Jr., Walter A. Deane, Eleanor Causer

ARTICLE 37

To see if the Town will vote to amend Section II of the Zoning By-Laws by adding the following paragraph:

Expansion of a non-conforming use is limited to not more than 50% of the original size, and is to be allowed only by permit or variance granted by the Board of Appeals as hereinafter provided, and provided that such expansion is not detrimental or objectionable to the neighborhood and the Town, or act on anything relative thereto.

Requested by the Planning Board.

ARTICLE 38

To see if the Town will vote to amend Section IV of the Zoning By-Laws by amending Paragraph A to read as follows:

A. A one-family detached dwelling and associated outbuildings, with not more than one such dwelling located on any one lot; but the conversion of a dwelling existing at the time of the passage of this By-Law to a two or three family dwelling is not prohibited provided that such conversion does not substantially change the character or size of the structure, and provided further that the lot appurtenant to said dwelling has an area per family unit of at least half that required for a single family dwelling. By Amending Paragraph C to read as follows:

C. Institutional, educational, recreational, philanthropic or religious building or use, but not including one, the chief activity of which is a service (1) to delinquent, criminal, mentally deficient or mentally deranged persons; or (2) customarily carried on as a business; or act on anything relative thereto.

Requested by the Planning Board.

ARTICLE 39

To see if the Town will vote to amend Section V of the Zoning By-Laws by adding the following paragraph:

C. No multi-family dwellings or apartment buildings are to be permitted in business district "A" except for conversion of existing dwellings as provided in Section IV, Paragraph A; or act on anything relative thereto.

Requested by the Planning Board.

ARTICLE 40

To see if the Town will vote to amend Section VI of the Zoning By-Laws by adding the following paragraph:

C. No multi-family dwellings or apartment buildings are to be permitted in business district "B" except for conversion of existing dwellings as provided in Section IV, Paragraph A, or act on anything relative thereto.

Requested by the Planning Board.

ARTICLE 41

To see if the Town will vote to amend Section VI-A of the Zoning By-Laws by striking out the word "and" in Paragraph "A" or act on anything relative thereto.

Requested by the Planning Board.

ARTICLE 42

To see if the Town will vote to amend Section VII of the Zoning By-Laws as follows:

1. By amending the heading of Article A, which now reads "Lot Sizes for Dwellings" to read "Lot Sizes."
2. By amending Paragraph "A" of Subsection 1 to read:
 - A. Residential District A — One acre with a frontage of 150 feet or more for each dwelling (remainder unchanged).
3. By amending Paragraph "B" of Subsection 1 to read:
 - B. Residential District B — One-half acre with a frontage of 125 feet or more for each dwelling (remainder unchanged).
4. By amending Paragraph "C" of Subsection 1 to read:
 - C. Residential District C — 8,000 square feet, with a frontage of 100 feet or more on a public way or private way, or, with respect to a single lot described, etc. (remainder unchanged).
5. By striking out Subsection 2 in its entirety.
6. Insert a new Subsection 2 as follows:
 2. The minimum lot size on which a building may be erected, placed or altered for business purposes shall be:

- A. Business District A and B — One-half acre with a frontage of 125 feet or more, or for backland with inadequate frontage under the existing Zoning By-Laws, one acre, including an access strip not less than forty feet wide with a frontage of forty feet or more on which no building shall be placed or erected. The boundary line of a setback one acre lot running most nearly parallel to the way to which the lot is connected, as well as one intersecting boundary line, must be at least 125 feet in length, or act on anything relative thereto.

Requested by the Planning Board.

ARTICLE 43

To see if the Town will vote to amend Section VIII of the Zoning By-Laws by adding the following to Paragraph B:

Except that trailers may be placed upon a construction site for use as an engineering or construction office only. Permits for such use shall be granted by the Building Inspector for a period not exceeding one year, subject to annual renewal, which shall terminate within thirty days of completion of the project, or act on anything relative thereto.

Requested by the Planning Board.

ARTICLE 46

To see if the Town will vote to accept a gift from the estate of Rena F. Jones, to wit: "To the Town of Norwell, Mass., I leave the sum of \$100.00 the interest to be used to care for the family lot in the Washington Street Cemetery, Norwell, Mass.," or act on anything relative thereto.

Requested by the Board of Selectmen.

ARTICLE 44

To see if the Town will vote to raise and appropriate or appropriate from available funds the sum of \$7,000.00 or any other sum to add to the Conservation Fund, under the provisions of General Laws, Chapter 40, Section 5, Clause 51 and Section 8C, as amended, or act on anything relative thereto.

Requested by the Conservation Commission.

ARTICLE 45

To see if the Town will vote to approve the purchase by the Conservation Commission of the land of George Farrar at King's Landing, consisting of twenty-five acres, more or less, for the purpose of developing a boat launching ramp and parking, camping and swimming areas for \$10,000.00, with half the price being assumed by the State, or act on anything relative thereto.

Requested by the Conservation Commission.

ARTICLE 47

To see if the Town will vote to instruct the Town Government Study Committee to prepare a report on the Town Meeting Representative form of Town Government, principally as a possible solution to the serious problems of lacking quorums and the insufficient consideration of complex articles, frequently unavoidable under open-meeting conditions, or act on anything relative thereto.

Requested by the Town Government Study Committee.

ARTICLE 48

To see if the Town will vote to instruct the Town Government Study Committee to examine state-local relations and to report their findings to the Selectmen from time to time, or act on anything relative thereto.

Requested by the Town Government Study Committee.

ARTICLE 49

To see if the Town will give instructions to its elected Town Officers.

SALE OF FISH RIGHTS

Subsequent Meeting for the Election of Officers

SATURDAY, MARCH 16, 1963

Polls Open 12:00 Noon to 8:00 P.M.

And you are further directed to notify all legal voters to assemble at the Senior High School, Main Street, on Saturday, March 16, 1963, during the polling hours, then and there to act upon the following:

To bring to the Election Officers, their votes, all on one ballot for the following-named officers to wit: One Selectman for three years; one Assessor for three years, one Assessor for one

year (to fill unexpired term of W. Clarke Atwater); one member of the Board of Public Welfare for three years; Town Clerk for three years; Moderator, Highway Surveyor and Tree Warden, each for one year; one member of Board of Health for three years; one member of Board of Water Commissioners for three years; one member of Planning Board for five years; two members of School Committee for three years; two Trustees of the William J. Leonard Memorial Library, one Trustee for three years and one Trustee for one year (unexpired term of Alfred Prouty).

To vote on the following question:

"Shall the Town accept the provisions of Section 16C of Chapter 147 of the General Laws providing for a five-day week for members of the police force in cities and towns?"

You are hereby required to notify and warn said inhabitants of Norwell qualified to vote in town affairs, in case all the articles in the foregoing Warrant shall not be acted upon at the meeting called for the eleventh day of March, to meet in adjourned session at the Senior High School Tuesday, the twelfth day of March, 1963, Thursday, the fourteenth day of March, 1963, and Friday, the fifteenth day of March, 1963, at 7:30 P.M. in the afternoon then and there to act upon such of the foregoing articles as shall not have been acted upon on March 11, 1963, or act upon such other articles in said Warrant as the meeting may deem advisable.

You are directed to serve this Warrant by posting a copy thereof, attested to by you in writing, at each of five public places in the Town, seven days at least before the time for holding the meeting called for in the Warrant. Hereof fail not, and make due return of this Warrant with your doings thereon to the Town Clerk of said Town on or before the eleventh day of March, 1963.

Given under our hands at Norwell this 11th day of February in the year of our Lord 1963.

G. HERBERT REPASS, Chairman
EARLE F. ALLEN
CHARLES H. WHITING

ANNUAL TOWN MEETING - MARCH 11, 1963

Pursuant to the foregoing Warrant, issued by the Selectmen of Norwell and executed by a duly appointed and qualified Constable of the Town, at which time a quorum was present, the voters met on March 11, 1963, at the Senior High School and took the following action:

The Annual Town Meeting was called to order by the Moderator, Joseph M. Silvia, at 7:35 P.M. at the Norwell Senior High School with 250 registered voters in attendance. Later the number of voters present was 554.

Rev. Charles A. Engvall of the First Parish Church offered prayer.

The privilege of attending the meeting was extended to Mr. Francis DiSabatino who ran the tape recorder, 30 Social Study students of Norwell High School, and guests of Mr. William C. Bennett, as voted by the assembly. These people were seated on the stage. Six (6) non-voters were also voted to be admitted.

Tellers were appointed as follows: Arthur Raymond, head teller; William Spradlin, William Frehill, Orville Devine, Charles E. White and William Kerwin. These were sworn to the faithful performance of their duty.

The Moderator, Mr. Silvia, mentioned the absence of Mrs. Nellie L. Sparrell, Town Clerk, who had not missed an Annual Town Meeting in her 21 years of office. Mrs. Edmund V. Anderson presented the following resolution, which was unanimously voted: "That the Town vote to confer on Nellie L. Sparrell, Town Clerk 1941 - 1963, the title of "Town Clerk Emeritus" in recognition of her long and faithful service, that the town office manager and the Assistant Town Clerk have prepared a suitable scroll or booklet attesting to this vote of the Town; and that the Moderator present this scroll or booklet to Mrs. Sparrell as soon after the March 16, 1963 elections as possible."

It was moved, seconded and voted that the reading of the

warrant be deferred until taken up for action. The service of the warrant and return of the Constable was read by the Assistant Town Clerk.

ARTICLE 1. Motion made, seconded and voted that the Town accept the reports of its officers and committees as printed in the Town Report.

ARTICLE 2. The Moderator read the items listed under Article 2 and the voters present called out "pass" if they wished an item discussed separately. Motion made, seconded and voted unanimously as follows: "That the Town raise and appropriate the sums of money as indicated in the recommended column of the Transcript of Articles in the Warrant and Budget for 1963 for the Town of Norwell and for the purposes as noted for all items in Article 2, excepting Items 4, 7, 18, 21, 24, 30, 32, 38, 39, 46, 51, 62, 63, 66, 69, 73, 78, 80, 105 through 111, 113, 115, 117, 142, 143, 144, 147; and that the Town fix the salaries and compensation of all elective officers of the Town as shown in the recommended column effective from January 1, 1963 as provided by Section 108 of Chapter 41 of the General Laws.

ARTICLE 2

Item 4. Motion made, seconded and voted to raise and appropriate the Sum of \$2,100.00 for 3 members of the Board of Selectmen, salaries.

At this point, the non-voters and overflow of voters were moved into the gymnasium and Mr. Robert Broderick was appointed Assistant Town Moderator and sworn to the faithful performance of his duty. He was on duty in the gymnasium

Item 7. Motion made, seconded and voted to raise and appropriate \$15,093. for salaries of Town Hall Clerks.

Item 18. Motion made, seconded and voted to raise and appropriate \$657., Capital Outlay, Treasurer.

Item 21. Motion made, seconded and voted to raise and appropriate \$1,800., Clerical Assistance, Collector.

Item 24. Motion made, seconded and voted to raise and appro-

priate \$2,700., Salaries, 3 members of Board of Assessors.

- Item 30. Motion made, seconded and voted to raise and appropriate \$2,500., Salary, Town Clerk.
- Item 32. Motion made, seconded and voted to raise and appropriate \$1,000., Clerical Assistance, Town Clerk.
- Item 38. Motion made, seconded and voted to raise and appropriate \$1,000., Planning Board, Expenses.
- Item 39. Motion made, seconded and voted to raise and appropriate \$300., Development and Industrial Commission, Expenses.
- Item 46. Motion made, seconded and voted that \$6,300. be raised and appropriated for Chief's Salary, Police Department. This was amended that \$7,000. be raised and appropriated for the Police Chief's Salary. The amendment carried 248 yes 177 no.
- Item 47. Motion made and seconded that the sum of \$19,600. be raised and appropriated for Regular Police Officers. This was amended to raise and appropriate \$32,600. for this purpose. The amendment failed to carry and \$19,600. was voted to be raised and appropriated for Regular Police Officers.
- Item 48. Motion made and seconded that \$6,146.25 be raised and appropriated for Payroll of the Police Department. This was amended to \$3,146. The amendment was withdrawn. The motion to raised and appropriate \$6,146.25 carried.
- Item 49. Motion made and seconded that \$1,085. be raised and appropriated for General Expenses, Police Department. This was amended to \$1,265. The amendment failed to carry, and it was voted to raise and appropriate \$1,085. for General Expenses, Police Department.
- Item 50. Motion made and seconded to raise and appropriate

\$4070. for Cruiser Expense. This was amended to \$4,310. but the amendment failed to carry and it was voted to raise and appropriate \$4070. for Cruiser Exp.

Item 51. Motion made and seconded to raise and appropriate \$200. for Capital Outlay for Police Department. This was amended to \$1334, but the amendment failed to carry and it was voted to raise and appropriate \$200. for Capital Outlay for Police Department.

Item 62. Motion made and seconded that \$500. be appropriated under Item 62 of Article 2, Capital Outlay, Civil Defense. This motion failed to carry.

Item 63. Motion made and seconded that \$8,200. be raised and appropriated for Salaries and Expenses, Emergency Communications Center. Amendment to raise and appropriate \$9,500. under this item, failed to carry, Main motion to raise and appropriate \$8,200. carried.

Item 66. Motion made, seconded and voted that \$525. be raised and appropriated for Capital Outlay, Tree Warden and Moth Superintendent.

Item 69. Motion made, seconded and voted that \$1,400. be raised and appropriated for Expenses, Operation and Maintenance of Equipment, Tree Warden.

Item 73. Motion made, seconded and voted that \$1,500. be raised and appropriated for Remuneration and Expenses of the Building Inspector.

Item 78. Motion made, seconded and voted to raise and appropriate \$5,500. for Aid and Expenses, Board of Health.

Item 80. Motion made and seconded to raise and appropriate \$3,800 for Salary, School Nurse. This was amended to \$4,200., but the amendment failed to carry, and it was voted to raise and appropriate \$3,800. for Salary, School Nurse.

Items 105 - 111, inclusive. Motion made and seconded that the

following sums be raised and appropriated under Schools:

Item 105 - General Control	\$ 19,146.00
106 - Instruction	494,341.00
107 - Operation	52,576.00
108 - Maintenance	13,463.00
109 - Auxiliary Agency	62,793.00
110 - Out-of-State Travel	650.00
111 - Capital Outlay	7,765.00

Total \$650,734.00

Motion made and seconded to amend the above figures as follows:

Item 105 - General Control	\$ 19,146.00
106 - Instruction	502,341.00
107 - Operation	57,376.00
108 - Maintenance	15,463.00
109 - Auxiliary Agency	63,793.00
110 - Out-of-State Travel	650.00
111 - Capital Outlay	9,665.00

Total \$668,434.00

Considerable discussion followed.

Motion made, seconded and voted to adjourn until Tuesday, March 12, 1963 at 7:30 P.M. at the same place. Adjourned at 12 midnight.

NELLIE G. TARR, Asst. Town Clerk

ADJOURNED ANNUAL TOWN MEETING
MARCH 12, 1963

The Adjourned session of the Annual Town Meeting was called to order at 7:30 P.M. on March 12, 1963, by the Moderator, Joseph M. Silvia, with 218 voters present.

The tellers appointed and sworn for the opening session on March 11, 1963 were present and served.

Motion made, seconded and voted that certain students and non-voters be admitted. These were seated on the stage.

Mr. John C. Bond offered the following:

"My Fellow Townsman"

In view of the fact that a dedicated public official of our town has elected to retire from public office and is not seeking election to any office this year, I believe that this meeting should take cognizance of his selfless service to his community. Some of us may have on occasion disagreed with Earle F. Allen, but most of us, I am confident, have never doubted his sincerity or his desire to serve his town. With this in mind I propose the following resolution:

RESOLVED: That this town meeting express in behalf of its citizens its deep appreciation and gratitude to Earle F. Allan for his years of unselfish service to the town; that we express our feelings by a rising vote of thanks; and that the action of the meeting be inscribed upon the permanent records of the Town of Norwell."

This was given a rising vote and was adopted unanimously.

Article 2. Items 105 through 111 were debated further. When the question was voted upon, the following resulted:

Item 105 - \$19,146.00 VOTED

Item 106 - amendment of \$502,341 FAILED TO CARRY,
119 yes, 220 no. \$494,341.00 was VOTED

Item 107 - amendment of \$57,376 FAILED TO CARRY
\$52,576.00 was VOTED

- Item 108 - amendment of \$15,463 FAILED TO CARRY
\$13,463.00 was VOTED
- Item 109 - amendment of \$63,793 FAILED TO CARRY
\$62,793 was VOTED
- Item 110 - \$650. VOTED
- Item 111 - amendment of \$9,665 FAILED TO CARRY
\$7,765 VOTED

Mr. George Whitcher, Chairman of the School Committee, quoted the law regarding court action when a school budget was voted down by a Town.

Motion made and seconded to limit debate to five minutes per person. Voted yes 67, no 118 - Motion FAILED TO CARRY.

ARTICLE 2. Item 117. Motion made, seconded and VOTED that \$1,200. be raised and appropriated for Water Commissioners, Salaries (3).

ARTICLE 2. Item 142. Insurance, Plymouth County Retirement. Motion made and seconded that the sum of \$10,341. be raised and appropriated. This was amended to \$1,000. The amendment failed to carry. The main motion was VOTED.

ARTICLE 2. Item 143. Motion made and seconded that the sum of \$10,100. be raised and appropriated for Group Insurance. This was amended to \$1,000. The amendment failed to carry and the main motion of \$10,100. was VOTED.

ARTICLE 2. Item 144. Motion made, seconded and VOTED to raise and appropriate the sum of \$19,154. for Workmen's Compensation Insurance.

ARTICLE 2. Item 147. Motion made, seconded and VOTED

that the sum of \$15,000. be appropriated to the Reserve Fund; \$14,000. to be transferred from Overlay Surplus and \$1,000. to be transferred from E. & D.

ARTICLE 3. Motion made, seconded and voted to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1964, and to issue a note or notes therefor, payable within one year in accordance with General Laws, Chapter 44, Section 4, as amended, and to renew any note or notes as may be given for less than one year in accordance with General Laws, Chapter 44, Section 17, as amended.

ARTICLE 4. Motion made, seconded and voted to appropriate and transfer from E. & D. the sum of \$14,025. in anticipation of repayment by the Commonwealth of Massachusetts, for Chapter 81 work on the highways.

ARTICLE 5. Motion made, seconded and VOTED to appropriate and transfer from E. & D. the sum of \$18,000. in anticipation of repayment by the Commonwealth of Massachusetts and the County of Plymouth, for Chapter 90 work on West Main Street.

ARTICLE 6. Motion made, seconded and voted to appropriate and transfer from E. & D. the sum of \$7,660.08 in anticipation of repayment by the Commonwealth of Massachusetts, Chapter 782, Acts of 1962, to be applied to Chapter 90 construction on West Main Street.

ARTICLE 7. Motion made, seconded and voted to appropriate and transfer from E. & D. the sum of \$425. for mix-in-place surface on Douglas Avenue, for a distance on 425 feet, said sum to be added to the Town Highway Account.

ARTICLE 8. Motion made, seconded and voted to appropriate and transfer from E. & D. the sum of \$600. for mix-in-place surface on Leigh Road for a distance of 600 feet, said sum to be added to the Town Highway Account.

ARTICLE 9. Motion made, seconded but FAILED TO CARRY, to appropriate and transfer from E. & D. the sum of

\$3,000. for mix-in-place surface on River Street for a distance of 3,000 feet.

ARTICLE 10. Motion made, seconded and VOTED to appropriate and transfer from E. & D. the sum of \$550. for mix-in-place surface on Wendall Avenue for a distance of 550 feet.

Motion was made that Article 30 be advanced for consideration before Article 24. Motion withdrawn.

ARTICLE 11. Motion made and seconded, but FAILED TO CARRY, to appropriate the sum of \$3,200. to purchase a new 3/4 ton four wheel drive pick up truck for the Highway Department and to meet such appropriation by appropriating the sum of \$1,700. from available funds and the sum of \$1,500. from the Highway Road Machinery Fund.

ARTICLE 12. Motion made, seconded and VOTED to appropriate from the Road Machinery Account the sum of \$1,500. for the purchase of a used two-ton or larger truck chassis to be used for the mounting of a V-Body Sander that the Town now owns.

ARTICLE 13. Motion made, seconded and VOTED that the new road running parallel with the Southeast Expressway on the northerly side between River Street and the present Pine Street be named Pine Street and that the use of the name Pine Street on that section extending from the Southeast Expressway to Common Street be discontinued so that henceforth Pine Street shall extend from Circuit Street to River Street.

ARTICLE 14. Motion made, seconded and VOTED that the name Pine Street, as it extends from Common Street to the Southeast Expressway be changed to "Leonard Lane."

ARTICLE 15. Motion made, seconded and VOTED that the new road running parallel with the Southeast Expressway on the southerly side between River Street and the present Stetson Road be named "Stetson Road" and that the use of the name Stetson Road on the section now extending northwesterly from the Southeast Expressway to River Street be discontinued, so that henceforth Stetson Road shall extend from River Street, opposite Church Street to River Street at the southerly side of the Southeast Expressway.

ARTICLE 16. Motion made, seconded and VOTED that the name "Stetson Road" on that section of the present Stetson Road extending northwesterly from the Southeast Expressway to River Street, be changed to "Stetson Shrine Lane".

ARTICLE 17. Motion made, seconded and VOTED to appropriate and transfer from E. & D. the sum of \$5,000. to be used by the Permanent Drainage Committee for replacement of culverts, field engineering and other drainage work throughout the town.

ARTICLE 18. Motion made, seconded and VOTED to accept a portion of Millwood Circle as a Town Way as laid out by the Selectmen in accordance with the description and plan presented at a Hearing in the Cushing Memorial Town Hall and now on file in the Town Clerk's office, without appropriation.

ARTICLE 19. Motion made and seconded to instruct the Selectmen to establish a second polling precinct. Motion made and seconded to amend this motion by referring the matter to a Committee of 3 to be appointed by the Selectmen and to report their recommendations to the next Annual Town Meeting. The amendment FAILED TO CARRY. The main motion FAILED TO CARRY.

ARTICLE 20. Motion made, seconded and VOTED to appropriate and transfer from E. & D. the sum of \$150. for the purpose of maintaining during the ensuing year, the mosquito control works as estimated and certified to by the State Reclamation Board in accordance with the provisions of Chapter 112, Acts of 1931.

ARTICLE 21. Motion made, seconded and VOTED to authorize the Town Accountant to close out the unexpended balances of the following appropriations, the purposes of which have been completed:

Police - New Cruiser	\$.01
Highways- New Snow Plow	52.00
Highways- Old Meeting House Lane	11.35
Highways- Drainage, Washington Park	170.42

ARTICLE 22. Motion made, seconded to appropriate and transfer from E. & D. the sum of \$82,000. to be added to the Stabilization Fund, as provided by the General Laws, Chapter 40, Section 5B. Motion made, seconded and VOTED to lay Article 22 on the table.

ARTICLE 23. Motion made, seconded and VOTED to appropriate the 1962 Dog Tax Refund in the amount of \$1,088.61 to the School Department Operation Account.

ARTICLE 24. Motion made and seconded that the sum of \$32,700. be appropriated and transferred from E. & D. for the acquisition of the parcel of land owned by Joseph F. Pilalas and Anna L. Pilalas as described in deed to them from Charles E. Howland, Sheriff, dated October 4, 1946 and recorded in Plymouth County Registry of Deeds, Book 1929, Page 322, said deed stating 67 acres, more or less, with buildings thereon, but exempting from same that portion with buildings thereon commencing at a concrete bound (here is a long description of the property, the reading of which was omitted by ruling of the Moderator) containing 2 acres, more or less, and the Selectmen having first been assured by the Permanent Building Committee that a proper leeching area is available for each school, are instructed to purchase from Joseph F. Pilalas and Anna L. Pilalas at a sum not to exceed \$32,700. the foregoing described parcel; or if unable to purchase same within the appropriated amount, the Selectmen are instructed on behalf of the Town to take the foregoing described parcel by eminent domain. The southerly portion of said parcel, not exceeding 25 acres, to be used as a school site and the remainder to be for use as a town garage site." The Planning Board reported that they had also considered 2 other sites in Town, as instructed by Article 7 in the September 24, 1962 Special Town Meeting - The Albert Loring property on Grove Street and the Hatch lots on Prospect Street, at the end of Jacobs Lane, beside the Pilalas property, and were recommending the Pilalas property. After considerable discussion, motion was made and seconded to amend as follows:

"That the Town rescind its vote under Article 6 of the Special Town Meeting of September 24, 1962, whereby the Town voted to provide additional elementary classrooms by the development of a new Elementary School: and that we hereby instruct the

Permanent Building and Maintenance Committee to proceed with the addition to the Grace Cole School and further move that the Selectmen appoint a School Site Committee of 5 men to study locations for a new elementary school site, including a study of land already owned by the Town; to bring before the town for selection by the town, at least three sites having the approval of the Planning Board, School Committee and Permanent Building and Maintenance Committee."

Motion made and seconded that the matter be referred to the Planning Board for further study and report made at a Special Town Meeting to be called on or before May 1, 1963.

The motion to refer to Planning Board for further study, FAILED TO CARRY.

The amendment to rescind, FAILED TO CARRY.

The main motion FAILED TO CARRY, yes 81 no 177.

Motion made, seconded and VOTED to adjourn until Thursday evening, March 14, 1963 at 7:30 P.M.

NELLIE G. TARR, Asst. Town Clerk.

ADJOURNED ANNUAL TOWN MEETING
MARCH 14, 1963

The adjourned annual town meeting was called to order at 7:50 P.M. with 209 voters present. The tellers as appointed previously were all present and served.

Mr. Donald Wilder made a motion that the Moderator fix the time to adjourn this session and subsequent meetings to 11 o'clock P.M. This motion failed to carry.

It was VOTED to admit students, members of the Explorer's Post #76 and 2 non-voters to the meeting. They were admitted and seated on the stage.

Motion made, seconded and VOTED to indefinitely postpone action on Article 25.

Motion made and seconded to reconsider action on Items 105 through 111 under Article 2. A standing vote showed 140 for, 181 against.

Article 26. The Moderator stepped down and motion was made that Mr. Frederick Small act as Moderator during the discussion of Article 26. This was VOTED and Mr. Small was sworn and acted as Moderator.

Motion made, seconded and VOTED that action on this article be indefinitely postponed.

Article 27. Motion made that the Town vote to appropriate \$7500. for preliminary plans and specifications for a new elementary school. Motion made to amend "that the Town vote to appropriate and transfer from Available Funds \$7500. for the use of the Permanent Building and Maintenance Committee in preparing plans and specifications for school building needs." The amendment was ruled out of order by the Moderator. Motion

made that it be referred to a Special Town Meeting, so that the voters might be advised that a school addition instead of a free-standing school was contemplated and the Committee report back later to the Townspeople." Mr. Repass made a motion to strike out the words "a new elementary school" in the original motion. Town Counsel said he was of the opinion that this action would not invalidate bond issues, etc. The Moderator's ruling that the amendment was out of order was not sustained by the Assembly. The amendment was VOTED. The main motion as amended was VOTED.

VOTE: That the Town appropriate and transfer from Available Funds the sum of \$7500. for the use of the Permanent Building and Maintenance Committee in preparing preliminary plans and specifications for school building needs.

Article 28. Motion made and seconded that the Town vote to instruct the Permanent Building and Maintenance Committee to include in the planning of the new Elementary School, facilities for the William J. Leonard Memorial Library. Motion made and seconded to amend this motion by adding the words "new addition to the Grace Cole school" in place of the words "a new elementary school". Motion made, seconded and VOTED to indefinitely postpone action on Article 28.

Article 29. Motion made, seconded and VOTED, to instruct the Tree Warden to maintain all outside public grounds, including school playground areas, and to appropriate and transfer from E. & D. the following sums for

1. General New Equipment
2. Operation of new and presently owned equipment .
3. Supplies (lime, fertilizers, pesticides, etc.)
4. Labor

	\$6850.
Supervisor salary	600.
	\$7450. Total

Article 30. Motion made and seconded to request the School Committee to consider the use of school properties for all public functions now held in the Town Hall Auditorium, and if such use is acceptable to the school authorities, to instruct the Permanent Building and Maintenance Committee to prepare preliminary costs and layouts for the conversion of the Town Hall Auditorium into general office administration areas, general committee and board conference areas, all to replace present annex and Water Department administrative facilities. Motion made and seconded to amend as follows: "that the Permanent Building and Maintenance Committee be instructed to study the need for and possibilities of providing for additional general office administration areas, especially for town department engineering records and planning areas; that they bring their recommendations to a future town meeting no later than the next annual town meeting; but that they do not consider the use of the Town Hall Auditorium or lobby for such purposes; and further that they consult and work with the Selectmen on a solution of this problem."

The amendment was VOTED. The main motion, as amended, was VOTED.

Article 31. Motion made, seconded and VOTED to appropriate the sum of \$43,000. to install water mains of not less than six inches but less than sixteen inches in diameter in Grove Street from the end of the existing main at the junction of Norwell Avenue, Lincoln Street and Grove Street for a distance of approximately 7,250 feet toward Prospect Street and to meet such appropriation by appropriating a sum of \$3,001.23 from available funds from the remaining appropriation under the following articles:

Annual Town Meeting March 7, 1961	Article 20 Central Street	\$232.27
Special Town Meeting October 10, 1960	Article 2 Pond Street	2,768.96

and by appropriating from E. & D. the sum of \$39,998.77.

Article 32. Motion made, seconded and VOTED that this article be indefinitely postponed.

Article 22. Motion made, seconded and VOTED to take Article 22 off the table. Motion made, seconded and unanimously VOTED that the sum of \$82,000. be transferred from E. & D. to be added to the Stabilization Fund, as provided by the General Laws, Chapter 40, Section 5B.

Article 33. Motion made, seconded and VOTED to appropriate from E. & D. the sum of \$3,000.; said sum to be added to the Pumping Station and Mains Account and to be spent, in conjunction with the present account balance, for a pump house, pump and other equipment necessary to connect the new well site to the system.

Article 34. Motion made, seconded and VOTED that action on Article 34 be indefinitely postponed.

Article 35. Motion made, seconded and VOTED UNANIMOUSLY to appropriate and transfer from E. & D. the sum of \$5,000. to be added to the Water Department Land and Rights Account for the purpose of acquiring by purchase or eminent domain, land for water source sites or for land to protect such existing or approved sites.

Article 36. Motion made, seconded, but FAILED TO CARRY to indefinitely postpone action on Article 36.

Motion made, seconded and VOTED to raise and appropriate from E. & D. the sum of \$850. to install water mains of not less than six inches but less than sixteen inches in diameter in Old Oaken Bucket Road from the end of the existing mains in front of the Goudie property for a distance of approximately 250 feet.

Article 37. Motion made and seconded that the Town vote to amend Section II of the Zoning By-Laws by adding the following paragraph:

Expansion of a non-conforming use is limited to not more than 50% of the original size, and is to be allowed only by a variance granted by the Board of Appeals as hereinafter provided, and provided that such expansion, in the opinion of the Board of Appeals, is not detrimental or objectionable to the neighborhood and the town.

Motion was made to amend Section II of the Zoning By-Laws: "Expansion of a non-conforming use is to be allowed only by permit or variance granted by the Board of Appeals as hereinafter provided, and provided that such expansion is not detrimental or objectionable to the neighborhood and the Town." This was withdrawn and it was moved, seconded and VOTED to indefinitely postpone action on Article 37.

Article 38. Motion made, seconded and VOTED UNANIMOUSLY to amend Section IV of the Zoning By-Laws by amending Paragraph A to read as follows:

A. A one-family detached dwelling and associated out-buildings with not more than one such dwelling located on any one lot; but the conversion of a dwelling existing at the time of the passage of this By-Law to a two or three family dwelling is not prohibited provided that such conversion does not substantially change the character or size of the structure, and provided further that the lot appurtenant to said dwelling has an area per family unit of at least half that required for a single family dwelling, and by amending Paragraph C to read as follows:

C. Institutional, educational, recreational, philanthropic or religious building or use, but not including a building or use the chief activity of which is a service (1) to a delinquent, criminal, mentally deficient or mentally deranged persons; or (2) custom-

arily carried on as a business.

Article 39. Motion made, seconded and VOTED UNANIMOUSLY to amend Section V of the Zoning By-Laws by adding the following paragraph:

- C. No multi-family dwellings or apartment buildings are to be permitted in business district "A" except for conversion of existing dwellings as provided in Section IV, Paragraph A.

Article 40. Motion made, seconded and VOTED 194 yes, 50 no, that the Town amend Section VI of the Zoning By-Laws by adding the following paragraph:

- C. No multi-family dwellings or apartment buildings are to be permitted in business district "B" except for conversion of existing dwellings as provided in Section IV, Paragraph A.

Article 41. Motion made, seconded and VOTED UNANIMOUSLY to amend Section VI-A of the Zoning By-Laws by striking out the word "and" in Paragraph "A".

Article 42. Motion made, seconded and VOTED UNANIMOUSLY to amend Section VII of the Zoning By-Laws as follows:

1. By amending the heading of Article A, which now reads "Lot Sizes for Dwellings" to read "Lot Sizes."
2. By amending Paragraph "A" of Subsection 1 to read:
 - A. Residential District A - One acre with a frontage of 150 feet or more for each dwelling (remainder unchanged).
3. By amending Paragraph "B" of Subsection 1 to read:
 - B. Residential District B - One-half acre with a frontage of 125 feet or more for each dwelling (remainder unchanged).
4. By amending Paragraph "C" of Subsection 1 to read:

C. Residential District C - 8,000 square feet, with a frontage of 100 feet or more on a public way or private way, or, with respect to a single lot described, etc. (remainder unchanged).

5. By striking out Subsection 2 in its entirety.

6. By inserting a new Subsection 2 as follows:

2. The minimum lot size on which a building may be erected, placed or altered for business purposes shall be:

A. Business Districts A and B - one-half acre with a frontage of 125 feet or more, or for backland with inadequate frontage under the existing Zoning By-Laws, one acre, including an access strip not less than forty feet wide with a frontage of forty feet or more on which no building shall be placed or erected. The boundary line of a setback one acre lot running most nearly parallel to the way to which the lot is connected, as well as one intersecting boundary line, must be at least 125 feet in length.

Article 43. Motion made, seconded and VOTED 177 yes, 17 no, to amend Section VIII of the Zoning By-Laws by adding the following to Paragraph B: "Except that trailers may be placed upon a construction site for use as an engineering or construction office only. Permits for such use shall be granted by the Building Inspector for a period not exceeding one year, subject to annual renewal, which shall terminate within thirty days of completion of the project."

Motion to indefinitely postpone FAILED TO CARRY.

Article 44. Motion made, seconded but FAILED TO CARRY, to raise and appropriate or appropriate from available funds the sum of \$7,000. to add to the Conservation Fund, under the provisions of General Laws, Chapter 40, Section 5, Clause 51 and Section 8C, as amended.

Article 45. Motion made, seconded and VOTED to indefinitely postpone action on Article 45.

Article 46. Motion made, seconded and VOTED UNANIMOUSLY to accept a gift from the estate of Rena F. Jones, to wit: "To the Town of Norwell, Mass., I leave the sum of \$100. the interest to be used to care for the family lot in the Washington Street Cemetery, Norwell, Massachusetts."

Article 47. Motion made, seconded, but FAILED TO CARRY to instruct the Town Government Study Committee to prepare a report on the Town Meeting Representative form of Town Government, principally as a possible solution to the serious problems of lacking quorums and the insufficient consideration of complex articles, frequently unavoidable under open-meeting conditions.

Article 48. Motion made, seconded and VOTED to instruct the Town Government Study Committee to examine the state-local relations and to report their findings to the Selectmen from time to time.

It was VOTED that the Advisory Board be thanked for their hours of work on the warrant and budget.

Article 49. INSTRUCTION TO ELECTED TOWN OFFICERS
Motion made, seconded and VOTED that the Planning Board, working in conjunction with the School Committee make a study of the future school needs of the Town of Norwell; and that they report to the town not later than the next annual Town Meeting; and that they insert in the warrant for that meeting three separate articles covering respectively: 1) A campus school system; 2) a central school system; 3) A free-standing school system; together with their recommendations under each article.

Motion made and seconded that the Town vote to instruct the Board of Selectmen to order work week hours of not less than

forty-four (44) hours per week for the regular employees of the Police Department for all weeks remaining in the year 1963 and all following years until said instructions are changed by vote of the Town.

Motion made and seconded to amend the above motion thus: "to include salary step increases for the regular officers, based on the recommendations of the Advisory Board."

The amendment was VOTED, and the main motion as amended was VOTED.

Motion made, seconded and VOTED to instruct the Permanent Building and Maintenance Committee to prepare plans and specifications for an addition to the Grace Cole Elementary School, said addition to be as large as practical but in no event larger than twelve rooms.

Motion made, seconded and VOTED to instruct the Advisory Board to prepare the Recapitulation included in the Transcript of the Warrant and Advisory Board Recommendations so that it will more accurately portray the current financial position of the Town, the estimated amount to be raised by taxation and the predicted tax rate by: --

1. Itemizing the receipts from sources other than taxation; under each item actual receipts for the past year and Estimated Receipts for the current year; and
2. By including in their estimated tax rate an allowance for use of free cash in accordance with their recommendations; and
3. By including in the Recapitulation an estimate of the free cash, available at the end of the year if advisory board recommendations are followed.

Motion made, seconded and VOTED to instruct all Town Boards, Committees and Officials to prepare their annual budgets

for submission to the Town Meeting in such a manner that they will show the total amounts to be expended before applying State, Federal, or other reimbursement. If it is important to show these reimbursements, they shall be shown separately.

The moderator auctioned off the Fish Rights. #1 was purchased by Mr. Wayland Bailey of River Street for \$2.00. #2 was purchased by Mr. Robert Apts of Summer Street for \$2.00.

The business of the warrant having been completed, it was VOTED to adjourn at 12:15, until the day of election, March 16, 1963.

NELLIE G. TARR,
Asst. Town Clerk.

A True Copy Attest:

NELLIE G. TARR

Town Clerk

ANNUAL TOWN ELECTION

March 16, 1963

Pursuant to the Warrant, the voters met at the Senior High School on Main Street, Saturday, March 16, 1963, at 12 noon, for the Annual Town Election.

The Assistant Town Clerk, Nellie G. Tarr, delivered 2943 ballots, 2 ballot boxes, 3 sets of voting lists, tally sheets, master sheet, to Ralph H. Coleman, Warden, who opened the polls at 12 noon.

The Asst. Town Clerk swore in the following election workers; Ralph H. Coleman, Warden; Roger Dangora, Clerk; Agnes Albert, Deputy Clerk; John Reagan, Sr., Inspector; Minna Senger, Inspector; Constance Sayrs, Deputy Inspector; Wilder Gaudette, Edith Rauch, Gloria Broderick, Julia Rosebach, Joan Fadden; John Piotti, Ballot Box and Carmella Molla, Police Matron.

After all who had voted, the polls closed by the Warden at 8:00 P.M., the 22 absentee ballots received were checked on the voting lists and the ballots deposited in the ballot box.

At the close of the voting, the register on the ballot box was reconciled with the voting lists.

The Warden's record is as follows:

Ballots in Box #1	1230
Ballots in Box #2	<u>339</u>
	1569 Ballots Cast
	1374 Ballots Unused

The election workers as follows were sworn in before the

counting began: Barbara Cox, Doris Irish, Katherine Cranton, Eleanor Benner, Kurt Sundwall, Phyllis Lindsay, John Lindsay, Barbara B. Meacham, June E. McSweeney, Barbara Farren, Mary Alward, Josephine A. Valair, Arline DiStasio, June Lepisto, Margaret M. Peterson and Margaret DeFabio. Harland W. Farrar and George Cavanagh, Constables, were on duty.

Upon being canvassed and counted in open meeting, the ballots were found to have been cast as follows:

TOWN OF NORWELL

Commonwealth of Massachusetts

WARRANT FOR SPECIAL TOWN MEETING

Tuesday, June 18, 1963 at seven-thirty o'clock in the afternoon

To be held at the Senior High School

Plymouth, ss.

To either of the Constables of the Town of Norwell, in said County of Plymouth and Commonwealth of Massachusetts.

GREETINGS:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Norwell, qualified to vote in elections and town affairs to meet at the Senior High School in said Norwell, on TUESDAY, the EIGHTEENTH day of June, 1963 at 7:30 P.M., then and there to act upon the following articles, to wit:

Article 1. To see if the town will vote to raise and appropriate or appropriate from available funds the sum of \$30,000.00, or any other sum, to be expended under the direction of the Permanent Building and Maintenance Committee, for the purpose of obtaining final plans and specifications for the construction of a twelve-classroom addition to the Grace Farrar Cole School, or act on anything relative thereto.

Requested by the Permanent Building and Maintenance Committee.

Article 2. To see if the town will vote to raise and appropriate, or appropriate from available funds the following sums or any other sums for use by the School Department for the purpose of, or act on anything relative thereto.

Instruction

\$8,000.00

Operation	\$4,800.00
Maintenance	2,000.00
Auxiliary Agencies	1,000.00
Capital Outlay	<u>1,900.00</u>
Total	\$17,700.00

Requested by the School Committee.

Article 3. To see if the town will vote to raise and appropriate, or appropriate from available funds the sum of \$500.00, or any other sum, to grade and apply gravel to Paradise Drive from Main Street to the Water Tower, or act on anything relative thereto.

Requested by the Board of Selectmen.

Article 4. To see if the town will vote to raise and appropriate, or appropriate from available funds the sum of \$1,500.00, or any other sum, to install the following before the westerly section of Main Street is regraded and resurfaced to eliminate the future need of breaking this pavement:

Valved connections to the existing Main Street Water Mains and approximately 100 feet of water main extensions in the intersecting ways at:

A. The junction of Jacobs Lane and Main Street.

B. The junction of Prospect and Main Streets or act on anything relative thereto.

Requested by the Board of Water Commissioners.

Article 5. To see if the town will vote to purchase four acres, more or less, of land on Cross Street, owned by Percy Joseph, together with the garage thereon, and now used by the Town Highway Department, and raise and appropriate, or appropriate from

available funds, the sum of \$10,000.00, or any other sum, or act on anything relative thereto.

Requested by the Planning Board.

Article 6. To see if the town will vote to raise and appropriate or appropriate from available funds the sum of \$3,200.00, or any other sum, for the purchase of a new 3/4 ton four-wheel-drive Pickup Truck, or act on anything relative thereto.

Requested by the Highway Surveyor.

Article 7. To see if the town will vote to appropriate and transfer the sum of five hundred dollars (\$500.00), or any other sum, from the Washington Street Cemetery Permanent Fund, to purchase equipment for the cemetery, or act on anything relative thereto.

Requested by the Washington Street Cemetery Committee.

Article 8. To see if the town will vote to appropriate and transfer the sum of three hundred dollars (\$300.00), or any other sum, from the Washington Street Cemetery Permanent Fund, for the removal and replacement of dead trees in the Cemetery, or act on anything relative thereto.

Requested by the Washington Street Cemetery Committee.

You are directed to serve this Warrant by posting a copy thereof, attested to by you in writing, at each of five public places in the Town, seven days at least before the time for holding the Meeting called for in the Warrant. Hereof fail not, and make due return of this Warrant with your doings thereon to the Town Clerk of said Town on or before the Eighteenth day of June, 1963.

Given under our hands at Norwell this Sixth day of June in the year of our Lord, 1963.

G. HERBERT REPASS, Chairman
CHESTER A. RIMMER
CHARLES H. WHITING

"I hereby certify that I have posted said warrant in accordance with the town by-law and make this my return.

HARLAND W. FARRAR
Constable
Town of Norwell"

SPECIAL TOWN MEETING, JUNE 18, 1963

Pursuant to the Warrant issued by the Board of Selectmen. the Voters met at the Norwell Senior High School on June 18, 1963. The meeting was opened at 8:05 P.M. by the Moderator, Joseph M. Silvia, with 202 voters present. This number later increased to 237.

Tellers were appointed as follows: Orville Devine, head teller; Joseph Paradise, Paul MacDonald, Joseph Murphy, Mathias Benner and George Dumas. They were sworn to the faithful performance of their duty.

Motion made, seconded and voted that the reading of the warrant be omitted. The return of service by the Constable, Harland W. Farrar, was read by the Town Clerk.

Motion made, seconded and voted that 3 non-voters, residents of the town, be admitted.

The Moderator made an announcement that the booklet "About the Town" prepared by the League of Women Voters, about Norwell and Hanover, were available free to the townspeople.

ARTICLE 1.

Motion made and seconded that the town vote to appropriate from available funds the sum of \$23,000. to be expended under the direction of the Permanent Building and Maintenance Committee, for the purpose of obtaining final plans and specifications for the Construction of a twelve-classroom addition to the Grace Farrar Cole School.

The following amendment was then presented: 'that the town appropriate from available funds the sum of \$23,000. to be expended under the direction of the Permanent Building and Main-

tenance Committee for the purpose of obtaining final plans and specifications for the construction of an addition to the Grace Farrar Cole School to include the required common room facilities, six usual size classrooms, six extended area class rooms, one small group class room and a library.

The amendment was VOTED. The main motion as amended was VOTED.

ARTICLE 2.

Motion made, seconded and VOTED to indefinitely postpone action on Article 2.

ARTICLE 3.

Motion made and seconded, but FAILED TO CARRY, to appropriate from available funds the sum of \$500. to grade and apply gravel to Paradise Drive from Main Street to the Water Tower.

ARTICLE 4.

Motion made, seconded and VOTED to appropriate from available funds the sum of \$1,000. to install the following before the westerly section of Main Street is re-graded and re-surfaced to eliminate the future need of breaking this pavement: Valved connections to the existing Main Street Water Mains and approximately 100 feet of water main extensions in the intersecting ways at

- A. The junction of Jacobs Lane and Main Street.
- B. The junction of Prospect and Main Streets.

ARTICLE 5.

Motion made and seconded that the Town vote to acquire by purchase, for use as a Town Garage site, a portion of the tract

of land and building thereon on Cross Street, belonging to Percy E. and Florence K. Joseph, said portion containing four (4) acres more or less, being the entire parcel with the exception of one (1) acre and the dwelling thereon, as shown on compiled plan. And that the Town, for this purpose, vote to transfer from available funds the sum of \$500. for the purpose of executing a purchase and sale agreement between the Town and Percy E. and Florence K. Joseph for the sale of this land to the Town with the stipulation that transfer of ownership be effected after January 1st, 1964, and that the Town vote to raise under the 1964 tax levy, and appropriate for this purpose, the sum of \$9,500.

Amentment to Article 5, made and seconded, that the Planning Board be instructed to present to the Town at the next Annual Town Meeting a Town garage site other than the one on Cross Street. This was VOTED, 139 yes, 42 no.

ARTICLE 6.

E. Arnold Joseph, Highway Surveyor, made a motion to withdraw Article 6. Motion made, seconded and VOTED to postpone indefinitely action on Article 6.

ARTICLE 7.

Motion made, seconded and VOTED to appropriate and transfer the sum of five hundred dollars (\$500.) from the Washington Street Cemetery Permanent Fund, to purchase equipment for the cemetery.

ARTICLE 8.

Motion made, seconded and VOTED to appropriate and transfer the sum of three hundred (\$300.) from the Washington Street Cemetery Permanent Fund, for the removal and replacement of dead trees in the Cemetery.

The business of the warrant having been completed, it was moved, seconded and VOTED to adjourn at 9:35 P.M.

NELLIE G. TARR, Town Clerk

TOWN OF NORWELL

Commonwealth of Massachusetts

WARRANT FOR SPECIAL TOWN MEETING

Monday, October 7, 1963 at seven-thirty o'clock in the afternoon

To be held at the Senior High School

Plymouth, ss.

To either of the Constables of the Town of Norwell, in said County of Plymouth and Commonwealth of Massachusetts.

GREETINGS:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Norwell, qualified to vote in elections and town affairs to meet at the Senior High School in said Norwell, on MONDAY, the SEVENTH day of October, 1963 at 7:30 P.M., then and there to act upon the following articles, to wit:

Article 1. To see if the Town will vote to appropriate \$515,000.00 or any other sum, for the construction, original equipment and furnishing of an addition to the Grace Farrar Cole Elementary School; that to meet the foregoing appropriation the sum of \$175,000.00 shall be appropriated by transfer from the Stabilization Fund, and the Treasurer, with the approval of the Selectmen shall be authorized to issue \$340,000.00 bonds or notes of the Town, pursuant to Chapter 645 of the Acts of 1948 as amended; and that the grant to be received in the year in which construction commences pursuant to Chapter 591 of the Acts of 1959 shall be applied to the cost of the project in lieu of the proceeds of bonds or notes, or act on anything relative thereto.

Requested by the Permanent Building and Maintenance Committee.

Article 2. To see if the Town will vote to authorize the Per-

manent Building and Maintenance Committee to construct, originally equip and furnish an addition to the Grace Farrar Cole Elementary School and for said purpose to execute and deliver for and on behalf of the Town, all contracts and agreements it shall consider necessary to complete said project, and that said committee shall have full authority to expend for said purposes all appropriations heretofore made for said projects at Town Meetings held March 11, 1963, June 18, 1963, October 7, 1963 or act on anything relative thereto.

Requested by the Permanent Building and Maintenance Committee.

Article 3. To see if the Town will consider a report by the School Committee on current School Department finances, or act on anything relative thereto.

Requested by the School Committee.

Article 4. Will the Town vote to instruct the Board of Selectmen, the Board of Health, the Planning Board, the Board of Water Commissioners, the Permanent Drainage Committee and the Conservation Commission to take active steps now to oppose the discharge of sewage or effluent from treatment plants into the North River or its tributaries by Rockland or Scituate or any other town, or act on anything relative thereto.

Requested by more than one hundred citizens.

Article 5. Will the Town vote to instruct the Board of Health to prohibit the dumping in the Town of Norwell of sewage collected from cesspools and septic tanks until a site selected by the Board of Health is approved by vote at a Town Meeting, or act on anything relative thereto.

Requested by more than one hundred citizens.

Article 6. To see if the Town will vote to purchase a new 3/4 ton four-wheel drive pick up truck for the Highway Department and to raise and appropriate or appropriate from available fund the sum of \$3,200.00 or any other sum, or act on anything relative thereto.

Requested by the Highway Department.

Article 7. To see if the Town will raise and appropriate or appropriate from available funds the sum of \$415.65 or any other sum to pay a Quincy City Hospital Bill incurred in 1961 or act on anything relative thereto.

Requested by the Board of Public Welfare.

You are directed to serve this Warrant by posting a copy thereof, attested to by you in writing, at each of five public places in the Town, seven days at least before the time for holding the Meeting called for in the Warrant. Hereof fail not, and make due return of this Warrant with your doings thereon to the Town Clerk of said Town on or before the Seventh day of October 1963

Given under our hands at Norwell this twenty-sixth day of September in the year of our Lord, 1963.

G. HERBERT REPASS, Chairman
CHESTER A. RIMMER
CHARLES H. WHITING

"I hereby certify that I have posted said warrant in accordance with the town by-law and make this my return.

HARLAND W. FARRAR
Constable
Town of Norwell"

SPECIAL TOWN MEETING, OCTOBER 7, 1963

Pursuant to the foregoing warrant, the voters met at the Norwell Senior High School on October 7, 1963. The meeting was opened at 8:10 P.M. by the Moderator, Mr. Joseph M. Silvia, with 200 voters present. Tellers were appointed and sworn to the faithful performance of their duties, as follows: George Dumas, Head Teller; William Freehill, Arthur Muzrall, Rev. Warren Roberts, Chester Bell and Paul Keefe. It was voted to admit 4 non-voters, and they were seated in front seats to the right of the Moderator.

Motion made, seconded and voted to omit the reading of the Warrant. The Town Clerk read the return of service by the Constable, Harland W. Farrar.

Article I. Motion made and seconded to appropriate \$422,000. for the construction, original equipment and furnishing of an addition to the Grace Farrar Cole Elementary School; that to meet the foregoing appropriation the sum of \$182,000. shall be appropriated by transfer from the Stabilization Fund and the Treasurer, with the approval of the Selectmen, shall be authorized to issue \$140,000. bonds or notes of the Town, pursuant to Chapter 645 of the Acts of 1948 as amended; and that the grant to be received in the year in which construction commences pursuant to Chapter 591 of the Acts of 1959 as amended, in the amount of \$100,000. shall be applied to the cost of the project.

Motion made, seconded and voted that Article I be amended by adding after the words "bonds or notes of the Town" in the original motion, the following phrase: "for a term not exceeding five years."

The motion as amended was voted: "to appropriate \$422,000. for the construction, original equipment and furnishing of an addition to the Grace Farrar Cole Elementary School; that to meet

the foregoing appropriation, the sum of \$182,000. shall be appropriated by transfer from the Stabilization Fund and the Treasurer, with the approval of the Selectmen shall be authorized to issue \$140,000. bonds or notes of the Town, for a term not exceeding five years, pursuant to Chapter 645 of the Acts of 1948 as amended, and that the grant to be received in the year in which construction commences pursuant to Chapter 591 of the Acts of 1959 as amended in the amount of \$100,000. shall be applied to the cost of the project. "

Article II. Motion made, seconded and voted unanimously to authorize the Permanent Building and Maintenance Committee to construct, originally equip and furnish an addition to the Grace Farrar Cole Elementary School and for said purpose to execute and deliver for and on behalf of the Town, all contracts and agreements it shall consider necessary to complete said project, and that said committee shall have full authority to expend for said purpose all appropriations heretofore made for said projects at Town Meetings held March 11, 1963, June 18, 1963 and October 7, 1963.

Article III. Motion made, seconded and voted to the reading of a report by the School Committee on School Department finances. The following report was read by Robert Maglathlin, Chairman of the School Committee:

"The School Committee has carefully reviewed the expenditures to date and the balances as of the first of September. The cash needs for the remainder of the year have also been studied. Consequently, the following deficiencies are estimated:

Instruction	\$ 700.00
Operation	2,200.00
Auxiliary Agencies	<u>600.00</u>
	\$3,500.00

The fact that this amount is not as large as was predicted

earlier reflects the sincere effort on the part of all members of the School Department to hold costs to a minimum. However, in spite of this effort, the above deficiencies relative to the budget voted at the annual town meeting are expected at this time.

The additional needs in the category of instruction include the completion of the textbook purchasing that was originally planned, since the School Committee is unwilling to compromise the educational program for the sake of economy alone.

The money needed for the operation category reflects the fact that the reduction in custodial services suggested by the advisory board has not been implemented. The Committee feels that one less custodian than at the present would result in inadequate maintenance and building supervision and that it would be false economy to jeopardize a one million dollar facility in order to save \$2,000. This building is experiencing increasing usage and should serve the community for many years to come. It is a fine building, we are proud of it, and we would like to keep it that way.

The deficiency in the auxiliary agency category is a result of expenses that have accrued and that were not anticipated when the 1963 budget was prepared. This demonstrates the need for having a reasonable reserve fund as has been maintained with our Public Law 874 money. This money is received as a reimbursement from the U. S. Government in support of students whose parents live or work on U. S. Government property and is used at the discretion of the School Committee. It has customarily been used in Norwell to meet unexpected emergency expenses, and a major portion of the balance on January 1st has been applied to the operations account of the following year.

The School Committee plans to meet the above needs for funds in excess of the budgeted amounts from the current balance of Public Law 874 money.

As a result of this proposed action, plus the fact that our re-

ceipts this year of Public Law 874 money have been about \$8,000. below those for last year, our balance will be lower at the end of this year. We expect a balance of less than \$10,000. as compared with the balance of approximately \$20,000. on January 1, 1963.

It should be pointed out that the Public Law 874 money available in Norwell is expected to decrease over the years ahead. Further, we have no guarantee from year to year that these funds will continue to be provided. Consequently, it is unwise in future budgeting to plan on their availability.

While on the subject of future planning, the School Committee wished to bring to the attention of the town the pressing need for additional playground facilities necessitated by our existing athletic program and expanding pupil population. This need has been defined by a joint committee of School Committee and faculty members and reported to the School Committee, which has, in turn, alerted other interested Town Departments. The first requirement in this area is for the acquisition of suitable land. We ask the cooperation of all Town Departments and interested citizens to assist us in meeting this need.

Respectfully submitted by

NORWELL SCHOOL COMMITTEE."

Motion made, seconded and voted to accept the report as read.

Article IV. Motion made and seconded to instruct the Board of Selectmen, the Board of Health, the Planning Board, the Board of Water Commissioners, the Permanent Drainage Committee and the Conservation Commission to take active steps now to oppose the discharge of sewage or effluent from treatment plants into the North River or its tributaries by Rockland or Scituate or any other town.

Motion made and seconded to amend the motion by omitting the words "by Scituate" and then "by Rockland" and "or any other town." These amendments failed to carry. The original motion was voted.

Article V. Motion made and seconded to instruct the Board of Health to prohibit the dumping in the Town of Norwell of sewage collected from cesspools and septic tanks until a site selected by the Board of Health is approved by vote at a Town Meeting.

Motion made, seconded and voted unanimously to postpone action on Article V indefinitely.

The Moderator announced that the meeting would return to a reconsideration of Article I in order to rectify a procedural omission. The Chair requested that a motion to reconsider Article I be made from the floor. This motion was made, seconded and carried. Thereafter, the Chair explained the necessity for reconsideration was that a 2/3 vote is required for a bond issue.

The main motion as originally voted was then voted unanimously.

Article VI. Motion made, seconded and voted unanimously that the Town appropriate by transfer from the Road Machinery Fund the sum of \$3,200.00 to purchase a new 3/4 ton four-wheel drive pick up truck for the Highway Department.

Article VII. Motion made, seconded and voted to postpone indefinitely action on article VII.

The business of the warrant having been completed, motion made, seconded and voted to adjourn at 10 P.M.

DUTIES OF TOWN CLERKS

At the convention of the Massachusetts Town Clerk's Association in June of this year, the duties and responsibilities of the Town Clerks were discussed. This brought to mind the fact that perhaps the Townspeople of Norwell are not fully cognizant of the many and varied functions of their Town Clerk's office.

As a matter of information, they are listed below:

1. Makes and keeps records of Annual and Special Town Meetings.
2. Furnishes certified records of above to Accountant and Assessors.
3. PRIMARIES AND ELECTIONS:
 - a. Care of nomination papers.
 - b. Having papers certified by Registrars.
 - c. Preparing ballots for Town Elections.
 - d. Preparing ballots for Absentee Voting.
 - e. Handling details of issuing and recording Absentee Ballots.
 - f. Preparing record sheets for ballot counting.
 - g. Having jurisdiction of Polls and Tellers.
 - h. Report of results to State and County.
 - i. Preserving ballots and records of votes for legal span of time.
4. REGISTRATION OF VOTERS:
 - a. A member of the Board of Registrars.
 - b. Keeps Board records.
 - c. Registers voters whenever office is open, except during the closed periods before elections.
5. Prepares voting lists.
 - a. Notifies people who have moved from town that they must prove residence or their names must be removed from the voting lists six months after notification. Information of removal from town furnished by Registrars when the January 1st listing of residents is taken.

6. Keeps street listing records and prepares listing for printing.
7. Makes up list of dogs in town and follows up on licenses for same, before turning over list of delinquents to the Dog Officer.
8. Keeps Board of Registrars informed of changes in Election Laws and the dates of Primaries and Elections, when information is sent from State House.

9. VITAL STATISTICS

- a. Records kept of all marriages, births and deaths.
- b. Certified copies of these records, furnished upon request.
- c. Copies of records sent to State House and other cities and towns.
- d. Assist public in searching records for genealogical purposes, as time allows.

10. CERTIFICATES:

- a. The Town Clerk is the Certifying Officer of the Town to furnish certified records to the State and sometimes to County.

11. RECORDS

- a. All business certificates
- b. Notices of public meetings of all departments.
- c. Board of appeal hearings filed.
- d. Subdivision applications (several kinds).
- e. Chattel Mortgages and discharges

12. LICENSES

- a. Marriages
- b. Several kinds of dog licenses.
- c. Several kinds of fishing, hunting and trapping licenses.

13. RECORDING POLE LOCATIONS.

If the Town Clerk's office may be of service to any of the people of Norwell in connection with the above, anyone is free to call upon me.

NELLIE G. TARR,
Town Clerk

REGISTRATION OF VOTERS

Registered Voters	January 1, 1963	2858
New Voters Registered up to December 10, 1963		116
Names Removed after Registers' listing report, died, left town, etc.		266
Registered Voters	December 10, 1963	2762

* Difference of 54 in figures is made up by deaths which occurred during the year, notification from other towns that former voters had registered in their towns, correction of errors, (duplication of names on Voting Lists), etc. It is also very possible that some people who have moved into town have not yet registered to vote.

QUALIFICATIONS

Any person who has lived in the Commonwealth one year, and in the Town six months, may register to vote, if a citizen.

Some evidence must be shown proving six months residence, such as a receipted gas, electric light, or other bill.

If a naturalized citizen, naturalization papers must be presented at time of registration.

TIME TO REGISTER

Beside dates set for registration, any qualified resident may register with the Town Clerk any weekday during the year, except Saturday, and those days during which registrations are closed by law.

REPORT OF
THE BOARD OF PUBLIC WELFARE

Board of Selectmen

Gentlemen:

Early in January, John Lindsay, who had served on the Board for three years, announced that he would not be a candidate for re-election. Mrs. Ruth Hersey was elected in March and the Board organized with Ralph H. Coleman as chairman and clerk, Ruth Hersey and Minna Senger, members.

Mrs. Helen E. Norris, Director, retired on August 20, 1963. She had served the town since 1940; starting as the first clerk for the Selectmen, Assessors, and Board of Public Welfare. As the requirements for welfare increased, she was appointed full time Welfare Agent under Civil Service. She has served the town faithfully, and we wish her much pleasure in her retirement. Mrs. Pearl Gilmore, who had been with the welfare department for nearly five years, was temporarily appointed to fill the vacancy. On October 14, 1963 she received her permanent appointment under Civil Service and is now in charge.

In 1962 there was an increase in hospital and nursing home rates. This continued in 1963 and we are faced with sizable increases in 1964. In the past year General Relief has held in line with that of the last few years, quite low. The number of Old Age Assistance cases remains about the same as last year. Aid to Families with Dependent Children has increased 100% and this increase will probably continue through 1964. We had been two years without any cases on Disability Assistance but now have a few cases in this category which will probably continue through 1964. Medical Assistance for the Aged cases increased in number this year and will continue to do so. This is now the most expensive category, and with increased hospital rates, we anticipate a substantial increase this coming year.

Federal and state reimbursements are received at regular intervals, and increased aid is proportionately shared by the State and Federal government so that the actual cost to the town is quite low.

RALPH H. COLEMAN, Chairman
Board of Public Welfare

REPORT OF THE WASHINGTON STREET
CEMETERY COMMITTEE

The Washington Street Cemetery Committee reports that the maintenance of the cemetery has been improving year after year. It is our hope that this will continue.

This year we have added new equipment and expect that with this and the continued cooperation of the Park Service, we will be able to have a cemetery, which the town may consider a fitting memorial to its departed neighbors and friends.

There have been indications of trespassing and vandalism, and we urge parents to curb these immediately, as there is a severe fine for both.

The majority of the lots now have a fund for permanent care and a similar fund is required when a new lot is purchased. Any member of the cemetery committee is willing to explain this requirement, which is essential to the continuing care of our cemetery.

This report provides the committee with the opportunity to thank a former member, Mr. George Bennett, for his years of service.

Respectfully submitted,

WILDER A. GAUDETTE
WILLIAM D. JACOBS
JOHN R. REARDON

REPORT OF THE INSPECTOR OF ANIMALS

Board of Selectmen
Norwell, Massachusetts

Gentlemen:

As Inspector of Animals for the Town of Norwell, I have completed my duties for 1963 and report as follows:

Inspected barns and reported same to the State.

Reported to the Division of Livestock Disease Control the census of animals in the Town of Norwell.

Quarantined and released approximately seventeen dogs.

Respectfully submitted,

RICHARD E. CUGNASCA, D. V. M.
Inspector of Animals

REPORT OF THE NORWELL VISITING NURSE ASSOCIATION, INC.

Board of Selectmen
Norwell, Massachusetts

Gentlemen:

The program from January 1, to December 31, 1963 has been as follows:

1. Home Nursing Care.
2. Well Child Clinics.
3. Sick room equipment - hospital beds, wheel chairs, walkers, commodes, crutches, canes, male urinals, bed pans, rubber rings, etc., made available to all of the townspeople without charge.
4. An automobile for nursing service and for use by the school nurse.
5. Maintenance of Health Clinics.
6. Charity
7. Annual Nursing Scholarships in 1963 were given to Paula Scott at the Deaconess Hospital, Joyce Brown at the Massachusetts General Hospital, Marcia Fullerton at the Brockton Hospital, and Margaret McGuire at the Brockton Hospital.

The Home Nursing Care is staffed by Miss Catherine Roe, Mrs. Ruth Lantrey and a new member, Mrs. Carol J. Makin.

The Well Child Clinic meets on the fourth Tuesday of each month at 1:00 P.M. Appointments are necessary. For appointments and information call Mrs. Harold King, 659-2804.

Dr. Alice Butler, Pediatrician, is assisted by Mrs. Harold King, chairman, Mrs. Francis Dyer, R.N., and Mrs. Carol J. Makin, R.N., who has special training in Pediatrics. Mrs.

James Robertson is chairman of transportation. Miss Roe assists at all clinics.

The attendance and interest in the clinic has greatly increased this past year. There is a waiting list for appointments.

Our sick-room equipment is more or less in great demand - especially crutches.

A new automobile will be purchased this year.

The Annual Membership Drive, with Mrs. Theodore Dyer, as chairman, and Mrs. Harry Chase, as treasurer, was about average. The amount received each year is around six hundred dollars.

One new wheel-chair was purchased from the Memorial Fund in memory of Mrs. H. Day Atwater, who was president for many years, and founder of our famous rummage sales.

At the time Mrs. Atwater was president, Mrs. William Henderson had the Visiting Nurse telephone in her house, and up to the time of her death this past year.

At present our telephone number is answered through the Communications Center.

Mrs. S. T. Bittenbender was our beloved secretary for many years. When she passed away this past year, a Memorial Fund was started in her name. This has grown to a sizable fund.

Mrs. W. Clarke Atwater has acted as secretary pro-tem until the Annual Meeting in March, when she will be voted as our secretary.

A new Board member, also to be voted at the March meeting, will be Mrs. Dennis Mederos.

Mrs. Earle Allen, besides her many duties as treasurer, helped at the Well Child Clinic.

Mrs. Pierce Fuller heads all health clinics.

Mrs. Richard Gaudette is charge of publicity.

The officers and board members wish to thank all the people who so generously contribute to our rummage sales and to the annual membership. The amount of rummage delivered to the "Old Shop" at Sparrell's ahead of these dates is a great help.

The Annual Meeting and Tea will be held on March 4th at 2:00 P.M. at the Parish House. Miss Jane Tenney, R.N., will be the speaker. Her subject - American and English Nursing. Tea co-chairman will be Mrs. Gentry Clark and Mrs. Richard Gaudette. All are invited.

The Treasurer's report which follows, shows the sources of income and expenditures.

Anyone in need of Nursing Care, call 659-2342 before 9:00 A.M. and before 1:00 P.M. For hospital equipment, call 659-2894.

Respectfully submitted,

GRACE L. SPARRELL, R.N.
President

REPORT OF THE BOARD OF ASSESSORS

During the past year valuation of land has been a concern of your Board of Assessors. We look forward to substantial progress in this area during the coming year.

Also during the past year, our Assessors Maps have been brought up to date showing all recent subdivisions of land. These maps represent a heavy financial investment to our town. It is imperative these maps be kept up to date.

As a note of interest, indicating the increased amount of routine work on Motor Vehicle Excise Tax, the Assessors' Office handled as many Excise Commitments in six months in 1963 as the whole of 1962 and almost half of this amount had to be abated due to transfers of registrations.

On March 16, 1963, Stanley N. Baker was re-elected to the Board of Assessors for one year to complete the unexpired term of W. Clarke Atwater. Francis L. Logue was elected on this date to a three-year term on the Board of Assessors, this position having been left vacant due to Earle F. Allen's decision not to run again after serving so faithfully for eleven years.

The Board of Assessors wishes to thank the citizens of Norwell again for their patience and cooperation.

Respectfully submitted,

STANLEY N. BAKER, Chairman
JOHN L. CROWLEY
FRANCIS L. LOGUE
Board of Assessors

Board of Assessors

REPORT OF THE WILLIAM J. LEONARD MEMORIAL LIBRARY

To the Board of Selectmen
Norwell, Massachusetts

Gentlemen:

The year 1963 has been a most successful one from the standpoint of circulation, - 7,255 titles have been borrowed. This is an increase of 1,255 books over the 1962 total of 6,000 books borrowed. There are, as of December 1963, 900 registered borrowers, - 175 of which were new patrons this year. During the past year we have added 1,275 books to our shelves. Of this total, 857 books were gifts to the library.

We gratefully acknowledge and thank all those, who have so graciously donated excellent reading material. The staff would especially like to thank the Norwell Women's Club, the Hanover-Norwell League of Women Voters, and the Norwell Garden Club for their gifts of much needed reference works.

We have significantly increased the library reference department by the purchase of a set of Colliers Encyclopedia. A set of the Encyclopedia Americana is now available for circulation. A set of Encyclopedias are needed for the Intermediate and Junior High levels.

The staff wish to sincerely thank Combination 2 of the Norwell Fire Department for their many favors. We especially want to thank them for painting the ceilings, floor and window frames. They also re-lettered our small sign over the door and installed fluorescent lighting. Gaudette's Service Station also deserves our thanks for allowing our patrons to use their parking area.

Mrs. Thomas Cann, after 30 years of faithful service to the library, as Assistant Librarian, resigned in the Spring. Mrs.

Ernest Kirby was appointed to take her place.

During 1963, the staff, along with volunteer help, have just about completed an extensive "weeding out" of outdated books. In the coming year we are going to relocate and recatalog our books and files.

It is going to become a necessity in 1964, to remain open another afternoon and also an additional half hour in the evening. This will give a total of 12 hours per week, an increase of 3 hours over the 1963 total. Because of an increase in circulation and the inconvenience of such small quarters, the extra hours are needed to better serve the members of the community. The longer hours will make it easier on the staff as well as the borrowers - especially the children, - who will have more time to visit the library. These efforts will require additional support from the town.

Our staff forwards an invitation to visit our small, but up-to-date library, during the following hours:

Monday	2:30 - 4:30 P.M.
Tuesday & Thursday	7:00 - 9:00 P.M.
Saturday	10:00 A.M. - 1:00 P.M.

Additional hours, if any, will be on Wednesday, 2:30 - 4:30 P.M., and a half hour added to each evening. The extra hours will be announced in the newspapers and the schools.

The Leonard Library, - in its small, inadequate room - will continue to serve the people of Norwell, as it has for the past 43 years.

Respectfully submitted,

MILDRED M. CARR, Librarian & Trustee
HELEN KIRBY, Assistant Librarian
CLAIRE FOULSHAM, Trustee
LORRAINE DUTY, Trustee

PLYMOUTH COUNTY AID TO AGRICULTURE
(Plymouth County Extension Service)

by

ROBERT B. EWING, County Agent-Manager

The primary responsibility of the Extension Service is as the 1914 law states "to aid in diffusing among the people of the United States useful and practical information on the subjects relating to Agriculture and Home Economics and to encourage the application of same".

Resources of the University of Massachusetts and the United States Department of Agriculture are available to the Staff of the Plymouth County Extension Service because of a mutual assistance agreement.

To make this service available to you funds are provided by the Federal, State and County governments. Thus the name - Cooperative Extension Service.

Since 1915, when the Plymouth County Extension Service was organized and established, educational information pertaining to Agriculture, Home Economics and 4-H Club Work has been given free to citizens of Plymouth County.

The Extension Service office is located in the Court House, Brockton, Mass., and is staffed by agents who conduct programs in Agriculture, Home Economics and 4-H Club Work by furnishing educational information through farm and home visits, letters, newspaper articles, radio talks, meetings, office visits and telephone calls.

You are invited to make full use of the services provided by the Extension Service but should remember that although the Extension Service furnishes the information, it is you who makes the decision as to how the information may be used to best advantage.

Requests for information can be directed to the Plymouth

County Extension Service, Court House, Brockton, Massachusetts.

The Board of Trustees, appointed by the Plymouth County Commissioners, administer the Plymouth County Extension Service program and is composed of the following members:

MR. JOHN PRENTICE , Plymouth
Chairman
MRS. ELVA BENT SWARTZ, Brockton
MR. LEWIS BILLINGS, Plympton
MRS. MABEL CHANDLER, Duxbury
MR. JOHN DUFFY, Halifax
MRS. GLADYS GIBBS, Hanover
MR. ROBERT HAMMOND, Wareham
MR. JOHN HOWE, West Bridgewater
MR. GILBERT BLACKLEDGE, Whitman

REPORT OF THE SOUTH SHORE MOSQUITO CONTROL PROJECT

Board of Selectmen
Norwell, Massachusetts

Gentlemen:

The Town of Norwell appropriated \$4,000.00 for Mosquito Control and \$150.00 for Salt Marsh maintenance in 1963.

This money was used by the South Shore Mosquito Control Project, which is under the control of the State Reclamations Board, for mosquito control in this town.

The problem of control is handled in two ways, as follows:

PREVENTATIVE

Ditching and clearing of brooks.

Applying insecticide to shallow, stagnant waters that are breeding sites, to kill the larva before they emerge as biting insects.

ADULT CONTROL

Aerial spraying to kill the early summer brood of aedes mosquitoes.

Mist spraying and fogging troublesome areas during the summer.

In 1963, 9,125 feet of ditch were reclaimed to reduce breeding sites; aircraft applied insecticidal dust to 2,162 acres; 250 acres were dusted by ground equipment; 830 acres were sprayed with insecticides for larva and pupal control; insecticides were

applied to 605 acres by mist blower for adult and larval control and 200 acres were fogged.

Despite the Project's work, there were numerous requests for fogging from citizens of the town. These were handled as rapidly as possible.

In the interest of wild life conservation, the Project plans to do less aerial spraying and dusting and concentrate on the treating of breeding areas with ground equipment during 1964.

Respectfully submitted,

WILLIAM C. BENNETT

Commissioner for Norwell

REPORT OF THE BY-LAWS COMMITTEE

Board of Selectmen
Norwell, Massachusetts

Gentlemen:

The By-Laws of the Town of Norwell, revised by vote of the Town in accordance with committee recommendations, have been properly submitted to the Attorney General and approved by him, published in accordance with the General Laws of the Commonwealth of Massachusetts, and printed and compiled for distribution. In addition, recent changes have been incorporated in the printed copies now available for sale at the Town Clerk's office.

The By-Laws Committee feels that it has completed the tasks assigned and, therefore, submits this letter as the final committee report and our formal resignation. As our last official act we wish to thank the officials of the Town for their cooperation and support during the several years we have been working on our project.

Respectfully submitted,

W. BREWSTER SOUTHWORTH, Chairman
ROBERT M. BRODERICK
HORACE ROSS
DAVID LEE TURNER
SANBORN VINCENT

REPORT OF THE PLANNING BOARD

Board of Selectmen
Norwell, Massachusetts

Gentlemen:

The Planning Board reorganized after the March, 1963, Town election with Ralph H. Coleman, senior member, as Chairman and John A. Randall, newly elected for a five year term, as clerk.

SUBDIVISIONS AND THE SUBDIVISION CONTROL LAW

There has been a noticeable decrease in the pace of land development. During the year it was necessary to hold but two hearings; one in January for the "Country Acres" development of 22 lots; and one in December for an extension of "Tara Drive", which has not yet been divided into individual lots. No new developments appeared during the year. Whether this is the beginning of a trend or a temporary lull remains to be seen.

During the year we examined and endorsed 57 plans containing 92 individual lots which were not subject to the Subdivision Control Law.

ZONING BY-LAWS AND PLANNING BOARD REGULATIONS

A lengthy review of the Zoning By-laws resulted in seven articles in the 1963 Warrant, six of which were adopted by the Town. Completion of this recurring project, together with the lessened subdivision activity, provided a respite which enabled us to make a thorough examination and revision of the Planning Board Regulations which govern the lay-out and construction of subdivisions. This project is now almost completed. We expect to hold the public hearing, required before adoption of the revised regula-

tions, early in 1964.

GROWTH OF THE TOWN

The rate of growth of Norwell, as measured by new housing starts, has been relatively constant for several years at an average rate of 50 to 60 houses per year. It is interesting to note that of 62 building permits for new homes issued in 1963, only 19 were for houses in approved subdivisions, and 43 were for individual lots scattered throughout the Town.

We have been fortunate in that home construction in subdivisions has been at a moderate rate with the build-up of each subdivision spread over a number of years. Should rapid development of large subdivisions occur, a not unlikely possibility, plans for the future based on a uniform growth rate might prove to be inadequate. Therefore, while it seems reasonably safe to predict that the present rate of new home construction will continue for at least several years to come, long range predictions must be based on a somewhat higher average rate.

A conservative prediction, with no allowance for potential "population explosions", shows that we must prepare for something like the following:

Year	No. of Dwellings	School Population			
		Population	Elementary	Junior High	High School
1963	1500	5300	970	250	300
1975	2250	8000	1450	450	700

SCHOOLS

The projected growth rate, when applied in detail to school needs, shows that we will require additional High School space by 1967 or 1968, and that despite the addition to the Cole School now under construction, we should plan for still more Elementary school space to be ready by 1969 or 1970, or possibly as early

as 1968, depending upon how much we may be able or willing to increase class sizes and upon how many elementary class rooms may be squeezed out of the Junior High School which, by itself, should be adequate through 1973. However the pupils may be shuffled we must expect that the combined capacity of the Elementary and Junior High buildings will be exceeded by 1970 and plan accordingly. These unwelcome expenditures cannot be deferred, failure to plan ahead will result in another needless series of Special Town Meetings to authorize crash construction programs. We should not require the Permanent Building and Maintenance Committee to operate under these conditions.

We believe the school needs of the Town for the immediate future should be met on the following time schedule and we have submitted articles for the 1964 Warrant accordingly.

Annual Town Meeting Elementary School High School

1964	Appoint site committee.	Appropriate funds for plans to be expended as needed through 1965.
1965	Appropriate funds for site acquisition and preliminary funds for building committee.	
1966	Appropriate funds for plans.	Appropriate funds for construction. Building to be ready Sept. 1967
1967	Appropriate funds for construction. Building to be ready by Sept. 1968.	

This timetable will enable both buildings to be produced by the earliest date on which the need for them is now foreseen. Once funds have been made available for plans it will then be possible to delay the major appropriation and the construction of each building for one or more years if the rate of growth of the school population will permit.

GENERAL

Various other problems related to the growth of the Town have required time and attention.

A separate committee, with Planning Board representation, is working on the perennial Town Garage problem. The Permanent Building and Maintenance Committee is working on a proposal which is intended to meet the immediate need for more Administrative office facilities. The Planning Board is submitting a Warrant article which proposes formation of a committee to report to the 1965 meeting with a recommendation for acquisition of land for a combined Fire and Police Station.

A preliminary survey of the Town-owned land behind the Junior High School shows that it is possible to drain it. We are submitting Warrant articles proposing further study to determine its suitability for use as athletic fields, with further action to be taken at the 1965 meeting. Because this land is ideally located contiguous to both secondary schools, we believe a thorough examination of it must be made before alternate sites are given serious attention.

CAPITAL OUTLAY SCHEDULE

All of the foregoing point up the need for the development and maintenance of a long-term capital outlay schedule.

Such a schedule was originally started by the Planning Board and was introduced as part of a "Preliminary General Plan for

Norwell" prepared by professional consultants in 1958. It was taken over a year later by the Advisory Board and, due probably to the pressure of other duties and constantly changing personnel on both Boards, has since passed into oblivion.

The preparation and maintenance of this essential adjunct of municipal government, whether done by amateurs or professionals, is properly a planning function which should be under the jurisdiction of the Planning Board.

During the coming year we propose to prepare, to the best of our ability, a schedule of capital outlay requirements for the next five or six years. Such a schedule, revised periodically to suit changing conditions, will show the impact on the tax rate of undeferrable major projects such as schools; will enable us to schedule deferrable projects intelligently so as to even out annual expenditures; and will help us to visualize the long term effects of various methods of financing capital expenditures.

Respectfully submitted,

RALPH H. COLEMAN, Chairman
 CHARLES W. BAYLEY, JR.
 RICHARD A. HOUSLEY
 THEODORE R. LOVE
 JOHN A. RANDALL, Clerk

REPORT OF THE BOARD OF HEALTH

Board of Selectmen
Norwell, Massachusetts

CLINICS: The Board of Health, together with the Norwell Lions Club, conducted a Glaucoma Clinic.

The third Polio Clinic (Sabin-Type II) was held early in the year. We estimate that 97% of the inhabitants of the Town have now been immunized.

In the latter part of the year skin tests for T.B. exposure were made on nearly all of the children in school and X-ray tests were done on nearly 500 adults.

PUMPING CESSPOOLS AND RELATED PROBLEMS: A major problem of the Board during this past year arose because of the violation of rules by a licensed cesspool pumping service. The license to dump was revoked and the area involved was cleaned up to the satisfaction of this Board and the State Sanitary Engineers. This action cured a violation but it does not solve the underlying problem of disposal of cesspool material. The Town must have an area for this purpose, at least until there is Town sewerage. For this reason the Board has prepared two articles for the Warrant; one for the taking of land by eminent domain, and the other for plans for disposal pits.

Other towns have this same problem, many of them more acutely than Norwell, as is evidenced by the plans of Scituate and Rockland to dump effluent from treatment plants into the North River. This Board has studied the problem, held hearings, and is opposed to this use of the North River.

TOWN DUMP: As one speaker at a meeting on pollution of

he North River said, "We are an effluent society." This is nowhere more evident than at the Town Dump. Each year each family has more to throw away and each year there are more families in Norwell. We feel that 1963 was another year without major problems at the dump, thanks to the caretaker and the cooperation of the people of Norwell.

Respectfully submitted,

KATHERINE R. FULLER, Chairman

PAUL W. KEEFE

RICHARD B. KEARSLEY, M.D.

Norwell Board of Health

REPORT OF
THE TOWN FOREST COMMITTEE

The Town Forest of Norwell at the present time is not adequate. It consists of twenty-nine (29) acres split into three sections in various parts of the town, and in our opinion the acquisition of more land is imperative. Several hundred acres are needed for a town of our size, especially in view of the tremendous growth in population ahead.

The Committee solicits gifts of parcels from the citizens which could be used to amplify our present areas.

Respectfully submitted,

D. FRANK MEDEROS, Chairman

PAUL C. RASMUSSEN, Clerk

JOSEPH K. COLLINS

WESLEY H. OSBORNE, JR., Ex Officio

REPORT OF THE CIVIL DEFENSE AGENCY

We have been fortunate this past year in having had no emergencies serious enough to warrant the calling out of all units of the Civil Defense Agency. However, our training program has continued throughout the year and certain units have been most active. The Auxiliary Police have met once or twice a month to continue their training in all phases of emergency responsibilities such as rescue, communications, traffic control, and all other angles of police work. A Red Cross course in advanced First Aid has just been completed under the direction of Dr. Ruth Towne, with members of the Fire and Police Departments joining with others for this training.

Requests for the ambulance have been many, with eighty-two runs during the past year to neighboring hospitals and nursing homes, as well as many to Boston Hospitals. We were forced to find new quarters for the ambulance on short notice late in the summer, and it was decided that the best solution was to enlarge the small garage at the rear of the Center Fire Station. This project was carried out with an assist from the Advisory Board by a transfer from the E. and D. account of \$250 for the required labor and materials. This provides quarters which are very crowded but adequate for the time being.

The Visiting Nurse Association has recently donated a chair-stretcher for the ambulance which will be of great help as we have had a lot of trouble moving patients down narrow stair cases. This gift is greatly appreciated.

Over the signature of the Board of Selectmen, an application has been filed with the Federal Communications Commission for the allocation of a Town radio frequency, limited to Town vehicles. This would remedy the problem we now have of contacting the Highway Surveyor and the Tree Warden and their men during storms, as well as during their routine work. Very often it is

necessary for someone to go out and search the streets for these men when they are needed. These communications would be handled by the Communications Center and would be entirely separate from the Fire and Police networks which by law can be used only for their own business, and would provide a network within this town only, which would be a big factor in control of emergency situations such as heavy snow storms and hurricanes, as well as improving the efficiency of day to day operations.

The Norwell Civil Defense Agency will continue its training and equipping of its personnel, so as to be as much help as possible to the residents in all types of emergency.

Respectfully submitted,

W. CLARKE ATWATER,
Director

REPORT OF THE PUBLIC HEALTH NURSE

Infant Welfare Visits	52
Antepartal Visits	18
Postpartal Visits	56
Well Child Conference	10
Conferences with Public Health Officials	7

Assisted at D.P.T., Polio Prevention, Glaucoma Clinics,
and Mobile Chest X-ray survey.

Respectfully submitted,

CATHERINE A. ROE,
Public Health Nurse

REPORT OF THE CONSERVATION COMMISSION

To the Selectmen:

A major concern of the Commission has been the acquisition of land on the North River suitable for development as a boating and swimming area. At present the Town-owned land on the river is woefully inadequate and will continue to become more and more overcrowded during the summer. During the past year we investigated a number of properties, and entered into negotiations for the purchase of one of them. Unfortunately, the owner changed his plans and we were unable to acquire the land.

As most citizens realize, suitable river property is both limited and expensive. It will certainly become more expensive. In all likelihood, the purchase price of an area on the river, large enough to fill the Town's needs, will exceed the \$12,000 now in the Conservation Fund. This is why, at the Annual Town Meeting, we are asking for an additional appropriation to the Fund. Although the State would later contribute 50% of the cost of such land, the Town would first have to have the full amount available.

During the year the Town, in the name of the Conservation Commission, received a most generous gift from Mr. William Couch of Quincy, of some 35 acres of marshland near the Stetson Shrine on the North River. It is the wish of the donor that this land be kept in its natural state.

Another generous gift of some 7 acres of land off Summer Street was made to the Town by Mrs. Herbert Apts.

Your Commission encourages such gifts and would welcome an opportunity to discuss the various ways land can be transferred to the Town and the special provisions that can be attached to such gifts.

In this connection, we have discussed the disposition of tax title land with the Selectmen and have asked that this land, as it becomes available, be placed under the control of the Conservation Commission.

The question of sewage disposal in the North River has engaged our time at many meetings and hearings in the past months. We wish to congratulate Mr. Rimmer on his plan for a South Shore Sewage District. We are unanimously in favor of this plan, and will do everything in our power to help it become a reality.

Respectfully submitted,

TIMOTHY FULLER, Chairman

Dog Officer

REPORT OF THE
DEVELOPMENT AND INDUSTRIAL COMMISSION

Board of Selectmen
Norwell, Massachusetts

Gentlemen:

Submitted herewith is the Report of the Norwell Development and Industrial Commission for the year ended December 31, 1963.

Members of the Commission have met with representatives of firms contemplating this town as a site for their businesses.

We repeat again that the development of appropriate small industry in Norwell must be considered as a long-range program, as we have only a small amount of suitable land.

Mr. Charles H. Crombie resigned this past summer from the Commission. We wish to publicly express our gratitude to him for his very excellent professional and practical advice.

Respectfully submitted,

HENRY ABRAHAMS, Chairman
JOHN E. ANDREWS, Clerk
DENNIS F. MEDEROS
LORING H. JACOBS

REPORT OF THE EMERGENCY COMMUNICATIONS CENTER

The past year, as in each preceding year, shows a continuing increase in the responsibilities falling upon the operators at the Communications Center. The proper handling of the calls received on Police and Fire matters, emergency calls, ambulance requests, as well as for the Highway Department, Board of Health, Visiting Nurse, Water Department, etc., requires an increasing backlog of experience and knowledge. We have lost several of our most experienced operators during the past year because of personal or business reasons and their replacement with properly qualified persons has not been easy. The operators must have considerable training and experience, as well as being suited to this kind of responsibility, before they can be scheduled to cover the Center on their own. The daytime load has increased to such an extent that the secretary on this shift cannot be expected to handle all the clerical work for various boards such as the Board of Health, Planning Board, Board of Appeals, etc. The most efficient plan would be for the day operator to act as the secretary for the Police Department, Fire Department and Civil Defense only, in order to maintain the street lists, accident and court records, fire inspection records, payrolls, work schedules, payment of bills, files, etc., all of which have been done in the past by department members when, and if, their other duties permitted.

The problem of scheduling is also proving increasingly difficult as there are many short shifts, such as late in the afternoon and early in the morning, which must be covered by someone who has an unusual shift in their regular business hours. If all scheduling could be done on an eight hour basis, by the best qualified operator, receiving adequate compensation for such a responsibility, we believe the entire operation would provide better protection for the residents. Also, on such a basis, operators could be required to stay awake all night so as to provide proper coverage for the radio communications at all hours.

Norwell, the first town in the area to see the need of such a communications center, and to establish one, now has the most antiquated method of coverage and the lowest pay scale of all. Adequate financial support for this essential service as it is now set up will prevent a return to old-fashioned, inadequate, uncoordinated, as well as much more expensive, methods to provide the Public Safety protection which the residents of Norwell now expect to receive.

Emergency Communications Center Board

W. CLARKE ATWATER, Chairman
KENNETH J. BRADEEN
WARREN P. MERRITT

REPORT OF THE INSPECTOR OF WIRES

Board of Selectmen
Norwell, Massachusetts

Gentlemen:

The end of 1963 marked the first full year of operation of this department.

This department issued 215 permits and made inspection for same.

Fees were collected in the amount of \$964.50.

Inspector salaries were paid in the amount of:

Raymond A. Hansen	\$740.00
J. Lee Turner	224.50

A new fee schedule has been established by the Selectmen and copies of this can be obtained from the Town Hall Office, along with the permit application.

We wish to thank all those who have cooperated with this department to the benefit of the home owner, and look to their support in the coming year.

Respectfully submitted,

RAYMOND A. HANSEN, Inspector
J. LEE TURNER, Alternate Inspector

REPORT OF THE POLICE DEPARTMENT

Board of Selectmen
Town of Norwell

Gentlemen:

We are indebted to many people for their assistance throughout the year of 1963:

Dr. Cugnasca, Veterinarian, and Mr. Malcolm Wilder, trainer, of our police dog.

Norwell Lions Club for their generous donation of a walkie-talkie radio.

Norwell Auxiliary Police for augmenting the regulars.

The fine cooperation of the Highway Department, especially during the hazardous driving months.

The devotion to duty by the Communication Center operators.

And finally to the men themselves, who accepted the defeat of their request for a 40 hour week with the determination to try harder next year.

Below is a partial list of our activities for 1963:

Calls received	9,639	Arrests	72
Breaking & Entry	31	Court Complaints	103
Larceny	46	Accidental Deaths	1
Prowlers	25	Cruiser Ambulance	51
Auto Accidents	83	Recovered Cars	26
Stolen Cars	10	Emergency messages	47
Violations (M. V.)	291	Family trouble	21
Mutual Aid	75	Missing persons	26
Defective Equipment	388	Summons served	162

Respectfully submitted,
KENNETH J. BRADEEN

Chief

REPORT OF THE FIRE DEPARTMENT FOR THE YEAR 1963

The Board of Fire Engineers submit to the Board of Selectmen and the citizens of Norwell the following report covering the activities of the Fire Department for the year 1963.

The Communications Center handled 5115 calls for the Fire Department from January 1, 1963 through December 31, 1963.

These calls consisted of the following:

Building Fires (includes electrical, chimney & burners)	23
Grass and woods fires	66
Dump fires	18
Automobile and truck fires	10
Mutual aid received	14
Mutual aid given	11
Resuscitator calls	9
Misc. fire calls (including standbys)	40
Smoke investigations	28
Lighting for Town Meeting	3
Accident calls	4
Lost children	2
Fire Permits	2350
Miscellaneous phone calls	<u>2537</u>
Total	5115

At the Annual Town Meeting in March of 1963 the Town voted a salary of \$1800 to our Chief. For the first time in the history of the Town this allowed the Chief of the Fire Department to spend about two days a week on departmental business.

T. Curtis Power resigned from the Board of Engineers because of business reasons and Orville Devine was appointed to take his place.

The Department was forced to purchase two radios for the trucks due to changes in F.C.C. regulations which made our old units illegal to operate. We were, however, very fortunate to receive a gift of a portable "Walkie-talkie" radio from the Norwell Lions Club.

As usual the Fire Department serviced the fire extinguishers in all the Norwell Schools.

A Fire School, under the direction of Chief Albert Kimball of Hingham, was held at the Ridge Hill Fire Station for all Norwell firemen. A number of firemen also attended a First Aid course sponsored by the Civil Defense Agency under the direction of Dr. Ruth Towne.

Respectfully submitted,

WARREN P. MERRITT, Chief
LORING L. WADSWORTH, Deputy Chief
JOHN J. WINSKE
DONALD H. NEWTON
ORVILLE DEVINE
JAMES T. KING, Clerk

REPORT OF THE BOARD OF WATER COMMISSIONERS

Board of Selectmen
Norwell, Massachusetts

Gentlemen:

The following is the report of the Board of Water Commissioners for the year ending December 31, 1963.

	1961	1962	1963
Water pumped	90,000,000 gal.	95,700,000 gal.	99,000,000 gal.
Number of Takers	848	901	996
Services Installed	45	51	79

At the 1963 March Meeting the Town voted to install a water main in the easterly section of Grove Street. The installation proceeded in a satisfactory manner and approximately 7650 feet of 12" water main was installed from the junction of Lincoln Street and Norwell Avenue in a westerly direction on Grove Street. This section of mains is part of the loop connection designed to connect the existing main in Norwell Center to the main in Washington Street at the junction of Grove Street.

The loop installation is needed to effect a two pipe feeder system so a greater volume of water can be delivered to the western area of the Town. To continue this project according to the yearly schedule as indicated in the Report, the Board is submitting an article in the 1964 Warrant for the completing of the Grove Street main extension. This is the last and final installation needed to complete the loop installation.

During the year main installations were installed on Cross Street, Stetson Road, Barstow Avenue, without cost to the Town

except for the cost of four hydrants furnished by the Town.

In addition to the above, mains were installed by Developers in the Barque Hill and Country Acres Areas. A short extension as authorized by the March Meeting was installed in Old Oaken Bucket Road. Tapping sleeves and gates and short extensions were installed at Jacob's Lane and Prospect Street as authorized at a Special Town Meeting.

Because of a desire to economize no funds were available for test well work during 1963. Because of the rapid growth of the Town the Board recommends that the Town authorize continuance of this work in 1964.

Respectfully submitted,

JACOB LEE TURNER, Chairman
AUGUSTIN J. THIBODEAU
EDWARD F. WALSH
Board of Water Commissioners

REPORT OF THE VETERANS' AGENT
AND VETERANS' SERVICE OFFICER

Board of Selectmen
Norwell, Massachusetts

Gentlemen:

Chapter 115 G. L. Commonwealth of Massachusetts provides benefits for qualified veterans and their dependents.

The office of the Veterans' Agent and Veterans' Service Officer had a very active year in 1963. A great deal of time and many miles of out of town travel resulted in many dollars saved for the Town. The fact that benefits for veterans and their dependents are constantly changing, makes it necessary for the Agent to attend many conferences and meetings. By keeping fully informed on these matters the Agent is better able to do his job to the best interests of all concerned.

More and more veterans are coming to Norwell every year. Since the average age of all veterans is increasing, the possibility that they will require assistance is likewise increasing.

The Veterans Agent is pleased to say that the Town has again received its maximum reimbursement (50%) for the year 1963, and has also recovered other funds expended several years ago.

To all veterans and their dependents in the Town of Norwell, do not hesitate to call on me for any problems pertaining to veterans.

Respectfully submitted,

LEONARD J. COX,
Veterans' Agent
Veterans' Service Officer

REPORT OF THE JAMES LIBRARY

To the Board of Selectmen
Norwell, Massachusetts

Gentlemen:

Library activity has been rising at a rapid rate. What is to be expected in 1964 is clear from the steady gain in library borrowing in recent experience:

Adult borrowing - 1962	January - June	3337
	July - December	3589
1963	January - June	3930
	July - December	4730 *

*(Projected at July - October rate of increase (31.8%) over 1962)

Circulation has risen even faster; in four months starting this past summer, juvenile-book activity rose 48% to 3893 and non-fiction 42% to 949. Together with increases in fiction to 2162 and in magazines to 270, the materials borrowed totaled 7275 in four months at an annual rate of 21,825 items. The overall circulation was up 40% over 1962.

By fall, a backlog of work had piled up. Volunteer help was requested and both librarians' schedules were increased 45% to provide time to organize materials outside of public library hours. This was done as a two-month test, with the thought of holding the budget unchanged. Donations of time by interested residents and library staff (180 hours of free time in one case) only kept abreast of increased demands. Thus an increased budget can no longer be postponed.

The greatest pressure has come from students, however, requiring more materials, more assistance and especially more study space. So, an entire new children's floor is being prepared

to provide more space. James Library loans to the Norwell schools in 1962 and 1963 up to November numbered 589 volumes. In September 1963 the count of children borrowers was 730, representing 60% of the Town's elementary school enrollment through June.

As in many communities where library operating funds come in large part from bequests and gifts of citizens, James Library is supported from interest earned on past gifts of individuals. In the 1800's these funds supported the Library.

Since the early 1900's the Town has also contributed to operating costs, providing Norwell Citizens with "library privileges" at extremely moderate expense of under fifty cents per capita. Recently the Town's demands for library service have been growing faster than has the Library's endowment income so that the Town's contribution must increase in 1964 if present service is to continue.

Respectfully submitted,

QUENTIN L. COONS, Chairman
MILDRED T. HASTINGS, Treasurer
HARRIET L. MEYER, Secretary
WILLIAM C. BENNETT

James Library Trustees

REPORT OF THE ZONING BOARD OF APPEALS

Board of Selectmen
Norwell, Massachusetts

Gentlemen:

During the past year the Zoning Board of Appeals held public hearings on seven petitions for variance of the Zoning By-laws.

Four other requests for variances were received but were withdrawn after pre-hearing consultation with members of the Board.

The petitions acted upon as the result of public hearings are as follows:

1. Frank Gonsalves - March 27, 1963
For permission to place a dwelling on a lot having insufficient area. Petition denied.
2. Robert L. and Edwina F. St. James - March 27, 1963
For permission to divide one lot into two lots having insufficient frontage. Petition denied.
3. Norwell Associates - May 15, 1963
For non-conforming use of a residential zone for a limited period of time. Conditional variance granted.
4. Robert F. Burke - June 5, 1963
For permission to erect an addition with insufficient side line set-back. Petition denied.
5. Zeta Realty Trust - June 5, 1963
For permission to remodel business establishment having insufficient parking facilities. Petition denied.

6. Edward F. and Helen M. Farmer - July 19, 1963
For permission to place an additional house trailer in a trailer park. Petition denied.
7. John C. Marland - September 11, 1963
For permission to divide a lot with buildings thereon. Conditional variance granted.

Respectfully submitted,

STANLEY H. RICHARDS, Chairman
EARLE M. NEWTON, Secretary
EDWIN R. TRAFTON

REPORT OF THE BUILDING INSPECTOR

Board of Selectmen
Norwell, Massachusetts

Gentlemen:

Respectfully, I submit my second annual report as Building Inspector for the Town of Norwell. On reviewing the inspections of the past year, toward preparing this report, the most important development is the increasing evidence of over-all improvement in building within the Town. I sincerely believe this is due to our building laws and the periodic inspections, plus the willingness to cooperate on the part of local builders.

The upgrading in construction of houses and buildings being inspected has been very noticeable. Before our present Building Code was put into effect, it was not uncommon for chimney construction to be rather haphazard; framing was often improper in that areas spanned were too great for the size of the timbers, joists and rafters. A few builders were not using bolts in foundations nor firewalls between garages and houses. Fire stopping in general was lax. The betterment of these conditions is very heartening and could not have taken place without the pleasant working-together of the builders with the Inspector.

A summarization of building permits issued during the year 1963 is as follows:

Residential

New Dwellings	62
Additions & Alterations	38
New Garages	4

Commercial

Store Alterations & Additions	3
-------------------------------	---

Medical Center Addition	1
Day Nursery Alteration	1
Construction Office Trailer	1

Other

School Addition	1
Alterations to Town Buildings	2
Moving Buildings	3
Swimming Pools	3
Bomb Shelter	1

TOTAL PERMITS ISSUED 120

It might be informative to the citizens of the Town to note here that it is necessary for the Inspector to carefully read over and check each set of plans submitted with all building applications, following which several tours of inspection are required for every job in progress.

The assistance given to me in the performance of my duties by town officials, boards, committees and builders is greatly appreciated.

Respectfully submitted,

CHARLES E. WHITE
Building Inspector

REPORT OF THE TREE WARDEN AND MOTH SUPERINTENDENT

To the Citizens of the Town of Norwell:

The following is the Annual Report of the Tree Warden and Moth Superintendent:

During the last Annual Town Meeting it was voted to request the Tree Warden of Norwell to assume the care of all public grounds. The large portion of this work consisted of maintenance of all the school grounds. A program of liming, fertilizing, weed control, and regular mowing, was the step taken to maintain these lawns.

Some work was done on the several ball fields, and with regular care these play areas should improve.

The triangle at the corners of Norwell Avenue and Central Street was rebuilt and reseeded this year. It is hoped that one or two such triangles can be rebuilt each year, so that eventually all squares and triangles can be mowed and maintained. I believe this would improve the appearance of our town, as there are some eighteen (18) of these areas in Norwell.

Two major pieces of equipment were purchased, a large reel-type mower and a small tractor equipped with a rotary mower, and several other pieces of equipment.

The experience of the last year seems to indicate that the integration of the Tree Department and Care of Public Grounds is of mutual benefit to all concerned.

As your Moth Superintendent I wish to report that there were no serious outbreaks of tree feeding insects this year. Of course the usual insect pests we encounter were present and probably always will be. However, control measures, such as scientific

spraying, can usually keep most shade tree insect pests under control. At the present time Eastern Massachusetts is relatively free from our most serious leaf-feeding insect, the gypsy moth.

Thirty-three (33) confirmed cases of Dutch Elm Disease were found on our roadsides this year. Before Spring most or all of these trees will be removed. Some very large, fine old elms were removed this year. It is with regret that we find it necessary to remove these large elms, which are landmarks of New England, but at present prompt removal of Dutch Elm diseased trees is necessary.

Planting of roadside trees was continued this year. This operation is a major part of our shade tree program now. Road construction, hurricanes, and tree diseases make removal of many of our roadside trees necessary. Replacement of these trees will assure aesthetic roadsides in the future.

In closing, I wish to thank the citizens of Norwell and the other town departments, which have lent their assistance to the Tree Department.

Respectfully submitted,

WESLEY H. OSBORNE, JR.

Tree Warden

Moth Superintendent

Superintendent of Public Grounds

REPORT OF THE HIGHWAY SURVEYOR

To the Citizens of Norwell:

I hereby submit my Annual Report for the year 1963, concerning the activities of the Highway Department.

We were able to get an early start on our maintenance and cleaning of catch basins, gutters, and waterways last year, and were, therefore, ready for the spring rains. After this work was completed, sand was cleaned from all corners, intersections, and low spots, where it had accumulated during the winter and early spring. The heavy sand in the developments was removed as fast as possible by hand labor and by our sweeper, which windsrows the sand to the side of the road for hand pick-up. With the limited budget for sand removal, we find that we can do only the corners and the streets which are scheduled for surface treatment. This work was done under Chapter 81 funds, and a breakdown follows this report.

The Chapter 81 work was completed and was done under the direction of the Department of Public Works at the Middleboro office, District #7. I would like to take this opportunity to thank them for their cooperation and excellent assistance.

The Chapter 90 project on Main Street, from the Hanover town line to Stone House Gardens, started the reconstruction of Main Street toward Norwell Center.

This project began with moving back about seven hundred feet of stone wall with our town labor force. This was quite a task because of a few unforeseen details and an outcropping of ledge, which we encountered. This same ledge was very much involved in our drainage work. It was necessary to blast our way through seven feet of ledge in the old roadway in order to complete a drainage line along the length of the new roadway. We let the drainage

lines settle and did our surface treatment under Chapter 81. Returning to Main Street, and starting at the Hanover town line, we had to dig or fill in other places to get a sub grade for the new road. Four thousand yards of good gravel were brought in and the road was prepared for the first coat of hot mix. Due to an unforeseen delay, for which we were not responsible, the first two-inch course of mix was not put on until November. Approximately one thousand tons of mix was applied in one day, at a cost of about \$7,000. It is apparent how quickly funds are dispersed at this rate. This two-inch surface will hold the road for the winter and allow for any settling of drainage lines. This year we will put on the next two courses of mix, giving us a total of four and one-half inches of mix. Then, we will do the small amount of clean-up work remaining, and set guard posts to complete that section.

We will work our way up over the hill, installing all necessary drainage on the second section, and will probably leave a two-inch base course of mix to go the winter next year. This makes a better job, as it gives time for the utility excavations to settle before the final mix.

The special articles that were approved at the Annual Town Meeting for mix and place surfaces on Wendall Avenue, Douglas Avenue, and Leigh Road were completed. This completed our new surface in Jacob's Lake Shore. All roads now have a two and one-half inch mix and place surface and will be sealed with oil this year.

The Highway Department has also done a great deal of work for the Water Department. We are glad to do these installations, but hope you will notify us by submitting your applications well in advance of the date you want the installation. Sometimes, because we plan our work weeks in advance, it is impossible to move our equipment off a large job to install one water service. In 1963 we installed 60 water services, plus excavation for repair of a few leaks, and we laid a couple of hundred feet of water

main for a new pumping station. We also put in three tapping sleeves and gates on Main Street at Jacob's Lane, Prospect Street, and Nucci's Hill, with pipe running across the road to the lot line. This will prevent our new road from being dug up after it is completed.

This work was done jointly by the Highway Surveyor and Water Superintendent, Mr. Warren Merritt. It is very helpful to have Mr. Merritt available to assist in working out the arrangements for doing this work. We tried to reserve the water service work for Saturdays, when there would be less traffic.

The Highway Department is still storing part of its equipment and materials in a wooden building, 32 feet by 36 feet, on Cross Street. This is not nearly adequate for storing all our materials and equipment, so as a result, these things are scattered all over town. Sand is at the Town Dump; pipes, blocks, etc., at the Town Forest, on River Street; snow fence and bag salt is under cover at the First Parish Church sheds. (I would like to thank the Church for the use of these sheds, as I do not know what we would do without them.) We are still hoping for a Town Garage, and I will again suggest that it be located near the geographical center of Norwell, so that we can serve all parts of Norwell at the least cost to the taxpayers.

I could not close this report without letting you know that our friends, the beavers, seem to have taken up permanent residence in Hanover, so solving that problem for us.

I would also like to take this opportunity to thank the Norwell Garden Club for keeping the two traffic islands in Norwell Center so beautifully planted and cared for.

I wish to express my sincere thanks for the cooperation of all town officials, the various committees and departments, and the citizens of Norwell, with whom I have had the pleasure of working this past year.

Respectfully submitted,

E. ARNOLD JOSEPH,
Highway Surveyor

REPORT OF THE
SEALER OF WEIGHTS & MEASURES

To the Board of Selectmen:

Gentlemen:

Weights and Measuring laws have been strictly enforced throughout the year.

Inspections have been made frequently of all stores that have measuring devices. The buying public should at all times observe weighing and measuring devices while purchasing, and report any violations to me.

Reweighing of food put up for sale has been made by me on many occasions.

Oil in auto trucks needs attention, also coal in trucks. Pedlars must have licenses and this has been checked by me.

The following is an account of work performed by me and an account of fees collected.

Pedlars' Licenses Inspected	2
Weighing and Measuring Devices Sealed	55
Weighing and Measuring Devices Not Sealed	3
Weighing and Measuring Devices Condemned	0
Weighing and Measuring Devices Adjusted	3

Reweighing:

Total Tested	279
Total Correct	265
Total Incorrect	9
Total Overweight	5

Sealing Fees Returned to Town Treasurer	\$65.10

Respectfully submitted,

JOHN D. DICKMAN,
Sealer of Weights and Measures

REPORT OF ANNUAL AUDIT
COMMONWEALTH OF MASSACHUSETTS

Department of Corporations and Taxation
Bureau of Accounts
80 Mason Street, Boston 11

Leo E. Diehl
Commissioner
Arthur H. MacKinnon
Director of Accounts

Mail Address:
P. O. Box 2017
Boston 6, Mass.

August 14, 1963

To The Board of Selectmen
Mr. G. Herbert Repass, Chairman
Norwell, Massachusetts

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the town of Norwell for the period from July 20, 1961 to June 4, 1963, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. William Schwartz, Assistant Director of Accounts.

Very truly yours,

Arthur H. MacKinnon
Director of Accounts

AHM:MCC

Mr. Arthur H. MacKinnon
Director of Accounts
Department of Corporations and Taxation
Boston, Massachusetts

Sir:

In accordance with your Instructions I have made an audit

of the books and accounts of the town of Norwell for the period from July 20, 1961, the date of the previous audit, to June 4, 1963, the following report being submitted thereon:

An examination and verification was made of the recorded financial transactions of the town as shown on the books of the departments receiving or disbursing money for the town, or committing bills for collection.

The books and accounts in the office of the town accountant were examined, checked and compared with the records of the several departments of the town and with the town treasurer's accounts. The receipts, as recorded, were compared with the town treasurer's record of receipts and were checked with the departmental records of payments to the treasurer, while the recorded payments were checked with the treasurer's records of disbursements and with the treasury warrants.

The ledger accounts were analyzed, the appropriations and transfers being checked with the town clerk's record of town meetings and with the records of the advisory board. The necessary adjusting entries resulting from the audit were made, and a balance sheet, showing the financial condition of the town on June 4, 1963, was prepared and is appended to this report.

The books and accounts of the town treasurer were examined and checked. The receipts, as recorded, were compared with the records of payments to the treasurer by the several departments and with other sources from which the town received money, while the payments were checked with the approved warrants authorizing the treasurer to disburse town funds. The cash book was footed throughout for the period of the audit, and the cash balance on June 4, 1963 was proved by reconciliation of the bank balances with statements received from the depositories, and by actual count of the cash in the office.

The records of tax titles and tax possessions held by the town were checked. The taxes, water liens, interest, and costs transferred to the tax title account were compared with the collector's records, the recorded redemptions and sale of lands of low value were compared with the treasurer's recorded receipts, the foreclosures and disclaimers were verified, and the tax titles and

tax possessions on hand were listed, reconciled with the accountant's ledger, and compared with the records at the Registry of Deeds.

The recorded payments of maturing debt and interest were proved with the amounts falling due and were checked with the cancelled securities on file. The unpaid coupons were listed and reconciled with a statement furnished by the bank in which funds are deposited for this purpose.

The records of payroll deductions for Federal and State taxes, the county retirement system, and group insurance were examined and checked. The deductions were compared with the treasurer's receipts, and the payments to the proper agencies were verified.

The transactions of the trust and investment funds in the custody of the town treasurer were verified, and the savings bank books and securities representing the investment of these funds were examined and listed.

The books and accounts of the town collector were examined and checked in detail. The tax, excise, assessment, departmental, and water accounts outstanding according to the previous examination, as well as all subsequent commitments, were verified, and the reported payments to the treasurer were compared with the treasurer's recorded receipts. The abatements, as recorded, were compared with the records in the departments authorized to grant such credits, the amounts transferred to the tax title account were proved, and the outstanding accounts were reconciled with the town accountant's ledger.

The outstanding accounts were further verified by mailing notices to a number of persons whose names appeared on the books as owing money to the town, the replies received there to indicating that the accounts, as listed, are correct.

The records of receipts from licenses and permits issued by the selectmen, the town clerk, the inspectors of buildings and wires, and the police and health departments were examined and checked, and the payments to the State and to the town treasurer were verified.

The surety bonds furnished by the several town officials required by law to furnish such surety were examined and found to be in proper form.

In addition to the departments mentioned, the books and accounts of all other departments collecting money for the town were examined and checked. The payments to the town treasurer were verified by comparison with the treasurer's and the accountant's books, and the cash balances in the several departments, including petty cash advances, were proved.

There are appended to this report, in addition to the balance sheet, tables showing reconciliations of the several cash accounts, summaries of the tax, excise, assessment, tax title, tax possession, departmental, and water accounts, as well as schedules showing the condition and transactions of the trust and investment funds.

While engaged in making the audit cooperation was received from the officials of the town, for which, on behalf of my assistants and for myself, I wish to express appreciation.

Respectfully submitted,

William Schwartz
Assistant Director of Accounts

REPORT OF THE SCHOOL COMMITTEE

To the Citizens of Norwell:

After the March election the school committee organized as follows:

Robert N. Maglathlin, chairman
 Fletcher S. Boig, vice chairman
 Margaret E. C. Reeser, Clerk

This year the committee changed its meetings from the second Wednesday of each month to the first and third Wednesdays of each month. These meetings are held in the School Department offices in the Junior High School. All meetings have been advertised in compliance with Public Law 626 (so called open meeting law). These meetings are generally attended by the press, and this year we had a total of 14 visits by members of the Norwell Citizens Council for Public Schools, 6 visits by members of the Advisory Board and only three visits by interested taxpayers. Interested citizens are always welcome at our meetings, and we would like to again emphasize this fact.

Bids for materials, supplies and/or services, calling for expenditures of \$300. or more have been advertised and sealed bids received, which have been opened publicly at our regular meetings and the contracts awarded accordingly. This year the bids were as follows:

<u>Typewriters</u>	Ockers (Brockton) - 5 Underwoods	
	\$1,225., less \$475. allowance,	
	total cost	\$750.00
	Dolby (Rockland) - 5 Royals at

CHANGES IN PERSONNEL

In June of 1963 Miss Elizabeth Farrar retired as principal of the Norwell Junior High School after 18 years of teaching and administrative duties. We all extend to her our thanks for her efficient and conscientious service to the town and wish her every happiness in her retirement.

During the school year resignations were received from Mrs. Victoria Hunt (Grade 2, Cole), Miss Phyllis Trowbridge (Grade 2, Norwell Elem.), Mr. Wade Jenkins (Languages, High School), Mrs. Leone Pyne (Grade 1, Norwell Elem.), Miss Margaret O'Reagan (H. S. Commercial Subjects), Mrs. Joyce Wilson (Grade 1, Norwell Elem.), and Mrs. Elizabeth Wadbrook (H. S. English).

Newcomers to the system included: Mrs. Joyce Wilson (Grade 1, Norwell Elem.). Mrs. Cleo Neary (Grade 4, Cole), Mrs. Marianne Peck (Norwell Elem.), Miss Harriet Shanker

(Grade 6, Junior High), Miss Judith Mc Birney (English, J.H.S.), Miss Elaine Johnson (H.S. Social Studies), Miss Karen Speakman (Grade 4, Cole), Mr. Robert Ward (Grade 6, J.H.S.), Miss Barbara Hall (H.S. Mathematics), Miss Priscilla Hart (Special Class), Miss Mara Veinbergs (H.S. German), Mr. Robert C. Gardner (H.S. English, Coach Football, Baseball), Mr. Carl Goldman (H.S., Commercial Studies), and Mr. William Penn (Principal, Junior H.S.).

Late in 1963 Mr. James Miller was hired to replace Mrs. Wadbrook (H.S. English) and Mrs. Alice Lovejoy was hired to replace Mrs. Joyce Wilson (Grade 1, Norwell Elem. School). This represents a 14% turnover in teachers for the year.

To replace Miss Farrar as principal of the junior high school, the committee processed 25 applicants, personally interviewed the leading 8 candidates, and hired Mr. William Penn, formerly principal of the Ipswich Junior High School. Mr. Penn came to Norwell before the end of the school year to become acquainted with our system.

HIGH SCHOOL EVALUATION

One of the important developments in the past school year was the evaluation of the Norwell High School. The written report of the visiting committee consisted of commendations and recommendations. These cover all aspects of the secondary school program from school staff and administration, school plant, program of studies, and student activity program to each particular field of study. The visiting committee commended the administration and staff at Norwell High School for their outstanding professional training, high standards and goals, and especially for their determination to provide all students with the finest education available. It also commended Norwell High School for its improvement of course offerings, the adequate staffing, the enthusiasm and interest shown by students

and faculty in their activity program, the wise variety of student activities offered, the excellent choice and care of audio-visual equipment, the identification of the prevailing problems in both the library and audio-visual departments and the projected plans for their solution, the individual counseling that is available to the students, the college placement of students, the high school plant and facilities, the extremely good maintenance of the high school building and facilities, the excellence of inside, physical education and basketball facilities, and the excellent pupil-teacher ratio.

The visiting committee recommended the following; a continuing study of the Program of students; broader offerings for terminal students; greater consideration of courses having to do with cultural appreciation and development; that the intramural program be expanded with the goal of including activities that have substantial leisure time value; that the librarian be released from teaching and made a full-time librarian (which was done last September); that the library budget be increased to meet minimum standards set up by the American Library Association (which has not been done) and to increase the library collection as quickly as possible to at least 3,000 volumes (we now have 1,715) and add a professional shelf for the faculty; that the range of periodicals for students and faculty be increased; the enlargement and improvement of the outside area for physical education and for interscholastic and intramural sports; and the improvement of outside lighting for public safety (which has been done).

The most important advantage of this evaluation is that we have an officially recognized and accredited high school, which will be of utmost importance to the Norwell High School graduate when applying for college entrance or for a position in the working field. The school committee would like to express our appreciation to the principal and staff for the considerable time and effort spent on the evaluation program.

DEPARTMENTAL REPORTS

The school committee has from time to time called in faculty members to discuss programs. So far this year we have had reports from Mr. and Mrs. Hewitt of the music department, Mr. Chandler has discussed the guidance program, and curriculum studies have been submitted by Mr. Robinson of the English Department, and by Miss Nancy Baird of the physical education staff.

SCHOOL COMMITTEE POLICY

In the latter part of 1962 a committee of three was appointed to compose a written school committee policy with the idea of giving a printed copy to all school personnel. The policy has been written for some time and is ready for final review and acceptance. Relatively little has been accomplished since March of this year because of the necessity of devoting additional time to the 1963 budget. Since October the 1964 budget has required at least two nights a week for extended periods of time.

SPECIAL CLASS

For several years Norwell should have provided a special class but the State Department of Education has been very understanding of our problems. However, this year it was necessary to provide for this long overdue class, to provide space and a special class teacher. It is now located in the junior high school, but next year will be transferred to the addition at the Cole School.

MISCELLANEOUS

Some concern has arisen over the sewage system at the Norwell Elementary School and also the leaching beds at the senior high school. Last April they were reported to be in excellent condition, but in recent months they have been of considerable concern and it is apparent that they must be care-

fully examined and may require a great deal of work.

It has become apparent that the Norwell School System is in dire need of approximately 10 acres of land for athletic facilities. This has been discussed with the Planning Board in reference to need and possible locations. Various town committees have been informed of this need.

Projected enrollments indicate that an addition to the senior high school will be necessary by September of 1968. Mr. Granton of the Permanent Building and Maintenance Committee has been notified and Mr. David Turner of that committee has been appointed chairman of a sub-committee studying the need for such an addition and is preparing an article on this subject for the next town meeting.

At last year's town meeting the Planning Board was assigned the task of investigating the Campus versus Neighborhood plan for schools, with the cooperation of the school committee. The recently formed Citizens Committee for Public Schools, a group interested in school affairs, has been invited to form with two members of the Planning Board and two members of the School Committee a group to make an intensive study of this problem.

The Norwell School Committee is a member of Area 3 of the Massachusetts Association of School Committees and this year again sent a delegate to the annual convention held in Chicopee. Also on Wednesday, November 6, the Norwell School Committee was host to Area 3 at the new Norwell High School for a dinner, followed by group discussions of Dr. Conant's latest book on the Training of American Teachers.

The school committee has been working for some considerable time in an attempt to dissolve the tri-town union of Norwell, Hanover and Hanson. Dr. Kiernan, Massachusetts Commissioner of Education, has recently written to the Tri-Town School Committee indicating that we might again petition for dissolution of

the union in view of the fact that the three towns are running separate school systems. Consequently, the Tri-Town School Committee has again drafted a letter informing him of the facts and asking him to again consider dissolution of the union through his office rather than by legislation.

It was voted to raise the minimum salary for beginning teachers with a bachelor's degree from 4600 to 4800 dollars. Twenty of twenty nine towns in this area have raised their minimums by 200 dollars. The other nine have raised the minimum by more than 200 - some by 500 dollars. This means that Norwell has not gained any ground, nor has it lost too much ground, in the competition for teachers.

As a result of town meeting, it was voted to make a twelve room addition to the Cole School. The special town meeting authorized a bond issue and the addition is now in progress. This will result in an increase in the school budget for new teachers and supplies. Mr. Hays, who has served as principal of both elementary schools in the interim period, will be relieved of his duties at the Norwell Elem. School and confine his duties to the Cole School and the addition. A search is now being made for a new principal for the Norwell Elementary School.

It has become apparent that the 1964 school budget must contain an item of \$23,000 for one additional payroll to correct an error of procedure wherein the first payroll of the year pays for work done the previous year. This has been challenged by the State Auditor. The one additional payroll will correct this error.

This year a new report card has been developed for use at the high school. This has been approved by the school committee. Since it lists percentages rather than letter grades, and also lists other pertinent information, it will be of more meaning to college admissions departments and to others interested in a student's high school record.

Mr. Jackman, principal of the high school, has been honored by the National Association of Secondary School Principals by naming him to the Committee on Small Secondary Schools for a 3 year term, 1963 - 1966.

We have been informed that we may have an exchange teacher from Iran visiting our schools from Jan. 8 to Feb. 13, 1964.

A beautiful mural in the Norwell Elementary School lunch-room was painted by Mrs. Litchfield and Mrs. Ray. A letter of appreciation was sent by the committee.

It was decided to continue the Adult Academic Courses for Norwell Citizens this year.

It has been strongly suggested that the School committee hold an open forum for the discussion of the 1964 budget some time previous to the town meeting in March.

1963 BUDGET

At last year's town meeting the town reduced last year's school budget by \$17,700. The original budget as first submitted by the school committee was \$686,573. After considerable time spent on review and adjustment a figure of \$668,434 was submitted to the town at the March Town Meeting. This was reduced by a total of \$17,700 to a figure of \$650,734. The very important Instruction item was reduced by \$8,000 (which caused much concern), Operations was reduced by \$4,800, Maintenance by \$2,000, Capital Outlay by \$1,900, Physical Education and Athletics by \$1,000.

There was for some time the definite possibility of a taxpayers' suit to restore the reduction of the budget. However, on June 5, the committee voted to postpone action on a move to restore the budget reduction until the special town meeting in the Fall. On June 19 the school committee voted to alter the

budget in conformance with the vote at the town meeting.

By eliminating some needed items and applying Public Law 874 funds, the committee has been able to live within the budget voted by the town. However, for many years past it has been the custom to apply Public Law 874 funds to reduce the next year's school budget. Public Law 874 funds received this year are less than in previous years (with one exception) and have already been applied to 1963 expenses because of the reduction in the budget. Consequently, it is not expected that there will be much Public Law 874 money to apply to the 1964 budget.

1964 BUDGET

Each year the citizens become more and more concerned at the size of the school budget and the school committee is aware of this. This year's budget as of this writing is \$793,711, an increase of \$142,977 over last year's VOTED budget. The increase for this previous year was \$59,278 (actually was \$76,978 before the reduction in the budget).

What factors are involved in this year by year increase ? There are 3 factors: first, the yearly increase in the number of students; second, inflation; third, real improvement, which includes special instruction for the physically and mentally handicapped, courses of study adjusted to new requirements, and reduction of over-sized classes.

INFLATION AND REAL IMPROVEMENT

A national magazine (School Management) publishes each year a Cost of Education Index, with detailed breakdown in various categories. It has made a study of the effect of inflation on school costs (transportation costs excluded), which amounted to \$258 per pupil, and this was taken as a base of 100, based on the average of 1957-1959 school costs. As of the 1962-3 school year the average per pupil cost was \$335

INCREASE IN THE NUMBER OF STUDENTS

The enrollments for the last eleven years are as follows:

<u>Year</u>	<u>Number</u>	<u>% increase</u>	<u>Year</u>	<u>Number</u>	<u>% increase</u>
1963	1560	9.9	1958	1090	8.4
1962	1420	6.2	1957	1029	11.2
1961	1337	6.8	1956	966	11.1
1960	1252	8.5	1955	870	11.1
1959	1154	5.9	1954	786	12.5
			1953	699	

1963 1560

———— = ————— = 2.233 or a 123% increase in 11 years
 an average increase of 11.2% per year

1953 699

or 130 on the base figure. Of this 30% increase, inflation was responsible for 16% and real improvement amounted to 14% to duplicate the same quality standard of education as provided 5 years ago. This is an average increase of 6% per year, 3.2% due to inflation and 2.8% due to real improvement. Combination of these 3 factors (increased enrollment, inflation, and real improvement) accounts for AN AVERAGE EXPECTED INCREASE IN THE SCHOOL BUDGET of 17.66% per year. Last year's VOTED budget was \$650,734. A 17.66% increase would give a budget figure of \$765,914. To this must be added the \$23,000 extra payroll item for a total budget of 788,914.

STATE AID

The low level of state support of education in Massachusetts is one reason why the increased costs of operating schools weighs heavily on the local community. Facts brought out in recent studies by both the New England Development Council and the Research Dept. of the Massachusetts Teachers Association have shown that financial support of Education by the Commonwealth of Massachusetts is relatively small. For example, Massachusetts rates FORTY - FIFTH in per pupil state aid for local public schools, the national average is \$162, Massachusetts \$84. Yet Massachusetts ranks HIGHEST in the percent that property taxes are of all state and local taxes, which shows that because of inadequate state aid, the burden falls too heavily on the property owner.

Max Rubin, president of the New York Board of Education has said: "The very concept of local control of the public schools imposes a great responsibility upon the local community. In the truest sense, the schools in a community belong to the people, and in the fullest sense, will be as good, as mediocre, or as poor as the people want them to be. No school committee, and no professional staff, no matter how competent or dedicated, can produce good education for a community that is indifferent

to its schools and unwilling to pay the cost of good schools."

REPORT OF THE ASSOCIATE SUPERINTENDENT OF SCHOOLS

To The Norwell School Committee:

Herewith is submitted the annual report of the Associate Superintendent of Schools.

One authority in the field of education estimates that in the areas of the natural and behavioral sciences the first doubling of knowledge, beginning with the birth of Christ, occurred in the year 1750; the second doubling in 1900; the third in 1950; and the fourth in 1960.

Since 1957, when a foreign power became first in probing the mysteries of outer space, a "massive reformulation" of the teaching-learning process has been under way.

In a remarkably short time has public education moved to accept the challenge of the sixties, and classrooms are hardly recognizable today in terms of the familiar characteristics of a decade ago, New subject matter, new methods and procedures, and new materials of instruction are joined to produce a pupil product in Norwell which may successfully contend with the demands of society upon it.

While the School System is concerned with marked changes in curriculum, it is also involved in the process of providing, in the physical sense, for increased enrollments in the various classes and schools.

A major addition to the Cole Elementary School is currently under construction.

Further areas at the Senior High School must be ready for occupancy and use no later than September of 1968. Planning in this direction, in the preliminary sense, has been accomplished and recommendations passed to the Permanent Building and Maintenance Committee for its initial consideration and ultimate action.

Table #1, following, shows pupil enrollments, actual and

projected, over a ten-year span. Staff and total classrooms essential to the proper instruction of these pupils are also indicated.

Table #1
Personnel and Space Projections
Norwell School Department
1963 -- 1970

Year	Total Pupils	* Total Staff	Total Classrooms
1961	1337	109	70
1963	1560	123	70
1964	1663	131	70
1965	1761	138	82
1966	1876	142	82
1970	2185	160	94 plus

*Administration, Supervision,
Faculty, Custodial, Cafeteria,
Secretarial, Health

Table #2, shows projected pupil enrollments to the year 1972, and the total of 2,297 pupils may be noted in that year -- this figure as compared with 614 pupils in 1952 and 1,424 in 1962.

Table #2
See separate insert

The annual cost in instruction continues to mount. Increased demands upon curriculum result in high per-pupil costs, and expanded enrollments necessitate greater total expenditures. Norwell occupies a "middle-of-the-road" posture in terms of money spent each year for the education of its youth. There appear to be about as many communities in the south-shore area spending more than Norwell on a per-pupil basis as there are spending less.

Table #3, shows the per-pupil cost position of Norwell, in recent budgeting, with eight other neighboring communities of comparable size.

TABLE 2 - PROJECTED SCHOOL ENROLLMENTS 1963 - 1972 NORWELL SCHOOL DEPARTMENT

	1963	1964	1965	1966	1967	1968	1969	1970	1971	1972

NORWELL	470
"E"	460
"F"	460
"G"	460
"H"	430

The first "million-dollar budget" may well become a reality in the year 1967 or 1968 when the pupil enrollment reaches or suprases the 2,000 mark.

The quality of education is not measured entirely in dollars and cents, but no sound system of education can long endure without adequate financial support.

The Citizens of Norwell determine the nature of the Town's educational program. Administrators and teachers accept the tools of instruction made ready for use by majority vote in Town Meeting. Whether Norwell has a less-than-average, average, or better-than-average school system depends upon the skill of instruction available. Such availability of skill exists only as we may be able to purchase it and retain it in a sharply competitive market.

Your Associate Superintendent deeply appreciates the efforts by the many who have contributed in such large measure to a successful year. Especially, at this time, and by this means, does this office and this person wish to acknowledge the countless contributions made to our entire educative process by Elizabeth M. Farrar who retired from the Junior High School Principalship in 1963. Her fine influence upon boys and girls will long attest to her outstanding character and her high professional accomplishments.

Respectfully submitted,

Frederick A. Small,
Associate Superintendent of Schools

REPORT OF THE HIGH SCHOOL PRINCIPAL

Mr. Frederick A. Small
Associate Superintendent of Schools
Norwell, Massachusetts

Dear Mr. Small:

The most outstanding accomplishment in Norwell High School for the year 1963 was the Evaluation and Accreditation of Grades 9 - 12 by the New England Association of Colleges and Secondary Schools. I shall confine my annual report as principal of Norwell High School to this major achievement.

Norwell High School is now an accredited public secondary school according to the standards set by the N.E.A.C.S.S. and has been voted membership in the Association for the years 1964 to 1974.

Grades 9 - 12 were evaluated by a Committee from the N.E.A.C.S.S. on March 18, 19, 20 and 21, 1963. After the visit, the Chairman of the Visiting Committee provided a written report of the Committee's Commendation and Recommendations for the principal and the N.E.A.C.S.S. Copies of this report, in its entirety, were given to you and members of the School Committee in April. A summary of the written report was prepared and given to the public in May. The School Committee has thus far spent most of two meetings in full discussion of the written report and have planned to finish discussion of the report at a later meeting.

The administration and staff of Norwell High School began a follow-up study of the Evaluation during the fall. Approved member schools must present a follow-up report of the Evaluation to the N.E.A.C.S.S. two years after the date of the visit by the Visiting Committee.

The first step in the follow-up of the Evaluation was to place each of the Recommendations of the Visiting Committee in one of the following categories:

1. Recommendations already carried out.
2. Recommendations that can be carried out in the near future.
3. Recommendations that need to be carried out through long planning.
4. Recommendations that are judged to be invalid.

All of the Visiting Committee's Recommendations are hereby listed in their proper category.

RECOMMENDATIONS ALREADY CARRIED OUT

E. STUDENT ACTIVITY PROGRAM

1. Greater responsibility be given to the students in the conduct of all student activities.
2. The quarterly student publication, for and by the high school students be resumed.
3. That insurance of some kind be made compulsory for students engaged in interscholastic sports, football.

F. INSTRUCTIONAL MATERIALS SERVICE

4. The librarian be released from teaching and made a full-time librarian.
5. A continuing program be set up for instruction in the use of the library for grades 9 - 12.

6. The needs of the school population be supplemented by close cooperation with the public libraries.

G. GUIDANCE

7. A provision be made for secretarial assistance. Secretary now furnished on a one-half day basis.
8. The administrative functions of the Guidance Director be eliminated so that he may devote full time to guidance work. The only administrative functions of the Guidance Director is that he is placed in charge of the school when the principal is out of the building.
9. A door be put between the Principal's office and the Guidance office.
10. More coordination be encouraged between teachers and the Guidance Department for the purpose of helping students to achieve the goals of which they are capable.

H. HEALTH SERVICE PROGRAM

11. Teacher-nurse conferences to be held at least once yearly for sharing specific student health information.

I. SCHOOL PLANT

12. The improvement of outside lighting for public safety.
13. The installation of a mop sink in the girls' locker room.
14. Provision for shading devices over skylights in rooms where films are shown.

J. SCHOOL STAFF AND ADMINISTRATION

15. That further study be made in the area of report cards and special reports to parents.
16. That all school personnel actively engage in publicizing the school.

D-2. ART

17. That a budget arrangement be made with the library to include art books, magazines, slides and color reproductions that could be catalogued by the librarian and used by the art department and by the school as a whole to serve general cultural needs.

D-3. BUSINESS EDUCATION

18. Consideration be given to the inclusion of a course in Business English.
19. Additional typing desks, chairs and typewriters for the typing room.
20. A storage file to insure safe-keeping of stencils in an orderly manner.
21. The texts used in the shorthand classes be brought up to date.
22. The business department work in cooperation with the librarian and audio-visual director for the addition of more reference books and audio-visual materials.

D-6. DRIVER EDUCATION

23. That health records be available and be examined by the driving teacher before behind-the-wheel instruction.

D-7. ENGLISH

24. That consideration be given to the establishment of an Honors Program in the junior and senior years, to provide maximum opportunities for students of superior ability and interest.
25. That the staff continue to follow current research in English grammar, with an open mind as to the possibility of future changes.
26. That existing bulletin boards be used more creatively to supplement instruction in English.

D-8. FOREIGN LANGUAGES

27. Improved continuity in the French Department to correlate emphasis in one level with that in the next.
28. That some consideration be given always to grammar in the extensive use of the audio-lingual approach.
29. That the foreign language section in the library be increased to provide additional material for advanced courses in foreign languages.

D-9. HEALTH EDUCATION

30. That consideration be given to provide a permanent classroom for health education.
31. That adequate provision be made for up-to-date texts, supplementary and audio-visual materials.

D-10. HOME ECONOMICS

32. That a variety of courses (such as Foods, Clothing, Home Management etc.,) be given to reach students who can elect Home Economics for only one year.

33. That a promotional program to increase enrollment be undertaken so that full use can be made of the superior physical facilities.

D-11. INDUSTRIAL ARTS

34. That a first aid kit be procured for use in the Industrial Arts Room.

D-12. MATHEMATICS DEPARTMENT

35. Coordination of the mathematic and science program by the administration to avoid scheduling conflicts and to allow some flexibility in the mathematics curriculum.
36. Introduction of modern mathematical concepts to a greater number of students each year.
37. Provision of more reference material in general mathematics course.

D-13. MUSIC

38. That full academic credit be given in the courses described in items 2, 3 and 4.
39. That the school begin to acquire as rapidly as possible, a basic library of recordings.
40. That the school provide textbooks and reference material, as needed, for any music course offered.
41. That an adequate library of choral music be provided as needed.
42. That a small office be provided for the director of music, if possible.

D-14. BOYS' PHYSICAL EDUCATION

- 43. That grade and physical development be considered when class schedules are made up.
- 44. That health records and coordination of both the physical education and health departments be better established.

D-15. GIRLS' PHYSICAL EDUCATION

- 45. That more reference materials be made available, in terms of reading and interest level of girls.

D-17. SCIENCE

- 46. An increase in library facilities for science use e.g., science, periodicals, publications and pamphlets.
- 47. An increase in general science demonstration apparatus and teaching aids.
- 48. Elimination of skylight problem in all laboratories.

D-18. SOCIAL STUDIES

- 49. Development of departmental files of background and resource material and extension of library resources.

RECOMMENDATIONS
THAT CAN BE CARRIED OUT IMMEDIATELY

D. PROGRAM OF STUDIES

- 1. A continuing study of the program be made by the entire faculty with consideration of new curriculum developments, new subject matter, and possible readjustment of time allocation.

2. The course of study be continually revised and expanded in the specialized subject areas to meet the needs of individual students.
3. Students, Student Council, be given a greater part in the scheduling of assemblies.
4. The intramural program be expanded with the goal of including activities that have substantial leisure time value.
5. That insurance of some kind be made compulsory for students engaged in interscholastic sports.
6. Some kind of central control and auditing procedure be instituted for student activity funds.

F. INSTRUCTIONAL MATERIALS SERVICE

7. The collection be weeded and any textbooks or outdated books be eliminated and the collection up-dated.
8. Reference books be separated from the general collection and shelved together.

H. HEALTH SERVICE PROGRAM

9. A definite plan be established and utilized for closer cooperation and coordination between health service personnel, administrations, guidance and teaching staff.
10. That consideration be given for greater utilization of health consultation services that are currently available in this area.

D-2. ART

11. That community and cultural center resources be utilized

to enrich art experiences in all art courses whenever desirable.

D-3. BUSINESS EDUCATION

12. Fieldtrips and speakers be considered for the newly added courses (business law and economics) and for any other class where the trips are practical and feasible.

D-7. ENGLISH

13. That there be accurate identification of reading problem areas along with the establishment of a Developmental Reading program and, if numbers justify it, the addition of a specially trained Remedial Reading teacher.
14. That greater use be made of existing audio-visual equipment and programs, as, for example, the televised Humanities program.

D-9. HEALTH EDUCATION

15. That a definite plan be established for the future development and organization of the health education program.

D-11. INDUSTRIAL ARTS

16. That a study be made of community needs pertaining to the feasibility of expanding the Industrial Arts Program in some types of activities that will lend to hobbies, better use of leisure time, and some knowledge of possible vocations.

D-13. MUSIC

17. That the possibility of an a cappella choir of selected voices be organized within the regular glee club be studied; this

could provide opportunity for exploring more difficult music, such as madrigals, etc.

D-14. BOYS' PHYSICAL EDUCATION

18. That activities with carry-over value in adult life be stressed.
19. That steps be taken toward the development of student leaders.

D-17. SCIENCE

20. An increase in laboratory experience by coordinating a program with the junior high science department.
21. A greater presentation of vocational opportunities in the science field through the use of publications and literature.

D-18. SOCIAL STUDIES

22. More extensive coordination with other departmental areas - especially English.
23. Greater use of community resources - especially in the area of civics.
24. Greater pupil participation in planning and discussion in some classes.

RECOMMENDATIONS THAT CAN BE CARRIED OUT IN THE NEAR FUTURE

D. PROGRAM OF STUDIES.

1. Consideration be given to broader offerings for terminal students as school size and faculty increase.

E. STUDENT ACTIVITY PROGRAM

2. Minimum qualifications established for election and continuation as a class officer and as a member of the student council.
3. The student council be used to authorize and coordinate student activities as well as assisting in the development of school policies with reference to student conduct.
4. A student handbook to be used in orienting all pupils in the aims of student activities.

F. INSTRUCTIONAL MATERIALS SERVICE

5. The library budget be increased to:
 - a. meet minimum standards set up by the A. L. A.
 - b. increase the library collection as quickly as possible to at least 3,000 volumes.
 - c. add a professional shelf for the library.
6. Wilson cards be bought and the card catalog be brought up to library standards.
7. The audio-visual department become a part of the library program so as to make the library a resource center and that the librarian work closely with faculty in planning the audio-visual program.
8. The range of periodicals for students and teachers (including professional library journals) be increased.
9. The seating capacity be increased to 45 or 50.

G. GUIDANCE

10. A more concise cumulative record system which will enable all types of information about students to be placed in a central location.
11. More occupational and scholarship information to be provided in the guidance office.
12. That placement services be expanded for part-time and terminal employment.
13. Consideration be given to a possible expansion of the testing program in the high school so that subject matter teachers could be more aware of the capabilities of their students.

H. HEALTH SERVICE PROGRAM

14. School health program policies be written and made available to teaching staff.
15. That written policies for the handling of emergencies be established and made available to the teaching staff.
16. That school health service personnel, including the physician, be given an opportunity to meet with the faculty for interpreting of health program, procedures and functions of the health personnel.
17. That nurses be encouraged to take advantage of educational programs made available to them in their areas.
18. That consideration be given to the establishment of an improved plan for isolating ill girl and boy students in the health room at the same time.
19. That a planned continuing evaluation of health service programs be established.

I. SCHOOL PLANT

20. The enlargement and improvement of the outside areas for physical education and for interscholastic and intramural sports.
21. A study of the ramp in "B" corridor to eliminate the possibility of accidents.
22. Equipment improvements to include:

Storage facilities for books and other materials in rooms where not presently provided, and greater closet space in any future expansion of the building.

J. SCHOOL STAFF AND ADMINISTRATION

23. That consideration be given to the freeing of the Guidance Director from any administrative duties in order that he may devote his full time to guidance and counseling of students, the committee questions the use of a title pertaining to administration for guidance personnel.
24. That consideration be given to employing an Assistant principal on a part-time basis, to become full-time as the school grows.
25. That some consideration be given to adding a clause "Accumulative Leave" for custodians.
26. That some consideration be given to an establishment of a salary schedule for school secretaries, to include a provision for sick leave.
27. That some consideration be given to balancing the teacher load, especially in the science field.

28. That a system be devised to have all high school activities financial accounts audited once a year for the protection of all concerned.

D-2 ART

29. That in view of the desirability of a greatly expanded program, provision be made for a full-time art teacher, and that additional qualified personnel be added when the expanded art program requires it.
30. That the revised and varied program of arts and crafts be made available to all pupils, and that scheduling be considered to make this possible, courses should be scheduled to meet from twice to five times a week depending on the nature of the work.
31. That there be closer cooperation between the related subjects of art, household arts and industrial arts whenever desirable.
32. That the art personnel supervise the designing of all display areas and of all posters set up throughout the building except in classrooms.
33. That the entire art program be periodically re-evaluated by the art faculty and administration as a means of providing meaningful opportunities for creative exploration of ideas with art materials toward aesthetic and cultural, individual and social development.

D-3. BUSINESS EDUCATION

34. The purchase of more electric typewriters.
35. Several additional business machines for the office machines room, especially a full-keyboard listing machine.

- 36. One or more listing adding machines to be used exclusively by the bookkeeping classes.
- 37. That some type of prognostic test be given or other method of selection be used before shorthand is elected by the students.

D-6. DRIVER EDUCATION

- 38. That a practice area be established for beginners.
- 39. That all safety devices, such a side mounted rear view mirror and snow tires in the winter, be installed.
- 40. That storage for instructional material be provided.
- 41. That psycho-physical testing devices be purchased.
- 42. That reference material for the teacher be provided.

D-7. ENGLISH

- 43. That the department build up supplies of records, film-strips, and reference materials.
- 44. That all English classes be taught by qualified members of the English Department.

D-9. HEALTH EDUCATION

- 45. That consideration be given to the establishment of a study group for joint planning among the departments concerned with health teaching.

D-10. HOME ECONOMICS

- 46. That a foods course be offered as an activity period pro-

ject for boys.

D-12. MATHEMATICS

47. Provision for a mathematics club on the junior-senior level.

D-13. MUSIC

48. That music appreciation classes be continued and scheduled other than during the activity period.
49. That the necessary steps be taken to assure time for a meaningful and effective vocal and instrumental program on the pre-high school level, this is vital to a successful vocal and instrumental program on the high school level.

D-15. GIRLS' PHYSICAL EDUCATION

50. That men and women physical education instructors be allotted time to plan co-educational instruction and activities.
51. That the instructor be relieved of elementary school schedule to allow time for remedial instruction in the school.
52. That an additional staff member be provided:
 - a. to relieve the load of the high-school instructor.
 - b. to broaden the program to include students who need remedial instruction and direction in use of leisure time.

D-18. SOCIAL STUDIES

53. A departmental head to coordinate activities.
54. Additional course offering in the social studies - perhaps

geography, or modern history for seniors.

55. Preparation of course outlines to help prevent unnecessary duplication of study areas.
56. The introduction of standardized tests into the program for the purpose of evaluating progress on the basis of national norms.
57. The increase in the amount of audio-visual equipment and centralization of their storage and control.

RECOMMENDATIONS

THAT NEED TO BE CARRIED OUT THROUGH LONG PLANNING

D. PROGRAM OF STUDIES

1. Courses having to do with cultural appreciation and development be given increasing consideration in the expanding curriculum to meet the common aesthetic needs of all students in the creative and performing arts such as art, music, literature, and drama.

F. INSTRUCTIONAL MATERIALS SERVICE

2. The need for display cases both inside and directly outside the library be filled.
3. That, with added responsibility, a part-time clerk or business student be employed at least quarter-time.

I. SCHOOL PLANT

4. Venetian blinds or other ventilating methods to reduce excessive solar heat in the Home Economics room.
5. The installation of an additional toilet in the boys' locker

room, and also in the visitors' locker room.

J. SCHOOL STAFF AND ADMINISTRATION

6. That consideration be given to the employment of a clerk-typist as a "Teacher Aid", relieving present secretaries of this extra duty.
7. That consideration be given to the expansion of the present salary schedule to provide additional incentive.
8. That a study be made of the possibilities of microfilming all student records, and of record storage.

D-2 ART

9. That consideration be given to offering a one-year basic art course with full academic credit, which could include work in a variety of two and three dimensional materials in addition to utilizing meaningful approaches to art appreciation of present and past cultures.
10. That the practice of scheduling sophomores, juniors and seniors with varying years of high school art experience be eliminated. courses should be sequential and develop from the basic course - i.e. the basic art course should be prerequisite to all other art courses.
11. That an advanced art course with full academic credit be planned for those who show interest and ability in teaching or working professionally in art.
12. That the art room be re-designed wherever possible and desirable to accomplish the purposes of a revised arts and crafts program.
13. That photography be considered an activity within the art

program, and that dark room and equipment be made available within the area.

14. That a study be made concerning the establishment of a survey course in the creative and performing arts that would utilize the combined resources and staff in art, music, literature, and drama, thus all students might gain experience in the field of aesthetic values.
15. That permanent exhibit areas be planned for display of art work in strategic places around the school as one aspect of enrichment and public relations, particularly in the main foyer area.

D-3. BUSINESS EDUCATION

16. In the event that an addition be considered or becomes necessary for the business department consideration be given to:
 - a. increasing the size of the office machine room.
 - b. placing the electrical outlets for more appropriate use.
 - c. equipping the typing room with adjustable tables and/or chairs to accomodate students of various sizes.

D-6. DRIVER EDUCATION

17. That the teaching load be cut to four preparations a day, instead of the present five, thus leaving time for individual pupil-teacher conferences and for future Developmental Reading classes.

D-8. FOREIGN LANGUAGES

19. That the efficiency of the language laboratory would be increased by:

- a. providing the booths in the laboratory with individual programming.
- b. providing independent monitoring for the booths (e. g., so that two different teachers could be monitoring two different pupils at the same time).

D-9. HEALTH EDUCATION

- 20. That consideration be given to the possible re-scheduling of classes for grouping in each grade level.

D-10 HOME ECONOMICS

- 21. That a continuing program in Home Economics be established.
- 22. The incorporation of child care and guidance in any one of the present courses.

D-11. INDUSTRIAL ARTS.

- 23. That the drafting room and the art room be separated.

D-12. MATHEMATICS

- 24. Provision for courses offering advanced standing when student enrollment and abilities warrant it.
- 25. Consideration of a mathematics department head when the size of staff makes coordination of its program difficult.

D-13. MUSIC

- 26. That one full-time and one half-time music teacher be employed, as soon as the enlarged program becomes a reality.
- 27. That a general music course be offered to all students de-

siring it, regardless of background and experience.

28. That a course in elementary harmony be offered to musically-inclined students.
29. That immediate attention be given to the development of the instrumental program, including:
 - a. acquisition of certain basic school-owned instruments of the larger variety, as requisitioned by the band director. This could include such instruments as tubas, baritone horn, french horns (or mellophones) trombones, bass clarinets, bass drum and street drums.
 - b. more individual and small group instrumental instruction as needed.
 - c. organization of a school dance band in the future, if desirable.
30. That in future building expansion, a music room be provided, other than the auditorium stage, with adequate storage for instruments, music and uniforms.
31. That adequate rehearsal rooms, adjacent to the music room, be provided.

D-15. GIRLS' PHYSICAL EDUCATION

32. That a longer class period be arranged.

D-17. SCIENCE

33. Improvement of the biology program by establishing double laboratory periods and by providing adequate facilities.
34. An improvement in ventilation facility in all laboratories.
35. An increase in storage areas for laboratories.

RECOMMENDATIONS THAT ARE JUDGED TO BE INVALID.

H. HEALTH SERVICE PROGRAM

1. That serious consideration be given to the continued use of the one technician (non-nurse) for vision and hearing screening.

I. SCHOOL PLANT

2. A study of the aesthetic appearance of the school foyer.
3. That the art department be provided with a slide projector and screen.

D-12. MATHEMATICS DEPARTMENT

4. Study of the possible requirement that terminal students take the consumer mathematics course.

I realize that this report has been a lengthy one, but believe the citizens of the Town of Norwell should have a permanent record of the Recommendations put forth in the Evaluation Report. Between the Summary Report of the Evaluation and this report, the people interested in providing the educational needs of the youth of Norwell have received most of the facts concerning the status of Norwell High School as a fully accredited secondary school. The complete list of Commendations is the only part of the Evaluation Report that has not been fully stated.

The people of Norwell have provided, and must continue to provide, a wholesome interest in their schools if the youth of Norwell are to have the education they need to become happy and industrious citizens. Our boys and girls are our most important asset. Let's not sell them, and ourselves, short by thinking only of our luxuries and neglecting to provide for their needs.

Respectfully submitted,

ROBERT H. JACKMAN, Principal
Norwell High School

REPORT OF THE JUNIOR HIGH SCHOOL PRINCIPAL

Mr. Frederick A. Small
Associate Superintendent of Schools
Norwell, Massachusetts

Dear Mr. Small:

It is with pleasure that I submit my first annual report.

ORGANIZATION

The school contains grades six, seven and eight with an enrollment of four hundred twenty nine pupils as of October 1, 1963. This enrollment figure includes a class of thirty fifth graders and an intermediate special class which are presently housed in the junior high school building. The latter group is composed mainly of pupils in the ten to twelve age group from the towns of Hanover, Hanson and Norwell and uses the art room as a classroom. They will be housed in the Grace Farrar Cole School when the new addition is completed.

CURRICULUM

SUBJECT	MINUTES PER WEEK	
	GRADES 7 & 8	GRADES 6
English and literature	280	275
Reading	112	300
Social Studies	280	250
Mathematics	280	250
Science	280	210
Art	56	40
Music	40	80
Practical Arts	84	40
Physical Education	56	40

Note: All subjects in grades six-eight are required.

In an attempt to get the most effective use from available time, the length of periods has been increased from forty to fifty six minutes. Time previously used for study periods in a seven period day is now utilized by the subject matter teacher to assist pupils, during the regular class period, in preparing for home study. This additional amount of time is particularly valuable in helping students that need individual attention in a subject.

The reading program begun last year is being refined and enlarged. Materials purchased then are being put to good use and additional developmental reading books and workbooks will aid in strengthening this program. Classes in reading for seventh and eighth graders meet four times a week, twenty eight minutes each period. Developmental skills are enhanced and enlarged upon in literature classes.

A program of integrated library instruction was begun in September. This plan, which was developed by the American Library Association, involves integrating instruction by the librarian with regular classroom work in English, social studies, science, music, and home economics. Pupils learn to use the library as a tool which strengthens their study skills. The results of this program should reach fruition as the individual progresses higher on the educational ladder. Learning to locate information, use references, and being exposed to a variety of books for recreational and collateral reading are outstanding features of this plan.

Extra class activities for girls have included field hockey, volleyball, basketball, badminton and soft ball. Boys have engaged in cross country, basketball, volleyball and baseball.

Increased emphasis placed upon instrumental music has resulted in greater participation by pupils with the nucleus of a good junior band now developing in grades six and seven.

PERSONNEL

The school lost the services of two enthusiastic and dedicated teachers because of retirement this year. Miss Elizabeth Farrar retired after thirty eight years in the teaching profession, nineteen of these being in Norwell. During the last school year, 1962-1963, she served as junior high school principal. Mrs. Beatrice Case, a sixth grade teacher, also retired after four years of service in Norwell and over twenty years of teaching experience in the schools of Massachusetts.

LOOKING TO THE FUTURE

Consideration should be given to developing a more intensive program for academically talented pupils through acceleration in mathematics, enrichment in English, social studies and science, and the introduction of a foreign language in the junior high school years. A sufficient number of pupils are qualified to make such a program feasible, and it would enhance their chances for success in senior high school and in higher education.

I should like to thank the school personnel - cafeteria workers, custodians, nurses and school secretary - for helping to make this year a successful and pleasurable one for me. And to the faculty goes my heartfelt thanks for its cooperation during the past several months.

Respectfully submitted,

WILLIAM H. PENN,
Principal

REPORT OF THE PRINCIPAL OF THE ELEMENTARY SCHOOL

Mr. Frederick A. Small
Associate Superintendent of Schools
Norwell, Massachusetts

Dear Mr. Small:

I hereby submit my annual report as principal of the Norwell Elementary School.

Our enrollment continues to increase yearly. On the last day of June, 1963, we had a school population of 392 pupils housed in 15 rooms. Today we have an increase of 35 pupils; a school enrollment of 427, distributed among 16 classrooms.

The distribution by grades is as follows:

Grade 1	Grade 2	Grade 3	Grade 4	Grade 5
104	71	88	84	80

Unless the addition to the Cole School is completed and ready for occupancy next September, it will be necessary to utilize the auditorium for a classroom, until such time as the Cole addition is ready. At this time it would be my recommendation that the Norwell Elementary School be considered a 15 classroom building, making the 16th room into a combination remedial, reference, and library area.

The following teachers are new to the Norwell Elementary School this year; Mr. Walter Kaetzer, grade five, (head teacher); Mrs. Gunhild Milbery, Art Supervisor; Mrs. Marion Stanley, Remedial Reading; Miss Nancy Baird, Physical Education; Mrs. Cleo Neary, grade four; Mrs. Joyce Wilson, grade one, and Miss Marie Manna, grade one.

Some physical changes have been made at the Norwell Elementary School this year. What was formerly a coatroom for the large classroom adjacent to the office has been converted into a remedial reading room. This is inadequate, but will suffice until a more suitable arrangement can be effected through the meeting of elementary housing needs with the addition to the Cole School.

Through the help of our custodian, Mr. Rosenberg, we are now utilizing the waiting room off the office as a library. We thank Mrs. Edmund V. Anderson for her suggestion that we contact the Massachusetts Division of Library Extension concerning the loaning of books to school libraries. We now have 350 books from the state and library books purchased by the school, available for loan to the children.

Teachers at the Norwell Elementary School are participating in "Mathematics for Elementary Teachers", a program produced by WGBH-TV (Channel 2) to better enable them to make the transition from the traditional to the modern approach in the teaching of mathematics.

At the present time, the newer approach to mathematics is being used in grades one and two, and in one room in each of grades three, four and five. Next year all classrooms will be involved in the modern approach to the teaching of mathematics.

In grades one, two, and three, this year we have supplemented our regular reading program with "Phonetic Keys to Reading". As the name implies, this approach to the teaching of reading is based upon letter sounds and phonetic principles.

Each room in grades four and five is now equipped with a reading laboratory. This is a multi-level program which permits the individualizing of reading within a given classroom. Pupils start at their individual reading levels and progress to more advanced levels just as quickly as they are able.

Our Book Fair this year, held during National Education Week, was an overwhelming success. We are most grateful to all those who gave of their time, effort, and money in this regard.

I wish to express my appreciation to the Associate Superintendent of Schools, the School Committee, the school faculty and staff, the parents and citizens for their continued interest and cooperation in the development of better education for children residing in the Town of Norwell.

Respectfully submitted,

WILLIAM W. HAYS,
Principal

REPORT OF THE PRINCIPAL OF THE GRACE FARRAR COLE SCHOOL

Mr. Frederick A. Small
Associate Superintendent of Schools
Norwell, Massachusetts

Dear Mr. Small:

As principal of the Grace Farrar Cole School I hereby submit my annual report.

Our enrollment figures continue to increase. Presently we have a total enrollment of 374, representing an increase of 29 pupils over the figures of last June. Since it was necessary to add another fourth grade in September of this school year, our enrollment is distributed among 13 classrooms. We are currently using the school auditorium to house Grade 5. This situation will be alleviated once the addition to the school is completed. The following shows the distribution of pupils in the Grace Farrar Cole School on December 17, 1963:

Grade 1	Grade 2	Grade 3	Grade 4	Grade 5
94	87	83	79	31

Three teachers are new to our staff this year. Miss Shirley Skidmore, a graduate of Eastern Nazarene College, is teaching grade two. Miss Karen Speakman, also a graduate of Eastern Nazarene College has a fourth grade classroom. Miss Carolyn Wexler, from Boston University, is also teaching in grade four.

With the growth of our school population it was deemed necessary to establish a new position of elementary art supervisor. Mrs. Gunhild Milbery, formerly a fourth grade teacher at the Grace Farrar Cole School, was selected to fill this position effective September, 1963. The position of elementary physical education instructor has been filled by the appointment of Miss

Nancy Baird.

Never in the history of American education has there been greater stress on, nor greater need for quality in education. In our technologically oriented economy of today there is little need for, nor little hope for the uneducated. Man now must compete with the machine as well as with his fellow man. The competition is keen and the future will not lessen, but rather increase the advantage derived from the acquisition of a good education. Being mindful of this, the faculty of Cole School is continually striving to improve the educational program.

This year all classrooms in grades one and two are involved in the modern approach to the teaching and learning of mathematics. In grades 3, 4 and 5, one classroom in each grade level is also participating in the modern approach. In the next school year 1964-65, all classrooms will have made the transition to modern mathematics.

All teachers at Grace F. Cole School are taking part in "Mathematics for Elementary Teachers," a program developed by WBGH-TV (Channel 2) to help elementary school teachers better understand the newer approaches to the teaching of mathematics.

During the school year 1962-63, a new supplementary reading program, "Phonetic Keys to Reading," was tried in our first grade classrooms. Teachers involved in the use of this program felt that their pupils had developed greater word attack skills than they would have without the program. This year we have retained "Phonetic Keys to Reading," in grade one and also have added it to our reading program in grades two and three.

Through the Massachusetts Department of Education, Division of Library Extension, 350 library books have been loaned to the school for a period of six months. These books are in excellent condition and are suitable for all elementary school reading le-

vels. This is an asset to any school program and we thank Mrs. Edmund V. Anderson, former librarian at the James Library, for suggesting that we contact the Division of Library Extension to see what is available to schools.

Curriculum committees have been established in the areas of social studies, mathematics, science, and language to study what is presently being taught and to determine changes which might be made to strengthen our programs.

As principal of the Grace Farrar Cole School I wish to express my gratitude to the many people who have given me their help and support throughout the year.

Respectfully submitted,

WILLIAM W. HAYS.
Principal

SCHOOL PHYSICIAN REPORT

Mr. Frederick A. Small
Associate Superintendent of Schools
Norwell, Massachusetts

Dear Mr. Small:

Please accept my report for 1963 as school physician:

The general health, hygiene, attendance, and sanitation in all the schools has been excellent. Contagion has again been at a minimum and easily controlled with cooperation of the personnel involved.

Most of the students submitted to the Tuberculin skin test survey. It is interesting to note the absence of positive tests in the Elementary schools. The few positive reactions in the higher schools are being evaluated further with X-rays.

The routine physical examinations, with especial attention to participants in athletics, have been accomplished early in the fall term, with the assistance of the school nurses and athletic directors. This examination is supplemented, as usual, by dental, postural, visual, and auditory screening tests.

Parents have been notified or interviewed when indicated by health problems.

The regular immunization clinics are proving very effective with the collaboration of the Board of Health.

Again, it is hoped that more adequate athletic facilities may be approved and forthcoming.

Respectfully submitted,
RAYMOND G. VINAL, M.D.
School Physician

REPORT OF THE CAFETERIA SUPERVISOR

Mr. Frederick A. Small
Associate Superintendent of Schools
Norwell, Massachusetts

Dear Mr. Small:

This has been an active year in the school cafeterias. The supervisor from the State School Lunch Office visited us and made a study of our operation as a whole including preparation, serving, storage areas and cleanliness. The menus were studied to ascertain that they were meeting the state specifications of 2 oz. of protein per meal, $3/4$ cup of vegetable or fruit and vegetable combination, one slice of enriched bread or the equivalent, 2 teaspoons of butter, one half-pint of whole milk, vitamin C rich food daily, and vitamin A rich food twice a week. In order to receive the government commodities and reimbursements, we have to meet their standards.

An auditor from the State Office came in June to audit the financial records.

In both instances we were satisfactorily meeting their requirements.

We in the cafeterias greatly appreciate the cooperation we receive from you, the school committee, the principals and the faculties.

Respectfully submitted,

HAZEL W. ROBBINS,
Cafeteria Supervisor

SOUTH SHORE REGIONAL SCHOOL DISTRICT TREASURER'S REPORT

In accordance with Section XII of the South Shore Regional School District Agreement signed January 6, 1960, I submit herewith details of the 1963 financial transactions of the School District.

Details are presented with respect to the 1963 estimated expenditures; apportionment of estimated expenditures to member towns; actual cash receipts and disbursements; balance sheet and statement of outstanding debt as of December 31, 1963.

Total operating costs for the year were \$204,826.70 which were paid by funds from the following sources.

Local Assessment Revenue		\$162,522.13
Federal Grants:		
George-Barden Funds	\$32,911.66	
National Defense Education		
Fund	7,997.69	
Manpower Development &		
Training Fund	1,395.22	42,304.57
Total		<u>\$204,826.70</u>

Capital Outlay costs for the year were \$367,699.22 of which amount \$355,696.91 was provided from local funds and \$12,002.31 was derived from a Federal Grant under the National Defense Education Act.

Expenditures under the Manpower Development and Training Act P.L. 87-415 were \$47,291.02, plus \$1,395.22 for allocated cost of utilities shown under Operating Costs, resulting in total expenditures of \$48,686.24. This activity involves a special program for the re-training of unemployed persons, the entire cost of which is paid for by the Federal Government. During the year two courses were conducted at our school which pro-

vided training for Metal Fabricator and Precision Sheet Metal workers. The School District has also been a substantial beneficiary under this program inasmuch as approximately \$29,000.00 of the amounts expended in this activity were used to purchase and install in the school new metal working machinery and equipment, which is now available for use by the School District.

Surplus Revenue of \$109,759.58 shown on the District Balance Sheet was determined as follows:

	<u>Debit</u>	<u>Credit</u>
Balance December 31, 1962		\$22,596.94
Transfer-January 1963 to 1963 Revenue Account	\$7,500.00	
Transfer-December 31, 1963 from 1963 Revenue Account		104,125.64
Transfer-December 31, 1963 to Reserve for Bus Replacement	9,463.00	
Balance-December 31, 1963	\$109,759.58	
	<u>\$126,722.58</u>	<u>\$126,722.58</u>

The transfer to 1963 Revenue Account in the amount of \$7,500.00 as of January 1, 1963 involves the use of 1962 Surplus Revenue voted by the District Committee to reduce the 1963 Capital Outlay Budget Assessment to member Towns.

The transfer from the 1963 Revenue Account at December 31, 1963 in the amount of \$104,125.64 was attributable to the following:

Unexpended Appropriation for 1963 Operating Costs.	\$45,743.30
Federal Grants used to pay for 1963 Operating Costs.	42,304.57
Excess of 1963 District Receipts over Estimates	16,077.77
	<u>\$104,125.64</u>

The transfer to Reserve for Bus Replacement in the amount of \$9,463.00 is self-explanatory.

A \$50,000.00 portion of the 1963 Surplus Revenue Balance of \$109,758.58 has been approved by vote of the District Committee to be used in reducing the 1964 Operating Costs Budget Assessment to member Towns, thereby resulting in a remaining balance of \$59,759.58 available to the School District as of January 1, 1964

An amount of Surplus Revenue equivalent to three months expenditures is necessary in order that the School District can pay bills for school operations between January 1, and April 1, of each year, inasmuch as the annual assessment revenue received by the School District from member Towns is payable in quarterly installments on the first day of April, June, August and December of each year.

An alternate procedure to the establishment of a "working surplus" would be to reduce Surplus Revenue to a minimum amount and to borrow money on a short term basis whenever necessary. This would of course involve additional costs for loan registration fees and interest expenses.

Respectfully submitted,

JOHN A. ASHTON, Treasurer

SOUTH SHORE REGIONAL SCHOOL DISTRICT
1963 BUDGET

Operating Costs:

Salaries	\$163,020.00	
Expenses	<u>87,550.00</u>

REPORT OF THE
BOARD OF ASSESSORS

It was with deep regret that the Board of Assessors learned of the death of John L. Crowley on October 31, 1964. Mr. Crowley served as Chairman of the Board during the year 1962 and member in 1963 and 1964.

On November 16, 1964, James E. Macaulay was appointed by the remaining two members of the Board of Assessors and the Board of Selectmen to serve the unexpired term of Mr. Crowley.

The year 1964 saw the Board of Assessors' work load increased due to the added number of Motor Vehicle Abatements, new building, plus the new tax exemptions granted to persons over seventy years of age.

Work on the Assessors' Maps was continued this year with the printing of the Town Atlas in April, 1964. This included all corrections and new subdivisions.

Stanley N. Baker was re-elected to a three-year term at the Annual Election held in March, 1964.

The Board of Assessors wishes to express its sincere appreciation to all Norwell citizens for their cooperation and patience.

Respectfully submitted,

FRANCIS L. LOGUE, Chairman
STANLEY N. BAKER
JAMES E. MACAULAY
Board of Assessors

REPORT OF THE BOARD OF HEALTH

To the Board of Selectmen
Norwell, Massachusetts

During the year 1964 the Board of Health carried on its usual activities which include DPT Clinics in the schools and T.B. skin tests in certain grades.

Inspections of restaurants, motels and nursing homes were done periodically.

The Town Dump, with the cooperation of the Townspeople, and an excellent caretaker, is something of which we can all be justifiably proud.

Early in the Fall we again carried out our Rodent Control Program with successful results.

The ever increasing number of new homes being built in the Town has created a serious problem of stump disposal. An equally pressing problem is that of junked automobiles. The present dump offers no solutions due to lack of space. For this reason, an article will appear in the Town Warrant requesting the acquisition of land for a supplementary dumping area. This area to be used, for the time being, only for stump disposal. The Board plans to take no steps toward solving the problem of old automobiles, feeling that this is the responsibility of the individual owner, if the Town does not agree, the Board should be so advised, by vote, under the Article for instructions to Town Officers.

If one would consider "animal" in the context of "animal, vegetable or mineral," the animal most dangerous to man in the United States is the bee, whose stings cause more deaths annually than snake bite, the next biggest killer. The automobile kills 1,000 times as frequently, so the Board again urges the use of seat belts.

Another broad area of problem in the Public Health field is the population explosion. The death rate has been controlled to a significant extent, but the birth rate has not. The result is that, if no balance is achieved, in 500 years there will be one human for each square yard of dry land in the world. While we, as a local Board, cannot do anything on a world-wide basis, we are already faced with a per capita - per unit of land problem. How much of what kind of land is necessary to provide living and disposal areas for one family?

The problems inherent in the development of swampy and other marginal lands into residential building sites, have been, and continue to be a source of concern for the Board of Health and other Town agencies responsible for the orderly growth of our community. The alteration of the natural

contours of sizeable tracts of land with resultant changes in the patterns of run off, and containment of surface waters, may present the prospective home owner, as well as the established resident, with a disposal problem which poses a threat to his health as well as his pocketbook.

There is need for informed interest on the part of the Townspeople, and thoughtful, coordinated planning on the part of the Towns officials.

Respectfully submitted,

NORWELL BOARD OF HEALTH

KATHERINE R. FULLER, Chairman
 RICHARD B. KEARSLEY, M.D.
 WILLIS R. KEENE, M.D.

NOTE: Your attention is called to the interesting and authoritative article on the population explosion, by Huxley, in the January, 1965, "Playboy."

REPORT OF THE CIVIL DEFENSE AGENCY

The past year has fortunately been a quiet one for Civil Defense, with no major storms or disasters of consequence requiring the participation of our various units.

The Auxiliary Police have, as always, been willing to help out on several occasions when called upon, even though the circumstances were not those which might be called "very exciting," and they have been most cooperative about turning out for monthly meetings and drills. They are the mainstay of the present Civil Defense set-up, and as they are trained in all branches of emergency work, they can be counted on for assistance in all possible circumstances.

The Communications Unit participated in the monthly drills for the Sector, using the radios which are separate from the facilities at the Communications Center.

The only acceptable shelter meeting Government specifications is the Headquarters in the Osborn School. This is now fully equipped with Federal furnished food and sanitary facilities to care for 50 people for at least a week of complete isolation under wartime conditions.

The ambulance has continued to be of great help for transportation of the ill and injured, and has made 65 runs to various hospitals and other towns and cities. Neighboring towns and the State Police frequently call for assistance with accidents and illnesses.

Unfortunately, mechanical problems and trouble with a rusting out body and frame have been on the increase this year. The ambulance is a 1951 Cadillac, obtained by us several years ago as Navy surplus and the time is coming when thought must be given to its replacement with a more up-to-date vehicle.

Respectfully submitted,

W. CLARKE ATWATER, Director

ANNUAL REPORT OF THE CONSERVATION COMMISSION

To the Citizens of the Town of Norwell:

The Conservation Commission has held regular monthly meetings throughout the year of 1964. In addition, members have attended the two semi-annual meetings of the Massachusetts Conservation Commission Council. Several other related meetings were also attended. These meetings serve to inform your Commission of Conservation activities in other towns and to inform us of conservation practices in general.

The present primary concern of the Conservation Commission is to acquire land for the town which will be kept as near as possible in a natural state. We believe that such land should be reserved for the following reasons:

1. The protection of our present water supply and for future water needs.
2. For use for future park and recreation areas.
3. To assure the town that they will always have open green and wooded areas, which will remain in a natural state for the enjoyment of the present and future citizens.

There are three ways that this type of land may be secured. The Conservation Commission may, with the approval of the Selectmen, accept gifts of land. Two such gifts have already been received and the Commission is now in the process of obtaining other such grants.

The Conservation Commission may purchase land for these purposes and is now negotiating for such a purchase of land containing river frontage. This type of acquisition, when certain conditions are met, may be subject to 50% reimbursement by the State of Massachusetts self-help program.

With the cooperation of the Selectmen, tax-title properties may be acquired and placed under the control of the Conservation Commission. This is a time consuming process, which requires some expense, and the Commission is now in the process of acquiring such lands.

The difficulty in location of property lines, locating deeds and establishing proper ownership is one of the major problems we are faced with when trying to acquire desired property. This information is essential to the Conservation Commission as we do not have, nor do we wish to have, the power of eminent domain. In our work with the Water Department, lack of definite information has been a major problem. At the present time, the Water Department is attempting to get information about land needed for protection of the Town Wells. When the information is available, we will cooperate with the Water Department in every way possible to acquire such land as is needed for future well sites.

In closing may we take this opportunity to thank all the other town boards and citizens who have assisted the Commission during the past year.

Respectfully submitted,

WESLEY H. OSBORNE, Chairman
KATHERINE E. CRANTON, Secretary
STANLEY N. BAKER

RICHARD A. HOUSLEY, Ex Officio

REPORT OF THE COUNCIL ON AGING

To the Selectmen:

The Norwell Council on Aging was organized after a vote of the March

1964 Norwell Town Meeting. It meets on the last Wednesday of the month.

The Council contacted the Norwell Planning Board and the Selectmen regarding a room to be used as a "Drop-in-Center," for Senior Citizens, to be included in plans for the future Town Hall or Police/Fire Station.

Letters were sent to many organizations in town listing the needs of our Senior Citizens with suggestions for meeting these needs. There has been some response of money and special invitations to community events.

We have conducted two events honoring Senior Citizens at the Norwell Senior Citizens Association meetings. One was a special recognition of an 80th birthday and the other in honor of the marriage of members of the Association.

We are planning a questionnaire to be sent to all persons in Norwell over sixty. This will provide us with the necessary information to formulate further plans.

Respectfully submitted,

PRISCILLA CUSHING, Chairman	
DR. WILLIS KEENE	ROBERT MacWILLIAMS
MARY PETZE	WILLIAM ROFE

REPORT OF THE DEVELOPMENT AND INDUSTRIAL COMMISSION

Board of Selectmen
Norwell, Mass.

Gentlemen:

We hereby submit the Annual Report of the Norwell Development and Industrial Commission for the year ending December 31, 1964.

During the past year two businesses have taken advantage of available sites in the business and industrially zoned districts of the town. The Old Colony Knitting Mills of Hingham has purchased property on Washington Street, formerly the location of Magoun's Lunch, and a modern building is in the process of construction, which is expected to cost approximately \$250,000. It is planned to employ from fifty to one hundred persons during the year.

The Star Market Company of Cambridge has purchased about fifteen

acres of land at Queen Anne's Corner, with over a thousand feet of frontage on Pond Street. A supermarket is to be erected on this site, but at present it is in the planning stage.

During the year Frederick Truelove was appointed to the board to fill the unexpired term of Charles H. Crombie, who had resigned to take up residence in another town.

Respectfully submitted,

LORING H. JACOBS, Chairman
 JOHN E. ANDREWS, Clerk
 HENRY ABRAHAMS
 DENNIS F. MEDEROS
 FREDERICK TRUELOVE

REPORT OF THE DOG OFFICER

Selectmen
 Town of Norwell
 Norwell, Massachusetts 02061

Gentlemen:

I submit my report as Dog Officer of the Town of Norwell for the year 1964.

Dogs returned	61
Complaints investigated	44
Strays	8
Dead dogs picked up (does not include those by C. Joseph & Wadsworth)	1
Badly injured dogs picked up	2

A reminder to all dog owners -- All dogs must be licensed at 3 months and the license runs from April 1 to March 31 of the succeeding year.

Respectfully submitted,

ROBERT L. MOLLA, Sr., Dog Officer

REPORT OF THE EMERGENCY COMMUNICATIONS CENTER

The past year again shows a continued growth in the demands on the

Center in direct proportion to the increased growth of population and activities in the Town. During the past year a total of 22,676 calls were handled by the Center.

Our thanks again go to the Town Hall secretaries who handle the calls during office hours, and to the men and women who so faithfully follow a demanding schedule to provide coverage at night and during the weekends. A modest increase in hourly pay, as voted at the last Town Meeting, is much appreciated and has helped in keeping our operators, although the pay is not yet sufficient so that we may require the operators to stay awake all night, as they must all have other jobs during the day.

Through the cooperation of Dr. Richard Cugnasca and Mr. Clarence Joseph, we now have a plan of operation which greatly improves the handling of the many calls we receive for assistance with dead and injured animals on the streets. This has long been a difficult problem and its solution has been a great help to all parties concerned.

A new card index system has improved our task of trying to keep track of all the residents and businesses in Town. This is another problem that has grown by leaps and bounds during the past year. With so many families moving in and out of Town, this problem would be simplified by notice, by people moving in and out, as we now find this information from records of sales or by hear-say.

With the addition of the alarm system to alert the operators if the fire sirens at Stations 2 and 3 are out of order, as well as the fire alarms from all the schools, the walls in the Center are becoming a hodge-podge of alarm boxes, lights and buzzers. It is regrettable that our budget does not permit the installation of a central system to which new alarms could be added as they become necessary.

Residents are requested not to call the Center when the Fire Sirens blow. The operators have all they can handle with essential phone and radio conversations, and must not be bothered with unessential calls from the curious.

Under a separate article we shall ask the Town Meeting to approve an appropriation for the installation of a two-way radio system for the Town-owned vehicles, on a frequency for the Town use only, as separate from the Police and Fire frequencies which also cover many other towns. Such a system would provide greater efficiency in the Highway and Tree Departments at all times, and would lead to greater control of all trucks (and plows) during storms and hurricanes. These radios would also provide more firemen during the daytime when manpower is short, as most of the Town employees are firemen and could be called on the Town frequency when a fire occurs. The workmen would also be provided with greater safety, as help could be called at once in the event of an accident. Such

communications would lead to better use of the manpower and equipment at hand and hence the cost would be offset by the increase in efficiency.

Respectfully submitted,

Emergency Communications Center Board

W. CLARKE ATWATER, Chairman
KENNETH J. BRADEEN
WARREN P. MERRITT

REPORT OF THE FIRE DEPARTMENT

The Board of Fire Engineers submit to the Board of Selectmen and the citizens of Norwell the following report covering the activities of the Fire Department for the year 1964.

The Communications Center handled 7284 calls for the Fire Department from January 1, 1964, to December 31, 1964.

These calls consisted of the following:

Building fires (includes electrical, chimney & burners)	37
Grass and Woods fires	94
Dump fires	13
Automobile	14
Resuscitator	7
Investigations	94
Accidents	5
Lost Children	2
Mutual aid received	19
Mutual aid given	16
Fire Permits	2531
Misc. Calls (for information, etc.)	4452
Total	<u>7284</u>

During 1964, 301 emergency calls were answered, which is an increase of 31% over 228 in 1963.

Many of these fires were serious and time consuming which accounts for our sharp increase in payroll.

One of these fires occurred in the Church Hill Fire Station on January 6, 1963, causing extensive damage to the building and contents. Fire insurance re-imbursements totaling \$4,111.00 paid for building repairs and contents lost. The engines were removed from the station in time to avoid any damage.

The newly installed Supervisory Alarm System, operating fire sirens at Stations 2 and 3, is giving added protection by indicating any alarm failures.

This year the Board of Engineers appointed Capt. Robert Barry as Drill Master for department training. Capt. Barry attended the Summer session of the New England Drill Masters School held in Hyannis during August.

At the Annual Town Meeting the Board of Engineers were voted \$13,000.00 to purchase and equip a new engine for Station #1. The contract was awarded to Farrar Company of Woodville, Mass., low bidder. Due to circumstances beyond our control, the truck will not be delivered until the latter part of February.

There is a growing concern among the members of the Board of Fire Engineers regarding adequate daytime response to serious emergencies. The Board feels that the proposed installation of radios in Town-owned vehicles would help to alleviate this situation.

The Board of Fire Engineers would like to commend the operators of the Communications for their efficiency in handling Fire Department calls. and to thank the citizens of Norwell for their cooperation in complying with Fire Department regulations.

Respectfully submitted

JOHN J. WINSKE
DONALD H. NEWTON
ORVILLE DEVINE
JAMES T. KING, Clerk

REPORT OF THE HIGHWAY DEPARTMENT

I hereby submit my annual report for the year of 1964.

The winter of 1964 proved to be a stormy one. We had almost five feet of snow and because of this amount of snowfall it became necessary to get emergency funds to carry us through December.

The materials that were required will startle you. We used approximately forty snow plow blades, three thousand yards of sand, six hundred tons of salt, and fifteen tons of calcium chloride to keep the roads safe. I hope you realize that we are a small town and cannot afford to have our roads like the expressway, but we try to strike a happy medium. We have been forced to use chemical salt to get the extra heavy traffic through town safely and as conveniently as possible without letting them run over us or

anything that gets in their way. We have to protect some drivers from themselves.

By the time Spring rolled around we were busy cleaning the drainage system, catch basins, and sand from the intersections. Because of all the housing developments and underground structures we have got to be thinking of getting mechanical equipment for this work.

The Chapter 81 work was begun in the Spring with the approval of the Selectmen and the Department of Public Works of District #7, Middleboro office. I would like to take this opportunity to thank them for their cooperation and excellent assistance. A breakdown of this work follows this report.

The Chapter 90 project on Main Street was carried out by first putting two layers of mix from the Hanover line to South Street. Some of the money for the mix and labor came out of the 782 account.

The second section of Main Street done, from South Street to Hilltop Service Station, was approximately three thousand feet. We installed new pipe, moved the stonewalls back, and completely dug up the old surface. Gravel and three layers of mix were put down. This, too, was done in conjunction with the 822 and Chapter 90 accounts.

Because of the very dry Spring and Summer there is still a little bit of shoulder work and seeding left to be done. These two sections will give us a little more than one mile completed.

In 1965 the drainage will be installed from Hilltop to the schools and some pavement will be done. I am asking for a special sidewalk article to be carried on in conjunction with this project.

The special articles for mix and place on River Street and Oak Street were completed in July.

Construction, street painting, sign work, drainage work, installing water services, etc., were some of the other activities of the Highway Department in 1964.

We are asking for the mix and place project to be carried on in 1965 and we are also hoping to get a new building to work from, which is badly needed.

I wish to express my sincere thanks for the cooperation of all the town officials, the various committees, and departments and the citizens of Norwell with whom I have had the pleasure of working this past year.

Respectfully submitted,

E. ARNOLD JOSEPH, Highway Surveyor

REPORT OF THE INSPECTOR OF ANIMALS

Board of Selectmen
Norwell, Massachusetts

Gentlemen:

As Inspector of Animals for the Town of Norwell, I have completed my duties for 1964 and report as follows:

Inspected barns and reported same to the State.

Reported to the Division of Livestock Disease Control the census of animals in the Town of Norwell.

Quarantined and released approximately twenty-seven dogs.

Respectfully submitted,

RICHARD E. CUGNASCA, D.V.M.
Inspector of Animals

REPORT OF THE BUILDING INSPECTOR

Board of Selectmen
Norwell, Massachusetts

Gentlemen:

Respectfully, I submit my third annual report as Building Inspector for the Town of Norwell. Home building has increased steadily over the past year and undoubtedly it will continue to increase. In fact, since 1962 each year has seen an additional 10 percent increase in new dwellings. Old Colony Knitting Mills' building was begun in 1964, bringing a small industry to the Town. The quality and attractiveness of some of the current new housing developments are drawing higher income families to our Town.

Along with this report, I hope a few personal observations regarding the Building Inspector's job will be considered appropriate. It is evident when riding through some of the surrounding towns and seeing what we in the trade term "cracker box" construction, that in less than 10 years these houses will become eye-sores. Built much too close together, row on row, many without cellars, and poorly constructed; they are built to sell for a low price -- but is the price worth it?

We in Norwell take pride in our charming country town. Progress we must, but with a careful eye to the future. It is my endeavor as Building Inspector to preserve this charm as much as possible, with GOOD building, adequate materials and proper construction.

There may be certain things which occur in new building of which I as a private citizen do not wholly approve in some small way, such as design or location; but the building inspector can make sure that all Town Building Laws are abided by, thus maintaining a high standard of construction quality as well as protecting public safety and health.

A constant vigil must be kept, checking applications, blueprints and plans as they are submitted, and a series of inspections is made at each building as the work progresses.

The builders working in Norwell have been very cooperative and a fine friendly relationship has been established among us.

It might be informative to the townspeople to know that the Building Inspector's salary does not come out of tax money, but is apportioned from building permit fees received.

I should like to say that I enjoy this responsibility. Building is my livelihood, my chief interest, and it pleases me to see it well done from the first basic construction, eventually hidden from view, to the finished product -- a sound building.

A summarization of building permits issued and inspections made during 1964 are as follows:

RESIDENTIAL	
New Dwellings	73
Alterations, Additions & Out Buildings	54
Garages	5
COMMERCIAL	
New Buildings	1
Alterations & Additions	3
OTHER	
Repairs--Town Buildings	1
Buildings Demolished	1
Moving Building	1
Swimming Pools	4
<hr/>	
TOTAL PERMITS ISSUED	143

The helpful cooperation extended to me by Town officials, boards, committees and builders is greatly appreciated. Special thanks to Mr. Harry Chase and Mrs. Mildred Sundwall at the Town Hall, for their valued assistance.

Respectfully submitted,

CHARLES E. WHITE, Building Inspector

REPORT OF THE INSPECTOR OF WIRES

Board of Selectmen
Norwell, Massachusetts

Gentlemen:

During the year of 1964 there were 227 electrical permits issued and inspections made.

Salaries paid the inspectors from fees collected were as follows:

Raymond A. Hansen	\$1,299.00
J. Lee Turner	<u>433.00</u>
	\$1,732.00

We wish to express our appreciation to the townspeople for their cooperation.

Respectfully submitted,

RAYMOND A. HANSEN, Inspector
J. LEE TURNER, Alternate Inspector

REPORT OF THE JAMES LIBRARY

Norwell Board of Selectmen
Norwell, Mass.

Gentlemen:

The report of a year ago told of increases of some 40% in the use being made of James Library facilities and the need for correspondingly increased librarian service outside of the regular hours in order to keep abreast of this greater public demand.

As predicted, the increased level continued throughout 1964 and grew even further. Through September, circulation had risen 14% above the high figures of the year before to a projected annual total of 20,300, consisting of approximately 7,000 adult fiction, 3,300 non-fiction, and 10,000 juvenile. Despite the prospect that this increased workload will continue in 1965 and may again increase, the devoted effort of the Library staff is making it a possibility that the Library may be able to continue within the same budget as in 1964. That is the present expectation.

Donations of time and money have provided important improvements through freshening the interior with new color and providing an entire new juvenile floor ready for further expansion. A bright, sunny Children's Room with new equipment opened on June 25 in time for the usual large increase in summertime activity.

Deepest appreciation is due the librarians and the many friends of the Library, as well as the patrons, for the joint effort which has produced an outstanding year of community service.

Respectfully submitted
Trustees of the James Library

HARRIET MEYER, Secretary
MILDRED HASTINGS, Treasurer
WILLIAM C. BENNETT
JOHN M. KOLBJORNSEN
QUENTIN COONS, Chairman

REPORT OF THE PLANNING BOARD

Board of Selectmen
Norwell, Massachusetts

Gentlemen:

The Planning Board reorganized after the March, 1964, Town Election with Richard A. Housley as Chairman, Charles W. Bayley, Jr., as Vice-Chairman and Gilbert A. Cummings, newly elected for a five year term, as clerk. The board meets on Monday night at eight o'clock each week. The current schedule provides for open meetings on the first and third Monday of the month, with the remaining meeting nights allocated to problems of general planning.

ZONING BY-LAWS AND PLANNING BOARD REGULATIONS

One change in the Zoning By-Laws is being presented at the March,

1965, Town Meeting. This is to change the control point for building setbacks to the "center-line" of the road rather than the present "way-line" control point, increasing the required distance from 35 feet from the way-line to 75 feet from the center-line. Many older roads in Norwell are of less width than required by Planning Board Rules and Regulations for new roads. This change would prevent new buildings from being located so they would be too close to the roads when improvement becomes necessary.

The work on changes of the Rules and Regulations of the Planning Board, started last year, has been completed. A hearing was held May 7, 1964, and after minor changes were adopted by the Planning Board and became effective July 9, 1964, having been filed with the Registry of Deeds and the Recorder of the Land Court as required by Law. The new regulations are being printed for insertion into the loose-leaf binders of "Town of Norwell, By-Laws, Rules and Regulations."

SUBDIVISIONS AND SUBDIVISION CONTROL LAW

Hearings for only two subdivisions were held, both late in the year, so that definite plans have not yet been approved. The total number of lots involved is 26.

This represents a reduction in subdivision activity as compared to the past two years but will not represent a slowdown in actual construction. There are 160 lots not built on in approved subdivisions where the developers have installed the major portions of the required facilities. It is to be expected they will push forward as fast as circumstances permit. Several other developments are in the discussion stage and preliminary plans will be forthcoming. Two projects, "Simon Hill" and "Country Acres" have additional available land for which plans have been projected but not submitted.

During the year we examined and endorsed 45 plans containing 83 individual lots which were not subject to the Subdivision Control Law.

GROWTH OF THE TOWN

During the past year building permits for new dwellings issued numbered 73 as against 62 in 1963 and similar figures of 50 to 60 for the several years preceding 1963.

With five subdivisions in full swing, and several more expected in 1965, this higher rate can be expected to continue and if maintained could bring the town's number of dwellings to 2500 with a total population of 9000 by 1975 as against previous fairly constant figures of 2250 dwellings with 8000 population.

SCHOOLS

School population has increased at a faster rate than has been anticipated necessitating a request for the acquisition of an Elementary School site and funds for plans at the 1965 annual meeting as recommended in last year's report. Construction of this new school should be undertaken at the earliest possible date, with completion no later than September, 1966.

In 1966 funds for plans for the expansion of the High School will be needed. These two projects will be followed immediately with the need for additional Elementary School capacity and then the expansion of Junior High classroom facilities could well be required. This means that between Jan. 1, 1965, and Jan. 1, 1971, we may well have built, be building, or planning to build four new schools or additions.

CAPITAL OUTLAY SCHEDULE

The costs of school construction are and will continue to be a burden, but other capital expenditures that have long been postponed are now upon us and articles in the warrant for the following are vitally necessary: Construction Sidewalks, Town Garage, Fire Equipment, extension of Water Facilities, and Communications. In addition, we will undoubtedly be assessed \$27,000 for the Union Street Bridge plus \$10,000 for Elementary School sanitation which may not be postponed. These necessary capital outlays total \$175,000, of which the water facilities and Town Garage can be financed, leaving \$100,000 to be raised. It will be continually necessary to maintain the Stabilization Fund at no less than \$100,000 to take advantage of available state funds in connection with school construction.

In 1966 the Road and Sidewalk projects should be continued. Additional Water Facilities including new wells and a new water tower are needed. An Athletic Field, Police and Fire Station and Additional Town Office facilities are urgent. Funds equal to or greater than those requested in 1965 will be required.

The Planning Board will continue to be active in trying to develop a long-term capital program but for at least the next two years will have to work closely with all other town departments in the allocation of funds to projects that are vitally essential on a priority basis. Long term planning will have to be developed under these adverse circumstances.

GENERAL

There is still a great deal of land in Norwell suitable for development. There is also a large amount of "Green" or "Wet" lands that are not. It is essential that the Planning Board, the Board of Health, and the Drainage Committee work on this problem and develop any zoning changes and new rules and regulations that are necessary to forbid the use of such lands.

Failure to do this will result in health hazards and aggravate drainage problems which will eventually involve heavy town expenditures to correct.

The Planning Board supports the efforts of the Conservation Commission to obtain available preferred land at today's market prices for possible future development as recreational facilities for the town. Land values are continually rising and sites suitable for this purpose are becoming scarce.

Respectfully submitted,

RICHARD A. HOUSLEY, Chairman	THEODORE R. LOVE
CHARLES W. BAYLEY, Jr., Co-Chairman	JOHN A. RANDALL
GILBERT A. CUMMINGS, Clerk	

PLYMOUTH COUNTY AID TO AGRICULTURE
(Plymouth County Extension Service)

by

Robert B. Ewing, County Agent-Manager

The primary responsibility of the Extension Service is as the 1914 law states "to aid in diffusing among the PEOPLE of the United States useful and practical information on the subjects relating to Agriculture and Home Economics and to encourage the application of same."

Resources of the University of Massachusetts and the United States Department of Agriculture are available to the Staff of the Plymouth County Extension Service because of a mutual assistance agreement.

To make this service available to you, funds are provided by the Federal, State and County governments. Thus the name - Cooperative Extension Service.

Since 1915, when the Plymouth County Extension Service was organized and established, educational information pertaining to Agriculture, Home Economics and 4-H Club Work has been given free to citizens of Plymouth County.

The Extension Service office is located in the Court House, Brockton, Massachusetts, and is staffed by agents who conduct programs in Agriculture, Home Economics and 4-H Club Work by furnishing educational information through farm and home visits, letters, newspaper articles, radio talks, meetings, office visits and telephone calls.

You are invited to make full use of the services provided by the Extension Service but should remember that although the Extension Service

furnishes the information, it is you who makes the decision as to how the information may be used to best advantage.

Requests for information can be directed to the Plymouth County Extension Service, Court House, Brockton, Massachusetts.

The Board of Trustees, appointed by the Plymouth County Commissioners, administer the Plymouth County Extension Service program and is composed of the following members:

Mr. Gilbert Blackledge	Whitman - Chairman
Mr. George Ridder	East Bridgewater
Mr. Robert Chisholm	West Bridgewater
Mr. Lewis Billings	Plympton
Mrs. Mabel Chandler	Duxbury
Mr. John Duffy	Halifax
Mrs. Gladys Gibbs	Hanover
Mr. Robert Hammond	Wareham
Mr. John Howe	West Bridgewater

REPORT OF THE POLICE DEPARTMENT

Board of Selectmen
Town of Norwell

Gentlemen:

The first nine months of 1964, according to The Uniform Crime Report, published by the F.B.I., shows an increase of 13 percent over a comparable period for 1963. When categorized by population, cities over 1,000,000 actually represent only 6 percent of this figure while suburban areas under 10,000 averaged 22 percent. Another sobering fact is that over 40,000 people lost their lives on the nation's highways during 1964.

How does this affect our quiet little town? It is important to remember that crime is a social problem and, therefore, a concern of the entire community. Percentagewise Norwell will be affected in direct proportion to its population.

To better understand our police problems, we invite all interested persons to visit our facilities. We will be most happy to discuss any matter within our authority.

Below is a partial list of our activities for 1964:

Calls received	10,496	Arrests	86
Breaking & Entry	16	Court Complaints	122
Larceny	50	Accidental Deaths	1
Prowlers	17	Insane committments	8
Auto accidents	79	Cruiser Ambulance	84
Stolen Cars	30	Emergency messages	50
Violation (M.V.)	310	Domestic trouble	33

REPORT OF THE BOARD OF PUBLIC WELFARE

Board of Selectmen
Gentlemen:

Mrs. Minna Senger, who had served as a Board Member for nearly six years, resigned in December as she moved to the Cape. Mr. Thomas Cann, who had previously served on the Board for several years, was appointed to fill the vacancy.

Mrs. Pearl Gilmore, who heads up the department, is in her second year and has carried on without an assistant, which we formerly had.

Our total number of cases in all categories has held very close over the past few years. Medical Assistance for the Aged continues to be the fastest growing category and our greatest expense. Hospital and nursing home costs continue to increase and account for a large percentage of our expenses. With the elimination of the settlement law on January 1, 1964, we anticipated somewhat of an increase in expenses in all categories but we are glad to report no noticeable change has taken place. Federal and State reimbursements are received at regular intervals. State reimbursements of 20% of the total spent on General Relief are now being received.

Following is a summary of receipts and expenditures:

RECEIPTS		AID	
Town Appropriation		\$ 22,000.00	
Federal Balances 1/1/64		43,714.04	
Federal Receipts 1964		<u>30,296.93</u>	\$ 96,010.97

EXPENDITURES

Town Account	20,307.97	
Federal Accounts	<u>38,208.72</u>	<u>58,516.69</u>
	Balance 12/31/64	37,494.28*

* To E & D - \$1,692.03
 To Federal Accounts - \$35,802.25

ADMINISTRATION AND EXPENSE

RECEIPTS

Town Appropriation	4,000.00	
Federal Balances 1/1/64	5,595.78	
Federal Receipts 1964	<u>3,792.05</u>	13,387.83

EXPENDITURES

Town Account	4,000.00	
Federal Accounts	<u>2,108.81</u>	<u>6,108.81</u>
	Balance 12/31/64	7,279.02

To Federal Accounts (4) \$7,279.02

SUMMARY

Board Salaries	550.00	
Total Aid and Administration	<u>64,625.50</u>	65,175.50

REPORT OF THE RECREATION COMMISSION

Board of Selectmen
Norwell, Mass.

Gentlemen:

The Recreation Commission held its reorganization meeting with newly appointed members May 11, 1964. Roland Pinault, Robert MacWilliams, and Ruth Marsh had been appointed to fill the vacancies caused by the resignation of John Winske, James Robertson and Alan Hakanson.

The Commission held numerous meetings of which two were with the Conservation Commission and the Planning Board, concerning areas for swimming and available land for recreational use. Each of the Boards is sympathetic with the other and recognizes the forementioned problem, but the cost it involves always results in the final analysis.

Many requests had been received regarding the possibility of a Summer Playground Program. The Commission decided to send out questionnaires to the parents of school children to find out how much interest there was, and if it warranted further consideration by the Commission. This was done through the full cooperation of the school principals, namely, Robert H. Jackman of the High School, William Penn of the Junior High School, and William W. Hays of both Elementary Schools. The results of this survey, according to the returns received, were as follows:

Questionnaires sent out	1500
Questionnaires returned	480
Largest age group interest	6-13 years
Number of girls in interest group	148
Number of boys in interest group	197

The Commission felt this response warranted a move toward some kind of a program. So, the Commission met with the School Committee to go over the proposed program and obtain permission to use the outdoor facilities of the Junior High School and use of the Art Room for handicrafts. A general feeling of approval was given and we were to return with a definite plan, if funds were available for final approval.

The next step was to meet with the Advisory Board to brief them on the plan and request funds to operate the program. It did not take long to find out there were no funds. We were then advised to further develop the program presented, enlarge upon the proposed program, and place our request in the Annual Town Budget in March of 1965.

This has been done and we plan to operate the program in three areas.

The Grace Farrar Cole School is designated for the west end of town, as there was response for 110 children of the younger group in that area; the Ella F. Osborn School, as 145 responded at this area; and 90 responded at the upper age level, to be held at the Junior High School.

Since preparing this report we have learned of the formation of the North River Swimming and Tennis Club. We want the townspeople to know that this is a private club and not the answer to the Town of Norwell's recreational facility and program problem.

Respectfully submitted,
Recreation Commission

ROLAND PINAULT, Chairman
RUTH M. MARSH, Secretary
JAMES T. KING
MARY OSBORN KNAPP
ROBERT G. MacWILLIAMS

REPORT OF THE SCHOOL COMMITTEE

To the Citizens of Norwell:

The School Department continues to grow in terms of the number of pupils, staff members and a curriculum that is both expanding and changing to meet the needs of the times. It is, therefore, necessary that the School Committee do its utmost to foresee future needs of the Department and plan accordingly, as well as to attend to the day-to-day problems that occur as a result of the continual change.

It is the intent of this report to briefly outline this present condition of change, the activities of the School Committee during the past year to cope with it, the future problems and changes that are presently foreseen, and the plans to meet this challenge. An important common factor to the many problem areas is the necessity for a total cost of operation, or budget, that is within the financial capabilities of the Town of Norwell. It should be emphasized, however, that no town or city can afford to fall behind in its most important task of preparing its children for the future -- if there is to be a future for that town or city.

COMMITTEE ORGANIZATION

Following the March, 1964, Town Election, the School Committee organized as follows:

Robert N. Maglathlin, Chairman
 Fletcher S. Boig, Vice Chairman
 J. Peter Hall, Clerk
 Betty Cook, Member
 Margaret E. C. Reeser, Member

The regular committee meetings were changed from the first and third Wednesdays of each month to the first, second and third Mondays of each month.

Mrs. Cook resigned from the committee on August 31 as a result of a change of residence away from Norwell. The remaining members of the committee felt a great loss at this move, since Mrs. Cook had contributed in a major way to the success of the committee in meeting our growth problems.

Mr. George B. Gregory was appointed at a joint meeting of the Selectmen and School Committee to fill the vacancy left by Mrs. Cook.

Mrs. Reeser was appointed by the committee to serve on the Elementary School Site Committee and on the committee known as "Friends of the Leonard Library." Mr. Hall was appointed to serve on the Athletic Field

Site Committee, and Mr. Boig was appointed to serve on a committee formed by the Norwell Council for Public Schools to study merit teachers' salary systems.

Mrs. Cook, Mr. Boig, and Mr. Maglathlin were chosen by the committee to act as voting members of the joint committee of Union No. 13, with Mr. Hall as an alternate. Following Mrs. Cook's resignation, Mr. Hall was chosen as a regular voting member of this joint committee.

COMMITTEE OPERATION

All meetings of the committee are held in the School Department Offices in the Junior High School and are on an "open meeting" basis except for those portions of meetings which deal with personnel matters of individual concern.

Bids for materials, supplies and services involving expenditures of three hundred dollars (\$300) or more are advertised. All bids received are sealed and are opened publicly at regular meetings.

SCHOOL POPULATION GROWTH

Although earlier estimates of expected enrollments have proven surprisingly accurate, we are currently experiencing a significant increase over the predictions that were made for the present time. For example: Our total pupil population for all schools is approaching 1,700, whereas an estimate of 1,629 pupils was made in 1961 and a revised estimate of 1,663 pupils was made in 1963. This is an increase of approximately 140 pupils over the number for December 1, 1963, or a nine per cent (9%) increase.

An especially large percentage increase occurred at the fifth and sixth grade levels, necessitating the addition of a fifth grade classroom and teacher that had not previously been planned. Obviously, the construction of new homes in Norwell accelerates our school growth.

The new addition to the Cole School, which includes twelve (12) regular classrooms, a special classroom, library and gymnasium, makes this an excellent facility and alleviates the need for elementary classrooms for the present and immediate future. However, more space for elementary pupils will soon be needed!

STAFF CHANGES

The resignation of Mr. William W. Hays, Principal of both elementary schools, was regretfully received in April. Messrs. John Croley and Walter Kaetzer of the teaching staff were named to serve temporarily as administrative heads of the two schools until the end of the school year. After a lengthy process of interviewing nearly forty (40) candidates for the principalship of the two schools, Messrs. Croley and Kaetzer were elected by the

committee to serve as principals of the Cole School and Norwell Elementary School (subsequently renamed as the Ella Osborn School) respectively.

Mr. David Stephansky was named as the Social Studies Department Head. Mrs. Catherine Martin was named as the Director of Adult Education.

The following persons were added to the teaching staff:

	<u>Grade</u>	<u>School</u>
Doreen Banner	2	Cole
Mary Elizabeth Billet	2	Cole
Cynthia Bompey	1	Cole
Marjorie Brigham	4	Cole
Alfred Capozzi	English	High
Dominic DiMattia	Guidance	Jr. High
Dorna Eddy *	5	Cole
Janet Freeman	3	Cole
Jane Fillon	5	Cole
Rose Glatky	2	Cole
Helene Gredler *	3	Cole
Joan Katz	5	Cole
Carolyn Lenfesty	4	Osborn
Cynthia Luneburg	2	Jr. High
Patricia MacDonald	Home Ec.	Jr. High
Carol Morrison	2	Cole
H. Leslie Mumford, Jr.	Math.	High
Joseph Noble	Math.	Jr. High
Carole Reinert	3	Osborn
Martha Schwartzman	5	Osborn
Constance Shepherd	1	Cole
Cinda Tattrie	6	Cole

* Long-term substitute

Mr. Albert Orlando, who was teaching music part time in Norwell, was put on a full-time basis.

The following resignations were received:

Mary Louise Borges

Charles Hurd

Alice Lovejoy

Cleo B. Neary

Delleyne E. Osborne

Nancy A. Peters

Jeanne Sevigny

Leonore F. Taylor

Carolyn Wexler

We were all saddened by the death of Mrs. Helen Dimock, one of our more experienced and inspired teachers.

The following teachers were placed on tenure:

Gertrude Duncan

Barbara Fishwick

David Jones

Albert Orlando

Mary Plemmons

Stanley Rice

Our High School Principal, Mr. Robert Jackman, was also placed on tenure.

New non-teaching staff members include:

Ernestine Bustard, Secretary, Junior High School

Clifton Leake, Custodian, Cole School

Everett Magoun, Custodian, Junior High and Cole

Non-teaching staff resignations include:

Earl Raymond, Secretary, Junior High School

CURRICULUM

Areas where substantial revision and improvement in curricula were effected include Social Studies and Music. The High School Program for Social Studies is being substantially revamped to effect greater continuity and to reduce repetition as well as to offer a more inclusive curriculum. The added time of Mr. Orlando in the Music Department is being devoted to more intensive band instruction.

The changeover to Modern Mathematics teaching has now reached the point where each grade is receiving it to some degree.

The addition to the Cole School includes an excellent library. Also, a library has been established in the kindergarten room of the Osborn School and the Junior High School library has been moved to Room 6 and expanded. These changes indicate in a material way the revolution taking place in our schools with regard to the usage of libraries and their close relationship to all classwork.

The Curriculum Committee has been especially active of late and is working toward increased continuity of curricula from Grade 1 through Grade 12.

SCHOOL COMMITTEE POLICY

The committee has made some additional progress toward completion of its comprehensive written policy. The first draft was completed this Summer. It will be reviewed once more by the committee before final acceptance.

As an interim measure, the committee did vote to adopt one policy item to the effect that salary increments will be withheld for teachers who do not perform up to standards. Such action will be taken upon recommendation of the Associate Superintendent, a principal, or the School Committee. Although this specific policy has been considered to be in effect in the past, its official adoption should dispel any misunderstandings should its use become necessary.

1964 BUDGET

This is the first year for some time that the School Department has operated under a single lump-sum budget. This budget was established at the Annual Town Meeting in March on the basis of a \$12,000 reduction from the total cost estimated on a segregated basis. At this time, it appears that this experiment has been quite successful.

1965 BUDGET

The committee has held many long meetings in the process of arriving at an operating budget for the fiscal year 1965. The final lump-sum amount is \$845,000, which has been approved by the Advisory Board.

This amount represents an increase of approximately \$97,000, or 13%, over the effective budget for 1964 (after an allowance for extra salary expenses in 1964 of approximately \$21,000 and provision for Federal funds of approximately \$16,000 that were allocated to the 1964 operating account). This increase is due primarily to the increased pupil population (requiring more classroom teachers, books, supplies, etc.), a full year of operation of the Cole School addition, and teachers' salary increases.

The committee has voted to raise the salary schedule for teachers by \$200 over the schedule for 1964. This change brings our minimum (starting) teacher salary to \$5,000 per year, which is the new State minimum. Further, the basic formula for step increases (in accordance with degrees held, years of experience, and tenure) has been kept intact by this action.

Other 1965 budget factors include: the addition of a half-time teacher and half-time Assistant Principal at the High School, an added Art Teacher, an additional day per week of Physical Education at the elementary schools by Mrs. Scheller, and an additional half-time Music teacher. Two other new teaching positions were recommended by the Associate Superintendent, but not voted by the committee. These were a developmental reading teacher for the Junior High School and a foreign language teacher for the elementary schools.

In the course of budget discussions the question of economic advisability of the football program was raised. This question is under study and will be discussed at an open forum in January, 1965. However, at the present time, football remains a part of the athletic program and provision for its continuation has been made in the 1965 budget.

OTHER BUSINESS

Other important business conducted by the committee during the past year include:

Re-naming the Norwell Elementary School as the Ella Osborn School.

Drastic changes in the boundaries separating the areas served by the Cole and Osborn Schools, as necessitated by the opening of the Cole School addition.

An important change in the procedure for children to use alighting from buses. Children now cross the street in front of the waiting bus in order to take advantage of the bus' flashing lights and the State law against passing stopped school buses.

FUTURE NEEDS OF THE SCHOOL DEPARTMENT

The increased rate of growth of our school population makes the planning and building of additional classroom space more urgent. A new elementary school should be in operation by September, 1966, to avoid an extremely crowded condition. Planning on the basis of opening a new school after that date will introduce considerable risk that there will be a shortage of classroom space even after auditorium and gymnasium areas are temporarily converted to classroom use.

The need for an addition on the High School is anticipated no later than September, 1968, and possibly a year earlier.

Additional Junior High School classrooms will probably be needed by 1970.

The need for expanded outdoor athletic facilities at the High School and Junior High School becomes more acute as our school population grows and as the Physical Education and Athletic Program expand.

The need for continual growth and revision of the curricula of all schools at all levels is foreseen in order to just keep abreast of the increasing demands upon our graduates who are entering colleges or going directly to jobs.

We should continue to work toward the full implementation of the valid recommendations that were made by the committee that evaluated our High School last year.

The School Committee should strive to increase its effectiveness in accomplishing long-range planning and implementing policies that will permit the achievement of its goals. In this respect, every effort should be made to avoid over-entanglement in "brush-fire" situations that tend to diminish the effectiveness of the committee.

CONCLUSION

In conclusion, this committee has met the challenges of 1964, coped with changing times, and laid some plans for the future. The actions of the committee have been tempered by the consideration of the heavy burden that present-day school operations place on the taxpayer.

The committee should continue to strive for the advancement of our educational program as required to prepare our students to meet the increasing demands of modern civilization. The challenge that it faces is to accomplish this within reasonable costs to the Town of Norwell.

Respectfully submitted,

REPORT OF THE
ASSOCIATE SUPERINTENDENT OF SCHOOLS

To the Norwell School Committee:

Herewith is submitted the annual report of the Associate Superintendent of Schools.

There are employed currently by the School Department 98 professional persons in the areas of instruction, supervision, administration, and health. Thirty-four persons are employed full or part time in various non-professional categories.

Enrolled in the four school buildings are approximately 1,700 pupils, about 10 per cent more young people than a year ago.

The Grace Farrar Cole School addition was ready for occupancy with the beginning of the fall term in September, a tribute to the Norwell Building and Maintenance Committee, Mr. Harold Cranton, Chairman.

As of this writing, both elementary schools, Cole and Osborn, are at pupil capacity. In September of 1965, there will be need for six additional classrooms at the elementary (grades 1-6) level. Space for two of these rooms may be found in the Junior High School building. It will be necessary to use library and auditorium space at both the Cole and Osborn Schools to contain the required number of elementary classrooms in the school year of 1965-1966.

The Junior High School will be at capacity in 1965 and the Senior High School will be ready for additional space.

There is IMMEDIATE need for planning NOW for additional elementary classrooms and attending facilities ready for occupancy no later than September, 1966.

There is also IMMEDIATE need for planning NOW for extended Senior High School spaces ready for occupancy and use no later than 1967, if we are to support the program of secondary education that is both current and contemplated.

The facts of school-space needs have been made known to the Planning Board and to the Building and Maintenance Committee.

The academic program at all schools is sound and progressive.

All school buildings now have libraries which exist and function as "learning centers" in all subject matter areas. The library has rather limitless possibilities in a planned program of education. It is hoped that these important facilities and their services can be extended. Experienced and full-time personnel for the control and supervision of elementary libraries would, indeed, be desirable.

The total operating budget, in round figures, for the year 1964 was \$755,000. In the process of spending this amount, the Town of Norwell is reimbursed approximately \$125,000. This means the amount spent out-of-pocket is \$630,000. Dividing this figure by our approximate school enroll-

ment of 1,700 pupils, we derive a per-pupil cost of \$370. Further division of the \$370 per pupil by 180 school days of attendance results in a per-day cost per pupil of \$2.06. Add 30¢ for a hot lunch at noon, and we have a \$2.36-cost for the entire school day for each pupil!

Each day a young person is picked up practically at his door, is delivered to a well-heated, lighted, and ventilated building; is instructed by professionally trained and competent personnel; has medical care at his disposal; is furnished with every supply item to cater to his physical and intellectual needs; is provided with textbooks and reference materials; is encouraged to participate in athletics and co-curricular activities; is fed a complete hot lunch; and is transported home again after being the responsibility of the School Department for a length of time that may vary from seven to nine hours from departure in the A.M. to return in the P.M. Many times the school continues its function in the evening hours. The cost? \$2.36 a day -- a wage any self-respecting teen-age baby sitter would spurn in derision.

It becomes increasingly difficult to maintain a progressive and forward-looking school program in the face of mounting costs. And yet this is the responsibility of school administration.

The vast good that comes from an educational program of merit DOES cost money -- more each year in this highly competitive society of ours. It is the hope of this office that a continuing program of sound education can be offered to the youth of Norwell and that the Citizens of the Town will manifest a willingness to financially support such a program.

Respectfully submitted,

FREDERICK A. SMALL,
Associate Superintendent of Schools

REPORT OF THE HIGH SCHOOL PRINCIPAL

Mr. Frederick A. Small
Associate Superintendent of Schools
Norwell, Massachusetts

Dear Mr. Small:

Just where to begin my 1964 report to you, and what to include in it has been a problem. During the year 1964 there has been continued improvement in overall achievement of the students at Norwell High School. This improvement has been due to several factors. One of the most important

factors is that there was no teacher turnover in the high school. In September, 1964, we added two teachers to our staff, but other than these additions we opened school this year with the same personnel with which we closed school in June. To have all teachers return to a school is a rare occasion in these days of a shortage of good experienced teachers.

Another factor involved in this improvement has been the continuing effort of the faculty in updating the curriculum offered in the high school. In addition to working on high-school curriculum, teachers from the various subject areas have joined with teachers in the junior high and elementary schools in developing courses of study for the entire system, grades 1 - 12, in each major subject area (English, Social Studies, Science, Mathematics). The close cooperation achieved through these Standing Curriculum Committees should result in a greater continuity in the content and methods of teaching in the various subject areas.

Our continued excellent pupil-teacher ratio has also been a major factor in this improvement. Small class enrollments have enabled our teachers to give more attention to each individual student. This has resulted in each teacher having a better knowledge of each student's strengths and weaknesses in the academic areas.

The ever-increasing use of our school library by the students and teachers has also been a factor in the improved achievement of our student body. Many students have increased their efficiency in the use of reference materials, as well as having learned correct procedures for researching topics in depth.

While we take pride in the improvement that has been shown we are still faced with the problem of under-achievement.

The average ability of the students at Norwell High School has been consistently well above the national average ability of high school students. In fact, to the best of our knowledge, the average ability of our students is above the average ability in other high schools in this area, yet we have a considerable number of failures in each subject area each marking period as well as each year.

This underachievement by many of our students has been a vexing problem to our staff. We have spent considerable time in faculty meetings trying to establish the cause of this lack of achievement. Each teacher, each department has attempted to analyze this underachievement in his subject area.

Early in the year we came to the conclusion that reading was the answer to the underachievement. Our students need more instruction in reading. They need help in developing the skills necessary for comprehending the varying types of texts or materials they have to read.

Today's complex society and the vast amounts of knowledge accrued by man have placed a tremendous demand on the individual's ability to read. No longer can all of the facts or the most important facts in each subject area be explained by the particular teacher. Each student must be taught how to read to find the answers to any problem in depth.

Due to this conclusion, you, as Superintendent, and the School Committee attempted to find a reading specialist for both the junior and senior high schools for the start of school in September, 1964. This reading specialist was to have helped both the students and the teachers in improving the reading skills of our students. No reading specialist was found.

Since September, 1964, the English Department has been leading the entire staff in the improvement of the reading ability of our students. A Reading Committee, comprised of a cross-section of the high-school teachers has been formed to aid each department in the teaching of reading skills for that particular subject area. The English Department has given Reading Diagnostic Tests to each student in the high school, to better identify the reading difficulties. From these results a few small reading groups have been established in periods where two English teachers are available to help the students improve their reading ability. Other students have requested time from these teachers after the regular school day for assistance in reading.

In conclusion, I wish to state for the staff and for the students a strong desire for the acquisition of a reading specialist in the high school. We earnestly hope that this position will be provided for in the 1965 School Budget as it was not filled in the 1964 School Budget.

We believe that a continued emphasis on reading will result in even greater achievement by our students. Each student will thus come closer to reaching his potential ability which is the desired goal of our educational philosophy.

Respectfully submitted,

ROBERT H. JACKMAN, Principal

REPORT OF THE JUNIOR HIGH SCHOOL PRINCIPAL

Dear Mr. Small:

It is with pleasure that I submit my second annual report.

ORGANIZATION

The junior high school is housing grades seven and eight during the

current school year with an enrollment of 268 on October 1, 1964. Our seventh grade teacher-pupil ratio is at a satisfactory twenty-eight to one. However, the ratio in grade eight has become disproportionately large at thirty-three to one, and three of the four classes are at maximum capacity with thirty-five pupils in each section. An additional teacher for grade eight in September 1965 will help to alleviate this condition.

CURRICULUM

All seventh graders are now being taught some form of modern mathematics. The majority of pupils use modern mathematics textbooks that are based upon material developed by the School Mathematics Study Group (S.M.S.G.).

Students in the eighth grade are also learning to do mathematics by the inductive-deductive method. The curriculum is in a transitional stage and all pupils study systems of numeration, properties of whole numbers, elementary number theory, rational numbers, and informal geometry. Fifty percent of the pupils now use a transitional text book. In September 1965 all eighth grades will be studying modern mathematics.

A basic course in modern mathematics was offered to parents by James Perron and Stanley Rice, teachers of mathematics, during the past winter. Fifty-five parents met for eight weeks and were able to gain a working knowledge of this subject.

Developmental skills continue to be emphasized in reading and literature classes. The teaching of secondary reading skills not only aids in improving comprehension but also helps to develop other skills useful in studying social studies, science, mathematics, and literature. Competency in reading and success in school are closely related.

The majority of students compare favorably with other pupils in the northeastern states, but approximately ten percent need remedial or specialized teaching. Some of these pupils are reading at a fourth or fifth grade level and have not mastered basic skills which are necessary for school success. If we expect these children to continue in school through the twelfth grade, they must have further training in reading. This can best be accomplished through individual or small group instruction given by a reading specialist.

"Late night" sessions are held on Tuesday, Wednesday, and Thursday, afternoons. Students that need individual instruction in a particular area of a subject have an opportunity to meet with the subject teacher. Sessions last from 2:05 until 3:30 p.m.

EXTRA CURRICULAR

For over fifty percent of the students the school day ends at 3:30 rather than at 2:05 p.m. Many stay for "late night" while others participate in the varied sports program. Girls' activities are held on Monday and Thursday; boys meet on Tuesday, Wednesday and Friday.

The band has had another successful year and continues to grow in size and quality. They have presented several musical programs during the past year and participated in the observance of Memorial Day at various town cemeteries.

Other students show interest in Glee Club, art, mathematics, guitar clubs and the school newspaper.

Ann Lindsay and William Ritchie were chosen by the faculty to attend the Massachusetts Heritage Day at Plymouth in October.

GUIDANCE

Beginning in September a full time guidance program under the direction of Mr. Dominic DiMattia, guidance counselor, was begun. Each child is interviewed at least once during the year and eighth graders have additional interviews which pertain to selection of courses in grade nine.

A series of discussions, including filmstrips and films, about various broad areas of occupations are being presented so that pupils may better prepare themselves for educational-vocational choices.

"How to study" skills are being developed through group instruction and individual pupils are counselled about achievement.

Parents who wish to learn more about the educational progress of their child may arrange an appointment with the counselor by calling his office (OL 9-2971).

PERSONNEL

Personnel changes have been few this year. Mrs. Leonore Taylor resigned to return to her home and was replaced by Mrs. Patricia MacDonald, formerly a teacher of home economics here in Norwell. Mr. Joseph Noble was elected to a position as seventh grade mathematics and science teacher. Mr. DiMattia, whom I have already mentioned, was formerly a teacher of social studies and guidance counselor in the secondary schools of Norton, Mass.

The cooperation displayed by the school staff affects the work of the administrator considerably. Norwell is fortunate in having a group of teachers who are dedicated to the purposes of junior high school education.

Other members of the staff including cafeteria workers, custodians, school nurses and the school secretary are conscientious and work for the betterment of the school program. No form of accolade can adequately express my appreciation for the work done by all of these people.

Respectfully submitted,

WILLIAM H. PENN, Principal

REPORT OF THE GRACE FARRAR COLE SCHOOL PRINCIPAL

Mr. Frederick A. Small
Associate Superintendent of Schools
Norwell, Massachusetts

Dear Mr. Small:

I hereby submit my annual report as Principal of the Grace Farrar Cole School.

The 1964-65 school year began with 660 pupils enrolled. Our fine, new addition houses the intermediate grades, a third grade, special class, library and a gymnasium. We are thrilled with the new facilities and have extended their use as equipment has arrived and been installed.

Enrollment distribution on December 3 was:

GRADE	I	II	III	IV	V	VI	Special Class
	143	114	107	100	109	76	13

One of the finest features of our new addition is the library. However, we need a great many books for circulation. Development of reading skill is good; but proper use of that skill is better. We are now in the process of cataloging our library books. This will mean greater usefulness for our library as an integral part of our continuing educational program.

Since the organization of a new fifth grade class, our regular classroom staff numbers twenty-four. Teachers transferred to Cole School from the Osborn School and the Junior High School are: Mrs. Priscilla Hart, special class teacher; Mrs. Helen James, teacher of grade five; Miss Renate Sides, teacher of grade six; and Mr. Gerald Wentzell, teacher of grade six.

Eleven teachers are new to our school system this year. Mrs. Cynthia Bompey and Mrs. Constance Shepard teach first grade classes. Miss Doreen Banner, Miss Mary Billett and Mrs. Rose Glatky teach second

grades. Miss Janet Freeman teaches a third grade. Miss Marjorie Brigham teaches a fourth grade. New teachers in the fifth grade are Mrs. Dorna Eddy, Mrs. Jane Fillon and Miss Joan Katz. Mrs. Howard Tattrie teaches a sixth grade.

The major 1964-1965 emphasis of our system wide curriculum development program is in the area of the social studies. The Social Studies Committee is developing a curriculum guide for use in grades one through twelve. Eight Cole School teachers are also members of standing curriculum committees in English, math, science and social studies.

All regular classes are participating in the modern approach to arithmetic. This year marks the completion of the transition to modern arithmetic.

We are deeply saddened this December by the sudden death of Mrs. Helen Dimock, former teacher of grade three. She was an excellent teacher and a fine person.

I wish to express my sincere gratitude to all those individuals and groups who have extended help and cooperation to us this year.

Respectfully submitted,

JOHN H. CROLEY, Principal
Grace Farrar Cole School

REPORT OF THE ELLA F. OSBORN ELEMENTARY SCHOOL PRINCIPAL

Mr. Frederick A. Small
Associate Superintendent of Schools
Norwell, Massachusetts

Dear Mr. Small:

It is a pleasure and honor to submit my first report as principal.

Since the last report of this building was made we have been graced with a new name. We are now known as the Ella F. Osborn Elementary School; a most fitting and welcome addition. Our only hope is that we might do as much for the children of this community as our namesake.

The school year 1963-1964 was completed with an enrollment of 431 pupils. At this time the enrollment is now 419 pupils. Although we have decreased this enrollment by 11 children, we now have two sixth grades which we did not have last year. Our school district has been reduced in size, but this is not in proportion to the loss of pupils. In September of

1965 it will be necessary to find quarters for another third, fifth and sixth grade. The distribution of pupils as of December 1, 1964, is as follows:

Grade I	Grade II	Grade III	Grade IV	Grade V	Grade VI
79	73	61	68	68	70

This total occupies fourteen classrooms. The Remedial Reading teacher has a full-size classroom this year rather than an overgrown coatroom for instruction. The library now occupies the original kindergarten room which has always been used as a regular classroom.

This year Miss Cynthia Luneburg, a graduate of Wheaton College, teaches a second grade. Miss Carole Reinert, recently graduated from the Eastern Nazarene College, teaches a third grade. Mrs. Ethel Sproul and Mr. Robert Ward are both teaching sixth grades, moving from the Junior High School to this building.

Since it is our goal to provide the best possible education for each individual student, consideration must be given to differences in learning rates and learning capacities. Because we feel these differences can be better met through grouping, organization of pupils continues to be on a semi-homogeneous basis, with non-graded reading and arithmetic at the fourth, fifth and sixth levels.

In May of each school year it is the policy of our system to evaluate the academic growth of our pupils. This is done by means of standardized achievement tests.

The average grade equivalent for the nation is the grade plus .8 for the test taken that month. As an example, grade five would be 5.8. It should be noted that in no area is the Osborn School's score below the national average. In most cases the grades are at least one-half year in advance, and in some cases exceeded the national average by more than a year.

The results of last year's testing are as follows:

GRADE MEDIANS FOR 1964 READING

Grade	National Average	Osborn School	Amount above National Average
1	1.8	2.4	.6 year
2	2.8	3.7	.9 "
3	3.8	4.7	.9 "
4	4.8	5.6	.8 "
5	5.8	7.1	1.3 "

ARITHMETIC

1	1.8	2.6	.8 year
2	2.8	3.6	.8 "
3	3.8	4.4	.6 "
4	4.8	5.2	.4 "
5	5.8	6.2	.4 "

GENERAL ACHIEVEMENT

1	1.8	2.5	.7 year
2	2.8	3.6	.8 "
3	3.8	4.6	.8 "
4	4.8	5.7	.9 "
5	5.8	7.0	1.2 "

This year we have initiated a full grown library program. As of December 1, we have 1150 books, plus over 300 volumes on loan for a six month period from the Massachusetts Department of Education. Home circulation averages 1000 books per month. The library resources and influences have done much to make our children avid readers.

The addition of this library has become one of the most vital areas in the school program. Resources are available to enrich the children's background and to help teachers prepare lessons of greater depth and scope. Elementary school libraries have been one of the most neglected departments in our national school systems, with Massachusetts being quite near the bottom of the list. We are greatly indebted to Mrs. Janice Litchfield and her helpers who have given so unselfishly of their time and effort.

Through the combined efforts of teachers within the Norwell school system, the development of a new Social Studies curriculum will be completed by next September. Language, Science and Mathematics are being similarly updated and improved.

In a period of exploding population and changing society, our educational system faces a continuous challenge. Building needs, staff increases and curriculum demands bring pressures that would lower our standards unless eternal vigilance is provided. Our program of education will grow and improve in direct proportion to the active interest and support of the whole community.

I am indebted to your wise and constant guidance as Associate Superintendent; the zeal of the school staff and the courage and foresightedness of the Norwell School Committee who make it possible to move forward with the times.

Respectfully submitted,

WALTER H. KAETZER, Principal

REPORT OF THE GUIDANCE DIRECTOR

Mr. Frederick A. Small
Associate Superintendent of Schools
Norwell, Massachusetts

Dear Mr. Small:

It is a pleasure to submit this report on the status of the Norwell guidance program. The most significant change during the current year has been the addition of Mr. Dominic J. DiMattia as a full-time counselor in grades 7, 8 and a portion of grade 9. This staff addition means that as of September, 1964, we have a formal guidance program in grades 7 - 12 for the first time. With two counselors for approximately 610 students we have a desirable pupil-counselor ratio which is beginning to approach the recommended 250 - 1 as proposed by various authorities and organizations including Mr. Conant. This provision for additional counseling has meant much improved guidance services in the affected grades.

Our testing program in grades 1 - 12 continues to be an intentionally modest one, but as of the present we feel that we are doing ample testing to provide necessary information for use by teachers and administrators in evaluating and assisting students. This year, for the first time, the guidance department is able to assume the responsibility for administering group intelligence tests at all levels.

A few comments concerning our upper classes seem to be in order. Our drop-out rate remains at 2 - 3%. This range has been consistent for the past several years. This figure is typical of that found in other Massachusetts high schools and it is unlikely that we can expect any appreciable decrease in the foreseeable future.

The chart below indicates the placement of seniors for the past five years:

	1960	1961	1962	1963	1964	Total
4-year College	14	24	21	14	28	101
Junior College	2	2	3	1	9	17

Nursing School	3	0	1	4	2	10
Tech. School	6	4	6	1	5	22
Business School	5	7	4	5	7	28
Preparatory School	1	0	0	0	1	2
Total	<u>31</u>	<u>37</u>	<u>35</u>	<u>25</u>	<u>52</u>	<u>180</u>
Work	18	17	20	18	18	91
Service	1	5	1	5	4	16
Total	<u>19</u>	<u>22</u>	<u>21</u>	<u>23</u>	<u>22</u>	<u>107</u>
Total Graduates	50	59	56	48	74	287

Of those 91 students who have gone to work, 65 were girls, most of whom entered the business field from our commercial department.

Over the past five years 35% of our graduating seniors entered four-year colleges and 62% continued on to formal post-secondary education. These figures are respectable for a comprehensive high school and well above the state and national average.

In spite of the increasing competition for college admission qualified students from Norwell High School are still able to gain admission to the schools of their choice. It should be noted, however, that we have a large number of under-achieving students, and that these students face ever-increasing difficulty in gaining acceptance in spite of the fact that they often possess excellent potential. While under-achievement is an ever-present problem in all schools, we seem to have quite a number who could be helped by remedial measures such as specialized reading assistance in grades 7 - 12, and increased counseling in the earlier grades.

If our present record of placement in post-secondary schools is to continue or improve, we must expect added costs in terms of time as well as financial expenditure for school and college visits, attendance at coordination meetings involving representatives of high schools and colleges on a regional and national basis and increased use of the telephone for immediate assistance in difficult placement situations. These costs are in addition to the costs involved in continuing curriculum extension and improvement.

Finally, consideration must be given to future needs in terms of personnel requirements. The possibility of expanding the program into the elementary grades should be explored. The state adjustment counselor

program might be the most logical extension, as it includes a large annual state reimbursement. Additional clerical assistance is needed to free counselors from routine clerical tasks. If we are to maintain our present desirable student-counselor ratio we must add counseling personnel on a part-time basis in the near future.

Respectfully submitted,

HUGH W. CHANDLER,
Guidance Director

REPORT OF THE SCHOOL LUNCH PROGRAM SUPERVISOR

Mr. Frederick A. Small
Associate Superintendent
Norwell, Massachusetts

Dear Mr. Small:

In making my report of the Norwell School Lunch Program for the past year, I would like to bring to your attention the fact that greater recognition is being given to the school lunch program nationally. Congress has designated the second week in October each year as National School Lunch Week. Although this program is an outlet for much of the nation's food surplus, the intended emphasis is on the provision of adequate nutrition for the youth of America.

This year we have received a greater quantity of protein-rich food from our Federal Government's surplus commodity program. The participation in Norwell's school lunch program has increased considerably. On the day of our Thanksgiving dinner we served 1,664 turkey dinners throughout the town.

There has been a great deal of planning on the part of many people for the remodeling of the kitchen at the Grace Farrar Cole School. It has been time well spent, however, as the layout and the new equipment seem to be quite satisfactory.

There are nineteen loyal workers in our school cafeterias, and I would like to take this opportunity to express my appreciation for the cooperation I receive from them and from all the employees of the School Department.

Respectfully submitted,

HAZEL ROBBINS, Supervisor
School Lunch Program

REPORT OF THE SCHOOL PHYSICIAN

Mr. Frederick A. Small
Associate Superintendent of Schools
Norwell, Massachusetts

Dear Mr. Small:

Please accept my annual report for 1964, as school physician.

Routine physical examinations have been completed for all High School and Junior High School students. Almost all were qualified for full physical education and athletic activities. Grades One and Four in the Elementary schools were also examined, and histories reviewed for possible defects, and corrections were indicated on the individual health history cards. The school nurses and Physical Education Instructors collaborated. Supplemental statistics were also recorded for growth, weight, vision, and hearing, during the school year.

The immunization clinics arranged by the Board of Health have been effective with high participation each year.

Sanitation of all buildings, kitchens, lavatories, and shower rooms is good.

I still hope to see more adequate athletic fields available for our students.

An illustrated talk, on the hazards of smoking, to the Junior High School, impressed me by the great interest shown in the question period.

Respectfully submitted,

RAYMOND G. VINAL; M.D.
School Physician

REPORT OF THE SCHOOL NURSES

Mr. Frederick A. Small
Associate Superintendent of Schools
Norwell, Massachusetts

Dear Mr. Small:

The following is the annual report of the School Nurse.

During the school year emergencies have been met with first aid, pupils transported to their homes if necessary, as well as visits made to their homes. Routine inspection of all schools has also been made. Assistance has been given to the School Dentist and Hygienist.

This year Heaf TB Tests were given to school children in grades 1, 4, 7 and 11. Clinics for DPT Booster shots were held in all schools. All pupils were given the Massachusetts Eye Test and Audiometer Test for hearing.

Dr. Ruth Towne has been very generous in giving her time for a twenty hour first aid course for faculty members.

Assistance was also given to the School Physician in all physical examinations.

Respectfully submitted,

CATHERINE A. ROE, School Nurse
MILDRED V. WILCOX, School Nurse

SOUTH SHORE REGIONAL SCHOOL DISTRICT
TREASURER'S REPORT

In accordance with Section XII of the South Shore Regional School District Agreement signed January 6, 1960, I submit herewith details of the 1964 financial transactions of the School District.

Details are presented with respect to the 1964 estimated expenditures, apportionment of estimated expenditures to member towns; actual cash receipts and disbursements; balance sheet and statement of outstanding debt as of December 31, 1964.

Total operating costs for the year were \$276,642.07 which were paid by funds from the following sources.

Local Assessment Revenue		\$227,899.40
Federal Grants:		
George-Barden Funds	\$ 41,183.67	
Smith-Hughes Funds	609.00	
National Defense Education Fund	<u>6,950.00</u>	<u>48,742.67</u>
Total		\$276,642.07

Capital Outlay costs for the year were \$242,166.87 and involved final payment on the general contract for construction of the school, new equipment and bond principal and interest as detailed in the expenditures schedule.

Expenditures under the Manpower Development and Training Act P.L. 87-415 totalled \$27,081.18, for actual expenditures of \$17,381.82 and a refund of \$9,699.36 to the State Department of Education closing out three projects two of which operated primarily in the year 1963 and one in the year 1964. The Federal Government paid the entire cost of these projects which were budgeted for \$76,548.00, involved expenditures of \$66,848.64 and a reimbursement of \$9,699.36 as noted above. The School District benefited to the extent of \$33,538.70 which was expended for new equipment under these programs which will remain in our shops for use by the School District.

Surplus Revenue was determined to be \$108,618.81 as of December 31, 1964, and was derived from the following sources.

Balance January 1, 1964	\$109,759.58
Additions:	
Federal P.L. 87-415 refund for 1963 operating costs	591.73
Federal Grants used to pay 1964 operating costs	48,742.67
Unexpended appropriation for 1964 operating costs	4,918.93
Excess of 1964 District Receipts over estimates	<u>4,198.90</u>
Total	168,211.81

Deductions:

1963 Surplus Revenue used to reduce		
1964 operating costs	\$ 50,000.00	
1964 transfer to Reserve for Bus		
Replacement	9,463.00	
1964 transfer to increase Petty Cash		
advances	130.00	59,593.00

Balance December 31, 1964		\$108,618.81
---------------------------	--	--------------

A \$75,000.00 portion of the 1964 Surplus Revenue Balance of \$108,618.81 has been approved by vote of the District Committee to be used to reduce the 1965 operating costs assessments to member towns, resulting in a remaining balance of \$33,618.81 available to the School District as of January 1, 1965.

An amount of Surplus Revenue equivalent to three months expenditures is necessary in order that the School District can pay bills for school operations between January 1, and April 1, of each year, inasmuch as the annual assessment revenue received by the School District from member Towns is payable in quarterly installments on the first day of April, June, August and December of each year.

An alternate procedure to the establishment of a "working surplus" would be to reduce Surplus Revenue to a minimum amount and to borrow money on a short term basis whenever necessary. This would of course involve additional costs for loan registration fees and interest expenses.

Respectfully submitted,

JOHN A. ASHTON, Treasurer

SOUTH SHORE REGIONAL SCHOOL DISTRICT

1964 BUDGET

Operating Costs:

Salaries	\$ 196,766.00	
Expenses	<u>84,795.00</u>	
Total Operating Costs		\$ 281,561.00
Less - 1963 Surplus Revenue	50,000.00

REPORT OF THE
SEALER OF WEIGHTS & MEASURES

To The Board of Selectmen:

Gentlemen:

Weights and Measuring laws have been strictly enforced throughout the year.

Inspections have been made of all stores frequently that have measuring devices. The buying public should at all times observe weighing and measuring devices while purchasing, and report any violations to me.

Reweighing of food put up for sale has been made by me on many occasions.

Pedlars must have licenses and this has been checked by me.

The following is an account of work performed by me and an account of fees collected.

Pedlars' licenses inspected	1
Weighing and Measuring devices sealed	61
Weighing and Measuring devices not sealed	--
Weighing and Measuring devices condemned	--
Weighing and Measuring devices adjusted	--

Reweighing:

Total tested	340
Total corrected	314
Total incorrect	5
Total overweight	21

Sealing fees returned to Town Treasurer - \$55.30.

Respectfully submitted,

JOHN D. DICKMAN
Sealer of Weights and Measures

REPORT OF THE BOARD OF SELECTMEN

FINANCIAL

Florence M. Cushing Trust fund balance, available for major repairs to Cushing Memorial Town Hall, on December 31, 1964 - \$12,174.22.

Stabilization funds available for statutory approved capital outlay -	\$64,326.37
---	-------------

HIGHWAYS

The Chapter 90 contract (Main Street) for 1965 was signed. The Tiffany Road - East Street Bridge agreement with the Department of Public Works was finally accomplished and signed. A layout was ordered for a portion of Bowker Street. Layout plans were accepted for Till Rock Lane and portions of Brigantine Way, Barque Hill Drive, Christopher Road, Hall Drive and Meadow Brook Road. Cape Cod Lane was taken as a Town Way. The status of the Union Bridge is under investigation with the County Commissioners.

The street lighting program was extended by addition of 32 lights, subject to Town Meeting approval of lighting budget. Street numbering program is progressing under the Town Hall office staff. Numbers are being assigned on 50 foot frontage units on all streets, using revised Town Maps.

LEGISLATIVE ACTION

North River: Introduced and sponsored legislation controlling use of river for sewage disposal purposes. Legislation passed with appropriation for engineering study and to establish a Study Committee, consisting of State officials, Senator and Representatives, and affected Town members, to consider a Southeast Sewage District.

Legislative Hearings: Board members attended and participated in legislative hearings on the following:

- Relocation of Route 128 (D.P.W.)
- North River Sewage Disposal
- Lot size zoning limitations
- Mass. Bay Transportation Authority
- Expressway bridge names

LEGISLATIVE CONSIDERATIONS

The Board voted to support a Home Rule bill for maintaining town control of town affairs. The Board voted to oppose any legislation to eliminate reasonable lot size zoning restrictions. The State Senator and Representative were requested to consider legislation changing State school building financial aid to protect communities endeavoring to build creditable, adequate structures economically.

BY-LAWS

Revised Land and Gravel permits to protect use and to restore scarred areas. Initiated legal action for their enforcement in instances of violation.

Voted interpretation of Zoning By-Law referring to parking of commercial vehicles in residential areas.

Voted interpretation of Zoning By-Law referring to dog kennels as a business in residential areas.

Studied and are now submitting new By-Law to prevent the parking and junking of unregistered commercial and pleasure vehicles within town limits.

Policy:

Voted to attempt to retain all Tax Title property for the benefit of the Town.

Voted to attempt to organize quarterly meetings for planned, specific considerations and discussion of present and future facility needs by all Boards and Town Officials.

Agreed to the principle of consolidation of all clerical staff work and filed records and data of all Boards under the supervision of the Town Office Manager, wherever and whenever facilities are available.

Referred all Expressway fencing requests to the State Department of Public Works with request for consideration and action.

GENERAL

Ordered reconstruction of rotted Town Hall entrances.

Ordered Town Hall repainted; contract awarded from competitive bids.

Ordered Town Hall roof slate repairs; contract awarded from competitive bids.

Requested School Committee to permit all future elections in the Senior High School.

Granted 143 Building Permits (73 for new homes)

Renewed all licenses and permits, except in instances of noncompliance with regulations.

CHESTER A. RIMMER, Chairman
G. HERBERT REPASS
ERNEST J. MILANI

SOUTH SHORE MOSQUITO CONTROL PROJECT

To the Citizens of the Town of Norwell

Submitted herewith is the report of the South Shore Mosquito Control Project's activities in the Town of Norwell for the year ending October 31, 1964.

The Town of Norwell appropriated \$4000 for mosquito control in 1964. Along with this \$150 was appropriated for salt marsh maintenance. This money was used for mosquito control in the Town of Norwell by the South Shore Mosquito Control Project, a cooperative effort embracing the City of Quincy and the Towns of Norwell, Braintree, Cohasset, Duxbury, Hingham, Hull, Marshfield, Scituate and Weymouth. The Project is a year round operation based on a three-phase plan in the reduction of mosquitoes, that is Permanent Control, Preventive Control and Adult Control.

The following was accomplished by the South Shore Mosquito Control Project last year in the Town of Norwell.

PERMANENT CONTROL

7950 feet of drainage ditch were reclaimed to reduce possible mosquito breeding areas.

PREVENTIVE CONTROL

425 acres of small isolated woodland swamps were pre-hatch treated with dust upon ice in winter months to prevent the development of the mosquito eggs. 1920 acres of larger swamp areas were treated in the spring of the year by air by Piper Cub for larval control of spring mosquitoes.

During the summer months many areas had to be checked and re-checked for possible mosquito breeding and if found sprayed. 462 gallons of insecticide were sprayed for larval and pupal control mixed for and applied at the rate of a gallon per acre.

Catch basins are a source of a great many mosquitoes. These have to be treated as often as three times a summer season, depending on a wet or dry season. 550 basins were treated in the Town. These are the basins treated, not the number of town basins.

ADULT CONTROL

Spraying for adult mosquitoes becomes necessary where complaints of large numbers of mosquitoes move into an area, usually migrating from uncontrolled areas or from the many small water containers that breed the Culex or house mosquitoes. 505 gallons of insecticide were space sprayed with hydraulic sprayer and mist blower mixed and applied at between one half and one gallon per acre.

When weather and other conditions were favorable an insecticidal thermal fogger was used. This usually in the evening hours. 81 gallons of insecticidal fog oil was applied at the rate of four and a half acres to the gallon.

The insecticides used by the South Shore Mosquito Control Project were:

- DDT Wettable Powder
- DDT Emulsifiable Concentrate
- Malathion Emulsifiable Concentrate
- Malathion Immiscible and oil (fog)
- Naled DiBrom #14 (fog)
- Baytex (catchbasins)

All these insecticides are registered and labeled for use in mosquito control and are applied at no greater amounts than their labels recommend as being proper for mosquito control operations.

The main goal of this project shall always be to work toward eliminating as many of the mosquito breeding sites as possible through drainage or fill rather than a dependence on insecticides. To reduce the mosquito pest along with reducing amounts of chemical pesticides is what organized mosquito control means.

The Project wishes to acknowledge the help received from officials and departments of the Town and sincerely hopes that the benefits derived by these departments as a result are as great as those derived by the Project.

TOWN ACCOUNTANT'S REPORT

TOWN OF NORWELL

To the Board of Selectmen:

Gentlemen:

I submit herewith the annual report of the Town Accountant for the year ended December 31, 1964. The report is arranged and classified as prescribed by the Director of Accounts and in accordance with Chapter 41, Section 61, General Laws of Massachusetts.

The following sequence is used:

HARRY L. CHASE, JR.

Town Accountant

TOWN OF NORWELL

Commonwealth of Massachusetts

WARRANT FOR ANNUAL TOWN MEETING, MONDAY

March 9, 1964 at seven-thirty o'clock in the afternoon

At the Senior High School

and Saturday, March 14, 1964 at 12 Noon

At the Senior High School

FOR THE ELECTION OF TOWN OFFICIALS

Plymouth, ss.

To either of the Constables of the Town of Norwell, in said County of Plymouth and Commonwealth of Massachusetts.

GREETINGS:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Norwell, qualified to vote in elections and Town affairs to meet at the Senior High School in said Norwell, on Monday, the ninth day of March, 1964 at 7:30 p.m., then and there to act upon the following articles, to wit:

ARTICLE 1

To see if the Town will accept the reports of its officers and committees as printed in the Town Report, or act on anything relative thereto.

ARTICLE 2

To see what sums the Town will raise and appropriate, or appropriate from available funds to pay Town debts, expenses and charges including debt and interest for the ensuing year and to fix the salary and compensation of all elective officers of the Town, effective from January 1, 1964, as provided by Section 108 of Chapter 41 of the General Laws, as amended, and to provide for a reserve fund, and raise and appropriate the same for the following: Moderator, Selectmen's Department, Town Office Manager and Accountant, Town Hall Clerks, Town Meetings and Elections, Treasurer, Tax Title Account, Town Collector, Assessors' Department, Town Counsel, Town Clerk, Registrations and Listings, Board of Appeals, Planning Board, Development and Industrial Commission, Permanent Building and Mainten-

ance Committee, Conservation Commission, Town Hall and Annex, Police Department, Dog Officer, Fire Department, Civil Defense, Emergency Communications Center, Sealer of Weights and Measures, Tree Warden and Moth Superintendent, Moth Department, Dutch Elm Disease, Operation and Maintenance of Equipment, Pest Control, Tree Maintenance, Removal and Replacement, Roadside Brush Control, Maintenance of Public Grounds, Building Inspector, Gas Inspector, Wire Inspector, Board of Health, Inspector of Animals, School Nurse, School Dentist, Dental Hygienist, School Physician, Town Dump, Mosquito Control, Highway Surveyor, Highways-Town Account, Chapter 81, Chapter 90, Signs and Road Markings, Snow Removal and Sanding, Road Machinery Maintenance and Operation Account, Water Services Account, Street Lights, Welfare, Aid (All Categories), Administration and Expense, Veterans' Benefits, School Department, Out-of-State Travel, Vocational Training, Practical Arts - Adults, South Shore Regional Vocational School, Libraries, Water Department, Cemeteries, Maturing Debt and Interest, Anticipation of Revenue Loans, Aid to Agriculture, Plymouth County Retirement, Group Insurance, Town Schedule Insurance, Pensions and Annuities, Reserve Fund, Town Reports and Budgets, and Memorial Day; or act on anything relative thereto.

ARTICLE 3

To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1965, and to issue a note or notes therefor, payable within one year in accordance with General Laws, Chapter 44, Section 4, as amended, and to renew any note or notes as may be given for less than one year in accordance with General Laws, Chapter 44, Section 17, as amended, or act on anything relative thereto.

ARTICLE 4

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$14,300.00, or any other sum, in anticipation of repayment by the Commonwealth of Massachusetts, for Chapter 81 work on the highways, or act on anything relative thereto.

Requested by the Board of Selectmen.

ARTICLE 5

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$18,000.00 or any other sum, in anticipation of repayment by the Commonwealth of Massachusetts and the County of Plymouth, for Chapter 90 work on the highways, or act on anything relative thereto.

Requested by the Board of Selectmen.

ARTICLE 6

To see if the Town will vote to authorize the Town Accountant to close out the unexpended balance of the 1962 Highways Chapter 90 appropriation of \$19,000.00 for Tiffany Road - East Street Bridge, or act on anything relative thereto.

Requested by the Board of Selectmen.

ARTICLE 7

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$7,660.08, or any other sum, in anticipation of repayment by the Commonwealth of Massachusetts, Chapter 822, Acts of 1963, to be applied to Chapter 90 Construction on Main Street, or act on anything relative thereto.

Requested by the Board of Selectmen.

ARTICLE 8

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$3,000.00, or any other sum, for a mix-in-place surface on River Street for a distance of three thousand (3000) feet, or act on anything relative thereto.

Requested by the Highway Surveyor.

ARTICLE 9

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$1,025.00, or any other sum, for a mix-in-place surface on Oak Street, for a distance of one thousand and twenty-five feet (1025), or act on anything relative thereto.

Requested by the Highway Surveyor.

ARTICLE 10

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$2,200.00, or any other sum, for a mix-in-place surface on Norwell Avenue, for a distance of two thousand and twenty-five (2025) feet, from Central Street and Old Oaken Bucket Road, or act on anything relative thereto.

Requested by the Highway Surveyor.

ARTICLE 11

To see if the Town will vote to accept an alteration of the layout of a portion of Winter Street, as laid out by the Selectmen, in accordance with the description and plan presented at a hearing in the Cushing Memorial Town Hall and now on file in the Town Clerk's office, which involves acquisition of land in order to straighten Winter Street in the vicinity of Burns Lane, by acquiring by purchase or taking by eminent domain, three contiguous parcels on the opposite side from Burns Lane, belonging now or formerly to: Emma M. Stetson (approximately three quarters of an acre), Webster Cranberry Co., Inc. (approximately four and three tenths acres), and William A. and Ella Eva Stillman (approximately four and three tenths acres), making a total of nine and one third acres more or less; and for that purpose to raise and appropriate, or appropriate from available funds, the sum of \$4,500.00, or any other sum, or act on anything relative thereto.

Requested by the Board of Selectmen.

ARTICLE 12

To see if the Town will vote to accept Cape Cod Lane as a Town Way as laid out by the Selectmen in accordance with the description and plan presented at a Hearing in the Cushing Memorial Town Hall and now on file in the Town Clerk's office, without appropriation, or act on anything relative thereto.

Requested by the Board of Selectmen.

ARTICLE 13

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$2,500.00, or any other sum, for the purchase of a new pick-up truck for the Highway Department or act on anything relative thereto.

Requested by the Highway Surveyor.

ARTICLE 14

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$1,000.00, or any other sum, for the purchase of a new, small, v-body salt and sand spreader of approximately one and one-half yards capacity for the Highway Department, or act on anything relative thereto.

Requested by the Highway Surveyor.

ARTICLE 15

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$400.00, or any other sum, for a new steel broom core and repairs to our present street sweeper, or act on anything relative thereto.

Requested by the Highway Surveyor.

ARTICLE 16

To see if the Town will vote to change the name of that part of Green Street, running between Pleasant Street and Pine Street, to "Wildcat Lane," the name by which it has been known for many years, or act on anything relative thereto.

Requested by twenty residents.

ARTICLE 17

To see if the Town will vote to rename to South Street that portion of Pleasant Street from its present junction with South Street to the Hanover Town Line at the Hanover Pumping Station, so that South Street will extend from Main Street to the Hanover Town Line and Pleasant Street will extend from Circuit Street to South Street, or act on anything relative thereto.

Requested by the Planning Board.

ARTICLE 18

To see if the Town will vote to rename that section of Town Road extending from the present Pleasant Street westerly to the Hanover Town Line (about 200') to Mill Street, or act on anything relative thereto.

Requested by the Planning Board.

ARTICLE 19

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$13,000.00, or any other sum, to purchase and equip a new fire truck for the Norwell Center Fire Station, or act on anything relative thereto.

Requested by the Board of Fire Engineers.

ARTICLE 20

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$8,000.00, or any other sum, or sums, to

install a two-way radio base station in the Emergency Communications Center and to install two-way radio mobile units in such town-owned vehicles as may be designated by the Emergency Communications Center Board, such radios to operate on a frequency as assigned and approved by the Federal Communications Commission for use of the Town of Norwell only and which shall be distinct from the Fire and Police frequencies already in use and which shall be under the control of the Emergency Communications Center Board, or act on anything relative thereto.

Requested by W. Clarke Atwater, Warren P. Merritt, Kenneth J. Bradeen, E. Arnold Joseph and Wesley H. Osborne, Jr.

ARTICLE 21

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$2,600.00, or any other sum, for the purchase of a 1964 Station Wagon, to replace the Plymouth Station Wagon Police Cruiser, or act on anything relative thereto.

Requested by the Board of Selectmen.

ARTICLE 22

To see if the Town will vote to instruct the Board of Selectmen to appoint a committee of five (5) members, one from the School Committee, one from the Permanent Building and Maintenance Committee, one from the Norwell Council for Public Schools, one from the Planning Board, and one member at large, with the Chairman to be named by the Board of Selectmen, to select a site for construction of an elementary school building and to present their recommendations for action at the next Annual Town Meeting, or act on anything relative thereto.

Requested by the Planning Board.

ARTICLE 23

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$500.00, or any other sum, for use by the Elementary School Site Committee for the purpose of obtaining preliminary surveys, plans, appraisals, borings, etc., as may be needed to determine the suitability of the site proposed for school building purposes, or act on anything relative thereto.

Requested by the Planning Board.

ARTICLE 24

To see if the Town will vote to establish that future elementary school

buildings shall be designed and constructed as campus type schools, using as a nucleus the present Center Elementary School on Main Street, or act on anything relative thereto.

Requested by the Planning Board.

ARTICLE 25

To see if the Town will vote to establish that future elementary school buildings shall be designed and constructed as free-standing buildings centrally located in the vicinity of the present Center Elementary School on Main Street, or act on anything relative thereto.

Requested by the Planning Board.

ARTICLE 26

To see if the Town will vote to establish that future elementary school buildings shall be designed and constructed as free-standing neighborhood schools located as required by future needs of the Town, or act on anything relative thereto.

Requested by the Planning Board.

ARTICLE 27

To see if the Town will vote to instruct the Board of Selectmen to appoint a committee of five (5) members for the purpose of determining the suitability of the present town-owned land behind the Junior High School for development as athletic fields; said committee to consist of one member each from the School Committee, Permanent Drainage Committee, Permanent Building and Maintenance Committee, and the Planning Board, with one member at large; Chairman to be named by the Board of Selectmen, and to instruct this committee to report to the next Annual Town Meeting with its recommendations for this site, or for an alternate, should this site be found to be unsuitable, or act on anything relative thereto.

Requested by the Planning Board.

ARTICLE 28

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$500.00, or any other sum, for use by the Athletic Field Committee for the purpose of obtaining preliminary engineering assistance as may be needed to determine the suitability of the site proposed for athletic fields, or act on anything relative thereto.

Requested by the Planning Board.

ARTICLE 29

To see if the Town will vote to instruct the Board of Selectmen to appoint a committee of not less than three (3) nor more than five (5) members, and to name a chairman of this committee, for the purpose of studying the advisability of obtaining additional land adjacent to, or in the immediate vicinity of, the Town Hall for the purpose of providing for future construction of new combined quarters for the Fire Department, Police Department and Communications Center; and to further instruct said committee to submit a report and recommendations at the next Annual Town Meeting, or act on anything relative thereto.

Requested by the Planning Board.

ARTICLE 30

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$6,500.00, or any other sum, to purchase or to take by eminent domain a parcel of land located on Grove Street containing 6.5 acres, being Parcel No. 60 as shown on Sheet R7 on Atlas of Town of Norwell, for use as a Town Garage site, or act on anything relative thereto.

Requested by the Planning Board.

ARTICLE 31

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$5,000.00, or any other sum, to purchase or to take by eminent domain a parcel of land on Main Street for use as a Town Garage site. Said parcel to be purchased or taken to consist of Parcel 2, containing one (1) acre and that portion of Parcel 3, westerly of the high tension easement, containing four (4) acres more or less, both as shown on Atlas of Norwell, Sheet R20, or act on anything relative thereto.

Requested by the Planning Board.

ARTICLE 32

To see if the Town will vote to purchase, or take by eminent domain, for sewage disposal purposes, a parcel of land on the southwesterly side of Grove Street in Norwell, containing about six and a half acres of land, owned by Walter J. Breen and Robert J. Breen, being the property described in deed to them, dated December 7, 1948, recorded in Book 2032, Page 107, of the Plymouth County Registry of Deeds; and to raise and appropriate, or transfer from available funds, the sum of three thousand (\$3,000.00) dollars 'herefor, or such other sum, or sums, as the Town may vote, or

act on anything relative thereto.

Requested by the Board of Health.

ARTICLE 33

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of five hundred (\$500.00) dollars, or any other sum, to be used by the Board of Health to procure a suitable engineering survey and the drawing of a definite plan for a night soil disposal field on the six and a half acres of land, more or less, which is the subject of the preceding Article, or act on anything relative thereto.

Requested by the Board of Health.

ARTICLE 34

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$4,000.00, or any other sum, or sums, to be expended under the direction of the Permanent Building and Maintenance Committee, for the purpose of employing a Registered Sanitary Engineer or other professional engineers, to investigate and report on the sewage disposal facilities and conditions at the Center Elementary School and the Junior and Senior High Schools, or act on anything relative thereto.

Requested by the Permanent Building and Maintenance Committee.

ARTICLE 35

To see if the Town will vote to appropriate the sum of \$75,000.00, or any other sum, or sums, to be expended under the direction of the Permanent Building and Maintenance Committee, for the purpose of hiring an architect to develop final plans and specifications for an addition to the present Town Hall and for the Construction and original equipping and furnishing of the addition to the Town Hall, and to meet such appropriation by appropriating the sum of \$5,000.00, or any other sum, or sums, from available funds and by authorizing the Treasurer, with the approval of the Selectmen, to borrow for and on behalf of the Town of Norwell, the sum of \$70,000.00, or any other sum, or sums, for said purpose, by the issuance of bonds and notes, under the provisions of Chapter 44 of the General Laws and Acts in amendment thereof or in addition thereto, or both, or act on anything relative thereto.

Requested by the Permanent Building and Maintenance Committee.

ARTICLE 36

Will the Town vote to reduce the number of members of the Permanent Building and Maintenance Committee, as established under Article 29 of the

1962 Annual Town Meeting, from eleven members to seven members, or act on anything relative thereto.

Requested by the Permanent Building and Maintenance Committee.

ARTICLE 37

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$2,500.00, or any other sum, said sum to be added to the Pumping Station and Mains Account and to be spent, in conjunction with the present account balance, for necessary equipment to connect the new well site to the existing system, or act on anything relative thereto.

Requested by the Board of Water Commissioners.

ARTICLE 38

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$5,000.00, or any other sum, said sum to be spent to conduct tests for new well or water sources sites, or act on anything relative thereto.

Requested by the Board of Water Commissioners.

ARTICLE 39

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$1,000.00, or any other sum, for the purchase of a hydraulic ram attachment for the Town tractor to be used to tunnel under highways for the installation of water services, such device to be operated and maintained under the tractor loader account, or act on anything relative thereto.

Requested by the Board of Water Commissioners.

ARTICLE 40

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$40,000.00, or any other sum, to install water mains of not less than six inches, but less than sixteen inches in diameter, in Grove Street, from the end of the existing main installed in 1963, for a distance of approximately 6500 feet to the end of the existing water main in the westerly section of Grove Street, and to meet such appropriation by raising and appropriating from the tax levy of 1964, or from available funds in the Treasury, the sum of \$40,000.00, or act on anything relative thereto.

Requested by the Board of Water Commissioners.

ARTICLE 41

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$15,000.00, or such other sum as the Town may vote, to purchase or take by eminent domain, for the protection of the Pleasant Street Town Water Source or well, 88.4 acres, more or less, of land, on the easterly side of Pleasant Street as shown on "Plan of Land for Protection and/or Development of Water Supply - Town of Norwell, June 18, 1963 - by Loring H. Jacobs, Reg. Land Surveyor," or act on anything relative thereto.

Requested by the Board of Water Commissioners.

ARTICLE 42

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$7,500.00, or any other sum, to be added to the Conservation Fund, under the provisions of the General Laws, Chapter 40, Section 5, Clause 51 and Section 8c, as amended, or act on anything relative thereto.

Requested by the Conservation Commission.

ARTICLE 43

To see if the Town, pursuant to General Laws, Chapter 40, Section 8B, will adopt a by-law establishing a Council for the Aging, for the purpose of co-ordinating programs designed to meet the problems of the aging in co-ordination with the programs of the Council for the Aging, established under General Laws, Chapter 6 Section 73, by amending the Town By-Laws as follows: or act on anything relative thereto:

1. In the Town By-Laws, page 19, Article VI, Section 1, add in the list of officials appointed by the Selectmen, between "Constables" and "Dog Officer," a new phrase, "Council for the Aging."
2. In the Town By-Laws, revise page 21 (twenty-one) so that:
 - (a) A new heading and section appear at the top of the page as follows:

"Council for the Aging"

"Section 1. The Board of Selectmen shall appoint from registered voters of the Town five members, shall designate the Chairman, and shall take such further action as is required to establish and maintain a Council for the Aging for the Town, in accordance with General Laws Chapter 40 Section 8B and to promote the co-ordination of its programs with those of the State Council for the Aging."

- (b) In order to maintain alphabetical sequence, reverse the order of the two existing headings and their sections so that "Inspector of Gas Piping and Gas Appliances" follows "Council

for the Aging'' and ''Town Accountant'' follows ''Inspector of Gas Piping and Gas Appliances.''

Requested by Norwell Senior Citizens Association.

ARTICLE 44

To see if the Town will petition the State Tax Commission for the installation of the State Assessment System as provided in Section 7-A of Chapter 58, of the General Laws, or take any other action relative thereto.

Requested by the Board of Assessors.

ARTICLE 45

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$150.00, for the purpose of maintaining during the ensuing year, the mosquito control works as estimated and certified to by the State Reclamation Board in accordance with the provisions of Chapter 112, Acts of 1931.

Requested by Board of Selectmen.

ARTICLE 46

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$50,000.00, or any other sum, to be added to the Stabilization Fund, as provided by the General Laws, Chapter 40, Section 5B, or act on anything relative thereto.

Requested by the Advisory Board.

ARTICLE 47

To see if the Town will vote to appropriate the 1963 Dog Tax Refund to the School Department Operation Account, or act on anything relative thereto.

Requested by the Advisory Board.

ARTICLE 48

To see if the Town will give instructions to its elected Town Officers.

SALE OF FISH RIGHTS

Subsequent Meeting for the Election of Officers
SATURDAY, MARCH 14, 1964

Polls Open 12:00 Noon to 8:00 P.M.

And you are further directed to notify all legal voters to assemble at the Senior High School, Main Street, on Saturday, March 14, 1964, during the polling hours, then and there to act upon the following:

To bring to the Election Officers, their votes, all on one ballot for the following-named officers to wit: One Selectman for three years; one Assessor for three years; one member of the Board of Public Welfare for three years; Moderator, Highway Surveyor and Tree Warden, each for one year; one member of Board of Health for three years; one member of Board of Water Commissioners for three years; one member of Planning Board for five years, one member of School Committee for three years; one Trustee of the William J. Leonard Memorial Library for three years; one member of Regional Vocational School District Committee for three years.

You are hereby required to notify and warn said inhabitants of Norwell qualified to vote in town affairs, in case all the articles in the foregoing Warrant shall not be acted upon at meeting called for the ninth day of March, to meet in adjourned session at the Senior High School Tuesday, the tenth day of March, 1964, Thursday, the twelfth day of March, 1964, and Friday, the thirteenth day of March, 1964, at 7:30 P.M. in the afternoon then and there to act upon such of the foregoing articles as shall not have been acted upon on March 9, 1964, or act upon such other articles in said Warrant as the meeting may deem advisable.

You are directed to serve this Warrant by posting a copy thereof, attested to by you in writing, at each of five public places in the Town, seven days at least before the time for holding the meeting called for in the Warrant. Hereof fail not and make due return of this Warrant with your doings thereon to the Town Clerk of said Town on or before the ninth day of March, 1964.

Given under our hands at Norwell this 10th day of February in the year of our Lord 1964.

G. HERBERT REPASS, Chairman
CHESTER A. RIMMER
CHARLES H. WHITING

BOARD OF SELECTMEN

I hereby certify that I have posted the within warrant in accordance with the Town by-law, and make this my return.

HARLAND W. FARRAR
Constable, Town of Norwell

February 26, 1964

ANNUAL TOWN MEETING

MARCH 9, 1964

Pursuant to the foregoing Warrant, issued by the Selectmen of Norwell, and executed by a duly appointed and qualified Constable of the Town, at which time a quorum was present, the voters met on March 9, 1964, at the Senior High School and took the following action:

The Annual Town Meeting was called to order by the Moderator, Joseph M. Silvia, at 7:40 P.M. at the Norwell Senior High School with 366 registered voters in attendance. A total of 495 registered voters were checked in during the evening. Checkers on the voting sheets were Mrs. Minna Senger, Mrs. Gloria Broderick, Mrs. Julia Bosebach and Miss Helen Lincoln.

Tellers were appointed as follows: Orville Devine, Head Teller; Donald Newton, George Witcher, Jr., James McElwee, Paul Savery, William Spradlin and James Keaveney. They were sworn to the faithful performance of their duty.

Motion was made, seconded and voted that resident non-voters, High School and Jr. High School students be admitted to the assembly. They were seated on the stage.

Motion made and seconded that Article 35 be taken up immediately after Article 2. A rising vote was taken and the motion failed to carry, yes 142, no 165.

ARTICLE I

Motion made, seconded and voted that the Town accept the reports of its officers and committees as printed in the Town Report, and the report of the Planning Board entitled - "Elementary Schools - Neighborhood vs. Centralized" - which was delivered with each Town Report to the Townspeople of Norwell.

INTRODUCTION

The Planning Board submits this report in accordance with instructions of the 1963 Town Meeting, which directed the Planning Board, working with the School Committee, to study the relative merits of campus type, centralized and neighborhood elementary schools, and to present to the 1964 meeting separate articles which would enable the Town to choose which type shall be used for future elementary school construction in Norwell.

A survey, limited to Grades 1 through 6, was made by a volunteer citizen group, The Norwell Council for Public Schools, working with sub-committees from the School Committee and the Planning Board. This report will endeavor to convey to the voters, as concisely as possible and in general terms, the findings and recommendations of this joint committee.

TIMING

If the next increment of our Elementary School system is to be planned and constructed in an orderly manner by acting only at Regular Annual Town Meetings, a committee to procure a site must be authorized at this year's meeting. A single year's delay will reintroduce the possibility of more special Town Meetings to carry out a crash program, with insufficient time for proper planning. It is essential that this problem be resolved at the 1964 Annual Meeting.

THE PROBLEM

For the purposes of this report "Campus Type" and "Centralized" schools, which differ in layout and construction rather than in location within the Town, will be considered together.

The question to be answered becomes: -

"Shall our future Elementary Schools be built on Main Street in the immediate vicinity of the present Elementary School, or shall they be built throughout the Town as required by population distribution?"

Each alternative may then be compared under the general headings:

Capital Costs
Operating Costs
Educational Factors

SCOPE OF THE PROBLEM

The prerequisite to the study of the development of our elementary school system is an estimate of the population trend which will determine school needs.

In 1962 in round figures, Norwell had 1500 dwellings and a population of 5300 of whom 900 attended elementary schools. The Town's growth has been relatively constant at 50 to 60 new homes per year. There is reason to believe that this constant rate, perhaps slightly accelerated, will continue for a number of years.

No more than 10% of Norwell's 13,500 acres is now occupied by dwellings. There is still plenty of room for growth classified as "buildable

land." The Preliminary General Plan of 1955 estimated the maximum population potential under the present zoning to be 20,000.

Projecting our present growth rate, with no allowance for unusual factors, we may make the following conservative predictions;

Year	No. of Dwellings	Population	Elementary Schools	
			Pupils	Classrooms
1963	1500	5300	900	33
1975	2250	8000	1350	50
2000	4500	16000	2700	100

Therefore, if we are to think in terms of 40 years, which is not unreasonable for long-range basic planning, we must visualize the addition of at least 60 more elementary classrooms, of which 12 will be provided by the Cole School addition, leaving at least 48 future classrooms to be provided as either centralized or neighborhood schools.

MEASURING - STICKS FOR COMPARISON

To enable us to compare the two types of schools on a constant equable basis we have visualized these 48 classrooms as follows:

Centralized Schools - Two additional 24 room units, located 200 or 300 yards apart, and about the same distance from the Main Street Elementary School on the same side of Main Street.

Neighborhood School - Two 24 room units, similar to the enlarged Cole School, located in the Town to suit the population distribution.

For our present purposes it is assumed that either type would be constructed in steps as the Town grows, or a new 12 room increment every 6 or 8 years.

These assumptions are intended only to provide us with standards by which to compare construction and operating costs. Actual construction would, of course, be designed to suit our needs at the time of construction.

CAPITAL COSTS

Capital costs will include the cost of land on which to build, the cost of the buildings and their attendant services, and the cost of educational equipment.

Since we are not considering changes in teaching methods, it is fair to assume that capital expenditures for educational equipment will be the

same for either system, and that capital costs may be compared under the headings:

Site Procurement
Plant Construction
Mechanical Services

Site Procurement

It is probable that any given number of classrooms on a central site would require less land than would the same number of classrooms at two or three separate locations. In our particular case it is also true that, given a free choice of land in outlying sections, we will be able to procure it at a lower unit cost than land in a restricted area in the center of Town. Thus, generally speaking, the cost of land will be substantially the same for either system.

Plant Construction

The relative cost of plant construction is more complex. However, if we eliminate non-essential and compensating factors and consider the problem in general, rather than specific terms, we may make a judgment on comparative costs without the complication of determining actual costs.

Type and quality of construction, number and size of classrooms and the total building area required will be substantially the same for either system. If there is a possibility for saving it must be made by eliminating duplication of part time facilities such as gymnasiums, cafeterias, libraries, and auditoriums, or by the integration of plant mechanical services.

If gymnasiums are used on a regular schedule by the entire student body, the divergent age groups in an elementary school require that it be split into groups, perhaps grade by grade. Therefore, a gymnasium will be used for much of the school day, will be on a scale to suit the size of the student body and consequently offers little possibility for the elimination of duplicate facilities with no impairment of activity.

Cafeterias present a different problem. It is impossible to spread their use throughout the entire day. They may be designed for as many shifts as possible, doubling the number of users will double the size of the cafeteria unit and will have just about the same effect on the cost.

The cost of a school library unit, once it has reached workable size, will vary almost directly with the number of students served. A large library may have educational advantages over several smaller school libraries but no important construction cost savings are apparent.

Auditoriums, perhaps the least used facility, appear to offer the possibility of eliminating one or more major units if school construction is

centralized. One unit could be made to serve a school system such as we are considering if used by only a portion of the student body at any one time. But here we are faced with the practical problem of moving small children from building to building, which may be impracticable in our New England climate. If an auditorium is designed with a capacity of only one or two grades of a centralized school system, smaller auditoriums may also be designed to serve the same purpose in neighborhood schools at little or no difference in cost, without the disadvantage of moving outdoors from building to building. Under the neighborhood system it appears practical to combine the auditorium and cafeteria in the first 12 room units and add the second major unit when the second 12 room increment is built. The large auditorium required by a centralized system might be valuable for non-academic use. A compensating factor is the desirability of several smaller units for neighborhood functions. On the whole there appears to be little possibility for a real savings one way or the other.

Mechanical Services

If savings are to be made in the cost of mechanical services they will be in operation rather than construction. Parking areas will vary with the size of the school, as will bus service areas. Savings in the capital costs of a single, large, rather than several small, heating boiler installations would be offset by the added cost of distribution lines. In general, this statement will apply to all services.

CONCLUSIONS - CAPITAL COSTS

From the foregoing we came to the inescapable conclusion that in general there will be no significant difference between the two alternate systems insofar as site and construction costs are concerned, and that in any specific case the difference, if any, might be one way as well as the other.

OPERATING COSTS

If one system has an advantage over the other it will be in recurring operating costs. Any difference here will show up yearly, whereas difference in capital expenditure will appear but once.

For convenience in discussing operating costs they may be divided into:

Materials and Services
Transportation
Operating Personnel

Materials and Services

Without going into extensive detail it may be conceded that there will be no substantial difference in the quantity and cost of materials required

whatever may be the physical location of the school buildings. This will also be true of utilities and services, except for electricity where the combined usage of centralized schools connected to a single service would command a more favorable rate than would the same total usage divided among three separate schools. The present annual cost of electricity for our elementary schools is about \$5500, and would, of course, be about three times that amount when these schools reach the size we now contemplate. A percentage of this could be saved if schools are centralized and served by a single service.

Transportation

Bus transportation is difficult to analyze if we become enmeshed in discussion of alternate routes, efficient utilization of equipment, etc. There are, however, one or two fundamentals which are inescapable and which will eventually govern the total cost of bus service.

First, bus routes are bid and contracted for on a unit cost per route mile basis; secondly, the average distance that the average pupil will be transported must be greater to a single location than to one of several locations specifically selected to shorten this distance. Therefore, there must be more bus route miles to be bought and paid for with the centralized than with the neighborhood system.

This does not take into account the requirements of State aid. We have no assurance that the present practices will continue indefinitely. In any event we are citizens of the State as well as of the Town and it ill becomes us to deliberately establish an inefficient system for this reason alone.

An intangible effect of centralizing our bus system would be the volume of traffic generated on Main Street by arrival of 60 or more bus loads of pupils.

Operating Personnel

Wages and salaries are the "lion's share" of a school budget and it is to these we must look for possible savings. A relatively small annual saving will accumulate to a substantial amount throughout the years. For this reason we have endeavored to analyze, as well as possible, just how each of the two systems would be staffed in Norwell today and in the near future. If we enter into philosophical discourses involving future intangibles and possible changes in educational methods, the problem appears impossibly complex. If we consider only its application to Norwell and do not digress into theoretical discussions we should be able to sort out the data we need to make a judgment on the effect either type of school system will have on Norwell pocketbooks and Norwell children.

To accomplish this we have again separated the problem into components:

Professional, or Teaching, Personnel
 Administrative and Staff Personnel
 Maintenance Personnel

Professional and Teaching Personnel

It is possible that the future may bring changes in teaching methods whereby one system of school location may acquire an advantage over the other. Much discussion on this subject demonstrates that at present all these possibilities are theoretical, even controversial, and that to arrive at an immediate answer we must confine ourselves to our present elementary school teaching methods. This position is strengthened by our being in step with the great majority of schools. Adoption of neither type will insure us against unknown teaching methods.

Therefore, having come to this conclusion, it is apparent that the geographical location of the schools will have no apparent effect on the number of classroom teachers required. An argument in favor of Centralized schools has been that they permit better utilization of special teachers. Analysis of schedules shows this to be an administrative rather than a physical problem. The effect of bringing the pupils to the teacher rather than the teacher to the pupils is debatable. Common sense appears to favor the latter.

In short, to condense much talk into few words, we were unable to find any significant difference in the cost of teachers under either system.

Administrative and Staff Personnel

Here we at last seemed to find a chance for real savings because obviously a single principal could serve the collective schools, whereas three would be needed for neighborhood schools. However, when we analyzed the salaries we should expect to pay, we found the total of a higher salary for the principal with more responsibility and the smaller salaries for two assistant principals required by centralized schools, just about equaled the total salaries of individual principals for three neighborhood schools, leaving no choice between them on this score. One point to be considered is that the higher salary of the centralized schools might attract a man of higher calibre, or at least improve our competitive position when hiring a principal.

The number of secretaries and clerks needed under each system is difficult to establish without going into inordinate detail, some of which may be arguable. However, since our purpose is to determine whether or not we can save money by changing our present system, we looked to what we are now doing for an answer.

Secretaries, in the strict sense of the word, could undoubtedly be eliminated, but we found the definition to be rather loosely applied. A

secretary in our present elementary schools appears to function as a secretary, clerk, telephone operator, nurse, matron and part-time mother. In other words, since their time is fully utilized, there appears to be no particular saving to be made on this score.

Maintenance Personnel

More efficient use of custodians would certainly save an appreciable sum of money, and full examination was made of this problem. We found that a twelve room school, with its attendant facilities, is apparently a little too much for one man to handle, requiring one full time and one part time man. Two men can probably handle a 24 room school. Therefore, we would eventually require the same number of custodians under either system. Consideration was given to the possibilities of more efficient use of part time men. Here again efficient scheduling, rather than geography, appears to be the answer. There are weekly as well as daily custodial chores and it appears to be more desirable to have part time fill-in men report to different schools on different days than to attempt to move them from building to building during the day, and to schedule work accordingly. In the final analysis it does appear more sensible to bring the custodian to the school than the school to the custodian.

CONCLUSIONS - OPERATING COSTS

Here again we came to the same conclusion as we did with Capital Costs - there appears to be no great difference between the system except for some of the general items which are debatable and which may or may not have real application to our particular system.

The small advantage which Centralized schools possess in the purchase of electricity is probably more than offset by added bus transportation costs.

GENERAL

Many other facets of this problem have been discussed such as:

Could we do our own maintenance work and have a central shop and central supply?

Can we save by having cafeteria food prepared centrally?

Could a sewage treatment plant, if needed be more cheaply installed?

Could special instruction, such as remedial reading or music, be made more effective?

Could medical facilities be centralized?

All of these, and others, offer possibilities one way or another. We have been unable to apply them practically to any extent and with any degree of certainty to our own particular situation.

Research was done on what may have been written on this and other similar problems. It was found that, while some extolled the virtues of centralized schools, the centralized school described was no larger than our own neighborhood school. We could find no practical help in contemporary literature on the subject.

A few towns have centralized schools. Whether they were created deliberately by foresight and planning, or came about because at a particular time in its growth a town happened to have a large tract of land available, is difficult to say. The great majority of elementary schools are of the neighborhood type, again whether by choice or chance is a moot question.

The time for decision in Norwell on Neighborhood vs. Centralized Elementary Schools was just prior to the construction of the original Cole School, at which time the question was considered and a decision made. As a result, if we change now, one of our larger units will be excluded, which will certainly introduce many complications into a Centralized system with a consequent deleterious effect on any advantages this system may have.

CONCLUSIONS

Our overall conclusion is that there appears to be no ascertainable difference between the costs of neighborhood or centralized elementary schools, either for construction or in operation. If one has educational advantages over the other they are minute and not readily discernable and become even more so if we become involved in theoretical discussions of future changes in teaching methods.

RECOMMENDATION

Since neither system appears to have significant economic or educational advantages over the other, we see no reason to reverse a decision previously made.

We recommend that future elementary schools in Norwell be constructed as "Neighborhood" schools, located in the Town to best suit our population distribution.

NORWELL PLANNING BOARD
NORWELL SCHOOL COMMITTEE
NORWELL COUNCIL FOR PUBLIC SCHOOLS

February, 1964

ARTICLE 2

Motion made, seconded and VOTED UNANIMOUSLY that the Town raise and appropriate the sums of money as indicated in the recommended column of the Transcript of the Articles in the Warrant and Budget for 1964 for the Town of Norwell, and for the purposes as noted for all items in Article 2, excepting Items 9, 21, 33, 41, 48, 49, 50, 51, 63, 65, 80, 81, 87, 88, 90, 93, 94, 101, 102, 103, 104, 107, 108, 109, 110, 111, 112, 113, 115, 149 - and that the Town fix the salaries and compensation of all elective officers of the Town as shown in the recommended column effective from January 1, 1964, as provided by Section 108 of Chapter 41 of the General Laws.

- ITEM 9. Motion made, seconded and VOTED that \$16,000 be raised and appropriated, Town Hall Clerks, Salaries.
- ITEM 21. Motion made, seconded and VOTED to raise and appropriate the sum of \$1,800, COLLECTOR, Deputy Collector's Salary.
- ITEM 33. Motion made, seconded and VOTED to raise and appropriate the sum of \$1,000, Town Clerk, Clerical Assistance.
- ITEM 41. Motion made, seconded and VOTED to raise and appropriate the sum of \$300. Development and Industrial Commission, Expenses.
- ITEM 48. Motion made, seconded, and VOTED to raise and appropriate the sum of \$22,900, Police Department, Regular Police Officers.
- ITEM 49. Motion made, seconded and VOTED, 213 yes, 183 no, to raise and appropriate the sum of \$9,422, Police Department, Payroll.
- ITEM 50. Motion made, seconded and VOTED that the Town raise and appropriate the sum of \$1175, General Expenses, Police Department.
- ITEM 51. Motion made, seconded and VOTED to raise and appropriate the sum of \$4,210, Cruiser Expense, Police Department.
- ITEM 63. Motion made, seconded and VOTED to raise and appropriate the sum of \$9,600, Salaries and Expenses, Emergency Communications Center.
- ITEM 65. Motion made and seconded that the Town raise and appropriate the sum of \$5,200, Salary, Tree Warden, Supt. of Public Grounds and Moth Dept.

Amendment made, seconded and VOTED that the Town raise and appropriate the sum of \$6,000, listed in the requested column in Item 65 under Article 2.

- ITEM 80. Motion made, seconded and VOTED to raise and appropriate the sum of \$200, Salary and Expenses, Inspector of Animals.
- ITEM 81. Motion made and seconded to raise and appropriate the sum of \$3,800, Salary, School Nurse. Amendment made and seconded, but FAILED TO CARRY, to amend Item 81 of Article 2 to read \$4,300, as the 1964 salary of the School Nurse. The main motion of \$3,800, CARRIED.
- ITEM 87. Motion made, seconded and VOTED to raise and appropriate the sum of \$4,000, Expenses, Mosquito Control.
- ITEM 88. Motion made and seconded to raise and appropriate the sum of \$5,900, Salary, Highway Surveyor. Amendment was made that the Town raise and appropriate the sum of \$6500, Salary, Highway Surveyor. The original motion was withdrawn, leaving the amendment as the only motion on the floor. The sum of \$6500, was VOTED.
- ITEM 90. Motion made, seconded and VOTED that the sum of \$6500 be raised and appropriated, Chapter 81, Expenses.
- ITEM 93. Motion made and seconded to raise and appropriate the sum of \$20,000, Snow Removal and Sanding Highways.
- Motion made, seconded and VOTED to amend the sum to \$28,000. The main motion as amended was voted.
- ITEM 94. Motion made, seconded and VOTED to raise and appropriate the sum of \$7,000, Road Machinery Maintenance Operation.
- ITEM 101. Motion made and seconded that the sum of \$500, be voted for Veterans Agent's Salary. Motion made and seconded to amend this to raise and appropriate the sum of \$200, for Agent's Salary. The amendment was VOTED. The main motion was not carried.
- ITEM 102. Motion made and seconded that the sum of \$250, be voted for Veterans Service Officer. This was amended to read \$300. The Amendment CARRIED. The main motion was defeated.
- ITEM 103. Motion made and seconded that the sum of \$350, be voted for Agent's Expenses. Amendment made and seconded that the sum of \$250, be voted for Agent's Expenses. The amendment was VOTED. The main motion was defeated.
- ITEM 104. Motion made and seconded that the sum of \$6,000 be voted for Aid and Expenses, Veterans Benefits, based on what was

spent last year. Amendment made that \$5,000, be raised and appropriated. The amendment CARRIED. The main motion was defeated.

Motion made and seconded that the town replace items 107 through 113 with a new item numbered 107, entitled General Educational Expense in the amount of \$754,073. Motion was made, seconded and VOTED to amend the main motion to read that the Town replace Items 107 through 111, plus Item 113, with a new item numbered 107, entitled General Educational Expense in the amount of \$753,303.

ITEM 112. Motion made, seconded and VOTED that the Town appropriate \$770, for Out-of-State Travel.

Mrs. Margaret E. C. Reeser made a motion to amend, which she later withdrew, as follows:

ITEM 107.	\$ 18,861.00	General Control
ITEM 103.	574,271.00	Instruction
ITEM 109.	70,527.25	Operation
ITEM 110.	14,000.00	Maintenance
ITEM 111.	68,173.00	Auxiliary Agencies
ITEM 112.		Out-of-State Travel
ITEM 113.	5,000.00	Capital Outlay
TOTAL \$752,948.00		

The Advisory Board unanimously recommended a lump sum School Budget of \$754,073 to be executed under the charge of the School Committee and in accordance with the agreement of the School Committee to report annually to the Town in detail accounting for the expenditures under the following categories: (1) General Control, (2) Instructions, (3) Operation, (4) Maintenance, (5) Auxiliary Agencies, (6) Out-of-State Travel and (7) Capital Outlay; and further, that the School Committee shall keep well informed the Advisory Board before sanctioning large budget expenditures without previous conference with the Advisory Board.

ITEM 115. Motion made, seconded and VOTED that the sum of \$700, be raised and appropriated for Adult Practical Arts Classes.

ITEM 149. Motion made, seconded and VOTED that the sum of \$15,000, for the Reserve Fund be appropriated from available funds as follows: \$9,987.33 from Overlay Surplus and \$5,012.67 from Free Cash.

ARTICLE 3

Motion made, seconded and VOTED to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1965, and to issue a note or notes therefore, payable within one year in accordance with General Laws, Chapter 44, Section 4, as amended, and to renew any note or notes as may be given for less than one year in accordance with General Laws, Chapter 44, Section 17, as amended.

ARTICLE 4

Motion made, seconded and VOTED to raise and appropriate the sum of \$14,300, in anticipation of repayment by the Commonwealth of Massachusetts, for Chapter 81 work on the highways.

ARTICLE 5

Motion made, seconded and VOTED to raise and appropriate the sum of \$18,000, in anticipation of repayment by the Commonwealth of Massachusetts and the County of Plymouth, for Chapter 90 work on the highways.

ARTICLE 6

Motion made, seconded and VOTED to authorize the Town Accountant to close out the unexpended balance of the 1962 Highways Chapter 90 appropriation of \$19,000, for Tiffany Road - East Street Bridge.

ARTICLE 7

Motion made, seconded and VOTED to raise and appropriate the sum of \$7,660.08 in anticipation of repayment by the Commonwealth of Massachusetts, Chapter 882, Acts of 1963, to be applied to Chapter 90 Construction on Main Street.

ARTICLE 8

Motion made, seconded and VOTED to raise and appropriate the sum of \$3,000, for a mix-in-place surface on River Street for a distance of three thousand (3000) feet.

ARTICLE 9

Motion made, seconded and VOTED to raise and appropriate the sum of \$1,025, for a mix-in-place surface on Oak Street, for a distance of one thousand and twenty-five feet (1025).

ARTICLE 10

Motion made, seconded, but FAILED TO CARRY, to raise and appro-

priate the sum of \$2,200.00 for a mix-in-place surface on Norwell Avenue, for a distance of two thousand and twenty-five feet (2025), from Central Street and Old Oaken Bucket Road.

ARTICLE 11

Motion made, seconded but DEFEATED UNANIMOUSLY to accept an alteration of the layout of a portion of Winter Street, as laid out by the Selectmen, in accordance with the description and plan presented at a hearing in the Cushing Memorial Town Hall and now on file in the Town Clerk's office, which involves acquisition of land in order to straighten Winter Street in the vicinity of Burns Lane, by acquiring by purchase or taking by eminent domain, three contiguous parcels on the opposite side from Burns Lane, Belonging now or formerly to: Emma M. Stetson (approximately three quarters of an acre), Webster Cranberry Co., Inc. (approximately four and three tenths acres), and William A. and Ella Eva Stillman (approximately four and three tenths acres), making a total of nine and one third acres more or less; and for that purpose to raise and appropriate, the sum of \$4,500.00.

ARTICLE 12

Motion made, seconded and VOTED to accept Cape Cod Lane as a Town Way as laid out by the Selectmen in accordance with the description and plan presented at a Hearing in the Cushing Memorial Town Hall and now on file in the Town Clerk's office, without appropriation.

ARTICLE 13

Motion made, seconded, but FAILED TO CARRY, to raise and appropriate the sum of \$2,500.00 for the purchase of a new pick-up truck for the Highway Department.

ARTICLE 14

Motion made, seconded but FAILED TO CARRY to raise and appropriate the sum of \$1,000.00 for the purchase of a new, small v-body salt and sand spreader of approximately one and one-half yards capacity for the Highway Department.

ARTICLE 15

Motion made, seconded and VOTED to raise and appropriate the sum of \$400.00 for a new steel broom core and repairs to our present street sweeper.

ARTICLE 16

Motion made, seconded and VOTED to change the name of that part of

Green Street, running between Pleasant Street and Pine Street, to "Wildcat Lane," the name by which it has been known for many years.

ARTICLE 17

Motion made, seconded and VOTED to rename to South Street that portion of Pleasant Street from its present junction with South Street to the Hanover Town Line at the Hanover Pumping Station, so that South Street will extend from Main Street to the Hanover Town Line and Pleasant Street will extend from Circuit Street to South Street.

ARTICLE 18

Motion made, seconded and VOTED to rename that section of Town road extending from the present Pleasant Street westerly to the Hanover Town Line (about 200') to Mill Street.

ARTICLE 19

Motion made, seconded and VOTED to raise and appropriate the sum of \$13,000 to purchase and equip a new fire truck for the Norwell Center Fire Station.

Motion made to adjourn at 11:15 P.M., but was withdrawn.

ARTICLE 20

Motion made, seconded but FAILED TO CARRY, to raise and appropriate \$1750 and to appropriate from available funds the sum of \$1750, a total of \$3500, to install a two-way radio base station in the Emergency Communications Center and to install two-way radio mobile units in such town-owned vehicles as may be designated by the Emergency Communications Center Board; such radios to operate on a frequency as assigned and approved by the Federal Communications Commission for use of the Town of Norwell only and which shall be distinct from the Fire and Police frequencies already in use and which shall be under the control of the Emergency Communications Center Board.

ARTICLE 21

Motion made, seconded and VOTED to raise and appropriate the sum of \$2,600 for the purchase of a 1964 Station Wagon, to replace the Plymouth Station Wagon Police Cruiser.

ARTICLE 22

Motion made, seconded and VOTED to instruct the Board of Selectmen to appoint a committee of five (5) members, to be known as the Elementary

School Site Committee, one from the School Committee, one from the Permanent Building and Maintenance Committee, one from the Norwell Council for Public Schools, one from the Planning Board, and one member at large, with the Chairman to be named by the Board of Selectmen, to select a site for construction of an elementary school building and to present their recommendations for action at the next Annual Town Meeting.

ARTICLE 23

Motion made, seconded and VOTED to raise and appropriate the sum of \$500 for use by the Elementary School Site Committee for the purpose of obtaining preliminary surveys, plans, appraisals, borings, etc., as may be needed to determine the suitability of the site proposed for school building purposes.

Motion made, seconded and VOTED to adjourn at 11:25 P.M.

NELLIE G. TARR,

Town Clerk

ADJOURNED ANNUAL TOWN MEETING

MARCH 10, 1964

The Adjourned Annual Town Meeting was called to order on March 10, 1964, at the Senior High School at 7:50 P.M. with 366 voters present.

The checkers on the voting sheets were Mrs. Minna Senger, Mrs. Gloria Broderick, Mrs. Julia Rosebach and Mrs. Ruth Hersey.

Motion made, seconded to reconsider Item 81 under Article, Salary of School Nurse. The Moderator announced that a majority vote would be needed.

Mr. Silvia, the Moderator, announced that the Communication Center in the Town Hall had received an anonymous call that a bomb in the High School was due to explode at 10 P.M. Motion made, seconded and voted to adjourn the meeting to the Junior High School next door. The transition was made in an orderly fashion, though it was snowing and sleeting outside.

A roll-call by the Moderator showed 236 voters present.

The motion to reconsider Item 81 under Article 2, Salary of School Nurse was VOTED. Motion made, seconded and VOTED to raise and appropriate the amount of \$4100. School Nurse's Salary.

ARTICLE 24

Motion made, seconded that Article 24 be indefinitely postponed.

Motion made and seconded that Articles 24 through 31 be indefinitely postponed. This motion was ruled out of order by the Moderator. The original motion was VOTED.

ARTICLE 25

Motion made and seconded to establish that future elementary school buildings shall be designed and constructed as free-standing buildings centrally located in the vicinity of the present Center Elementary School on Main Street. Motion made, seconded, and VOTED that action on Article 25 be indefinitely postponed.

ARTICLE 26

Motion made and seconded that the Town vote to establish that future elementary school buildings shall be designed and constructed as free-standing neighborhood schools located as required by future needs of the Town.

The following amendment was made and seconded: "that the Town vote to construct, in one or two stages, the next elementary school as a 24-classroom building in the vicinity of, and to be used in conjunction with, the Center Elementary School, subject to satisfactory sewage disposal.

Motion made, seconded and VOTED that the Town establishes as a policy that future elementary school buildings shall be designed and constructed as free-standing neighborhood schools located as required by future needs of the Town and specifically that the next Elementary School under consideration by the Elementary School Site Committee be such a free-standing neighborhood school.

ARTICLE 27

Motion made, seconded and VOTED to instruct the Board of Selectmen to appoint a committee of five (5) members, to be known as the Athletic Field Committee, for the purpose of determining the suitability of the present town-owned land behind the Junior High School for development as athletic fields; said committee to consist of one member each from the School Committee, Permanent Drainage Committee, Permanent Building and Maintenance Committee, and the Planning Board, with one member at large; Chairman to be named by the Board of Selectmen, and to instruct this committee to report to the next Annual Town Meeting with its recommendations for this site, and for an alternate, should this site be found to be unsuitable.

ARTICLE 28

Motion made, seconded and VOTED to raise and appropriate the sum of \$500 for use by the Athletic Field Committee for the purpose of obtaining preliminary engineering service as may be needed to determine the suitability of the site proposed for athletic fields.

ARTICLE 29

Motion made and seconded to instruct the Board of Selectmen to appoint a committee of not less than three (3) nor more than five (5) members, and to name a chairman of this committee, for the purpose of studying the advisability of obtaining additional land adjacent to, or in the immediate vicinity of, the Town Hall for the purpose of providing for future construction of new combined quarters for the Fire Department, Police Department and Communications Center; and to further instruct said committee to submit a report and recommendations at the next Annual Town Meeting.

Motion made, seconded and VOTED that Article 29 be tabled.

ARTICLE 30

Motion made and seconded to raise and appropriate the sum of \$4,500 to purchase or to take by eminent domain a parcel of land located on Grove Street containing 6.5 acres, being Parcel No. 60 as shown on Sheet R7 on Atlas of Town of Norwell, for use as a Town Garage site. Motion made, seconded and VOTED that Article 30 be laid on the table.

ARTICLE 31

Motion made and seconded to raise and appropriate the sum of \$5,000 to purchase or to take by eminent domain a parcel of land on Main Street for use as a Town Garage site. Said parcel to be purchased or taken to consist of Parcel 2, containing one (1) acre and that portion of Parcel 3, westerly of the high tension easment, containing four (4) acres more or less, both as shown on Atlas of Norwell, Sheet R20.

Motion made, seconded and VOTED that Article 31 be laid on the table.

ARTICLE 32

Motion made and seconded to take by eminent domain, for sewage disposal purposes, a parcel of land on the southwesterly side of Grove Street in Norwell, containing about six and a half acres of land, owned by Walter J. Breen and Robert J. Breen, being the property described in deed to them, dated December 7, 1948, recorded in Book 2032, Page 107, of the Plymouth County Registry of Deeds; and to raise and appropriate the sum

of three thousand (\$3,000) therefore. Amendment was made to insert the words "subject to a public hearing and prior approval as required by Sec. 6 of Chapter 83" after the "take by eminent domain."

Motion made, seconded and VOTED that action on Article 32 be postponed indefinitely.

ARTICLE 33

Motion made and seconded to raise and appropriate the sum of five hundred (\$500) dollars, to be used by the Board of Health to procure a suitable engineering survey and the drawing of a definite plan for a night soil disposal field on the six and a half acres of land, more or less, which is the subject of the preceding Article.

Motion made, seconded and VOTED to indefinitely postpone.

ARTICLE 34

Motion made, seconded and VOTED to raise and appropriate the sum of \$4,000 to be expended under the direction of the Permanent Building and Maintenance Committee, for the purpose of employing a Registered Sanitary Engineer or other professional engineers, to investigate and report on the sewage disposal facilities and conditions at the Center Elementary School and the Junior and Senior High Schools.

ARTICLE 35

Motion made and seconded to appropriate the sum of \$75,000 to be expended under the direction of the Permanent Building and Maintenance Committee, for the purpose of hiring an architect to develop final plans and specifications for an addition to the present Town Hall and for the Construction and original equipping and furnishing of the addition to the Town Hall, and to meet such appropriation by appropriating the sum of \$5,000 from available funds and by authorizing the Treasurer, with the approval of the Selectmen, to borrow for and on behalf of the Town of Norwell, the sum of \$70,000 for said purpose, by the issuance of bonds and notes, under the provisions of Chapter 44 of the General Laws and Acts in amendment thereof or in addition thereto, or both.

Motion made, seconded and VOTED TO INDEFINITELY POSTPONE.

Motion made, seconded and VOTED to adjourn until Thursday, March 12, 1964.

The School Department personnel was thanked for making available the Junior High School auditorium for the Town Meeting, after the bomb scare was announced. A fast and efficient job was well done.

Adjourned at 11:45 P.M.

NELLIE G. TARR,
Town Clerk

ADJOURNED ANNUAL TOWN MEETING

MARCH 12, 1964

The Adjourned Annual Town Meeting opened at 7:50 P.M. with 200 registered voters present. Total number of voters checked in during the evening was 264.

Richard Kennedy, Charles Sherman and John Reagan were sworn in as additional tellers. It was voted to admit non-voters. They were seated on the stage.

Thanks were again extended to the school custodians and officials for the orderly transition and for the efficient way the quick change was made during the last session of the Adjourned Annual Town Meeting.

It was VOTED that Article 29 be taken from the table.

Motion made and seconded that it be amended to include the phrase "study of town garage" so that the motion will read: To instruct the Town Moderator to name the members of a committee of seven to be known as the Municipal Facilities Committee; said committee to consist of one member each from the Fire Department, Police Department, Permanent Building and Maintenance Committee, and the Planning Board; a member of the Board of Selectmen or its designated representative; and two members at large; and to instruct said committee to elect a chairman and clerk as its first order of business. The Town Office Manager shall be a member of this committee ex-officio, and further that the Town vote to instruct this committee to submit to the next Annual Town Meeting its recommendations for the manner in which expansion of the Town Administrative, Fire, Police, Communications and Town Garage facilities shall be carried out and to submit a proposal for acquisition of additional land adjacent to or in the vicinity of the Town Hall if required for this purpose.

The amendment FAILED TO CARRY.

The main motion FAILED TO CARRY.

ARTICLE 30

Motion made and seconded, but FAILED TO CARRY to take Article 30 from the table.

Motion made, seconded and VOTED to reconsider action in taking Article 30 from the table. Motion made and seconded that the Town raise and appropriate the sum of \$5,000 to purchase or take by eminent domain a parcel of land containing about six and a half acres (6 1/2) located on Grove Street, Norwell, owned by Walter J. Breen and Robert J. Breen,

being the property described in deed to them, dated December 7, 1948, recorded in Book 2032, Page 107, of the Plymouth County Registry of Deeds and shown as Parcel No. 60 on Sheet R7 of the Atlas of the Town of Norwell, for use as a site for the Town Garage.

Motion made, seconded and VOTED to indefinitely postpone action on Article 30.

ARTICLE 36

Motion made, seconded and VOTED to postpone indefinitely.

ARTICLE 37

Motion made, seconded and VOTED to appropriate from available funds, the sum of \$2,500 said sum to be added to the Pumping Station and Mains Account and to be spent, in conjunction with the present account balance, for necessary equipment to connect a new well site to the existing system.

ARTICLE 38

Motion made, seconded and VOTED to postpone indefinitely.

ARTICLE 39

Motion made, seconded and VOTED to raise and appropriate the sum of \$1,000 for the purchase of a hydraulic ram attachment for the Town tractor to be used to tunnel under highways for the installation of water services, such device to be operated and maintained under the tractor loader account.

ARTICLE 40

Motion made and seconded that the Town vote to raise and appropriate the sum of Forty Thousand Dollars to install water mains of not less than six inches, but less than sixteen inches in diameter, in Grove Street, from the end of the existing main installed in 1963, for a distance of approximately 6500 feet to the end of the existing water main in the westerly section of Grove Street, and that to meet said appropriation the Treasurer with the approval of the Selectmen be and hereby is authorized to borrow the sum of Forty Thousand Dollars and to issue note of the Town therefor, payable in accordance with the provisions of Chapter 44 of the General Laws so that the whole loan shall be paid in not more than five years from the date of issue of the first note.

Amendment made and seconded, but FAILED TO CARRY that the Town vote to appropriate from available funds the sum of \$40,000.

The main motion was VOTED, 186 yes, 10 no.

ARTICLE 41

Motion made, seconded and VOTED to INDEFINITELY POSTPONE.

ARTICLE 42

Motion made, seconded and VOTED to appropriate from available funds, the sum of \$7,500 to be added to the Conservation Fund, under the provisions of the General Laws, Chapter 40, Section 5, Clause 51 and Section 8C, as amended.

ARTICLE 43

Motion made, seconded and unanimously VOTED, pursuant to General Laws, Chapter 40, Section 8B, to adopt a by-law establishing a Council for the Aging, for the purpose of co-ordinating programs designed to meet the problems of the aging in co-ordination with the programs of the Council for the Aging, established under General Laws, Chapter 6, Section 73 by amending the Town By-Laws as follows:

1. In the Town By-Laws, page 19, Article VI, Section 1, add in the list of officials appointed by the Selectmen, between "Constables" and "Dog Officer," a new phrase, "Council for the Aging."
2. In the Town By-Laws, revise page 21 so that:

(a) A new heading and section appear at the top of the page as follows:

"Council for the Aging"

"Section 1. The Board of Selectmen shall appoint from registered voters of the Town five members, shall designate the Chairman, and shall take such further action as is required to establish and maintain a Council for the Aging for the Town, in accordance with General Laws Chapter 40, Section 8B and to promote the co-ordination of its programs with those of the State Council for the Aging."

(b) In order to maintain alphabetical sequence, reverse the order of the two existing headings and their sections so that "Inspector of Gas Piping and Gas Appliances" follows "Council for the Aging" and "Town Accountant" follows "Inspector of Gas Piping and Gas Appliances."

ARTICLE 44

Motion made and seconded to petition the State Tax Commission for the installation of the State Assessment System as provided in Section 7-A of Chapter 58, of the General Laws.

Motion made, seconded and VOTED to indefinitely postpone.

ARTICLE 45

Motion made, seconded and VOTED to raise and appropriate the sum of \$150 for the purpose of maintaining during the ensuing year, the mosquito control works as estimated and certified to by the State Reclamation Board in accordance with the provisions of Chapter 112, Acts of 1931.

ARTICLE 46

Motion made, seconded and UNANIMOUSLY VOTED to appropriate from available funds, the sum of \$50,000 to be added to the Stabilization Fund, as provided by the General Laws, Chapter 40, Section 5B.

ARTICLE 47

Motion made, seconded and VOTED to appropriate the 1963 Dog Tax Refund in the amount of \$1,146.21 to the General Educational Expense Account.

ARTICLE 48

Motion made, seconded but not voted, that the Selectmen, with the assistance of the Planning Board, select a location for the necessary works for the disposal of a sewage from cesspool pumping in the Town of Norwell. This site to be approved by consulting engineer, designed to meet the approval of the State Department of Public Health, and adhering to Chapter 83, Section 6 of the General Laws. This location also to be approved by the Norwell Board of Health.

ARTICLE 48

Motion made and seconded, but NOT CARRIED, that the Board of Selectmen at future quarterly meetings of all Town officers, Boards and Committees, discuss the problem of municipal development. Further, at these meetings, the Planning Board is to discuss their plans and proposals related to municipal development. All members present are to be questioned as to their municipal ideas and a projected plan relative to step by step municipal development is to be prepared and presented to the Town at the next Town Meeting.

Mr. Whitcher suggested that the meeting should thank the School Committee and the Advisory Board and Mr. Love of the Planning Board, for their cooperation that enabled the Town meeting to vote on the School Department budget more easily. This suggestion was followed.

Mr. Silvia, the Moderator, auctioned the Fish Rights. Fish Right #1 was purchased by Mr. Ernest Milani for \$6.00. Fish Right #2 was purchased by Mr. Paul Jevne for \$6.00.

Motion made, seconded and VOTED to adjourn at 10:20 P.M.

NELLIE G. TARR

Town Clerk

ANNUAL TOWN ELECTION

MARCH 14, 1964

Pursuant to the Warrant, the voters met at the Senior High School on Main Street, Saturday, March 14, 1964, at 12 Noon, for the Annual Town Election.

The Town Clerk delivered 2900 ballots, 2 ballot boxes, 3 sets of voting lists, tally sheets, master tally sheet to Wilder A. Gaudette, Deputy Warden, who was in charge of the polls, since the Warden, Ralph H. Coleman was on the ballot. The polls were opened at 12 noon by the Deputy Warden.

The Town Clerk swore in the following election workers: Wilder A. Gaudette, Deputy Warden; Roger Dangora, Clerk; John Piotti, Ballot Box; Minna Senger, John Reagan - Inspectors; Margaret E. C. Reeser, Edith Rauch, Barbara Cox, Julia Rosebach, Gloria Broderick and Marie Brookfield; and Carmella Molla, Police Matron.

Before the polls opened, the ballot boxes were checked at 11:50 A.M. and found empty and both were set at 0000.

The ballot box jammed at 111 tally. Ballot removed and deposited in box (endorsed by John Piotti) because already cancelled. Ballot boxes were changed at 5:30 P.M. at count of 1000 ballots.

The polls were closed at 8:00 P.M. by the Deputy Warden. The 15 absentee ballots were checked on the voting lists and deposited in the ballot box.

The Clerk's record is as follows:

Ballots in Box #1	1000
Ballots in Box #2	439
Total Ballots Cast	1439

At 8:10 P.M. the Town Clerk swore in the following elections workers before the counting began:

June Lepisto, Arline DiStasio, Evelyn C. Ruble, Barbara Farren, Mary Alward, Frank Aicardi, Eleanor J. Benner, Nancy Joseph, Alice Feneck, Margaret DeFabio, Doris Irish, Barbara Meacham, Ruth C. Hersey, Phyllis S. Lindsay, Marian Robinson, Nancy Pihlcrantz, Eleanor G. Wright, Margaret Peterson, Ann J. Valair, Kurt E. Sundwall, and Julia Rosebach, who replaced Estelle Hammer. Harland W. Farrar and George Cavanagh, Constables, were on duty.

Upon being canvassed and counted in open meeting, the ballots were found to have been cast as follows:

HARLAND W. FARRAR, Constable
Town of Norwell

PRESIDENTIAL PRIMARY

APRIL 28, 1964

Pursuant to the foregoing warrant, the voters met at the Senior High School on April 28, 1964, and cast their votes in the Presidential Primary.

The Town Clerk swore the following to the faithful performance of their duties as election workers: Marie Brookfield, Barbara Cox, Eleanor Mitchell, Mae Brown, Betty Long, Margery Barry as Clerk, Minna R. Senger and John A. Reagan, Sr., as Inspectors, and John Piotti on the ballot box. Barbara B. Meacham was sworn in at 4:15 P.M.

The ballot box was inspected and set at 0000. The Warden, Ralph H. Coleman declared the polls opened at 4 o'clock. The polls were declared closed at 8:00 P.M. by the Warden. The Town Clerk swore in the following election workers:

Rita Staples, as Deputy Clerk; Helen Dailey, Marion Robinson, Arline DiStasio, Lillian L. Brokaw, Evelyn Ruble, Gertrude Fell, Marion A. Robinson, Rosemary Cunningham, Jean Lantz, Margaret Peterson, D. Catherine Edmonds, Richard G. Puffer, Marion Dempsey, Whitman G. Goodwin, Eleanor G. Wright, Helen C. Mayo and Myrtle D. Link, and Wilder Gaudette, Deputy Warden.

Upon closing of the polls, the check lists were totalled and balanced with each other and the ballot box register.

487 names checked in

487 names checked out

487 registered on ballot box register. 487 ballots were removed from the ballot box, of which 127 were Democratic ballots and 360 were Republican. Upon being canvassed and counted in open meeting, they were found to have been cast as follows:

REPORT OF STATE PRIMARY

SEPTEMBER 10, 1964

Pursuant to the foregoing warrant, the eligible voters of the Town of Norwell met at the time and place specified for the purpose of casting their votes in the State Primaries.

Previous to the opening of the polls, the Town Clerk swore the following to the faithful and impartial discharge of their duties as Election Officers of the Town of Norwell.

Ralph H. Coleman, Warden; Mary McBrine, Clerk; Minna Senger, John Reagan, Edith Rauch, Julia Rosebach, Margaret E. C. Reeser, Eleanor F. Mitchell, Carol B. Mesheau and Carmella Molla as Inspectors; John Piotti, Ballot Box Officer.

The Warden declared the polls open at 12 noon. The ballot box had previously been opened and inspected and the register set at 0000.

At 8:00 P.M. the Warden declared the polls closed.

Upon tally, the ballot boxes showed a total of 803 votes cast. Ballot Box #1, 574 ballots and Box #2, 229 ballots.

The voting lists showed 803 voters checked in and 803 voters checked out.

After the closing of the polls, the Town Clerk swore in the following tellers:

Wilder A. Gaudette, Agnes Albert, Eleanor J. Benner, Ann J. Valair, D. Catherine Edmonds, Claire Foulsham, Nancy C. Joseph, Mary E. Alward, Phyllis S. Lindsay, Ruth Hersey, Barbara Farren, Barbara B. Meacham, Alice Feneck, Jean M. Lantz, June Lepisto, Whitman G. Goodwin, Margery A. Barry, Norma J. Cooper, Mae A. Brown, Marion Dale Barnecott, Eleanor Wright, Ruthann Ryan, Jeanne R. St. Aubin, Frances S. Molla, Helen Marsden and Emma S. Oronte.

Upon being counted in open meeting, the votes were found to have been cast as follows:

NELLIE G. TARR,

Town Clerk

THE COMMONWEALTH OF MASSACHUSETTS

WARRANT FOR STATE ELECTION

November 3, 1964

OFFICERS AND QUESTIONS ON OFFICIAL BALLOT

Plymouth, ss

GREETINGS:

To either of the constables of the Town of Norwell.

In the name of the Commonwealth you are hereby required to notify and warn the inhabitants of said Town, who are qualified to vote in elections, to meet in the Senior High School, Main Street, Norwell

Tuesday, the third day of November, 1964

at 6:00 o'clock A.M. for the following purposes:

To bring in their votes to the Election Officers for the election of candidates of political parties for the following offices:

Electors of President and Vice President, Senator in Congress, Governor, Lieutenant Governor, Attorney General, Secretary, Treasurer, Auditor, Representative in Congress, Councillor, Senator, Representative in the General Court, Clerk of Courts, Register of Deeds, County Commissioners (2).

QUESTIONS

Question No. 1

PROPOSED AMENDMENT TO THE CONSTITUTION

Do you approve of the adoption of an amendment to the constitution summarized below which was approved by the General Court in a joint session of the two branches held March 29, 1961, received 219 votes in the affirmative and 26 in the negative, and in a joint session of the two branches held May 8, 1963, received 244 votes in the affirmative and 14 in the negative?

YES	
NO	

SUMMARY

The proposed amendment provides that the terms of office of the Governor, Lieutenant Governor, Secretary of the Commonwealth, Treasurer and Receiver General, Attorney General and Auditor shall be four years. Executive Councillors, Senators and Representatives shall continue to serve for two years. The four-year term for constitutional officers would become effective at the time of the November election in the year 1966.

Question No. 2

PROPOSED AMENDMENT TO THE CONSTITUTION

Do you approve of the adoption of an amendment to the constitution summarized below which was approved by the General Court in a joint session of the two branches held July 18, 1962, received 238 votes in the affirmative and 1 in the negative, and in a joint session of the two branches held May 8, 1963, received 246 votes in the affirmative and 2 in the negative?

YES	
NO	

SUMMARY

In the event that any public office, whether elective or appointive, shall become vacant as a result of enemy attack, the proposed amendment would enable the General Court to provide for prompt and temporary succession to the powers and duties of such offices, and to take steps to insure continuity of government of the Commonwealth and its political subdivisions.

Question No. 3

PROPOSED AMENDMENT TO THE CONSTITUTION

Do you approve of the adoption of an amendment to the constitution summarized below which was approved by the General Court in a joint session of the two branches held March 29, 1961, received 251 votes in the affirmative and 0 in the negative, and in a joint session of the two branches held May 8, 1963, received 252 votes in the affirmative and 3 in the negative?

YES	
NO	

SUMMARY

The proposed amendment provides that the credit of the Commonwealth may be given, loaned or pledged only by a two-thirds vote of each branch of the Legislature. In no event shall the credit of the Commonwealth be given or loaned to or for any individual, private association or corporation privately owned or managed.

Question No. 4

PROPOSED AMENDMENT TO THE CONSTITUTION

Do you approve of the adoption of an amendment to the constitution summarized below which was approved by the General Court in a joint session of the two branches held July 18, 1962, received 220 votes in the affirmative and 24 in the negative, and in a joint session of the two branches held May 8, 1963, received 258 votes in the affirmative and 1 in the negative?

YES	
NO	

SUMMARY

The proposed amendment authorizes both the Governor and the Executive Council to require opinions of the Justices of the Supreme Judicial Court on questions of law. The present requirement that the Governor and Council agree before a question may be submitted would be annulled.

Question No. 5

LAW PROPOSED BY INITIATIVE PETITION

Do you approve of a law summarized below which was disapproved in the House of Representatives by a vote of 109 in the affirmative and 109 in the negative and was disapproved in the Senate by a vote of 16 in the affirmative and 20 in the negative?

YES	
NO	

SUMMARY

The proposed measure provides that henceforth appointments in the executive branch of the government shall not require the advice and consent of the Governor's Council. Exceptions to this provision include appointments to the Youth Service Board, Industrial Accident Board, Commission of the Department of Public Utilities, Parole Board and Appellate Tax Board, which appointments shall continue to require Council action. However, should the Council fail to act upon such appointments within thirty calendar days, then the person involved shall be deemed to have been lawfully appointed. Any appointment in the executive branch by an officer other than the Governor which heretofore required Council approval shall henceforth require approval by the Governor.

Removals from office shall no longer require the advice and consent of the Council, except in the case of the Youth Service Board, which removals must still receive Council approval. As in the case of appointments still requiring Council approval, such recommended removal from the Youth Service Board must be acted upon by the Council within thirty calendar days; otherwise the proposed removal shall become effective as if approval had been given. In the case of any appointment which heretofore required Council approval the Governor may, within fifteen days of the making of the appointment, remove the person appointed without cause.

The Council shall no longer be required to approve the fixing of any compensation for services rendered in the executive department. And henceforth there need be no approval by the Council of actions or agreements by executive officers, including but not limited to borrowings and loans, investments, leases, licenses, purchases and conveyances, and contracts, and also including the promulgation of rules and regulations.

Notwithstanding the foregoing, the Governor shall at all times remain free to seek the advice and consent of the Council upon any matter.

Question No. 6

LAW SUBMITTED UPON REFERENDUM AFTER PASSAGE

Do you approve of a law summarized below, which was approved in the House of Representatives by a vote of 180 in the affirmative and 40 in the negative and was approved in the Senate by a vote of 28 in the affirmative and 5 in the negative?

YES	
NO	

SUMMARY

Under the Act, effective as of January 1, 1964, each member of the General Court shall receive seventy-eight hundred dollars for each regular annual session, the President of the Senate and Speaker of the House of Representatives shall each receive the same amount as additional compensation, and the floor leaders of each of the major political parties in the Senate and House, the Chairman of the Senate Committee on Ways and Means and the Chairman and Vice-Chairman of that committee of the House, shall each receive thirty-nine hundred dollars as additional compensation, to be paid as provided in the Act. After the same date the annual expense allowance is to be six hundred dollars for each member and the travel allowance is to be eight cents per mile with a stated minimum and an alternative, and a member chosen to fill a vacancy or who resigns during a session is to be entitled to per diem compensation at the rate for each regular annual session and to the allowances for travel and other expenses for the time of his membership.

It is also provided that in addition to the compensation for the 1963 annual session the President of the Senate and Speaker of the House shall be paid thirty-nine hundred dollars, the floor leaders of each major political party in the Senate and House, the Chairman of the Senate Committee on Ways and Means and Chairman and Vice-Chairman of that committee of the House, shall be paid twenty-nine hundred and twenty-five dollars and each other member shall be paid nineteen hundred and fifty dollars. Each member shall also be entitled to an additional expense allowance of two hundred dollars for the calendar year 1963 and the travel allowance shall be at the rate of eight cents per mile with a stated minimum and an alternative for the balance of the calendar year 1963.

Question No. 7

A. Shall licenses be granted in this city (or town) for the sale therein of all alcoholic beverages (whiskey, rum, gin, malt beverages, wines and all other alcoholic beverages)?

YES	<input type="checkbox"/>
NO	<input type="checkbox"/>

B. Shall licenses be granted in this city (or town) for the sale therein of wines and malt beverages (wines and beer, ale and all other malt beverages)?

YES	<input type="checkbox"/>
NO	<input type="checkbox"/>

C. Shall licenses be granted in this city (or town) for the sale therein of all alcoholic beverages in packages, so called, not to be drunk on the premises?

YES	<input type="checkbox"/>
NO	<input type="checkbox"/>

Hereof fail not and make return of this warrant with your doings thereon at the time and place of said meeting.

Given under our hands this 19th day of October, A.D. 1964.

Chester A. Rimmer, Chairman

Ernest J. Milani

G. Herbert Repass

STATE ELECTION

November 3, 1964

Pursuant to the foregoing Warrant, the qualified voters met at the High School cafeteria and held the election of Federal, State and County officials.

The Town Clerk swore in the following duly appointed election officers: Wilder A. Gaudette, Warden; Mary McBrine, Clerk; Richard G. Puffer, Mary Jane Clark, Margaret E. C. Reeser, Eleanor J. Benner, Betty L. Long, John Reagan, Julia Rosebach, Eleanor F. Mitchell, Carmella Molla and Rosemary Keaveney, Inspectors; John Piotti, Ballot Box Officer. Harland Farrar and George Cavanagh, Constables, were in attendance.

The Town Clerk delivered voting lists, tally sheets, master tally sheet, ballot valises, and regular and partial ballots to the Warden. The ballot boxes were inspected, and after declaration by the Warden that the ballot boxes were empty and the register thereon read 000, the boxes were closed, locked, and the keys placed in the custody of Officer Cavanagh.

The Warden declared the polls open at 6 A.M.

At 8 P.M. the Warden declared the polls closed. The ballot box registers read 2717. The absentee ballots were then cast, after which the ballot box register read 2813. There were 2701 regular ballots cast, 96 absentee ballots and 16 partial ballots for the electors of president and vice-president.

The Town Clerk swore in the following tellers:

A. Bradford Ashton, Helen Marsden, Nancy C. Joseph, Phyllis S. Lindsay, Jeanne St. Aubin, Jean M. Lantz, Ruth Hersey, Barbara B. Meacham, Marion D. Barnecott, Whitman G. Goodwin, D. Catherine Edmonds, John D. Lindsay, Helen T. Gregory, Charles W. Bayley, Jr., Patricia J. Pollock, Paul G. Jevne, Maxine Lawrence, Marion H. Robinson, Rosemary W. Cunningham, Carol J. Harding, Marjorie A. Griffin, Jean R. Lloyd, Ralph H. Coleman, Matilda A. Baldwin, Margery A. Abbott, Barbara Farren, Mary E. Alward, Claire Foulsham, Eleanor Wright, Frances Molla, Emma S. Oronte, Mae A. Brown, Ann J. Valair, Alice Feneck, Margery A. Barry, Phyllis C. Yanarella, Vivian J. Walsh, Barbara J. Benzaquin, Ruth C. Sinowski, Susan B. Delahunt, Fred Nucci, Eleanor L. Mackin, Marion D. Dempsey, Martha Fuller, Donna Normand, Theresa M. Bailow, Agnes Albert, Yolanda G. Ryan, Shirley Carlson and Marie A. Nagle.

Upon being canvassed and counted in open meeting, the ballots were found to have been cast for the following persons:

NELLIE G. TARR

Town Clerk

RECOUNT

November 14, 1964

Pursuant to General Laws, Chapter 54, Sections 135, 135A, as amended, a recount petition was filed with the Town Clerk on behalf of Francis P. Murphy, for the office of Plymouth County Commissioner. The signatures were checked and 19 certified. The Board of Registrars scheduled and held a recount on Saturday, November 14, 1964, from 10 A.M. to 4 P.M.

The full board was present - Charles G. Prouty, Chairman, Ruth M. Murray, Paul B. MacDonald and Nellie G. Tarr, Clerk. Also present were

Mr. John J. Franey, candidate; Mrs. Carmella Molla, Douglas Mitchell, Mrs. Rosemary Keaveney and Wendell Hight, observers for Mr. Franey. In attendance for Mr. Francis P. Murphy were Mr. A. Stanley Littlefield of Rockland as his attorney and agent, Ora Lipman of Brockton and Anthony Marhella of Brockton.

Under the direction of Mr. Prouty, the valises containing the ballots were unlocked, the ballots removed and recounted, each envelope separately, and then resealed in the ballot envelopes.

The original count was as follows:

Norman G. MacDonald	1945
John J. Franey	931
Francis P. Murphy	1090
Blanks	1628

When recounted and tabulated, the result was as follows:

Norman G. MacDonald	1944
John J. Franey	930
Francis P. Murphy	1089
Blanks	1631

December 27 - Married in Norwell, Richard J. MacDonald of Rockland and Judith J. Graglia of Hanover, by Robert H. Mooney, Priest.

REGISTRATION OF VOTERS 1964

Registered Voters	December 10, 1963	2762
Registrations in 1964		543
Removed from list after notification		163
Removed from list because of death, notification of registration in other towns, etc.		25
Registered Voters	December 14, 1964	3117

This year for the first time, a partial ballot was used in the November 3rd election. This ballot allowed persons not eligible to receive the full ballot to vote for the electors of president and vice-president only. 16 applications were made and 16 persons were certified to receive the partial ballots and 16 partial ballots were cast.

Any person who has lived in the Commonwealth for one year and in the Town of Norwell for six months, may register to vote, if a citizen.

Some evidence must be shown proving six months residence, if not listed as a resident as of January 1st. A receipted utility bill or other bill showing the date six months previous to registration and also showing the Norwell address will be accepted.

If a naturalized citizen, naturalization papers must be presented at the time of registration.

Beside special days for registration, any qualified resident may register with the Town Clerk any weekday during the year, except Saturday, or on a Monday night from 7:00 P.M. to 9:00 P.M., and those days during which registrations are closed by law.

NELLIE G. TARR, Town Clerk
and
Clerk of the Board of Registrars

RESIGNATIONS

Received and Recorded by the Town Clerk:

Charles H. Crombie, from the Development and Industrial Commission, January 3, 1964.

REPORT OF THE TOWN FOREST COMMITTEE

The Town Forest of Norwell at the present time is not adequate. It consists of twenty-nine (29) acres split into three sections in various parts of the town, and in our opinion the acquisition of more land is imperative. Several hundred acres are needed for a town of our size, especially in view of the tremendous growth in population ahead.

The Committee solicits gifts of parcels from the citizens which could be used to amplify our present areas.

Respectfully submitted,

D. FRANK MEDEROS, Chairman
PAUL C. RASMUSSEN, Clerk
JOSEPH K. COLLINS

REPORT OF THE TREE WARDEN, MOTH SUPERINTENDENT
AND SUPERINTENDENT OF PUBLIC GROUNDS

To the Citizens of the Town of Norwell:

During the year of 1964, the tree department was engaged in the following activities:

1. The removal of dead and dangerous trees along our roadsides.
2. The planting of various species of shade and ornamental trees.
3. The removal of elm trees containing the Dutch elm fungus.
4. Brush removal to increase visibility while driving on our streets.
5. The fertilizing, repairing, and mowing of grounds maintained by the town.
6. The spraying of roadside trees to control certain insect pests and a program of poison ivy control.

It is also the policy of your tree warden to give advice on any tree problem anywhere in Norwell.

There were sixty-four (64) trees of various species planted along our roadsides this year. I believe that this is one of the more important functions of the tree department. Trees planted now in proper locations and of proper species will benefit our town for many years to come.

There has been no major development in the control of Dutch elm disease, nor is any expected in the near future. It may be of interest to note that since 1950 there have been 450 actual cases of Dutch elm disease in roadside trees in Norwell. These trees have with rare exception been removed. However, there still remains a population of approximately 500 roadside elm trees.

There were no major outbreaks of shade tree pests this year in Norwell. Within fifty miles of Norwell there were major outbreaks of gypsy moths. This insect is the most serious of tree feeding pests.

Your moth superintendent believes in a spray program designed to combat certain insect species when it becomes necessary to protect our shade trees. The spray materials used in this work are ones that are least toxic to other wildlife species.

It is with deep regret that I report the passing away of Mr. Frederick Lee, who served the tree department for twelve years. Mr. Lee assisted in the planting of more than four hundred public shade trees along our roadsides. These trees are greatly appreciated now, and will continue to be appreciated for many years to come.

In closing, I wish to thank the other town departments all of which cooperated fully with the tree department.

Respectfully submitted,

WESLEY H. OSBORNE, JR, Tree Warden
Moth Superintendent
Superintendent of Public Grounds

REPORT OF THE VETERANS AGENT AND VETERANS SERVICE OFFICER

Board of Selectmen
Norwell, Massachusetts

Gentlemen:

Many events of a significant nature have occurred during the past calendar year that greatly affected this department. Mr. Leonard Cox, former agent, tendered his letter of resignation on March 27, 1964 -- becoming effective May 1, 1964. Mr. Gilmartin, authorizer for the Norwell area from the Boston area, resigned and was succeeded by Mr. John Ryan.

In August of this year, the Boston United Community Services expressed their concern for, and interest in, our senior citizens who might be in dire need. Also, a letter was received from the Governor's office concerning distribution of food by the government to needy families. This matter was handled by the town's Welfare Department.

During the seven months this agent has been in office, there were three new additional cases in July, August, and November respectively. Five older cases were terminated and two cases denied for lack of eligibility. This agent has received notification of the deaths of four veterans during the seven month period. A dozen or more phone calls were received concerning requests for information about convalescent home placement, how to locate a hospital bed, and requests for benefits for hospitalized children of veterans. This agent also helped two widows to make out applications for widow's pensions. Also, with the help of town officials and town attorney, Mr. Sanborn Vincent, a lien settlement case of long standing was finally disposed of satisfactorily.

This office recently received notice from the state department of veterans services that in the coming year, 1965, there would be a 5% increase in veterans ordinary benefits budgets. In addition to this, they also announced an increase (amount not yet determined) in nursing and convalescent home care.

This agent wishes to express his appreciation and thanks to Mr. and Mrs. Leonard Cox, to Mr. Harry Chase, to the Town Selectmen, town office personnel and to the veterans themselves for the cooperation and help these people have given him. May I take this opportunity to wish all of you continued prosperity in the coming year.

Very truly yours,

LEONARD W. ROWE, JR.
Veterans Agent and Veterans Service Officer

REPORT OF THE VISITING NURSE

Board of Selectmen
Norwell, Massachusetts

Gentlemen:

During the past year calls have been made to give bedside care to patients, also home visits, pre-natal and post-natal care and infant welfare. There has been a general increase in calls in ratio to the growing population in Norwell.

South Shore Inter-Agency meetings have been attended as well as other conferences with officials of the Massachusetts Department of Public Health. In-service refresher courses have also been taken.

Assistance has been given at the Well-Child Clinic sponsored by the Norwell Visiting Nurse Association and at various clinics held within the town.

Respectfully submitted,

CATHERINE A. ROE

REPORT OF THE VISITING NURSE ASSOCIATION OF NORWELL

Board of Selectmen
Norwell, Mass.

Gentlemen:

The program from January 1st to December 31, 1964, has been as follows:

1. Home Nursing Care.
2. Well Child Clinics.
3. Sick room equipment - hospital beds, wheel chairs, walkers, commodes, crutches, canes, male urinals, bed pans, rubber rings, etc., made available to the townspeople without charge.
4. An automobile for Nursing Service and for use by the School Nurse. (A new car was purchased this year.)
5. Maintenance of Health Clinics.
6. Charity.
7. Scholarship Foundation (\$200.00 was given in 1964).

The Home Nursing Care is staffed by Miss Catherine Roe, assisted by Mrs. Ruth Lantry and Mrs. Carol J. Makin. Mrs. Lantry and Mrs. Makin relieve for vacations and help with extra nursing care.

The Well Child Clinic meets the 4th Tuesday of each month at 1:00 P.M. Appointments are necessary. For appointments and information call Mrs. Harold King 659-2804.

Dr. Alice Butler, Pediatrician, is assisted by Mrs. Harold King, Chairman, Mrs. Francis Dyer, R.N., and Mrs. Carol J. Makin, R.N.

Mrs. John Lindsay is chairman of transportation.

Our sick-room equipment is in almost constant demand -- especially crutches, hospital beds, walkers, and wheel chairs. New equipment has been purchased during the year - new crutches for children and one Hollywood wheelchair, also adult crutches with arm pads and hand grips.

Our telephone number is answered through the Communications Center.

The Annual Membership Drive, with Mrs. Theodore Dyer as Chairman and Mrs. Harry Chase, Jr., as treasurer, was a little above average this year.

Mrs. Pierce Fuller heads all health clinics.

Mrs. Richard Gaudette is in charge of publicity.

The officers and board members wish to thank all the people who so generously contribute to our rummage sale and the annual membership drive.

Please continue to leave rummage at the "Old Shop" at Sparrell's anytime during the year. This is a great help.

Each officer and board member heads a different department of our rummage sales.

The Annual Meeting and Tea will be held Wednesday, March 3, 1965, at the Parish House at 2:00 P.M. The speaker will be Dr. Kenneth Wollan of the Boston Children's Service. All townspeople are invited.

The treasurer's report, which follows, shows the source of income and the expenditures.

Anyone in need of nursing care, call 659-2342 before 9:00 A.M. and before 1:00 P.M. For hospital equipment call 659-2894.

Respectfully submitted,

GRACE L. SPARRELL, R.N.

REPORT OF THE WASHINGTON STREET CEMETERY COMMITTEE

Board of Selectmen
Norwell, Mass.

Gentlemen:

The Washington Street Cemetery Committee reports that the maintenance of the cemetery continues to improve. Additional care of the property through the efforts of the committee and the cooperation of the Park Service are bringing us closer to our goal of a community memorial to our departed neighbors and friends.

In keeping with the respect in which we hold this place, we have instituted severe fines for those trespassing here. Parents are reminded that their young people have done considerable property damage, and it would help this committee if the families made it a personal responsibility to teach the young to honor this cemetery.

The majority of the lots now have a fund for permanent care and a similar fund is required when a new lot is purchased. These requirements are essential to the continuing care of the cemetery. Any person or persons desiring information or explanation concerning the operation of the cemetery and the regulations thereof, may make inquiry of any member of the committee. We welcome your questions or suggestions.

Respectfully submitted,

WILDER A. GAUDETTE, Chairman
WILLIAM D. JACOBS
JOHN R. REARDON

Norwell, Massachusetts

Gentlemen:

At the 1964 Town Meeting the Town voted \$40,000.00 under Article 40 to install 7000 feet of water mains in Grove Street, this extension completes the loop between Norwell Center and Washington Street. This loop was started in 1961 and completed in four steps so as to keep the yearly water cost to a minimum.

At the 1964 Town Meeting no money was voted for the exploration of new wells but money was added to the Pumping Station and Mains Account enabling your commissioners to get a new well approved by the Department of Public Health, to purchase a new pump, build a new pump house, and tie in well #3 situated in the Grove Street area to our water system. Our new well, installed in August, 1964, has pumped to date 753,430 gallons into the Town system.

In our Service Account the Town voted \$3500.00 for the installations of new services. To date 98 new services were installed. Revenue committed to the Town for Installation Fees was \$5225.00. In this item fees collected were greater than the appropriation.

This year, due to the severe dry summer of 1964 and to the ever increasing use of water from year to year, the Water Board will ask for \$5000.00 for exploration of new well fields.

In 1963 we had 996 customers and pumped 99,000,000 gallons of water; the revenue from the sale of water was \$37,433.42.

In 1964 we have 1103 customers and have pumped 119,142,935 gallons of water; the revenue from the sale of water was \$42,563.74. We had seven hydrants equipped with faucets for use of the people whose wells were dry this summer and many thousands of gallons of water was used to put out the many brush fires due to the dry summer.

We wish to invite any interested Townspeople to our weekly meetings. We thank any and all Town Boards and their personnel for their cooperation and interest in our department during the past year.

Very truly yours,

BOARD OF WATER COMMISSIONERS
AUGUSTIN J. THIBODEAU, Chairman
JACOB LEE TURNER
EDWARD F. WALSH

REPORT OF THE WILLIAM J. LEONARD MEMORIAL LIBRARY

Board of Selectmen
Norwell, Mass.

Gentlemen:

The year 1964 was again successful, with the circulation of books increasing to a total of 12,062.

Adult borrowing	-	1963 - 3,496
" "	-	1964 - 4,235
Juvenile borrowing	-	1963 - 4,371
" "	-	1964 - 7,827

These figures represent an increase of 4,195 books over the 1963 total, and are for books only, as we have no space to keep magazines.

In today's changing and challenging world, every community needs good public library service. Just as Norwell has outgrown its schools, so, now it has outgrown its libraries, and we sincerely hope that action will be taken upon this most important matter.

Libraries must house people as well as books. We have one small study table with inadequate lighting, and the students sit shoulder to shoulder, often sharing the same chair. The librarian is literally pushed against the wall.

There is need for a workroom where the staff can repair damaged books and catalogue new ones. This work is now being done at the librarian's home.

Good library service costs money. An important factor is the cost of a book collection. Important new books often cost \$5.00 to \$25.00. Gifts from individuals could help supplement our income. Our only other source of income is the Annabel Wakefield Memorial Fund of \$100.00, which interest has to accumulate for many years before it can be used for a worthwhile purchase.

To provide students with books from their required reading list, it will become necessary to purchase more than one copy of a single book. If we could have better cooperation between the schools and the library, it would make it possible for us to better serve the reading and reference requirements of the students.

We are indebted to the many friends of the library, who have donated so many books. The Leonard Library Building Fund has been established and checks or monies may be given to the Town Treasurer. A "Friends of the Library" group has been formed, and anyone interested in joining may contact the librarian or one of the trustees.

Again, as in the past, we wish to thank Combination 2 of the Fire Department and Gaudette's Service Station for their many favors.

This year 259 new cards were issued, giving us a total of 1,150 registered borrowers. We are always ready to help anyone in need of reference material or a book for a relaxing hour. We cordially invite you to use the Leonard Memorial Library. The hours are as follows:

Monday & Wednesday	- 2:30 - 4:30 P.M.
Tuesday & Thursday	- 7:00 - 9:30 P.M.
Saturday	- 10:00 A.M. - 1:00 P.M.

If we receive an increase in our budget, additional hours will be on Friday, 7:00 - 9:30 P.M. and a half hour added to Monday and Wednesday.

Respectfully submitted,

MILDRED M. CARR, Librarian & Trustee
LORRAINE DUTY, Trustee
CLAIRE FOULSHAM, Trustee

REPORT OF THE ZONING BOARD OF APPEALS

1964 was an extremely quiet year for the Zoning Board of Appeals, with only two public hearings held.

Although there were several other applications for variances, they were withdrawn before hearings were scheduled. These withdrawals were the result of informal conferences with the appellants, and a great deal of research and field work by members of the Board, that resolved the problems at hand. This also resulted in a saving of time and money.

The following are the hearings held and the results thereof:

1. Benjamin Bean - For permission to erect four dwellings on lots having insufficient area and frontage.

Petition was denied, but, permission was granted to divide the property in question into two lots that would have sufficient area and frontage.

2. Norwell Associates, Inc. - For permission to construct a boat landing and mooring facilities at Barque Hill on the North River.

Action on this petition was held in abeyance pending additional engineering to satisfy the requirements of the Commonwealth of Massachusetts.

Respectfully submitted,

Zoning Board of Appeals

STANLEY H. RICHARDS, Chairman
EARLE M. NEWTON, Secretary
EDWIN R. TRAFTON

REPORT OF THE BOARD OF ASSESSORS

Board of Selectmen
Norwell, Mass.
Gentlemen:

The past year has again witnessed accelerated new home construction, renovations and alterations, all of which continuously increases the work load of the Board of Assessors.

A new card file has been adopted to assist in making true comparable values of properties by street locations. This file will serve as a cross-index to the existing file made up of the names of property owners in alphabetical form.

The Board is making progress on the plan of assessments for 1966 on the basis of full and fair market value and will make every endeavor to remove existing inequities.

Work on the Assessors' Maps continues constantly, it being necessary to keep accurate records of new property lines and subdivision developments.

The 1965 Motor Vehicle Excise Tax Assessments were \$167,207.61 compared with \$139,287.76 for 1964. Exemptions for veterans, the elderly, World War 1 widows and the blind have exceeded previous years, and by approximately \$2,000.00 over last year.

Your Board of Assessors appreciates the cooperation, patience, and understanding attitude of the Townspeople.

Respectfully submitted,

James E. Macaulay, Chairman
Francis L. Logue

REPORT OF THE ATHLETIC FIELD COMMITTEE FOR 1965

The Athletic Field Committee, after conferring with the School Committee to determine their needs for athletic facilities, have employed the services of Whitman and Howard Engineering Co., to report on the suitability of the present town owned land behind the Junior High School for development of these athletic facilities. A full report by Whitman and Howard as to their findings will be presented to the Athletic Field Comm. on Jan. 12, 1966. Depending upon their recommendations, the committee will move forward accordingly.

REPORT OF THE BOARD OF HEALTH

Board of Selectmen
Norwell, Mass.

Gentlemen:

During the past year the Board of Health has continued its sponsorship of pre-school and immunization clinics, the school dental and medical programs, and such community oriented projects as the tuberculosis survey conducted through the auspices of the Plymouth County Tuberculosis Association. We believe that the benefits to be derived from this and other similar screening programs are such as to warrant continuing our policy of making them available, periodically, to the residents of Norwell.

A general reassessment of both the medical and dental aspects of the School Health Program has been initiated by the Board of Health in an effort to determine the degree to which the current program satisfies the present school health needs of Norwell's student body. This study was undertaken not because of any specific dissatisfaction with the existing program, but because of a recognized need to evaluate from time to time the adequacy of this important facet of the Board's responsibilities. In this regard we have solicited and received the enthusiastic cooperation of the school physician and school dentist, as well as the various professional interests in the town, and will rely heavily on their advice in formulating our assessment and suggestions for the future.

Under the general category of "beauty rests in the eye of the beholder", we view with a certain paternalistic pride another year's competent management of the Town Dump. A brief visit to similar facilities in neighboring towns provides ample evidence of the fine job being done by our custodian, Mr. Al Gunderway, and of the excellent cooperation which he receives from the individual residents and real estate developers who have occasion to make use of this disposal area.

A series of events taking place over the past year have served to heighten the Board's previously expressed concern with the gradual filling in of the wetlands and the swampy areas which not only contribute to the Town's beauty, but also provide a natural system for handling surface water run-off. The advent of the bulldozer, backhoe, and dump truck has made it relatively simple and economically profitable to turn marginal land into building lots, which for a time appear to support the sewage generated by the seemingly inexhaustible supply of would be suburbanites. The problems encountered in several nearby towns, which hastened the construction of municipal sewerage systems, can be attributed in part to this kind of inappropriate utilization of land. While the recently enacted Hatch Act provides for certain building restrictions with regard to streams and their naturally occurring flood plains, it falls short of the kind of protection which this and similar communities should seek, if they are to preserve their wetlands and forestall the necessity for municipal sewage systems.

In closing, we should like to draw your attention to the obvious and inescapable fact that the demands made upon the Board of Health to discharge its responsibilities for inspection and supervision in a variety of areas concerned with the Town's health needs, have and will continue to expand as the population of the Town increases. We suggest that the Town consider, in the not too distant future, the advisability of appointing a full-time Health Agent.

Respectfully submitted,

BOARD OF HEALTH
 RICHARD B. KEARSLEY M. D. Chairman
 WILLIS R. KEENE, M. D.
 KATHERINE R. FULLER

THE REPORT OF THE CIVIL DEFENSE AGENCY

Board of Selectmen
 Norwell, Mass.

Gentlemen:

The replacement of the present town ambulance is a matter of importance to all resident of the town. The present vehicle is a 1951

Cadillac obtained from surplus military equipment some six years ago, and so came to us after long service to the Navy. This last year we have had problems with the generator and wiring system; with tires wheel bearings, brakes and just this month we had to spend nearly \$200.00 on the motor so that it would start and run properly, repairs, for which we were forced to request a transfer from the Advisory Board.

It is planned to place an article in the warrant for the town meeting requesting funds for the purchase of such a vehicle as all efforts to obtain another from Surplus have been in vain due to the shortage of military equipment at the present time. At the Town Meeting details of the type of ambulance to be purchased will be reported to the voters.

During the past year considerable time has been spent on adding to and checking out the 200 bed hospital which is stored at the headquarters in the Osborn School. The Auxiliary Police and Communications section have continued their usual program of training with frequent drills. New members have been added to the Auxiliary Police to replace both those who have been appointed to the regular police force of our town and also the one who left Norwell to accept an excellent appointment in another town. The Auxiliaries will participate in a Red Cross First Aid course which will start in January, together with members of the Police and Fire Departments.

Monthly trips have been made to the Surplus warehouse in Taunton but the past year has yielded little of value to the Town.

We have been fortunate this last year that no major storms or hurricanes have hit us, or has Civil Defence been called upon to aid other departments with any serious problems.

W. Clarke Atwater, Director

REPORT OF THE CONSERVATION COMMISSION

To the Citizens of the Town of Norwell:

The Norwell Conservation Commission met regularly throughout the year the first Monday of the month at the Town Hall Annex, with additional meetings as required to inform and assist other boards.

Due to the resignation of the Chairman, Wesley Osborne, Jr., Arthur Merritt was elected to serve in that capacity, which position he has filled since January 1965.

The Commission has acquired by purchase for the town, 14 acres on the North River. This land was bought with the approval of the Town Meeting, which means that Norwell will be eligible for 50% reimbursement from the State. We also are in the process of purchasing four acres in the area of our Grove Street wells, adjacent to land acquired by the Hingham Conservation Commission, in a cooperative plan to protect that well field.

The last of January Mr. Charles Hastings, USDA Soil Map Study Unit in Brockton spoke to several Boards and Committees, outlining the merits of a Soil Study Map for the Town of Norwell, to assist in using land for highest efficiency. The Planning Board immediately endorsed this project, and other Departments indicated interest so the map is being made up with 12 interpretations. Due to the severe drought in 1965 the USDA office in Brockton has had to work on many emergency projects and while there may be some delay in finishing the map, Mr. Hastings will assist any Board if requested.

During the year, members attended meetings of the Mass. Association of Conservation Commissions in various parts of the State. The MACC is made up of State Conservation personnel and each Commission is expected to belong and to participate in the programs, held four times a year. These meetings are of great value in keeping informed about what other commissions are doing, new legislation and pertinent matters. Many Town Conservation Commission members throughout the state are business men who strongly back the slogan that "Conservation is

everybody's business''. Members also attended meetings where plans were discussed for a Federal program for the North River, work being done by the Department of Natural Resources on water supplies and pollution, a ramp at the North River and inland wetlands.

March 29, 1965 Gov. Volpe signed into law the "Hatch Act" which is intended to protect natural drainage areas and to restrain exploitation of land unsuitable for development. Because the drought of 1965 dried up areas normally wet indiscriminate building may bring many future problems of flooding when natural drainage is ignored. The Commission fears that filling of swamps could affect the water table around the Town Wells, and thus adversely affect our water supply. Many local towns now in dire need of water have expanded their building, plus the need for water, while injuring or eliminating their watersheds and holding areas. It has also been recognized that wet areas throughout the town could be important from a fire prevention point of view, thus lowering insurance rates. Coastal Wetlands Act (Chap. 768 of the Acts of 1965) will provide for the protection of 45,000 acres of coastal wetlands, which will include a 2300 acre wildlife refuge in the North River watershed.

During the year, the Commission recognized the conscientious efforts of one of Norwell's developers, Blake Cruikshank to retain the natural beauty of his development, and it is the intention of the Commission to acquaint itself with the way Norwell's growth is being brought about.

Conservation is obviously more than a local problem and we hope to continue to work with adjoining towns in protecting our natural resources and theirs. Mass. has been a pioneer in much conservation legislation and the fact that such important legislation was passed this year bears out the fact that citizens are realizing that good conservation practices can mean savings of the tax dollar.

The commission has received, to hold for the town, gifts of land from Doris and Herbert W. Apts, off Summer Street, which is part of the headwaters of the First Herring Brook. We have also been granted an easement by the Ronwell Corporation which gives access to this area. At the present time we are expecting other parcels to be put under the control of the Commission. We would like to remind homeowners as well as developers, that we are always glad to receive gifts of land unsuitable for building use, but which would be taxed.

The Commission welcomes interested townspeople to our meetings as a means of understanding our aims, purposes and problems. We look forward to another year of service to the town, assisting wherever possible, Boards and Departments with whom it has been a pleasure to cooperate during the past year.

Respectfully submitted,

Arthur Merritt, Chairman

Katherine Cranton, Secretary

Davida Garceau

Mildred Hastings

Benjamin Stetson

David Stewart

George Whitcher, Jr.

REPORT OF THE NORWELL COUNCIL ON AGING

The Council on Aging has met monthly throughout the past year. We have tried to gain a clear picture of the status of our older citizens in order to plan to meet the needs of the present and plan for the future.

Questionnaires were sent out by the council in June and again in October; 430 persons over 60 were contacted and replies were received from 170 persons. Much valuable information has been acquired from this survey including names of those wishing to join the Norwell Senior Citizens Association, those wishing to volunteer services to older persons, and also some indication of housing needs.

The survey form we used was a composite of others we had studied, plus some questions pertinent to Norwell's situation. The Mass. Commission on Aging has copied our form and sent it out to other local councils.

The answers from the questionnaire showed us some interest in low income housing for the elderly existed in the town and we had also been asked by several older persons to investigate the possibility of such housing for Norwell. We therefore held two open meetings to hear speakers on this subject. One was held in October and featured Selectman Murray Snow, from Scituate, talking about Scituate's program for the elderly. In November we had Christopher McCarthy, from the State Division on Housing, discuss the State's program and show slides of the various projects throughout the state.

It was decided as a result of the questionnaire response and the attendance at the open meetings to seek a Housing Authority for the town which would have as its objective, the determining of need in the area of low income housing for the elderly in Norwell.

The Council has served throughout the year as a coordinating agency for those wishing to help the town's older people. We have sponsored a hobby show for those over 60 which was successful enough to warrant doing it again next year. We also hope to provide more in the way of recreation and program during the next year, helping those who wish to make new friends and widen their horizons.

Priscilla Cushing
Chairman

REPORT OF THE DEVELOPMENT AND INDUSTRIAL COMMISSION

Board of Selectmen
Norwell, Mass.

Gentlemen:

During the year 1965, there has been very little industrial and business development within the Town of Norwell. The Old Colony Knitting Mills of Hingham erected a large one story building on Washington Street on the site of the former Magoun's Lunch, and at the end of the year

it was nearly ready for occupancy. As reported heretofore, it is planned to employ approximately one hundred people when in full operation.

The Brockton-Taunton Gas Company has undertaken a sales promotion campaign to advertise the attractiveness of the land in the several areas of the town zoned for business and industry. The development of the Marden Industrial Park in Hingham during the past year is sure to influence in some slight degree the business and industrial areas in Norwell which are not more than two miles to the South.

Very respectfully submitted,
Loring H. Jacobs, chairman
John E. Andrews, Clerk
Henry Abrahams
Dennis F. Mederos
Frederick Truelove

REPORT TO THE DOG OFFICER

Selectmen
Town of Norwell
Norwell , Massachusetts 02061

Gentlemen:

I submit my report as Dog Officer of the Town of Norwell for the year 1965.

Dogs returned	39
Complaints investigated	25
Strays	17
Disposal requested by owner.....	1
Dogs taken to Veterinarian	5
Dead dogs picked up (does not include those by C. Joseph & Wadsworth) ..	3

A reminder to all dog owners .. All dogs must be licensed at 3 months and the license runs from April 1 to March 31 of the succeeding year.

Respectfully submitted,
Robert L. Molla, Sr., Dog Officer

REPORT OF THE EMERGENCY COMMUNICATIONS CENTER

Board of Selectmen
Norwell, Mass.

Gentlemen:

We are pleased to report that the past year was one in which much progress was made in increasing the efficiency of operation and the over-all value of the Center to the residents of the town and to the various town departments through an increase in communications.

The town network, approved at the March meeting, went into operation the first of July and has proved of great value in the day-by-day functions of the Highway and Tree departments. This net also is of great value to the Fire and Police for problems within the town where it is of considerable advantage to operate on a local network, not on a county net.

As approved at the October Town Meeting, a new method of scheduling operators on eight hour shifts around the clock, with operators who are able to arrange their days so that they stay awake all night was put into operation during November. This coverage has also increased the efficiency of operation to all emergency units of the town. However it was with regret that certain operators, who have been most valuable over the past years, had to drop out as their own personal work hours could not be fitted into the new Center schedules. We are all indebted to them for the excellent jobs they did in the past.

At the time the town frequency was installed, a new tower was erected and the interior of the Center was rearranged, with the result that all radio communications have been considerably improved. As is to be expected, the activity has increased a great deal, with over 25,000 incoming calls being handled at the switchboard. This does not include all outgoing calls, the calls in and out on extensions, or the many radio conversations.

At the present writing, a Station Receiving Panel is being installed through which all fire alarms from Industry, Churches, Nursing Homes and Schools will be channeled.

We wish to thank all operators, past and present for the excellent job done in the past, and being done at present, and we can look forward to another year with increased activity, which we are sure will prove the value of the Center to the residents of the town through an increase in the efficiency of the Public Safety Departments, whose function is the protection of life and property, as well as the departments which carry out the more routine functions of the town.

Emergency Communications Center Board
W. Clarke Atwater, Chairman
Kenneth J. Bradeen.
Warren P. Merritt.

REPORT OF THE FIRE DEPARTMENT

The Board of Fire Engineers submits to the Board of Selectmen and the citizens of the Town of Norwell the report of the Fire Department for 1965.

From January 1, 1965 through December 31, 1965 the Emergency Communications Center processed the following calls for the Fire Department.

Building Fires	
(includes electrical, chimney & burners)	41
Grass and woods fires	106
Dump fires	15
Automobile fires	11
Resuscitator calls	11
Investigations	103
Accidents	10
Mutual aid received	15
Mutual aid given	24
Fire permits issued	2593
Misc. calls (for information, etc.)	<u>4241</u>
Total	7170

Although the total number of calls handled shows a slight decrease from last year, the total number of emergencies again shows an increase over previous years. The decrease in miscellaneous calls is due largely to the cooperation of residents who have refrained from calling when they hear the fire sirens. This is also of great benefit to the operators of the Communications Center who are busy dispatching apparatus and directing firefighters to the scene of the emergency.

The long drought of the past year made firefighting extremely difficult, requiring the Department to spend many hours putting out stubborn woods and brush fires.

Many additional pieces of much needed equipment have been added to the fire apparatus. Major equipment purchased included an emergency generator for Station # 3 , and a hose washer that will service all stations. The new hose washer will greatly extend the life of fire hose.

At Town Meetings held in 1965 a new pumping engine and a fire alarm system were approved. The contract for the engine was awarded to P. F. Thibeault Co., low bidder, and delivery is expected in mid-February. The fire alarm system has been installed in the Communications Center and is ready for tie-ins with public buildings.

The Board of Selectmen is inserting an Article in the Warrant for the 1966 Town Meeting asking for a study of site locations and building designs for a new Central Fire Station. This is something that the Board of Fire Engineers has been requesting for at least 10 years. The need for a new station is becoming more acute with each passing day.

With the re-organization of operations in the Communications Center the Fire Department has the advantage of clerical assistance, another long needed service. The use of full-time operators, rather than many part-time workers , has also proved advantageous. The experience gained by these operators has increased their ability to handle emergencies more efficiently.

May we again take this opportunity to express our sincere thanks

to the citizens of Norwell for their cooperation and willingness to comply with Fire Department regulations.

Respectfully submitted,

BOARD OF FIRE ENGINEERS

Warren P. Merritt, Chief
 Loring L. Wadsworth, Deputy Chief
 John J. Winske
 Donald H. Newton
 Orville Devine
 James T. King, Clerk

REPORT OF THE HIGHWAY DEPARTMENT

To the Citizens of Norwell:

I hereby submit my annual report for the year of 1965 concerning the activities of the Highway Department.

We cleaned out all catch basins and drains in town, early in the spring, in anticipation of the spring rains that never really came. We have been using special mechanical equipment that pumps and flushes the basins. We also hired a street sweeper to clean up the sand after the long winter. We are trying to use less sand and more chemicals to eliminate some of the sand on the streets, but the police and residents call at times for resanding of some areas.

In late March and early April we cleared the area for the new town garage. We brought gravel in to have a minimal area to work with. We hope, over a period of time, to fill in more area so all material may be moved to this central location. We moved into the garage in December, after building a salt bin and stockpiling sand and salt, and we are now working from this location. The sand remaining at the town dump will be used up first, of course. We have a little housekeeping yet to do, storage and parts bins, etc., but we are very comfortable and happy with our new garage. We hope that you will stop in and see the first municipal building built in Norwell for twenty years (other than schools). We will be happy to show you where some of your tax money went. We are thankful for your support and will do our best to keep the building and equipment in top shape.

The Chapter 90 project on Main Street started near Hilltop Service Station and went to the front of the Junior High School. Included in this project were the installation of approximately 1700 feet of drainage pipe, and the catch basins and man holes. We were able to obtain the necessary easement to open up the road entrance at the intersection of Bowker Street, while we were working in the area, and there we started a 15 inch drainage line. A layout for this road was voted in 1965 and sometime more work will be done there.

We started the Chapter 90 project after school closed, hoping to avoid

some traffic problems. Main Street is very heavily traveled, some 700 to 1000 cars at peak hours, so a few delays and the closing of the street was still necessary. The roadway was completely excavated and the material taken to town property near the Turner residence to be used for fill in approximately 1967 as we continue on. Fresh gravel was trucked in and spread in the 1965 section and the first layer of 2 inch hot mix was put down. This was left to traffic for compacting while we did Chapter 81 work. We returned in the fall and put on the top course of mix, built up the shoulders and put in berms. This spring we will do the seeding and this section will be complete, approximately 1 1/2 miles in all.

The special articles of mix-in-place were done in July. These were Norwell Ave, from Central Street to the high tension line, Prospect Street from Main Street to the Molla residence, and School Street from Mt. Blue for 2000 feet. The corner was not done because there was not enough money to complete this section.

In 1966 we are asking for additional money to complete the School Street project, to do Prospect Street from the Hingham town line for 3000 feet, and to do South Street from the Hanover pumping station for approximately 2000 feet, this to be continued on at a later date.

During August and September we finished our oil schedule and clean up work.

All during this time, of course, we were also doing water services, berms, patching, and other small projects.

Up to the present time we have put in more than 150 water services, worked on a few leaks and we still have more to do this spring. This is a lot more work on water services than anyone had anticipated and it makes it necessary for us to ask for a back hoe and loader so we can have one loader available at all times to do the Highway work.

We have done the best we can to complete all water services on time, but please get those applications in early.

In 1966 we hope to continue the Chapter 90 project from the Junior High School to the Ralph Coleman property. This will involve the installation of twin 36 inch culverts at the brook by the Ella Osborn School and this will be quite costly. We will go as far as the money voted will allow us to. Other projects for 1966 depend on the voting at town meeting.

I could not close my report without saying that the radios purchased are working well and are a great help in keeping track of our equipment which has the radios installed. I would like to say how very helpful and necessary the Emergency Communications Center is to the success of the operation.

I wish to express my sincere thanks for the cooperation of all town officers, the various committees, the town departments, and the citizens of Norwell with whom I have had the pleasure of working with this past year.

I would also like to say we are most grateful for the assistance of the Department of Public Works at the Middleboro, District 7 office. Without their assistance and cooperation such projects as the Chapter 81, Chapter 90, and street painting of Rte 123 would not have been possible.

Sincerely,

E. Arnold Joseph
Highway Surveyor

REPORT OF THE INSPECTOR OF ANIMALS

Board of Selectmen
Norwell, Massachusetts

Gentlemen :

As inspector of Animals for the Town of Norwell, I have completed my duties for 1965 and report as follows:

Inspected barns and reported same to the State.

Reported to the Division of Livestock Disease Control the census of animals in the Town of Norwell.

Quarantined and released approximately twenty-seven dogs.

Respectfully submitted,

RICHARD E CUGNASCA, D. V. M.
Inspector of Animals.

REPORT OF THE BUILDING INSPECTOR

Board of Selectmen
Norwell, Massachusetts

Gentlemen:

Respectfully, I submit my annual report as Building Inspector for the Town of Norwell.

It has been gratifying this past year to see many new homes built; the Town Barn completed and in operation, and several new developments underway.

The job of Building Inspector encompasses a variety of areas. Each plan submitted must comply with the Zoning By-Laws and conform to the regulations of the Board of Health to insure proper disposal facilities. Every plot plan must carry a stamp of approval from the Planning Board. Then, before any building is begun, all plans are carefully checked to ascertain that correct construction materials and methods are to be used. Finally, periodic inspections are made on work in progress.

The Town of Norwell is fortunate to have good zoning laws, an active Planning Board and an excellent Board of Health. Therefore, the problems of land development for new construction are kept at a minimum. In fact, the help offered and accepted from all Town Officials, Boards and Committees has aided immensely in making Norwell a better town construction-wise.

Building permits issued and inspections made during 1965 are summarized as follows:

RESIDENTIAL	
New Dwellings	89
Alterations, Additions & Out Buildings	41
Garages	5
COMMERCIAL	
New Buildings	1
Alterations & Additions	2
OTHER	
Town Buildings	1
Buildings Demolished	1
Buildings Moved	6
Swimming Pools	3
TOTAL PERMITS ISSUED	149

The kind cooperation and assistance of Mr. Harry Chase and Mrs. Mildred Sundwall at the Town Hall is gratefully appreciated.

Respectfully submitted,

Charles E. White
Building Inspector

REPORT OF THE INSPECTOR OF WIRES

Board of Selectmen
Norwell, Mass.

Gentlemen:

During the year of 1965 there were approximately 250 electrical permits issued and inspections made.

Fees collected and salaries paid from this account to Raymond A. Hansen and J. Lee Turner amounted to \$1,935.00.

We wish to express our appreciation to the townspeople for their co-operation.

Respectfully submitted,

Raymond A. Hansen, Inspector
J. Lee Turner, Alternate Inspector

REPORT OF THE JAMES LIBRARY

Norwell Board of Selectmen:
Norwell, Mass.

Gentlemen:

During 1965 the James Library has continued in its endeavor to provide an up-to-date reading and reference center to the Norwell public, a task to which it has been dedicated for over 50 years.

The newly painted interior of the Library building suffered some considerable soot damage when, in January, the heating system malfunctioned, requiring the short-term closing of the Library until the clean-up crew could make the necessary repairs. The insurance proceeds enabled the trustees to effect complete restoration.

In the course of the year, the Children's Section was improved by insulation of the floor and the south wall, as well as by the installation of storm-screen windows and a combination door.

The number of registered reader families served by the Library has increased by about 50 to reach a total of 675 families in 1965. An average of 2 persons per family are regular borrowers, to whom more than 17,000 volumes were lent during the year. A turnover of such an extent would not have been possible without the knowledgeable and dedicated services of the two librarians, Mrs. Helen Roubound and Mrs. Constance Sayrs, whose experience and advice are furthermore invaluable in the selection of the 22 to 33 new titles acquired monthly by the Library. The Library also bought, from a donation given specifically for this purpose, 13 titles on various aspects of music.

A minor change in the lending pattern was experienced in the area of books lent to the schools for supplementary reading programs, due to increased school library facilities. However, teachers continue to make use of the resources of the James Library, while student use is steadily increasing.

Respectfully submitted,
Trustees of the James Library
Mildred Hastings, Treasurer
John M. Kolbjornsen
Clinton V. MacCoy
Harriet L. Meyer, Secretary
William C. Bennett, Chairman

PERMANENT BUILDING AND MAINTENANCE COMM. REPORT

Final plans for the Old Oaken Bucket Elementary School were approved by the SBAC. Weather permitting it is hoped partial occupancy will be a reality by Sept., 1966.

In Nov., 1965, the Town Highway Garage behind the junior high school was completed and is now being occupied.

Reconstruction and expansion of the sanitary leaching bed at the Osborn Elementary School was completed in Sept., 1965.

Arthur A. Raymond, Chairman
 Harold E. Cranton
 Duncan J. Banks
 Clinton V. MacCoy
 Leonard E. Marsden
 Fred N. Levin
 Richard E. Bergeron

REPORT OF THE PLANNING BOARD

To Board of Selectmen

Norwell, Mass.

Gentlemen:

The Planning Board reorganized after the March 1965 Town Election, with Charles W. Bayley, Jr. as Chairman, Theodore R. Love as Vice Chairman, and Gilbert A. Cummings as Clerk. The Board meets on Thursday evening each week at 8 o'clock. All meetings are open.

Zoning By-laws

The Planning Board will propose an amendment to Section X of the Zoning Bylaw and to Section III of the Building Code at the Annual Town Meeting in March 1966. The purpose is to resolve a minor conflict between the two, to clarify the procedure to be followed relative to building permits and to increase the maximum penalty for violation of the Zoning Bylaw.

Sub-Divisions and the Sub-Division Control Law

There was a substantial increase in sub-division activity this year. Public hearings were held for five sub-divisions involving a total of 123 lots. One was withdrawn; three of these have been given final approval, and the fifth is still under discussion.

During the year the Board examined and endorsed 73 plans containing 130 individual lots which were not subject to the Sub-Division Control Law.

Growth of the Town

During the past year there were 89 building permits issued for new dwellings. There were 73 issued in 1964 and 62 in 1963, thus indicating a continued acceleration in the rate of the Town's growth. With the extension of water mains recently voted and to be proposed, the Planning Board expects the rate of growth to continue to increase.

Schools

The Planning Board is of the opinion that an increase in secondary

school facilities may be necessary by 1967 and will certainly be required by 1968. Accordingly, an article requesting funds for expansion of the secondary school facilities should be considered at the 1966 Annual Town Meeting.

At the same time, the athletic facilities should be developed contiguous to the secondary schools and included as part of the secondary school expansion, and funds should be appropriated for these plans at the 1966 Annual Town Meeting.

One more elementary school site strategically located should be acquired as soon as possible while the land is still reasonably available.

Capital Outlay

In continuation of the program of sidewalk construction the Planning Board will present an article at the 1966 Annual Town Meeting for building a sidewalk on High St. from Washington St. to the Cole School, and on Oak St. from Washington St. to High St. The Board feels that sidewalks should eventually be built along all of the main roads to serve the various schools and extending 1 1/2 miles out from the schools. This will enable youngsters living within that distance of the schools to walk thereto in safety. The State will not reimburse the Town for transportation of youngsters living within 1 1/2 miles of schools. An added advantage will be the simplification of establishing bus schedules and a reduced time of transit for those youngsters requiring bus transportation.

A new Police and Fire Station and additional Town Office Facilities are urgently needed. Careful consideration of a unified plan for development of these facilities in the center of Town should be given at the 1966 Annual Town Meeting.

General

The Planning Board has joined the Conservation Commission and other boards sponsoring soil study map for Norwell prepared by the USDA. This document should prove an invaluable aid in determining the general areas of the town most suitable for home sites, commercial or industrial areas, wetland reservations, agricultural purposes, woodland, sanitary land fill etc.

The Planning Board, Board of Health, and Conservation Commission should work diligently on the problem of preserving those wetland areas which are not suitable for building, and which are essential to maintaining our water resources. In addition other smaller areas of natural beauty in various sections of the Town should be preserved while still available. Some consideration should be given to the preservation and maintenance of significant historical sites. Attention should be directed toward recreational facilities including boating and swimming along the North River, and utilization of hilly areas for winter sports.

Charles W. Bayley, Jr., Chairman
Theodore R. Love, Vice Chairman
Gilbert A. Cummings, Clerk
John R. Randall
Robert R. Reed

PLYMOUTH COUNTY AID TO AGRICULTURE (Plymouth County Extension Service)

by Robert B. Ewing, County Agent, Manager and Regional Coordinator

The primary responsibility of the Extension Service is as the law states "to aid in diffusing among the people of the United States useful and practical information on the subjects relating to Agriculture and Home Economics and to encourage the application of same."

Resources of the University of Massachusetts and the United States Department of Agriculture are available to the Staff of the Plymouth County Extension Service because of a mutual assistance agreement. Members of the staff provide educational information pertaining to Agriculture, Home Economics and 4-H Club Work, through correspondence-newspapers and radio-meetings -office and telephone calls-and farm and home visits.

To make this service available to you , funds are provided by the Federal, State and County Governments. Thus the name-Cooperative Extension Service.

In March 1965, the Southeast Extension Region was organized for the purpose of primarily servicing the commercial farmers in the Counties of Barnstable, Bristol, Norfolk and Plymouth.

Briefly this means that the Agriculture Agent formerly servicing Agriculture in one county now services the Southeast Extension Region. He is responsible for one or two commodity programs only, i.e. Dairy and Livestock; Poultry and Turkeys; Fruit and Vegetables; Floriculture; Nurseries; Misc. Horticulture.

By concentrating on his particular program(s) the agent can keep up-to-date on the latest research; receive advanced training at the University of Massachusetts and offer the farmer a more effective service.

Make full use of the Extension Service, but remember that although the Extension Service furnishes the information, it is you who makes the decision as to how the information may be used to best advantage.

Requests for information can be directed to the Plymouth County Extension Service, Court House, Brockton, Massachusetts, 02401.

The Board of Trustees, appointed by the Plymouth County Commissioners, administer the Plymouth County Extension Service program and is composed of the following members:

Mr. Gilbert Blackledge	Whitman Chairman
Mr. George Ridder	East Bridgewater
Mr. Robert Chisholm	West Bridgewater
Mr. Lewis Billings	Plympton
Mrs. Mabel Chandler	Duxbury
Mr. John Duffy	Halifax
Mrs. Gladys Gibbs	Hanover
Mr. Robert Hammond	Wareham
Mr. Fred Freidenfeld	Middleboro

REPORT OF THE POLICE DEPARTMENT

Board of Selectmen
Town of Norwell

Gentlemen:

As you will note below, 1965 shows a marked increase in nearly all categories of our activities. The most dramatic was the 100% increase in the arrest statistic, 86 in 1964 as opposed to 163 in 1965.

These figures must indicate, even to the most apathetic, that we are no longer a small town.

As the problems grow in number, we, as a department must also grow, but how? The Police Department has little to offer to recruit prospective officers. The Selectmen's budget shows a token raise for the department for 1966, but by their admission, we are still below surrounding towns. As a result of this it is impossible to fill our shifts with regular patrolmen. It has been two years since anyone has taken a Police Civil Service examination for Norwell.

We are deeply indebted to Mr. Chester Rimmer, Chairman of the Board of Selectmen for his donation of a Radar unit to control speeding. Also, to the National Bank of Plymouth County for sponsoring the booklet "Guardians of your property and Welfare."

Calls received	12,416	Arrests	163
Breaking & Entry	32	Court Complaints	187
Larceny	96	Accidental Deaths	3
Prowlers	35	Stolen Cars	17
Auto Accidents	84	Cruiser Ambulance	66
M. V. Violations	256	Emergency Messages	83
Mutual Aid	73	Domestic Troubles	29
Vandalism	82	Missing Persons	29
Summons served	264		

Our sincere thanks for your cooperation.

Respectfully submitted,

Kenneth J. Bradeen, Chief.

REPORT OF THE BOARD OF PUBLIC WELFARE

Board of Selectmen

Gentlemen:

We have about the same number of cases in the different categories under Public Welfare as a year ago. Medical Assistance for the Aged continued to be our highest expense. Hospital and nursing home rates

increased last year and there will be increases this year. Just what changes will take place with the new Medicare program in effect will not be known for a year. A greatly added amount of paper work has been involved in preparation.

Following is a summary of receipts and expenditures:

AID

RECEIPTS

Town Appropriation	\$22,000.00	
Federal Balances 1/1/65	35,802.25	
Federal Receipts 1965	<u>29,322.08</u>	\$87,124.33

EXPENDITURES

Ralph H. Coleman, Chairman
Board of Public Welfare

REPORT OF NORWELL RECREATION COMMISSION

Board of Selectmen
Norwell, Mass.

Dear Sirs:

The Recreation Commission was given funds at the 1965 Town Meeting to institute the first playground program in the town. This program was planned for children in Grades One through Eight and was for six weeks. The Commission estimated that three hundred children would participate. Our actual enrollment the final week was seven hundred children. We feel we have proved the need and desire for this type of program.

We had many volunteers to help us - the Police Department - many volunteer workers - the parents who helped at the Ball Game - the Service Clubs who helped with their money. All deserve a big "Thank You!"

Another part of the program, which was also a donation, included the use of Martin Ciarkowski's swimming pool. We also thank him.

Our program this year is again aimed to the children. We feel, however, that we should include Grades Nine and Ten. This group has expressed a desire to participate and we will include them at the Junior High play-field.

Mr. Felix Dixon was appointed Director of Recreation and will continue in that position for the coming year.

We found that we needed more help on each playground and plan to put one more assistant leader on each playground.

Mr. Ciarkowski has donated his pool to us again and we plan to teach swimming and water sports to those interested.

An Arts and Crafts program with a qualified instructor will be an integral part of the 1966 program.

The program will run from July 5 through August 13, and will end as did last years' with a Field Day.

For those who feel that the Commission should do more - we agree. We hold a monthly meeting - the 4th Monday - 8:00 P.M. - in the Town Hall Annex. We would welcome groups or individuals to sit with us and support us when we request funds for additional activities. We cannot start a project without participation by you.

We have been informed by Mr. Ciarkowski that this is the last year we will be able to use his pool.

Very truly yours,

Robert MacWilliams, Chairman
Mary Knapp
James King
Austin Reynolds
Ruth Marsh, Secretary

REPORT OF THE SCHOOL COMMITTEE

To the Citizens of Norwell:

At the first meeting following the March, 1965 elections, the committee was organized as follows:

J. Peter Hall, Chairman
Margaret E. C. Reeser, Vice Chairman
Robert J. Palli, Clerk

Mr. Hall, Mr. Boig and Mr. Simms were appointed as the voting members to the joint committee of School Union 13. Mr. Palli was named as the alternate.

In August of this year, Mr. Frederick A. Small, Associate Superintendent, resigned after eighteen years of service to the schools of the Town. The Committee spent many nights and weekends in its task of finding a replacement. Almost forty applications were received and numerous interviews and calls were made. Mr. Arnold W. Bartlett of Glen Ridge, New Jersey, was selected, and he took office on July 19, 1965. He brings a varied background and a depth of experience to Norwell.

The Committee has spent long and tedious hours in preparing the 1966 budget and has come to an agreement with the Advisory Board at a figure of \$ 912,000.00. This is about a 7.9% increase over last years' appropriated amount and compares quite favourably with increases of previous years. Mr. Bartlett presented per pupil costs from some of the better known systems in the State relative to texts, teachers, supplies, etc., and our allotments are equal to or better than many of the better systems. Inventories were presented to the committee for the first time and these were used as a basis for many expenditures in the budget.

In previous years our system has had a considerable turnover in teaching personnel. With this in mind, we have increased our starting salary to \$5200. or \$200. over the State minimum. We have extended our scale to fifteen steps. Our maximum steps are now higher than many of the surrounding towns. It is hoped that we can interest more experienced teachers in coming to our system and retain more of our present good teachers with this change. In the years to come we shall continue to keep a keen eye on our scale to see that our system still remains highly competitive in the market for teaching talent.

Football is another item in our budget that must be explained. Norwell competed in its first varsity game this fall. Plans are underway for a full schedule in 1966. Football expenses are nearly 50% of the Physical Education budget. This major item will continue to grow in the years to come as the program expands. Since the Town has football, proper equipment and facilities must be furnished.

We are still a member of School Union 13, and from discussions with Commissioner Kiernan of the State Board of Education, we shall remain

so for at least the immediate future and probably longer. It is felt by the Board of Education that the three Towns, Hanover, Hanson and Norwell, are not of sufficient size to support separate systems. With the resignation of Ralph C. Sturke as Superintendent in April, Albert Kiernan of Hanson was elected Acting Superintendent until July, 1966. The two Associate Superintendents' titles were changed to Assistant Superintendent at the request of the Commissioner.

The Committee has adopted a written policy, and although it has not been printed and distributed, it has been refined and accepted. Upon completion of the printing, it will be available for perusal by any interested citizen.

The increasing size of the school population in grades 7-12 has made the secondary school site problem acute. The Athletic Field Site Committee has been working on this, and a proposal will be presented to the Town at Town Meeting.

The continued population growth of the Town forces the administration to constantly revise enrollment predictions and classroom needs. At a special town meeting this year, funds were voted for the construction of a twelve room elementary school. In Mr. Bartlett's report he discusses future needs and better utilization of our present facilities.

The School Committee will continue to give quality education to the children of Norwell within the confines of a reasonable budget.

Respectfully submitted,

J. Peter Hall, Chairman
Margaret E. C. Reeser, Vice Chairman
Robert J. Palli, Clerk
Fletcher S. Boig, Member
Harold G. Simms, Member

REPORT OF THE ASSISTANT SUPERINTENDENT OF SCHOOLS

To the Norwell School Committee:

For my first annual report as assistant superintendent I have selected four topics which are of immediate concern to you as a committee but at the same time indicative of what you can expect from me in the way of future recommendations. My purpose is to raise questions and not to provide answers.

Topic I . The Cutting Edge.

The difference between a good educational system and an average one is the quality of teaching going on in the classroom. Teachers who know and love their subject matter, and related subjects, and know how to present it in an exciting way will make the difference, - "will provide the cutting edge". Although an outstanding salary schedule is a prior-

ity, this is not the only consideration in securing and retaining an excellent staff. Working conditions must also be considered.

Are we requiring our teachers to perform too many clerical and policing tasks that could be done by the non-professional at a much lower wage, and at the same time, releasing the teacher for more time to teach.

Are our teachers so motivated that they are continuing to grow in their subject field? Should we then be thinking about a sabbatical leave?

Are we sufficiently staffed to meet the individual differences in children and to meet the humerous new demands placed upon our schools by present day society? Education today has to be more than a matter of learning the 3 R's.

Are the number of reading problems excessive for a community like Norwell because we do not have a reading readiness program before first grade?

In order to help the committee in their deliberations I have selected a few guidelines from Quality Education for Massachusetts. commonly called "The Willis Report":

"Within five years, the Board of Public School Education should require that minimum academic qualifications for all new teachers include

- a. Preparation beyond the Bachelor's degree, preferably to the Master's degree; and
- b. Substantial subject matter content preparation, related to the nature of their teaching assignments, at both undergraduate and graduate levels.

"As staffing formulas are also the concern at the state level, the Board of Public School Education should move immediately to establish minimum ratios as part of the minimum standards.

- a. Minimum ratios of teaching and non-classroom professional personnel should be developed to assure within a stipulated, reasonably short time, the ratio of forty teachers, and ten non-classroom professional personnel per thousand pupils in self-contained elementary school grades and sixty teachers and fifteen non-classroom professional personnel in the secondary school grades.
- b. Plans should be developed and carried forward to prepare and upgrade a variety of sub-professional aids to professional school personnel.
- c. Extension of school services to younger children by requiring kindergartens to be available for five-year olds.

High standards in preparation with commensurate remuneration not only assures excellence in the professional staff, but also symbolizes the regard of the public for its children. Parents are well aware of the influence of teachers in the development of their children, and citizens at large recall the stimulation from great teaching in their own educational experience. A high premium should be placed upon the quality of the

personnel to whom the public entrusts their children in school.

Topic II Bricks and Mortar

The new elementary school to be located on Old Oaken Bucket Road will probably not be ready for occupancy in September 1966. There is a possibility that the instructional wing with ten classrooms could be completed ahead of the core facilities and put to use, but our present plans call for housing at least three sixth grades in the Junior High School again next year and using the kindergarten room at the Osborn School as an additional classroom.

When the new elementary school is completed, Norwell will have its third elementary school giving the town fifty-one regular classrooms and two special classrooms, or a total elementary capacity of 1300 pupils. This should be sufficient housing for these grades until the fall of 1972, provided a kindergarten program is not initiated prior to that year. Adding the kindergarten program will make 1971, the year when additional elementary rooms would be needed.

The new school will be an excellent addition to our school plant with twelve regular classrooms, two special classrooms, a cafetorium, gymnasium, library and administrative suite. Additionally, the building is truly an expandable one in that the core facilities were designed to handle 650 pupils. The new elementary school has been well planned by The Permanent Building and Maintenance Committee conforming to the original specifications as outlined by the school committee and as later modified by the school committee.

The most urgent need in our plant planning for the future is to expand the secondary school site so that an excellent physical education and intramural program for both the junior and senior high schools as well as an interscholastic athletic program for the senior high can be developed. The Athletic Site Committee has an analysis of the problem in their Annual Report and it would be redundant at this point to cover the same subject.

The next building project will be an addition to our secondary school plant to be ready by the fall of 1969. Before any decisions are made in this direction as to where and what to add, it should be emphasized that the two year junior high school is merely a transitional grouping of the lower secondary school grades, dictated by the economics of the local situation and must not be considered a permanent solution. Therefore, several alternatives should be studied by the school committee this year before a recommendation that is both educationally sound and financially prudent can be made to the Permanent Building and Maintenance Committee. The superintendent will present by early spring a complete analysis of secondary school organizations for the committee to study.

Topic III The Lighthouse

The new federal Elementary and Secondary Education Act of 1965

has provided financial assistance for local school districts, who will join together on a regional basis, to encourage flexibility, innovation, experimentation and research for the benefit of all of the school districts. This program, known as PACE - Projects to Advance Creativity in Education-will help local school districts relate research to practice through the support of creative supplementary centers and services. Such a wide ranging program is beyond the resources in time personnel and money of any and indeed all the towns concerned that the school committee should watch this experiment carefully as it will help promote quality education in our schools with economy.

Norwell is participating with several South Shore Communities in this project called appropriately "Project Lighthouse". Scituate has submitted the application for a planning grant to the U. S. Office of Education for the region.

Topic IV Curriculum Revision

Since September, the elementary teachers have been engaged in a science work-shop on Monday afternoons under the direction of Dr. John Read of Boston University. The purpose of this in-service training course is twofold; first, to improve instructional methods in the teaching of elementary science and second, to revise the elementary science curriculum. Several demonstration classes have been taught by Dr. Read and his assistant, Dr. Pearl Nelson, and this winter and spring the teachers working in grade level sessions will complete a sequential course of study for grades one through six.

A great deal of outside work will have to be accomplished by the teachers in order to complete this ambitious project. But they have been most conscientious and enthusiastic in their participation. This attests to the high degree of professionalism in our elementary staff.

Whether we can expect our staff to teach a regular school day and be involved in curriculum revision simultaneously to such an extent is probably not realistic. In another year I would hope that curriculum revision could be conducted in the summer months in this new regional center ("Project Lighthouse") employing career teachers who would volunteer for this service and be compensated for it. This nation can no longer afford to have its "educational industry" with its high cost talent idle during the summer months.

Respectfully submitted,

Arnold W. Bartlett

REPORT OF THE SCHOOL PHYSICIAN

Mr. Arnold Bartlett
 Assistant Supt. of Schools
 Norwell, Mass.

Dear Mr. Bartlett,

Please accept herewith my annual report as school physician.

Physical examinations have been completed, with the assistance of the School Nurses and Physical Education teachers. This includes all students in the Senior and Junior High Schools and the fourth grade in the elementary schools. Although all first grade pupils are urged to have their own family doctor initiate their school health records, I have completed examinations whenever this was needed. As the school census nears two thousand more problems arise.

My examination now also evaluates supplemental test accomplished in the schools, for hearing, vision, growth, temperature, pulse rate, blood pressure, and urinalysis for sugar and albumen.

All significant discrepancies are cleared with the respective parents, and they are urged to consult their own Physician for further interpretation and correction.

Contagion has been kept to a minimum by informed and alert personnel.

Sanitation of the new buildings has been excellent.

Immunization clinics offered by the Board of Health have been well attended and a good majority of students are up to date for Diphtheria and Tetanus Toxoid and Triple Sabin oral vaccine against Poliomyelitis.

Please accept my annual plea for more adequate physical education and athletic facilities.

I am grateful to all who help to maintain good health in the schools.

Sincerely yours,

Raymond G. Vinal, M. D.

REPORT OF THE SCHOOL NURSES

Mr. Arnold W. Bartlett
Assistant Superintendent of Schools
Norwell, Massachusetts.

Dear Mr. Bartlett:

The following is the report of the School Nurses who assisted at D. P. T. and Polio booster clinics at all schools, pre-school Physical Examinations, Physical Examinations of grade 1 and 4, all junior and senior high school students; vision and audiometer tests of all pupils; Heaf Tests in grade 1, 4, 7 and 11; emergency first-aid; children transported home if necessary; home visits made when required, as well as routine sanitary inspections.

Respectfully submitted,

CATHERINE A. ROE, School Nurse
Mildred V. Wilcox, School Nurse.

REPORT OF THE CAFETERIA SUPERVISOR

Mr. Arnold Bartlett
Assistant Superintendent of Schools
Norwell, Massachusetts

Dear Sir:

Since the passage of the National School Lunch Act in June, 1946, the country has witnessed a tremendous growth in the School Lunch

Program. This program operates on a revolving fund.

As school enrollments continue to increase, so do the number of lunches served each day. We reached a new high this year with our Thanksgiving Dinner when we served seventeen hundred and fifty-eight turkey dinners.

Surplus commodities from the Federal Government have been allocated in increasing amounts and we have utilized them to an even greater extent than in the past, as we provide participating students with one-third of their daily nutritional requirements.

We have nineteen employees in this program whose cooperation, loyalty and hard work is greatly appreciated.

I would like to take this opportunity to thank the School Department and the School Committee for their cooperation.

Respectfully submitted,

HAZEL ROBBINS
Cafeteria Supervisor

SOUTH SHORE REGIONAL SCHOOL DISTRICT
TREASURER'S REPORT 1965

In accordance with Section XII of the South Shore Regional School District Agreement effective January 6 1960, I submit herewith details of the 1965 financial transactions of the school District.

Details are presented with respect to the 1965 estimated expenditures; apportionment of estimated expenditures to member towns; actual cash receipts and disbursements; balance sheet and statement of outstanding debt as of December 31, 1965.

Total operating costs for the year were \$314,521.64 which involved salaries and wages of \$219,962.84 and other expenses of \$94,558.60 details of which are shown in cash expenditures schedule.

Capital Outlay costs for the year were \$227,212.53 involving cost of new equipment in the amount of \$33,612.53 and bond principal and interest payments totalling \$193,600.00 as shown in the expenditures schedule.

Expenditures under Manpower Development and Training Act PL87-415 totalling \$70,902.00 involved three areas of training; Heliarc Welding, Auto Body Repair and Television Serviceman. The Federal Government paid the entire cost of these projects and the School District benefited to the extent of \$15,500.55 which was expended for new equipment under these programs which will remain in our shops for future use by the School District.

Expenditures under National Defense Education Act in the amount of \$1,252.60 and P. L. 88-210 in the amount of \$46,039.02 involve purchase of new equipment funds for which were 100% provided by the Federal Government.

Expenditures under P. L. 88-210 Work Study Program in the amount of \$6,959.25 were 100% provided by the Federal Government. This project involves a supervised work program available to needy students who were paid at the rate of \$1.50 per hour for the work they performed. The school District derived a substantial benefit from the building and grounds maintenance program operated with these funds.

Surplus Revenue was determined to be \$140,689.28 as of December 31, 1965 and was derived from the following sources:

Balance, January 1, 1965		\$108,618.81
Additions:		
Federal Grants used to pay 1965 operating costs:		
George Barden Funds		76,972.00
Manpower Development & Training Funds		3,124.08
National Defense Funds		6,650.00
Unexpended Appropriation for 1965 Operating Costs		32,203.80
Excess of 1965 District Receipts over estimates		900.47
Petty Cash Advance Returned		30.00
Total		<u>\$228,499.16</u>
Deductions:		
1964 Surplus Revenue used to reduce		
1965 Operating Costs	\$75,000.00	
1965 Transfer to Reserve for Bus		
Replacement	<u>12,809.88</u>	<u>87,809.88</u>
Balance, December 31, 1965		<u><u>\$140,689.28</u></u>

A \$75,000.00 portion of the 1965 Surplus Revenue balance of \$140,689.28 has been voted by the District Committee to be used to reduce the 1966 operating cost assessments to member towns, resulting in a remaining balance of \$65,689.28 available to the School District as of January 1, 1966.

An amount of Surplus Revenue equivalent to three months expenditures is necessary in order that the School District can pay bills for school operations between January 1 and April 1, of each year, inasmuch as the annual assessment revenue received by the School District from member towns is payable in quarterly installments on the first day of April, June, August and December of each year.

Respectfully submitted,
John A. Ashton, Treasurer

REPORT OF SEALER OF WEIGHTS AND MEASURES

To the Board of Selectmen
Gentlemen:

Weights and measuring laws have been strictly enforced throughout the year.

Inspections have been made of all stores frequently, that have measuring devices. The buying public should at all times observe weighing and measuring devices while purchasing, and report any violations to me.

Reweighing of food put up for sale has been made by me on many occasions.

Pedlars must have licenses and this has been checked by me.

The following is an account of work performed by me and an account of fees collected.

Pedlars' licenses inspected	2
Weighing and Measuring devices sealed	53
Weighing and Measuring devices not sealed	0
Weighing and Measuring devices condemned	0
Weighing and Measuring devices adjusted	5

Reweighing:

Total tested	174
Total Correct	169
Total Incorrect	5
Total Overweight	5

Sealing fees returned to Town Treasurer \$98.55

Respectfully submitted,

John D. Dickman
Sealer of Weights and Measures

REPORT OF THE BOARD OF SELECTMEN

The Board of Selectmen considered and acted upon the following phases of its responsibilities:

1. Appointment of committee and board members for all established and newly created agencies.
2. Reviewed all permits and licenses and new applications (alcoholic beverages, restaurants, gravel pits, kennels, junk yards, motels, etc.).

3. Interpreted and enforced By-Laws (Building, Zoning, etc.).
4. Approved financial bonding.
5. Supervised gravel pit operation, control and restoration.
6. Surveyed street lighting.
7. Processed all filed complaints, including those requiring police investigation.
8. Reviewed adjacent town boundaries.
9. Participated in public transportation development.
10. Reviewed all reported nuisances.
11. General Administration - use and care of public property - town employees - tax title and tax possession lands - eminent domain procedures, etc.

In addition the Board in 1965 took the following actions relative to current town problems:

1. Traffic Control:

- (a) Reviewed traffic problems with Department of Public Works and Registry of Motor Vehicles engineers.

- (b) Ran traffic speed tests on Grove Street, Norwell Avenue, Old Oaken Bucket Road and Main Street.

- (c) Sponsored Radar speed determination.

- (d) Authorized requested traffic zone control signs.

2. Amended street opening permit regulations to correct delays in the replacement of pavement.
3. Recommended procedures to reduce traffic problems during road construction.
4. Sponsored the placing of all public grounds, including schools, under the supervision of the Tree Warden.
5. Related athletic field expansion to school construction for maximum State participation aid and bonding qualification.
6. Sponsored State legislation with the approval of the Massachusetts Selectmen's Association for the destruction of junk cars.
7. Requested State Representatives to press for additional funds for the study of sewage problems in the area, to protect the North River.

8. Negotiated and supervised the Grove Street sidewalk, as a test of procedures for an expanded program.
9. Cooperated with the Water Department to develop installation rates to provide for additional new water storage tower, wells and pumping stations.
10. Reviewed and related administrative and operational department needs for the near future, using town owned properties and minimum takings.
11. Sponsored new road layouts where takings should be accomplished prior to most probable construction.
12. Modified Town Counsel's procedure and budget for processing legal questions, with consideration of the town's need and Counsel's burden and responsibilities.
13. Sponsored Capital Outlay Committee for the planning of capital expenditures, including school construction, for the next ten years, maintaining a constant capital outlay tax rate.
14. Voted to hold a Public Quarterly Meeting long in advance of the March 1966 Annual Town Meeting, for the public explanation and discussion of the 1966 proposed major capital planning and expenditures.
15. Sponsored operational department agreements relative to job classification rates and uniform employee working conditions and benefits.
16. Insured elected full time working operational department officials.

The Board also in 1965 voted to introduce in the 1966 Annual Meeting, articles relative to the following:

1. Municipal Planning - Appropriation for the engineering and design of a fire station, town hall addition and police station, or any combination thereof.
2. Procedure for the establishment of a self-supporting Water Department and planned expansion of service.
3. Accelerated road resurfacing or reconstruction program.
4. A vehicle and machinery depreciation and replacement appropriation and control account.
5. Highway Department budget provision for "Across the street" water service installations prior to road resurfacing or reconstruction work.
6. Appropriation for a High School addition and related athletic field expansion qualifying for maximum State assistance and State advance

payment grants obtainable on school expansion construction.

7. Stabilization fund appropriation providing for a matching grant on the High School addition, but within a constant capital outlay portion of the 1966 tax rate.
8. Appropriation out of current stabilization funds to obtain a matching grant of \$100,000.00 from the State to be used on the Old Oaken Bucket Elementary School, thus reducing the voted borrowing authority from \$800,000.00 to \$600,000.00

REPORT OF THE SOUTH SHORE MOSQUITO CONTROL PROJECT

To the Citizens of the Town of Norwell:

Submitted herewith is the report of the South Shore Mosquito Control Project's activities in the Town of Norwell for the year ending October 31, 1965.

The Town of Norwell appropriated \$4000 for mosquito control in 1965. Along with this \$150 was appropriated for salt marsh maintenance. This was used for mosquito control in the Town of Norwell by the South Shore Mosquito Control Project, a cooperative effort under General Laws, Chapter 252, embracing the City of Quincy and the Towns of Braintree, Cohasset, Duxbury, Hingham, Hull, Marshfield, Norwell, Scituate and Weymouth, a total of 172.21 square miles, servicing a population of over 222,824.

The project operates year round, continuing to base its operations on a three phase program; Permanent Control, the elimination of mosquito breeding sites by proper water management; Preventive Control, the elimination of mosquito larvae by spraying or dusting breeding sites; Adult Control, the elimination of the flying mosquitoes by space spraying or fogging.

With this as the basic plan the following was accomplished in the Town of Norwell this year.

Permanent Control

1150 feet of new drainage ditch were trenched to reduce water from becoming stagnant enough to produce mosquitoes.

Preventive Control

1765 acres of large swamp areas were larval treated in the spring of the year by air from a Piper Cub aircraft and 500 acres by helicopter to control mosquitoes of the early season.

During the summer season many wet areas had to be checked for their larval and pupal content. Areas like the salt marsh had to be rechecked as much as three and four times. Wherever mosquito larvae and pupae were found the conditions were remedied by spraying or removing the water

container. 95 gallons of insecticide were applied for this larval/pupal control.

Catchbasins, a source of a great number of mosquito larvae, may have to be treated as often as three times a season, depending on wet or dry season. It was necessary to treat 535 basins in the Town of Norwell this year.

Adult Control

Spray for the adult mosquitoes becomes necessary where complaints of large numbers of mosquitoes move into an area, usually migrating from uncontrolled areas outside of the project's boundaries or from created conditions around the homes where any type of containers capable of holding water will breed the culex or house mosquitoes. The project received 1027 calls last season. About 50 of these calls were from Norwell. Action in some form was taken on all.

It should be remembered that the main purpose of this project is to "Control". This means to prevent large populations of mosquitoes from emerging from their breeding sites to infest communities, not by any means to completely eradicate the mosquitoes. Yet the number of calls received by the entire project this past season (1027) a comparatively low breeding year, would indicate that many of the townspeople by their calls have either lost sight of this fact or do not understand the functions of a control project.

Many of the calls were for a personalized type of backyard adult spray or a routine type neighborhood spray where no great mosquito problem exists. This type of operation is wrong for many reasons, a few being:

It is wasteful in both material and labor, it takes personnel away from more practical work, and most important the unnecessary use of insecticides can endanger the environment.

In the future request calls shall be more scrutinized. Before insecticides are to be used there shall have to be a mosquito problem.

In the Town of Norwell 738 gallons of insecticide were space sprayed for adult mosquitoes with hydraulic sprayer and mist blower.

When weather and other conditions were favorable an insecticidal thermal fogger was used. 28.8 gallons of insecticide and oil in a fog were applied at the rate of 4 1/2 gallons to the acre in the Town of Norwell.

Insecticides

The insecticides used by the South Shore Mosquito Control Project are:

- DDT dust
- DDT emulsions
- Malathion emulsion
- Malathion miscible in oil, fog
- DiBrom 14 in oil, fog
- Baytex emulsions, catchbasins
- #2 oil

All insecticides are registered and are labelled for use in mosquito control. They are formulated and applied in accord with and at no greater amounts than their labels recommend to be proper for mosquito control operations.

The project wishes to acknowledge the help received from officials and departments of the towns.

TOWN ACCOUNTANT'S REPORT
TOWN OF NORWELL

To the Board of Selectmen:

Gentlemen:

I submit herewith the annual report of the Town Accountant for the year ended December 31, 1965. The report is arranged and classified as prescribed by the Director of Accounts and in accordance with Chapter 41, Section 61, General Laws of Massachusetts.

HARRY L. CHASE, JR.

Town Accountant

TOWN OF NORWELL

Commonwealth of Massachusetts

WARRANT for Annual Town Meeting

Monday, March 8, 1965, at 7:30 o'clock in the afternoon

At the Senior High School

and Saturday, March 13, 1965, at 12 Noon at the Senior High School

For the Election of Town Officials

Plymouth, ss.

To either of the Constables of the Town of Norwell, in said County of Plymouth and Commonwealth of Massachusetts.

GREETINGS:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Norwell, qualified to vote in elections and Town affairs to meet at the Senior High School in said Norwell, on Monday, the eighth day of March, 1965, at 7:30 p.m. then and there to act upon the following articles, to wit:

ARTICLE 1

To see if the Town will accept the reports of its officers and committees as printed in the Town Report, or act on anything relative thereto.

ARTICLE 2

To see what sums the Town will raise and appropriate, or appropriate from available funds to pay Town debts, expenses and charges including debt and interest for the ensuing year and to fix the salary and compensation of all elective officers of the Town, effective from January 1, 1965, as provided by Section 108 of Chapter 41 of the General Laws, as amended, and to provide for a reserve fund, and raise and appropriate, or appropriate from available funds for the following: Moderator, Selectmen's Department, Town Office Manager and Accountant, Town Hall Clerks, Town Meetings and Elections, Treasurer, Tax Title Account, Town Collector, Assessor's Department, Town Counsel, Town Clerk, Registrations and Listings, Board of Appeals, Planning Board, Development and Industrial Commission, Permanent Building and Maintenance Committee, Conservation Commission, Council on Aging, Town Hall and Annex, Police Department, Dog Officer, Fire Department, Civil Defense, Emergency Communications Center, Sealer of Weights and Measures, Tree Warden and Moth Superintendent, Moth Department, Dutch Elm Disease, Operation and Maintenance of Equipment, Pest Control, Tree Maintenance, Removal and Replacement, Roadside Brush Control, Maintenance of Public Grounds, Building Inspector, Gas Inspector, Wire Inspector, Board of Health, Inspector of Animals,

School Nurse, School Dentist, Dental Hygienist, School Physician, Town Dump, Mosquito Control, Highway Surveyor, Highways-Town Account, Chapter 81, Chapter 90, Signs and Road Markings, Snow Removal and Sanding, Road Machinery Maintenance and Operation Account, Water Services Account, Street Lights, Welfare-Salaries, Aid (All Categories), Administration and Expense, Veterans' Benefits, School Department, Out-of-State Travel, Vocational Training, Practical Arts-Adults, South Shore Regional Vocational School, Libraries, Water Department, Cemeteries, Maturing Debt and Interest, Anticipation of Revenue Loans, Aid to Agriculture, Plymouth County Retirement, Group Insurance, Town Schedule Insurance, Pensions and Annuities, Town Reports and Budgets, Recreation Commission and Memorial Day; or act on anything relative thereto.

ARTICLE 3

To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1966, and to issue a note or notes therefor, payable within one year in accordance with General Laws, Chapter 44, Section 4, as amended, and to renew any note or notes as may be given for less than one year in accordance with General Laws, Chapter 44, Section 17, as amended, or act on anything relative thereto.

ARTICLE 4

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$14,300.00, or any other sum, in anticipation of repayment by the Commonwealth of Massachusetts, for Chapter 81 work on the highways, or act on anything relative thereto.

Requested by the Board of Selectmen.

ARTICLE 5

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$19,500.00, or any other sum, in anticipation of repayment by the Commonwealth of Massachusetts and the County of Plymouth, for Chapter 90 work on the highways, or act on anything relative thereto.

Requested by the Board of Selectmen.

ARTICLE 6

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$4,750.00, or any other sum, in anticipation of repayment by the County of Plymouth, for Chapter 90 work on the highways, or act on anything relative thereto.

Requested by the Board of Selectmen.

ARTICLE 7

To see if the Town will vote to raise and appropriate, or appropriate

from available funds, the sum of \$21,600.00, or any other sum, as the Town's share of the cost of construction of a bridge and approaches, to replace Union Bridge over the North River, or act on anything relative thereto.

Requested by the Board of Selectmen.

ARTICLE 8

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$4,500.00, or any other sum, to make certain alterations and repairs to the Union Bridge, or act on anything relative thereto.

Requested by the Board of Selectmen.

ARTICLE 9

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$2,500.00, or any other sum, for the purchase of a new pick-up truck for the Highway Dept., or act on anything relative thereto.

Requested by the Highway Surveyor.

ARTICLE 10

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$6,000.00, or any other sum, for the purchase of a new Heavy Duty Dump Truck for the Highway Dept., or act on anything relative thereto.

Requested by the Highway Surveyor.

ARTICLE 11

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$2,200.00, or any other sum, for the purchase of a new V-Body Sand Spreader of approximately six Yards Capacity for the Highway Dept., or act on anything relative thereto.

Requested by the Highway Surveyor.

ARTICLE 12

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$1,200.00, or any other sum, for the purchase of a New Snow Plow for the Highway Dept., or act on anything relative thereto.

Requested by the Highway Surveyor.

ARTICLE 13

To see if the Town will vote to raise and appropriate, or appropriate

from available funds, the sum of \$2,000.00, or any other sum, for mix in place surface on Norwell Avenue, or act on anything relative thereto.

Requested by the Highway Surveyor.

ARTICLE 14

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$2,000.00, or any other sum, for mix in place surface on School Street, or act on anything relative thereto.

Requested by the Highway Surveyor.

ARTICLE 15

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$2,000.00, or any other sum, for mix in place surface on Prospect Street, or act on anything relative thereto.

Requested by the Highway Surveyor.

ARTICLE 16

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$5,000.00, or any other sum, for a sidewalk program on Main Street in the vicinity of the Schools. To be done at the time the road is being rebuilt, or act on anything relative thereto.

Requested by the Highway Surveyor.

ARTICLE 17

To see if the Town will vote to construct a sidewalk on the southerly side of Grove Street, from Washington Street to the westerly sideline of Wilder Road, a distance of approximately 2350 feet, and to raise and appropriate, or appropriate from available funds, for this purpose, the sum of \$15,000.00, or any other sum, or take any action relative thereto.

Requested by the Planning Board.

ARTICLE 18

To see if the Town will vote to accept Meadow Brook Road as laid out by the Selectmen in accordance with the description and plan presented at a hearing in the Cushing Memorial Town Hall and now on file in the Town Clerk's Office, without appropriation, or act on anything relative thereto.

Requested by the Board of Selectmen.

ARTICLE 19

To see if the Town will vote to accept Barque Hill Drive as laid out by

the Selectmen in accordance with the description and plan presented at a hearing in the Cushing Memorial Town Hall and now on file in the Town Clerk's Office, without appropriation, or act on anything relative thereto.

Requested by the Board of Selectmen.

ARTICLE 20

To see if the Town will vote to accept Brigantine Way West as laid out by the Selectmen in accordance with the description and plan presented at a hearing in the Cushing Memorial Town Hall and now on file in the Town Clerk's Office, without appropriation, or act on anything relative thereto.

Requested by the Board of Selectmen.

ARTICLE 21

To see if the Town will vote to accept a part of Till Rock Lane as laid out by the Selectmen in accordance with the description and plan presented at a hearing in the Cushing Memorial Town Hall and now on file in the Town Clerk's Office, without appropriation, or act on anything relative thereto.

Requested by the Board of Selectmen.

ARTICLE 22

To see if the Town will vote to accept a part of Christopher Road as laid out by the Selectmen in accordance with the description and plan presented at a hearing in the Cushing Memorial Town Hall and now on file in the Town Clerk's Office, without appropriation, or act on anything relative thereto.

Requested by the Board of Selectmen.

ARTICLE 23

To see if the Town will vote to accept a part of Hall Drive as laid out by the Selectmen in accordance with the description and plan presented at a hearing in the Cushing Memorial Town Hall and now on file in the Town Clerk's Office, without appropriation, or act on anything relative thereto.

Requested by the Board of Selectmen

ARTICLE 24

To see if the Town will vote to accept an alteration of a part of the present layout of Bowker Street, as laid out by the Selectmen, in accordance with the description and plan presented at a hearing in the Cushing Memorial Town Hall and now on file in the Town Clerk's Office, and to raise and appropriate, or appropriate from available funds, the sum of \$1,000.00, or any other sum for the purpose of paying land damages in connection with the alteration, or act on anything relative thereto.

Requested by the Board of Selectmen.

ARTICLE 25

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$5,000.00, or any other sum, to be used by the Permanent Drainage Committee for the replacement of culverts, field engineering and other drainage work throughout the town, or act on anything relative thereto.

Requested by the Permanent Drainage Committee.

ARTICLE 26

To see if the Town will vote to appropriate the sum of \$40,000.00, or any other sum or sums, to be expended under the direction of the Permanent Building and Maintenance Committee for the purpose of constructing a Town Garage from plans developed and supervised by a registered architect, and to meet such appropriation by appropriating the sum of \$5,000.00, or any other sum or sums from available funds, and by authorizing the Treasurer, with the approval of the Selectmen, to borrow for and on behalf of the Town of Norwell, the sum of \$35,000.00, or any other sum or sums for said purpose, by the issuance of bonds or notes under the provisions of Chapter 44 of the General Laws and Acts in amendment thereof or in addition thereto, or both, or act on anything relative thereto.

Requested by the Planning Board, Highway Surveyor, Board of Selectmen.

ARTICLE 27

To see if the Town will vote to adopt the following resolution:

WHEREAS the General Court sitting as a Constitutional Convention, did on July 16, 1963, give initial approval to a Home Rule amendment to the state Constitution, and

WHEREAS this bill of rights for local governments requires a second approval by the members of the General Court during this legislative session, and

WHEREAS we, as members of this Town Meeting, feel competent to handle the affairs of our town without strict supervision by the Commonwealth of our every act and deed.

NOW THEREFORE BE IT RESOLVED that this town meeting hereby instructs its representatives to the General Court to vote in favor of the Home Rule proposal (H1384 of 1963 as revised) when it comes before them.

or, take any other action relative thereto.

Requested by the Board of Selectmen.

ARTICLE 28

To see if the Town will vote to raise and appropriate, or appropriate

from available funds, the sum of \$2,500.00, or any sum, for the purchase of a 1965 Station Wagon Police Cruiser to replace the present 1963 Station Wagon Police Cruiser, or act on anything relative thereto.

Requested by the Board of Selectmen.

ARTICLE 29

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$15,000.00, or any other sum, to purchase and equip a new combination Fire Truck for the Ridge Hill Fire Station, or act on anything relative thereto.

Requested by the Board of Fire Engineers.

ARTICLE 30

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$6,800.00, or any other sum, to install a two-way radio base station in the Emergency Communications Center and to install two-way radio mobile units in such town-owned vehicles as may be designated by the Emergency Communications Center Board, such radios to operate on a frequency as assigned and approved by the Federal Communications Commission for the use of the Town of Norwell only, and which shall be distinct from the Fire and Police frequencies already in use and which shall be under the control of the Emergency Communications Center Board, or act on anything relative thereto.

Requested by W. Clarke Atwater, Warren P. Merritt, Kenneth J. Bradeen, E. Arnold Joseph and Wesley H. Osborne, Jr.

ARTICLE 31

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$700.00, or any other sum, to purchase approximately one and one-half acres of land on the southerly side of Mount Hope Street adjacent to the Scituate town line for the establishment of a town dump, or act on anything relative thereto.

Requested by the Board of Selectmen and the Board of Health.

ARTICLE 32

To see if the Town will vote to amend Article VIII, Legal Affairs of the Town By-laws, by adding Section 6 to read as follows:

Section 6. Improper storage of unregistered, disabled or junked motor vehicles unfit for use.

No such vehicle permanently disabled, dismantled or in any way inoperative shall be stored, parked or placed upon any land in the Town, unless the same shall be within a building or in an area properly approved for the keeping of the same by licensed motor dealers or junk dealers.

The Selectmen's judgment shall be final as to determining whether or not a motor vehicle is permanently inoperable. Penalty for breach thereof shall be in an amount not in excess of \$20.00 for each offense, which may be recovered by indictment, or on a complaint before a district court.

Or, act on anything relative thereto.

Requested by the Board of Selectmen.

ARTICLE 33

To see if the Town will vote to adopt the following By-law:

A committee to be known as the "Capital Budget Committee" shall be established, composed of two (2) members of the Advisory Board appointed by and from it, one member from the Planning Board, appointed by and from it, and two (2) additional members to be appointed by the Board of Selectmen. One member from the Advisory Board and one at large shall be appointed for one year terms. The other appointees shall be appointed for two (2) years and in the manner of the original appointments. The committee shall annually prepare a Capital Budget Program for use by the Advisory Board, the voters, other town boards and officials in their deliberations. The committee shall publish such report, or a summary thereof, in a suitable manner in the Annual Town Report and file the original copy with the Town Clerk; or act on anything relative thereto.

Requested by the Advisory Board.

ARTICLE 34

To see if the Town will vote to amend Section VII, Subsection B-SETBACKS, of the Zoning By-laws by striking out Paragraph 1, and substituting therefor the following new paragraphs:

1a. From Public Ways in Residential District A.

No building shall be erected or placed within 75 feet of the center line, nor within 50 feet of the way line of any public way, except that no building need be set back more than the average setback of the dwellings on either side, a vacant lot to be considered as if occupied by a dwelling set back 75 feet from the center line and not less than 50 feet from the way line.

1b. From Public Ways in Residential Districts B and C.

No building shall be erected or placed within 60 feet of the center line, nor within 35 feet of the way line of any public way, except that no building need be set back more than the average setback of the dwellings on either side, a vacant lot to be considered as if occupied by a dwelling set back 60 feet from the center line and not less than 35 feet from the way line. Or act on anything relative thereto.

Requested by the Planning Board.

ARTICLE 35

To see if the Town will vote to amend Section V of the Zoning By-Laws by deleting paragraph "C" and substituting the following:

- C. Multi-family dwellings or apartment buildings shall be permitted in Business District "A" provided that said buildings shall not contain more than eight family units; and the conversion of existing dwellings shall be permitted as provided in Section IV, paragraph A; or act on anything relative thereto.

Requested by twelve residents of Norwell.

ARTICLE 36

To see if the Town will vote to amend Section VI of the Zoning By-Laws by deleting paragraph "C" and substituting the following:

- C. Multi-family dwellings or apartment buildings shall be permitted in Business District "B" provided that said buildings shall not contain more than eight family units and the conversion of existing dwellings shall be permitted as provided in Section IV, paragraph "A", or act on anything relative thereto.

Requested by twelve residents of Norwell.

ARTICLE 37

To see if the Town will vote to amend the By-Laws by deleting therefrom Article XVI relative to regulation of soil removal, or take any other action relative thereto.

Requested by thirteen residents of Norwell.

ARTICLE 38

To see if the Town will vote to amend the Zoning By-Laws by inserting therein the following:

SECTION VII C

Permits for the removal of gravel, loam, soil, clay, peat and stone.

1. Permits issued by the Board of Appeals.

Except as outlined in paragraph 2 below, no gravel, loam, sand, clay, soil, peat or stone shall be removed from land in any zone of the Town without written permit from the Zoning Board of Appeals after public hearing and under such conditions as the Board of Appeals may deem suitable in the reasonable regulation of such removal and for the purpose of avoiding detriment to the area involved. No permit may be granted under this section unless the applicant has submitted to the Board, at least seven (7) days prior to the date of hearing, a topographical plan of the premises in question showing specifically the boundaries and dimensions of the area from which the proposed

removal of material is to take place. The plan shall show present and proposed grades and elevations with topography in five (5) foot contours and grades in profiles. Topographical detail shall show physical character of the premises, including natural drainage and direction of water flow.

2. Removal without permit.

The material listed above may be removed without permit for the following purposes only:

- a. Where necessary as an incidental part of farm, garden or nursery activity.
- b. When incidental to landscaping or similar activities in direct connection with constructed buildings and limited to the portion of the premises or lot upon which the building stands.
- c. When such material is not necessary in connection with the construction of a building being built under a permit used by the Building Inspector, the amount to be removed to be limited to the volume of the foundation and basement of the building.
- d. When such material is not needed in connection with the construction of a private roadway or drive.
- e. No such removal shall be allowed except upon condition that four inches of topsoil shall be replaced or allowed to remain in place, except where, due to the construction of permanent physical features such condition is unnecessary.
- f. Public and municipal activities authorized under statutes and by-laws.

3. No permit for the removal of the above materials which is in effect at the time of the adoption of this By-law shall be adversely affected by this By-law.

or act on anything relative thereto.

Requested by thirteen residents of Norwell.

ARTICLE 39

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$5,000.00; said sum to be added to the Developing Well and Well Field Account and to be spent to conduct tests for new water sites or wells, or act on anything relative thereto.

Requested by the Board of Water Commissioners.

act on anything relative thereto.

Requested by the Board of Water Commissioners.

ARTICLE 40

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$15,000.00, or such other sum as the Town may vote, to purchase or take by eminent domain, for the protection of the Pleasant Street Town Water Source or well, 88.4 acres, more or less, of land, on the easterly side of Pleasant Street as shown on "Plan of Land for Protection and/or Development of Water Supply - Town of Norwell, June 18, 1963 - by Loring H. Jacobs, Reg. Land Surveyor," or act on anything relative thereto.

Requested by the Board of Water Commissioners.

ARTICLE 41

To see if the Town will vote to appropriate \$70,000.00, or any other sum, for the acquisition of land and the construction of a water storage tank (stand-pipe) of approximately 500,000 gallon capacity and to meet the foregoing appropriation from the 1965 tax levy and/or to authorize the Treasurer, with the approval of the Selectmen, to issue bonds or notes of the Town or act on anything relative thereto.

Requested by the Board of Water Commissioners.

ARTICLE 42

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$15,000.00 for the acquisition of land and the construction of a foundation for a proposed stand pipe, or act on anything relative thereto.

Requested by the Board of Water Commissioners.

ARTICLE 43

To see if the Town will vote to establish an additional fee to be added to the existing fee for all building permits for the construction of new buildings, but not to be added to fees for the construction of appurtenances or additions to existing buildings, of an amount equal to $\frac{3}{4}$ of 1% of the cost of such new construction or buildings and to instruct the Treasurer to deposit all monies received from such additional charges in a special account, to be used exclusively for the future expansion of the water storage and pumping equipment for the Town Water system, or act on anything relative thereto.

Requested by the Board of Water Commissioners.

ARTICLE 44

To see if the Town will vote to raise and appropriate, or appropriate

from available funds the sum of \$9,500.00 to install water mains of not less than six inches and not more than sixteen inches in diameter in a southerly direction in Prospect Street from the junction of Grove and Prospect Streets for a distance of approximately 1400 feet and to meet such appropriation by raising and appropriating from the tax levy of 1965, or from available funds in the Treasury, the sum of \$9,500.00, or act on anything relative thereto.

Requested by the Board of Water Commissioners.

ARTICLE 45

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$3,500.00, to install water mains of not less than six inches and not more than sixteen inches in diameter in a westerly direction in Walnut Road from the junction of Walnut Road and Prospect Street, for a distance of approximately 500 feet, and to meet such appropriation by raising and appropriating from the tax levy of 1965, or from available funds in the Treasury, the sum of \$3,500.00, or act on anything relative thereto.

Requested by the Board of Water Commissioners.

ARTICLE 46

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$15,000.00, to install water mains of not less than six inches and not more than sixteen inches in diameter, in Forest Street from the junction of Forest and River Streets to the junction of Forest and Circuit Streets, for a distance of approximately 2200 feet and to meet such appropriation by raising and appropriating from the tax levy of 1965, or from available funds, the sum of \$15,000.00, or act on anything relative thereto.

Requested by the Board of Water Commissioners.

ARTICLE 47

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$15,000.00, to install water mains of not less than six inches and not more than sixteen inches in diameter in Circuit Street, from the junction of Forest and Circuit Streets to the junction of Circuit and Pine Streets, for a distance of approximately 2200 feet, and to meet such appropriation by raising and appropriating from the tax levy of 1965, or from available funds in the Treasury, the sum of \$15,000.00, or act on anything relative thereto.

Requested by the Board of Water Commissioners.

ARTICLE 48

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$9,000.00, to install water mains of not

less than six inches in diameter, but less than sixteen inches in diameter in Old Oaken Bucket Road, from the end of the existing main for a distance of approximately 1,600 feet in an easterly direction, or act on anything relative thereto.

Requested by thirteen residents of Old Oaken Bucket Road.

ARTICLE 49

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$12,500.00, or any other sum, to install water mains of not less than six inches, but less than sixteen inches in diameter, in Old Meeting House Lane, from the existing main in Main Street for a distance of approximately 2500 feet to the end of the section of the Land maintained by the Town, or act on anything relative thereto.

Requested by twenty-three residents of Old Meeting House Lane and Neal Gate Street.

ARTICLE 50

To see if the Town will vote to authorize the Town Accountant to close out the unexpended balances of the following appropriations, the purposes of which have been completed, or act on anything relative thereto.

1961	Town Government Study Committee Expense	\$268.33
1964	Police Department - New Cruiser	350.01
1963	Highway Department - New Truck	.01

1959	General School Building Committee Expense	1,619.80
1964	Water Dept. - Hydraulic Ram Attachment	5.00
Requested by the Town Accountant		<hr/> \$2,681.91

ARTICLE 51

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$150.00, or any other sum, for the purpose of maintaining during the ensuing year the Mosquito Control Works, as estimated and certified to by the State Reclamation Board, in accordance with the provisions of Chapter 112 Acts of 1931. Or, act on anything relative thereto.

Requested by the Board of Selectmen.

ARTICLE 52

To see if the Town will vote to accept the report of the Elementary School Site Committee, or act on anything relative thereto.

Requested by the Elementary School Site Committee.

ARTICLE 53

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$20,000.00, or any other sum, to purchase or to take by eminent domain for use as an elementary school site, approximately 27 acres of land located southerly of Old Oaken Bucket Road, near the junctions of Old Oaken Bucket Road, Mount Blue Street and Summer Street, being Parcel No. 97, a portion of Parcel No. 98, and a portion of Parcel No. 100, as shown on Sheet 9, and a portion of Parcel No. 11, as shown on Sheet 15 of "Atlas of the Town of Norwell;" or act on anything relative thereto.

Requested by the Planning Board.

ARTICLE 54

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$10,000.00, or any other sum or sums, to be expended under the direction of the Permanent Building and Maintenance Committee for the purpose of acquiring topographical surveys of Town-accepted Elementary School sites and preliminary Elementary School plans, or act on anything relative thereto.

Requested by Permanent Building and Maintenance Committee.

ARTICLE 55

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$10,000.00, or any other sum or sums, to be expended under the direction of the Permanent Building and Maintenance Committee, for the purpose of reconstruction and expansion of sanitary leaching bed at the Center Elementary School, or act on anything relative thereto.

Requested by the Permanent Building and Maintenance Committee.

ARTICLE 56

To see if the Town will vote to instruct the Board of Selectmen to appoint a committee of five (5) members, to be known as the Elementary School Site Committee, one from the School Committee, one from the Permanent Building and Maintenance Committee, one from the Norwell Council for Public Schools, one from the Planning Board, and one member at large, with the Chairman to be named by the Board of Selectmen, to select a site for construction of an elementary school building and to present their recommendations for action at the next Annual Town Meeting, or act on anything relative thereto.

Requested by the Planning Board.

ARTICLE 57

To see if the Town will vote to raise and appropriate, or appropriate

from available funds, the sum of \$500.00, or any other sum, for use by the Elementary School Site Committee for the purpose of obtaining preliminary surveys, plans, appraisals, borings, etc., as may be needed to determine the suitability of the site proposed for school building purposes, or act on anything relative thereto.

Requested by the Planning Board.

ARTICLE 58

To see if the Town will vote to approve the purchase from time to time, of foreclosed Tax Title Lands in the town by the Conservation Commission, pursuant to Chapter 40, Section 8C, or act on anything relative thereto.

Requested by the Conservation Commission.

ARTICLE 59

To see if the Town will vote to approve the purchase by the Conservation Commission, of the land of George Farrar at King's Landing, consisting of 14 acres, more or less, for conservation and recreation purposes, for \$10,000.00, with half the price being assumed by the State, or act on anything relative thereto.

Requested by the Conservation Commission.

ARTICLE 60

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$50,000.00, or any other sum, to be added to the Stabilization Fund, as provided by the General Laws, Chapter 40, Section 5B, or act on anything relative thereto.

Requested by the Board of Selectmen.

ARTICLE 61

To see if the Town will vote to appropriate the 1964 Dog Tax Refund to the School Department General Education Expenses, or act on anything relative thereto.

Requested by the Advisory Board.

ARTICLE 62

To see if the Town will give instructions to its elected Town Officers.

SALE OF FISH RIGHTS

Subsequent Meeting for the Election of Officers

SATURDAY, MARCH 13, 1965

Polls Open 12:00 Noon to 8:00 P.M.

And you are further directed to notify all legal voters to assemble at the Senior High School, Main Street, on Saturday, March 13, 1965, during the polling hours, then and there to act upon the following:

To bring to the Election Officers, their votes, all on one ballot for the following - named officers to wit: One Selectman for three years; one Assessor for three years; one member of the Board of Public Welfare for three years; Moderator, Highway Surveyor and Tree Warden, each for one year; one member of the Board of Health for three years; one member of Board of Water Commissioners for three years; one member of Planning Board for five years; two members of School Committee for three years; Town Collector for three years; Town Treasurer for three years; one Trustee of the William J. Leonard Memorial Library for three years.

You are hereby required to notify and warn said inhabitants of Norwell qualified to vote in town affairs, in case all the articles in the foregoing Warrant shall not be acted upon at meeting called for the eighth day of March, to meet in adjourned session at the Senior High School, Tuesday, the ninth day of March, 1965, Thursday, the eleventh day of March, 1965, and Friday, the twelfth day of March, 1965, at 7:30 P.M. in the afternoon then and there to act upon such of the foregoing articles as shall not have been acted upon on March 8, 1965, or act upon such other articles in said Warrant as the meeting may deem advisable.

You are directed to serve this Warrant by posting a copy thereof, attested to by you in writing, at each of five public places in the Town, seven days at least before the time for holding the meeting called for in the Warrant. Hereof fail not and make due return of this Warrant with your doings thereon to the Town Clerk of said Town on or before the eighth day of March, 1965.

Given under our hands at Norwell this eighth day of February in the year of our Lord 1965.

CHESTER A. RIMMER, Chairman
G. HERBERT REPASS
ERNEST J. MILANI

BOARD OF SELECTMEN

REPORT OF THE ANNUAL TOWN MEETING

MARCH 8, 1965

Pursuant to the foregoing warrant, the Annual Town Meeting opened at 7:45 P.M. on March 8, 1965, at the Senior High School, with 355 registered voters in attendance. The total number checked on the voting sheets during the evening was 558. Since the office of the Moderator was vacant, due to the death of the elected Moderator, Joseph M. Silvia, the Town Clerk acted as Moderator Pro Tem.

Father Robert Canniff of St. Helen's Church offered prayer. The audience stood in tribute to the town officials who had passed on during the year 1964: Mr. John L. Crowley, Chairman of the Board of Assessors; Mrs. Nellie L. Sparrell, former Town Clerk and Town Clerk Emeritus, and School Committee member; Mr. Joseph M. Silvia, Moderator; and Mr. Donald C. Wilder, Town Collector.

Motion made, seconded and VOTED that the reading of the call for the meeting and the articles in the warrant be waived until taken up for action. The Town Clerk read the service of the warrant by the Constable.

The Moderator Pro Tem announced that the office of Moderator being vacant, nominations for the post were in order. Mr. Frederick A. Small was nominated for the post of Moderator. Motion seconded. Motion made, seconded and VOTED that nominations be closed. The main motion, that Mr. Small be nominated, was VOTED. The Town Clerk swore in Mr. Small, and he assumed the conduct of the meeting.

The Moderator appointed the following as tellers: Orville Devine, head teller; Robert Litchfield, Paul Lyons, William Spradlin and James Keaveney. Mr. Robert Broderick was appointed Assistant Moderator, to preside over the assembly in the gymnasium, and was sworn in by the Moderator.

It was VOTED that non-voters be admitted to the meeting and seated in a special section in the gymnasium.

VOTED that this Monday evening, March 8th, session of the 1965 Annual Town Meeting be adjourned at 11 o'clock, except to complete action on any article under discussion at that time.

UNANIMOUSLY VOTED that Article 38 be considered before Article 37 and following Article 36.

ARTICLE 1

VOTED that the Town accept the reports of its officers and committees as printed in the Town Report.

ARTICLE 2

VOTED that the Town raise and appropriate the sums of money as

indicated in the recommended column of the Transcript of Articles in the Warrant and Budget for 1965 for the Town of Norwell and for the purpose as noted for all items in Article 2, excepting Items 7, 26, 47, 60, 61, 83, 92, 146 and 148, and that the Town fix the salaries and compensation of all elected officers of the Town as shown in the recommended column effective from January 1, 1965, as provided by Section 108 of Chapter 41 of the General Laws.

Item 7. VOTED that the Town raise and appropriate the sum of \$17,342.00, Salaries, Town Hall Clerks.

Item 26. Motion made and seconded that the sum of \$2,700.00 be raised and appropriated, Salary, Town Clerk. This was amended, seconded and VOTED to read "raise and appropriate the sum of \$3,000.00, Salary, Town Clerk." The main motion, as amended, was VOTED.

Item 47. Motion made and seconded that the Town raise and appropriate the sum of \$445., Police Department, Capital Outlay. An amendment was made and seconded that the Town raise and appropriate the sum of \$1,470. for this item. The amendment was defeated. The main motion was VOTED.

Item 60. Motion made and seconded that the Town raise and appropriate the sum of \$6,200., Salary, Tree Warden - Superintendent of Public Grounds and Moth Department. Motion made and seconded that the Town raise and appropriate the sum of \$6,000., Salary, Tree Warden - Superintendent of Public Grounds and Moth Department. The amendment was defeated. The main motion was VOTED and the amount of \$6,200.00 was VOTED.

Item 61. Motion made and seconded that no appropriation be made under Item 61 of the Article 2. Motion made, seconded and VOTED that the Town raise and appropriate the sum of \$290. under Item 61 - Capital Outlay - Tree Warden. The main motion, as amended, was VOTED.

Item 83. VOTED that the Town raise and appropriate the sum of \$4,000., Mosquito Control, Expenses.

Item 92. VOTED that the Town raise and appropriate the sum of \$7,250. under Highways, Street Lights.

Item 146. Motion made and seconded that the Town raise and appropriate the sum of \$20,000. for the Reserve Fund. Motion made and seconded to amend this motion by voting to transfer from Free Cash to the Reserve Fund. The amendment was DEFEATED. The original motion to raise and appropriate \$20,000. was VOTED.

Item 148. Motion made and seconded that the Town vote to raise and appropriate the sum of \$360., Memorial Day. Motion made and seconded that the Town appropriate from available funds the sum of \$425.00 for Memorial Day. The amendment was VOTED. The motion as amended, that the Town raise and appropriate the sum of \$425.00 for Memorial Day was VOTED.

ARTICLE 3

VOTED that the Town authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1966, and to issue a note or notes, therefore, payable within one year in accordance with General Laws, Chapter 44, Section 4, as amended, and to renew any note or notes as may be given for less than one year in accordance with General Laws, Chapter 44, Section 17, as amended.

ARTICLE 4

VOTED that the Town raise and appropriate the sum of \$14,300. in anticipation of repayment by the Commonwealth of Massachusetts, for Chapter 81 work on the highways.

ARTICLE 5

VOTED that the Town raise and appropriate the sum of \$19,500. in anticipation of repayment by the Commonwealth of Massachusetts and the County of Plymouth, for Chapter 90 work on the highways.

ARTICLE 6

VOTED that the Town raise and appropriate the sum of \$4,750. in anticipation of repayment by the County of Plymouth for Chapter 90 work on the highways.

ARTICLE 7 and 8

VOTED to postpone action on Articles 7 and 8 until the next Special Town Meeting.

ARTICLE 9

Motion made and seconded to appropriate from available funds the sum of \$2500. for the purchase of a new pick-up truck for the Highway Department. Motion made, seconded and VOTED that the Town appropriate and transfer from the Road Machinery Fund, the sum of \$2,500. for the purchase of a new pick-up truck for the Highway Department.

ARTICLE 10

VOTED that the Town postpone action indefinitely on Article 10.

ARTICLE 11

VOTED that the Town appropriate and transfer \$2,100. from the Road Machinery Fund, and appropriate and transfer \$100. from Free Cash, the total sum of \$2,200. for the purchase of a new V-Body Sand Spreader of approximately six yards capacity for the Highway Department.

ARTICLE 12

VOTED that the Town postpone action indefinitely on Article 12.

ARTICLE 13

VOTED that the Town raise and appropriate the sum of \$2,000. for mix in place surface on Norwell Avenue.

ARTICLE 14

VOTED that the Town raise and appropriate the sum of \$2,000. for mix in place surface on School Street.

ARTICLE 15

VOTED that the Town raise and appropriate the sum of \$2,000. for mix in place surface on Prospect Street.

ARTICLE 16

Motion made, seconded, but DEFEATED, 132 yes, 261 no, that the Town raise and appropriate the sum of \$5,000. for construction of a sidewalk on Main Street in the vicinity of the schools, to be done at the time the road is being built.

Motion made, and seconded, but DEFEATED, to reconsider Article 2, Item 47, Capital Outlay - Police Department.

ARTICLE 17

VOTED to indefinitely postpone action on Article 17. This was questioned and when a standing vote was taken, it was recorded as 253 yes, 154 no.

ARTICLE 18

VOTED that the Town accept Meadow Brook Road as laid out by the Selectmen in accordance with the description and plan presented at a hearing in the Cushing Memorial Town Hall and now on file in the Town Clerk's office, without appropriation.

ARTICLE 19

VOTED that the Town accept Barque Hill Drive as laid out by the Selectmen in accordance with the description and plan presented at a hearing in the Cushing Memorial Town Hall and now on file in the Town Clerk's office, without appropriation.

ARTICLE 20

VOTED that the Town accept Brigantine Way West as laid out by the Selectmen in accordance with the description and plan presented at a hearing in the Cushing Memorial Town Hall and now on file in the Town Clerk's office, without appropriation.

ARTICLE 21

VOTED that the Town accept a part of Till Rock Lane as laid out by the Selectmen in accordance with the description and plan presented at a hearing in the Cushing Memorial Town Hall and now on file in the Town Clerk's office, without appropriation.

ARTICLES 22 and 23

VOTED that action on Articles 22 and 23 be postponed indefinitely.

ARTICLE 24

VOTED that the Town accept an alteration of a part of the present layout of Bowker Street, as laid out by the Selectmen, in accordance with the description and plan presented at a hearing in the Cushing Memorial Town Hall and now on file in the Town Clerk's office, and appropriate and transfer from Free Cash the sum of \$1,000. for the purpose of paying land damages in connection with the alteration. The vote was questioned, and a standing vote was taken - yes 172, no 98.

In accordance with vote taken earlier in the evening, the meeting adjourned at 11 P.M. until 7:30 P.M. on Tuesday, March 9, at the same place.

NELLIE G. TARR,
Town Clerk

ADJOURNED ANNUAL TOWN MEETING
MARCH 9, 1965

The adjourned Annual Town Meeting of the Town of Norwell opened at 7:50 P.M. at the Senior High School with Frederick A. Small, Moderator, with 238 voters checked in. A total of 450 voters were checked on the voting sheets during the evening.

The Moderator appointed new tellers, to replace those unable to attend who were appointed on March 8 - Phillip Snow, Robert Barry and Donald Newton, who were duly sworn to the faithful performance of their duties.

VOTED that permission be granted for Boy Scouts of Troop #176 who were working for their Citizenship Badges to be admitted, also members of the press and resident non-voters.

The Chairman of the Board of Selectmen, Mr. Chester A. Rimmer, pointed out to the Assembly that Mr. G. Herbert Repass was making his last appearance as a member of the Board of Selectmen, because he was not running for re-election. A rising vote of thanks was given to Mr. Repass for his years of service to the Town of Norwell.

ARTICLE 25

VOTED that the Town appropriate and transfer from Free Cash the

sum of \$5,000. to be used by the Permanent Drainage Committee for the replacement of culverts, field engineering and other drainage work throughout the Town.

ARTICLE 26

VOTED UNANIMOUSLY that the Town appropriate the sum of \$40,000. to be expended under the direction of the Permanent Building and Maintenance Committee for the purpose of constructing a town garage on town-owned land from plans developed and supervised by a registered architect, and that to meet said appropriation the sum of \$5,000. be transferred from Free Cash and that the Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow the sum of \$35,000. under authority of General Laws, Chapter 44 and to issue bonds or notes of the town therefor payable in accordance with said Chapter 44 so that the whole loan shall be paid in not more than 20 years from the date of issue of the first bond or note.

ARTICLE 27

VOTED that the Town adopt the following resolution:

WHEREAS The General Court sitting as a Constitution Convention, did on July 16, 1963, give initial approval to a Home Rule amendment to the state Constitution, and

WHEREAS, this bill of rights for local governments requires a second approval by the members of the General Court during this legislative session, and

WHEREAS we, as members of this Town Meeting, feel competent to handle the affairs of our town without strict supervision by the Commonwealth of our every act and deed,

NOW THEREFORE BE IT RESOLVED that this town meeting hereby instructs its representatives to the General Court to vote in favor of the Home Rule proposal (H 1384 of 1963 as revised) when it comes before them.

ARTICLE 28

VOTED that the Town appropriate and transfer from Free Cash the sum of \$2,500.00 for the purchase of a 1965 Station Wagon Police Cruiser to replace the present 1963 Station Wagon Police Cruiser.

ARTICLE 29

VOTED that the Town appropriate and transfer from Free Cash the sum of \$15,000.00 to purchase and equip a new combination Fire Truck for the Ridge Hill Fire Station.

ARTICLE 30

Motion made and seconded that the Town vote to raise and appropriate

the sum of \$4,000.00 to install a two-way radio base station in the Emergency Communications Center and to install two-way radio mobile units in such town-owned vehicles as may be designated by the Emergency Communications Center Board, such radios to operate on a frequency as assigned and approved by the Federal Communications Commission for the use of the Town of Norwell only, and which shall be distinct from the Fire and Police frequencies already in use and which shall be under the control of the Emergency Communications Center Board.

Motion made, seconded and VOTED, 228 yes, 122 no, that the Town raise and appropriate the sum of \$6,800.00 to install a two-way radio base station in the Emergency Communications Center and to install two-way radio mobile units in such town-owned vehicles as may be designated by the Emergency Communications Center Board, such radios to operate on a frequency as assigned and approved by the Federal Communications Commission for the use of the Town of Norwell only, and it shall be under the control of the Emergency Communications Center Board.

ARTICLE 31

VOTED that action on this Article be indefinitely postponed.

ARTICLE 32

Motion made and seconded to amend Article VIII, Legal Affairs of the Town By-laws, by adding Section 6 to read as follows:

Section 6. Improper storage of unregistered, disabled or junked motor vehicles unfit for use.

No such vehicles permanently disabled, dismantled or in any way inoperative shall be stored, parked or placed upon any land in the Town, unless the same shall be within a building or in an area properly approved for the keeping of the same by licensed motor dealers or junk dealers.

The Selectmen's judgment shall be final as to determining whether or not a motor vehicle is permanently inoperable. Penalty for breach whereof shall be in an amount not in excess of \$20.00 for each offense, which may be recovered by indictment, or on a complaint before a district court.

Motion made, seconded and VOTED to amend as follows: "That the Town vote to amend Article VIII, Legal Affairs of the Town By-laws by adding a Section 6 to read as follows:

"No unregistered motor vehicle which has become permanently inoperable and unfit for vehicular use because of being disabled, dismantled, or junked, shall be stored, parked or placed upon any land in the Town, unless the same shall be within a building or in an area properly approved for the keeping of same by licensed motor dealers or junk dealers. Penalty for breach thereof shall be in an amount not in excess of \$20. for each offense, which may be recovered by indictment, or on a complaint before a district court.

"The Selectmen's judgment shall be conclusive in determining whether or not a motor vehicle is permanently inoperable and unfit for vehicular use."

ARTICLE 33

VOTED THAT the Town adopt the following By-Law:

"A committee to be known as the 'Capital Budget Committee' shall be established, composed of two (2) members of the Advisory Board appointed by and from it, one member from the Planning Board, appointed by and from it, and two (2) additional members to be appointed by the Board of Selectmen. One member from the Advisory Board and one at large shall be appointed for one year terms. The other appointees shall be appointed for two (2) years and in the manner of the original appointments. The committee shall annually prepare a Capital Budget Program for use by the Advisory Board, the voters, other town boards and officials in their deliberations. The committee shall publish such a report, or a summary thereof, in a suitable manner in the Annual Town Report and file the original copy with the Town Clerk.

ARTICLE 34

VOTED yes 238, no 1, that the Town amend Section VIII, Subsection B SETBACKS, of the Zoning By-Laws by striking out Paragraph 1, and substituting therefor the following new paragraphs:

- 1a. From Public Ways in Residential District A.
No building shall be erected or placed within 75 feet of the center line, nor within 50 feet of the way line of any public way, except that no building need be set back more than the average setback of the dwellings on either side, a vacant lot to be considered as if occupied by a dwelling set back 75 feet from the center line and not less than 50 feet from any way line.
- 1b. From Public Ways in Residential Districts B and C.
No building shall be erected or placed within 60 feet of the center line, nor within 35 feet of the way line of any public way, except that no building need be set back more than the average setback of the dwellings on either side, a vacant lot to be considered as if occupied by a dwelling set back 60 feet from the center line and not less than 35 feet from the way line.

ARTICLE 35

Motion made, seconded and defeated unanimously to amend Section V of the Zoning By-Laws by deleting paragraph "C" and substituting the following:

C. Multi-family dwellings or apartment buildings shall be permitted in Business District "A" provided that said buildings shall not contain more than eight family units; and the conversion of existing dwellings shall be permitted as provided in Section IV, paragraph A.

ARTICLE 36

Motion made, seconded and DEFEATED UNANIMOUSLY to amend Section VI of the Zoning By-Laws by deleting paragraph "C" and substituting the following:

C. Multi-family dwellings or apartment buildings shall be permitted in Business District "B" provided that said buildings shall not contain more than eight family units and the conversion of existing dwellings shall be permitted as provided in Section IV, paragraph "A".

In accordance with vote taken previously, Article 38 was taken up for consideration before Article 37 and after Article 36.

ARTICLE 38

Motion made, seconded and UNANIMOUSLY DEFEATED that the Zoning By-Laws of Norwell be amended by inserting therein a new Section VIIC entitled "Permits for the Removal of Gravel, Loam, Soil, Clay, Peat and Stone" with sub-sections 1, 2 and 3 thereunder in the exact form printed in the Transcript of Articles in Warrant for this meeting.

ARTICLE 37

VOTED to INDEFINITELY POSTPONE action on Article 37.

ARTICLE 39

VOTED that the Town appropriate and transfer from Free Cash the sum of \$5,000. said sum to be added to the Developing Well and Well Fields Account and to be spent to conduct tests for new water sites or wells.

Motion made, seconded and VOTED to consider Article 41 before Article 40.

ARTICLE 41

VOTED 273 yes, 10 no, that the Town appropriate the sum of \$70,000.00 for the acquisition of land and the construction of a water storage tank (standpipe) of approximately 500,000 gallon capacity, and to meet said appropriation the Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow the sum of \$70,000.00 under authority of General Laws, Chapter 44, and to issue bonds or notes of the Town therefor payable in accordance with said Chapter 44, so that the whole loan shall be paid in not more than twenty years from the date of issue of the first bond or note.

VOTED that the Town postpone action on Articles 40, 42, 43, 44, 45, 46, 47, 48 and 49 until the next special town meeting, such meeting to be held April 12 and for the purpose of appropriating funds for the final plans and specifications for a new elementary school and for the consideration of water and bridge articles.

ARTICLE 50

VOTED that the Town authorize the Town Accountant to close out the unexpended balances of the various appropriations listed under Article 50 which total \$2,681.91.

ARTICLE 51

VOTED that the Town appropriate and transfer from Free Cash the sum of \$150.00 for the purpose of maintaining during the ensuing year Mosquito Control Works, as estimated and certified to by the State Reclamation Board, in accordance with the provisions of Chapter 112 Acts of 1931.

ARTICLE 52

VOTED to accept the report of the Elementary School Site Committee.

“ELEMENTARY SCHOOL SITE COMMITTEE 1964 - 1965”

GENERAL REPORT

The initial meeting of the committee was called by Mrs. Reeser for May 1, 1964. The members of the committee are:

Mrs. Margaret Reeser	School Committee
Prof. Clinton MacCoy	Per. Build. & Maint. Committee
Mr. Richard Caldwell	Norwell Council for Public Schools
Mr. Robert Detwiler	Member at large
Mr. Theodore Love	Planning Board
who resigned and was replaced by	
Mr. John Randall	Planning Board

In accordance with the instructions under article 22 of the Town Warrant of 1964 the committee's duty was to select a site for the construction of an Elementary School. To do this the committee considered the following:

- A) Areas not presently covered by Elementary Schools
- B) School population in the above areas
- C) Building permits issued in space from 1961-1964 in the above areas.
- D) Present and proposed developments in the above areas

Having compiled these data the committee compared the areas of Old Oaken Bucket Road and Church Hill.

- 1) The Old Oaken Bucket Road area included:
Mt. Hope St., Mt. Blue St., Summer St., First Parish Rd.,
Old Oaken Bucket Rd., Cross St., and Parker St., Winter
St., Mill Lane, Central St., and Norwell Ave.
- 2) The Church Hill area included:
Barque Hill, Stetson Rd., Meadowbrook Rd., Tiffany Rd.,

Common St., Pine St., Wildcat Lane, and River St. to Green Street.

The results of the comparison showed the Old Oaken Bucket Road area to be the logical site for the next Elementary School.

The committee personally surveyed the area using the Planning Board's plot plans and topographical maps as guides. The committee used the following criteria for selecting possible sites:

- A) Minimum area of fourteen acres (state requirement)
- B) Freedom from hazards
- C) Safety and convenience of approach
- D) Centrality to area to be served
- E) Elevation and drainage
- F) Probable minimum cost
- G) Minimum site development costs

The sites investigated were:

- A) Old Oaken Bucket Road
 - 1) Lot 102
 - 2) Lot 21 and 19 and 23
 - 3) Lot 89 and 97 and 100
- B) Cross Street
 - 1) Lot 80
 - 2) Lot 79
 - 3) Lot 10
- C) Central Street
 - 1) Lot of 44 acre plot (no number)

The committee, for its own education, investigated areas in the Church Hill location on Stetson Shrine Road and on Pine Street.

The committee decided that lots 100 and 97 on Old Oaken Bucket Road were the most desirable with the above criteria in mind. Obtaining permission from Mr. Leonard Cox to have his land tested, the committee contacted the State Board of Health. The tests were made on 14 Dec., 1964 and the percolation rate was found to be 1" in 5 minutes. The State Board of Health listed this site as "marginal." This term "marginal" being used in all cases where a community lacks a central sewage system.

The committee then planned to test two other sites in February, and also to personally contact the State Board of Health to discuss the drainage of the Cox property.

The committee tested the Haskell and the Weller properties on Cross Street in February.

A member of the committee, Mr. John Randall, met with Mr. Anderson of the State Board of Health to discuss the drainage of these three prop-

erties. Mr. Randall presented a map with the probable location of the school and leaching bed on the Cox property. Mr. Anderson told Mr. Randall that the State Board of Health must test the Old Oaken Bucket site again in April for water table level before the department would give its approval.

The final meeting of the committee was held just prior to the Town Meeting with Mr. Rimmer and Mr. Housely in attendance. It was agreed that the Cox property with a percolation rate of 1" in 5 minutes was good relative to the State's minimum requirement of 1" in 20 minutes. Mr. Rimmer suggested that the Weller and Cox properties be tested for water table along with the High School and Osborn Grade School. Relative to the Cox property, the committee felt that it would be better to take all the 29 acres in that Old Oaken Bucket location rather than leave a few land-locked swamp acreage. The committee also felt that it would be unlikely that the State Board of Health would turn down its site on Old Oaken Bucket Road in April due to the fact that the state (Mr. Anderson) suggested that this site would lend itself to a raised leaching bed installation.

Therefore, we the Site Committee will present to the town a report recommending that the site for the next Elementary School will be on Old Oaken Bucket Road per plan submitted by the Planning Board.

(Signed) Margaret E. C. Reeser, Chairman
 Clinton V. MacCoy
 Robert R. Detwiler
 John A. Randall
 Richard Caldwell, Clerk."

ARTICLE 53

VOTED 297 yes, 1 no, that the Town appropriate and transfer from Free Cash the sum of \$20,000.00 to purchase or take by eminent domain, for use as an elementary school site, approximately 29 acres of land located southerly of Old Oaken Bucket Road, near the junction of Old Oaken Bucket Road, Mt. Blue Street, and Summer Street, being Parcel No. 98, and a portion of Parcel No. 100, as shown on Sheet 9, and a portion of Parcel No. 11, as shown on Sheet 15 of "Atlas of the Town of Norwell."

ARTICLE 54

VOTED that the Town appropriate and transfer from Free Cash the sum of \$10,000.00 to be expended under the direction of the Permanent Building and Maintenance Committee for the purpose of acquiring topographical surveys of town-accepted elementary school sites and preliminary elementary school plans.

ARTICLE 55

VOTED that the Town appropriate and transfer from Free Cash the sum of \$10,000.00 to be expended under the direction of the Permanent Building and Maintenance Committee for the purpose of reconstruction and expansion of the sanitary leaching bed at the Center Elementary School.

ARTICLE 56

VOTED that the Town instruct the Board of Selectmen to appoint a committee of five (5) members, to be known as the Elementary School Site Committee, one from the School Committee, one from the Permanent Building and Maintenance Committee, one from the Norwell Council for Public Schools, one from the Planning Board, and one member at large, with the Chairman to be named by the Board of Selectmen, to select a site for construction of an elementary school building and to present their recommendations for action at the next Annual Town Meeting.

ARTICLE 57

VOTED that the Town appropriate and transfer from Free Cash the sum of \$500.00 for use by the Elementary School Site Committee for the purpose of obtaining preliminary surveys, plans, appraisals, borings, etc., as may be needed to determine the stability of the site proposed for school building purposes.

ARTICLE 58

VOTED to indefinitely postpone action on Article 58.

ARTICLE 59

Motion made and seconded to approve the purchase by the Conversation Commission, of the land of George Farrar at King's Landing, consisting of 14 acres, more or less, for conservation and recreation purposes, for \$10,000, with half the price being assumed by the State. Motion made, seconded and VOTED that the Town approve an application of the Conservation Commission for partial reimbursement under General Laws Chapter 132A Section 11, and the expenditure from the Conservation Fund of \$10,000. for the purchase by said Commission of fourteen (14) acres of land, more or less, of George Farrar at King's Landing as shown on "Plan of Land at King's Landing, Norwell, dated January 4, 1965 (revised) by Loring H. Jacobs, Registered Land Surveyor," except for a portion to the west of the existing roadway to the Lincoln Boat Yard. The motion, as amended, was VOTED.

ARTICLE 60

VOTED that the Town appropriate and transfer from Free Cash the sum of \$60,000. to be added to the Stabilization Fund, as provided by the General Laws, Chapter 40, Section 5B.

ARTICLE 61

VOTED to appropriate the 1964 Dog Tax Refund to the School Department General Education Expenses, in the amount of \$1,325.41.

ARTICLE 62

No instructions were given to the elected Town Officers.

FISH RIGHTS

The Moderator auctioned off the Fish Rights. Fish Right #1 was sold to Ernest J. Milani of Meadow Brook Road for \$6.00. Fish Right #2 was sold to Mrs. James Warren of 171 High Street for \$5.00.

The business of the Warrant having been completed, it was VOTED to adjourn at 11:20 P.M.

NELLIE G. TARR,
Town Clerk

1964	Water Dept. - Hydraulic Ram Attachment	5.00
TOTAL		\$2,681.91

ARTICLE 59 - Conservation Commission. Voted that the Town approve an application of the Conservation Commission for partial reimbursement under General Laws, Chapter 132A, Section 11, and the expenditure from the Conservation Fund of \$10,000.00 for the purchase by said Commission of fourteen (14) acres of land, more or less, of George Farrar at King's Landing as shown on "Plan of Land at King's Landing, Norwell, dated January 4, 1965 (revised) by Loring H. Jacobs, Registered Land Surveyor," except for a portion to the west of the existing roadway to the Lincoln Boat Yard.

ARTICLE 26. It was voted unanimously that the Town appropriate the sum of \$40,000.00 to be expended under the direction of the Permanent Building and Maintenance Committee for the purpose of constructing a town garage on town-owned land from plans developed and supervised by a registered architect, and that to meet such appropriation the sum of \$5,000.00 be transferred from Free Cash and that the Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow the sum of \$35,000.00 under authority of General Laws, Chapter 44, and to issue bonds or notes of the town therefor payable in accordance with said Chapter 44 so that the whole loan shall be paid in not more than 20 years from the date of issue of the first bond or note.

ARTICLE 41. Voted - 273 yes, 10 no, to appropriate the sum of \$70,000.00 for the acquisition of land and the construction of a water storage tank (stand-pipe) of approximately 500,000 gallon capacity, and to meet said appropriation the Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow the sum of \$70,000.00 under authority of General Laws, Chapter 44, and to issue bonds or notes of the Town, therefor payable in accordance with Chapter 44, so that the whole loan shall be paid up in not more than twenty years from the date of issue of the first bond.

I hereby certify the amounts herein contained were raised and appropriated, or appropriated and transferred for the year 1965 at the Annual Town Meeting of the Town of Norwell, held March 8 and 9, 1965.

NELLIE G. TARR

Town Clerk of Norwell

ANNUAL TOWN ELECTION

Pursuant to the foregoing Warrant, the qualified voters met at the Senior High School on Saturday, March 13, 1965, and cast their votes.

Before the opening of the polls, the ballot boxes were checked, found empty and the registers set at 0000. At 11:30 A.M. the following Election Officers were sworn in by the Town Clerk: Wilder A. Gaudette, Warden; Mary McBrine, Clerk; John Piotti, Ballot Box Officer; Mary Jane Clark, Arline DiStasio, Eleanor F. Mitchell, Eleanor G. Benner, John A. Reagan, Sr., Rosemary A. Keaveney, Margaret E. C. Reeser, and Betty L. Long.

The polls were closed at 8 P.M. by the Warden. The 10 absentee ballots were then cast. The ballot box read 1630, but upon checking it was found that one ballot had not registered on the ballot box register. The correct total therefore, was 1631 votes cast.

The Town Clerk swore in the following tellers: Ralph H. Coleman, Agnes Albert, Claire Foulsham, Yolanda Ryan, Catherine Edmonds, John D. Lindsay, Helen M. Marsden, Carol Harding, Emma Oronte, Barbara Farren, Patricia J. Pollock, Barbara J. Benzaquin, Ruth C. Sinowski, Charles W. Bayley, Jr., Ann J. Valair, Dale Barnecott, Alice Feneck, Barbara B. Meacham, Ruth C. Hersey, Marie Nagle, Jean Lantz and Mae Brown.

Upon being counted in open meeting, the results were found to be as follows:

TOWN OF NORWELL

Commonwealth of Massachusetts

WARRANT for Special Town Meeting

Monday, April 12, 1965

At Seven-thirty O'clock in the Afternoon

At the Senior High School

Plymouth, s.s.

To either of the constables of the Town of Norwell, in said County of Plymouth and Commonwealth of Massachusetts,

GREETINGS:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Norwell, qualified to vote in elections and Town affairs, to meet at the Senior High School in said Norwell, on Monday, the twelfth day of April, 1965, at 7:30 P.M., then and there to act upon the following articles, to wit:

ARTICLE 1

To see if the Town will vote to appropriate the sum of \$21,600.00, or any other sum, for the Town's share of the cost of construction of a bridge and approaches to replace the Union Bridge over the North River, and to determine whether the same shall be raised by taxation, by transfers from available funds, by borrowing, or by any combination of the foregoing, or take any other action relative thereto.

Requested by the Board of Selectmen.
The Advisory Board recommends this appropriation.

ARTICLE 2

To see if the Town will vote to appropriate the sum of \$4,500.00, or any other sum, for the Town's share of the cost of modification of the Union Bridge over the North River required by the County Commissioners, and to determine whether the same shall be raised by taxation, by transfer from available funds, by borrowing, or by any combination of the foregoing, or take any other action relative thereto.

Requested by the Board of Selectmen.
The Advisory Board recommends this appropriation.

ARTICLE 3

To see if the Town will vote to appropriate, the sum of \$15,000.00, or

any other sum, to purchase or take by eminent domain for the protection of the Pleasant Street Town Water Sources or well, 88.4 acres, more or less, of land, on the easterly side of Pleasant Street as shown on "Plan of Land for Protection and/or Development of Water Supply - Town of Norwell, June 18, 1936 - by Loring H. Jacobs, Reg. Land Surveyor," and to determine whether the same shall be raised by taxation, by transfer from available funds, or by borrowing, or take any other action relative thereto.

Requested by the Board of Water Commissioners.
The Advisory Board recommends this appropriation.

ARTICLE 4

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$15,000.00 for the acquisition of land and the construction of a foundation for a proposed stand pipe, or act on anything relative thereto.

Requested by the Board of Water Commissioners.
The Advisory Board does not recommend this appropriation.

ARTICLE 5

To see if the Town will vote to establish an additional fee to be added to the existing fee for all building permits for the construction of new buildings, but not to be added to fees for the construction of appurtenances or additions to existing buildings, of an amount equal to $\frac{3}{4}$ of 1% of the cost of such new construction or buildings and to instruct the Treasurer to deposit all monies received from such additional charges in a special account, to be used exclusively for the future expansion of the water storage and pumping equipment for the Town Water System, or act on anything relative thereto.

Requested by the Board of Water Commissioners.
The Advisory Board does not recommend this action.

ARTICLE 6

To see if the Town will vote to appropriate the sum of \$12,500.00, or any other sum, for laying and relaying water mains of not less than six inches, but less than sixteen inches in diameter, in a southerly direction in Prospect Street for a distance of approximately 1900 feet, and to determine whether the same shall be raised by taxation, by transfer from available funds, by borrowing, or by any combination of the foregoing, or take any other action relative thereto.

Requested by the Board of Water Commissioners.
The Advisory Board recommends this appropriation.

ARTICLE 7

To see if the Town will vote to appropriate the sum of \$3,500.00, or any

other sum, for laying and relaying water mains of not less than six inches, but less than sixteen inches in diameter, in a westerly direction in Walnut Road for a distance of approximately 500 feet, and to determine whether the same shall be raised by taxation, by transfer from available funds, by borrowing, or by any combination of the foregoing, or take any other action relative thereto.

Requested by the Board of Water Commissioners.
The Advisory Board recommends this appropriation.

ARTICLE 8

To see if the Town will vote to appropriate the sum of \$15,000.00, or any other sum, for laying and relaying water mains of not less than six inches, but less than sixteen inches in diameter, in Forest Street from the junction of Forest and River Streets to the junction of Forest and Circuit Streets, for a distance of approximately 2200 feet, and to determine whether the same shall be raised by taxation, by transfer from available funds, by borrowing, or by any combination of the foregoing, or take any other action relative thereto.

Requested by the Board of Water Commissioners.
The Advisory Board does not recommend this appropriation.

ARTICLE 9

To see if the Town will vote to appropriate the sum of \$15,000.00, or any other sum, for laying and relaying water mains of not less than six inches, but less than sixteen inches in diameter, in Circuit Street from the junction of Circuit and Pine Streets, for a distance of approximately 2200 feet, and to determine whether the same shall be raised by taxation, by transfer from available funds, by borrowing, or by any combination of the foregoing, or take any other action relative thereto.

Requested by the Board of Water Commissioners.
The Advisory Board does not recommend this appropriation.

ARTICLE 10

To see if the Town will vote to appropriate the sum of \$9,000.00, or any other sum, for laying and relaying water mains of not less than six inches, but less than sixteen inches in diameter, in Old Oaken Bucket Road, from the end of the existing main for a distance of approximately 1600 feet in an easterly direction, and to determine whether the same shall be raised by taxation, by transfer from available funds, by borrowing, or by any combination of the foregoing, or take any other action relative thereto.

Requested by thirteen residents of Old Oaken Bucket Road.
The Advisory Board does not recommend this appropriation.

ARTICLE 11

To see if the Town will vote to appropriate the sum of \$12,500.00, or

any other sum, for laying and relaying of water mains of not less than six inches, but less than sixteen inches in diameter, in Old Meeting House Lane, from the existing main in Main Street for a distance of approximately 2500 feet to the end of the section of the Lane maintained by the Town, and to determine whether the same shall be raised by taxation, by transfer from available funds, by borrowing, or by any combination of the foregoing, or take any other action relative thereto.

Requested by twenty-three residents of Old Meeting House Lane.
The Advisory Board recommends this appropriation.

ARTICLE 12

To see if the Town will vote to appropriate the sum of \$20,000.00 for sidewalks; \$15,000.00 of this amount to be used to construct a sidewalk on the southerly side of Grove Street, from Washington Street to the Westerly sideline of Wilder Road, a distance of approximately 2350 feet, the remaining \$5,000.00 to be used for a sidewalk on Main Street in the vicinity of the schools, and to be done in conjunction with new road surface work, and further to determine whether the same shall be raised by taxation, by transfer from available funds, by borrowing, or by any combination of the foregoing, or take any other action relative thereto.

Requested by the Planning Board.
The Advisory Board does not recommend this appropriation.

ARTICLE 13

To see if the Town will vote to construct a sidewalk on the southerly side of Grove Street, from Washington Street to the westerly sideline of Wilder Road, a distance of approximately 2350 feet, and to raise or appropriate from available funds, for this purpose, the sum of \$15,000.00, or any other sum, or act on anything relative thereto.

Requested by 105 residents of Norwell.
The Advisory Board does not recommend this appropriation.

ARTICLE 14

To see if the Town will vote to approve the purchase by the Conservation Commission, for partial reimbursement under G. L. Chapter 132A, Section 11, of a certain parcel of land consisting of 4,463 acres, for \$1,000.00. Said land now owned by D. B. McKenna is shown on Plan 92 of the 1958 Plymouth County Registry of Deeds, and adjacent to land taken by the Town of Norwell to protect the Well Site on Grove Street. This tract is part of an area being acquired by the Hingham Conservation Commission for the protection of their watershed; or act on anything relative thereto.

Requested by the Conservation Commission.
The Advisory Board will make its recommendation at the Town Meeting.

ARTICLE 15

To see if the Town will vote to reduce the number of members on the

Permanent Building and Maintenance Committee, established at eleven members under Article 29 of the 1962 Annual Town Meeting to develop three projects concurrently, such reduction to be from the original eleven members to seven members, or act on anything relative thereto.

Requested by the Permanent Building and Maintenance Committee.
The Advisory Board will make its recommendation at the Town Meeting.

ARTICLE 16

To see if the Town will vote to raise and appropriate, or appropriate from available funds the sum of \$35,000.00, or any other sum, to be expended under the direction of the Permanent Building and Maintenance Committee for the purpose of obtaining final plans and specifications for the construction and equipping of an 8-12 regular class room Elementary School in a location approved by the School Building Assistance Commission, or act on anything relative thereto.

Requested by the Permanent Building and Maintenance Committee.
The Advisory Board recommends this appropriation.

ARTICLE 17

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$1,000.00, or any other sum, to purchase and install a Fire Alarm Annunciator Panel to be located in the Emergency Communications Center, or act on anything relative thereto.

Requested by the Board of Fire Engineers.
The Advisory Board recommends this appropriation.

ARTICLE 18

To see if the Town will vote to transfer from Free Cash the sum of \$500.00 for use by the Capital Budget Committee for the purpose of obtaining professional services, if necessary, to determine the annual appropriation to reserves or construction required to develop a uniform Capital Outlay tax rate based upon all current and near future projects, and that such determinations shall be established by annual principal and interest costs, reserve balances and rising valuations, and that a continuative schedule of all such factors shall be prepared for use by the Board of Selectmen, the Planning Board and the Advisory Board, or act on anything relative thereto.

Requested by the Board of Selectmen.
The Advisory Board does not recommend this appropriation.

ARTICLE 19

To see if the Town will authorize the use of electronic devices (radar) by the Police Department for the accurate determination of motor vehicle operation speeds, with no appropriation, or act on anything relative thereto.

Requested by the Board of Selectmen.
The Advisory Board does not recommend this action.

You are directed to serve this Warrant by posting a copy thereof, attested to by you in writing, at each of five public places in the Town, seven days at least before the time for holding the meeting called for in the Warrant.

Hereof fail not, and make due return of this Warrant with your doings thereon to the Town Clerk of said Town on or before the twelfth day of April, 1965.

Given under our hands at Norwell this twenty-second day of March in the Year of Our Lord, 1965.

TOWN OF NORWELL

REPORT OF SPECIAL TOWN MEETING

APRIL 12, 1965

Pursuant to the foregoing Warrant, the voters met at the Senior High

School on April 12, 1965, for the Special Town Meeting. There were 209 voters present when the meeting opened at 7:45 P.M. This number was increased to 343 during the course of the evening.

The Town Clerk read the service of the warrant by the Constable, Harland W. Farrar, and it was VOTED to omit the reading of the articles in the transcript of the warrant until they were taken up for action.

The Moderator, David Lee Turner, appointed the following tellers, Orville Devine, Donald Newton, James Macaulay, William C. Bennett, George H. Whitcher, Jr. They were sworn to the faithful performance of their duty by the Moderator.

It was voted to admit resident non-voters and these were seated to the right of the Moderator, in the front row seats on the floor of the auditorium.

ARTICLE 1

VOTED 230 yes, 8 no, that the sum of \$21,600. be appropriated for the Town's share of the cost of construction of a bridge and approaches to replace the Union Bridge over the North River, and that to raise this amount \$1,100. be appropriated from Free Cash and that the Treasurer, with the approval of the Selectmen, be authorized to issue \$20,500. bonds or notes of the Town.

ARTICLE 2

Voted 254 yes, 1 no, that the sum of \$4,500. be appropriated for the Town's share of the cost of additional construction of a bridge to replace the Union Bridge over the North River, and that to raise this amount, the Treasurer, with the approval of the Selectmen, be authorized to issue \$4,500. bonds or notes of the Town.

ARTICLE 3

Voted Unanimously that the Town appropriate the sum of \$15,000. to purchase or take by eminent domain for the protection of the Pleasant Street Town Water Sources or well, 88.4 acres, more or less, of land on the easterly side of South Street as shown on "Plan of Land for Protection and/or development of Water Supply - Town of Norwell, June 18, 1963 - by Loring L. Jacobs, Reg. Land Surveyor," and that to raise this amount the Treasurer, with the approval of the Selectmen, is authorized to issue \$15,000. bonds or notes of the Town under General Laws Chapter 44, Section 8.

ARTICLE 4

Voted that the Town indefinitely postpone action on Article 4.

ARTICLE 5

Voted unanimously that the Town postpone indefinitely action on Article

ARTICLE 6

Voted 225 yes, 26 no, that the Town appropriate the sum of \$12,500, for laying and relaying water mains of not less than six inches, but less than sixteen inches in diameter, in a southerly direction in Prospect Street, from the junction of Grove and Prospect Streets, for a distance of approximately 1900 feet and that to raise this amount the Treasurer, with the approval of the Selectmen, be authorized to issue \$12,500. bonds or notes of the Town under General Laws Chapter 44 - Section 8.

ARTICLE 7

Voted 249 yes, 6 no, that the Town appropriate the sum of \$3,500 for laying and relaying water mains of not less than six inches, but less than sixteen inches in diameter, in a westerly direction in Walnut Road, from the junction of Walnut Road and Prospect Street, for a distance of approximately 500 feet, and that to raise this amount the Treasurer, with the approval of the Selectmen, be authorized to issue \$3,500. bonds or notes of the Town under General Laws Chapter 44 - Section 8.

ARTICLE 8

Article 8 was defeated by a vote of 84 yes, 176 no, that the Town appropriate the sum of \$15,000. for laying and relaying water mains of not less than six inches, but less than sixteen inches in diameter, in Forest Street from the junction of Forest and River Streets to the junction of Forest and Circuit Streets, for a distance of approximately 2200 feet and that to raise this amount, the Treasurer, with the approval of the Selectmen, be authorized to issue \$15,000. bonds or notes of the Town under General Laws Chapter 44 - Section 8.

ARTICLE 9

Voted to postpone indefinitely action on Article 9.

ARTICLE 10

Voted to postpone indefinitely action on Article 10.

ARTICLE 11

Voted 167 yes, 24 no, that the Town appropriate the sum of \$12,500. for laying and relaying of water mains of not less than six inches, but less than sixteen inches in diameter, in Old Meeting House Lane, from the existing main in Main Street for a distance of approximately 2500 feet to the end of the section of the Lane maintained by the Town, and that to raise this amount the Treasurer, with the approval of the Selectmen, be authorized to issue \$12,500. bonds or notes of the Town under General Laws Chapter 44 - Section 8.

ARTICLE 12

Voted to postpone indefinitely action on Article 12.

ARTICLE 13

Voted that the Town raise and appropriate the sum of \$7,500. to construct a sidewalk on the southerly side of Grove St. from Washington St. to the westerly side line of Wilder Road, a distance of approximately 2350 feet.

ARTICLE 14

Voted that the Town approve the purchase by the Conservation Commission, for partial reimbursement under G. L. Chapter 132A, Section 11, of a certain parcel of land consisting of 4.463 acres, for \$1,000. Said land now owned by D. B. McKenna is shown on Plan 92 of the 1958 Plymouth County Registry of Deeds, and adjacent to land taken by the Town of Norwell to protect the Well Site on Grove Street. This tract is part of an area being acquired by the Hingham Conservation Commission for the protection of their watershed.

ARTICLE 15

Voted to reduce the number of members on the Permanent Building and Maintenance Committee, established at eleven members under Article 29 of the 1962 Annual Town Meeting to develop three projects concurrently, such reduction to be from the original eleven members to seven.

ARTICLE 16

Voted 262 yes, 1 no, to appropriate the sum of \$35,000. to be expended under the direction of the Permanent Building and Maintenance Committee for the purpose of obtaining final plans and specifications for the construction and equipping of an 8-12 regular class room Elementary School in a location approved by the School Building Assistance Commission, and that to raise this amount \$15,000. be appropriated from Free Cash and that the Treasurer, with the approval of the Selectmen, be authorized to issue \$20,000. bonds or notes of the Town under General Laws Chapter 44, Section 8.

ARTICLE 17

Voted that the Town appropriate and transfer from Free Cash the sum of \$1,000. to purchase and install a Fire Alarm Communicator Panel to be located in the Emergency Communications Center.

ARTICLE 18

Voted to transfer from Free Cash the sum of \$500. for use by the Capital Budget Committee for the purpose of obtaining professional services, if necessary, to determine the annual appropriation to reserves or construction required to develop a uniform Capital Outlay tax rate based upon all current and near future projects, and that such determinations shall be established by annual principal and interest costs, reserve balances and rising valuations, and that a continuative schedule of all such facts shall be prepared for use by the Board of Selectmen, the Planning Board and the Advisory Board.

ARTICLE 19

Voted to authorize the use of electronic devices (radar) by the Police Department for the accurate determination of motor vehicle operation speeds, with no appropriation.

The business of the warrant having been completed, it was voted to adjourn at 10:15 P.M.

NELLIE G. TARR,
Town Clerk

NELLIE G. TARR
Town Clerk, Norwell

TOWN OF NORWELL

Commonwealth of Massachusetts

WARRANT for Special Town Meeting

Monday, October 25, 1965

At Seven-thirty O'clock in the Afternoon

At the Senior High School

Plymouth, s.s.

To either of the constables of the Town of Norwell, in said County of Plymouth and Commonwealth of Massachusetts,

GREETINGS:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Norwell, qualified to vote in elections and Town affairs, to meet at the Senior High School in said Norwell, on Monday, the twenty-fifth day of October, 1965, at 7:30 P.M., then and there to act upon the following articles, to wit:

ARTICLE 1

To see if the Town will vote to rescind the authority of the Treasurer, with the approval of the Selectmen, to borrow \$20,000.00 for obtaining final plans and specifications, voted under Article 16 at the Special Town Meeting held April 12, 1965, or act on anything relative thereto.

Requested by the Permanent Building and Maintenance Committee.
The Advisory Board recommends this action.

ARTICLE 2

To see if the Town will vote to appropriate \$800,000.00, or any other sum for the construction, original equipment, furnishings and playgrounds of a new expansible 12 class room elementary school, containing special class rooms, administrative areas, library, cafetorium and gymnasium, each adequate to service an additional 12 regular class rooms, and to meet the foregoing appropriation the Treasurer, with the approval of the Selectmen, shall be authorized to issue \$800,000.00 bonds or notes of the Town, pursuant to Chapter 645 of the Acts of 1948 as amended, or act on anything relative thereto.

Requested by the Permanent Building and Maintenance Committee.
The Advisory Board will make its recommendation at the Town Meeting.

ARTICLE 3

To see if the Town will vote to authorize the Permanent Building and

Maintenance Committee to construct, originally equip and furnish a new elementary school and for said purpose to execute and deliver for and on behalf of the Town all contracts and agreements necessary to complete said project, and that said committee shall have full authority to expend for said purpose all legal appropriations heretofore made for said projects at Town Meetings held on March 8, 1965, and April 12, 1965, or act on anything relative thereto.

Requested by the Permanent Building and Maintenance Committee.
The Advisory Board recommends this action.

ARTICLE 4

To see if the Town will vote to appropriate from available funds in the Treasury the sum of \$6,000.00, or any other sum or sums of money to be added to the Water Department Expense and Service Accounts, or act on anything relative thereto.

Requested by the Board of Water Commissioners.
The Advisory Board recommends this appropriation.

ARTICLE 5

To see if the Town will vote to appropriate from available funds in the Treasury the sum of \$3,000.00, or any other sum or sums of money to be added to the Developing Well or Well Field Account and to be spent to install the necessary wells and to conduct pumping tests at new proposed well sites, or act on anything relative thereto.

Requested by the Board of Water Commissioners.
The Advisory Board recommends this appropriation.

ARTICLE 6

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$6,000.00, or any other sum, to be added to the Fire Department Payroll Account, or act on anything relative thereto.

Requested by the Board of Fire Engineers.
The Advisory Board recommends an appropriation of \$4,000.00, as the balance has already been transferred from the Reserve Fund.

ARTICLE 7

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$2,794.00, or any other sum, to be added to the Emergency Communications Center Account to authorize the Emergency Communications Center Board to employ full time personnel, or act on anything relative thereto.

Requested by the Emergency Communications Center Board.
The Advisory Board will make its recommendation at the Town Meeting.

ARTICLE 8

To see if the Town will vote to appropriate from available funds the sum of \$187.25 to be added to the Treasurer's Expense Account, or act on anything relative thereto.

Requested by the Town Treasurer.

The Advisory Board recommends this appropriation.

ARTICLE 9

To see if the Town will vote to appropriate from available funds the sum of \$482.00 for interest in anticipation of Revenue, or act on anything relative thereto.

Requested by the Town Treasurer.

The Advisory Board recommends this appropriation.

ARTICLE 10

To see if the Town will vote to appropriate from available funds the sum of \$500.00 for loan costs, or act on anything relative thereto.

Requested by the Town Treasurer.

The Advisory Board recommends this appropriation.

ARTICLE 11

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$2,000.00, or any other sum, to be added to the Highway-Snow Removal and Sanding Account, or act on anything relative thereto.

Requested by the Highway Surveyor.

The Advisory Board recommends this appropriation.

ARTICLE 12

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$1,200.00, or any other sum, to be added to the Highway-Road Machinery Maintenance and Operation Account, or act on anything relative thereto.

Requested by the Highway Surveyor.

The Advisory Board recommends this appropriation.

ARTICLE 13

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$600.00, or any other sum, to be added to the Highway-Water Service Account, or act on anything relative thereto.

Requested by the Highway Surveyor.

The Advisory Board recommends this appropriation.

ARTICLE 14

To see if the Town will vote to authorize the Town Accountant to close out the unexpended balances of the following appropriations, the purposes of which have been completed, or act on anything relative thereto.

1965 - Police Dept. - New Cruiser	Art. 28	\$ 267.28
1964 - Fire Dept. - New Truck	Art. 19	40.00
1965 - Highway Dept. - New Truck	Art. 9	244.50
1965 - Highway Dept. - Norwell Avenue	Art. 13	10.96
1965 - Highway Dept. - Prospect Street	Art. 15	4.95
1965 - Highway Dept. - New Sand Spreader	Art. 11	115.54
1964 - Elementary School Site Committee	Art. 23	187.38
1963 - Washington St. Cemetery - Equipment	Art. 7	.04

Requested by the Town Accountant.

The Advisory Board recommends this action.

ARTICLE 15

To see if the Town will vote to appropriate the sum of \$30,000.00, or any other sum, for laying and relaying water mains of not less than six inches, but less than sixteen inches in diameter, in Forest and Circuit Streets, from the junction of Forest and River Streets westerly approximately 2200 feet on Forest Street to the junction of Circuit Street, thence southerly on Circuit Street for a distance of approximately 2200 feet, and to determine whether the same shall be raised by taxation, by transfer from available funds, by borrowing, or by any combination of the foregoing, or take any other action relative thereto.

Requested by 249 residents of Norwell.

The Advisory Board recommends this appropriation.

ARTICLE 16

To see if the Town will vote to appropriate the sum of \$31,500.00, or any other sum, for laying and relaying water mains of not less than six inches, but less than sixteen inches in diameter, in Prospect Street from the junction of Main and Prospect Streets, for a distance of approximately 5000 feet, and to determine whether the same shall be raised by taxation, by borrowing, or by any combination of the foregoing, or take any action relative thereto.

Requested by 120 residents of Norwell.

The Advisory Board does not recommend this appropriation.

ARTICLE 17

To see if the Town will vote to appropriate the sum of \$54,000.00, or any other sum, for laying and relaying water mains of not less than six inches, but less than sixteen inches in diameter, in Winter Street at the junction of Winter and Main Streets, to the junction of Winter and Cross Streets, a distance of approximately 5,125 feet, thence in a westerly direction approximately 3,500 feet in Cross Street to the existing main in said Cross Street, and to determine whether the same shall be raised by taxation, by transfer from available funds, by borrowing, or by any combination of the foregoing, or take any other action relative thereto.

Requested by 137 residents of Norwell.

The Advisory Board recommends this appropriation.

You are directed to serve this Warrant by posting a copy thereof, attested to by you in writing, at each of five public places in the Town, seven days at least before the time for holding the meeting called for in the Warrant.

Hereof fail not, and make due return of this Warrant with your doings thereon to the Town Clerk of said Town on or before the twenty-fifth day of October, 1965.

Given under our hands at Norwell this twenty-seventh day of September in the Year of Our Lord, 1965.

CHESTER A. RIMMER, Chairman
ERNEST J. MILANI
RICHARD A. HOUSLEY

BOARD OF SELECTMEN

A true copy - attest

Constable

RECORD OF SPECIAL TOWN MEETING, OCTOBER 25, 1965.

Pursuant to the foregoing warrant, the registered voters of the Town of Norwell met at the Senior High School on October, 25, 1965. With the Moderator, David Lee Turner, presiding, the meeting opened with 265 registered voters present. This number was increased to 315 during the evening.

Francis Logue, James Macaulay, Richard Messinger and Horace Ross were appointed as tellers by the Moderator, and sworn to the faithful performance of their duty.

The return of service of the warrant by the Constable was read by the Town Clerk. It was VOTED to omit the reading of the articles until taken up for action. It was VOTED to admit visitors.

ARTICLE 1

VOTED to rescind the authority of the Treasurer, with the approval of the Selectmen, to borrow \$20,000.00 for obtaining final plans and specifications, voted under Article 16 at the Special Town Meeting held April 12, 1965.

ARTICLE 2

VOTED 272 yes, 10 no, to appropriate for constructing, originally equipping and furnishing a new elementary school, including playgrounds and other site development as described in the article, and that to raise this amount the treasurer, with the approval of the Selectmen, be authorized to borrow \$ 800,000.00 under Chapter 645 of the Acts of 1948 as amended.

ARTICLE 3

VOTED UNANIMOUSLY to authorize the Permanent Building and Maintenance Committee to construct, originally equip and furnish a new elementary school and for said purpose to execute and deliver for and on behalf of the Town all contracts and agreements necessary to complete said project, and that said committee shall have full authority to expend for said purpose all legal appropriations heretofore made for said projects at Town Meetings held on March 8, 1965 and April 12, 1965 and October 25, 1965.

ARTICLE 4

VOTED to appropriate from Free Cash the sum of \$6,000.00 ----- \$3,000.00 to be added to the Water Department Service Account and \$3,000.00 to be added to the Water Department General Expense Account.

ARTICLE 5

VOTED that the Town appropriate the sum of \$3,000.00 from Free Cash to be added to the Developing Well or Well Field Account and to be spent to install the necessary wells and conduct pumping tests at new proposed well sites.

ARTICLE 6

VOTED to appropriate the sum of \$4,000.00 from Free Cash to be added to the Fire Department Payroll Account.

ARTICLE 7

VOTED to appropriate from Free Cash the sum of \$2,794. to be added to the Emergency Communications Center Account and to authorize the Emergency Communications Center Board to employ full time personnel at the Communications Center.

ARTICLE 8

VOTED to appropriate from Free Cash the sum of \$187.25 to be added to the Treasurer's Expense Account.

ARTICLE 9

VOTED to appropriate from Free Cash the sum of \$482. for interest or borrowings in anticipation of Revenue.

ARTICLE 10

VOTED to appropriate from Free Cash the sum of \$500.00 for loan costs for the water standpipe, water main installations and garage bonding voted by the Town, in 1965.

ARTICLE 11

VOTED to appropriate from Free Cash the sum of \$2,000.00 to be added to the Highway Snow Removal and Sanding Account.

ARTICLE 12

VOTED to appropriate from Free Cash the sum of \$1,200. to be added to the Highway Road Machinery Maintenance and Operation Account. VOTED that action on Article 13 be taken up after Article 17.

ARTICLE 14

VOTED to authorize the Town Accountant to close out the unexpended balances of the appropriations listed under Article 14 and totalling \$870.65.

ARTICLE 15

VOTED 235 yes, 20 no, that the sum of \$30,000. be appropriated for laying and relaying water mains of not less than six inches, but less than sixteen inches in diameter, in Forest and Circuit Streets, from the junction of Forest and River Streets westerly approximately 2200 feet on Forest Street to the junction of Circuit Street, thence southerly on Circuit Street for a distance of approximately 2200 feet and that to raise this amount the Treasurer with the approval of the Selectmen is authorized to borrow \$30,000. under G. L. c.44, s8 as amended.

ARTICLE 16

VOTED 229 yes, 19 no to appropriate the sum of \$31,500. for laying and relaying water mains of not less than six inches, but less than sixteen inches in diameter, in Prospect Street from the junction of Main and Prospect Streets, for a distance of approximately 5000 feet, and that to raise this amount the treasurer with the approval of the Selectmen is authorized to borrow \$31,500. under G. L. c44, s8 as amended.

ARTICLE 17

VOTED 238 yes, 10 no, to appropriate the sum of \$54,000. for laying and relaying water mains of not less than six inches, but less than sixteen inches in diameter in Winter Street at the junction of Winter

and Main Streets, to the junction of Winter and Cross Streets, a distance of approximately 5,125 feet, thence in a westerly direction approximately 3,500 feet in Cross Street to the existing main in said Cross Street, and that to raise this amount the Treasurer with the approval of the Selectmen is authorized to borrow \$54,000. under G. L. c44 s8 as amended.

ARTICLE 13

VOTED to appropriate from Free Cash the sum of \$4,000. to be added to the highway Water Service Account.

Th business of the warrant having been completed, it was VOTED to adjourn at 9: 05 P. M.

Attest:
NELLIE G. TARR,
Town Clerk.

REGISTRATION OF VOTERS

QUALIFICATIONS; Must have been a resident of the Commonwealth of Massachusetts for one year.

Must have been a resident of the Town of Norwell for six months.

Must have attained the age of 21 by the time they exercise their franchise to vote.

Some evidence must be shown proving six months residence, such as a receipted utility bill, dated six months previously, showing the Norwell address. If a naturalized citizen, citizenship papers must be presented at the time of registration. Final papers must be presented.

Any qualified resident may register with the Town Clerk any weekday during the year, except Saturday, or on a Monday night from 7:00 to 9:00 P. M., and those days during which registrations are closed by law. The Board of Registrars are also in special session previous to elections and primaries.

As of November 19, 1965, there were 3,068 registered voters in the Town of Norwell. There were 1,051 registered Republicans, 409 registered Democrats and 1,608 unenrolled voters.

Nellie G. Tarr,
Town Clerk
and
Clerk of the Board of Registrars

REPORT OF THE TOWN FOREST COMMITTEE

The Town Forest of Norwell at the present time is not adequate. It consists of twenty-nine (29) acres split into three sections in various parts of the town, and in our opinion the acquisition of more land is imperative. Several hundred acres are needed for a town of our size, especially in view of the tremendous growth in population ahead.

The Committee solicits gifts of parcels from the citizens which could be used to amplify our present areas.

Respectfully submitted,

D. Frank Mederos, Chairman
Paul C. Rasmussen
Joseph K. Collins
Wesley H. Osborne, Jr., Ex Officio

REPORT OF THE TREE WARDEN, MOTHS SUPERINTENDENT
AND SUPERINTENDENT OF PUBLIC GROUNDS

To the Citizens of the Town of Norwell:

More than any one factor, which affected the activities of the Tree and Public Grounds Departments this year, was the extreme drought condition which existed in this and surrounding areas. Most of our work concerns the growing and maintenance of trees, shrubs and grass, all of which largely depend on at least normal rainfall for satisfactory development.

A total of seventy-two (72) roadside trees were planted this year in Norwell. Because of the drought this operation cannot be fully evaluated until another growing season. The following species of trees were used for street plantings this year: Sugar Maple, Norway Maple (several varieties), Red Maple, Red Pine, Flowering Crab and Flowering Cherry.

Not only has the past drought affected new tree plantings, but it has also caused damage to old established roadside trees, particularly Sugar Maples. I believe that this is the prime factor causing the deterioration of some of these trees.

The Dutch Elm Disease continues to take its toll of elm trees. The number of trees affected is fewer, but only because there are fewer remaining elms. There has been some work done in the use of systemics, the injection of insecticides into elm trees to control the Dutch Elm Disease. Your Tree Department is aware of this development and has taken an active part in this experimental work. Results to date indicate the need for refinements in this operation, if results are to be satisfactory.

Again there were no serious outbreaks of tree-feeding insect pests in Norwell this year. The usual insect population was present, but we believe the spray program employed is both a safe and satisfactory method for control of these insects.

The maintenance of the grounds of the Washington Street Cemetery were placed under the supervision of the Tree Warden this year. A program of fertilizing, liming, mowing and general maintenance was carried out with the co-operation of the Washington Street Cemetery Committee. We believe this has proven to be a satisfactory arrangement to all concerned.

In 1965 the Town provided a section of the new Town Garage for use by the Tree and Public Grounds Departments. This is the first time that these departments have had an area where heat, light and power are available. For this I wish to thank the citizens of Norwell and assure them that these facilities will be used to increase the service and efficiency of these departments.

May I again remind the citizens of Norwell that I am available to assist them with any tree or related problems they may have.

In closing I wish to thank the other town departments for their help and co-operation.

Respectfully submitted,

Wesley H. Osborne, Jr., Tree Warden
Moth Superintendent and Supt. of Public Grounds

REPORT OF THE VETERANS AGENT AND VETERANS SERVICE OFFICER

Board of Selectmen
Norwell, Mass.

Gentlemen:

During the past year many changes effecting Veterans and their dependents have occurred. Disability Compensation rates have been increased, A program of Medi-Care has been inaugurated, The Manpower Development Training Act was established, and a new Insurance law for Veterans was enacted.

Information pertaining to these developments can be obtained from this office by telephoning Agent any evening after 6:00 p.m. The phone number is listed under the town offices in your local directory.

For the year 1965 this department expended a total of \$4,602.09 from an original appropriation of \$5,575.00 Thus a return to the town of \$972.91 is anticipated. To date the state has reimbursed the town, 50% for the months of January and February only. The remaining ten months is still due the town.

As of Mid-December, 1965, the State office of Commissioner of Veterans Services has moved to their new location at: State Office Building Government Center, 100 Cambridge Street, Boston.

In the coming year this Agent expects increased activities and expenditures, due to the new developments in the area of Veterans Affairs. Already two new applications have been received and are being processed. The impact of the war in Viet-Nam has not yet been felt in terms of what benefits our men fighting there will receive; however it is to be expected some benefits will accrue to them in the not too distant future.

This agent wishes to take this opportunity to particularly thank Town Office Manager; Harry Chase and the secretaries in the town office for the aid they have rendered this agent in the past year. Also the help and cooperation received from all town officials at all times has been greatly appreciated.

Very truly yours,

Leonard W. Rowe, Jr.
Veterans Agent

REPORT OF THE VISITING NURSE ASSOCIATION OF NORWELL

To the citizens of Norwell:

What has the Norwell Visiting Nurse Association done to promote health in Norwell during 1965?

1. Given the services of a full time nurse for bedside nursing, and part-time nurses when necessary.
2. Furnished a car for the full time nurse.
3. Loaned hospital beds, walkers, wheel chairs, crutches, commodes and other bedside materials.
4. Given a Nursing Scholarship to a Norwell High School Senior. Recipient 1965 - Miss Cheryl Wilder.
5. Maintained a monthly Well-Child Clinic under the direction of a qualified pediatrician.
6. Given the services of a dental hygienist to the Junior High School.
7. Assisted the Board of Health at clinics.

What do the citizens of Norwell do to aid our Health Program?

1. Become a member of the Association by paying a nominal fee.
2. Furnish materials and assistance for our two rummage sales - our main source of revenue.
3. Volunteer for services and transportation at clinics.

It is with deep regret that we announce the resignation of our efficient and loyal President, Mrs. Grace Sparrell. She has served the town for over thirty years and has our deepest gratitude.

We also thank the Sparrell Funeral Service for the use of their buildings for storage. This valuable service will continue.

To the Townspeople, many thanks for your great consideration. I refer you to the reports of the Treasurer and the Health Nurse.

Respectfully submitted,

Lois C. Turner,
Vice-President

REPORT OF THE WASHINGTON STREET CEMETERY COMMITTEE

Board of Selectmen
Norwell, Mass.

Gentlemen:

The Washington Street Cemetery Committee reports that during 1965 the surveying has been completed and we now have the necessary markers for the various sections and lots.

New water pipes have been installed and we plan to add more in 1966. Also, it is our plan to have the roads in the cemetery repaired.

Any questions or suggestions are welcome.

Respectfully submitted,

Wilder A. Gaudette
William D. Jacobs
John R. Reardon

REPORT OF THE BOARD OF WATER COMMISSIONERS

Board of Selectmen
Norwell, Massachusetts

Gentlemen:

At the Special Town Meetings held in the year 1965 the Water Board was authorized to install water mains in the following streets:

April 12th Meeting:

Prospect Street extension from Grove St.
Walnut Street.
Old Meeting House Lane.

October 25th Meeting:

Cross Street extension.
Winter Street.
Prospect Street extension from Main St.
Forest Street extension from River Street.
Circuit Street extension from Forest Street.

The mains are now installed and except for a short distance on Winter Street are in service.

At the 1965 March Meeting the Town voted under article 39 to appropriate monies for test well work. The Department proceeded with this project and has tested 34 locations. This required the drilling of 126 test wells. This effort yielded three and possibly four locations that might be used for new wells. One of these locations is undergoing a pumping test to determine if its capacity can be maintained and also the chemical properties of the water.

Because of the growth of the Town and the prolonged drought, it is most urgent that new water sources be found and put into service.

This year 170 new services were installed. The system is now supplying 1,255 customers and in 1965, 128,134,000 gallons of water was pumped from the Town's wells.

We plan to have a more detailed report of the Department's activities for the March Meeting.

We wish to thank other Town Boards for their interest and cooperation.

All interested Townspeople are invited to attend any of our weekly meetings.

Respectfully submitted,

Board of Water Commissioners
Augustine J. Thibodeau, Chairman
Jacob Lee Turner
Edward F. Walsh

REPORT OF THE WILLIAM J. LEONARD MEMORIAL LIBRARY

Norwell Board of Selectmen
Norwell, Mass.

Gentlemen:

We wish to report that 1965 has seen a 15% increase in circulation over 1964, and a 95% increase over 1963. 4,933 Adult and 9,537 Juvenile books circulated in 1965.

In 1965, 545 books were purchased and 211 books in excellent condition were donated by the generous people of Norwell. A set of Compton's Encyclopedias were purchased. This now gives us Encyclopedias at the Jr. High level and one at High School level, with an older set for circulation.

Aluminum screens were donated by the librarians; storm door and new lighting were purchased. In 1965 we are planning to put down tile flooring.

A re-registration system was set up in 1964 and 218 new cards were issued, - 162 Student and 56 Adult. This will be done every three years and enable us to keep an active file of borrowers. Reading Certificates were given all students who participated in our Summer Reading Program.

The librarians have struggled all year, as they have in the past, with a housing problem. It is more than evident that the Leonard Library has outgrown its present location. The population has more than tripled since 1945 when the present location of the library was built, and we are still in a room 13 1/2 feet by 22 feet. Our library feels the pressure of student use and we have one study table which seats four, and how much studying can be done with the busy circulation desk only a few feet away! This condition leaves little area for our adult readers to browse in. We have simply run out of space.

The kind of library you have depends on the will of the people. If you have any ideas or suggestions about plans for a better library, let them be known. Your children are our future citizen-leaders and they deserve a better library. Give the libraries your support.

The Leonard Library would like to establish a Memorial Book Service. Donations of a book or books in memory of a loved one or friend would enrich the library to others and would be serving a useful public need. You would be choosing the finest expressions of commemoration.

We wish to thank all of those people who have presented gifts of books. The courtesies extended us by Combination No. 2 of the Fire Department and Gaudettes Service Station are greatly appreciated.

The Leonard Library is now open 15 1/2 hours a week and a cordial welcome is extended to all Norwell residents to come and visit with us. Our most helpful librarians are always ready to serve you.

Respectfully submitted,

Mildred M. Carr, Librarian and Trustee
Lorraine Duty, Trustee
Claire Foulsham, Trustee

REPORT OF THE ZONING BOARD OF APPEALS

In 1965 the Zoning Board of Appeals held nine (9) public hearings on petitions for variance of the Zoning By-Laws of the Town of Norwell.

The following are the hearings held and the results thereof:

Malcolm S. Blake - For permission to erect a dwelling on a lot having insufficient frontage on an approved way.
Petition denied.

William L. Bailey - For permission to erect a dwelling on a lot having insufficient frontage on an approved way.
Petition denied.

Joseph R. Dillon - For permission to erect a dwelling on a lot having insufficient area.
Petition denied.

Stanley R. Fogg, dba Fogg Contracting Service Inc., for permission to erect dwellings on lots having insufficient area and frontage.
Petition denied.

Norwell Swim and Tennis Club - For permission to erect a private swimming and tennis club in a residential area.
Petition denied.

Gilbert A. Cummings - For permission to place and occupy a mobile home on his property off Winter St. for the period of one (1) year.
This being a hardship case, permission granted for the one year period.

Ronwell Company, Inc. - For permission to erect a dwelling on a lot having insufficient frontage on an approved way. Since this lot was established by deed and plan prior to the adoption of the Zoning By-Laws, permission granted.

Eben D. Mosman - For permission to erect a dwelling on a lot having insufficient frontage on an approved way.
Decision pending - awaiting further information from the petitioner.

Norwell Sand & Gravel, Inc. - For permission to erect a building for non-conforming use in a residential zone.
Petition withdrawn on day of scheduled hearing.

Respectfully submitted,

Zoning Board of Appeals
Stanley H. Richards, Chairman
Earle M. Newton, Sec'y
Edwin R. Trafton

REPORT OF THE BOARD OF ASSESSORS

To the Citizens and Taxpayers of Norwell:

The Board of Assessors of Norwell and the taxpayers have had their first year under the new formula of full and fair cash value. In most cases the taxpayer has been most understanding and reasonable. It has been a very difficult transition, not only for the taxpayer, but also for the assessors. We had a great influx in requests for abatements, but we found that after explanation, most taxpayers understood that it was our obligation to go to full and fair cash value. We have been tested in Appellate Tax Board several times and have found that we were upheld in our decisions as far as value was concerned. Taking all into consideration, the majority of the board feels that we did the just and sensible thing by going to full and fair cash value.

During the past year the law concerning Clause #41 or the Exemption from Real Estate Taxes by Certain Elderly Persons, was changed by the Legislature. This took place after Norwell had set its tax rate and in turn has effected the overlay account for 1966. The voters at the Annual Town Meeting in March of 1967 will be asked to raise approximately \$10,000.00 to cover this deficit in the overlay account. The Board of Assessors sought an opinion from Town Counsel on this matter, and it was his advice that since the Attorney-General had stated that this law should become effective in 1966, the Board recalled all previous denials and reprocessed the Elderly exemptions. It is the feeling of the Board that these people were entitled to their exemptions in full. This, coupled with the Veterans Exemptions, cost Norwell taxpayers approximately \$26,000, as compared to \$12,000 the previous year.

In 1966 the Board put into effect their new card system. This system, which is by street, together with map blocking, has been a great aid in field work and in making comparisons of property relative to value. The next step in this system will be to plot the buildings on the lots by dimension. This phase will commence in 1967. This system is the basis for a master plan of book atlases which are used by larger cities and towns. The Board feels that it is the best time to start this system while Norwell is small and keep it current thereby making it far less costly. This Atlas will not only benefit the Board of Assessors, but also the Water, Fire and Police Departments. This, coupled with the street numbering, will give Norwell an excellent Atlas System.

The sales tax that went into effect in April 1966 has regretablely fallen far short of its expected help to cities and towns. At this time it would seem in order for the Board of Assessors, since they set the tax rate, to caution the people on over-spending at the up-coming town meeting.

The Board of Assessors wishes to express its sincere appreciation to all Norwell citizens for their understanding, cooperation and patience.

Respectfully submitted,
BOARD OF ASSESSORS
Francis L. Logue, Chairman
James E. Macaulay
Stanley N. Baker

REPORT OF THE ATHLETIC FIELD COMMITTEE

Board of Selectmen
Norwell, Massachusetts

Gentlemen:

Whitman & Howard Engineering Company submitted plans for athletic fields to be constructed on present town owned land adjacent to the high school. This land was found to be suitable for athletic facilities. The committee submitted these plans to the School Committee and they received their approval.

To save the town money by receiving state aid the athletic fields could be built in conjunction with the addition to the high school. At this writing, money for the high school addition has not been voted by the town.

Respectfully submitted,

Arthur A. Raymond - Chairman
William C. Bennett
J. Peter Hall
Richard L. McBrine
Robert R. Reed

REPORT OF THE BOARD OF HEALTH

Major emphasis was placed on updating the school health program and on improving the control of household sewage disposal. Important progress was made in both areas.

A School Health Advisory Committee was appointed to provide professional guidance for the school health program and for the purpose of coordinating the efforts of the School Committee and the Board of Health. The Board of Health appointed the following individuals for this committee: Dr. Willis R. Keene (chairman), Dr. Richard B. Kearsley, Dr. Raymond G. Vinal, Mr. Richard Hamilton, and Mr. J. Peter Hall. Though the Board of Health has final responsibility for the school health program, the School Health Advisory Committee will advise the Board of Health on medical and educational matters related to school health. It will also screen all applications for school nurse, dental hygienist and school physician.

The School Health Advisory Committee met several times for the purpose of defining the goals of the school health program and to interview applicants for dental hygienist and parttime school nurse. It was decided that the school health program should emphasize health education as well as the prevention and early detection of physical and psychological abnormalities. It was generally agreed that the program should be directed especially toward the earlier elementary grades because the educational efforts would be most productive in the earlier years and because existing physical and psychological handicaps should be corrected early in the child's educational career so that these handicaps would not interfere with his educational development.

A curriculum for the school health education program has not been finalized, but curricula suggested by the National Health Council, the School Health Education Study, and the American Medical Association are under consideration. It is already clear, however, that a meaningful program cannot be accomplished without first hiring individuals qualified in this area of instruction. The Board of Health is, therefore, asking for additional funds so that an experienced school nurse with a B.S. degree and educational credits can be hired for the term beginning September, 1967. It is anticipated that professional consultants will also participate in the instructional program.

The school dental health program has been revised, again, to place major emphasis on dental education in the earlier elementary grades. The School Health Advisory Committee suggested that the Board of Health not employ a school dentist, but increase expenditures for dental hygienists who should provide dental health instruction, dental inspections, and perhaps fluoride treatments. The Board of Health voted these recommendations and appointed Dr. Charles Rounds to serve with the School Health Advisory Committee as dental advisor. The Board of Health and the School Health Advisory Committee wish to remind the town that no school dental program will be nearly so effective in the prevention of dental caries as would be the addition of fluoride to town water sources. We urge that this be done without delay.

Applications for household sewage disposal permits continue to provide the Board of Health with its most perplexing problems. Proper enforcement of the sanitary code often requires defining the almost indefinable, such as swamp, filled land, flood plain, stream, impervious material, wet land, etc. For example, filled land is suitable for sewage disposal only when the fill is applied according to specifications contained in the general laws. However, no definition of what constitutes filling accompanies these regulations. The Board of Health has solved this dilemma by disallowing sewage disposal into lots where fill must be applied for the construction of an adequate septic system, but many other facets of the sanitary code continue to provide problems for the Board and uncertainties for the builder. Quality control in the design of septic systems has been improved by requiring that percolation tests and designs for all new systems be made by a registered engineer. The Board is now attempting to improve the quality control of construction by having qualified individuals available at all times for immediate inspection of new and renovated systems.

Mr. Gunderway continues to do an excellent job in managing and maintaining the town dump. We wish to express our appreciation to him and to request the continued cooperation of users so that the dump will remain one of the most economical and best kept dumps in this area.

Willis R. Keene, Chairman
Charles Ford
Katherine Fuller, Secretary

Number of Well-child Conferences	9
Number of Immunization Clinics	27
Number of follow-up visits for hospitals and clinics	17
Number of Conferences with Public Health Officials	9

Respectfully submitted,

Catherine A. Roe

REPORT OF THE BOARD OF SELECTMEN

The Town of Norwell, like many other towns of its size 20 years ago, has grown from a very small town into a suburban community and will continue to grow.

We, along with most other towns in similar circumstances, have been so burdened by school construction and operational costs that Administrative and functional needs of Town Government have been ignored, generally in the attitude that these requirements can be continuously postponed.

This approach finally collapses but only after some years of improvisation and inefficiencies and eventually expensive and excessive projects are voted frequently more than is required.

We believe that this transition in the status of our town and the resulting facility needs is a condition that commands the attention of all taxpayers and that it is the responsibility of the Board of Selectmen to present the nature of the problem to you for your consideration and supported by a realistic, comprehensive and objective solution and most importantly within the capacity of the taxpayer to meet the costs.

The cost of all projects in such a solution should be financed by bonding over the maximum allowed period as by this method future taxpayers will participate in the burden of additional facilities principally required by this added population.

The Board of Selectmen, cognizant of the growth pattern of the town, considers that the consequential and unavoidable expanded facility requirements should be planned for a uniform tax burden over the next few years, avoiding the significant irregularities in the tax rate resulting from random capital outlay appropriations.

In our opinion the town will soon realize that the need for certain projects is imminent and they will be provided for before 1975. An analysis of the financial costs of the required program demonstrates that with proper planning these costs by themselves will not be responsible for any significant increase in the tax rate.

This seeming paradox can be accomplished by intense planning and the scheduling of projects based upon the effect of the following factors in the near future years.

- 1) Partial termination of net principle payments
- 2) Annual reduction of interest on outstanding debt
- 3) Rising valuations (new construction only)
- 4) Prudent increase in per capita debt.

The Board has developed a plan for 1967 thru 1975 with the resulting total tax burden for capital outlay in each year, based upon 1965 valuations plus new construction, equal to or less than the 1965 actual burden for the same expense category. In substance, the proposed plan or guide to capital outlay will not require any increase in the tax rate.

1967 - 1975 PROPOSED CAPITAL OUTLAY GUIDE PROVIDES FOR

ANNUAL APPROPRIATIONS

Road Reconstruction
Equipment
Side Walks
Well Development
Drainage
Principal
Interest
Emergency Service
Stabilization Fund
Land Taking

PROJECT APPROPRIATIONS

High School Addition
Athletic Fields
Junior High Conversion
Vinal School Addition
Town Hall Addition
Central Fire Station
Police Station
Water Tower
Water System Completion
Water-Park Dept. Garage
Wet Land Acquisition
Library

The timing of the projects has been determined according to their relative need, grouped wherever it is financially advisable to do so and stabilization fund appropriations have been scheduled to qualify for School State Matching Grant funds.

This plan with its provisions for future growth should take care of our needs for many years or to such an extent that the cost of any unforeseen requirement would not be an oppressive burden on the taxpayer.

MUNICIPAL BUILDINGS

The Town of Norwell fortunately was given its Town Hall and the funds to maintain it. This building has been adequate for 30 years but it cannot be expected to serve the needs of the town expanding from 2500 to over 10,000 in the near future. However, it can be made more than adequate for this growth by a simple addition and retaining the use of all present areas.

This has been proposed before but the town failed to appropriate the necessary funds by a 2/3 vote. No significant objections were ever raised against the principle of an addition but only on a prefatory examination of a schematic plan never intended for construction.

For this reason the Board of Selectmen suggested and the town voted to employ architects and planning engineers to develop preliminary costs, plans and recommendations for an addition adequate for our future needs.

This has been accomplished and every interested Board and Committee were given whatever opportunity they requested to present their individual requirements to the consultants for their consideration.

A central fire station preliminary plan approved by the Board of Fire Engineers was developed under the same circumstances which would be located in the rear of the present Central Station.

Preliminary plans for a Police Station have been developed either as a separate building or as a wing to a single story fire station.

The preliminary plans and costs for each of these projects separately or in combination will be available before the town meeting along with the recommendations of the Consultants and the Board of Selectmen.

The present Annex and fire station are in a most unsatisfactory condition and substantial repairs must be made at once if these buildings are to be used for any length of time. The Annex is an old dwelling house and is not in any way suited for municipal use and it cannot be remodelled to serve our growing needs.

There is a contract price and supervision cost advantage to develop all three projects at one time and there is no significant tax advantage in separating the projects 1 or 2 years apart as the interest and principal will soon be due on all three in the same year.

Although the cost of all three projects is substantial it is less than 80% of one addition to an elementary school and the cost will be spread out over 20 years. In addition the burden of all of these 3 municipal buildings has been included in the Capital Outlay plan.

WET LANDS

There are many acres of wet land in the town of Norwell which in their present state are unsatisfactory for building purposes. Construction in these areas can result in the need for a costly municipal sewage system and there could be pollution of our public water supply.

The Board of Selectmen does not consider that present statutory regulations prevent the use of this land and that our interests can only be protected by the outright purchase of the swamps.

We have sponsored a Wet Land Study Committee to investigate the possibility of our qualifying for State and Federal Grants under the Open Space and Conservation programs.

The Capital Outlay plan provides for our share of the cost should we decide to apply for Federal or State assistance if we meet the requirements and accept the conditions.

The Board has fulfilled all its responsibilities as outlined in our 1965 Annual Report and in addition has directed its efforts as evidenced by the foregoing.

Chester A. Rimmer, Chairman
Ernest J. Milani
Richard A. Housley

REPORT OF THE CIVIL DEFENSE AGENCY

The replacement of the aged ambulance remains a matter of great importance to the residents of our Town. We have been fortunate this year that no serious mechanical problems have occurred, but the general deterioration continues and soon the vehicle may not meet inspection standards. The purchase of a new ambulance was approved by the Advisory Board last year, but certain questions regarding the type of vehicle arose at the March meeting and action was postponed until the next special or regular meeting which now means next March. The article calling for a new ambulance will again be inserted in the warrant.

Under an agreement between the Massachusetts Hospital Association and the Massachusetts Civil Defense Agency, the so-called Pre-packaged Hospital stored at our headquarters at the Osborn School has been assigned to the South Shore Hospital for its use, or use in a disaster area, when and if a serious emergency should occur. This is a great help to us all as it means that the 200 bed hospital will be used under the direction of the South Shore Hospital and its trained staff at a location - such as at the Osborn School itself - to be designated at the time of need. The custodianship and care of the hospital unit remain with this Town agency, but its use will be under the direction of the Hospital. This is a great improvement over the old uncertainty of who would operate the hospital at time of need.

The past year was again a good one in that no major emergencies occurred, requiring the calling out of our Auxiliary Police and other trained units. However, training was continued, there having been two First Aid courses this year. It is unfortunate that we are unable to take more advantage of courses given by the State Agency, but all of our Auxiliary Police and Firemen have jobs from which they cannot get away and the Police are handicapped by a shortage of men. We also need several people who are interested or trained to help with Radiological monitoring, an important part of Civil Defense today.

The plan for the care of school children in times of National emergencies was again studied and the plan adopted several years ago was again approved by the School Department and Civil Defense and distributed to the children and parents in April.

A supply of a new type of instant hot beverages is now stored at headquarters to help with emergency feeding. These are cups containing dry ingredients to which only hot water need be added to serve hot beverages such as coffee, chocolate and soups. This will be a great help when firefighters or police are in the field for long periods.

Anyone interested in volunteer work in any one of the various phases of Civil Defense should contact the Director as there is always a need for more manpower.

W. Clarke Atwater, Director
CIVIL DEFENSE AGENCY

REPORT OF THE CONSERVATION COMMISSION

The Norwell Conservation Commission met regularly throughout the year, the first Monday of the month, with additional meetings as required with other Boards or local or State agencies.

During the year we have discussed possible acquisition of land for conservation purposes, land unsuitable for building and upon which owners do not wish to pay taxes. Due to various delays, we have been unable to take title to these properties during 1966. The Planning Board has been advising us of proposed building and we have attended hearings held under the "Hatch Act," which was enacted March 29, 1965. The Hatch Act purpose is to control building in unsuitable wet areas. Robert Reed, Planning Board member, has attended many of the Conservation Commission meetings contributing his knowledge of Planning Board opinions.

In February members of the Conservation Commission attended a meeting in Hingham of the Metropolitan Area Planning Council. The Council includes 79 towns in the eastern part of Massachusetts, and we were advised of their study plans for long-range open space and recreation activities in the metropolitan area. Two thirds of this study is being paid for by the Federal Government. At their request the Conservation Commission prepared a map which has been incorporated into their larger map. At present there are 200,000 acres of undeveloped land, which they hope will be developed to the best advantage for use for recreation and conservation. This map was required so that Norwell could be a member of the Metropolitan Area Planning Council, with subsequent advantages to the Town.

The first part of the year we were busy contacting public officials regarding the Cohasset Annex, which the Department of Natural Resources was very anxious to have put under its control. The Department eventually bought 2,877 acres from the Federal Government located in Norwell, Scituate, Hingham and Cohasset, to be used for recreation.

The Conservation Commission has assisted our Selectmen in conservation matters; in the spring bringing to their attention a brochure prepared by Camp, Dresser & McKee, showing plans to dam the North River to create a 3200 acre reservoir in Pembroke, Norwell and Hanover, which would hold six billion gallons of water. This study was prepared for the Central Plymouth Water Supply District, with funds provided by the Legislature, who are making long range plans for Brockton's water supply. The Legislature has voted additional funds to continue this study.

The Conservation Commission also brought to the attention of the Selectmen a bill filed to relocate Route 128, to make easier access to the Southeast Expressway from Scituate, Cohasset and Hull. Previous bills filed for this purpose have followed the Norwell-Hingham boundary.

Members have represented the Norwell Conservation Commission at panels in other towns; have attended hearings at the State House regarding conservation. One in March concerned a constitutional change which would allow land to be assessed on the basis of use and not full and fair valuation. This bill (H57) was submitted by the Massachusetts Farm Bureau Federation. The matter is now being studied by a special commission sworn in by Gov. Volpe, as it will be difficult to find a fair, easily administered and politically acceptable system. A hearing also attended was in regard to lowering minimum house lot requirements. This matter also was turned over to a study committee but returns perennially.

The Conservation Commission Chairman, Arthur Merritt, was selected by the Commission to represent them on the newly formed Wetlands Study Committee initiated by Mr. Rimmer, and which the NCC endorses wholeheartedly.

In November, the Commission attended the first hearing held by the Department of Natural Resources in Pembroke, the initial step in acquiring State Control of marshland along the North River. The Department feels this is necessary to protect the marshlands from exploitation. Three years ago, March 1963, the voters added Section VI-B to the Zoning By-Law to include a Saltmarsh Conservation District, requiring anyone to apply to Zoning Board of Appeals for a permit to fill, drain, dredge or excavate the marsh. The law requires the Conservation Commission to give an opinion as to whether or not such action would be consistent with the natural character of the area and the aims and purposes of the Conservation Commission.

The interpretive Soil Study Map prepared by the USDA Soil Conservation Service was received in late fall. This map was prepared with 12 interpretations showing limits for land use as follows: Septic tank sewage disposal, commercial and industrial sites, home sites, athletic fields, wetland wildlife sites, sanitary landfill (trench method), sources of

sand and gravel, roads, woodland, surface runoff, agriculture and slope characteristics. 35% of Norwell is composed of wetland, with severe limitations for residential, commercial and industrial use. 546 acres or 4% is tidal marsh, subject to the tidal overflow along the North River. Hardpan below the surface prevents water from moving downward readily in many areas.

During the year the Commission received cooperation and assistance from other Boards. We would particularly like to thank the Town Clerk for her assistance in obtaining copies of new legislation, which certainly indicates that Massachusetts is alert to the need of conservation of our resources. We would also like to acknowledge the understanding and support from the Planning Board, who endorsed our plans to obtain the soil map study for the town. The Board of Assessors have been most sympathetic in providing assistance and advice. We hope that these Boards and any others will call upon us during the coming year if we may help them in any way.

We would like to note the passing of a valued member, Benjamin Stetson, April 28, 1966. He was of great assistance to the Commission due to his lifelong knowledge of Norwell and the North River.

We note with interest the addition of the study of Conservation in the Norwell Schools. Mr. David Ryan and Mrs. Janice Litchfield of the South Shore Nature Center are providing much to the community and whenever possible we attend their meetings.

We would welcome any interested townspeople to our meetings so they may express any suggestions and exchange ideas for the benefit of the town and the continued growth of Norwell in keeping with its potential.

Respectfully submitted,

Arthur Merritt, Chairman
Mildred Hastings
George Whitcher
Joseph Paradise
David Stewart
Wesley Osborne, Jr.
Katherine E. Cranton, Secretary

REPORT OF THE COUNCIL ON AGING

Board of Selectmen
Town Hall
Norwell, Mass.

Gentlemen:

In accordance with Chapter 242 of the Acts of 1966, the Norwell Council on Aging respectfully submits the following report of its activities and programs.

1. Early in 1966 the Council prepared an article for town meeting for the establishment of a Housing Authority to provide for the future

housing needs of the aging. Although the voters did not act favorably on the article, the opportunity was presented to them. Numerous towns in this area have constructed housing facilities for the aging.

2. The Council arranged for and provided transportation to the Hammond Castle Museum in Gloucester for a group of Norwell Senior Citizens.

3. A Harvest Supper and motion picture was held for all Senior Citizens in November at the Christian Education Building of the Church Hill Methodist Church.

4. The Council is providing some equipment to the "drop-in center" for Senior Citizens at the Town Hall. This center and all Council programs are open to all Norwell residents 60 years of age or over.

Much of the planning and arranging for the activities outlined above was done by the late Pat Cushing, who died as the result of a tragic accident in late May. The Council and Townspeople have lost a valuable and ardent worker.

Respectfully submitted,

NORWELL COUNCIL ON AGING

REPORT OF THE DEVELOPMENT AND INDUSTRIAL COMMISSION

Board of Selectmen
Town of Norwell

Gentlemen:

During the past year, the commission has been concerned primarily with consideration of the land in the westerly part of the town which is bounded northeasterly by the Southeast Expressway, easterly by High Street, southerly by the Norwell-Hanover town line, and westerly by the Norwell-Rockland town line. The entire area, with the exception of eight properties along the westerly side line of High Street, contains approximately 160 acres of land and is in one ownership.

During the past year, the commission has held joint meetings with the Board of Selectmen, the Planning Board and the Conservation Commission of the Town of Norwell, the Board of Selectmen, and Planning Board and the Industrial and Development Commission of the Town of Rockland and with the Board of Assessors of the Town of Hingham.

On the southwesterly side of the Southeast Expressway in the Town of Hingham, about one mile northerly from the tract of land under consid-

eration, there is an industrial complex which has been developed in a manner similar to that proposed for the Norwell land. The Board of Assessors of the Town of Hingham has stated that a considerable tax income will be received by the town of Hingham in the year 1967 with a negligible town expense; and they are favorably impressed with the economic advantages which they believe will accrue to the town in the years to come.

As a result of the meetings with various town boards and commissions, and as a result of its own investigations, this commission has recommended to the Planning Board that it consider submitting an article to the next town meeting providing that the entire parcel of 160 acres described above be re-zoned from a residential district to an industrial district with appropriate restrictions.

REPORT OF THE DOG OFFICER

Selectmen
 Town of Norwell
 Norwell, Massachusetts

Gentlemen:

I submit my report as Dog Officer of the Town of Norwell for the year 1966.

Complaints investigated	37
Dogs returned to owners	26
Dogs reported missing	48
Injured dogs to veterinarian and calls on injured dogs	11
Strays	12

A reminder to all dog owners -- All dogs must be licensed at 3 months and the license runs from April 1 to March 31 of the succeeding year.

Please call Dog Officer if your dog returns home after having been reported missing.

Respectfully submitted,

Robert L. Molla, Sr.
 Dog Officer

REPORT OF THE EMERGENCY COMMUNICATIONS CENTER

The Annual Report for the Center last year was written soon after the installation of the new Town Network covering the operations of the Highway and Tree Departments, and the adoption of the eight hour shifts for the operators. Both of these have proved most successful, and without doubt have improved the efficiency of the Center, and hence of Departments of the Town whose telephone and radio calls are handled by the operators.

The Station Receiving Panels which receive the automatic alarms for the Schools, Churches, Nursing Homes and certain industry, have been coordinated into new alarm boxes for even greater efficiency.

We are asking for a nominal increase in the budget for the coming year which will enable us to continue the present wage of \$2.00 an hour for full time operators, and \$1.75 an hour for those who work less than forty hours a week. This is still a lower wage scale than we consider proper for such responsible positions, so we hope that the Town's future financial planning will permit wages more comparable with outside business and industry.

There is always a need for additional trained operators for the Center on a full-time or part-time basis. Anyone interested may contact one of the Committee or visit the Center where the operator on duty would be glad to outline the duties.

Again we wish to express our appreciation, and the appreciation of the residents of the Town, to the operators for their loyalty in maintaining a schedule which is so necessary for a responsible operation of this nature.

EMERGENCY COMMUNICATIONS CENTER BOARD

W. Clarke Atwater, Chairman
Kenneth J. Bradeen
Warren P. Merritt

REPORT OF THE FIRE DEPARTMENT

The Board of Fire Engineers submits to the Board of Selectmen and the citizens of the Town of Norwell the report of the Fire Department for 1966.

From January 1, 1966 through December 31, 1966 the following calls were processed through the Emergency Communications Center:

Buildings (includes electrical, chimneys & burners)	22
Grass and woods	55
Dump	3
Automobile	8
Resuscitator calls	13
Investigations	23
Accidents	9

Lost Persons	4
Mutual Aid Given	5
Fire Permits Issued	3080
Miscellaneous calls (for information, etc.)	<u>3486</u>
TOTAL	6708

The new pumping engine was delivered and put in service at the Ridge Hill Station on May 1st, and a new motor was installed in Engine #6 at the Church Hill Station. This brought our apparatus up to peak efficiency. Other new equipment purchased included an emergency generator for the Church Hill Station and 600 feet of new hose.

At the Annual Meeting in March funds were appropriated for the re-shingling of the Ridge Hill Station and this project has now been completed.

The new Fire Alarm System has been installed and all Norwell Schools as well as two nursing homes, one church and the Old Colony Knitting Mill are tied in. Sprinkler systems have been installed in Stetson Hall and Red Well nursing homes and the knitting mill, and before long buildings in the new shopping plaza at Queen Anne's Corner will be connected.

The construction of the shopping plaza, along with the yearly growth of the Town will, of course, add to the activity of the Fire Department. Members of the Department are continuously being instructed in the latest methods of fire fighting and fire prevention so that any disaster can be averted.

During the past year Mutual Aid agreements were set up with the neighboring towns of Hingham, Hanover and Marshfield.

The Board of Fire Engineers feels that due to the growth of the Town, both in population and building, the Fire Chief should devote more time to Fire Department duties. Presently the Fire Chief also serves as Superintendent of the Water Department, and as activity has increased in that department, less time has been available for Fire Department duties.

The Board of Fire Engineers have met several times with the Water Commissioners and the Board of Selectmen, and it was mutually agreed that the Fire Chief should devote his time to the Fire Department and to the Water Department on approximately a two-thirds, one-third basis. It is felt that this arrangement will provide for adequate supervision for both departments at this time.

After many meetings of the Board of Selectmen, the representatives of Whitman and Howard, and the Board of Fire Engineers, an agreement has been reached as to the style and location for a new Fire Station. This will be presented at the Annual Town Meeting. We hope the residents of the Town will recognize this need and support the Article in the 1967 Warrant.

It is with pleasure that we commend the citizens of Norwell for their excellent cooperation in helping us carry out our Fire Department duties.

We also extend sincere thanks to the operators of the Communications Center for the excellent manner in which they handle emergencies.

Respectfully submitted,

BOARD OF FIRE ENGINEERS
 Warren P. Merritt, Chief
 Loring L. Wadsworth, Deputy Chief
 John J. Winske, Jr.
 Donald H. Newton
 Orville E. Devine
 James T. King, Clerk

REPORT OF THE HIGHWAY SURVEYOR

To the Citizens of Norwell,

I hereby submit my annual report for the year ending 1966 concerning the activities of the Highway Department.

The new town garage has worked out very well this past year. It has made it possible for us to put on snow plows, and do repair work under cover thereby saving time and money. This year there is a new item in my budget for Building Operation and Maintenance so that we may take proper care of this very worthwhile investment.

In the Spring we did our street cleaning and sweeping. We have been trying to use more chemicals and less sand but we still have to hire equipment every spring and fall. There is a great demand for this equipment, often causing a delay in sand removal. I plan to ask for a street sweeper in 1968 so that this problem will be eliminated.

The Chapter 90 work on Main Street was started in the spring. We seeded and fertilized the roadside that we did in 1965. We waited until school closed and then began the new section. We cleaned out the pond and installed a specially made, 65" x 40" arch pipe that cost \$2000. We also put in approximately 2000 feet of drainage, 13 catch basins, and 9 man holes. We ran into a ledge problem and had to blast, making it necessary to close the road for a few days. We increased the size of the water main near the Osborn School per Town Meeting vote. We excavated over 4000 cu. yards of gravel and used it for fill, and we brought in about 3500 yards of new gravel. We put down 1200 tons of Type I base on the road. In 1967 we will put a finish cover of 1 1/4" top and grade and seed the roadside to complete this section.

The Gas Co. worked on this piece of roadway also, relocating about 3000 feet of gas main. We are grateful to them for their promptness and efficiency.

This year I believe we will get to the bend in the road in front of Mr. B. Cugnasca's with our Chapter 90.

Some of this year's Chapter 90 money will go to Tiffany Rd. to finish the bridge. This job was put out to bid and will cost more than originally appropriated.

We got our new backhoe in April and have used that for water service installations and highway work.

The special articles for mix voted at town meeting were completed on Grove, South, and Prospect Streets. The Summer Street and School Street mixes will be held until 1967 to give the water services a chance to settle.

In 1967 we hope to continue our Type I on Grove Street, River Street, and Tiffany Road, plus the mix in place work on South, Prospect, School and Summer Streets.

We also have a special article in for a necessary drainage easement on Main Street.

We are asking for a new dump truck, snow plow, and sander this year, to help us keep up with the work load and next winter's snow removal.

Snow removal and ice control has become a big item in our budget. Each year we have to ask for more money to provide funds for more chemicals, equipment and manpower to insure a dry pavement on the heavily traveled narrow roads. We must provide a roadway on which motorists, school, police, and fire vehicles can travel in comfort and safety.

The speed limit signs designated by the State Traffic Surveyor, Board of Selectmen, police, and residents were put up on High Street, Grove Street, Norwell Ave., and Old Oaken Bucket Road. These signs were installed as soon as they arrived. We hope to keep them in good condition by proper maintenance. We are hoping to get a sign making machine. This will cut costs and speed up replacements of missing signs.

Last August and September we did our patch and oil schedule work, plus routine maintenance work.

I also have kept checking each development as the roads are put in to be sure they are put in to town regulations.

Late in November our department did the sidewalk work on High and Oak Streets. I am glad to see they are being used. There is still some clean-up work yet to be done. I hope eventually a cross walk will be put in at the corner of Grove and High Streets on the Jones property.

You can see each year there are a few more problems and the traffic gets larger in volume and we add new roadways each year.

The Tiffany Road bridge job should be done by the end of June. It will be necessary to have this road closed to through traffic this winter and spring.

I wish to express my sincere thanks for the cooperation of all town officers, the various committees, the town departments, and the citizens of Norwell with whom I have had the pleasure of working this past year.

I would also like to say we are most grateful for the assistance of the Department of Public Works at the Middleboro District 7 office. Without their help and cooperation of testing material, setting lines and grades for our Chapter 90 project, setting up the oil schedule for Chapter 81, painting and marking Main Street (Rte 123), and designing and planning for the Tiffany Road bridge, these projects would not have been possible.

Sincerely

E. Arnold Joseph
Highway Surveyor

REPORT OF THE INSPECTOR OF ANIMALS

Board of Selectmen
Norwell, Massachusetts

Gentlemen:

As inspector of Animals for the Town of Norwell, I have completed my duties for 1966 and report as follows:

Inspected barns and reported same to the State.

Reported to the Division of Livestock Disease Control the census of animals in the Town of Norwell.

Quarantined and released approximately forty-seven dogs.

Respectfully submitted,

Richard E. Cugnasca, D.V.M.
Inspector of Animals

REPORT OF THE BUILDING INSPECTOR

Board of Selectmen
Norwell, Massachusetts

Gentlemen:

The annual report of the Building Inspector is respectfully submitted as follows:

The year 1966 shows a slight decrease in the total number of building permits issued. This is in no way a surprise, as we are all fully aware of the tight money situation, which is reflected in the slowing up of new home building. It might be noted that the exact decrease was 15 less permits issued in 1966 than in 1965.

Construction of the new William Vinal School on Old Oaken Bucket Road was started this past year and is progressing satisfactorily.

The Star Market complex, after a speedy start, was plagued with difficulties -- shortages of materials, and later strong winds caused considerable damage to exterior walls. Now, the situation is under control and work is progressing rapidly.

Building permits issued and inspections made during 1966:

RESIDENTIAL

New Dwellings	67
Alterations Additions & Out Buildings	30
Garages	11

COMMERCIAL

New Buildings	2
Alterations & Additions	4
Municipal Buildings	2

OTHER

Buildings Demolished	3
Buildings Moved	4
Swimming Pools	8
Trailers -- Construction Offices	3

TOTAL PERMITS ISSUED	134
----------------------	-----

Grateful appreciation is extended to Mr. Harry Chase and Mrs. Mildred Sundwall for their cooperation and assistance.

Respectfully submitted,

Charles E. White, Building Inspector
William T. Stohn, Alternate Inspector

REPORT OF THE GAS INSPECTOR

The number of inspections covering gas appliance installations has been increasing steadily, and for the calendar year 1966 one hundred and twenty inspections were made by either Gas Inspector George A. Beach or the Alternate Gas Inspector, Warren P. Merritt.

Inspection fees collected are the source from which the Inspectors' salaries are paid. This amounted to \$494.00 this year.

Respectfully submitted,

George A. Beach
Inspector of Gas

REPORT OF THE INSPECTOR OF WIRES

Two hundred and forty-seven electrical permits were issued and inspections made for the year 1966.

Permit fees collected and salaries paid therefrom to Inspector Raymond A. Hansen and Alternate Inspector J. Lee Turner amounted to \$2,449.13.

The continued cooperation of the townspeople is appreciated by this department.

Respectfully submitted,

Raymond A. Hansen
Inspector of Wires

REPORT OF THE JAMES LIBRARY

January 2, 1967

In 1966, the James Library has again striven to improve and expand the service it has been rendering to the reading public of Norwell for almost 60 years.

During the year the number of registered reader families has increased by 117 to 791, an all-time high which reflects an ever growing interest in the material offered, well above and beyond the natural growth of population. These readers borrowed 12,413 volumes from the adult section and 8,789 children's books, totaling 21,202 volumes.

At present the James Library makes available to the public a total of 13,867 volumes, of which 11,207 are adult reading material and 2,660 are juveniles. A total of 377 new books were acquired during the year.

In order to meet the needs of the public's greater interest, the Library hours have again been increased, to 16 per week, and the Trustees have applied for admission to the Eastern Regional Library Association, which will enable the Library to draw on the facilities of the Boston Public Library.

During the summer of 1966 the exterior of the library building was repainted, and the Trustees are happy to announce that they have been able to install a gas conversion burner to improve the heating system.

It is gratifying to the Trustees to note that the Town's students continue to make extensive use of the material and facilities of the Library.

This report cannot be regarded as complete without our public acknowledgment of a debt of gratitude to our two librarians, Mrs. Helen Roubound and Mrs. Constance Sayrs, whose knowledge and helpfulness are a credit to the Library.

Respectfully submitted,

Trustees of the James Library
Mildred Hastings, Treasurer
John M. Kolbjornsen
Clinton V. MacCoy
Harriet L. Meyer, Secretary
William C. Bennett, Chairman

ANNUAL REPORT OF THE METROPOLITAN AREA PLANNING COUNCIL REPRESENTATIVE

The Metropolitan Area Planning Council was established by Chapter 668 of the Acts of 1963. Its purpose is to conduct research and studies and prepare "such data, maps and charts and tables as may be helpful or necessary to improve the physical, social and economic conditions of the district . . ." Originally the Council consisted of one representative each from 47 towns and cities of the Boston metropolitan area, 25 gubernatorial appointees, and the heads of various state departments. In 1965 the Council was expanded by an act of the General Court to conform to a Federally defined metropolitan area and thus make available Federal funds in planning assistance in the ratio of two to one. This expansion resulted in the membership of 79 towns and cities, including Norwell, in the Council. The undersigned was appointed Norwell's representative in August 1965.

Since its inception the Council has undertaken and made considerable progress in the following planning programs.

ECONOMIC BASE - The Economic Base and Population Study was completed early in 1966. The final reports are nearly ready for publication and distribution.

OPEN SPACE AND RECREATION - Phase I of this study has been completed and distributed. Phase II, which will contain specific recommendations for the future development of such resources, will be finished early in 1967.

ENVIRONMENTAL HEALTH STUDY - The research and study of this program is in its final stages. It is expected that the report will contain recommendations concerning waste disposal.

COMMUNITY ASSISTANCE - In 1966 the Council began the development of a community assistance program and to this end has issued summaries of various Federal programs of assistance.

NEW WORK PROGRAM - The Council has applied to the Federal government for funds to conduct three of the projects included in this program. They are: (a) a comprehensive housing study; (b) an airport study; and (c) a community assistance program. Also, an application is being prepared for a sewer and water facilities study, the initial stages of which were begun this past fall when an engineering consultant was engaged to compile an inventory of existing sewer and water facilities of the region. In addition, this program will include a regional health and facilities study and a secondary roads study.

In May 1964 the Council established permanent headquarters at 44 School Street, Boston, Mass. Its quarterly meetings are held in various communities or at 44 School Street. Pertinent documents produced by the Council considered of interest to town officials have been appropriately referred.

Reginald M. Savage, Representative

REPORT OF THE PERMANENT BUILDING & MAINTENANCE COMMITTEE

Board of Selectmen
Norwell, Massachusetts

Gentlemen:

Completion of the William Gould Vinal Elementary School is now expected in May, 1967.

Expansion of the sanitary leaching bed at the high school has been accomplished.

Preliminary plans for the addition to the high school have been submitted to the School Committee, but are now being held in abeyance pending further study of buildings in the school system.

Respectfully submitted,

Arthur A. Raymond, Chairman
Harold E. Cranton
Duncan J. Banks
Clinton V. MacCoy
Leonard E. Marsden
Fred N. Levin
Richard E. Bergeron

REPORT OF THE PLANNING BOARD

Board of Selectmen
Norwell, Mass.

Gentlemen:

The Planning Board reorganized after the March, 1966 Town Meeting with Theodore R. Love, Chairman; John A. Randall, Vice-Chairman; Gilbert A. Cummings, Clerk; Robert R. Reed and Richard K. McMullan, Members. The Board meets on the second floor of the Town Hall Annex on Thursday evening each week at 8 o'clock. All meetings are open, with no formal agenda.

ZONING BY-LAWS

The Planning Board, in conjunction with the Development and Industrial Commission, will propose two amendments to the Zoning By-Laws for consideration at the Annual Town Meeting. Both amendments concern Business 'C' Zoning, which heretofore has been considered to be "Industrial" rather than "Commercial."

The purpose of the first amendment will be to provide greater precision in the selection of uses permitted in present and future Business 'C' Zones by allowing only those believed to be compatible with a low-density residential community.

The second will propose the establishment of an additional Commercial Zone, C2, containing 160 acres, bounded by High Street, the Southeast Expressway and the Rockland and Hanover Town Lines. This new zone would, of course, be subject to the restrictions proposed above, which have been expressly composed to protect existing residences.

It is believed that the first amendment will benefit the Town by permitting only those uses which would widen our tax base without substantially altering the character of the Town. The second will extend this benefit to an area which, it is believed, can be developed in the near future.

SUB-DIVISIONS AND THE SUB-DIVISION CONTROL LAW

There has been a noticeable decrease in the number of sub-divisions reaching the stage of final approval; hearings were held on only one definitive plan, that for Black Pond Hill Development, off Summer Street, containing 39 lots.

During the year the Board examined and endorsed 42 plans which did not require approval under the Sub-Division Control Law.

GROWTH OF THE TOWN

During the past year there were 67 building permits issued for new dwellings, of which 36 were in approved sub-divisions and 31 were on individual lots scattered throughout the Town. While this is a substantial decrease from the 89 issued last year and is below the five-year average of 70, it still falls within the 60-70 range on which projections for future schools and other construction have been based.

A nation-wide decrease in new home starts attributed to "tight money" has certainly made itself felt in Norwell. How long this slowdown will continue before being overcome by pent-up demand can only be surmised. However, if Norwell continues to extend its water-mains, we may see an increase in new home starts.

Thus, while the number of new home starts in Norwell in 1964 and 1965 indicated that we might have to revise our growth projections upward, the decrease in 1966 will permit us to continue with the previously projected growth rate of 60-70 new homes per year.

ELEMENTARY SCHOOLS

From 1960 through 1964 the Elementary School population increased at a relatively uniform rate from 779 to 1062, about 70 per year. From 1964 to 1966 the enrollment in Grades 1 through 6 increased from 1062 to 1112, at the rate of only 25 per year. If the rate of growth experienced from 1960-64 had continued, we would again have been short of Secondary School space in 1970, despite the completion of the Vinal School in 1967. A projection at the earlier high rate, tempered with the trend of the past two years, indicates that our present capacity, including the Vinal School, will meet our needs until 1972; or, if the rate of increase continues to turn downward, somewhat longer. It is difficult to make a long range prediction based on a sharply reduced rate of growth which has occurred

in only two years. Our capital expenditure recommendations are based on the least optimistic possibility.

Whether the next expansion would be in the form of a new school or an addition to the Vinal School will depend upon future population distribution. It is evident that the Elementary School Site Committee must continue its efforts to provide a new school site. There is no question but that the present three schools will not meet the ultimate needs of the Town. A fourth school site must eventually be provided, and this is best done sooner than later. The supply of available land will constantly decrease.

The Federal and State Governments may soon require public Kindergartens. The addition of a Kindergarten Program to the Elementary School System would add initially about 200 pupils, who, attending double sessions with 25 per class, would require four rooms. This would advance the need for additional Elementary School space from 1972 to 1970, based on present projections.

SECONDARY SCHOOLS

Secondary Schools, Grades 7 through 12, are the Town's present most pressing problem; not whether they should be expanded, a simple matter of counting heads, but how the expansion should be effected. This is a year of decision for Norwell. It is imperative that action be taken this year, which, if done incorrectly, could produce needless problems in years to come.

The most obvious way of increasing our Secondary School capacity is by enlarging the High School building from its present nominal capacity of 450 to 900, as was originally planned. The present enrollment of 422 could reach 550 by 1969.

The enlarged capacity of 900 could serve until 1979 or 1980, but would still be too small to contain the ultimate projected total of 1100 or more. Therefore, we would for ten years have a building too large for our immediate needs and yet too small for our ultimate needs.

In the meantime we would still be faced with the problem of the Junior High School, which has a 1966 population of 327 and a capacity of not more than 400, which it should reach by 1969. Therefore, assuming for the moment that it is physically possible, as well as desirable, to add to the present Junior High School building, plans for its expansion should be started at once.

It would seem, in the light of present knowledge, that our previous plans for Secondary School expansion are seriously deficient in providing for both present and future needs. To overcome this deficiency the following proposal is made:

1. Construct as soon as possible a new High School building with a minimum capacity of 700, to be ready in September, 1969.
2. Upon completion, occupy this new building with Grades 9 through 12 until its maximum capacity is reached, which should occur about 1974. At that time continue the High School with Grades 10, 11 and 12 only, until such time as the building must be enlarged to its ultimate capacity of 1100-1200, probably about 1978-1980.

3. In September, 1969, move Grades 7 and 8 to the present Senior High School building, which will then become the Junior High School, abandoning the present Junior High School building for school purposes. Continue Grades 7 and 8 in this building until it becomes necessary to remove Grade 9 from the High to the Junior High School. At that time, probably about 1973 or 1974, both schools will be at maximum capacity. Removing Grade 9 to the Junior High School and at the same time enlarging the Junior High School to its ultimate capacity will then meet the demand from both schools.

Therefore, while at first glance this proposal might appear to require a greater expenditure than the simple step of adding to the present High School building, examination of all the factors involved will show that if we do add to the present High School, thereby forcing an almost immediate addition to the Junior High, we will by 1970 have built additional space for 900 or more Secondary students. If we proceed on the plan proposed above, we will by 1973 or 1974 have built for only 700. We strongly recommend that imminent Secondary School expansion be a completely new Senior High School.

CIVIC CENTER

Other pressing needs, which have been deferred from year to year are those of a new Central Fire Station, additional space for Town Offices, and a new Police Station. Other future Town needs are - additional Civic Meeting Places, a Library, a Youth Center, and a Center for Senior Citizens.

The previously outlined proposal for schools calls for abandonment of the present Junior High School building for school purposes. This building is suitable for most of the uses listed above, and we propose that it be converted to these uses.

The following plan is presented to meet the Town's foreseeable needs for these facilities:

1. Construct a new Central Fire Station.
2. When the Junior High School building is vacated in 1969, remodel the second floor of the main building, the westerly portion of the first floor, and a portion of the second floor of the Sparrell Wing for Town Office use.
3. Relocate present School Administration Offices to the second floor of the Sparrell Wing.
4. Remodel the present School Administration Offices, the adjacent locker rooms and toilets, and the gymnasium into a Town Youth Center.
5. Retain the third floor of the main building as a Civic Meeting Place for Veterans' or similar organizations, complete with the existing kitchen.
6. After the Town Offices have been moved, remodel the first floor of the Cushing Memorial Town Hall for use as a Police Station, retaining Auditorium for its present uses.
7. Remodel the first floor of the Sparrell Wing into a Town Library with a separate entrance and parking space.
8. Use space not required by the Police Department on the first floor of the present Town Hall as a Center for Senior Citizens.

This program will meet the Town's needs suitably and economically. It is fortunate that it ties in so well with the proposed school program. This is why 1967 is Norwell's Year of Decision. What we do this year will govern our actions for years to come.

SIDEWALKS

While citizens who may have had to move hedges or fences are understandably somewhat less than enthusiastic, the sidewalks constructed during the past two years have met with the approval of the Police and School Departments and have served their purpose in relieving bus transportation without subjecting the children to the risk of sudden death.

It is the opinion of the School Department that this program should be continued in the vicinity of the Cole School until substantially all children within legal distance of this school can walk to school.

To this end we recommend that in 1967 a sidewalk be constructed on High Street from the Cole School to the Southeast Expressway.

PROGRAM FOR MAJOR CAPITAL EXPENDITURES

A planned program for the orderly construction of new schools and other Town facilities will require continuing action at successive Town Meetings. The following schedule is recommended:

1967 Annual Town Meeting

1. Approve funds for final surveys and plans for construction of a new Senior High School building.
2. Approve funds for plans for construction of a new Central Fire Station.
3. Authorize the Permanent Building and Maintenance and Athletic Field Committees to study land requirements for a new Senior High School and to report to a 1967 Special Town Meeting with recommendations and a request for an appropriation. Funds should be made available to these committees for this purpose.

1967 Special Town Meeting

1. Approve funds for additional land for new Senior High School building.
2. Approve construction of new Senior High School building.

1968 Annual Town Meeting

1. Approve funds for plans for remodeling present Junior High School building for use as a Civic Center.
2. Approve funds for plans for remodeling present Town Hall, first floor, for use as Police Station and Center for Senior Citizens.
3. Approve acquisition of land for new Elementary School, based on report of existing Elementary School Site Committee, to be presented for action at this meeting.
4. Set up a Study Committee for the establishment of a Town Library.

This committee's function will be to make a preliminary report at the 1969 Annual Meeting and a definitive report and request for appropriation at the 1970 Meeting.

1969 Annual Town Meeting

1. Approve funds to be used for remodeling the present Junior High School building; work to start after June and to be completed in fall or early winter, 1969.
2. Approve funds for remodeling present Town Hall, first floor, for use as a Police Station and Center for Senior Citizens; work to start in late 1969 after Town Offices have been moved.
3. Act on preliminary report of Library Committee. If report outlines requirements sufficiently, it is recommended that modification of this portion of the Junior High School building be included in the general remodeling, as a matter of economy.

1970 Annual Town Meeting

1. Approve funds for plans for new Elementary School or addition to an existing school.
2. Establish the Town Library and approve funds to be used for remodeling first floor of Sparrell Wing, if not already done.
3. Approve demolition of present Town Hall Annex building and construction of Town parking lot.

1971 Annual Town Meeting

Approve construction of additional Elementary School space to be ready in September, 1972. This may be deferred or advanced if conditions warrant, as outlined under "Elementary Schools".

1972 Annual Town Meeting

Approve funds for plans for additional Junior High School space.

1973 Annual Town Meeting

Approve construction of additional Junior High School space, to be ready by September, 1974.

This schedule will meet the requirements of the Town, as outlined in this report. Action must be taken in 1967 because of the immediate need for additional Secondary School space. Ensuing action, which is dependent upon the initial step, must necessarily follow in a logical sequence. Other actions may be advanced or retarded. For example, it may be expedient to appropriate funds for the new Central Fire Station in 1967, so that the actual expenditure may be made ahead of the heavy expenditure for the new Senior High School. On the other hand, the need for still further Elementary and Secondary School space is based on long range projections which may not prove to be accurate. It must be understood that this program, extending as it does over a number of years, is subject to annual review and revision to suit the changing needs of the Town.

RECREATION

The success and popularity of the Playground Program proves that it fills a need. This program should be continued and expanded.

A popular part of the Playground Program has been Swimming Instruction. Facilities for this are probably no longer available. It is quite likely that suitable Town swimming facilities, either fresh or salt water, can be developed from natural sources at relatively little cost. A study to determine the feasibility of this should be made as soon as possible.

Another development, related to the Playground Program, is the formation of a Town Teen Committee. The fact that several hundred teenagers are willing to undertake, underwrite and supervise their own activities is a credit to the Town, and everything possible should be done to encourage and aid them. An integral part of the Civic Center Program here presented is use of the gymnasium and related facilities in the present Junior High School building as a Youth Center. All needed facilities - parking space at other than school hours, separate entrances, gymnasium, stage, locker rooms, toilets, and adjacent rooms for general use - all ideally suitable, can be provided with little or no remodelling.

GENERAL

The Conservation Commission has provided Town Departments with a soil study map of Norwell prepared by the United States Department of Agriculture. This comprehensive set of documents will prove useful for many purposes.

The problem of preserving wetland areas not suitable for building and which may be essential to maintaining our water resources, is one which the Town should continue to endeavor to solve.

REPORT OF THE PLYMOUTH COUNTY EXTENSION SERVICE

By Robert B. Ewing, County Agent-Manager & Regional Coordinator

The primary responsibility of the Cooperative Extension Service is as the law states "to aid in diffusing among the people of the United States useful and practical information on the subjects relating to Agriculture and Home Economics and to encourage the application of same."

Resources of the University of Massachusetts and the United States Department of Agriculture are available to the Staff of the Plymouth County Extension Service because of an assistance agreement. Members of the staff provide educational information pertaining to Agriculture,

Home Economics and 4-H Club Work, through correspondence -- newspapers and radio -- meetings -- office and telephone calls -- and farm and home visits.

To make this service available to you, funds are provided by the Federal, State and County Governments. Thus the name -- Cooperative Extension Service.

Since 1965 when the Southeast Extension Region was organized, the Agricultural Agents have conducted Regional Programs and activities for the commercial farmers in Barnstable, Bristol, Norfolk and Plymouth Counties.

Each Agent is responsible for specific commodity program(s), i.e., Dairy and Livestock; Fruit and Vegetables; Floriculture; Nurseries; Horticulture; Poultry and Turkeys. For this reason the Agent can keep up-to-date with research, participate in advanced training at the University of Massachusetts and offer the farmers a more effective service.

The Extension Home Economists supply information, conduct meetings and programs that meet the needs of homemakers in Plymouth County. At the request of social workers in the communities of Plymouth County, they have provided information pertaining to the many phases of the homemaker's life. They have also conducted programs for the elderly, blind and handicapped. The Extension Home Economists have been coordinators of programs for underprivileged families. In short, homemakers in just about every age group and walk of life have access to information from the Plymouth County Extension Home Economists.

4-H clubs are organized by the 4-H Club Agents for boys and girls 10-19 years of age and who are interested in projects in the broad areas of Careers, Citizenship, Clothing, Conservation, Crafts, Foods, Horticulture, Livestock, Recreation, Safety and Science.

With other youth programs, 4-H Club Work contributes to the character building process of Plymouth County young people.

4-H Club members have the opportunity to participate in local 4-H Club Programs and through it, receive excellent training in conducting meetings; giving demonstrations; public speaking and committee work. They also receive training in preparing all types of exhibits in the community; at Fairs and at some statewide activities.

This year 4-H club members were enrolled in 26 of the 27 communities of Plymouth County.

Adult volunteer 4-H club leaders are to be commended for their contributions to the 4-H Club Program in Plymouth County; for, without their services, such a 4-H program would not be possible.

You are invited to make full use of the Extension Service, but remember that although the Extension Service furnished the information, it is you who make the decision as to how the information may be used to best advantage.

Requests for information can be directed to the Plymouth County Extension Service, Court House, Brockton, Massachusetts, 02401.

The Board of Trustees, appointed by the Plymouth County Commissioners, administer the Plymouth County Extension Service Program and is composed of the following members:

Mr. Gilbert Blackledge	Whitman, Chairman
Mr. George Ridder	East Bridgewater, Vice-Chairman
Mrs. Mabel Chandler	Duxbury, Secretary
Mr. Robert Chisholm	West Bridgewater
Mr. Arthur Chaffee, Jr.	Bridgewater
Mr. John Duffy	Halifax
Mrs. Gladys Gibbs	Hanover
Mr. Philip Gibbs	Carver
Mr. Fred Freidenfeld	Middleboro

REPORT OF THE POLICE DEPARTMENT

Board of Selectmen
Town of Norwell

Gentlemen:

As we close out the books for 1966 we find a continuing increase in all statistics. The arrests and court complaints have again escalated beyond the increase in population and despite recent rulings of the Supreme Court that seriously hamper good police work. We are pleased to note an increase in extra curricular activities. These include speaking engagements at Service and Youth groups.

We are particularly thankful to Washington Park Pharmacy and Walter Hall Real Estate for their sponsorship of the Norwell Police and Fire Departments in the 100 Club. I am indebted to Sergeant Keene for his excellent substitution as Acting Chief during my hospitalization and convalescence. Also to Safety Officer Baldwin for his supervision of the Bicycle Rodeo.

On the dark side of the ledger, we have lost the services of two regular Police Officers. Officer Cavanagh has been on medical leave since he was struck on the Expressway in 1965. Officer Tulis has resigned. With our inability to attract new people to the Department, we have been unable to replace these men. It is my fond hope that with the raises approved by the Selectmen, and the promise of new facilities, our manpower will improve.

Calls received	13,806	Arrests	208
Breaking & Entry	37	Court Complaints	263
Larceny	75	Accidental Deaths	2
Prowlers	27	Stolen Cars	12
Auto Accidents	109	Cruiser Ambulance	94

Kenneth J. Bradeen, Chief

REPORT OF THE BOARD OF PUBLIC WELFARE

Board of Selectmen
Town of Norwell

Gentlemen:

Mrs. Ruth Hersey, who had faithfully served as a member of the Board found it impossible to run for re-election in March. Mr. Donald C. Kennedy was elected to a 3 year term. A new member of the Board, he has contributed a great deal in both time and knowledge. Following election, the Board organized with Ralph H. Coleman as chairman and clerk.

We regret to report that on April 20th Thomas Cann passed away. He had been a Board member for several years and could always be counted on when needed.

On May 16th Ralph H. Coleman and Donald C. Kennedy, remaining members of the Board, met with the Board of Selectmen and Mrs. A. Barbara Marshall was elected to serve until the next town election.

In May we received authority from Civil Service to engage a clerk on a 17 1/2 hour per week basis. We were fortunate in securing Mrs. Helen M. Harner to fill the position.

In September, Title XIX of the Social Security Act provided for a new program known as Medical Assistance or Medicaid. This new category replaces the Medical Assistance for the Aged program and provides for medical assistance to certain persons in addition to the aged. This has increased the work load of our director Mrs. Gilmore, who has a greatly increased number of social service calls that must be made.

Our total expenditures are increasing each year but our Federal reimbursements have increased so that our Town appropriations have had a gradual decrease.

In 1961 the Town appropriated \$44,000 while in 1966 the Town Appropriation was only \$25,000. In 1961 the total aid granted was \$41,900 while in 1966 it was \$58,777.

Following is a summary of receipts and expenditures:

AID

RECEIPTS AND TRANSFERS:

Town Appropriation	\$25,023.60	
Federal Balance 1/1/66	23,359.42	
Federal Receipts 1966	30,977.64	
Transfer from MAA Adm. Account	<u>3,342.58</u>	\$82,703.24

EXPENDITURES:

Town Account	\$24,515.11	
Federal Accounts	<u>34,292.46</u>	<u>\$58,807.57</u>
Balance 12/31/66		\$23,895.67*
*To E & D	\$ 508.49	
To Fed. Accts.-	\$23,387.18	

ADMINISTRATION AND EXPENSERECEIPTS:

Town Appropriation	\$ 3,550.00	
Federal Balances 1/1/66	7,696.45	
Federal Receipts 1966	<u>5,638.57</u>	<u>\$16,885.02</u>

EXPENDITURES:

Town Account	\$ 3,539.69	
Federal Account	5,311.26	
Transfer to MA Aid Account	<u>3,342.58</u>	<u>\$12,193.53</u>
Balance 12/31/66		\$ 4,691.49*
*To E & D	\$ 10.31	
To Federal Accounts-	\$ 4,681.18	

SUMMARY

BOARD SALARIES	\$ 539.69	
Total Aid and Administration	<u>67,118.83</u>	<u>\$67,658.52</u>
Federal Receipts	\$36,616.21	
State Receipts	<u>20,264.07</u>	<u>\$56,880.28</u>
NET COST TO TOWN		\$10,778.24

Respectfully submitted,

Donald C. Kennedy
A. Barbara Marshall
Ralph H. Coleman, Chairman

REPORT OF THE RECREATION COMMISSION

Board of Selectmen
Norwell, Mass.

Gentlemen:

This report of the 1966 summer program is dedicated to our many volunteers and the service clubs of Norwell.

Our second program ended successfully with great enthusiasm by the youngsters on the playgrounds.

Our enrollment was higher than last year.

Our Swim program at Ken's Cabins awarded Red Cross Certificates to 61 Beginners, 68 Intermediates, 52 Swimmers, for a total of 181. If time had permitted, many more youngsters would have passed. Here is a program for which volunteers deserve a big THANK YOU. We had an excellent Instructor, Miss Susan Vinal, on this project. Her volunteers were Edith Love, Nancy Axon, Claire Macdonald, Laura Reardon, and Eric Redding.

The results obtained by this group amazed all and the Commission recognizes how popular this activity has become. As a result, NOT having the use of a pool in 1967, we have introduced a special article asking for funds to study swim facilities for another year.

On the playgrounds we also had volunteers. At the Cole School where our attendance is the greatest, we had one paid Leader, 3 paid Assistant Leaders and two volunteers, Eric Kirby and Gail Raymond.

At the Osborn playground, we had one paid Leader, 2 paid Assistant Leaders and 3 volunteers, Richard Power, Joanne Meyers, and Janet Warmasley.

At the Junior High playground, we had one paid Leader, one paid Assistant Leader and 4 volunteers, Christine Reynolds, William Power, Janice Sibbald and Robert Lloyd.

The Commission recognizes that these volunteers are receiving training and hopefully will be hired in future years, but we also recognize that these volunteers had a rare quality. Absenteeism was practically non-existent and they worked along with our paid leaders equally. For this we Thank them.

Our playground program this year was well attended and received. We had a "water" problem at the Osborn and Jr. High Schools at the start of the program. However, with the aid given by our Ass't. Supt. of Schools, Mr. Hamilton, we were able to use the "football" field in back of the High School and had toilet facilities at the High School for the Osborn playground youngsters. Our Director - again with the help of the C. D. Director hauled water from Norwell Center to the Junior High School in containers provided by Mr. Atwater. Under the circumstances we feel that parents, youngsters, and leaders did very well.

Our Inter-school contests were played at the Little League Field. This makes a good "middle" ground for the rivalry between the Cole and Osborn playgrounds. (In passing, we would like to note here that the Commission gave permission to the Little League to level and build 3 more diamonds on the field. Hopefully they will be able to hold all their activities at the one area next year. The Little League paid for all work done and no assistance was asked for from the town. This area could well be used for a softball league on nights the League is not operating.)

This year our Arts and Crafts program, under the able direction of Mrs. Paula Baronis, showed remarkable improvement. The youngsters were kept busy at all times and thoroughly enjoyed it.

A repeat of last years success was the bicycle rodeo under the able direction of one of Norwell's finest, Officer Theodore Baldwin, who seems to enjoy it as much as the children do. 175 youngsters participated in this program.

Due to a conflict in dates, we were unable to go to Fenway Park. A trip to Ellis Haven in Plymouth for a day's outing was scheduled instead. Four bus loads of children and supervisors went and had a wonderful time.

A swim meet was held on Friday, Aug. 12, at Ken's Cabins swimming pool with over 150 youngsters signed up. This meet was held before a large audience of parents who witnessed a fine swim meet. Ribbons were awarded to the winners of the various events.

At the Field Day, there was a fine display of Arts & Crafts, plus the competitive games put on by the various playgrounds. Ribbons were donated by the Kiwanis and Lions Clubs. Again our thanks to these organizations for their interest in our youngsters.

We hope for an 8 weeks program in 1967. If we are fortunate and have facilities, this would include waterfront activities in the afternoon. The extra two weeks could include a Fenway Park trip and 4th of July Celebration.

As was announced in the newspapers, our Director, Felix Dixon, has been put on a full time basis. One reason was the Town Teen Program which we have sponsored. This is a group from grades 9 - 12 at the High School level. Private and Parochial school students in this group are eligible. We have spent considerable time with this group and feel it is a most worth while activity. Some thought should be given to eventually having a "home" for this group. It is necessary that our Director be present at all of their functions.

At the present time our equipment is stored in the Jr. High School. As time goes on, we will acquire more, and larger space will be required where it will be at our instant use.

Again, we at this time do not have the use of a pool in 1967. We hope the Town will look with favor on our proposal to develop a swim facility. We feel the townspeople in general would benefit by this.

We would hope to be more specific on the area, etc., by Town Meeting.

In closing, we again would express our appreciation to all those who contribute so much time and effort to aid us in our attempts to enrich the lives of individuals.

Respectfully submitted,
Recreation Commission

Robert G. MacWilliams, Chairman
Ruth M. Marsh, Secretary
James T. King
Mary Osborn Knapp
Austin S. Reynolds

REPORT OF THE SCHOOL COMMITTEE

To the Citizens of Norwell:

Following the March 1966 elections, the School Committee was organized as follows:

Robert S. Palli, Chairman
 Harold G. Simms, Vice Chairman
 Ann Burrows, Clerk
 John Bond, Member
 J. Peter Hall, Member

Mr. Palli, Mr. Hall, and Mr. Bond were further appointed as members of the Joint Committee of School Union #13.

If one were forced to characterize the 1966 school year, the word change would be most appropriate; and the changes began taking place shortly after the elections.

Due to illness, Mr. Arnold Bartlett, the Ass't. Superintendent, was forced to submit his resignation effective April 1, 1966; and it was with regret that the School Committee accepted. Mr. Bartlett had devoted much time to his duties as an administrator.

The Committee voted unanimously to engage the services of Boston University in finding a replacement for Mr. Bartlett; and in the interim, Mr. Kiernan, Superintendent of Union #13 was requested to assist the Norwell School Department in its operations.

After several meetings with representatives from Boston University, the Committee hired Mr. Richard C. Hamilton to act as an interim Assistant Superintendent of Schools for the remainder of the 1965 - 1966 school year.

Boston University continued to screen applicants and arranged interviews with prospective candidates for the Assistant Superintendency. On July 5, 1966, the Committee unanimously voted to elect Richard C. Hamilton as Assistant Superintendent of the Norwell Schools for the 1966 - 1967 school year.

In addition to a new Ass't. Superintendent, the Committee voted to elect Mr. Henry Goldman as Principal of the Nellie L. Sparrell Junior High School and Mr. Vincent Poirier as Administrative Assistant to the Assistant Superintendent.

With the passage of Chapter 763 by the General Court, a new dimension has been added to the responsibilities of school committees; collective bargaining. This Committee, as a result, has devoted many long hours negotiating with the various professional and non-professional groups in the system. Such negotiations, however, have proved so time consuming that in the future it may well be necessary to engage a pro-

fessional negotiator to represent the interests of the community in collective bargaining sessions.

In order to better acquaint the community with the responsibilities incumbent upon all school committee members, the following code of ethics adopted by the Massachusetts Association of School Committees is herewith included.

1. Realize that his prime responsibility is to the children.
2. Recognize that his basic function is to be policy making, and not administrative.
3. Remember that he is one of a team and must abide by, and carry out, all committee decisions once they are made.
4. Be well informed concerning the duties of a member on both a local and state level.
5. Remember that he represents the entire community at all times.
6. Accept the office as a committee member as a means of unselfish service with no intent to "play politics", in any sense of the word, or to benefit personally from his committee activities.
7. Endeavor to establish sound, clearly defined policies which will direct and support the administration.
8. Recognize and support the administrative chain command and refuse to act on complaints as an individual outside the administration.
9. Act only on the recommendations of the chief administrator in all matters of employment or dismissal of school personnel.
10. Give the chief administrator full responsibility for discharging his professional duties and hold him responsible for acceptable results.
11. Refer all complaints to the administrative staff for solution and only discuss them at committee meetings if solutions fail.
12. Action at official meetings is binding and a member cannot bind a committee outside such meetings.
13. Statements or promises on how he will vote should not be made on matters that will come before committee.
14. Uphold intent of Executive Sessions.
15. Not withhold pertinent information on school matters or personnel problems from his own committee members.
16. Make decisions only after all facts on a question have been presented and discussed.

Above all, the Norwell School Committee will endeavor to provide its children with a quality educational program.

Respectfully submitted,

Robert J. Palli, Chairman

REPORT OF ASSISTANT SUPERINTENDENT OF SCHOOLS

To the School Committee:

Reflecting the continuous growth of this School System are the increased numbers of its professional, non-professional, and student body population.

Our present professional staff, representing the areas of instruction, supervision, administration, and health, number 116; the non-professional personnel number 39, and the total student enrollment is approximately 1883, with an anticipated enrollment next year of over 2000.

Further indicative of our rapid growth is the fact that each of the Town's four schools is operating at capacity, with overflow populations in the Osborn and Cole Elementary Schools, as well as the Sparrell Junior High. These buildings have been forced to utilize cafeteria, library, and storage space as teaching stations. With the completion of the new Vinal Elementary School, however, the present strain should be somewhat alleviated, at least in the elementary schools.

The Vinal Elementary School, so named in honor of Captain William G. Vinal, will be ready for occupancy on September 1, 1967. This modern 14 room building, expandable to 24 rooms, will house over 300 children, 12 classroom teachers, remedial specialists, principal, secretary, 2 custodians, and four cafeteria workers. One problem, it appears, has been met; another remains to be confronted.

Anticipating what has now become a spectre which haunts every community, increased student enrollment and the diversification of curriculum, the town of Norwell had taken steps to expand its present High School facilities. Two considerations, however, have prompted this office and other town officials to request that the citizens of Norwell reconsider the advisability of such an expansion. First, the new addition would cost in excess of a million dollars, more than the total cost of the original building. Secondly, the Sparrell Junior High is physically incapable of coping with the expanding student population and the growing diversification of the curriculum. The conclusions are obvious.

Should the town spend the million or more to expand the High School, it would be only a question of a few years before the necessity of building a new Junior High would arise. The total expenditure would indeed be substantial. On the other hand, the construction of a new high school would relieve the present structure for use as a Junior High and the town would have two new, expandable buildings.

Within recent years, the Federal Government has taken it upon itself to subsidize the efforts of state and local school systems in the areas of curriculum development, library services, educational facilities, etc. Norwell, through the efforts of its administrators and teaching personnel, has tried to avail itself of Federal monies. We are presently receiving financial assistance for the following areas:

1. Science: To develop and maintain improved science programs, the High School will receive approximately \$7,000. over the next five years.
2. Library: A continuous grant of over \$4,000. a year for an indefinite period.
3. Summer Project: To assist those students who, for one reason or another, are not actualizing their academic potential, the School Department has received almost \$7,500.

With or without Federal or State assistance, the School Department continues to revamp and re-evaluate its present course of studies. As a result of last year's in-service science program, teachers representing all levels formulated a science curriculum for grades 1-6 and are continuing their fine work in this area. The English and math departments have already completed courses of study for their respective areas, and work is presently under way to improve all of the other academic areas. Since curriculum development is a continuing process, no definitive course of studies will ever be forthcoming.

To facilitate and expedite curriculum development, it is our intention to appoint Curriculum Co-ordinators and Assistants for grades 1-12. This should give a higher degree of continuity to future courses of study and assure a systematic program of evaluation and revision.

One of the major areas with which our administrators and some members of our teaching staff are presently concerned is that of reading. Through the efforts of these people, we are hoping to establish a sound and intensive phonics program in the elementary schools and an effective remedial reading program throughout the system.

Since a school department must concern itself with matters other than the purely academic, we have added a bookkeeper to the Superintendent's office in an attempt to centralize all the financial transactions of the system and to render more efficient a system of accounting that has been somewhat undefined.

In accordance with Chapter 763 of the General Court, the School Department has recognized and negotiated with the representatives of five newly formed collective bargaining groups: The Norwell Teachers' Association; the AFL-CIO, representing the custodians; the secretaries, cafeteria workers, and Principals, acting as independent agents. In every instance, to date, the representatives involved maintained the negotiations on the highest professional level, and the groundwork for future cooperative effort in this area has been securely laid.

Although it is not customary to inject personal observations into such a report, I wish to conclude my remarks by extending my sincere thanks to the committee for its tireless efforts in behalf of the educational interest of the town and to the citizens of Norwell for their deep and abiding concern they have demonstrated for their schools.

Respectfully submitted,

Richard C. Hamilton
Assistant Superintendent

Norwell School Department

REPORT OF THE SCHOOL PHYSICIAN

Assistant Supt. of Schools
Norwell, Mass.

Dear Mr. Hamilton:

My annual report as school physician is submitted for 1966 as follows:

Physical examinations have been completed for all students in the high school, eighth and fourth grades. I have also initiated health records for the several first grades, with the preferred help of the family physician. As usual supplemental tests are done for vision, hearing, growth and fitness. In the high school emphasis is stressed for all those in contact and competitive sports. Each student is questioned for evidence of any injury or residual disability. Blood pressures, TPR and Urinalyses are also evaluated. The coaches have been most cooperative on the few necessary restrictions. Parents and family physicians are asked to share responsibility in participation in sports.

Contagion has been well controlled to date with only a few mumps cases in the Elementary school.

There have been no sanitation problems in the new modern buildings.

The regular immunization clinics offered by the Board of Health are well attended.

Measles vaccine was offered this year for the first time in both Elementary schools, and the Junior High School. This should diminish one of the most hazardous of children's diseases.

The chairman of the Board of Health has organized a Health Council composed of himself, the School Physician, the Dental Consultant, the Assistant Supt. of Schools, a School Committee member, and an independent physician. Excellent liason has resulted with a new emphasis on examination, prophylaxis and education. New qualified personnel are being interviewed to effect the program.

A tour of the new Vinal Elementary School with the acting Principal and the Assistant Supt. of Schools was helpful in planning for both health and playground areas. Some related suggestions will be offered to the Building Committee.

Our physical education and athletic facilities continue to be most inadequate. We have been most fortunate in being able to borrow a nearby football field.

I wish to extend my thanks to all who help with the school health program.

Sincerely,

Raymond G. Vinal, M. D.

REPORT OF THE SCHOOL NURSES

Mr. Richard C. Hamilton
Assistant Superintendent of Schools
Norwell, Massachusetts

Dear Mr. Hamilton:

The following report is a survey of medical services rendered the School Department by the School Nurses.

Assistance was given at Measles, D.P.T. and Polio Booster Clinics at all schools, as well as with the physical examinations of pre-schoolers, grade school children 1-4, and all Junior and Senior High students. The nurses, furthermore, administered the vision and audiometer testing of all pupils and the Heaf Tests for grades 1, 4, 7, and 11.

In addition to these organized health programs, emergency first aid was administered as needs arose; children were transported home when necessary; routine sanitary inspections were conducted, and home visits made when required.

Respectfully submitted,

Catherine A. Roe, School Nurse
Mildred V. Wilcox, School Nurse

REPORT OF THE CAFETERIA SUPERVISOR

Mr. Richard C. Hamilton
Assistant Superintendent of Schools
Norwell, Mass.

Dear Mr. Hamilton:

For my first report as School Lunch Director, it is my pleasure to state that the participation in the school lunch program has increased (proportionately) over the last year.

We must consider the effects on the school lunch budget of the rise in cost of food and transportation. This represents a figure of 7% over last year's figures. Also to be considered is the fact that the Federal Government has decreased the amount of "surplus" commodities issued to the schools. Not only has the amount and variety of foods offered been decreased, but the amount given to the Norwell Schools is not what was expected. A much deserved raise for the school lunch personnel was approved by the School Committee, effective January 1967. All these factors greatly affect the funds on which we operate.

Because of these factors the School Committee found it necessary, on advice of the Office of the School Lunch Programs, to increase the price of lunches. Students will pay \$.30 for a complete lunch and the adults will be charged \$.50 starting January 9, 1967. The Norwell Schools have been one of the last school systems to raise its prices. It is our hope that we can remain solvent and self-sustaining with this slight increase.

I want to thank all the employees of the School Lunch Program for their kindness and cooperation in helping to make my first year as director a most pleasant experience.

Respectfully submitted,

Ruth Horgan
School Lunch Director

SOUTH SHORE REGIONAL SCHOOL DISTRICT TREASURER'S REPORT
1966

In accordance with Section XII of the South Shore Regional School District Agreement effective January 6, 1960, I submit herewith details of the 1966 financial transactions of the School District.

Details are presented with respect to the 1966 estimated expenditures; apportionment of estimated expenditures to member towns; actual cash receipts and disbursements; balance sheet and statement of outstanding debt as of December 31, 1966.

Total operating costs for the year were \$327,375.16 which involved salaries and wages of \$233,135.44 and other expenses of \$94,239.72 details of which are shown in the cash expenditures schedule.

Capital Outlay costs for the year were \$210,023.93 involving cost of new equipment in the amount of \$21,223.93 and bond principal and interest payments totalling \$188,800.00 as shown in the expenditures schedule.

Expenditures under Manpower Development and Training Act PL 87-415 totalling \$53,608.22 involved two areas of training: Precision Sheet Metal and Radio-Television Repairman. The Federal Government paid the entire cost of these projects and the School District benefited to the extent of \$11,960.81 which was expended for new equipment under these programs which will remain in our shops for future use by the School District.

Expenditures under PL 88-210 for new equipment in the amount of \$34,763.30 were made from 100% grants provided by the Federal Government.

Expenditures under PL 88-210 for the Occupational Preparatory Program in the amount of \$758.22 were derived from a grant by the Federal Government in the amount of \$7,634.00. This program which started

December 5, 1966 with an enrollment of 51 students from the member towns of District, will be 100% financed by the Federal Government. It is less exacting in its requirements than the regular day program in the District Vocational School. The students in this program will attend morning sessions in their respective high schools for academic subjects and be transferred for afternoon sessions at the District Vocational School for shop training and be transported home from the District Vocational School four days each week.

Expenditures under PL 88-210 for Remedial Reading in the amount of \$1,415.08 involves a project conducted during the summer months which was 100% financed by the Federal Government.

Expenditures under PL 88-210 Work Study Programs in the amount of \$10,092.76 were 100% financed by the Federal Government. This program involves a supervised work program available to needy students who were paid at the rate of \$1.50 per hour for building and grounds maintenance activity.

Expenditures under Smith Hughes-George Barden Fund in the amount of \$624.01 involved a renovation project in the Auto Body Shop.

Various additional expenditures under self-explanatory titles were made per detail set forth in the expenditure schedule.

Surplus Revenue was determined to be \$132,392.65 as of December 31, 1966 and was derived from the following sources:

Balance January 1, 1966		\$140,689.28
Additions		
Federal Grants used to pay 1966 Operating costs		
George Barden Funds	30,372.00	
Manpower Development & Training Funds	2,360.52	
Unexpended appropriations for 1966 Operating Costs	19,424.32	
Excess of 1966 District Receipts over estimated	<u>14,546.53</u>	<u>66,703.37</u>
Total		\$207,392.65
Deductions		
1965 Surplus Revenue used to reduce 1966 Operating Costs		<u>75,000.00</u>
Balance December 31, 1966		<u><u>\$132,392.65</u></u>

A \$100,000.00 portion of 1966 Surplus Revenue has been voted by the District Committee to be used to reduce the 1967 operating cost assessments to member towns resulting in a remaining balance of \$33,097.65 available to the School District as of January 1, 1967.

An amount of Surplus Revenue equivalent to three months expenditures is necessary to enable payment of School District expenditures between January 1 and April 1 of each year inasmuch as the annual assessment revenue received by the School District from member towns is payable in quarterly installments on the first day of April, June, August and December of each year.

Respectfully submitted,

John A. Ashton, Treasurer

REPORT OF THE SEALER OF WEIGHTS AND MEASURES

To the Board of Selectmen
Norwell, Massachusetts

Gentlemen:

Weighing and measuring laws have been strictly enforced throughout the year.

Inspections have been made on all scales, oil trucks, gas pumps and any other measuring devices.

The buying public should at all times observe weighing and measuring devices while purchasing and report any violations to me.

Following is an account of work performed by me and an account of fees collected:

53 Weighing and Measuring Devices Sealed
2 Weighing and Measuring Devices Adjusted

Sealing Fees Returned to Town Treasurer \$95.30.

Reweighing:

Total Tested	284
Total Correct	258
Total Incorrect	7
Total Overweight	19

Reweighing of food put up for sale and retesting of gas pumps and oil trucks has been made on many occasions.

Respectfully submitted,

John D. Dickman
Sealer of Weights and Measures

REPORT OF SOUTH SHORE MOSQUITO CONTROL PROJECT

The Honorable Board of Selectmen
Town of Norwell

Gentlemen:

As representative for this Town on the Commission of the South Shore Mosquito Control Project I am furnishing you two copies of the annual report of activities of the project for the year ending October 31, 1966 in the Town of Norwell.

Our request for next year is for \$7150., which includes the usual salt marsh maintenance assessment of \$150.

May I ask that you put an article in the warrant in substance to seek

this amount as the Town of Norwell's appropriated share so they might continue as a member of the South Shore Mosquito Control Project.

Sincerely yours,

William C. Bennett
Commissioner for Norwell
South Shore Mosquito Control
Project

To the Citizens of the Town of Norwell:

Submitted herewith is the report of the South Shore Mosquito Control Project's activities in the Town of Norwell for the year ending October 31, 1966.

The Town of Norwell appropriated \$4000 for mosquito control in 1966. Along with this \$150 was appropriated for maintenance of salt marsh ditches. Both appropriations were expended by the South Shore Mosquito Control Project in effort toward a better control of mosquitoes in the Town of Norwell.

The South Shore Mosquito Control Project functions under Massachusetts General Laws Chapter 252 Section 59 mosquito control provisions and Chapter 112 salt marsh ditch maintenance. It is a cooperative effort embracing the City of Quincy and the Towns of Norwell, Braintree, Cohasset, Duxbury, Hingham, Hull, Marshfield, Scituate and Weymouth, covering a total area of 172.21 square miles serving a population in excess of 223,000.

The project continues to base its operation on a three phase reduction program, giving priority in this order:

Source reduction, by proper ditch maintenance and water manipulation the mosquito breeding areas are eliminated.

Reduction at the source, with small amounts of insecticides applied at breeding source millions of mosquito larvae and pupae can be destroyed.

Reduction of the source, or adult control, by space spraying or fogging the elimination of many flying mosquitoes of one generation, thus reduce the next.

The project operates on a year round basis. It is therefore necessary that its town members appropriated funds be ample to carry on the various phases of the aforementioned operations to the amount practical to the mosquito conditions of that particular town. Its funds must also be ample to meet their share of the project's overhead and fixed expenses in fairness to the other project towns.

In the Town of Norwell the appropriations are not ample to operate to any great extent after overhead and fixed expense.

Labor	\$ 805.18
Maintenance	218.00
Rents	125.90

Tools & Equipment	27.25
Office Supplies	21.53
Telephone	21.53
Reimbursements	5.45
Insurances	190.75
Retirement	<u>190.75</u>
	\$1606.34
10% Reserve	415.00
Average Deficit	<u>465.89</u>
	\$2487.23
Norwell appropriation	\$4150.00
Less overhead	<u>2487.23</u>
Balance for actual operations	\$1662.77

This figure of \$1662.77 is the amount left for labor, insecticides and other service to conduct a year round operation. With this amount the following was accomplished toward the control of mosquitoes in the Town of Norwell this year:

1560 gallons of insecticide were applied to 1560 acres by Piper Cub aircraft to eliminate the larvae of the early season mosquito.

This year the project's greatest problem was the Culex, or more commonly known 'house' mosquito. With the Culex mosquito, the mosquito that breeds around the home and seeks to rest within the home, large scale space spraying and fogging is not too effective. It became mostly a problem of educating the public as to what they could do around their own homes to keep mosquitos from breeding and what and when to spray within the home. This project had four articles published in local newspapers and radio this year. It met with some success. However, there still remained our annual amount of a thousand calls requesting neighborhood spraying or fogging.

In the Town of Norwell 715 gallons of insecticides were space sprayed for adult mosquitoes by hydraulic sprayers or mist blowers.

When weather and other conditions were favorable an insecticidal thermal fogger was used. 36 gallons of insecticide and oil in a fog were applied at the rate of 15 acres to the gallon.

With the deluge type rain showers of the past summer the many areas capable of breeding the Culex mosquitoes were impossible to keep up with. The project's concentrated efforts were centered around spraying storm catchbasins and roadside drainage ditches. It was necessary to expend 60 gallons to treat 535 catchbasins in the Town this year.

The insecticides used in the past year by the South Shore Mosquito Control Project were:

DDT Dust, DDT Emulsions, Malathion Emulsion, Malathion Miscible

in fog oil, Nailed DiBrom 14 in fog oil, Baytex Emulsion (catchbasins) Abate #4 Emulsion (larval), #2 oil.

All these insecticides are registered and are labelled for use in mosquito control. When they are formulated and applied in accord with and at no greater amounts than their labels recommend to be proper for mosquito control operations they pose no hazard. However, in the foreseeable future there shall be some curtailments or restrictions to the use of many chlorinated hydrocarbon insecticides, such as DDT. To replace these are many newer insecticides coming into use each year. These have all been developed with the purpose of offsetting the disadvantages and ill side effects of many of the older insecticides. These new insecticides shall cause some changes to mosquito control. The main one being their cost. They are a good deal more expensive. They are also limited in their use and effect.

These changes must be made for as it is the project's duties to make the area as free of mosquitoes as possible, it is also duty bound to operate in such a way never to be a hazard to persons, wildlife or environment.

The project wishes to acknowledge the help received from officials and departments of the town and sincerely hopes that benefits derived by these departments as a result of this cooperation are as great as those derived by the project.

REPORT OF STATE AUDIT

Mr. Arthur H. MacKinnon
Director of Accounts
Department of Corporations and Taxation
Boston, Massachusetts

Sir:

As directed by you, I have made an audit of the books and accounts of the Town of Norwell for the period from June 5, 1963, the date of the previous examination, to December 31, 1965, and report thereon as follows:

The financial transactions, as recorded on the books of the several departments receiving or disbursing money for the town or committing bills for collection, were examined, checked and verified by comparison with the records in the offices of the treasurer and the town accountant.

The town accountant's general and appropriation ledgers were analyzed. The appropriations and transfers were compared with the town clerk's records of financial votes passed by the town meetings and with the advisory board's records of transfers from the reserve fund. The necessary adjusting entries resulting from the audit were made, and a balance sheet, showing the financial condition of the town on December 31, 1965, was prepared and is appended to this report.

The surety bonds furnished by the several town officials required by law to furnish such bonds for the faithful performance of their duties were examined and found to be in proper form.

The accounts of the town treasurer were examined and checked in detail. The recorded receipts were analyzed and compared with the various sources from which money was paid into the town treasury, while the records of disbursements were compared with the accountant's books and with the treasury warrants approved by the board of selectmen. The cash balance on December 31, 1965 was proved by actual count of the cash in the office, by reconciliation of the bank balances with statements certified by the bank of deposit, and by verification of the time deposits held in safekeeping at the bank.

Considerable difficulty was experienced in reconciling the treasurer's cash, and it was found necessary to reconcile the bank statements for the period from May 16, 1964, the date of the former treasurer's resignation as treasurer, to December 31, 1965, which consumed a great deal of time with its consequential cost. Accordingly, it is urged that the treasurer prove the balances in the banks and the cash in the office with the cash book at least weekly, that the bank accounts be promptly reconciled with the bank statements upon their receipt, and that the treasurer keep a permanent record of such reconciliations.

The payments made on account of maturing debt and interest were compared with the amounts falling due and checked with the cancelled securities on file.

It is recommended that the bond and coupon account be reconciled promptly upon receipt of the statement.

The securities and savings bank books representing the investment of the several trust and investment funds in the custody of the town treasurer and the State treasurer were examined and listed. The income was proved and all transactions were examined and checked in detail.

The records of tax titles and tax possessions held by the town were examined and checked. The amounts transferred to the tax title account were checked with the collector's books. The reported redemptions and sales were checked with the receipts as recorded on the treasurer's books, the foreclosures were verified, and the tax titles and tax possessions on hand were listed, reconciled with the town accountant's ledger accounts, and checked with the records at the Registry of Deeds.

The records of payroll deductions on account of Federal and State taxes, the county retirement system, and group insurance were examined and checked. The deductions were footed, and the balances on hand were reconciled with the respective controls in the town accountants general ledger.

It is recommended that the employees' individual cards be reconciled with the town accountant's ledger controls at least quarterly.

The books and accounts of the town collector were examined and checked. The taxes, excise, assessments, departmental accounts receivable, and water rates and charges outstanding at the time of the previous audit, as well as all subsequent commitments, were audited and proved. The recorded collections were checked with the payments to the treasurer, the abatements were checked with the assessors' and other departmental

records of abatements granted, the amounts transferred to the tax title account were compared with the treasurer's tax title records, and the outstanding accounts were listed and proved with the respective accounts in the town accountant's ledger.

Verification of the outstanding accounts was made by mailing notices to a number of persons whose names appeared on the books as owing money to the town, and from the replies received thereto it appears that the accounts, as listed, are correct.

The town clerk's financial records were examined and checked in detail. The recorded receipts on account of dog and sporting licenses issued, as well as from miscellaneous receipts, were audited. The payments to the treasurer were checked with the treasurer's cash book.

The records of departmental cash collections by the board of selectmen, the sealer of weights and measures, the building, wire and gas inspectors, and by the police, health, highway, school and library departments, and by all other departments in which money was collected for the town, were examined and checked. The payments to the town treasurer were verified by comparison with the treasurer's and the accountant's books.

In addition to the balance sheet, there are appended to this report tables showing a reconciliation of the treasurer's cash, summaries of the tax, excise, assessment, tax title, tax possession, departmental, and water accounts, as well as schedules showing the condition and transactions of the trust and investment funds.

For the cooperation extended by the several town officials during the progress of the audit, I wish, on behalf of my assistants and for myself, to express appreciation.

Respectfully submitted,
William Schwartz
Assistant Chief of Bureau

REPORT OF STATE AUDIT

Mr. Arthur H. MacKinnon
Director of Accounts
Department of Corporations and Taxation
Boston, Massachusetts

Sir:

In accordance with your instructions, I have made an audit of the books and accounts of the treasurer of the Town of Norwell for the period from January 1 to March 31, 1966, preparatory to a transfer of the cash and securities and the books and accounts to the newly appointed temporary treasurer, and submit the following report thereon:

The books and accounts of the town treasurer were examined and checked in detail. The recorded receipts were analyzed and compared with the town accountant's books, with the records of the several depart-

ments collecting money for the town, and with other sources from which money was paid into the town treasury, while the payments were checked with the warrants approved by the selectmen.

The cash balance on March 31, 1966 was proved by reconciliation of the bank balances with statements received from the banks of deposit, by certification of the United States Treasury Bills held in safekeeping, and by actual count of the cash in the office.

The savings bank books and securities representing the investment of the trust and investment funds in the custody of the town treasurer were examined and listed. The bequests were checked, the income was proved, and the amounts transferred to the town were verified by comparison with the treasurer's recorded receipts.

The payroll deduction records for Federal and State taxes, the county retirement system, and group insurance were examined. The deductions were footed, the payments to the proper agencies were verified, and the balances on hand were reconciled with the ledger controls.

The payments on account of maturing debt and interest were compared with the amounts falling due and were checked with the cancelled securities on file. The outstanding coupons on March 31, 1966 were listed and reconciled with a statement furnished by the bank of deposit.

The records of tax titles and tax possessions held by the town were examined and checked. The foreclosures were verified and the tax titles and tax possessions on hand were listed, reconciled with the town account-and's ledger controls, and compared with the records at the Registry of Deeds.

The surety bond furnished by the newly appointed temporary treasurer was examined and found to be in proper form.

Appended to this report are tables showing a reconciliation of the treasurer's cash, summaries of the payroll deduction and tax title accounts, as well as schedules showing the condition and transactions of the trust and investment funds.

During the progress of the audit cooperation was received from the officials of the town, for which, on behalf of my assistants and for myself, I wish to express appreciation.

Respectfully submitted,
William Schwartz
Assistant Chief of Bureau

TOWN OF NORWELL
TOWN ACCOUNTANT'S REPORT

To the Board of Selectmen:

Gentlemen:

I submit herewith the annual report of the Town Accountant for the year ended December 31, 1966. The report is arranged and classified as prescribed by the Director of Accounts and in accordance with Chapter 41, Section 61, General Laws of Massachusetts.

The following sequence is used:

TOWN OF NORWELL

Commonwealth of Massachusetts

WARRANT for Annual Town Meeting

Monday, March 14, 1966, at 7:30 o'clock in the afternoon

At the Senior High School

and Saturday, March 19, 1966, at 12 Noon At the Senior High School

For the Election of Town Officials

Plymouth, ss.

To either of the Constables of the Town of Norwell, in said County of Plymouth and Commonwealth of Massachusetts.

GREETINGS:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Norwell, qualified to vote in elections and Town affairs to meet at the Senior High School in said Norwell, on Monday, the fourteenth day of March, 1966, at 7:30 p.m., then and there to act upon the following articles, to wit:

ARTICLE 1

To see if the Town will accept the reports of its Officers, Boards, Departments, Committees and Commissions, as printed in the 1965 Town Report, or act on anything relative thereto.

ARTICLE 2

To see what sums the Town will raise and appropriate, or appropriate from available funds to pay Town debts, expenses and charges including debt and interest for the ensuing year and to fix the salary and compensation of all elective officers of the Town, effective from January 1, 1966, as provided by Section 108 of Chapter 41 of the General Laws, as amended, and to provide for a reserve fund, and raise and appropriate, or appropriate from available funds for the following: Moderator, Selectmen's Department, Town Office Manager and Accountant, Town Hall Clerks, Town Meetings and Elections, Treasurer, Tax Title Account, Town Collector, Assessor's Department, Town Counsel, Town Clerk, Registrations and Listings, Board of Appeals, Planning Board, Development and Industrial Commission, Permanent Building and Maintenance Committee, Conservation Commission, Council on Aging, Capital Budget Committee, Town Hall and Annex, Police Department, Dog Officer, Fire Department, Civil Defense, Emergency Communications Center, Sealer of Weights and Measures, Tree Warden and Moth Superintendent, Moth Department, Dutch Elm Disease, Operation and Maintenance of Equipment, Pest Control, Tree Maintenance, Removal and Replacement, Capital Outlay, Maintenance of Public Grounds, Building Inspector, Gas

Inspector, Wire Inspector, Board of Health, Inspector of Animals, School Nurse, School Dentist, Dental Hygienist, School Physician, Town Dump, Mosquito Control, Highway Surveyor, Highways-Town Account, Capital Outlay, Chapter 81, Chapter 90, Signs and Road Markings, Snow Removal and Sanding, Road Machinery Maintenance and Operation Account, Water Services Account, Street Lights, Welfare-Salaries, Aid (All Categories), Administration and Expense, Veterans' Benefits, School Department, Out-of-State Travel, Vocational Training, Practical Arts - Adults, South Shore Regional Vocational School, Athletic Field Committee, Libraries, Water Department, Cemeteries, Maturing Debt and Interest, Anticipation of Revenue Loans, Aid to Agriculture, Plymouth County Retirement, Group Insurance, Town Schedule Insurance, Pensions and Annuities, Town Reports and Budgets, Recreation Commission, and Memorial Day; or act on anything relative thereto.

ARTICLE 3

To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial years beginning January 1, 1966 and January 1, 1967, and to issue a note or notes therefor, payable within one year in accordance with General Laws, Chapter 44, Section 4, as amended, and to renew any note or notes as may be given for less than one year in accordance with General Laws, Chapter 44, Section 17, as amended, or act on anything relative thereto.

Requested by the Town Treasurer.

ARTICLE 4

To see if the Town will vote to amend the Town of Norwell By-laws, Article XVII Zoning By-laws, by deleting in SECTION X, Enforcement, Paragraphs numbers 2, 2a, 2b, 2c and 2d, and by substituting therefor a new Paragraph number 2, to read as follows:

"2. Whoever violates the provisions of this By-law shall be fined not less than \$5.00, nor more than \$50.00, for each offense.";

or act on anything relative thereto.

Requested by the Planning Board.

ARTICLE 5

To see if the Town will vote to amend the Town of Norwell By-Laws, Article XIV, entitled Building Code of Norwell, by adding in SECTION III, Paragraph 3, entitled "Applications for Permits," two new subparagraphs, designated C and D, to read as follows:

"C. All permits shall be void unless operation thereunder shall be commenced within six months after the date of the permit, or if operations thereunder are discontinued for a period of more than six months. All permits expire twelve months after the date of the permit, but may be renewed without any additional fee.

D. No work shall be commenced until a permit has been granted.”;
or act on anything relative thereto.

Requested by the Planning Board.

ARTICLE 6

To see if the Town will vote to amend the Town of Norwell Zoning By-laws, Article XVII, by deleting Paragraph E of SECTION IV, and by substituting therefor a new Paragraph “E,” to read as follows:

“E. A private club, if managed and controlled by the membership, not including one whose chief activity is a service customarily carried on as a business, but the foregoing shall not prohibit the customary functions of bona fide Country Clubs, Sportsman Clubs, Amateur Dramatic Clubs, Social or Educational Clubs, and the like.”;

or act on anything relative thereto.

Requested by the Board of Selectmen.

ARTICLE 7

To see if the Town will vote to amend the Town of Norwell Zoning By-laws Article XVII, by deleting Paragraph C of SECTION IV, and by substituting therefor a new Paragraph C, to read as follows:

“C. Institutional, educational, recreational, philanthropic or religious building or use, providing such building or use is not a business undertaking, but not including one, the chief activity of which is a service, (1) to delinquent, criminal, mentally deficient or mentally deranged persons; or (2) customarily carried on as a business.”;

or act on anything relative thereto.

Requested by the Board of Selectmen.

ARTICLE 8

To see if the Town will vote to transfer \$100,000.00, or any other sum, from available funds, and authorize the Assessors to use this sum, to decrease the 1966 tax rate, or act on anything relative thereto.

Requested by the Advisory Board.

ARTICLE 9

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$5,000.00, or any other sum, to employ the services of municipal planners, architects and engineers, to develop preliminary plans, specifications, costs and illustrations of a fire station, town hall addition and police station, or any combination of the same,

under the direction of the Board of Selectmen, subject to the requirements and approval of all boards and officials involved, and with the stipulations that such services will be completed before June 1, 1966, adequate for the development of final plans and that any fees paid shall be applied to the normal professional service costs on any portion voted by the Town for final design, construction and supervision under the direction of the Permanent Building and Maintenance Committee, or act on anything relative thereto.

Requested by the Board of Selectmen.

ARTICLE 10

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$15,125.00, or any other sum, in anticipation of repayment by the Commonwealth of Massachusetts, for Chapter 81 work on the highways, or act on anything relative thereto.

Requested by the Board of Selectmen.

ARTICLE 11

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$19,500.00, or any other sum, in anticipation of repayment by the Commonwealth of Massachusetts and the County of Plymouth, for Chapter 90 work on the highways, or act on anything relative thereto.

Requested by the Board of Selectmen.

ARTICLE 12

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$7,660.08, or any other sum, in anticipation of repayment by the Commonwealth of Massachusetts for Chapter 679, Acts of 1965. Work on the Highways, or act on anything relative thereto.

Requested by the Board of Selectmen.

ARTICLE 13

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$30,000.00, or any other sum, to the Motor Vehicle and Equipment Fund, to provide for the depreciation, replacement and purchase of motor vehicles and equipment, and establish a control list of all vehicles, recording and date of purchase, mileage, type, maker, repairs and any other pertinent data essential to replacement determination by a vote of the Town, or act on anything relative thereto.

Requested by the Board of Selectmen.

ARTICLE 14

To see if the Town will vote to raise and appropriate, or appropriate

from available funds, the sum of \$7,000.00, or any other sum, for the purchase of a new Heavy Duty Dump Truck for the Highway Department, or act on anything relative thereto.

Requested by the Highway Surveyor.

ARTICLE 15

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$2,500.00, or any other sum, for the purchase of a new V-Body Sander of approximately six yards capacity for the Highway Department, or act on anything relative thereto.

Requested by the Highway Surveyor.

ARTICLE 16

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$1,200.00, or any other sum, for the purchase of a new Snow Plow for the Highway Department, or act on anything relative thereto.

Requested by the Highway Surveyor.

ARTICLE 17

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$16,000.00, or any other sum, for the purchase of a new Loader-Tractor-Backhoe (to be one integrated unit) for the Highway Department, or act on anything relative thereto.

Requested by the Highway Surveyor.

ARTICLE 18

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$15,000.00, or any other sum, to be used by the Highway Surveyor for the resurfacing of sections of Grove, School, Prospect, Summer and South Streets and for the opening, closing and patching of such advance "Across the Street" water service trenches in any street prior to resurfacing, as are approved by the Board of Selectmen and the Planning Board, subject to an agreement by the Water Commissioners, to install the service piping and connections in the trenches while open and to record the location of the installed services on a street layout, or act on anything relative thereto.

Requested by the Board of Selectmen.

ARTICLE 19

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$2,150.00, or any other sum, for the purchase of a 1966 pick-up truck to replace the present 1955 pick-up truck, for use in the Tree and Public Grounds Departments, or act on anything relative thereto.

Requested by the Tree Warden.

ARTICLE 20

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$10,000.00, or any other sum, to purchase and equip an ambulance, to replace the present 1951 ambulance, or act on anything relative thereto.

Requested by the Civil Defense Director.

ARTICLE 21

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$1,922.26, or any other sum, for the refund of paid taxes to such residents of Old Meeting House Lane as were declared by the court to be illegally assessed for betterments, with such refunds to be made if the required enabling legislation is passed by the current session of the legislature, or act on anything relative thereto.

Requested by the Board of Selectmen.

ARTICLE 22

To see if the Town will vote to construct a sidewalk on the westerly side of High Street, from Washington Street to the Grace Farrar Cole Elementary School, a distance of approximately 1,800 feet, and to construct a sidewalk on the southerly side of Oak Street, from Washington Street to High Street, a distance of approximately 900 feet, and to raise and appropriate, or appropriate from available funds, for this purpose, the sum of \$10,800.00, or any other sum, or act on anything relative thereto.

Requested by the Planning Board.

ARTICLE 23

To see if the Town will vote to appropriate from the stabilization fund the sum of \$100,000.00, to be used for the construction of a new elementary school on Old Oaken Bucket Road and to rescind \$200,000.00 of the Treasurer's borrowing authority voted in Article 2 of the October 25, 1965 Meeting, as such sum will be available from this Stabilization Fund appropriation and the attending State Matching Grant, or act on anything relative thereto.

Requested by the Board of Selectmen.

ARTICLE 24

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$80,000.00, or any other sum, to obtain final plans and specifications for an addition to the Senior High School, including the development of such athletic areas as are required by the expanding student body, and to develop and construct adequate sewage facilities for the enlargement of the school capacity to nine hundred, or act on anything relative thereto.

Requested by the Board of Selectmen.

ARTICLE 25

To see if the Town will vote to appropriate from the Massachusetts Free Public Library Fund, the sum of \$1,301.75 as follows: \$650.88 to the W. J. Leonard Memorial Library Account and \$650.87 to the James Library Account, said funds having been received by the Town from the Commonwealth of Massachusetts, Department of Education, as Aid to Free Public Libraries under Chapter 760, Acts of 1960, as amended by Chapter 672, Acts of 1963, or act on anything relative thereto.

Requested by the Advisory Board.

ARTICLE 26

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$150.00, or any other sum, for the purpose of maintaining during the ensuing year the Mosquito Control Works, as estimated and certified to by the State Reclamation Board, in accordance with the provisions of Chapter 112, Acts of 1931, or act on anything relative thereto.

Requested by the Board of Selectmen.

ARTICLE 27

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$1,375.00, or any other sum, to reshingle the side-walls of Co. #2 Ridge Hill Fire Station, or act on anything relative thereto.

Requested by the Board of Fire Engineers.

ARTICLE 28

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$1,800.00, or any other sum, for the Highway Department, for a communications unit at the garage and two two-way radios, for motor vehicles, or act on anything relative thereto.

Requested by the Highway Surveyor.

ARTICLE 29

To see if the Town will accept a part of Till Rock Lane, as laid out by the Selectmen, in accordance with the description and plan presented at a Hearing in the Cushing Memorial Town Hall and now on file in the Town Clerk's office, without appropriation, or act on anything relative thereto.

Requested by the Board of Selectmen.

ARTICLE 30

To see if the Town will vote to accept an alteration of the layout of a portion of Winter Street, as laid out by the Selectmen, in accordance with

the description and plan presented at a hearing in the Cushing Memorial Town Hall and now on file in the Town Clerk's Office, which involves acquisition of land in order to straighten Winter Street in the vicinity of Burns Lane, by acquiring by purchase or taking by eminent domain, four contiguous parcels on the opposite side from Burns Lane, belonging now or formerly to Joseph W. and Jean M. Rosano (approximately 1/2 acre), Joseph R. Dillon and Joanne L. Greene (approximately 1/2 acre), Webster Cranberry Co., Inc. (approximately four and three-tenths acres), and William A. and Ella Eva Stillman (approximately four and three-tenths acres), making a total of nine and six-tenths acres, more or less, and for the purpose to raise and appropriate, or appropriate from available funds, the sum of \$5,000.00, or any other sum, or act on anything relative thereto.

Requested by the Board of Selectmen.

ARTICLE 31

To see if the Town will vote to allow the Board of Public Welfare to pay from available funds the sum of \$407.40 for unpaid hospital bills rendered under Chapter 117, Section 24A, of the General Laws, prior to January 1, 1965; or act on anything relative thereto.

Requested by the Board of Public Welfare.

ARTICLE 32

To see if the Town will vote to appropriate the 1965 County Dog Tax Refund to the School Department General Education Expenses Account, or act on anything relative thereto.

Requested by the Advisory Board.

ARTICLE 33

To see if the Town will vote to transfer from the Washington Street Cemetery Permanent Fund the sum of \$4,500.00, or any other sum, for repair and maintenance of cemetery roadway and additional water service or act on anything relative thereto.

Requested by the Washington Street Cemetery Committee.

ARTICLE 34

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$700.00, or any other sum or sums, to fence the property owned by the Town of Norwell on Prouty Avenue, formerly known as the MacCollem lots, or act on anything relative thereto.

Requested by the Recreation Commission.

ARTICLE 35

To see if the Town will vote to accept General Laws, Chapter 40,

Section 6B, to enable the Town to provide a uniform allowance for the Police Department, and to raise and appropriate, or appropriate from available funds, the sum of \$525.00, or any other sum, for this purpose, or act on anything relative thereto.

Requested by the Norwell Police Association.

ARTICLE 36

To see if the Town will vote:

WHEREAS, there exists in the Town of Norwell a shortage of safe, sanitary and adequate dwellings available for elderly persons of low income at rentals which they can afford;

WHEREAS, it is hereby determined that a Housing Authority is needed for the provision of housing for elderly persons of low income;

NOW THEREFORE, it is hereby voted that the Norwell Housing Authority shall be organized and established under and in accordance with the provisions of General Laws, Chapter 121, Section 26K, as amended;

or act on anything relative thereto.

Requested by the Norwell Council on Aging.

ARTICLE 37

To see if the Town will vote to raise and appropriate, or appropriate from available funds the sum of \$1,000.00, or any other sum, to be used by the Water Commissioners for the employment of Water Department Cost Analysts to determine self-supporting water rates providing revenue from users only to meet all department costs including principal, interest, service equipment and depreciation and to establish a continuous rate-making procedure required for department operation, as outlined in Chapter 41, Section 69B, or act on anything relative thereto.

Requested by the Board of Selectmen.

ARTICLE 38

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$2,500.00, or any other sum, for use by the Water Commissioners to employ established water department professional engineers or organizations, to develop a water service expansion plan including mains, storage, well and pumping facilities, in units of \$75,000.00 total cost, based upon 15 years borrowing and the issuance of \$5,000.00 bonds, or act on anything relative thereto.

Requested by the Board of Selectmen.

ARTICLE 39

To see if the Town will vote to appropriate the sum of \$3,000.00, or

any other sum, for conducting pumping tests at new well sites for the Town Water System, and to determine whether the same shall be raised by taxation, by transfer from available funds, or by any combination of the foregoing, or take any other action relative thereto.

Requested by the Board of Water Commissioners.

ARTICLE 40

To see if the Town will vote to appropriate the sum of \$25,000.00, or any other sum, for the construction of a pumping station, including original pumping station equipment, and for laying water mains of not less than six inches but less than sixteen inches in diameter, between the pumping station and existing water mains, and to determine whether the same shall be raised by taxation, by transfer from available funds; by borrowing, or by any combination of the foregoing, or take any other action relative thereto.

Requested by the Board of Water Commissioners.

ARTICLE 41

To see if the Town will vote to appropriate the sum of \$4,500.00, or any other sum, for relaying water mains, of not less than six inches but less than sixteen inches in diameter, in Main Street near the High School, and to determine whether the same shall be raised by taxation, by borrowing, by transfer from available funds, or by any combination of the foregoing, or take any other action relative thereto.

Requested by the Board of Water Commissioners.

ARTICLE 42

To see if the Town will vote to purchase or take by eminent domain, for purposes of public water supply, by the Board of Water Commissioners, a parcel of land containing approximately 15 acres, located at a place known as Grassy Swamp, situated southwesterly from Washington Street, northeasterly from High Street, southerly from Ridge Hill Road and northerly of Hall Drive, more particularly shown on a plan entitled "Sketch Plan Of Land Showing Well Location off Washington Street, Norwell," dated November 4, 1965, revised January 13, 1966, and revised January 20, 1966, by Loring H. Jacobs, Registered Land Surveyor, a copy of which is on file in the Town Clerk's office, said plan being made a part hereof and incorporated herein by reference, and appropriating therefore the sum of \$18,000.00, or any other sum, and to determine whether the same shall be raised by taxation, by transfer from available funds, by borrowing, or by any combination of the foregoing, or take any other action relative thereto.

Requested by the Board of Water Commissioners.

ARTICLE 43

To see if the Town will vote to appropriate the sum of \$5,000.00, or any other sum, to be added to the Developing Well and Well Field

Account and to determine whether the same shall be raised by taxation, by transfer from available funds, or by any combination of the foregoing, or take any other action relative thereto.

Requested by the Board of Water Commissioners.

ARTICLE 44

To see if the Town will vote to appropriate the sum of \$18,000.00, or any other sum, for laying and relaying water mains of not less than six inches, but less than sixteen inches in diameter, in Lincoln Street, from the end of the existing water main near the crossing of the high tension power line, and the junction of Lincoln and Grove Streets, for a distance of about 3,000 feet, and to determine whether the same shall be raised by taxation, by transfer from available funds, by borrowing, or by any combination of the foregoing, or take any other action relative thereto.

Requested by 82 registered voters in the Town of Norwell.

ARTICLE 45

To see if the Town will vote to appropriate the sum of \$30,000.00, or any other sum, for the laying and re-laying of water mains of not less than six inches, but less than sixteen inches in diameter, in Circuit Street from the end of the existing main for a distance of approximately 5,000 feet, and to determine whether the same shall be raised by taxation, by transfer from available funds, by borrowing, or by any combination of the foregoing, or take any other action relative thereto.

Requested by 23 registered voters in the Town of Norwell.

ARTICLE 46

To see if the Town will vote to appropriate the sum of \$8,400.00, or any other sum, for laying and relaying water mains of not less than six inches, but less than sixteen inches in diameter, in Cross Street from the junction of Cross and Winter Streets, in an easterly direction for a distance of approximately 1,200 feet, and to determine whether the same shall be raised by taxation, by transfer from available funds, by borrowing, or by any combination of the foregoing, or take any other action relative thereto.

Requested by 18 registered voters in the Town of Norwell.

ARTICLE 47

To see if the Town will vote to appropriate the sum of \$21,500.00, or any other sum, for the laying and relaying of water mains of not less than six inches, but less than sixteen inches in diameter, in Pine Street from the junction of Pine and River Streets for a distance of approximately 3,500 feet, and to determine whether the same shall be raised by taxation, by transfer from available funds, by borrowing, or by any combination of the foregoing, or take any other action relative thereto.

Requested by 44 registered voters in the Town of Norwell.

ARTICLE 48

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$100,000.00, or any other sum, to be added to the Stabilization Fund, as provided by the General Laws, Chapter 40, Section 5B, or act on anything relative thereto.

Requested by the Advisory Board.

ARTICLE 49

To see if the Town will give instructions to its elected Town Officers.

SALE OF FISH RIGHTS

Subsequent Meeting for the Election of Officers

SATURDAY, MARCH 19, 1966

Polls Open 12:00 Noon to 8:00 P.M.

And you are further directed to notify all legal voters to assemble at the Senior High School, Main Street, on Saturday, March 19, 1966, during the polling hours, then and there to act upon the following:

"To bring to the Election Officers, their votes, all on one ballot for the following named officers to wit: One Selectman for three years; One Town Clerk for three years; one Assessor for three years; one member of the Board of Health for three years; one member of the Board of Public Welfare for three years; one member of the Board of Water Commissioners for three years; one Highway Surveyor, one Moderator and one Tree Warden, all for terms of one year each; one member of the Planning Board for a term of five years; two members of the School Committee for three years; and one member of the Board of Trustees of the William J. Leonard Memorial Library for three years."

You are hereby required to notify and warn said inhabitants of Norwell qualified to vote in town affairs, in case all the articles in the foregoing Warrant shall not be acted upon at meeting called for the fourteenth day of March, to meet in adjourned session at the Senior High School, Tuesday, the fifteenth day of March, 1966, Thursday, the seventeenth day of March, 1966, and Friday, the eighteenth day of March, 1966, at 7:30 P.M., in the afternoon then and there to act upon such of the foregoing articles as shall not have been acted upon on March 14, 1966, or act upon such other articles in said Warrant as the meeting may deem advisable.

You are directed to serve this Warrant by posting a copy thereof, attested to by you in writing, at each of five public places in the Town, seven days at least before the time for holding the meeting called for in the Warrant. Hereof fail not and make due return of this Warrant with your doings thereon to the Town Clerk of said Town on or before the fourteenth day of March, 1966.

Given under our hands at Norwell this seventh day of February in the year of our Lord 1966.

CHESTER A. RIMMER, Chairman
ERNEST J. MILANI
RICHARD A. HOUSLEY

BOARD OF SELECTMEN

RECORD OF THE ANNUAL TOWN MEETING

MARCH 14, 1966

Pursuant to the foregoing warrant, the qualified voters of the Town of Norwell met at the Senior High School on March 14, 1966. The meeting opened at 7:45 P.M. with the Moderator, David Lee Turner, in charge. 258 voters were then present.

Tellers were appointed and sworn in by the Moderator: George Whitcher, Jr., James Macaulay, Francis Chase, Jr., Stanley Richards, and Leonard Marsden.

Mr. Emmanuel S. Hedgebeth, minister of the Congregational Church, offered a prayer for the meeting.

The service of the warrant by the Constable, Harland W. Farrar, was read by the Town Clerk. It was voted to omit the reading of the articles in the warrant until taken up for action.

It was VOTED to admit resident non-voters and students, who were seated on the stage at the right of the Moderator.

ARTICLE 1

VOTED to accept the report of the Officers, Boards, Departments, Committees and Commissions as printed in the 1965 Town Report.

ARTICLE 2

VOTED that the Town raise and appropriate the sums of money as indicated in the recommended column of the Transcript of Articles in the Warrant and Budget for 1966 for the Town of Norwell and for the purpose as noted for all items in Article 2, excepting Items 28, 31, 42, 65, 64, 66, 111 and 154, and that the Town fix the salaries and compensation of all elected officers of the Town as shown in the recommended column effective from January 1, 1966, as provided by Section 108 of Chapter 41 of the General Laws.

Item 28. Motion made and seconded that the salary of the Town Clerk be voted at \$3,000. Amendment made and seconded and VOTED that the Town Clerk's salary be \$3,500. The main motion, as amended, was VOTED.

Item 31. Motion made and seconded that the sum of \$220.00 be voted under Town Clerk-Capital Outlay. This was amended to read \$346.50. The amendment was VOTED and the main motion, as amended, was VOTED.

Item 42. VOTED that the amount of \$500.00 be raised and appropriated, for the Capital Budget Committee.

Item 65. VOTED that the sum of \$16,550.00 be raised and appropriated, Salaries, Emergency Communications Center.

Item 66. VOTED that the sum of \$3,000.00 be raised and appropriated, Expenses, Emergency Communications Center.

Item 111. VOTED that the sum of \$910,535.65 be raised and appropriated, General Education Expenses. This is the amount listed in the articles, less the County Dog Tax Refund in the amount of \$1,464.35.

Item 154. VOTED that the Town appropriate the sum of \$25,000.00 for the Reserve Fund and that to meet the appropriation the sum of \$1,981.26 be appropriated and transferred from the Overlay Surplus account and that the Town raise and appropriate the sum of \$23,018.74.

SPECIAL ITEM. ARTICLE 2. VOTED that the Town raise and appropriate the sum of \$12,500.00 for the payment of interest on the 1966 Old Oaken Bucket School Loan.

ARTICLE 3

VOTED to authorize the Town Treasurer, with the approval of the Selectmen to borrow money from time to time in anticipation of the revenue of the financial years beginning January 1, 1966, and January 1, 1967, and to issue a note or notes therefor, payable within one year in accordance with General Laws, Chapter 44, Section 4, as amended, and to renew any note or notes as may be given for less than one year in accordance with General Laws, Chapter 44, Section 17, as amended.

VOTED that Article 5 be taken up for action before Article 4.

ARTICLE 5

VOTED UNANIMOUSLY to amend the Town of Norwell By-Laws, Article XIV, entitled Building Code of Norwell, by adding in SECTION III, Paragraph 3, entitled "Applications for Permits," two new Sub-paragraphs, designated C and D, to read as follows:

"C. All permits shall be void unless operations thereunder shall be commenced within six months after the date of the permit, or if operations thereunder are discontinued for a period of more than six months. All permits expire twelve months after the date of the permit, but may be renewed without any additional fee.

D. No work shall be commenced until a permit has been granted."

ARTICLE 4

VOTED UNANIMOUSLY to amend the Town of Norwell By-laws, Article XVII, Zoning By-laws, by deleting in SECTION X, Enforcement, Paragraphs numbers 2, 2a, 2b, 2c and 2d and by substituting therefor a new Paragraph number 2, to read as follows:

"2. Whoever violates the provisions of this By-law shall be fined not less than \$5.00, nor more than \$50.00, for each offense."

ARTICLE 6

VOTED UNANIMOUSLY to amend the Town of Norwell Zoning By-laws,

Article XVII, by deleting Paragraph E of SECTION IV, and by substituting therefor a new Paragraph "E," to read as follows:

"E. A private club, if managed and controlled by the membership, not including one whose chief activity is a service customarily carried on as a business, but the foregoing shall not prohibit the customary functions of bona fide Country Clubs, Sportsman Clubs, Amateur Dramatic Clubs, Social or Educational Clubs, and the like."

The Chairman of the Planning Board, Charles W. Bayley, Jr., gave an oral report to the Town Meeting. He said a Public Hearing on the changes in the By-laws had been advertised and held on February 18, 1966, at which no opposition was expressed, and no suggestions made for revisions. This report covered Articles 4, 5, 6 and 7.

ARTICLE 7

VOTED UNANIMOUSLY to amend the Town of Norwell Zoning By-laws, Article XVII, by deleting Paragraph C of SECTION IV, and by substituting therefor a new Paragraph C, to read as follows:

"C. Institutional, educational, recreational, philanthropic, or religious building or use, providing such building or use is not a business undertaking, but not including one, the chief activity of which is a service, (1) to delinquent, criminal, mentally deficient or mentally deranged persons; or (2) customarily carried on as a business."

ARTICLE 8

VOTED UNANIMOUSLY to appropriate and transfer the sum of \$50,000.00 from Free Cash to the 1966 Revenue Account and authorize the Assessors to use this sum to decrease the 1966 tax rate.

ARTICLE 9

VOTED to raise and appropriate the sum of \$5,000.00 to employ the services of municipal planners, architects and engineers, to develop preliminary plans, specifications, costs and illustrations of a fire station, town hall addition and police station, or any combination of the same, under the direction of the Board of Selectmen, subject to the requirements and approval of all boards and officials involved, and with the stipulations that such service will be completed before August 1, 1966, adequate for the development of final plans and that any fees paid shall be applied to the normal professional service costs on any portion voted by the Town for final design, construction and supervision under the direction of the Permanent Building and Maintenance Committee.

ARTICLE 10

VOTED UNANIMOUSLY to raise and appropriate the sum of \$15,125.00 in anticipation of repayment by the Commonwealth of Massachusetts, for Chapter 81 work on the highways.

ARTICLE 11

VOTED UNANIMOUSLY to raise and appropriate the sum of \$19,500.00 in anticipation of repayment by the Commonwealth of Massachusetts and the County of Plymouth, for Chapter 90 work on the highways.

ARTICLE 12

VOTED UNANIMOUSLY to transfer the sum of \$7,660.08, in anticipation of repayment by the Commonwealth of Massachusetts for Chapter 679, Acts of 1965, Work on the Highways.

ARTICLE 13

VOTED to raise and appropriate the sum of \$32,000.00 for a Motor Vehicle and Equipment Fund, to provide for the depreciation, replacement and purchase of motor vehicles and equipment, and establish a control list of all vehicles, recording the date of purchase, mileage, type, maker, repairs and any other pertinent data essential to replacement determination by a vote of the Town.

ARTICLE 14

VOTED UNANIMOUSLY to appropriate the sum of \$7,000.00 for the purchase of a new heavy duty dump truck for the Highway Department and that to meet the appropriation the sum of \$2,925.19 be appropriated and transferred from the Motor Vehicle and Equipment Fund and the sum of \$4,074.81 be appropriated and transferred from the Road Machinery Fund.

ARTICLE 15

VOTED UNANIMOUSLY to appropriate and transfer the sum of \$2,500.00 from the Motor Vehicle and Equipment Fund for the purchase of a new V-Body Sander of approximately six yards capacity for the Highway Department.

ARTICLE 16

VOTED UNANIMOUSLY to appropriate and transfer the sum of \$1,200.00 from the Motor Vehicle and Equipment Fund for the purchase of a new Snow Plow for the Highway Department.

ARTICLE 17

VOTED to appropriate and transfer the sum of \$13,000.00 from the Motor Vehicle and Equipment Fund for the purchase of a new loader-tractor-backhoe (to be one integrated unit) for the Highway Department.

ARTICLE 18

Motion made and seconded that the Town raise and appropriate the sum of \$15,000.00 to be added to the Highway Town Account, and authorize the use of said sum by the Highway Surveyor for the resurfacing of sections of Grove, School, Prospect, Summer and South Streets and for

the opening, closing and patching of such advance "across the street" water service trenches in any street prior to resurfacing, as are approved by the Board of Selectmen and the Planning Board, subject to an agreement by the water commissioners, to install the service piping and connections in the trenches while open and to record the location of the installed services on a street layout.

Motion made and seconded to amend by adding the word "accepted" before "street prior to resurfacing."

The main motion, as amended, was VOTED, as follows:

"VOTED: to raise and appropriate the sum of \$15,000.00 to be added to the Highway Town Account, and authorize the use of said sum by the Highway Surveyor for the resurfacing of sections of Grove, School, Prospect, Summer and South Streets, and for the opening, closing and patching of such advance "across the street" water service trenches in any accepted street prior to resurfacing as are approved by the Board of Selectmen and the Planning Board, subject to an agreement by the Water Commissioners, to install the service piping and connections in the trenches while open and to record the location of the installed services on a street layout."

ARTICLE 19

VOTED UNANIMOUSLY to appropriate and transfer the sum of \$1,788.00 from the Motor Vehicle and Equipment Fund for the purchase of a 1966 Pick-up truck to replace the present 1955 pick-up truck, for use in the Tree and Public Grounds Department.

ARTICLE 20

VOTED that action under Article 20 be indefinitely postponed.

ARTICLE 21

VOTED that the Town approve the refund of paid taxes to such residents of Old Meeting House Lane as were declared by the court to be illegally assessed for betterments, with such refunds to be made if the required enabling legislation is passed by the current session of the legislature.

ARTICLE 22

VOTED UNANIMOUSLY to appropriate the sum of \$8,500.00 to construct a sidewalk on the westerly side of High Street, from Washington St. to the Grace Farrar Cole Elementary School, a distance of approximately 1,800 feet and to construct a sidewalk on the southerly side of Oak Street, from Washington Street to High Street, a distance of approximately 900 feet, and that to meet the appropriation the sum of \$2,779.17 be appropriated and transferred from the Highways-Grove St. Sidewalk Fund and that the Town raise and appropriate the sum of \$5,720.83.

ARTICLE 23

VOTED UNANIMOUSLY that the Town appropriate and transfer from

the Stabilization Fund the sum of \$100,000.00 to be used for the construction and equipping of a new Elementary School on Old Oaken Bucket Road, and appropriate and transfer the attending State Matching Grant for use on this project.

ARTICLE 24

VOTED UNANIMOUSLY that the Town appropriate the sum of \$80,000.00 to obtain final plans and specifications for an addition to the Senior High School, including the development of such athletic areas as are required by the expanding student body, and to develop and construct adequate sewage facilities for the enlargement of the school capacity to nine hundred and that to meet the appropriation the sum of \$3,295.58 be appropriated and transferred from the G. F. Cole School addition final plans and specifications account, the sum of \$7,929.12 be appropriated and transferred from the G. F. Cole School Addition, Construction and Equipment Account, and that the Town raise and appropriate the sum of \$68,775.30.

ARTICLE 25

VOTED UNANIMOUSLY that the Town appropriate and transfer from the Massachusetts Free Public Library Fund, the sum of \$1,301.75 as follows: \$650.88 to the W. J. Leonard Memorial Library Account and \$650.87 to the James Library Account.

ARTICLE 26

VOTED UNANIMOUSLY that the Town raise and appropriate the sum of \$150.00 for the purpose of maintaining during the ensuing year the Mosquito Control Works, as estimated and certified to by the State Reclamation Board, in accordance with the provisions of Chapter 112, Acts of 1931.

ARTICLE 27

VOTED UNANIMOUSLY that the Town raise and appropriate the sum of \$1,375.00 to re-shingle the side-walls of Co. #2 Ridge Hill Fire Station.

ARTICLE 28

VOTED that the Town appropriate and transfer the sum of \$1,800.00 from the Motor Vehicle and Equipment Fund for the Highway Department, for a communication unit at the garage and two two-way radios for motor vehicles.

ARTICLE 29

VOTED UNANIMOUSLY that the Town accept a part of Till Rock Lane, as laid out by the Selectmen, in accordance with the description and plan presented at a hearing in the Cushing Memorial Town Hall and now on file in the Town Clerk's office, without appropriation.

ARTICLE 30

Motion made that the Town accept an alteration of the layout of a por-

tion of Winter Street, as laid out by the Selectmen, in accordance with the description and plan presented at a hearing in the Cushing Memorial Town Hall and now on file in the Town Clerk's office, which involves acquisition of land in order to straighten Winter Street in the vicinity of Burns Lane, by acquiring by purchase or taking by eminent domain, four contiguous parcels on the opposite side from Burns Lane, belonging now or formerly to Joseph W. and Jean M. Rosano (approximately 1/2 acre), Joseph R. Dillon and Joanne L. Greene (approximately 1/2 acre), Webster Cranberry Co., Inc. (approximately four and three-tenths acres), and William A. and Ella Eva Stillman (approximately four and three-tenths acres), making a total of nine and six-tenths acres, more or less, and for the purpose to raise and appropriate the sum of \$20,000.00. This motion was withdrawn and it was VOTED UNANIMOUSLY to indefinitely postpone action on Article 30.

ARTICLE 31

VOTED UNANIMOUSLY that the Town authorize and direct the Board of Public Welfare to pay from available funds the sum of \$407.40 for unpaid hospital bills rendered under Chapter 117, Section 24A, of the General Laws, prior to January 1, 1965.

ARTICLE 32

VOTED UNANIMOUSLY that the Town appropriate and transfer the 1965 County Dog Tax Refund in the amount of \$1,464.35 to the School Department General Education Expense Account.

ARTICLE 33

VOTED UNANIMOUSLY that the Town appropriate and transfer from the Washington Street Cemetery Permanent Fund the sum of \$4,500, for repair and maintenance of cemetery roadway and additional water service.

ARTICLE 34

VOTED to raise and appropriate the sum of \$300.00 to fence the property owned by the Town of Norwell on Prouty Avenue, formerly known as the MacCollem lots.

ARTICLE 35

VOTED UNANIMOUSLY to accept General Laws, Chapter 40, Section 6B, to enable the Town to provide an allowance for uniforms for the Police Department, and that the Town raise and appropriate the sum of \$525.00 to be expended under the supervision of the Chief of Police for this purpose.

ARTICLE 36

Moved, seconded, but DEFEATED that

“WHEREAS, there exists in the Town of Norwell a shortage of safe, sanitary and adequate dwellings available for elderly persons of low income at rentals which they can afford;

WHEREAS, it is hereby determined that a Housing Authority is needed for the provision of housing for elderly persons of low income;

NOW THEREFORE, it is hereby voted that the Norwell Housing Authority shall be organized and established under and in accordance with the provisions of General Laws, Chapter 121, Section 26K, as amended."

ARTICLE 37

VOTED that the Town raise and appropriate the sum of \$1,000.00 to be used by the Water Commissioners for the employment of Water Department Cost Analysts to determine self-supporting water rates providing revenue from users only to meet all department costs including principal, interest, service equipment and depreciation and to establish a continuous rate-making procedure as outlined in Chapter 41, Section 69B.

ARTICLE 38

VOTED that the Town raise and appropriate the sum of \$2,500.00 for use by the Water Commissioners to employ established water department professional engineers organizations, experienced and qualified to participate in Federal programs for Public Works planning, to develop a water service expansion plan including mains, storage, well and pumping facilities, in units of \$75,000.00 total cost, based upon 15 years borrowing and the issuance of \$5,000.00 bonds.

ARTICLE 39

VOTED UNANIMOUSLY that the Town raise and appropriate the sum of \$3,000.00 for conducting pumping tests at new well sites for the town water system.

ARTICLE 40

VOTED UNANIMOUSLY that the Town appropriate the sum of \$25,000.00 to be expended under the direction of the Water Commissioners, for the construction of a pumping station, including original pumping station equipment, at a place known as Grassy Swamp, and for laying water mains of not less than six inches, but less than sixteen inches in diameter, between the pumping station and existing water mains, and that to raise this amount the Treasurer with the approval of the Selectmen is authorized to borrow \$25,000.00 under General Laws, Chapter 44, as amended.

ARTICLE 41

VOTED UNANIMOUSLY to appropriate the sum of \$4,500.00 for relaying water mains of not less than six inches but less than sixteen inches in diameter in Main Street near the High School and that to raise this amount the Treasurer with the approval of the Selectmen is authorized to borrow \$4,500.00 under General Laws, Chapter 44, as amended.

ARTICLE 42

VOTED UNANIMOUSLY to authorize and direct the Water Commissioners to take by eminent domain, for purposes of public water supply, a parcel of land containing approximately 14.08 acres, located at a place known as Grassy Swamp, situated southwesterly from Washington Street, northeasterly from High Street, southerly from Ridge Hill Road and northerly of Hall Drive, more particularly shown on a plan entitled "Plan of land in Norwell for development of water supply Town of Norwell," dated February 11, 1966 by Loring H. Jacobs, Registered Land Surveyor, a copy of which is on file in the Town Clerk's office, and appropriate to meet the cost of such acquisition and the expenses in connection therewith the sum of \$12,000.00 and that to raise this amount the Treasurer with the approval of the Selectmen is authorized to borrow \$12,000.00 under General Laws, Chapter 44, as amended.

ARTICLE 43

VOTED UNANIMOUSLY to appropriate the sum of \$5,000.00 to be added to the Developing Well and Well Field Account and that to meet the appropriation the sum of \$15.09 be appropriated and transferred from the 1962 Norwell Avenue Mains account, the sum of \$124.07 be appropriated and transferred from the 1962 Old Oaken Bucket mains account and that the town raise and appropriate the sum of \$4,860.84.

ARTICLE 44

Motion made and seconded that the Town appropriate the sum of \$18,000.00 for laying and relaying water mains of not less than six inches but less than sixteen inches in diameter, in Lincoln Street, from the end of the existing water mains near the crossing of the high tension power line to the junction of Lincoln and Grove Streets, a distance of about 3,000 feet, and that to raise this amount the Treasurer with the approval of the Selectmen is authorized to borrow \$18,000.00 under General Laws, Chapter 44, as amended.

Motion made, seconded and VOTED to indefinitely postpone action on Article 44.

ARTICLE 45

VOTED to indefinitely postpone action on Article 45.

ARTICLE 46

VOTED to indefinitely postpone action on Article 46.

ARTICLE 47

VOTED UNANIMOUSLY to indefinitely postpone action on Article 47.

ARTICLE 48

VOTED UNANIMOUSLY to raise and appropriate the sum of \$35,000.00 to be added to the Stabilization Fund, as provided by General Laws, Chapter 40, Section 5B.

ARTICLE 49

Motion made, seconded but FAILED TO CARRY under Article 49 that it is the desire of this meeting that the Water Commissioners be instructed that the engineering study be completed by August 1, 1966, and furthermore that the payment of monies voted under Article 40 of 1965 town meeting be postponed until completion of the study authorized under Article 38 of this meeting and a report be made by the Water Commissioners to the townspeople at the first special Town Meeting after August 1st, 1966.

Fish Right #1 was sold to Mrs. James Warren of High Street for \$4.00 and Fish Right #2 was sold to Charles Bayley, Jr., of Main Street for \$2.00.

The business of the warrant having been completed, the meeting was VOTED to be adjourned, until the Town Election March 19, 1966 at the Senior High School.

AUTHORIZED BORROWING

- ARTICLE 3. VOTED to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial years beginning January 1, 1966 and January 1, 1967, and to issue a note or notes therefor, payable within one year in accordance with General Laws, Chapter 44, Section 4, as amended, and to renew any note or notes as may be given for less than one year in accordance with General Laws, Chapter 44, Section 17, as amended.
- ARTICLE 40. VOTED UNANIMOUSLY that the Town appropriate the sum of \$25,000.00 to be expended under the direction of the Water Commissioners, for the construction of a pumping station, including original pumping station equipment, at a place known as Grassy Swamp, and for laying water mains of not less than six inches but less than sixteen inches in

diameter, between the pumping station and existing water mains, and that to raise this amount the Treasurer with the approval of the Selectmen is authorized to borrow \$25,000.00 under General Laws, Chapter 44, as amended.

ARTICLE 41. VOTED UNANIMOUSLY that the Town appropriate the sum of \$4,500.00 for relaying water mains of not less than six inches but less than sixteen inches in diameter in Main Street near the High School and that to raise this amount the Treasurer with the approval of the Selectmen is authorized to borrow \$4,500.00 under General Laws, Chapter 44, as amended.

ARTICLE 42. VOTED UNANIMOUSLY that the Town authorize and direct the Water Commissioners to take by eminent domain, for purposes of public water supply, a parcel of land containing approximately 14.08 acres, located at a place known as Grassy Swamp, situated southwesterly from Washington Street, northeasterly from High Street, southerly from Ridge Hill Road and northerly of Hall Drive, more particularly shown on a plan entitled "Plan of Land in Norwell for development of water supply, Town of Norwell," dated February 11, 1966, by Loring H. Jacobs, Registered Land Surveyor, a copy of which is on file in the Town Clerk's office, and appropriate to meet the cost of such acquisition and the expenses in connection therewith the sum of \$12,000.00, and that to raise this amount the Treasurer with the approval of the Selectmen is authorized to borrow \$12,000.00 under General Laws, Chapter 44, as amended.

TOTAL \$41,500.00

NELLIE G. TARR
Town Clerk of Norwell

TOWN ELECTIONS

March 19, 1966

Pursuant to the foregoing warrant, the qualified voters of the Town of Norwell met on Saturday, March 19, 1966 at the Senior High School and cast their votes for the elected town officials.

Prior to the opening of the polls at 12 Noon, the ballot box was opened and examined, and found empty, and the register set at 0000.

The Town Clerk swore in the following appointed election officers to the faithful and impartial performance of their duties:

Wilder A. Gaudette, Warden; Mary McBrine, Clerk; John Piotti, Ballot Box Officer; Margaret E. C. Reeser, Julia Rosebach, Eleanor J. Benner, Eleanor F. Mitchell, Mary Jane Clark, John Reagan, Helen T. Gregory, Carmella Molla and Frances S. Molla, as Inspectors.

The polls were declared closed at 8:00 P.M. and the following tally made of ballots and voting sheets, in open meeting:

Ballots received	3486
Ballots unused	2232
Ballots used	1254
Absentee Ballots cast	7

TOTAL BALLOTS CAST	1261
--------------------	------

Voting Sheets - names checked as voting	1261
Ballot box register	1261

The Town Clerk swore in the following tellers:

Claire Foulsham, Margaret Peterson, Barbara Meacham, Betty Long, Barbara Farren, Ruth C. Hersey, Emma S. Oronte, Lillian Brokaw, Eleanor L. MacLeod, Jeanne St. Aubin, Margery Barry, June Lepisto, Marian Robinson, Ann J. Valair, Margery A. Abbott, Ruth Sinowski, Eleanor Booth, Phyllis Yanarella, Charles W. Bayley, Jr., Agnes M. Albert, Jean Lantz and Ralph Coleman.

Upon being canvassed in open meeting, the voters were found to be cast as follows:

Town Clerk

DELAYED RETURN OF 1965 MARRIAGE

- December 31 Married in Middleboro, Kevin James O'Brien of Norwell and Lucia E. Pease of Brockton, by Marshall Maranville, Justice of the Peace.

REGISTRATION OF VOTERS

QUALIFICATIONS: Must have been a resident of the Commonwealth of Massachusetts for one year.

Must have been a resident of the Town of Norwell for six months.

Must have attained the age of 21 by the time they exercise their franchise to vote.

Some evidence must be shown proving six months residence, such as a receipted utility bill, dated six months previously, showing the Norwell address. If a naturalized citizen, citizenship papers must be presented at the time of registration. Final papers must be presented.

Any qualified resident may register with the Town

Clerk any day, Monday through Friday, or on a Monday night from 7:00 to 9:00 P.M., except for those periods during which registrations are closed by law. The Board of Registrars are also in special session previous to elections and primaries.

Registered voters as of January 1, 1966	3,068
Registered during 1966	<u>362</u>
	3,430
Removed from list during 1966 (Moved from town, died, etc.)	<u>152</u>
Registered voters as of January 1, 1967	3,278

Henry Abrahams, from the Industrial Development Commission, April 9, 1966.

Davida Garceau, from the Conservation Commission, April 20, 1966.

Dennett W. Withington, from the Permanent Drainage Committee, May 1966.

John A. Reagan, Sr., as an Election Officer, September 1966.

REPORT OF STATE AUDIT

Pursuant to General Laws, Chapter 44, Section 40, the Town Clerk hereby publishes the following:

COMMONWEALTH OF MASSACHUSETTS
Department of Corporations and Taxation
Bureau of Accounts
State Office Building, Government Center
100 Cambridge Street, Boston 02202

October 6, 1966

To the Board of Selectmen
Mr. Chester A. Rimmer, Chairman
Norwell, Massachusetts

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the town of Norwell for the period from June 5, 1963 to December 31, 1965, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. William Schwartz, Assistant Chief of Bureau.

Very truly yours,

Arthur H. MacKinnon
Director of Accounts

The complete report of the audit was received by the Town Clerk and filed on October 10, 1966.

ELIZABETH J. POWER
Town Collector

REPORT OF THE TOWN FOREST COMMITTEE

During the past year an effort was made to acquire parcels of state-owned land in the Town of Norwell included in the Expressway land taking which the Commonwealth might declare excess. The Committee was notified that the land under consideration was not considered excess by the Department of Public Works, as plans had been made for further expansion and beautification when funds became available - either from Highway funds or Federal participating funds under the recent Highway beautification program.

The Town Forest of Norwell at the present time is not adequate. It consists of twenty-nine (29) acres split into three sections in various parts of the town, and in our opinion the acquisition of more land is imperative. Several hundred acres are needed for a town of our size, especially in view of the tremendous growth in population ahead.

The Committee solicits gifts of parcels from the citizens which could be used to amplify our present areas.

Respectfully submitted,

D. Frank Mederos, Chairman

Paul C. Rassmussen

John C. Slupski

Wesley H. Osborne, Jr., Ex Officio

REPORT OF THE TREE WARDEN, MOTH SUPERINTENDENT AND SUPERINTENDENT OF PUBLIC GROUNDS

To the Citizens of the Town of Norwell:

Weather conditions during 1966, because of nearly normal rainfall, were more favorable for the growing of grass and trees than in the past several years. Our grass areas required more frequent mowings than in the past. Hopefully, our new plantings of trees and shrubs will respond favorably to this added moisture. Mature trees, particularly sugar maples, which have suffered from drought and generally poor growing conditions will probably continue to decline in vigor.

It is gratifying to note that there has been considerable planting of trees and shrubs on the section of the Southeast Expressway which passes through Norwell. We are supplementing this planting with trees on adjacent roadsides. Approximately seventy trees have been planted in this effort.

The number of elm trees on our roadsides, or in fact anywhere in our town, is slowly diminishing. This is of course due to a condition known as Dutch Elm Disease. Research has provided us with no new method, cure, or indeed hope which can stop the effects of Dutch Elm Disease.

There was no serious defoliation of shade trees in 1966 because of insect pests. However, some spraying is always required to control leaf-feeding insects. Every attempt is made to use less-toxic materials so that the general environment is affected as little as possible.

Poison ivy control was carried out where requested and along roadsides.

Norwell High School's football games were played at the Hanover Regional Vocational Technical field this year. Excellent cooperation was had by all concerned. This was probably the best solution to the limited playground areas we now have. It is apparent that if we expect to play athletic contests on turf areas, there is a need for considerably larger playgrounds. If playground areas are to be maintained to insure reasonable playing conditions, they must be constructed according to certain specifications. These specifications must include proper grades, drainage, soil, and grass species. To maintain turf playgrounds in a reasonable condition will require considerable equipment, materials, and labor.

In closing I wish to thank our employees and the other town departments for their cooperation and help during the year.

Respectfully submitted,

Wesley H. Osborne, Jr.
Tree Warden
Moth Superintendent and
Superintendent of Public Grounds

REPORT OF THE VETERANS AGENT AND THE VETERANS SERVICE OFFICER

Board of Selectmen
Norwell, Mass.

Gentlemen:

This department paid \$6,619.39 for the first eleven months of 1966, for Veterans Benefits. Expenditures for the month of December are not yet completed, but are estimated at \$1,008.21; making a total of \$7,627.60 for the year. This compares with an expenditure of \$4,414.80 for the year 1965. However, there were a maximum of three recipients in 1965 compared with six in 1966.

Many are unaware of the services provided by this department. Veterans and their dependents are financially aided in terms of rent, food, clothing, personal needs, medical and hospital needs, and other areas of an emergency nature. Generally speaking, to be eligible for such aid, one must be a Veteran, having insufficient resources to meet the aforementioned needs. Such Veterans include those involved in a labor dispute, those suddenly finding themselves without employment, through no fault of their own, or those accidentally and temporarily disabled.

As Service officer this department will furnish any information concerning Veterans affairs, as well as aid any Veteran in processing a claim for any benefit he is interested in and eligible to obtain.

The phone number of this department is listed under the Town of Norwell, Veterans Services. Please call after 6:00 P.M. weekdays and

anytime weekends. The Town Manager will locate this Agent during week-days prior to 6:00 P.M. in the event of an emergency.

I wish to extend my appreciation and thanks to Mr. Chase, the Town Manager, to the Town Officers, to the secretarial staff of the Town Hall, and to the Norwell Lions Club for their providing Thanksgiving and Christmas baskets to needy Veterans and their families.

Respectfully submitted,

Leonard W. Rowe, Jr.
Veterans Agent

REPORT OF NORWELL VISITING NURSE ASSOCIATION

Board of Selectmen
Norwell, Mass.

Gentlemen:

The Norwell Visiting Nurse Association has continued to provide its usual services for the town during the year 1966. These include:

1. A full time nurse for bedside nursing.
2. Furnishing a car for the nurse.
3. Loaning equipment, such as hospital beds, walkers, wheel chairs, crutches, and wide variety of bedside materials. This equipment is available, free of charge, to any resident of the town.
4. Giving a Nursing Scholarship to Norwell High School graduates.
5. Maintaining a monthly well-child clinic.
6. Assisting the Board of Health at clinics.

In the last year we have added to the above list:

1. New babies and their mothers have been visited by one of our nurses, given a small gift and told of services available to them.
2. Twenty-nine young people received certificates on completion of a baby sitting course sponsored by the Visiting Nurse Association, under the able direction of Mrs. Thomas Clark, R.N.

A description of the services provided by our Association was combined with the Annual Appeal and mailed to all residents of the town. The response was most gratifying, and I would like to say a personal thank you to all members both old and new.

Our two rummage sales, the first Friday and Saturday of May and November continue to be our largest source of income. Without the donations of goods and time by our friends they would not be possible.

The Sparrell Funeral Service continues to be an invaluable help to us by allowing rummage to be left and stored there at any time.

Respectfully submitted,
Katherine R. Fuller

REPORT OF THE WASHINGTON ST. CEMETERY COMMISSION

Board of Selectmen
Norwell, Mass.

Gentlemen:

During this past year your Cemetery Committee has had the driveways re-surfaced with hot-top and it anticipated that this will last for many years. The Committee installed additional water faucets for the convenience of the lot-holders. The Committee is asking the town to appropriate a sum of money to acquire additional land for expansion of the present cemetery since there are only a few more lots available for sale.

If the townspeople wish to avail themselves of lots the prices are as follows:

2 graves	\$ 50.00 plus \$150.00 perpetual care
4 graves	100.00 plus \$200.00 perpetual care
6 graves	150.00 plus \$200.00 perpetual care

The townspeople can call 659-2824 or 659-2252 for further information.

We are indebted to the Park Commission for the well-kept look of the grounds and wish to thank that committee for the fine work.

Both the Police and Fire Departments have had monuments placed in the Cemetery as Memorial Stones, we were very happy to have them placed there since the stones are real improvements in "Our Town Cemetery" look.

Respectfully submitted,

William D. Jacobs
John R. Reardon
Wilder A. Gaudette

REPORT OF THE WATER COMMISSIONERS

Board of Selectmen
Norwell, Mass.

Gentlemen:

The following is our report for the 1966 Annual Town Report:

At the 1966 March Meeting the Town voted according to Articles 40 and 42 to authorize the Water Commissioners to acquire land for a new well site and to install pumping facilities thereon. The site is now owned by the Town and the new pumping facilities have supplied water to the system since August 8, 1966.

During the year the Board continued to test for new water source areas. Several promising areas were found and extensive pumping tests were made at two locations to determine if these areas are suitable for water source sites. We expect the determinations to be made before the coming March Meeting.

As authorized by Article 41 of the 1966 March Meeting a section of Water Main on Main Street near the High School was reinstalled before the street section containing the main was lowered and resurfaced.

Articles 37 and 38 - The Board expects to have reports on these articles before the coming March Meeting.

During the year no water main extensions were installed by the Department. However, main extensions are planned for 1967.

New Stand Pipe. We expect to have a report on this project for the coming March Meeting.

Comparative Figures	1964	1965	1966
Water Pumped	119,000,000	128,000,000	138,070,000
Users (Takers)	1,104	1,255	1,300

The Water Board meets at 8:00 P.M. on Thursdays. We wish to invite any interested townspeople to our weekly meetings.

The Board wishes to express its appreciation to other Town Boards and Personnel for co-operation they have given us during the year.

Respectfully submitted,

Jacob Lee Turner, Chairman
Augustin J. Thibodeau
Edward F. Walsh
Board of Water Commissioners

REPORT OF THE WILLIAM J. LEONARD MEMORIAL LIBRARY

Norwell Board of Selectmen
Norwell, Massachusetts

Gentlemen:

We wish to report that 1966 has seen a 15% increase in circulation over 1965 and a 30% increase over 1964. There were 312 new cards issued, 60 adult and 152 juvenile, giving a total of 917 regular borrowers.

In 1966 over 500 new books were purchased and many books in excellent condition were donated by the generous people of Norwell to whom we extend our gratitude.

Our Memorial Book Service has been honored by the Norwell Fair Housing Association by a book donation in memory of an American soldier who gave his life in Viet Nam. You are invited to participate in this commemorative memorial service.

Student reading certificates were given to all that participated in our summer reading program. Due to school reading facilities and conflicting hours between the library and the summer recreation program, circulation in the juvenile department was kept down. In 1967 we shall have the same hours year round.

New tile flooring was installed throughout the library and the entire building is being shingled.

As in the past the problem of inadequate space is most evident to our borrowers and librarians. The population increases each year and the number of new borrowers increases each year, but our library remains 13 1/2 feet by 22 ft. Our student work space is still one table and four chairs, when occupied, blocks the aisle used by browsers. An ever increasing number of Norwell citizens are obtaining out of town library cards. The students of today are the leaders of tomorrow and deserve a better library in their own town. The quality of the town library depends on the will of the people. We need a new library.

The courtesies extended us by Combination No. 2 of the Fire Department and Gaudettes Service Station are greatly appreciated.

The trustees wish to thank the librarians who have worked very hard to improve the library and extend to all borrowers unlimited service.

The hours for 1967 are as follows:

Monday & Wednesday	2 P.M. to 5:30 P.M.
Tuesday & Thursday	7 P.M. to 9:30 P.M.
Friday	7 P.M. to 9:00 P.M.
Saturday	10 A.M. to 2:00 P.M.

A cordial invitation is extended to all to come and visit with us.

Respectfully submitted,

Claire E. Foulsham, Trustee
Lorraine Duty, Trustee
John Lindsay, Trustee

REPORT OF THE ZONING BOARD OF APPEALS

Board of Selectmen
Norwell, Mass.

Gentlemen:

In 1966 the Zoning Board of Appeals held five (5) public hearings on petitions for variance of the Zoning By-Laws of the Town of Norwell.

The following are the hearings held and the results thereof:

Ronwell Company, Inc. - for permission to erect a dwelling on a lot having insufficient area and frontage, at the corner of Brantwood Road and Washington Street.
Permission granted with restrictions.

Toiva Jarvinen - for permission to erect a building for a non-conforming use, on a lot off Green Street (now known as Wildcat Lane).
Petition denied.

Ronwell Company, Inc. - for permission to erect a dwelling on a lot having insufficient area and frontage on Old Oaken Bucket Road.
Permission granted on basis of plans submitted.

Russell Rich - for permission to erect a dwelling on a lot having insufficient area and frontage, on King's Landing.
Petition denied.

Thomas Royle Dawber, M.D. - to permit the widening of an existing drainage ditch in his marshland adjoining the North River.
Decision pending.

Respectfully submitted,

Zoning Board of Appeals
Stanley H. Richards, Chairman
Earle M. Newton, Secretary
Edwin R. Trafton

REPORT OF THE BOARD OF ASSESSORS

To the Citizens and Taxpayers of Norwell

The Board of Assessors is faced with the responsibility of valuating the real and personal property within the town. The amounts of money spent or voted for expenditure at Town Meeting are raised according to this valuation. Individual valuations are not changed to conform with the expenditures of the town. The monies necessary to permit Norwell to function within the normal precepts of town government are reflected in the tax rate.

The duties and legal obligations of the Board of Assessors as established by Massachusetts law and implemented by the State Bureau of Corporations and Taxation require your local board to assess at full and fair cash value. Your present board is more than qualified to fulfill this obligation. The individual tax bill of the real and personal properties within the Town of Norwell is the responsibility of those citizens whose desires are expressed through their votes at the Annual Town Meeting. We, the Assessors of Norwell, do not decide how much you, the taxpayer of Norwell, shall spend each year to fulfill these obligations and commitments that you feel necessary to Norwell's standard of local government.

The amounts of money raised are the responsibility of the taxpayer. The individual contribution of each taxpayer based on the real and personal property ownership is this board's responsibility. Our sincere and only desire is to have this individual responsibility equitably distributed based on the full and fair cash value of that personal and real property.

The Board of Assessors appeared in the Appellate Tax Court several times during the past year. All decisions on value were found in favor of the Town of Norwell.

The Board of Assessors has initiated a program for its members to continue studies to increase their knowledge in assessing and appraising of both real and personal property. We feel that this is very necessary to keep up with changes in real estate law and appraisal techniques.

Included in this year's budget is a capital outlay item of \$1,000. This is for a new typewriter and new desks and chairs. At present, one member does not have a desk to work at. The other two members work at an old back-to-back desk that is inadequate. This office represents a fifty-million dollar operation and we must have the tools with which to work. The Advisory Board suggests we wait until new town offices are built. This may take years as it has been in the study stage for three years already.

During the past year the town map system has been increased and at this time we have just received the new Atlas which will be in use within the next week. We are expanding this map program to include the locations of buildings on the lots.

Again, the Board thanks you for your cooperation and understanding.

Respectfully submitted,
BOARD OF ASSESSORS
Francis L. Logue, Chairman
James E. Macaulay
Richard E. Splaine

REPORT OF THE BOARD OF HEALTH

Board of Selectmen
Norwell, Mass.

Applications for household sewage disposal permits continue to be one of our major concerns. The enforcement of our regulations may not win us a popularity contest, but we feel strongly that they are for the protection of all, homeowner, builder, and Town in general.

It is expected that the new State Law requiring children entering school to have had DPT and measles shots, as well as Polio Drinks, will increase the attendance at our Pre-school Clinics. We continue to offer these in the schools, along with the annual Heaf Testing for Tuberculosis of grades I, IV, VII, and XI.

With the new Vinal School in operation, and an increasing school population, we have enlarged our nursing staff to two part-time and two full-time nurses.

Our dump, under the able management of Mr. Gunderway, continues to be one of the best on the South Shore. In spite of the excellence of the dump, it is obvious that open dumps will be illegal in the near future. Therefore, the Board has an Article in the Warrant requesting \$1,500.00 for a study committee to work in conjunction with surrounding towns to investigate Regional Refuse Disposal. We have already done some preliminary investigation of this problem and strongly urge that the Article be passed so that Norwell will be represented in the formulation of the area plan.

Respectfully submitted,
Katherine R. Fuller, Chairman
John F. O'Halloran, M.D., Secretary
Edward P. Baker, Jr., M.D.

REPORT OF THE BOARD OF SELECTMEN

Routine matters took up the usual amount of time of the Board and any outline of them would be tedious reading. The Minutes of the Meetings of the Board and the actions taken are open records and readily available at the Town Offices. There are several matters that, looking to the future, merit mention in some detail.

There are many ways in the Town, some unused, some with restricted use whose origins go far back in the history of the Town. The records covering the origin and actual location of these ways are in many instances cloudy and obscure. As the Town grows and more and more land for development is taken up these ways can and will become a source of misunderstanding, trouble and expense to the Town.

It is for these reasons that the Board authorized the expenditure of considerable time and some monies in researching the origin and location of Chittenden Lane. This was undertaken by the Board in the best interest of the Town.

The results of this research were voluminous, confusing and contradictory to the extent that great doubt exists in the minds of the Board. It was therefore arranged, with all parties concurring, that a court decision be obtained. It is hopeful that this decision will be helpful to future Boards and give direction to what action should be taken to forestall future problems and misunderstandings in this area.

Many matters of great concern to the Town hinge upon the publication of a municipal survey, initially introduced at the 1967 Annual Meeting and implemented by Town action at a Special Meeting in May 1967. At the time of this report, December 27, 1967, that survey is very near completion but not yet available. Because of this, articles for the Annual Meeting of 1968 are fewer than usual.

Surveys and long-term planning programs are useful tools. However, the future as it appears in 1968 and as it becomes fact in say 1980 can be quite different. It is of great importance that actions taken based on any forecasts should be carefully studied so that commitments to the future allow flexibility to meet changes in conditions that are certain to occur.

There is no question that Norwell is a growing Town, and as such, is and will for some time be faced with expanding requirements in personnel and services in all areas with corresponding increases in all departmental budgets. In the area of Public Welfare, not only will a normal cost growth occur, but with the advent of Medicaid a substantial additional financial burden seems inevitable.

It is becoming increasingly evident that the cost of operation of all Town functions, capital expenditures, interest costs, etc. are going to for some time increase at a faster rate than the rate of growth of the tax base. This can have only one result, larger tax bills.

For these reasons all the people of Norwell should carefully study this municipal report so that any actions taken represent a proper blend of forward planning, civic responsibility and practical fiscal policy.

Richard A. Housley, Chairman
Theodore R. Love
Chester A. Rimmer

REPORT OF THE CAPITAL BUDGET COMMITTEE

To the Citizens of Norwell

The objective of this committee is to prepare a report to the Town which will suggest the scheduling of capital expenditures and their impact on the tax rates over the next five-year period.

The following was accepted as a definition of "Capital Expenditures" for the purpose of our study:

1. Any project costing \$5,000 or more.
2. Any item of equipment with a useful life of more than 5 years and costing \$5,000 or more.

3. Any vehicle purchase.
4. Any real estate transaction.

The Municipal Expansion Study, being conducted by the Board of Selectmen, will provide valuable information regarding the Town's needs for Schools, Town Offices, Police facilities, and other data. This Committee personally interviewed representatives of the following Town Boards and Departments in order to determine their needs: Highway Department, Water Department, Recreation Commission, Welfare Department, Council on Aging, Fire Department, Civil Defense, Tree Warden, Conservation Commission, Drainage Committee, and Wetland Study Committee.

The data thus collected from these two sources will be compiled and evaluated with recommendations as to the scheduling of projects over the next 5 years and the yearly impact on the tax rate.

It is planned that the report of the Committee will be printed for distribution before the Town Meeting which will consider articles requesting capital expenditures resulting from the Municipal Expansion Study.

Respectfully submitted,
 Robert Dwyer, Chairman
 Mrs. Henry Abrahams
 John Petze
 Jerry West
 Gilbert Cummings, Secretary

REPORT OF THE CIVIL DEFENSE AGENCY

By vote of the Town Meeting last March, the selectmen were instructed to purchase a new ambulance for the town, to be operated as a unit of the Civil Defense Agency and under the direction of the Ambulance Committee composed of the Civil Defense Director, Police Chief, and the Fire Chief. For this purpose \$10,000.00 was appropriated. After publication of specifications and the advertising for bids in accordance with the town by-laws, a bid was received from Fredrickson Bros. of Norwell for an International Ambulance at a cost of \$9,995.00. This vehicle met all the specifications and the needs of the town and was delivered in September and put into service at once. It has proven to be most satisfactory for our needs.

During the year Red Cross first aid courses were held for drivers and attendants, to qualify them in accordance with the law. A schedule of stand-bys for nights and week ends was set up so that the Communications Center knows what drivers are available at any time. Other drivers and Police are available during week days.

During the past year, 86 paid runs were made, using both the old and the new vehicle. This does not include resuscitator calls and house fires, at which times the ambulance is on standby at the scene.

The director attended a two day seminar in Auburn in September on disaster planning sponsored by the Mass. Hospital Association. Hospital directors and civil defense personnel from all over the state attended and it was a most valuable session, particularly as the Civil Defense Pre-

packaged Hospital stored in Norwell is now assigned to the South Shore Hospital for emergency needs.

Fortunately no serious emergencies occurred during the year necessitating the calling out of Civil Defense units, but training programs have continued as in the past.

Respectfully submitted,
W. Clarke Atwater,
Director

REPORT OF THE CONSERVATION COMMISSION

Since the Norwell Conservation Commission was appointed in 1961, members have spent many hours implementing the official duties of the Commission which is "to promote the development of natural resources".

The first projects regarded by the Commission as being of prime importance were to acquire the land taken by the United States Government for the Hingham Ammunition Depot; and protecting the salt marshes. Both now are accomplished facts. A member of the Conservation Commission, Wesley H. Osborne, Jr., has been appointed by the Selectmen to serve on an advisory board which will plan for the best use of the land now owned by the Mass. Dept. of Natural Resources, formerly in the Hingham Ammunition Depot. This Board will be made up of members from Hingham, Cohasset, Scituate, Norwell and various state officials. The aim will be to provide recreational facilities, taking full advantage of all this large tract can offer.

Since legislation passed in Massachusetts in 1957 (Chap. 223 of the Acts of 1957) 260 Massachusetts towns have adopted Conservation Commissions, as have most other New England states. Since 1961 the Self-Help program, with up to 50% reimbursement for purchases of land, has been eligible only to towns with Conservation Commissions. Now more assistance, financial and otherwise, may be expected from other agencies such as the Bureau of Outdoor Recreation (BOR), Plymouth Conservation District and other cooperating agencies. The Norwell Conservation Commission follows legislation relating to conservation to help us to coordinate all possible resources available.

The Norwell Soil Study map, obtained from the U. S. Dept. of Agriculture Plymouth County Soil Cons. District for less than \$1,000.00 should continue to give invaluable information for planning suitable use of Norwell land and protecting the natural resources at the same time. The Norwell Cons. Com. has been consulted by several area towns who needed information in acquiring a soil study map for their own town. Our map, which is in the custody of the Town Clerk, has been borrowed by other government agencies to expedite their planning.

Norwell Cons. Commission has provided the Metropolitan Area Planning Council with a Norwell resources inventory, and additional information is being supplied to allow us to continue to qualify for the Self-Help program. The Cons. Com. recently turned over a check for \$500.00 to the Town Treasurer, half the purchase price of land bought at the Hingham-Norwell line to protect the water fields as a cooperative venture with Hingham. This money was received from the Self-Help

program. We are now negotiating for the purchase of approximately 42 acres to be used by the townspeople for open space, and for which we hope to receive Self-Help.

The Conservation Commission has been watching developments on the relocation of Rt. 128 (now 228) but no definite action has been taken as yet to our knowledge.

We are also watching the Inland Wetlands Bill, which has not yet been passed, although attempts are being made to make it more acceptable to its opponents.

In April the Cons. Com. attended the Water Pollution Control hearing at the State House, at which time we were told the North River had been classified "SA" which is the highest possible rating. It is the intention of the Conservation Commission to watch for any further threat of pollution to the river.

Several Conservation Com. members attended the Attorney General's meeting on Air, Water, Harbor and River Pollution in Boston on November 8th. We all heartily endorse the report he has sent out in which the Attorney General states that present day statutes which were drafted many years ago are inadequate in dealing the the "crippling impact of today's air and water pollution" but a determined beginning has been made. Your Conservation Commission, as it has in the past supports, and will continue to support all regional and state agencies in their efforts to combat air and water pollution both locally and state wide.

At present the Conservation Commission is anticipating gifts of land from several sources, among them developers who realize the value of open space areas in town planning. It is the intention of the Cons. Commission to assist the town in maintaining plentiful water supplies, preventing future flooding, obtaining recreational areas, and helping to retain the beauty and charm of the town.

Good conservation can save many tax dollars and it is our belief that good programming by the Conservation Commission is identical with the goals of all our responsible citizens.

Arthur L. Merritt, Chairman
Mildred Hastings
George H. Whitчер, Jr.
Joseph P. Paradis
David C. Stewart
Wesley H. Osborne, Jr.
Katherine E. Cranton, Secretary

REPORT OF THE COUNCIL ON AGING

Board of Selectmen
Town Hall
Norwell, Massachusetts

In accordance with Chapter 242 of the Acts of 1966, the Norwell Council On Aging respectfully submits the following report of its activities and programs for the Year 1967.

1. The Council made provisions for the Norwell Senior Citizens to have a drop-in meeting once a month at the Town Hall Lobby.

2. Early in 1967 the Council arranged for a speaker, who presented a program on wild bird life, for the senior citizens.

3. The Council chairman attended the Conference on Aging that was held in Worcester in the Spring.

4. The Council arranged and provided three recreational trips for citizens of Norwell over the age of 60. The trips sponsored in 1967 were as follows:

- (a) In the early summer the first trip included the Plimouth Plantation and the newly established Plymouth Wax Museum.
- (b) In mid-summer, a boat trip which toured Boston Harbor.
- (c) The recreational trip program was concluded with a fall foliage trip to Old Deerfield, Mass.

These trips were well attended and enjoyed by the participants. The fall foliage trip was the most popular of the season and included nearly fifty citizens.

In addition to the recreational program, the Council investigated the recently established "FISH" program. The Council believes that this program can be of real value to some of the elderly citizens in Town.

The Council also conferred with various members of the Clergy to learn of programs that may be of interest to all of our elderly citizens.

Respectfully submitted,
 Mary Jane Petze, Chairman
 *Thomas Coughlin, Secretary
 Warner Abbott
 Robert MacWilliams
 Gladys Wilder

*resigned, November 1967.

REPORT OF DEVELOPMENT AND INDUSTRIAL COMMISSION

At the request of this commission, an article was inserted in the Warrant for the Annual Town Meeting, and acted upon favorably, which amended the Zoning By-law by establishing a new Business District C, a limited industrial district, which lies on both sides of the Southeast Expressway. That portion bounded southwesterly by the Expressway, by the Rockland Town Line, Pond Street and a line 500 feet distant from Washington Street is designated District C-1. The area bounded northeasterly by the Expressway, by the Rockland Town Line, by the Hanover Town Line, a portion of the westerly side line of High Street and the westerly line of the residential district on the westerly side of High Street, is designated District C-2.

The original District C-1 permitted a very broad category of business activities, provided that they were not offensive, injurious nor hazardous,

but with very little control by the Town. Under the new By-law in Business District C, the various business uses to be permitted are enumerated, but before a business may be established, approval must be given by the Board of Appeals. There is also enumerated a list of prohibited uses.

In order that this report may be as useful and informative as possible, reference is made to the Town Clerk's Record of the March 14th Town Meeting, Articles 46 and 47, where this By-law is quoted in full.

Loring H. Jacobs, Chairman
 Mario G. Cayon, Clerk
 Frederick A. Truelove
 D. Frank Mederos
 Richard A. Gaudette

REPORT OF THE DOG OFFICER

Selectmen
 Town of Norwell
 Norwell, Massachusetts

Gentlemen:

I submit my report as Dog Officer of the Town of Norwell for the year of 1967.

Strays	11
Complaints investigated	40
Dogs reported missing	58
Dogs returned to owners	27
Injured dogs taken to veterinarian or owner	3

Under the General Laws, Chapter 140, Section 136A -- License period is between April 1 and the following March 31 both dates inclusive.

Section 137 -- The owner or keeper of a licensed dog shall cause it to wear around its neck or body a collar or harness of leather or other suitable material, to which shall be securely attached a tag in a form prescribed by the director and upon which shall appear the license number, the name of the town issuing such license and the year of issue.

This will help in returning your dog if picked up.

Respectfully submitted,
 Robert L. Molla, Sr.
 Dog Officer

REPORT OF THE EMERGENCY COMMUNICATIONS CENTER

The past year marks the first full year of the operation of the Town Radio Network, with all vehicles of the Highway and Tree Departments being in constant communication with the Center, as well as with each other. This has meant a greatly improved efficiency, not only in times of storms, but in day to day operations.

In addition to calls handled for the Town Network, there were a total of 32,642 logged calls as follows:

Police Department	19,044
Fire Department	6,447
Miscellaneous (Visiting Nurse, information, etc.)	7,151

The Center is now manned by two full time operators who work forty hours per week, two operators who each work a twenty hour week, and ten operators who cover the balance of the eight hour shifts. Additional trained operators are still needed, however, to help in case of illness and vacations.

The Committee has requested a 5% cost of living increase in wages for all operators, which is a most reasonable request by comparison with current pay scales and it is hoped that this will be approved at the March town meeting.

Additional fire and police alarms have been installed this past year because of requirements of nursing homes and the opening of new businesses in town, and it is planned to install a police teletype which will provide immediate contact with adjacent towns and the State Police, all of which add to the tasks of the operators, but which are essential for a complete communications operation.

We wish to "take our hats off" to the operators who carry on these rugged schedules throughout the year in such an efficient manner and with such a complete understanding of the responsibilities placed upon them.

EMERGENCY COMMUNICATIONS CENTER BOARD

W. Clarke Atwater, Chairman

Kenneth J. Bradeen

Warren P. Merritt

REPORT OF THE FIRE DEPARTMENT

The Board of Fire Engineers submits to the Board of Selectmen and the citizens of the Town of Norwell the report of the Fire Department for 1967.

The following calls were processed through the Communications Center from January 1, 1967 through December 31, 1967:

Buildings (includes electrical, etc.)	32
Grass & Woods	28
Dump	5
Motor Vehicles	17
Resuscitator calls	11
Investigations	24
Accidents	5
Mutual Aid given	15
Mutual Aid received	1
Fire Permits issued	2,822
Misc. Calls (for information, etc.)	<u>3,514</u>
Total	6,474

At the Annual Meeting in March funds were appropriated for construction of a Central Fire Station to be built on the site of the present facilities. We are pleased to report that the project is underway, and we are looking forward to operating from our new quarters in the late spring.

New equipment was added to the Department and placed in service at the three Fire Stations. The main items were a two-way portable radio, 850 feet of 2 1/2 inch hose, and a generator for Station 2.

The Massachusetts Drill Masters held six weekly classes for the purpose of instructing firemen in the modern methods of Firefighting and First Aid.

This year we have added two new units to our Fire Alarm System, the William G. Vinal School on Old Oaken Bucket Road, and J. M. Fields Department Store at the Queen Anne Plaza. This makes a total of ten (10) properties now being protected by the system.

The Fire Department commends, with great pleasure, the Norwell residents for their cooperation in helping us carry out our duties. We wish, also, to extend our thanks to the operators of the Communications Center for the excellent manner in which they handle emergencies.

Respectfully submitted,
 BOARD OF FIRE ENGINEERS
 Warren P. Merritt, Chief
 Loring L. Wadsworth, Deputy Chief
 John J. Winske, Jr.
 Donald H. Newton
 Orville E. Devine
 James T. King, Clerk

REPORT OF THE HIGHWAY SURVEYOR

To the Citizens of Norwell:

I hereby submit my annual report for the year 1967 concerning the activities of the Highway Department.

The Highway Department had a very busy Spring in 1967 because of the heavy rains. We only had occasional flooding of the roadways but we did receive many complaints from homeowners whose homes are in low lying land. The end of the drought raised the water level and the houses that were built in the low lands had considerable trouble and will continue to whenever the water level is high. We are way behind in our drainage work and could very easily spend \$30,000.00 a year on this work, which is now under the control of the Drainage Committee.

During the Spring rains we kept all the drains and streams open and with the help of the state, ten beavers, that were damming up the water, were taken from Norwell's wet areas. We cleaned out all catch basins and drains in town by mechanical equipment that pumps and flushes the basins. We now have over 300 catch basins and are getting more every day as we accept new developments, etc.

We are still in hopes of getting a street sweeper for the town. We have

been unable to hire this equipment when it is needed. We now have to sweep and pick up sand by the old hand method of broom and shovel. This is very costly and as it now stands we can only do the real bad spots of heavy accumulation, corners, etc.

The Chapter 90 work was carried out on Main Street. We put the finish coat of Type I from the Jr. High School to Charles Bailey's residence. We also seeded the roadside along this area. We excavated the road and straightened out the corner by the Turner's. We put in 1200 feet of pipe, six catch basins, four manholes, and opened up the entrance to Paradise Drive for safety measures. We then put the first 2' of hot top on the roadway.

Next year this section by Turner's will have two more coats of top and the roadside will be cleaned, planted, and seeded.

We did take the old roadway, where possible, and cut a 6 foot sidewalk. The old surface at that location was 10 to 14 inches thick and it would have been a terrible shame to do away with this added safety measure, especially as a new church is being built at this location.

I can see the end in sight of the Chapter 90 work. I would say in 1970 with extra money from the special chapter and some money from the Drainage Committee, it should be possible to complete the work to the center.

In 1967 we did the Tiffany Road bridge work. The work was put out to bid but we did the fine grading, graveling, and Type I mix work.

We also did resurfacing of Type I on Grove Street, River Street and Tiffany Road. On South, School, Prospect and Summer Streets we did mix and place work.

The rising cost of material and labor makes it evident that we will have to ask for a lot more money to do this type work, as well as our maintenance work. The prices have increased faster than the appropriations and consequently we are far behind.

It would surprise you how much material we use in the course of a year for work on all of our projects. I will list a few examples of materials used in 1967: salt--over 2000 tons, sand--over 2,000 yards, gravel and fill--4,000 yards, mix and place material--1,000 yards, Type I hot top--over 2,000 tons, Roadway oil surface sealer--68,000 gals., paint--150 gals., reflector glass beads--600 lbs., cement pipe--1500 feet and so on and on.

We have been using more chemicals in the Winter to make the roadways safer. We are also using some rubber snow plow blades in an effort to cut down on time, labor, and replacement of steel blades. We now have three and they are working out very well.

Snowstorms are very expensive. We plow all streets, schools, and town facilities. We try to have the roads ready for all emergencies that might arise and for the speed and safety that motorists expect now. We also plow the sidewalks, so there will always be rising costs to take care

of snow removal and sanding.

All during the year we are doing our routine maintenance and water service work. We also prepare the roads for the Chapter 81 oiling projects. This is gone over by the Selectmen and the state.

I wish to express my sincere thanks for the cooperation of all town officers, the various committees, the town departments, and the citizens of Norwell with whom I have had the pleasure of working with this past year.

I would also like to say that we are most grateful for the assistance of the Department of Public Works at the Middleboro District 7 office. Without their help and cooperation such projects as Chapter 81 maintenance on all Norwell roads, Chapter 90 reconstruction of Main Street and Tiffany Road, and street painting of Rte 123 would not have been possible.

Sincerely,
E. Arnold Joseph
Highway Surveyor

REPORT OF INSPECTOR OF ANIMALS

Board of Selectmen
Norwell, Massachusetts

Gentlemen:

As inspector of Animals for the Town of Norwell, I have completed my duties for 1967 and report as follows:

Inspected barns and reported same to the State.

Reported to the Division of Livestock Disease Control the census of animals in the Town of Norwell.

Quarantined and released approximately thirty-four dogs.

Respectfully submitted,
Richard E. Cugnasca, D.V.M.
Inspector of Animals

REPORT OF THE BUILDING INSPECTOR

Board of Selectmen
Norwell, Massachusetts

Gentlemen:

Respectfully, the annual report of the Building Inspector is submitted as follows:

The year 1967 shows a substantial increase over the previous year in the number of permits issued. Probably the most interesting fact is the total of 83 new dwellings, an increase of 16 more than in 1966.

Of the over two million dollars spent on new buildings in Norwell last year, nearly one and a half million dollars went into new homes.

The new fire station is under construction, a welcomed and much needed facility for our Town.

Building permits issued and inspections made in 1967 are summarized as follows:

RESIDENTIAL	
New Dwellings	83
Additions - Residential	41
Garages - Residential	11
Barns, sheds, etc.	5
Swimming Pools	7
COMMERCIAL & MUNICIPAL	
Non-Residential Buildings	5
Additions - Non-Residential	9
Garages - Commercial	1
Water Tank	1
Fellowship Hall	1
Fire Station	1
Gun Club	1
OTHER	
Construction Trailers	2
Buildings moved	3
Buildings demolished	4
Replacement of 1966 permit	1
TOTAL PERMITS ISSUED	176

The cordial cooperation of all Town Boards and Committees throughout the year is gratefully appreciated; and special thanks to Mr. Harry Chase and Mrs. Mildred Sundwall for their continued helpfulness.

Respectfully submitted,
 Charles E. White, Building Inspector
 Richard C. Wiley, Alternate Inspector

REPORT OF THE GAS INSPECTOR

Board of Selectmen
 Norwell, Massachusetts

Gentlemen:

One hundred and five applications for installation of gas appliances were filed during 1967, and inspections of these installations were made by Gas Inspector George A. Beach and Alternate Gas Inspector Warren P. Merritt.

Fees collected from the installers amounted to \$435.00 and were paid,

in turn, to the inspectors.

Respectfully submitted,
George A. Beach
Inspector of Gas

REPORT OF THE INSPECTOR OF WIRES

Board of Selectmen
Norwell, Massachusetts

Gentlemen:

Electrical permits were issued for two hundred and thirty-four installations during the calendar year 1967 and inspections made by Wire Inspector Raymond A. Hansen and Alternate Inspector J. Lee Turner.

Fees collected in 1967 amounting to \$1,999.00 were paid to the wire inspectors for their services.

Respectfully submitted,
Raymond A. Hansen
Inspector of Wires

REPORT OF THE JAMES LIBRARY

In 1967 the James Library has continued in its endeavor to improve and expand the service it has provided to the readers of Norwell for 60 years.

The number of registered reader families increased during the year to 931, an increase of 95 over last year. The adult section lent 12,193 volumes and the juvenile section 9,599, for a total of 21,792. The books in circulation are constantly being added to, with purchases of 364 titles during the year. At the same time, the books on the shelves are being kept up to date not only by purchases but by discarding those that are worn out or out-of-date; in 1967 370 books were removed from the collection. None of this, of course, could be done without the knowledge and the devotion of our two librarians, Mrs. Helen Roubound and Mrs. Constance Sayrs.

The Trustees note with pleasure that the Town's students continue to make extensive use of the material and facilities of the Library, and it is anticipated that in 1968 we will be able to have the Library open to the public for more hours each week than it has been in the past.

Respectfully submitted,
Trustees of the Library
David Gredler
Mildred Hastings, Treasurer
Bruce Hawthorne
Harriet L. Meyer, Secretary
William C. Bennett, Chairman

ANNUAL REPORT OF THE METROPOLITAN AREA PLANNING COUNCIL REPRESENTATIVE

As provided by Chapter 588 of the Acts of 1966 which amended Section III of Chapter 6 of the General Laws, the following towns were elected to membership in the Metropolitan Area Planning Council (MAPC) during 1967: Rockport, Ipswich, Acton, Maynard, Bolton, Hudson, Bellingham, Franklin, and Foxborough. This brings the number of cities and towns now represented in this organization to 92.

It has been a year of considerable accomplishment by the MAPC as evidenced by the number of reports of its projects which have been produced and distributed. These are,-

1. Open Space and Recreational Plan and Program
 - Volume I, Boston Harbor
 - Volume II, The Mystic, Charles and Neponset Rivers
2. Economic Base and Population Study
 - Volume I, Historic Analysis
 - Volume II, Prospects for Economic Growth
 - Volume III, Population Projection for Eastern Massachusetts
3. Comprehensive Land Use Inventory
4. Planning Metropolitan Boston
5. Solid Waste Disposal
 - Volume I
6. Inventory of Water and Sewer Facilities
7. Draft Reports on Supporting Studies - Mass. P-34 Project
 - a. Education Facilities and Land Use in Eastern Massachusetts
 - b. Residential Renewal in the Boston Metropolitan Area
 - c. Employment and Manpower Requirements in the Core, 1950-1990
 - d. Hospital and Health Facilities in Eastern Massachusetts

The MAPC sponsored legislation to provide for solid waste disposal which would be accomplished through established districts under the supervision of the Department of Public Works. This matter is pending in the General Court.

Reginald M. Savage,
Representative

REPORT OF THE PERMANENT BUILDING AND MAINTENANCE COMMITTEE

Construction on the William Gould Vinal Elementary School was completed in late summer in time for the start of Fall sessions. Contracts were let in October for the construction of the new Central Fire Station adjacent to the Town Hall. It is expected, weather permitting, to complete

the structure in the latter part of March or early in April.

REPORT OF THE PLANNING BOARD

To the Citizens of Norwell

SUB-DIVISION CONTROL

The primary responsibility of this board is to satisfy the requirements of the state's Subdivision Control Law. Although there has been a sharp decline in the number of sub-divisions reaching the stage of final approval (only one in 1966 and none in 1967) the Planning Board is involved in the progress of previously approved subdivisions until the new roads are accepted by the Town at a Town Meeting as well as preliminary planning on future sub-divisions. This board works closely with the Drainage Committee, Highway Department, and Board of Water Commissioners, to be sure that new subdivisions are planned and constructed according to established rules and regulations.

Plans for house lots on established ways do not come under the rules of the Sub-Division Control Law and may be endorsed by the Planning Board if they meet all Norwell zoning requirements. Forty-two such plans were endorsed in 1967, which is the same number as 1966.

ZONING BY-LAW CHANGES

Three by-law changes will be considered at the 1968 Town Meeting. One changes a small amount of land from residential to business on the Northwest corner of Washington and Pond Streets. This is a logical move as a portion of this land has already been granted a zoning variance for business purposes and would be undesirable for residential use.

The second article puts the same controls on developments in the business districts "B" as we voted last year for business district "C", which is to have the Zoning Board of Appeals approve any project.

The third article concerns a zoning change which this board feels is necessary to control the proper use of land as intended by the Zoning By-laws. So that owners of land larger than a normal house lot could take advantage of the back land, the present law allows him to run a "way", 40 feet wide, to the back land and utilize it as a house lot. Although intended to allow land owners to make maximum use of their land, the interpretation of the current law by some has created lots of undesirable shapes, and ways which are drawn to satisfy the law but are never used which means that a number of homes may be using a common unfinished road not in the control of the Town. The Planning Board is asking that the current law be revised so that these situations cannot

continue. The Article also provides means so that house lots located on the curve of a road can be pie-shaped to provide a better size lot for the house. House lots on the inside of the curve will have longer frontage on the street and lots on the outside of the curve can have shorter frontage.

MUNICIPAL EXPANSION

At this time, the study of the Selectmen's and Planning Board's plans for the needs of schools, Town office facilities, police station and other projects has not been completed. The work of the Planning Board in the continuing of its long-range planning will depend to a large extent on the results of this study.

CHITTENDEN LANE

A plan showing seven (7) house lots was submitted by a landowner on Chittenden Lane who claimed that this lane was a Public Way as defined in the Sub-Division Control Law, and, therefore, need only be endorsed as a plan not requiring approval under this law. This meant that the controls built into the law such as road layout and construction could not be used by the Town. After investigation, the Planning Board agreed that Chittenden Lane was a Public Way, having been established hundreds of years ago as a public way from River Street to the Town-owned public landing on the North River. The Board of Selectmen, however, have disagreed with the opinion of the Planning Board. Action is now being taken by the Town through the courts to legally determine whether or not Chittenden Lane is a Public Way and to answer other pertinent questions in this matter.

ORGANIZATION

In 1967 the Planning Board generally met on the first, third, and fifth Thursday of each month at 8:00 P.M. in the second floor of the Town Hall Annex on Central Street. The Board met informally on alternate Thursday evenings to discuss problems such as long-range planning and proposed by-law changes.

Respectfully submitted,
John A. Randall, Chairman

REPORT OF THE POLICE DEPARTMENT

Board of Selectmen
Town of Norwell

Dear Sirs:

Thank you for your confidence and cooperation during the past year. Through your efforts and those of the Advisory Board, our needs were made known to the voters, making it possible to continue an orderly growth.

As a result, we have had two cruisers on patrol instead of just one. The unmarked car has filled the gap of keeping these cars where most needed. Our salary structure was made more nearly comparable with surrounding towns. This has inspired more interest for our recruiting.

Due to a ruling of the School Department requiring certain children to walk to school, it was necessary to employ two crossing guards. These girls have done an excellent job.

During 1967, of the five permanent officers, one graduated from the Brockton Police Academy, two are presently enrolled in college programs for Law Enforcement and I recently completed an F.B.I. Seminar on Police Management. As you can see, we are making every effort to stay abreast of the rapidly changing criminal laws.

The following is a partial report of our activities during 1967.

Calls received	19,094	Arrests	234
Breaking and Entry	50	Court Complaints	263
Larceny	107	Accidental Deaths	3
Prowlers	19	Stolen Cars	19
Auto Accidents	133	Cruiser Ambulance	109
M.V. Violations	305	Emergency Messages	81
Mutual Aid	83	Domestic Trouble	46
Vandalism	93	Summons served	469

Respectfully submitted,
Kenneth J. Bradeen, Chief

REPORT OF THE BOARD OF PUBLIC WELFARE

Board of Selectmen
Town of Norwell

Gentlemen:

The year 1967 showed a very great increase in expenditures (68% greater than in 1966) that were not foreseeable in January. This was mainly brought about by the Medicaid program. In January 1967 we were assisting 13 Medicaid cases with 18 children eligible for benefits. In December our Medicaid caseload was 138 with a total of 445 children eligible for benefits.

The Medicaid program started in September 1966 but from September through December had not shown signs of the effects it was going to have. In May at the special town meeting we saw the need for increased funds and \$10,000 was appropriated. By transferring \$2,000 from the Medicaid administrative account to the Medicaid aid account we were able to pay all bills.

The increase in applications for Medicaid by May had necessitated increasing the clerks time from 20 hours a week to full time.

Authorization for aid under all categories by the Norwell Board of Public Welfare will end June 30, 1968 when the state takes over but the

board will function until bills incurred to June 30 have been paid and equipment is disposed of.

Following is a summary of Receipts and Expenditures:

AID

Available Funds		
Town Appropriation (March and May)	\$ 32,000.00	
Refunds to Town Account	166.45	
Federal Balance 1/1/67	23,387.18	
Federal Receipts 1967	45,570.92	
Transfer from MA Adm. to MA Aid-Fed.	<u>2,000.00</u>	\$103,124.55

EXPENDITURES

Town Account	\$ 32,030.44	
Federal Account	<u>66,351.67</u>	
	\$ 98,382.11	
To E & D	136.01	
To Federal Accounts 12/31/67	<u>4,606.43</u>	\$103,124.55

ADMINISTRATION AND EXPENSE

 Ralph H. Coleman, Chairman

REPORT OF THE RECREATION COMMISSION

Board of Selectmen
Norwell, Massachusetts

Gentlemen:

This report of our third year as a functioning committee will again point out some of the needed facilities and equipment which we believe a well-organized Recreation Committee should have.

With the cooperation of the School Committee, we were again granted use of the Junior High and Elementary School Playgrounds and Gyms. The weather being what it was, the Gyms were used a lot this past season. We have been given permission to use the new Vinal School in 1968 and will need another Leader and Assistant at that school. Storage of equipment is a problem in that we are still unable to store under one roof.

The Junior High Playground attendance this year was steady and as a reward, a swim-picnic was held at Long Pond. The cost of the bus was borne by the 55 children attending who were supervised by Mr. Dixon, the Leaders and Assistants. The mention of swimming always receives enthusiastic response. We are anticipating the Board of Health report on Jacobs' Pond for use for swimming and recreation.

We were able to arrange a baseball game for boys and a softball game for girls with the Hanover Playgrounds. As Hanover has a bus at their disposal, they could visit us but we were unable to reciprocate.

A Red Sox game at Fenway Park was attended by 250 youngsters and 25 chaperones. As usual, this is an eagerly awaited event and is enjoyed by all those who attend.

A Bicycle Rodeo was held again this year. This program is conducted by Theodore Baldwin, one of Norwell's finest, and continues to be enthusiastically received. Officer Baldwin was ably assisted by Chief Bradeen and Sgt. Keene. The Police Dept. donated bicycles for the winners and the Kiwanis and Lions' Clubs donated prizes for the runner-ups. We cannot thank these clubs and the Police Dept. enough for their encouragement of this program.

Our Teen Club is, we believe, one of the best organized groups in the area. The members use the High School Gym and Lunch Room for sports and meals. Dances are held mostly at the Town Hall although one dance was held at the High School. We would like to see an area assigned to them permanently where they could go, under supervision, whenever they wish, rather than the present arrangement of "use if available".

Our needs? SWIMMING - BUS TRANSPORTATION - A TEEN CENTER - STORAGE.

Respectfully submitted,
Robert MacWilliams
Mary Knapp
James King
Austin Reynolds, Jr.
Ruth Marsh

REPORT OF THE SCHOOL COMMITTEE

To the Citizens of Norwell:

1967 was another year of change for the Norwell School Department with the most important changes occurring in our curriculum. For the first time, starting in September, we have curriculum coordinators and assistants in the main courses of study from grades 1 through 12. Because of inherent curriculum problems in any school system and changes occurring each year in personnel, the School Committee found the curriculum not coordinated nor correlated and so appointed teachers as part-time coordinators in each of the main course of study--Reading, English, Science, Social Studies, and Mathematics. We have also appointed coordinators for Audio-visual Aids and Libraries.

Reading, because of its very basic nature, was chosen as the area in which we would make our first major curriculum change in some years. Because our new program is based upon an old proven phonics approach to reading, we have found children responding well and reading at a much higher level than the "look-say" method in vogue for some 30 years. The "look-say" method was popular among educators but studies now going on are proving that this type of program actually impeded students without excellent memories. The School Committee feels that thorough investigation, discussion and possible pilot programs should be initiated before any additional changes in our curriculum take place.

For the first time, the School Committee has hired a professional negotiator to deal with demands made of us under collective bargaining laws. Because of professionals being hired by the employees, we felt that Norwell must have a negotiator of experience to protect the town's interests. As a result, we selected the firm of Gordon & Leiter of Boston who have had considerable experience in management negotiations.

The new elementary school on Old Oaken Bucket Road was opened in September to alleviate overcrowded conditions at the lower grades. The School Committee held an open house and dedication on September 10th at which time the school was named "William G. Vinal Elementary School" after Norwell's distinguished elder citizen. Dr. William G. Vinal, better known as "Captain Bill," addressed the citizens present and later donated a weather vane in the form of a ship similar to those built in the North River area. This gift by the Vinals was gratefully received on behalf of the town and installed on the cupola of the Vinal School as a reminder of Norwell's busy shipbuilding days.

When questions began to arise about the addition to the High School, and future addition to the Junior High School, the School Committee felt that a thorough study of the possibility of a new free-standing high school was needed by the town. And so we have delayed the addition to the High School which would have required about six separate break-throughs in the building until the study voted by the town can be presented and evaluated. To alleviate overcrowding at both secondary schools, the Committee hopes that appropriate action can be taken in a reasonable time so construction might begin as soon as possible in whatever type of program the town might choose.

We have hired Mrs. Marilyn Radovsky as principal of the Osborn Ele-

mentary School and Mr. Anthony Bahros as principal of the High School. Both have outstanding records as educators.

The prime duty of the School Committee is to provide an education for our children. With the help of all in the school system and the backing of the townspeople, we hope to improve our program each year. We ask for a "thinking" and "enthusiastic" school system, one which is constantly evaluating itself and one which is contagious--contagious with enthusiasm. We do not anticipate change for change's sake. We believe that by giving a good sound basic foundation in education we can teach our children that education in a man never ceases but continues throughout his lifetime.

Respectfully submitted,
Harold G. Simms, Chairman

REPORT OF ASSISTANT SUPERINTENDENT OF SCHOOLS

To the School Committee:

A Greek philosopher maintained that the essence of reality was change. However one may dispute this theory as a philosophical explanation of our world, it certainly reflects the truth of what has been happening in Norwell since last year's report.

Enrollment and Personnel

As anticipated, the Norwell School System is approaching a milestone in its development; our present enrollment is nearly 2,000 pupils. Paralleling this increase in students, we have also increased our professional staff from 116 to 127 and our non-professional staff from 39 to 48.

Of the 127 professional staff members, 117 are actual classroom teachers. This means that on an average we have one teacher for every 17 pupils. Needless to say, there are classes in excess of this average; but in relation to school systems throughout the Commonwealth, Norwell has one of the best teacher-pupil ratios.

The mere fact of increasing one's teaching staff to meet the needs of an increasing student body is not a guarantee of better education. It is the maximum utilization of their individual and collective talents which will give our children the best education possible. For this reason, coordinators, grades 1-12, have been appointed in the areas of English, science, math, and social studies; as well as a system-wide Reading Supervisor, A-V Director, and Library Director. It is the task of these teachers, with assistants, to advise the School Committee and administration in the coordination, supervision, and development of academic programs.

Curriculum

Curriculum development is often a subtle invitation to disaster; on the one hand we have mere faddism, on the other ultra-conservatism. Neither extreme is desirable, and any attempt to steer a middle course elicits criticism from the right and left. The apparent impasse must be overcome, however, for there are significant innovations which warrant

consideration, experimentation, and eventual adoption.

The members of our teaching staff and the administrators have devoted much time and effort in trying to judiciously select those programs which appear to offer Norwell the best possible educational values. The results of this collective endeavor are worthy of note:

- 1) Mr. DiSabatino and his department had already developed a five-year, federally financed science program and had introduced the "new" biology (BSCS) and the "new" physics (PSCS) for inclusion in their program. They have been working to refine these programs.
- 2) Mr. Stephansky and his department are introducing Edwin Fenton's inductive approach to the study of history, as well as investigating possible programs for the elementary social studies.
- 3) Mrs. Paradise and her department are constantly up-dating the modern math program.
- 4) Mr. Robinson and his department, after an in-service training course in linguistics will attempt to find ways of integrating these new concepts into the teaching of English grammar.
- 5) Mrs. Craig, our new Reading Supervisor, with the assistance of our reading teachers and elementary principals, has been devoting the major portion of her time to training our elementary teachers in the Spalding method of teaching reading and in the use of the newly adopted Lippincott Readers.
- 6) Mrs. Croal, the new Library Supervisor, has been laying the ground work for systematic and system-wide coordination of our library facilities. She and this office, furthermore, are presently working on a Federal project for a possible grant of \$25,000.
- 7) Mr. Ward, the Audio-Visual Director, is developing a central A-V center and assisting teachers in methods of using equipment.

Facilities

The question of sufficient space to house the increasing student population is one which has not yet been completely answered. Alleviation of the crowded conditions on the elementary level was realized with the opening of the William Gould Vinal Elementary School. This 14-room school has enabled the School Department to transfer 12 complete classes, thus giving the Cole, Osborn, and Nellie L. Sparrell Junior High School a little more "breathing" space.

A few added benefits have accrued to the School Department as a result of the new elementary school: 1) a classroom in the Osborn School has been converted temporarily into administrative offices; 2) the old administration offices in the Junior High School have been made into guidance offices for counselling; 3) the Junior High teachers now have a room on the top floor which can be utilized as a work and lunch area, and 4) every remedial reading teacher has a classroom.

The conversion of three storage areas has provided a classroom for the Junior High art teacher, an office-classroom for the Reading Supervisor, and office space for the Curriculum Coordinators.

Recognizing the fact that some far-reaching decisions must be made soon relative to secondary school needs, the townspeople have instructed the Board of Selectmen to provide them with an in-depth study of municipal and school needs. This study is presently being conducted and the findings, with recommendations, should be ready for presentation early in 1968.

Recruitment Program

Finding teachers of the highest possible caliber is not always an easy task in what has become a highly competitive "market." This is particularly true in an era that has been attracting more and more men who must think in terms of a family. Their demands for a living wage have benefited all teachers and have forced systems to maintain competitive salaries. As a result, administrators cannot sit in their offices waiting for applicants to come to them. They must get out to the college campuses and recruit; they must keep in close personal touch with placement offices and agencies, and they must follow every possible lead.

Last year we sent representatives of the School Department to a dozen different campuses, were in communication with placement offices which literally ranged from coast to coast; and, as the list of teachers appearing elsewhere in this report indicates, our teachers represent a wide range of colleges and universities.

In concluding this report, I should like to make a few remarks relative to the Commonwealth's statutory law which permits collective bargaining between the Teachers' Associations and the School Committees.

This law, despite some initial difficulties, is a good one; and, when both sides have mastered the subtleties of negotiating, teachers and the communities for which they labor will reap the benefits of mutual respect and trust. News reports to the contrary, teachers throughout the country are bargaining over issues that transcend the mere "bread and butter" items we hear so much about. Those requests that bear directly on working conditions and professional improvement can only mean better teachers and a better learning environment. Time, I am certain, shall prove this to be true.

Respectfully submitted,
Richard C. Hamilton

REPORT OF SCHOOL PHYSICIAN

Assistant Superintendent of Schools
Norwell, Mass.

Dear Mr. Hamilton:

Please accept herewith my annual report as school physician.

Students and schools are multiplying regularly.

Football candidates were examined in August as requested. Other athletes were examined as rapidly as possible after school opened in September. My survey and evaluation includes such general supplemental health statistics as growth, vision, hearing, TPR, urinalysis and blood pressure.

The school nurse and physical education teachers provide valuable assistance in completing the survey.

Each student is urged to discuss any health problem. Appropriate notices are sent home and consultations with family physicians are suggested when indicated. Pride in personal hygiene is emphasized.

Contagion has been minimal and well controlled by alert teachers and nurses.

Sanitation is generally adequate.

Immunizations offered by the Board of Health have supplemented good programs by family physicians. New legislation will now make immunizations mandatory for smallpox, whooping cough, diphtheria, tetanus, measles and poliomyelitis. All students, and especially new students for the first grade, should complete their program immediately with their family physician. The Board of Health will also schedule pre-school immunization clinics this spring as usual for D. P. T., Sabin and measles vaccine.

The athletic grounds and facilities continue inadequate. It is hoped that the current survey will recognize this need.

The new nursing personnel are proving effective in the health program. We should encourage students in the health careers of nursing and medicine.

Miss Roe is completing a remarkable career as the School Nurse. I join all Norwell parents in thanking her for many most capable and compassionate assists.

Sincerely,
Raymond G. Vinal, M. D.

SOUTH SHORE REGIONAL SCHOOL DISTRICT TREASURER'S REPORT
1967

In accordance with Section XII of the South Shore Regional School District Agreement effective January 6, 1960, I submit herewith details of the 1967 financial transactions of the School District.

Details are presented with respect to the 1967 estimated expenditures; apportionment of estimated expenditures to member towns, actual cash receipts and disbursements, balance sheet and statement of outstanding debt as of December 31, 1967.

Total operating costs for the year were \$359,600.00 which involved salaries and wages of \$249,657.25 and other expenses of \$109,942.75 details of which are shown in the cash expenditures schedule. Available Federal Funds of \$64,363.80 reduced local expenditures for operating costs to \$295,236.20.

Capital Outlay costs for the year were \$196,668.12 involving cost of new equipment in the amount of \$12,668.12 and bond principal and interest payments totalling \$184,000.00 as shown in the expenditures schedule.

Expenditures under Manpower Development and Training Act PL 87-415 totalling \$11,990.00 involved two areas of training; Precision Sheet Metal and Radio Television Repairman. Three courses of instruction were in operation during the year, two of which were 100% financed by the Federal Government and the cost of the third course was shared 90% by the Federal Government and 10% by the local School District.

Expenditures under PL 88-210 for new equipment in the amount of \$25,201.57 were made from 100% grants provided by the Federal Government.

Expenditures under PL 88-210 for Occupational Preparatory Program in the amount of \$6,893.02 were shared as indicated \$6,120.47 by the Federal Government and \$772.55 by the local School District. This program was 100% financed by the Federal Government last year but due to a change in policy, the costs for this year's program are being shared equally by the Federal Government and the local School District. This program involves part-time vocational training for students in the various high schools of the towns in the school district who attend their own school for morning sessions and are transported to our vocational school for afternoon sessions four days each week.

Expenditures under PL 88-210 for Remedial Reading and Math courses involves a project conducted during the summer months the total cost of which was \$7,649.49. Last year this program was 100% financed by the Federal Government but due to a change in policy, the costs for this year's program are being shared equally by the Federal Government and local school district.

Expenditures under PL 88-210 Work Study Programs in the amount of \$5,319.49 were shared 75% by the Federal Government and 25% by the local school district. This program involves a supervised work program available to needy students who were paid at the rate of \$1.50 per hour for building and ground maintenance duties.

Expenditures under Smith Hughes-George Barden Fund in the amount of \$1,420.10 involved Work Study Supervision \$300.01; Out-of-state travel \$250.00, and installation of a new air compressor system \$870.09.

Various additional expenditures under self explanatory titles were made per details set forth in expenditure schedule.

Surplus Revenue was determined to be \$102,694.00 as of December 31, 1967 and was derived from the following sources:

Balance January 1, 1967		\$132,392.65
Additions		
Federal Grants used to pay 1967 Operating Costs		
George Barden Funds	\$ 62,849.00	
PL 88-210 Occupational Preparatory	1,252.80	
PL 88-210 Remedial Reading & Math	262.00	
Unexpended appropriation balances for 1967 Operating costs	12,756.18	77,119.98
Total		<u>209,512.63</u>
Deductions		
Overestimates of 1967 District Receipts	6,818.63	
1966 Surplus Revenue used to reduce 1967 Operating Costs	100,000.00	106,818.63
Balance December 31, 1967		<u><u>\$102,694.00</u></u>

A \$100,000.00 portion of 1967 Surplus Revenue has been voted by the District Committee to be used to reduce the 1968 Operating Cost Assessment to member towns resulting in a remaining balance of \$2,694.00.

Unencumbered Reserve for Bus Replacement in the amount of \$31,735.88 when added to remainder of Surplus Revenue in the amount of \$2,694.00 results in a total effective balance of \$34,429.88 available for school district use as of January 1, 1968.

An amount of Surplus Revenue equivalent to three months expenditures is necessary to enable payment of School District expenditures between January 1 and April 1 of each year inasmuch as the annual assessment revenue received by the School District from member towns is payable in quarterly installments on the first day of April, June, August and December of each year.

Respectfully submitted,
John A. Ashton, Treasurer

REPORT OF THE SEALER OF WEIGHTS AND MEASURES

To the Board of Selectmen
Norwell, Massachusetts

Gentlemen:

Weighing and measuring laws have been strictly enforced throughout the year.

Inspections have been made on all scales, oil trucks, gas pumps and any other measuring devices.

The buying public should at all times observe weighing and measuring devices while purchasing and report any violations to me.

Following is an account of work performed by me and an account of fees collected:

Weighing and Measuring Devices Sealed 69
Weighing and Measuring Devices Adjusted 5

Sealing Fees Returned to Town Treasurer \$113.55

Reweighing

Total Tested	195
Total Correct	163
Total Incorrect	11
Total Overweight	21

Reweighing of food put up for sale and retesting of gas pumps and oil trucks has been made on many occasions.

Respectfully submitted,
John D. Dickman
Sealer of Weights and Measures

REPORT OF THE SOUTH SHORE MOSQUITO CONTROL PROJECT

To the Citizens of the Town of Norwell:

Submitted herewith is the report of the South Shore Mosquito Control Project's activities in the Town of Norwell for the year ending October 31, 1967.

The Town of Norwell appropriated \$6,000 for mosquito control in 1967. Along with this, \$150 was appropriated for maintenance of ditches on coastal salt marsh. Both appropriations were expended by the South Shore Mosquito Control Project in effort toward a better control of mosquitoes in the Town of Norwell.

The South Shore Mosquito Control Project, authorized and acts under provisions of Massachusetts General Laws, Chapter 252, Section 59,

mosquito control provisions and Chapter 112, Acts of 1931, pertaining to ditch maintenance of the salt marsh. The project is a year-round co-operative effort embracing the City of Quincy and Towns of Braintree, Cohasset, Duxbury, Hingham, Hull, Marshfield, Norwell, Scituate and Weymouth, covering a total area of 172.21 square miles, serving a population in excess of 223,000.

The Project continued to base its operation on a three-phase mosquito reduction program, giving priority in this order:

1. Source reduction, by proper ditch maintenance and water manipulation the mosquito's breeding areas are eliminated.
2. Reduction at the source, with small amounts of insecticides applied at a breeding source properly timed could destroy mosquito larvae and pupae by the millions.
3. Adult Control, the reduction of the adult of flying mosquito by means of space spraying or thermal fogging.

With this as the basic plan for mosquito control the following was accomplished in the Town of Norwell this past year.

Source Reduction

4975 feet of drainage ditches were reclaimed.

400 feet of new ditches were trenched.

All this to prevent water from becoming stagnant enough to produce mosquitoes.

Reduction at the Source

1425 acres of larger swamp areas were aerial sprayed by fixed wing type aircraft to prevent the development of the early spring mosquito larvae. 75 acres were sprayed by helicopter.

Throughout the summer season many wet areas such as salt marsh, quarries, rock pools, temporary woodland pools, roadside wet areas, storm drainage catchbasins, etc. have to be checked continually and wherever mosquitoes are contained they must be treated. 34 gallons of insecticides were applied for this larval control, usually at rates of one gallon to the acre.

The *Culex* mosquito, or "House Mosquito", is one of the Project's troublesome mosquitoes because of its ability to breed quite rapidly and in any size container of standing water, also its pesty habit of seeking the inside of buildings for biting and shelter. Catchbasins are, in most towns, the greatest source of these mosquitoes. This is the reason we must continually check and spray basins during the summer months. 330 basins were sprayed in the Town this year.

Adult Reduction

Control for the adult mosquito becomes necessary when large numbers emerge and move into residential communities, usually migrating from uncontrollable areas. Space spraying or thermal fogging are methods by which mosquitoes are knocked down in flight, or at their resting sites.

This Project becomes more involved in this method of control each year as request calls continue to increase to one thousand plus annually. Many are legitimate calls for a general area treatment, but the calls for personalized backyard spray are on the increase. The Project cannot give this kind of service for it is a community control project, not an eradication program.

963 gallons of insecticide were space sprayed and fogged for adult mosquitoes in the Town this year, by mist blower, hydraulic sprayers or thermal fogger.

The insecticides used by this Project in its mosquito control program are:

Abate 4, Fenthion Baytex, D.D.T. Dust, D.D.T. Emulsion, Nailed Di-Brom, #2 Oil.

These insecticides are all registered and labelled for use in mosquito control operation. When formulated and applied in accord with and at no greater amounts than their labels recommend to be proper for mosquito operations they pose no hazard.

This Project is continuing to phase out the use of the persistent chlorinated hydrocarbon insecticides such as D.D.T. To replace these are many newer insecticides coming into use each year, some specifically for mosquito control and all, indeed, good to their limitations, but at present remain more costly than the older insecticides.

These changes from persistent insecticides must be made for it is the duty of this Project to make its communities as free of mosquitoes as possible. It is also duty bound to operate in such a way as never to be a hazard to its persons, wildlife or their environment.

The Project wishes to acknowledge the help received from officials and departments of the Town and sincerely hopes that benefits derived by these departments as a result of this cooperation are as great as those derived by the Project.

William C. Bennett
Commissioner for Norwell
South Shore Mosquito Control Project

TOWN OF NORWELL
TOWN ACCOUNTANT'S REPORT

To the Board of Selectmen:

Gentlemen:

I submit herewith the annual report of the Town Accountant for the year ended December 31, 1967. The report is arranged and classified as prescribed by the Director of Accounts and in accordance with Chapter 41, Section 61, General Laws of Massachusetts.

TOWN OF NORWELL

Commonwealth of Massachusetts

WARRANT For Annual Town Meeting

Monday, March 13, 1967 at seven-thirty o'clock in the afternoon

At the Senior High School

and Saturday, March 18, 1967 at 12 Noon At the Senior High School

For the Election of Town Officials

Plymouth, ss.

To either of the Constables of the Town of Norwell, in said County of Plymouth and Commonwealth of Massachusetts.

GREETINGS:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Norwell, qualified to vote in elections and Town affairs to meet at the Senior High School in said Norwell, on Monday, the thirteenth day of March, 1967 at 7:30 p.m., then and there to act upon the following articles, to wit:

ARTICLE 1

To see if the Town will accept the reports of its Officers, Boards, Departments, Committees and Commissions, as printed in the 1966 Town Report, or act on anything relative thereto.

ARTICLE 2

To see what sums the Town will raise and appropriate, or appropriate from available funds to pay town debts, expenses and charges including debt and interest for the ensuing year and to fix the salary and compensation of all Elective Officers of the Town, effective from January 1, 1967, as provided by Section 108 of Chapter 41 of the General Laws, as amended, and to provide for a reserve fund, and raise and appropriate, or appropriate from available funds for the following: Moderator, Selectmen's Department, Town Office Manager and Accountant, Town Hall Clerks, Town Meetings and Elections, Treasurer's Department, Collector's Department, Assessor's Department, Town Counsel, Town Clerk's Department, Registration and Listings, Board of Appeals, Planning Board, Development and Industrial Commission, Permanent Building and Maintenance Committee, Conservation Commission, Council on Aging, Capital Budget Committee, Town Hall and Annex, Police Department, Dog Officer, Fire Department, Civil Defense, Emergency Communications Center, Sealer of Weights and Measures, Building Inspector, Gas Inspector, Wire Inspector, Tree Warden's Department, Moth Department, Maintenance of Public Grounds, Board of Health, Inspector of Animals, School Nurse, School Dental Hygienist, School Physician, Town Dump, Mosquito Control,

Highway Department, Street Lights, Welfare Department, Veterans Benefits, School Department, South Shore Regional School District, Athletic Field Committee, Libraries, Aid to Agriculture, Group Insurance, Memorial Day, Pensions and Annuities, Plymouth County Retirement Fund, Recreation Commission, Town Reports and Budgets, Town Schedule Insurance, Water Department, Care of Veterans Graves, Washington Street Cemetery, Maturing Debt and Interest; or act on anything relative thereto.

ARTICLE 3

To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue for the financial years beginning January 1, 1967 and January 1, 1968, in accordance with the provisions of General Laws, Chapter 44, Section 4, and to renew any note or notes as may be given for a period of less than one year, in accordance with the provisions of General Laws, Chapter 44, Section 17, or act on anything relative thereto.

Requested by the Town Treasurer

ARTICLE 4

To see if the Town will vote to authorize the Permanent Building and Maintenance Committee and Athletic Field Committee to study land requirements for a new Senior High School and report to a 1967 Special Town Meeting with recommendations and with a request for funds; and to raise and appropriate, or appropriate from available funds, the sum of \$1,000.00 for use by these Committees for the purpose of making this report, or act on anything relative thereto.

Requested by the Planning Board

ARTICLE 5

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$140,000.00, or any other sum, to obtain final surveys and plans for construction of a new Senior High School Building, or act on anything relative thereto.

Requested by the Planning Board.

ARTICLE 6

To see if the Town will vote to appropriate the sum of \$370,000.00, or any other sum, for the acquisition and construction, including all costs and furnishings, under the direction of the Permanent Building and Maintenance Committee, of

1. A Town Hall addition, as approved by the Board of Selectmen, to be connected to the present Town Hall;
2. A Central Fire Station, as approved by the Board of Fire Engineers, to be located in the general area behind the present Central Fire Station; and
3. A Police Station, as approved by the Police Department, to be located on property to be acquired by the Town and presently known as 690 Main Street;

and to determine whether the same shall be raised by taxation, by borrowing, by transfer from available funds or by any combination of the foregoing, or act on anything relative thereto.

Requested by the Board of Selectmen

ARTICLE 7

To see if the Town will vote to appropriate the sum of \$394,000.00, or any other sum, for the construction, including all costs and furnishings, under the direction of the Permanent Building and Maintenance Committee, of a

- (1) Town Hall addition, as approved by the Board of Selectmen, to be connected to the present Town Hall;
- (2) A combined single story Fire and Police Station, as approved by the Board of Fire Engineers and the Police Department, to be located in the general area behind the present Central Fire Station, and to determine whether the same shall be raised by taxation, by borrowing, by transfer from available funds or by any combination of the foregoing, or act on anything relative thereto.

Requested by the Board of Selectmen

ARTICLE 8

To see if the Town will vote to appropriate the sum of \$136,000.00, or any other sum, for the construction, including all costs and furnishings, under the direction of the Permanent Building and Maintenance Committee, of a Town Hall addition, as approved by the Board of Selectmen, to be connected to the present Town Hall, and to determine whether the same shall be raised by taxation, by borrowing, by transfer from available funds or by any combination of the foregoing, or act on anything relative thereto.

Requested by the Board of Selectmen

ARTICLE 9

To see if the Town will vote to appropriate the sum of \$148,000.00, or any other sum, for the construction, including all costs and furnishings, under the direction of the Permanent Building and Maintenance Committee, of a Central Fire Station, as approved by the Board of Fire Engineers, to be located in the general area behind the present station, and to determine whether the same shall be raised by taxation, by borrowing, by transfer from available funds, or by any combination of the foregoing, or act on anything relative thereto.

Requested by the Board of Selectmen

ARTICLE 10

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$10,000.00, or any other sum, for the final plans and specifications for construction of a new Central Fire Station, or act on anything relative thereto.

Requested by the Planning Board

ARTICLE 11

To see if the Town will vote to appropriate the sum of \$87,000.00, or any other sum, for the construction and acquisition, including all costs and furnishings, under the direction of the Permanent Building and Maintenance Committee, of a Police Station, subject to the approval of the Police Department, and to be located on the property known as 690 Main Street, and to determine whether the same shall be raised by taxation, by borrowing, by transfer from available funds or by any combination of the foregoing, or act on anything relative thereto.

Requested by the Board of Selectmen

ARTICLE 12

To see if the Town will vote to authorize the Board of Selectmen to purchase or take by eminent domain, for the purpose of a Police Station, a parcel of land containing approximately $\frac{1}{8}$ of an acre, with the building thereon, situated on the Southerly side of Main Street and bounded Easterly - by a Cemetery, Southerly - By land of the First Parish Church of Norwell, Westerly - by land now or formerly of Nellie L. Sparrell, and Northerly - by Main Street, known as 690 Main Street, and to appropriate therefore the sum of \$20,000.00, or any other sum, and to determine whether the same shall be raised by taxation, by borrowing, by transfer from available funds or by any combination of the foregoing, or act on anything relative thereto.

Requested by the Board of Selectmen

ARTICLE 13

To see if the Town will vote to authorize the Board of Selectmen to purchase or take by eminent domain, for the purpose of a Central Fire and Police Station project, a parcel of land containing approximately $\frac{3}{4}$ of an acre, with the building thereon, situated on the Northerly side of Main Street, being contiguous to the present Norwell Town Hall parcel and known as the Powers Property, and to appropriate therefore the sum of \$15,000.00, or any other sum, and to determine whether the same shall be raised by taxation, by borrowing, by transfer from available funds or by any combination of the foregoing, or act on anything relative thereto.

Requested by the Board of Selectmen

ARTICLE 14

To see if the Town will vote to raise and appropriate or appropriate from available funds the sum of \$35,000.00 or any other sum to the Motor Vehicle and Equipment Fund, a reserve established to provide an average annual amount for the depreciation, replacement and purchase of additional motor vehicles and equipment required for expanding operational needs, or act on anything relative thereto.

Requested by the Board of Selectmen

ARTICLE 15

To see if the Town will vote to raise and appropriate or appropriate

from available funds the sum of \$2,300.00, or any other sum, to be expended under the direction of the Board of Selectmen for the purchase of a Police Cruiser to replace the present 1965 Police Cruiser or act on anything relative thereto.

Requested by the Board of Selectmen

ARTICLE 16

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$10,000.00, or any other sum, to purchase by the Board of Selectmen an equipped ambulance to replace the present 1951 ambulance, as recommended by and operated under the direction of an Ambulance Committee composed of the Civil Defense Director, the Police Chief and the Fire Chief, as a unit of the Norwell Civil Defense Agency, or act on anything relative thereto.

Requested by the Civil Defense Director

ARTICLE 17

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$5,400.00, or any other sum, for the purchase by the Board of Selectmen of a new tread type tractor equipped with a sidewalk snow plow, as recommended by the Highway Surveyor for use by the Highway Department, or act on anything relative thereto.

Requested by the Highway Surveyor

ARTICLE 18

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$800.00, or any other sum, for the purchase by the Board of Selectmen of a sidewalk sander, as recommended by the Highway Surveyor for use by the Highway Department, or act on anything relative thereto.

Requested by the Highway Surveyor

ARTICLE 19

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$2,750.00, or any other sum, for the purchase by the Board of Selectmen, of a new tractor equipped with a rotary mower and a york rake, as recommended by the Tree Warden for use by the Tree and Public Grounds Departments, or act on anything relative thereto.

Requested by the Tree Warden

ARTICLE 20

To see if the Town will vote to raise and appropriate or appropriate from available funds the sum of \$1,000.00, or any other sum, for the purchase by the Board of Selectmen, of an Air Compressor and Greasing Equipment, as recommended by the Highway Surveyor for use by the High-

way Department at the Town Garage, or act on anything relative thereto.

Requested by the Highway Department

ARTICLE 21

To see if the Town will vote to raise and appropriate, or appropriate from available funds the sum of \$4,200.00, or any other sum, for the purchase by the Board of Selectmen of a 2-3 ton tandem roller and trailer, as recommended by the Highway Surveyor for use by the Highway Department or act on anything relative thereto.

Requested by the Highway Department

ARTICLE 22

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$1,500.00, or any other sum, for the purchase by the Board of Selectmen of a new snow plow, as recommended by the Highway Surveyor for use by the Highway Department, or act on anything relative thereto.

Requested by the Highway Department

ARTICLE 23

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$2,500.00, or any other sum, for the purchase by the Board of Selectmen of a new V-body sander, of approximately six yards capacity, as recommended by the Highway Surveyor for use by the Highway Department, or act on anything relative thereto.

Requested by the Highway Department

ARTICLE 24

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$10,000.00, or any other sum, for the purchase by the Board of Selectmen of a new heavy duty dump truck, as recommended by the Highway Surveyor for use by the Highway Department, or act on anything relative thereto.

Requested by the Highway Department

ARTICLE 25

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$10,000.00, or any other sum, to be used to increase the police protection of the Town, now limited to a five-man force, by adding another regular Police Officer and an additional patrol car, or act on anything relative thereto.

Requested by the Board of Selectmen

ARTICLE 26

To see if the Town will vote to raise and appropriate, or appropriate

from available funds, the sum of \$5,000.00, or any other sum, to establish an Engineering Fund under the direction of the Board of Selectmen for use by all Boards, Departments, Committees, and Commissions requiring coordinated engineering assistance service, appraisals and preliminary cost estimates, or act on anything relative thereto.

Requested by the Board of Selectmen

ARTICLE 27

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$14,850.00, or any other sum, in anticipation of repayment by the Commonwealth of Massachusetts, for Chapter 81 work on the Highways, or act on anything relative thereto.

Requested by the Board of Selectmen

ARTICLE 28

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$22,500.00, or any other sum, in anticipation of repayment by the Commonwealth of Massachusetts and the County of Plymouth, for Chapter 90 work on the Highways, or act on anything relative thereto.

Requested by the Board of Selectmen

ARTICLE 29

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$3,830.04, or any other sum, in anticipation of repayment by the Commonwealth of Massachusetts for Chapter 679, Acts of 1965, Work on the Highways, or act on anything relative thereto.

Requested by the Board of Selectmen

ARTICLE 30

To see if the Town will vote to accept the provisions of Chapter 99 of the Acts of 1966 and, in accordance therewith, raise and appropriate the sum of \$1,922.26 to pay the following persons the amounts enumerated after their respective names:

Appel, Donald J. & Barbara J.	\$123.65
Brigham, Donald H. & Janice R.	15.36
Brown, Donald A. & Constance	19.94
Charlton, Conrad L. & Margaret F.	13.15
Childs, Frederick M. & Margaret H.	83.67
Dwyer, Robert F. & Dorothy	24.47
Edmonds, D. Catherine	190.05
Glover, James W. & Wilma M.	93.18
Johnson, Dale W. & Wilma S.	99.25
Ginches, Frederick & Annabella	21.16
McCausland, William A. & Marie F.	22.21

Moriarty, Thomas M. & Kathryn S.	115.41
Ostrand, Vincent W. & Marie J.	57.88
Painten, Ralph & Elizabeth R.	28.51
Pierce, Louis J. Jr., & Margaret	140.37
Pintauro, Arthur V. & Paula F.	64.98
Plummer, Donald L. & Barbara P.	92.21
Randolph, Laddman W. & Irene B.	133.76
St. James, Robert L. & Edwina F.	40.67
Sullivan, John E. & Frieda E.	72.27
Tracy, Corrine J.	277.05
Williams Bros. Inc.	75.02
Wilson, Daniel A. & Mary Ann	118.04

or act on anything relative thereto.

Requested by the Board of Selectmen

ARTICLE 31

To see if the Town will vote to construct a sidewalk on the westerly side of High Street from the Southeast Expressway underpass to the Grace Farrar Cole School, a distance of approximately 2,500 feet; and to raise and appropriate, or appropriate from available funds for this purpose, the sum of \$9,000.00, or any other sum, or act on anything relative thereto.

Requested by the Planning Board

ARTICLE 32

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$18,000.00, or any other sum, to be added to the Highway Town Account, for use by the Highway Surveyor for the resurfacing of sections of Grove Street, River Street, South Street, Prospect Street, Summer Street, School Street and Tiffany Road, and for the opening, closing and patching of such advance "across the street" water services in these sections prior to resurfacing as are approved by the Board of Selectmen, Planning Board, Board of Water Commissioners and the Highway Surveyor and that all water connection costs, including labor and materials, shall be accepted by the Board of Water Commissioners as charges against their Water Services Account, or act on anything relative thereto.

Requested by the Board of Selectmen

ARTICLE 33

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$7,500.00, or any other sum, for use by the Permanent Drainage Committee to accomplish the design, specifications and construction of the most needed drainage projects within this sum, subject to the approval of the Highway Surveyor, wherever Highway construction or maintenance is involved, and the Permanent Drainage Committee shall determine if the required construction is to be done by the Town Departments or by competitive contract bidding, or act on anything relative thereto.

Requested by the Board of Selectmen

ARTICLE 34

To see if the Town will vote to rescind \$200,000.00 of the Treasurer's authority to borrow \$800,000.00 for the construction, equipping and furnishing of a new elementary school on Old Oaken Bucket Road voted in Article 2 of the October 25, 1965 meeting, as this sum of \$200,000.00 was made available by an appropriation of \$100,000.00 from the Stabilization Fund and a State matching grant of \$100,000.00, or act on anything relative thereto.

Requested by the Board of Selectmen

ARTICLE 35

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$20,000.00, or any other sum, for the plans, specifications, construction and furnishings of the Old Oaken Bucket Road School, with this appropriation replacing the \$20,000.00 voted to be borrowed for this project in Article 16, April 12, 1965 Special Town Meeting, a borrowing ruled illegal by the Bureau of Accounts, and that the Permanent Building and Maintenance Committee is authorized to use this appropriation for the completion of this elementary school project, or act on anything relative thereto.

Requested by the Board of Selectmen

ARTICLE 36

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$150.00, or any other sum, for the purpose of maintaining during the ensuing year, the Mosquito Control Works, as estimated and certified to by the State Reclamation Board, in accordance with the provisions of Chapter 112, Acts of 1931, or act on anything relative thereto.

Requested by the Board of Selectmen

ARTICLE 37

To see if the Town will vote to authorize the Town Accountant to close out the unexpended balances of the following appropriations, the purposes of which have been completed, or act on anything relative thereto.

1964 Sewage Disposal Facilities	\$138.27
1965 Sanitary Leaching Bed	382.30
1965 Fire Dept. Annunciator Panel	5.98
1966 Fire Dept. Building Repairs	30.00
1966 Highway Dept. - Tractor - Backhoe	15.00

Requested by the Town Accountant

ARTICLE 38

To see if the Town will vote to appropriate the 1966 County Dog Tax

Refund to the School Department, General Education Expense Account, or act on anything relative thereto.

Requested by the Advisory Board

ARTICLE 39

To see if the Town will vote to authorize the Board of Selectmen to purchase or take by eminent domain an easement for the purpose of a Highway Storm Drainage System, from the north side of Main Street, near Homestead Farm, through the property of George Clark Whiting to a brook as shown on a plan entitled "Sketch Plan of Drainage Easement in Norwell," dated January 20, 1967, by Loring H. Jacobs, Registered Land Surveyor, a copy of which is on file in the Town Clerk's Office and incorporated by reference herein, and to raise and appropriate, or appropriate from available funds, the sum of \$200.00, or any other sum, therefore, or act on anything relative thereto.

Requested by the Highway Department

ARTICLE 40

To see if the Town will vote to accept a part of Till Rock Lane as a Town Way, as laid out by the Selectmen, in accordance with the description and plan presented at a Hearing in the Cushing Memorial Town Hall and now on file in the Town Clerk's office, without appropriation, or act on anything relative thereto.

Requested by the Board of Selectmen

ARTICLE 41

To see if the Town will vote to accept a part of Simon Hill Road as a Town Way, as laid out by the Selectmen, in accordance with the description and plan presented at a Hearing in the Cushing Memorial Town Hall and now on file in the Town Clerk's office, without appropriation, or act on anything relative thereto.

Requested by the Board of Selectmen

ARTICLE 42

To see if the Town will vote to accept Trout Brook Lane, as a Town Way, as laid out by the Selectmen, in accordance with the description and plan presented at a Hearing in the Cushing Memorial Town Hall and now on file in the Town Clerk's office, without appropriation, or act on anything relative thereto.

Requested by the Board of Selectmen

ARTICLE 43

To see if the Town will vote to amend Article X of the Town By-Laws by adding a new Section 8 to read as follows:

Section 8. That prior to the location of any sidewalk a detailed street

layout establishing black top and abutters property lines shall be developed for cost estimate and bidding purposes and an Abutters Hearing shall be held prior to the final location of any sidewalk. The specifications for such a project shall have the approval of the Highway Surveyor, Tree Warden and Board of Selectmen, collectively responsible for the required construction, maintenance, operational conditions and contract negotiations;
or act on anything relative thereto,

Requested by the Board of Selectmen

ARTICLE 44

To see if the Town will vote to amend the By-Laws of the Town of Norwell be inserting in Article XI, after Section 5, the following:

Section 6. No person being the owner or keeper of any dog or dogs shall allow, permit, or suffer such dog or dogs to go or run at large in the Town without such dog or dogs being on leash and under the control of such owner or keeper. Violators of this section shall be subject to a warning for the first offense and a fine of Ten Dollars (\$10.00) for each subsequent offense;
or act on anything relative thereto.

Requested by 14 Residents of Norwell

ARTICLE 45

To see if the Town will vote to amend the Zoning By-Laws of the Town of Norwell by adding after Section X of Article XVII the following:

Section XI. Municipal uses. None of the requirements of this Zoning By-Law shall apply to any municipal purpose or use authorized by vote of the Town;
or act on anything relative thereto.

Requested by the Board of Selectmen

ARTICLE 46

To see if the Town will vote to repeal Section VIA of Article XVII, Zoning By-Laws of the Town of Norwell, in its entirety and substitute therefor a new Section VIA, as follows:

SECTION VI A Business District C

1. Business District C is intended for use by research laboratories, office buildings, light industries, and other uses compatible with a low-density, rural, residential community.
2. In business District C no building or structure shall be constructed, altered or placed upon land for any use except as follows, nor shall any building or structure or premises be used for any purpose except:
 - a. Research laboratories with incidental assembly or test manufacture.

- b. Light manufacturing enterprises.
 - c. Building materials salesrooms, utility structures, storage warehouses and buildings, wholesale distribution plants.
 - d. Printing or publishing establishments, photographic studios, medical or dental laboratories.
 - e. Cafeterias for employees and other normal accessory uses.
 - f. Business or professional offices or banks.
 - g. Restaurants or other places for serving food.
 - h. Parking areas or garages for use of employees, customers, or visitors.
 - i. Motels.
 - j. Theaters contained within a permanent structure.
 - k. Salesrooms for automobiles, bicycles, boats, farm implements and similar equipment.
 - l. Gasoline service stations, garages and repair shops, provided that:
 - 1. Repairs shall be limited to minor repairs and adjustments unless conducted in a building.
 - 2. There shall be no storage of motor vehicles, appliances and equipment on the premises other than those in process of repair or awaiting delivery or in an enclosed structure.
 - m. Retail store or service establishment, the principal activity of which shall be the offering of goods or services at retail within the building.
3. The above uses require Board of Appeals approval, which shall be based on satisfaction that said use is appropriate and that it will not create a nuisance by virtue of noise, odor, smoke, vibration, or unsightliness. All structures for business uses shall be at least 300 feet distant from existing residences located in a residential district, and shall be adequately screened therefrom by trees or shrubs.
4. The following uses are specifically prohibited:
- a. Single and multi-family dwellings.
 - b. Apartments.
 - c. Nursing Homes.
 - d. Mobile Trailer Parks.
 - e. Camp Sites.
 - f. Automobile junk yards.
 - g. Restaurants and other places for serving food not confined within the structure.
 - h. Outdoor amusement uses, such as golf driving ranges, go-cart tracks, miniature golf courses, drive-in theaters, etc.
- or act on anything relative thereto.

Requested by the Planning Board.

ARTICLE 47

To see if the Town will vote to amend Section III of Article XVII, Zoning By-laws of the Town of Norwell, by adding under "Business District C" and following paragraph C 1, a new paragraph C 2 as follows:

C 2 Starting at a point in the southwesterly way line of the SOUTHEAST EXPRESSWAY, and in the westerly boundary line of the Towns of NORWELL and ROCKLAND; thence running southeasterly by the southwesterly way line of the SOUTHEAST EXPRESSWAY, a distance of approx-

imately 3280 feet to the northwesterly corner of Lot 14; thence turning and running southerly by the westerly property line of Lot 14 to the southwesterly corner of Lot 14; thence turning and running easterly by the southerly property lines of Lots 14 and 13 to the northwesterly corner of Lot 12; thence turning and running southerly by the westerly property lines of lots 12 and 11 to the southwesterly corner of Lot 11; thence running southerly, in a straight line, through Lots 10 and 9 to the northwesterly corner of Lot 8; thence running southerly by the westerly property line of Lot 8 to the southwesterly corner of Lot 8; thence turning and running easterly in the southerly property line of Lot 8 to a point in the westerly way line of HIGH STREET; thence turning and running southerly by the westerly way line of HIGH STREET to the northeasterly property corner of Lot 7; thence turning and running westerly by the northerly property line of Lot 7 to the northwesterly corner of Lot 7; thence turning and running southerly by the westerly property line of Lot 7 to a point in the NORWELL-HANOVER town line; thence turning and running westerly by the NORWELL-HANOVER town line to a stone monument marking the NORWELL-HANOVER-ROCKLAND corner; thence turning and running northerly by the NORWELL-ROCKLAND town line to the point of beginning.

The Lot numbers referred to above are all shown on the Atlas Town of Norwell, Assessor's Map, sheet R-17, block 18.
or act on anything relative thereto.

Requested by the Planning Board

ARTICLE 48

To see if the Town will vote to amend the By-laws of the Town of Norwell by adding Section Eight to Article V - Town Clerk.

Section 8. The Town Clerk shall pay fees received by her by virtue of her office into the Town Treasury, or act on anything relative thereto.

Requested by the Town Clerk

ARTICLE 49

To see if the Town will vote to establish a Personnel Board, to consist of five members to be appointed by the Board of selectmen, to determine equitable working conditions for all Town of Norwell employees and to establish job classifications, compensation and benefits, or act on anything relative thereto.

Requested by the Highway Surveyor

ARTICLE 50

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$45,000.00, or any other sum, for the purpose of excavating and developing a swimming area on Jacobs' Pond at the site of the Girl Scout Camp off Jacobs' Lane, or act on anything relative thereto.

Requested by the Recreation Commission

ARTICLE 51

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$1,500.00, or any other sum, for the purpose of having a study made relative to a swimming pool and/or use of existing swimming facilities, or act on anything relative thereto.

Requested by the Recreation Commission

ARTICLE 52

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$3,000.00, or any other sum, for use by the Board of Selectmen, for the acquisition, by purchase or by petition for a taking in fee by the County Commissioners, in accordance with G.L. c. 114, Sec. 11, Sec. 12, Sec. 13 and Sec. 14, of the following described land for the enlargement of the Town Cemetery located on Washington Street, which expansion is now necessary:

Approximately three (3) acres of land, owned in whole or in part by Ralph V. Bates, in Norwell, Plymouth County, Massachusetts, situated on the northerly side of the Southeast Expressway, and generally bounded and described as follows:

SOUTHERLY by the Expressway;

WESTERLY by land of William Hills and Hilda Hills and land of A. Schofield Corp.;

NORTHERLY by land of Earl B. Nichols and Esther L. Nichols, by land of Robert H. Lennerton and Maureen F. Lennerton, Washington Park Drive, and by land of Lawrence W. Croll and Dorothy L. Croll;

EASTERLY by land of the Town of Norwell;

or act on anything relative thereto.

Requested by The Washington Street Cemetery Committee

ARTICLE 53

To see if the Town will raise and appropriate or appropriate from available funds the sum of \$5,500.00, or any other sum, for use by the Wetland Study Committee to employ experienced Consultants for the preliminary consideration of the advantages of acquiring substantial wetland areas and for the determination of the most productive procedure to qualify for Federal and State Grants under the existing and expanding open space and Conservation Programs, or act on anything relative thereto.

Requested by the Wetland Study Committee

ARTICLE 54

To see if the Town will vote to instruct the Board of Water Commissioners to maintain or increase the existing Town Water Rates after reviewing the report on Article 37 of the 1966 Annual Town Meeting submitted to the Town, or act on anything relative thereto.

Requested by the Board of Water Commissioners

ARTICLE 55

To see if the Town will vote to appropriate the sum of \$5,000.00, or any other sum, to be added to the Pumping Station and Equipment Account, and to be expended under the direction of the Board of Water Commissioners, for the construction of a pumping station, including original pumping station equipment, and for laying and relaying water mains, of not less than six inches but less than sixteen inches in diameter, between the pumping station and existing water mains, and to determine whether the same shall be raised by taxation, by transfer from available funds, by borrowing, or by any combination of the foregoing, or take any other action relative thereto.

Requested by the Board of Water Commissioners

ARTICLE 56

To see if the Town will vote to appropriate the sum of \$5,000.00, or any other sum, to be added to the Developing Well and Well Field Account and to be expended under the direction of the Water Commissioners, and to determine whether the same shall be raised by taxation, by transfer from available funds, or by any combination of the foregoing, or take any other action relative thereto.

Requested by the Board of Water Commissioners

ARTICLE 57

To see if the Town will vote to appropriate the sum of \$3,000.00, or any other sum, to be expended under the direction of the Board of Water Commissioners, for conducting pumping tests at new well sites for the Town Water System, and to determine whether the same shall be raised by taxation, by transfer from available funds, or by any combination of the foregoing, or take any other action relative thereto.

Requested by the Board of Water Commissioners

ARTICLE 58

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$2,000.00, or any other sum, to be used by the Highway Surveyor and Board of Water Commissioners, for the opening, closing and patching of such advance "Across the Street" water service trenches in Grove Street, River Street, South Street, Prospect Street, Summer Street, School Street, and Tiffany Road, prior to resurfacing, as are approved by the Board of Selectmen and the Planning Board, subject to an agreement by the Board of Water Commissioners, to install the service piping and connections in the trenches while open and to record the location of the installed services on a street layout, or act on anything relative thereto.

Requested by the Board of Water Commissioners

ARTICLE 59

To see if the Town will vote to authorize the Board of Water Commis-

sioners to purchase or take by eminent domain, for purposes of public water supply, a parcel of land containing approximately 12 acres, located east of High Street, more particularly shown on a plan by Loring H. Jacobs, Registered Land Surveyor, a copy of which is on file in the Town Clerk's office, said plan being made a part hereof and incorporated herein by reference, and appropriating therefore the sum of \$6,000.00, or any other sum, and to determine whether the same shall be raised by taxation, by transfer from available funds, by borrowing, or by any combination of the foregoing, or take any other action relative thereto.

Requested by the Board of Water Commissioners

ARTICLE 60

To see if the Town will vote to authorize the Board of Water Commissioners to purchase or take by eminent domain, for purposes of public water supply, a parcel of land containing approximately 12 acres, located at a place known as Grassy Swamp, situated southwesterly from Washington Street, northeasterly from High Street, southerly from Ridge Hill Road and northerly of Hall Drive, more particularly shown on a plan by Loring H. Jacobs, Registered Land Surveyor, a copy of which is on file in the Town Clerk's office, said plan being made a part hereof and incorporated herein by reference, and appropriating therefore the sum of \$6,000.00, or any other sum, and to determine whether the same shall be raised by taxation, by transfer from available funds, by borrowing or by any combination of the foregoing, or take any other action relative thereto.

Requested by the Board of Water Commissioners

ARTICLE 61

To see if the Town will vote to authorize the Board of Water Commissioners to purchase or take by eminent domain, for purposes of public water supply, a parcel of land, and containing approximately one acre and an access strip of land thereto, located at the top of Mt. Blue Hill and shown on a plan by Loring H. Jacobs, Registered Land Surveyor, a copy of which is on file in the Town Clerk's office, said plan being made a part hereof and incorporated herein by reference; and appropriating therefore the sum of four thousand (\$4,000.00) dollars, or any other sum, and to determine whether the same shall be raised by taxation, by transfer from available funds, by borrowing or by any combination of the foregoing, or take any other action relative thereto.

Requested by the Board of Water Commissioners

ARTICLE 62

To see if the Town will vote to authorize the Board of Water Commissioners to purchase or take by eminent domain, for purposes of public water supply, a parcel of land, containing approximately one acre, and an access strip of land thereto, located at the top of Judges Hill and shown on a plan by Loring H. Jacobs, Registered Land Surveyor, a copy of which is on file in the Town Clerk's office, said plan being made a part hereof and incorporated herein by reference, and appropriating therefore the sum of four thousand (\$4,000.00) dollars, or any other sum or sums, and to determine whether the same shall be raised by taxation, by transfer from avail-

able funds, by borrowing or by any combination of the foregoing, or take any action relative thereto.

Requested by the Board of Water Commissioners

ARTICLE 63

To see if the Town will vote to appropriate the sum of \$100,000., or any other sum, to be added to the appropriation under article 41 of the 1965 Annual Town Meeting, to be expended under the direction of the Water Commissioners, for the construction of a water storage tank (standpipe) and the installation of the necessary connecting mains and equipment and to determine whether the same shall be raised by taxation, by borrowing, by transfer from available funds or by any combination of the foregoing, or act on anything relative thereto.

Requested by the Board of Water Commissioners

ARTICLE 64

To see if the Town will vote to appropriate the sum of \$10,000.00, or any other sum, for laying and relaying water mains, of not less than six inches but less than sixteen inches in diameter, under the direction of the Board of Water Commissioners, in Tiffany Road near the Hanover line, and to determine whether the same shall be raised by taxation, by borrowing, by transfer from available funds, or by any combination of the foregoing, or take any other action relative thereto.

Requested by the Board of Water Commissioners

ARTICLE 65

To see if the Town will vote to appropriate the sum of \$21,500.00, or any other sum, for the laying and relaying of water mains, of not less than six inches but less than sixteen inches in diameter, under the direction of the Board of Water Commissioners, in Pine Street from the junction of Pine and River Streets for a distance of approximately 3,500 feet, and to determine whether the same shall be raised by taxation, by transfer from available funds, by borrowing, or by any combination of the foregoing, or take any other action relative thereto.

Requested by the Board of Water Commissioners

ARTICLE 66

To see if the Town will vote to appropriate the sum of \$18,000.00, or any other sum, for laying and relaying water mains, of not less than six inches but less than sixteen inches in diameter, under the direction of the Board of Water Commissioners, in Lincoln Street, from the end of the existing water main near the crossing of the high tension power line to the junction of Lincoln and Grove Streets, a distance of approximately 3,000 feet, and to determine whether the same shall be raised by taxation, by transfer from available funds, by borrowing, or by any combination of the foregoing, or take any other action relative thereto.

Requested by the Board of Water Commissioners

ARTICLE 67

To see if the Town will vote to appropriate the sum of \$8,400.00, or any other sum, for the laying and relaying of water mains, of not less than six inches but less than sixteen inches in diameter, under the direction of the Board of Water Commissioners, in Cross Street from the junction of Cross and Winter Streets, in an easterly direction for a distance of approximately 1,200 feet, and to determine whether the same shall be raised by taxation, by transfer from available funds, by borrowing, or by any combination of the foregoing, or take any other action relative thereto.

Requested by the Board of Water Commissioners

ARTICLE 68

To see if the Town will vote to appropriate the sum of \$30,000.00, or any other sum, for the laying and relaying of water mains, of not less than six inches but less than sixteen inches in diameter, under the direction of the Board of Water Commissioners, in Circuit Street from the end of the existing main for a distance of approximately 5,000 feet, and to determine whether the same shall be raised by taxation, by transfer from available funds, by borrowing, or by any combination of the foregoing, or take any other action relative thereto.

Requested by the Board of Water Commissioners

ARTICLE 69

To see if the Town will vote to raise and appropriate or appropriate from available funds, the sum of \$40,000.00, or any other sum, to be added to the Stabilization Fund, as provided by General Laws, Chapter 40, Section 5B, or act on anything relative thereto.

Requested by the Board of Selectmen

ARTICLE 70

To see if the Town will vote to give instructions to its Elected Officers.

SALE OF FISH RIGHTS

SUBSEQUENT MEETING FOR THE ELECTION OF OFFICERS

SATURDAY, MARCH 18, 1967

POLLS OPEN 12:00 NOON TO 8:00 P.M.

And you are further directed to notify all legal voters to assemble at the Senior High School, Main Street, on Saturday, March 18, 1967 during the polling hours, then and there to act upon the following:

"To bring to the Election Officers, their votes, all on one ballot for the following named officers to wit: One member of the Board of Selectmen for three years; one member of the Board of Assessors for three years; one member of the Board of Health for three years; one Highway Surveyor for one year; one Tree Warden for one year; one Moderator for one year;

one member of the School Committee for three years; one member of the Planning Board for five years; one member of the Board of Public Welfare for an unexpired term of one year; one member of the Board of Public Welfare for three years; one member of the Board of Water Commissioners for three years; one member of the Regional Vocational School District Committee for three years; one member of the Board of Trustees of the William J. Leonard Library for three years; and one Town Treasurer for an unexpired term of one year."

You are hereby required to notify and warn said inhabitants of Norwell qualified to vote in town affairs, in case all the articles in the foregoing Warrant shall not be acted upon at the meeting called for the thirteenth day of March, to meet in adjourned session at the Senior High School, Tuesday, the fourteenth day of March, 1967, Thursday, the sixteenth day of March, 1967, and Friday the seventeenth day of March, 1967, at 7:30 P.M. in the afternoon then and there to act upon such of the foregoing articles as shall not have been acted upon March thirteenth, 1967 or act upon such other articles.

You are directed to serve this Warrant by posting a copy thereof, attested to by you in writing, at each of five public places in the Town, seven days at least before the time for holding the meeting called for in the Warrant. Hereof fail not and make due return of this Warrant with your doings thereon to the Town Clerk of said Town on or before the thirteenth day of March, 1967.

Given under our hands at Norwell this Eleventh day of February in the year of our Lord 1967.

CHESTER A. RIMMER, Chairman
ERNEST J. MILANI
RICHARD A. HOUSLEY
BOARD OF SELECTMEN

RECORD OF ANNUAL TOWN MEETING

MARCH 13, 1967

The Annual Town Meeting of the Town of Norwell was opened at 7:35 P.M. by the Moderator, David Lee Turner, on March 13, 1967, with 313 voters checked in. This number later increased to a total of 652 in attendance.

The Town Clerk read the return of the Warrant by the Constable, Harland W. Farrar.

The Rev. Ralph E. Mulley of the Church Hill Methodist Church gave the invocation.

The following tellers were appointed and sworn by the Moderator: Charles E. White, James King, William Coakley, Orville Devine and Kurt Sundwall.

It was VOTED that non-voters be admitted to the meeting and seated on the stage to the right of the Moderator.

It was VOTED that Mr. Richard C. Hamilton be admitted to the meeting and be allowed to sit with the School Committee and speak on Article 5.

Sanborn Vincent was appointed and sworn by the Moderator as Deputy Moderator for the overflow of voters which were seated in the gymnasium.

VOTED to authorize the Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue for the financial years beginning January 1, 1967 and January 1, 1968, in accordance with the provisions of General Laws, Chapter 44, Section 4, and to renew any note or notes as may be given for a period of less than one year, in accordance with the provisions of General Laws, Chapter 44, Section 17.

ARTICLE 4

VOTED UNANIMOUSLY that Article 4 be laid on the table (to authorize the Permanent Building and Maintenance Committee and Athletic Field Committee to study land requirements for a new Senior High School and report to a 1967 Special Town Meeting with recommendations and with a request for funds; and to raise and appropriate, or appropriate from available funds, the sum of \$1,000. for use by these Committees for the purpose of making this report - from transcript in the Warrant.)

ARTICLE 5

There was extensive discussion on Article 5. Reports were made by Mr. Theodore Love, Chairman of the Planning Board and Mr. Chester Rimmer, Chairman of the Board of Selectmen. It was suggested that the Planning Board and Board of Selectmen be thanked for the research and reports presented. Two hours later, it was VOTED that action on Article

5 be indefinitely postponed.

It was VOTED at 11:35 P.M. to adjourn to Tuesday, March 14, 1967, at 7:30 P.M. at the same place.

Respectfully submitted,
Town Clerk.

RECORD OF ADJOURNED ANNUAL TOWN MEETING

MARCH 14, 1967

The Adjourned Annual Town Meeting was held March 14, 1967. The meeting was opened at 7:35 P. M. by Moderator David L. Turner, with 223 voters checked in. The final tally checked in was 436.

Mr. Hamilton, Asst. Supt. of Schools was voted admission to the meeting.

Reconsideration of Article 5 was moved. After several people were allowed to discuss the motion, it was VOTED not to re-consider Article 5.

ARTICLE 6

Motion made and seconded as follows:

First: that the Town vote to appropriate the sum of \$136,000.00 for the construction, including the cost of original equipment and furnishings, under the direction of the Permanent Building and Maintenance Committee, of a Town Hall addition, as approved by the Board of Selectmen, to be connected to the present Town Hall and to meet the appropriation the Town raise and appropriate the sum of \$4,500. and authorize the Treasurer, with the approval of the Board of Selectmen, to borrow \$131,500. under General Laws Chapter 44, as amended.

VOTED that the Town appropriate and transfer the sum of \$1,520.56 from the 1966 County Dog Tax Refund to the School Department General Education Expense Account.

ARTICLE 39

VOTED UNANIMOUSLY that the Town authorize the Board of Selectmen to purchase or take by eminent domain an easement for the purpose of a Highway Storm Drainage System, from the north side of Main Street, near Homestead Farm, through the property of George Clark Whiting to a brook as shown on a plan entitled "Sketch Plan of Drainage Easement in Norwell," dated January 20, 1967 by Loring H. Jacobs, Registered Land Surveyor, a copy of which is on file in the Town Clerk's office and incorporated by reference herein, and to raise and appropriate the sum of \$200.00 herefore.

ARTICLE 40

VOTED UNANIMOUSLY that the Town accept a part of Till Rock Lane

as a Town Way, as laid out by the Selectmen, in accordance with the description and plan presented at a Hearing in the Cushing Memorial Town Hall and now on file in the Town Clerk's office, without appropriation.

ARTICLE 41

VOTED UNANIMOUSLY that the Town accept a part of Simon Hill Road as a Town Way, as laid out by the Selectmen, in accordance with the description and plan presented at a Hearing in the Cushing Memorial Town Hall and now on file in the Town Clerk's office, without appropriation.

ARTICLE 42

VOTED to indefinitely postpone action on Article 42.

ARTICLE 43

VOTED UNANIMOUSLY that the Town amend Article X of the Town By-laws by adding a new section 8 to read as follows:

Section 8. That prior to the location of any sidewalk a detailed street layout establishing black top and abutters property lines shall be developed for cost estimate and bidding purposes and an Abutters Hearing shall be held prior to the final location of any sidewalk. The specifications for such a project shall have the approval of the Highway Surveyor, Tree Warden and Board of Selectmen, collectively responsible for the required construction, maintenance, operational conditions and contract negotiations.

ARTICLE 44

VOTED to indefinitely postpone action on Article 44. (Leash law)

ARTICLE 45

VOTED, 217 yes, 10 no, that the Town amend the Zoning By-laws of the Town of Norwell by adding after Section X of Article XVII the following:

Section XI. Municipal uses. None of the requirements of this Zoning By-law shall apply to any municipal purpose or use authorized by vote of the Town.

ARTICLE 46

VOTED UNANIMOUSLY that the Town repeal Section VIA of Article XVII, Zoning By-Laws of the Town of Norwell in its entirety and substitute therefor a new Section VI A, as follows:

SECTION VI A Business District C

1. Business District C is intended for use by research laboratories,

office buildings, light industries, and other uses compatible with a low-density, rural, residential community;

2. In Business District C no building or structure shall be constructed, altered or placed upon land for any use except as follows, nor shall any building or structure or premises be used for any purpose except:
 - a. Research laboratories with incidental assembly or test manufacture.
 - b. Light manufacturing enterprises.
 - c. Building materials salesrooms, utility structures, storage warehouses and buildings, wholesale distribution plants.
 - d. Printing or publishing establishments, photographic studios, medical or dental laboratories.
 - e. Cafeterias for employees and other normal accessory uses.
 - f. Business or professional offices or banks.
 - g. Restaurants or other places for serving food or alcoholic beverages.
 - h. Parking areas or garages for use of employees, customers, or visitors.
 - i. Motels
 - j. Theaters contained within a permanent structure.
 - k. Salesrooms for automobiles, bicycles, boats, farm implements and similar equipment.
 - l. Gasoline service stations, garages and repair shops, provided that:
 1. Repairs shall be limited to minor repairs and adjustments unless conducted in a building.
 2. There shall be no storage of motor vehicles, appliances and equipment on the premises other than those in process of repair or awaiting delivery.
 - m. Retail store or service establishment, the principal activity of which shall be the offering of goods or services at retail within the building.
3. The above uses require Board of Appeals approval, which shall be based on satisfaction that said use is appropriate and that it will not create a nuisance by virtue of noise, odor, smoke, vibration, or unsightliness.

All structures for business use shall be at least 300 feet distant from existing residences located in a residential district, and shall be adequately screened therefrom by trees or shrubs.

4. The following uses are specifically prohibited:
 - a. Single and multi-family dwelling.
 - b. Apartments.
 - c. Nursing Homes.
 - d. Mobile Trailer Parks.
 - e. Camp Sites
 - f. Automobile junk yards.
 - g. Restaurants and other places for serving food not confined within the structure.
 - h. Outdoor amusement uses, such as golf driving ranges, go-cart tracks, miniature golf courses, drive-in theaters, etc.

ARTICLE 47

VOTED UNANIMOUSLY that the Town amend Section III of Article XVII, Zoning By-Laws of the Town of Norwell be adding under "Business District C" and following paragraph C 1, a new paragraph C 2, as follows:

C 2 Starting at a point in the southwesterly way line of the SOUTH-EAST EXPRESSWAY, and in the westerly boundary line of the Towns of NORWELL and ROCKLAND; thence running southeasterly by the southwesterly way line of the SOUTHEAST EXPRESSWAY, a distance of approximately 3280 feet to the northwesterly corner of Lot 14; thence turning and running southerly by the westerly property line of Lot 14 to the southwesterly corner of Lot 14; thence turning and running easterly by the southerly property lines of Lots 14 and 13 to the northwesterly corner of Lot 12; thence turning and running southerly by the westerly property lines of Lots 12 and 11 to the southwesterly corner of Lot 11; thence running southerly, in a straight line, through Lots 10 and 9 to the northwesterly corner of Lot 8; thence running southerly by the westerly property line of Lot 8 to the southwesterly corner of Lot 8; thence turning and running easterly in the southerly property line of Lot 8 to a point in the westerly way line of HIGH STREET; thence turning and running southerly by the westerly way line of HIGH STREET to the northeasterly property corner of Lot 7; thence turning and running southerly by the westerly property line of Lot 7 to a point in the NORWELL-HANOVER town line; thence turning and running westerly by the NORWELL-HANOVER town line to a stone monument marking the NORWELL-HANOVER-ROCKLAND corner; thence turning and running northerly by the NORWELL-ROCKLAND town line to the point of beginning.

The Lot numbers referred to above are all shown on the Atlas Town of Norwell, Assessor's Map, sheet R-17, block 18.

ARTICLE 48

VOTED UNANIMOUSLY to amend the By-laws of the Town of Norwell by adding Section Eight to Article V - Town Clerk.

Section 8. The Town Clerk shall pay fees received by her by virtue of her office into the Town Treasury.

VOTED UNANIMOUSLY that the Town appropriate the sum of \$21,500.00 for the laying and relaying of water mains, of not less than six inches but less than sixteen inches in diameter, under the direction of the Board of Water Commissioners, in Pine Street from the junction of Pine and River Streets for a distance of approximately 3,500 feet and to meet the appropriation the Town authorize the Treasurer, with the approval of the Board of Selectmen, to borrow \$21,500.00 under General Laws Chapter 44, as amended.

ARTICLE 66

VOTED UNANIMOUSLY that the Town appropriate the sum of

\$18,000.00 for laying and relaying water mains, of not less than six inches but less than sixteen inches in diameter, under the direction of the Board of Water Commissioners, in Lincoln Street, from the end of the existing water mains near the crossing of the High Tension Power Line to the junction of Lincoln and Grove Streets, a distance of approximately 3,000 feet and to meet the appropriation the Town authorize the Treasurer, with the approval of the Board of Selectmen, to borrow \$18,000.00 under General Laws Chapter 44, as amended.

ARTICLE 67

VOTED UNANIMOUSLY that the Town appropriate the sum of \$8,400.00 for the laying and relaying of water mains, of not less than six inches but less than sixteen inches in diameter, under the direction of the Board of Water Commissioners, in Cross Street, from the junction of Cross and Winter Streets, in an easterly direction for a distance of approximately 1,200 feet and to meet the appropriation the Town authorize the Treasurer, with the approval of the Board of Selectmen, to borrow \$8,400.00 under General Laws Chapter 44, as amended.

ARTICLE 68

VOTED UNANIMOUSLY that the Town appropriate the sum of \$30,000.00 for the laying and relaying of water mains, of not less than six inches but less than sixteen inches in diameter, under the direction of the Board of Water Commissioners, in Circuit Street from the end of the existing main for a distance of approximately 5,000 feet and to meet the appropriation the Town authorize the Treasurer, with the approval of the Board of Selectmen, to borrow \$30,000.00 under General Laws Chapter 44, as amended.

ARTICLE 69

VOTED UNANIMOUSLY to transfer from Free Cash the sum of \$40,000.00 to be added to the Stabilization Fund, as provided by General Laws, Chapter 40, Section 5B.

ARTICLE 70

Instruction to Town Officers

The Town instruct the Board of Selectmen to use all or any part of the engineering fund, voted and established under Article 26 in the warrant for this town meeting, to employ the services of municipal planners, architects or engineers, to review costs, specifications, preliminary plans, and to develop comparative data on the programs for major capital expenditures prepared by the Planning Board, as contained in the 1966 Annual Report, and prepared by the Board of Selectmen, as presented by Articles 6, 7, 8, 11, 12 and 13 in the warrant for this town meeting, and as outlined in part, in the report of Whitman & Howard, Inc., dated January, 1967, or as otherwise set forth, and to prepare a printed report to the Town, to be completed not later than September, 1967, with the report to be presented to the voters one month before a special town meeting to be called by the Selectmen.

FISH RIGHT #1 was auctioned off to Robert MacWilliams for \$5.00.
FISH RIGHT #2 was auctioned off to Robert Karoff for \$5.00.

The business of the Warrant having been completed, the meeting was VOTED to be adjourned, until the Annual Town Election, March 18, 1967.

NELLIE G. TARR,
Town Clerk.

1967 APPROPRIATIONS

Voted at the Annual Town Meeting, March 13 and 14

APPROPRIATIONS, 1967

BORROWING

- ARTICLE 3. Voted that the Town authorize the Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue for the financial years beginning January 1, 1967 and January 1, 1968, in accordance with the provisions of General Laws, Chapter 44, Section 4, and to renew any note or notes as may be given for a period of less than one year, in accordance with the provisions of General Laws Chapter 44, Section 17.
- ARTICLE 9. Voted 262 yes, 30 no to appropriate the sum of \$148,000.00 for the construction, including the cost of original equipment and furnishings, under the direction of the Permanent Building and Maintenance Committee, of a Central Fire Station, as approved by the Board of Fire Engineers, to be located in the general area behind the present Central Fire Station, and to meet the appropriation the town raise and appropriate the sum of \$4,500.00 and authorize the Treasurer, with the approval of the Board of Selectmen, to borrow \$143,500.00 under General Laws Chapter 44, as amended.

ARTICLE 65. Voted unanimously that the Town appropriate the sum of \$21,500.00 for the laying and relaying of water mains, of not less than six inches but less than sixteen inches in diameter, under the direction of the Board of Water Commissioners, in Pine Street from the junction of Pine and River Streets for a distance of approximately 3,500 feet and to meet the appropriation the Town authorize the Treasurer, with the approval of the Board of Selectmen, to borrow \$21,500.00 under General Laws Chapter 44, as amended.

ARTICLE 66. Voted unanimously that the Town appropriate the sum of \$18,000.00 for laying and relaying water mains, of not less than six inches but less than sixteen inches in diameter, under the direction of the Board of Water Commissioners, in Lincoln Street, from the end of the existing water mains near the crossing of the high tension power line to the junction of Lincoln and Grove Streets, a distance of approximately 3,000 feet and to meet the appropriation the Town authorize the Treasurer, with the approval of the Board of Selectmen, to borrow \$18,000.00 under General Laws Chapter 44, as amended.

ARTICLE 67. Voted unanimously that the Town appropriate the sum of \$8,400.00 for the laying and relaying of water mains, of not less than six inches but less than sixteen inches in diameter, under the direction of the Board of Water Commissioners, in Cross Street, from the junction of Cross and Winter Streets, in an easterly direction for a distance of approximately 1,200 feet and to meet the appropriation the Town authorize the Treasurer, with the approval of the Board of Selectmen, to borrow \$8,400.00 under General Laws Chapter 44, as amended.

ARTICLE 68. Voted unanimously that the Town appropriate the sum of \$30,000.00 for the laying and relaying of water mains, of not less than six inches but less than sixteen inches in diameter, under the direction of the Board of Water Commissioners, in Circuit Street from the end of the existing main for a distance of approximately 5,000 feet and to meet the appropriation the Town authorize the Treasurer, with the approval of the Board of Selectmen, to borrow \$30,000.00 under General Laws Chapter 44, as amended.

TOTAL AUTHORIZED BORROWING \$221,400.00

RESCINDED BORROWING AUTHORITY

ARTICLE 34. Voted unanimously that the Town rescind \$200,000.00 of the Treasurer's authority to borrow \$800,000.00 for the construction, equipping and furnishing of a new elementary school on Old Oaken Bucket Road voted in Article 2 of the October 25, 1965 meeting, as this sum of \$200,000.00 was made available by an appropriation of \$100,000.00 from the Stabilization Fund and a State matching grant of \$100,000.00.

I hereby certify the amounts herein contained were voted to be raised

and appropriated, or appropriated and transferred, for the year 1967 at the Annual Town Meeting of the Town of Norwell, held March 13, 1967 and the Adjourned Annual Town Meeting held March 14, 1967; and authorized borrowing or bonding, and rescind borrowing power voted as above specified.

A True Copy Attest:
 Nellie G. Tarr
 Town Clerk of Norwell

TOWN ELECTION

March 18, 1967

Pursuant to the foregoing warrant, the qualified voters of the Town of Norwell met on Saturday, March 18, 1967 at the Senior High School and cast their votes for the elected officials of the Town.

Prior to the opening of the polls at 12 Noon, the ballot box was opened and examined. It was found empty and the register set at 0000. In the absence of Wilder A. Gaudette, Warden, the Town Clerk appointed Charles W. Bayley, Jr., as Warden, and swore him in. Mary McBrine was sworn in as Clerk and John J. Piotti as Ballot Box officer. The following were sworn in as Inspector: Margaret E. C. Reeser, Julia Rosebach, Eleanor J. Benner, Eleanor F. Mitchell, Jessie Bailey, Carmella Molla, Helen Gregory and Frances S. Molla.

The voting proceeded until the Warden declared the polls closed at 8:00 P. M. In open meeting, the following tallies were made:

Ballots received		2703
Ballots unused	1592	
Ballots used	1111	2703

There were 1130 ballots cast, which included 19 absentee ballots. The ballot box showed 1130 ballots cast and the voting sheets checked 1130 voters as having been checked in and out.

At the closing of the polls, the Town Clerk swore in the following as tellers:

Marion H. Robinson, Agnes Albert, Jean M. Lantz, June M. Lepisto, Helen C. Fredrickson, Eleanor G. Wright, Phyllis S. Lindsay, Margaret M. Peterson, Nancy C. Joseph, Emma S. Oronte, Barbara Meacham, Margaret DeFabio, Ann S. Valair and Wilder A. Gaudette.

Upon being canvassed in open meeting, the votes were found to have been cast as follows:

NELLIE G. TARR,
Town Clerk

REPORT OF THE ADVISORY BOARD

To the Citizens of Norwell:

Two months ago, at our annual town meeting, your Advisory Board moved, and the Town voted, under "Instructions to Town Officers", that the Selectmen be instructed to employ the services of municipal planners, architects, and engineers to review costs, specifications, prepare preliminary plans, and develop comparative data on two programs for major capital expenditures:

1. As presented by the Planning Board and outlined in the report of the Planning Board in the 1966 Annual Report.
2. As prepared by the Board of Selectmen and presented in Articles 6, 7, 8, 11, 12, and 13 of the March warrant for town meeting and as outlined in the report of Whitman & Howard, Inc., dated January, 1967.

Your Advisory Board explained that the problems involved in the consideration of these two programs were too broad and the data in one case too incomplete to permit an intelligent decision without additional time and further study of all factors.

It was recommended that this study encompass current as well as long-term municipal and school building needs and be submitted to the Town with recommendations as to costs, engineering plans, and specifications thirty days before the next special town meeting.

Very shortly following the March annual town meeting, the Board of Selectmen passed a motion calling this special town meeting for May 22.

The reasons given for this action was their belief that it was necessary:

1. To recognize and establish the true status of the voted addition to the Senior High School and to determine what action should be taken in this matter.
2. To establish the Town's preferred procedure of abandoning or continuing the use of the Junior High School: As a School; make a comprehensive study of this facility by qualified school architects; and consider its use for municipal office purposes.
3. To permit the Town to impose a compulsory responsibility upon its officials as opposed to a discretionary acceptance of instructions to make a broad, overall study with determinations of:
 - how much money can be used from the Engineering Fund voted under Article 26 of the March town meeting.
 - the specificity of instructions to preclude controversial interpretations.
 - the adequacy of instructions to develop a firm and explicit contract with consultants.
 - the sufficiency of funds to accomplish conclusive results.
4. To provide the proponents of a new Senior High School the opportunity to justify the consequences and problems of delay which would thereby be caused.

The above considerations bring up many questions to be solved. These are multiplied by the fact that there appears to be considerable confusion and conflict of opinion as to projected school population, present school educational capacity, and projected possible school expansion capacity, depending upon what source of information is used, what period of past experience is deemed the best basis for projections, and what town officials are consulted for such projections. The need for an independent, objective, and professional overall study of Norwell's current as well as long-term municipal and school building needs requirements is necessary.

With these thoughts and questions uppermost in our minds, the Advisory Board, Planning Board, School Committee, and other interested Town voters, participated in the preparation of the composite article, Number 1 in this warrant, in the interests of:

1. Outlining in full detail the many questions and problems needing answers.
2. Giving our Selectmen the specifics which they need in order to make a firm contract with professional consultants.
3. Appropriating the funds which will be needed for this comprehensive study.

Your Advisory Board requests the thoughtful consideration of this

article by all our voters. We strongly urge your approval of this composite article as the best solution of the many building problems facing Norwell in the future growth of our Town's municipal and school needs.

It was not intended nor expected that this special May 22 town meeting be involved in further expansion of our water services. The water main extensions requested in this warrant are already being considered by the Water Commissioners for inclusion in our annual town meeting warrant for March, 1968. Our Water Commissioners, Capital Budget Committee, and Selectmen have recommended the expenditure of approximately \$75,000 yearly for expansion of Water Department Services and the Town voted approval of slightly more than this sum at our March annual Town meeting. It would appear unwise to disrupt the established schedule for water service extension above this figure for 1967. A further deterrent in consideration of water main extensions at this time is the fact that these needs have not yet been discussed with nor decided upon by our Water Commissioners.

The various articles presented in this warrant for the Highway Department were postponed purposely at the March meeting to avoid prolonging that meeting. It was planned at that time that the Highway Department would resubmit these articles at the next special town meeting. They were approved by the Advisory Board for the March meeting and our approval remains equally favorable at this special meeting.

All of the appropriations voted at this special town meeting must be raised by tax levy excepting what portion can be transferred from the \$10,000 Engineering Fund established under Article 26 at our March town meeting. We have reduced our free cash as low as is deemed prudent in the eyes of both our Assessors and our Town Accountant for a town of our size. We have no other funds available for transfer except from the Reserve Fund, and this must be kept intact for those emergency and unforeseen expenses which undoubtedly will be brought to the Advisory Board later in the year.

We realize the inconvenience that this special town meeting is causing our voters; but we believe and hope that it will iron out many present misunderstandings and enable our various boards to meld their plans and objectives with a unanimity of aim - a single comprehensive, professional study of Norwell's school and municipal building needs, current and future, with a documented plan of recommendations for the solution of these needs within the Town's ability to finance the costs.

Respectfully submitted,
 NORWELL ADVISORY BOARD
 James P. Hall, Chairman
 John Petze, Vice Chairman
 Richard A. Leahy, Secretary
 Minnie K. Abrahams, Ass't Secretary

TOWN OF NORWELL

Commonwealth of Massachusetts

WARRANT for Special Town Meeting

Monday, May 22, 1967

At Seven-thirty O'Clock in the Afternoon

At the Senior High School

Plymouth, s. s.

To one of the constables of the Town of Norwell, in said County of Plymouth and Commonwealth of Massachusetts,

GREETINGS:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Norwell, qualified to vote in elections and Town affairs, to meet at the Senior High School in said Norwell, on Monday, the twenty-second day of May, 1967, at 7:30 P. M., then and there to act upon the following articles, to wit:

ARTICLE 1

To see if the Town will vote to appropriate the sum of \$25,000.00 or any other sum, to be used by the Board of Selectmen, to employ, through a single firm, the services of experienced and established educational research consultants, school architects, and municipal planners, to meet with and review the plans, programs and recommendations of the Board of Selectmen, the Planning Board and the School Committee, and any other party at interest if so requested, to study, to advise and to report on the following:

1. Our current and future kindergarten, elementary, and secondary grade needs including curriculum, personnel, capacity requirements, and comprehensive facility development;
2. The projected school population and enrollment for each and all grades, (kindergarten through twelfth grade), for each of the years 1968 through 1980;
3. The needed new school and municipal building space to properly house the Town's projected increases in school population and municipal staff growth for the years 1968 through 1980;
4. A construction timetable for needed new building space as recommended above;
5. Estimated costs for all proposed construction and remodeling for such additional space requirements;
6. Comparative merits of a new free-standing senior high school versus an addition to the existing senior high school;

7. Preliminary plans and cost estimates for the remodeling of the junior high school to its best use as a school within its present capacity and further consideration of its potential for future enlargement;
8. Preliminary plans and cost estimates for administrative and civic facilities, such as town offices, library, teenage center, and police headquarters, based upon two considerations;
 - a. Use of the present junior high school for municipal purposes,
 - b. Continued use of the junior high school as a school;
9. If the junior high school cannot be remodeled and expanded from an economic and school administrative point of view, consideration of the advisability of building a new junior high school in 1974 instead of building a new senior high school and continuing with an addition to the senior high school;
10. The advisability of having the Town's administrative offices located adjacent to the school complex;
11. The advisability of moving the Town's administrative offices from the historic center of the Town;
12. The advisability of a Town library being located in or adjacent to the school complex;
13. The advisability of a new free-standing library and recommendations as to its most suitable location;
14. A review of the municipal building plans submitted by Whitman and Howard to the March, 1967, annual Town meeting and recommendations as to its value as a part of the Town's municipal expansion plans; and upon the completion of this study a printed summary report to be prepared by the consultants and distributed by the Board of Selectmen to all registered voters or cause to have a copy left at each dwelling house or apartment at least one month prior to the closing date of any Warrant for a Town meeting which contains articles, or an article, for consideration of the action to be taken as a result of the study, with a copy of the complete study, advise and report to be made available for public use at the Town Hall, all Town libraries and at all Public School Buildings; that the complete study and report include recommendations as to what course of action the Town should pursue, with sufficient data to substantiate such recommendations; and to meet the appropriation the Town appropriate and transfer from the Engineering Fund, established under Article 26 of the 1967 Annual Town Meeting, the sum of \$5,000.00, and raise and appropriate, or appropriate from available funds, the sum of \$20,000.00, or any other sum, or act on anything relative thereto.

Submitted and requested by: The Planning Board, The School Committee,
The Advisory Board.

The Advisory Board recommends this action. A composite and comprehensive study of Norwell's school and municipal building needs, both current and future, by a qualified, experienced consulting firm is required. We believe that this approach is far more practical and desirable

than separate, non-coordinated studies conducted by different committees and different consulting firms.

ARTICLE 2

To see if the Town will vote to raise and appropriate the sum of \$5,000.00 or any other sum, to employ experienced and established staff educational research consultants, under the direction of the School Committee, to study and report prior to October 1, 1967 on our current and future kindergarten, elementary and secondary grade needs including consideration of our curriculum, personnel, capacity requirements and comprehensive facility development, or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board does not recommend this article because we favor a composite study as outlined in Article 1.

ARTICLE 3

To see if the Town will vote to raise and appropriate the sum of \$5,000.00 or any other sum, to employ school architects, under the direction of the Permanent Building and Maintenance Committee, experienced in the modernization of existing school buildings for the purpose of developing prior to October 1, 1967, preliminary plans and cost estimates for the remodeling of the Junior High School to its best use as a school within its present capacity and to further consider its potential for future enlargement, or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board does not recommend this article because we favor a composite study as outlined in Article 1.

ARTICLE 4

To see if the Town will vote to appropriate and transfer \$7,000.00 from the Engineering Fund voted by the Town under Article 26 of the 1967 Annual Town Meeting to employ municipal planners under the direction of the Board of Selectmen to develop individual project preliminary plans and cost estimates prior to October 1, 1967, for administrative and civic facilities such as town offices, library, youth center and police quarters based upon two determinants:

- (1) Use of the present Junior High School for municipal purposes;
- (2) Use of the Junior High School continued as a school; or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board does not recommend this article because we favor a composite study as outlined in Article 1.

ARTICLE 5

To see if the Town will vote to establish a panel consisting of seven

members appointed by the Moderator from former Advisory Board personnel to examine plans, data, cost estimates and judgments of the educational consultants, school architects and municipal planners and to submit majority and minority opinions derived from the completed studies to the existing Advisory Board upon their request, or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board does not recommend the establishing of this panel as such a committee would pre-empt the function and responsibility of the Advisory Board and therefore is unnecessary.

ARTICLE 6

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$260.00, or any other sum, for use by the Board of Health for the purchase of a new refrigerator-freezer for storing Board of Health vaccine, or act on anything relative thereto.

Requested by the Board of Health

The Advisory Board recommends this appropriation. There are no present town facilities for storage of Board of Health's vaccines.

ARTICLE 7

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$480.00, or any other sum, to pay Board of Health bills of prior years, or act on anything relative thereto.

Requested by the Board of Health

The Advisory Board recommends this appropriation. It is an obligation which the Town legally must pay.

ARTICLE 8

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$6,000.00 or any other sum, for the purchase; by the Board of Selectmen, of a sidewalk tread type tractor equipped with a V Blade and a reversible snow plow blade, as recommended by the Highway Surveyor for use by the Highway Department, or act on anything relative thereto.

Requested by the Highway Surveyor

The Advisory Board recommends this appropriation. The Town's action in having voted a sidewalk program necessitates this purchase so that the sidewalks can be kept clear and usable when snow covered and icy roads make them most needed.

ARTICLE 9

To see if the Town will vote to raise and appropriate, or appropriate

from available funds, the sum of \$900.00 or any other sum, for the purchase by the Board of Selectmen, of a sidewalk sander, as recommended by the Highway Surveyor for use by the Highway Department, or act on anything relative thereto.

Requested by the Highway Surveyor

The Advisory Board recommends this appropriation. The Town's action in having voted a sidewalk program necessitates this purchase so that the sidewalks can be kept clear and usable when snow covered and icy roads make them most needed.

ARTICLE 10

To see if the Town will vote to raise and appropriate or appropriate from available funds, the sum of \$1,000.00 or any other sum for the purchase by the Board of Selectmen, of an Air Compressor and Greasing Equipment as recommended by the Highway Surveyor for use by the Highway Department, or act on anything relative thereto.

Requested by the Highway Surveyor

The Advisory Board recommends this purchase in the interests of more efficient and economical service and maintenance of our Highway Department machinery. This equipment can also be used for spray painting in the future.

ARTICLE 11

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$2,500.00, or any other sum, for the purchase by the Board of Selectmen, of a New Handy aggregate spreader, as recommended by the Highway Surveyor for use by the Highway Department, or act on anything relative thereto.

Requested by the Highway Surveyor

The Advisory Board recommends this appropriation. The Highway Department's present spreader, used for all surface sealing on our streets, is twenty-two years old and badly in need of repair. The repair costs are prohibitive, and it will be far more economical to purchase a new spreader.

ARTICLE 12

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$9,000.00, or any other sum, to be added to the Highway Department Snow Removal & Sanding Account, or act on anything relative thereto.

Requested by the Highway Surveyor

The Advisory Board recommends this appropriation. The Highway Department has already spent \$36,000.00 of the \$43,000.00 voted in our March, 1967, annual town meeting for snow removal and sanding. As was explained at the annual town meeting, each year we need approxi-

mately \$16,000.00 carryover in this account to cover snow and sanding in the early winter months. We have only \$7,000.00 currently left in the account. We therefore need this additional \$9,000.00 to carry through the balance of the year.

ARTICLE 13

To see if the Town will vote to raise and appropriate or appropriate from available funds the sum of \$10,000.00, or any other sum, to be expended under the direction of the Board of Public Welfare, for Aid under all categories of Public Welfare or Assistance, or act on anything relative thereto.

Requested by the Board of Public Welfare

The Advisory Board recommends this appropriation as essential to pay additional welfare bills currently in the hands of the town and presently anticipated for the balance of 1967.

ARTICLE 14

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$7,500.00, or any other sum, to be added to the Conservation Fund, under the provisions of General Laws, Chapter 40, Section 5, Clause 51 and Section 8c, as amended, or act on anything relative thereto.

Requested by the Conservation Commission

The Advisory Committee recommends only \$1,500.00 be appropriated to this fund to raise their balance to \$10,000.00 at this time.

ARTICLE 15

To see if the Town will vote to authorize and instruct the Board of Selectmen to acquire, by purchase or by a taking by eminent domain, for the purpose of a Fire Station, a portion of the parcel of land located on the Northerly side of Main Street, in Norwell, being contiguous to and Easterly of the parcel upon which the present Town Hall and Central Fire Station are located, more particularly shown on a plan entitled "PLAN OF LAND ON MAIN STREET AND CENTRAL STREET NORWELL", dated March 16, 1967, by Loring H. Jacobs, Registered Land Surveyor, a copy of which is on file in the Town Clerk's office, bounded and described, according to said plan, as follows:

NORTHERLY - by land of the Estate of Nellie L. Sparrell;
EASTERLY - by land of Elizabeth Berry Power
SOUTHERLY - by land of the Town of Norwell
WESTERLY - by land of the Town of Norwell;

containing approximately 6,200 square feet, and outlined on said plan in red, and to meet the cost of such acquisition and the expenses in connection therewith the Town raise and appropriate, or appropriate from available funds, the sum of \$1,500.00, or any other sum, or act on anything relative thereto.

Requested by the Permanent Building and Maintenance Committee

The Advisory Board recommends this action. After our March annual town meeting, it was found that the Town did not own adequate land for the fire station site due to lack of proper maps; hence this purchase is essential.

ARTICLE 16

To see if the Town will vote to authorize the Board of Water Commissioners to purchase or take by eminent domain, for purposes of public water supply, a parcel of land containing approximately 12 acres, situated southwesterly from Washington Street, northeasterly from High Street, southerly from Ridge Hill Road and northerly of Hall Drive, being a portion of Jacobs Poultry Farm, more particularly shown on a plan by Loring H. Jacobs, Registered Land Surveyor, a copy of which is on file in the Town Clerk's Office, said plan being made a part hereof and incorporated herein by reference, and appropriating therefore the sum of \$50,000.00, or any other sum, and to determine whether the same shall be raised by taxation, by transfer from available funds, by borrowing or by any combination of the foregoing, or take any other action relative thereto.

Requested by the Board of Water Commissioners

The Advisory Board does not recommend this appropriation because this is far too much money to pay for these twelve acres of land.

ARTICLE 17

To see if the Town will vote to advise the Board of Water Commissioners to maintain or increase the existing Town Water Rates after reviewing the report on Article 37 of the 1966 Annual Town Meeting, or act on anything relative thereto.

Requested by the Board of Water Commissioners

The Advisory Board does not recommend either that the Town vote to maintain or to increase water rates. This is a prerogative presently belonging to the Water Commissioners, and they should set the rates. The Advisory Board does recommend, however, that the Water Department be operated on a completely self-supporting basis.

ARTICLE 18

To see if the Town will vote to authorize the Board of Water Commissioners to acquire, by purchase or by a taking by eminent domain, for the purpose of public water supply, a parcel of land and fifty foot access strip, located on the Northerly side of Mt. Blue Street, in Norwell, said access strip starting at Mt. Blue Street and running to a parcel of land near the top of Judges Hill, more particularly shown on a plan entitled "PLAN OF LAND IN NORWELL FOR DEVELOPMENT OF WATER SUPPLY TOWN OF NORWELL", dated March 22, 1967, by Loring H. Jacobs, Registered Land Surveyor, a copy of which is on file in the Town Clerk's office, the total land area involved being 6.56 acres, according to said plan, and to appropriate therefor, and the expenses in connection therewith, the sum of \$7,500.00 or any other sum, and to determine whether

the same shall be raised by taxation, by borrowing, by transfer from available funds, or by any combination of the foregoing, or act on anything relative thereto.

Requested by the Board of Water Commissioners

The Advisory Board recommends this action. The purchase of this land is necessary in order to run pipe, a road, and utility poles to Judge's Hill for the new water standpipe.

ARTICLE 19

To see if the Town will vote to authorize the Board of Selectmen to prepare and submit a petition to the General Court requesting authorization for the Town of Norwell to pay the sum of \$1,250.00 as damages for land, taken by the Town for purposes of public water supply, located near the Hingham-Norwell Town line, northerly of Grove Street, and formerly owned, in whole or in part by John F. Burns, or act on anything relative thereto.

Requested by the Board of Water Commissioners

This article will be rewritten before Town Meeting. The Advisory Board therefore is withholding its recommendation until Town Meeting.

ARTICLE 20

To see if the Town will vote to authorize the Board of Water Commissioners to convey, or otherwise grant, an easement, fifty feet in width, for all purposes that public ways may be used in the Town of Norwell, over the Northwesterly portion of the land owned by the Town and being used for the purpose of public water supply, located on the Northerly side of Grove Street, shown on a plan entitled "Plan of Land in Norwell for Development of Water Supply Town of Norwell", dated March 24, 1961, by Loring H. Jacobs, Registered Land Surveyor, to the Edward T. Dwyer Contracting Corporation, the exact terms and conditions of the easement and the location thereof to be established by the Board of Water Commissioners, or act on anything relative thereto.

Requested by the Board of Water Commissioners

The Advisory Board will make its recommendation at Town Meeting.

ARTICLE 21

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$10,000.00 or any other sum, to be added to the Water Department - Land and Rights Account, to be expended under the direction of the Board of Water Commissioners, or act on anything relative thereto.

Requested by the Board of Water Commissioners

The Advisory Board recommends this action. This is a land damage charge awarded by court decree which the Town must pay.

ARTICLE 22

To see if the Town will vote to appropriate the sum of \$14,000.00, or any other sum, for the laying or relaying of water mains, of not less than six inches but less than sixteen inches in diameter, under the direction of the Board of Water Commissioners, in Pine Street in a northerly direction from the termination location of the new water main authorized by Article 65 of the 1967 Annual Town Meeting for a distance of approximately 1800 feet, and to determine whether the same shall be raised by taxation, by transfer from available funds, by borrowing, or by any combination of the foregoing, or take any other action relative thereto.

Requested by 100 Registered Voters

The Advisory Board does not recommend that the Town approve further extensions of our water mains at this meeting. We believe that the Town has already committed itself to several thousand dollars more in the way of water extension expenditures than the suggested \$75,000.00 yearly allocation for normal development of our water services. It would seem unwise to disrupt this water program; furthermore we understand that this Pine Street extension is included in the Water Board's plans for 1968.

ARTICLE 23

To see if the Town will vote to appropriate the sum of \$19,000.00, or any other sum, for the laying and relaying of water mains of not less than six inches but less than sixteen inches in diameter, in Bowker Street from the end of the existing main for a distance of about 3,000 feet and to determine whether the same shall be raised by taxation, by transfer from available funds, by borrowing, or by any combination of the foregoing, or take any other action relative thereto.

Requested by 100 Registered Voters

The Advisory Board does not recommend this action. The street presently is only twelve feet wide. A layout should be prepared of this street before any action is taken relative to the installation of water. This whole matter should be thoroughly discussed with the Water Commissioners and the Highway Commissioner before installation of water mains is considered.

ARTICLE 24

To see if the Town will vote Pursuant to General Laws, Chapter 140, section 167 and 168, it is hereby ordered that all dogs within the limits of the Town of Norwell shall be muzzled or restrained from running at large during the hours of 7:00 A.M. and 6:00 P.M. Owners or keepers of dogs who violate this Order and who, after receipt of notice of the Order, and the notice of the violation, thereof, refuse or neglect for twelve (12) hours thereafter to muzzle or restrain such dogs as so required, shall be punished by a fine of not more than Twenty-Five Dollars (\$25.00).

It is further ordered that the Town Clerk forthwith cause certified copies of this Order to be posted in two or more public places in this town and that the said order be published in two daily newspapers circulated in this Town, and that certified copies of this Order be made

available to the Dog Officer and Police Department, as requested by them for service upon owners or keepers of dogs who violate this Order.

This order shall take effect upon its publication aforesaid, as petitioned by the Dog Officer.

Requested by the Dog Officer

The Advisory Board does not recommend this action. We appreciate the problems confronting our dog officer and are convinced that a dog problem exists. However, we do not believe this article will provide an effective means of coping with this problem.

ARTICLE 25

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$1,000.00, or any other sum, to be added to the Town Treasurer's Bonding Cost Account, or act on anything relative thereto.

Requested by the Town Treasurer

The Advisory Board recommends this appropriation. This fund is necessary to pay the bonding costs for the new fire station which was voted at the March, 1967, annual town meeting.

You are directed to serve this Warrant by posting a copy thereof, attested to by you in writing, at each of five public places in the Town, seven days at least before the time for holding the meeting called for in the Warrant.

Hereof fail not, and make due return of this Warrant with your doings thereon to the Town Clerk of said Town on or before the twenty-second day of May, 1967.

Given under our hands at Norwell this 8th day of May, in the Year of Our Lord, 1967.

RICHARD A. HOUSLEY, CHAIRMAN
CHESTER A. RIMMER
THEODORE R. LOVE

BOARD OF SELECTMEN

Constable

RECORD OF SPECIAL TOWN MEETING

MAY 22, 1967

The Special Town Meeting called by a Warrant under the hands of the Selectmen, opened at 7:35 P.M. on May 22, 1967; with Moderator David Lee Turner in charge, with 205 registered voters in attendance. The total number of voters checked in during the evening was 334.

Non-registered residents were voted to be admitted and were seated in the first row to the left of the Moderator, on the floor of the hall. The Moderator appointed and swore as Tellers: Orville Devine, Harold Cran-ton and Rollin Bailey.

At the request of the Moderator, the Town Clerk read the service of the Warrant by Constable Harland W. Farrar, and it was voted to omit the reading of the Warrant until the articles were taken up for action.

The Moderator announced that Selectman Theodore R. Love was confined to the New England Baptist Hospital with a coronary attack.

ARTICLE 1

It was moved and seconded that the Town appropriate the sum of \$20,000.00 to be used by the Board of Selectmen, to employ, through a single firm, the services of experienced and established educational research consultants, school architects, and municipal planners, to meet with and review the plans, programs and recommendations of the Board of Selectmen, the Planning Board and the School Committee, and any other party at interest if so requested, to study, to advise and to report on the following:

1. Our current and future kindergarten, elementary, and secondary grade needs including curriculum, personnel, capacity requirements, and comprehensive facility development;
2. The projected school population and enrollment for each and all grades, (kindergarten through twelfth grade), for each of the years 1968 through 1980;
3. The needed new school and municipal building space to properly house the Town's projected increases in school population and municipal staff growth for the years 1968 through 1980;
4. A construction timetable for needed new building space as recommended above;
5. Estimated costs for all proposed construction and remodeling for such additional space requirements;
6. Comparative merits of a new free-standing senior high school versus an addition to the existing senior high school;
7. Preliminary plans and cost estimates for the remodeling of the junior high school to its best use as a school within its present capacity and further consideration of its potential for future enlargement;

8. Preliminary plans and cost estimates for administration and civic facilities, such as town offices, library, teen center, and police headquarters, based upon two considerations:
 - a. Use of the present junior high school for municipal purposes,
 - b. Continued use of the junior high school as a school;
9. If the junior high school cannot be remodeled and expanded from an economic and school administrative point of view, consideration of the advisability of building a new junior high school in 1974 instead of building a new senior high school and continuing with an addition to the senior high school;
10. The advisability of having the Town's administrative offices located adjacent to the school complex;
11. The advisability of moving the Town's administrative offices from the historic center of the Town;
12. The advisability of a Town library being located in or adjacent to the school complex;
13. The advisability of a new free-standing library and recommendations as to its most suitable location;
14. A review of the municipal building plans submitted by Whitman and Howard to the March 1967, Annual Town Meeting and recommendations as to its value as a part of the Town's municipal expansion plans; and upon the completion of this study a printed summary report to be prepared by the consultants and distributed by the Board of Selectmen to all registered voters or cause to have a copy left at each dwelling house or apartment at least one month prior to the closing date of any Warrant for a Town Meeting which contains articles, or an article, for consideration of the action to be taken as a result of the study, with a copy of the complete study, advise and report to be made available for public use at the Town Hall, all Town libraries and at all Public School Buildings; that the complete study and report include recommendations as to what course of action the Town should pursue, with sufficient data to substantiate such recommendations; and to meet the appropriation the Town appropriate and transfer from the Engineering Fund, established under Article 26 of the 1967 Annual Town Meeting, the sum of \$5,000.00, and raise and appropriate the sum of \$15,000.00.

An amendment was made as follows: Moved that the Town appropriate the sum of \$20,000.00 to be used by a committee appointed by the Town Moderator to consist of one member from each - the School Committee, the Planning Board, the Permanent Building and Maintenance Committee, the Board of Selectmen and the Advisory Board. This amendment FAILED TO CARRY.

The Main motion was VOTED - 167 for, 102 opposed.

ARTICLE 2

VOTED to indefinitely postpone action on Article 2.

ARTICLE 3

VOTED to indefinitely postpone action on Article 3.

ARTICLE 4

VOTED to indefinitely postpone action on Article 4.

ARTICLE 5

VOTED to indefinitely postpone action on Article 5.

ARTICLE 6

VOTED that the Town raise and appropriate the sum of \$260.00 for use by the Board of Health for the purchase of a new refrigerator-freezer for storing Board of Health vaccine.

ARTICLE 7

VOTED that the Town raise and appropriate the sum of \$480.00 to pay Board of Health bills of prior years.

ARTICLE 8

VOTED that the Town raise and appropriate the sum of \$5,718.30 for the purchase, by the Board of Selectmen, of a sidewalk tread type tractor equipped with a V-blade and a reversible snow plow blade, as recommended by the Highway Surveyor for use by the Highway Department.

ARTICLE 9

A motion made and seconded, but DEFEATED, to raise and appropriate the sum of \$875.00 for the purchase by the Board of Selectmen, of a sidewalk sander, as recommended by the Highway Surveyor for use by the Highway Department.

ARTICLE 10

VOTED that the Town raise and appropriate the sum of \$992.50 for the purchase by the Board of Selectmen, of an Air Compressor and Greasing Equipment as recommended by the Highway Surveyor, for use by the Highway Department.

VOTED to reconsider Article 8. VOTED that the Town raise and appropriate the sum of \$5,718.30 for the purchase, by the Board of Selectmen, of a sidewalk tread type tractor equipped with a V-blade and reversible snow plow blade, as recommended by the Highway Surveyor for use by the Highway Department.

Motion made, seconded but DEFEATED to reconsider Article 9.

ARTICLE 11

VOTED that the Town raise and appropriate the sum of \$2,190.75 for

the purchase by the Board of Selectmen, of a new Handy aggregate spreader, as recommended by the Highway Surveyor for use by the Highway Department.

ARTICLE 12

VOTED that the Town raise and appropriate the sum of \$9,000.00 to be added to the Highway Department Snow Removal & Sanding Account.

ARTICLE 13

VOTED that the Town raise and appropriate the sum of \$10,000.00 to be expended under the direction of the Board of Public Welfare, for the Aid under all categories of Public Welfare or Assistance.

ARTICLE 14

Motion made and seconded that the Town raise and appropriate the sum of \$7,500.00 to be added to the Conservation Fund, under the provisions of General Laws, Chapter 40, Section 5, Clause 51 and Section 8c, as amended.

Amendment made, seconded and VOTED as follows: "That the Town raise and appropriate the sum of \$1,500.00 to be added to the Conservation Fund, under the provisions of General Laws, Chapter 40, Section 5, Clause 51 and Section 8c, as amended."

The main motion, as amended, was VOTED.

ARTICLE 15

VOTED UNANIMOUSLY that the Town authorize and instruct the Board of Selectmen to acquire, by purchase or by a taking by eminent domain, for the purpose of a Fire Station, a portion of the parcel of land located on the Northerly side of Main Street, in Norwell, being contiguous to and Easterly of the parcel upon which the present Town Hall and Central Fire Station are located, more particularly shown on a plan entitled "PLAN OF LAND ON MAIN STREET AND CENTRAL STREET NORWELL", dated March 16, 1967, by Loring H. Jacobs, Registered Land Surveyor, a copy of which is on file in the Town Clerk's office, bounded and described, according to said plan, as follows:

NORTHERLY - by land of the Estate of Nellie L. Sparrell;

EASTERLY - by land of Elizabeth Berry Power;

SOUTHERLY - by land of the Town of Norwell;

WESTERLY - by land of the Town of Norwell;

containing approximately 6,200 square feet, and outlined on said plan in red, and to meet the cost of such acquisition and the expenses in connection therewith, the Town raise and appropriate the sum of \$1,500.00.

ARTICLE 16

VOTED to indefinitely postpone action on Article 16.

ARTICLE 17

VOTED to indefinitely postpone action on Article 17.

ARTICLE 18

VOTED UNANIMOUSLY that the Town authorize the Board of Water Commissioners to acquire, by purchase or by a taking by eminent domain, for the purpose of public water supply, a parcel of land and fifty foot access strip, located on the Northerly side of Mt. Blue Street, in Norwell, said access strip starting at Mt. Blue Street and running to a parcel of land near the top of Judges Hill, more particularly shown on a plan entitled "PLAN OF LAND IN NORWELL FOR DEVELOPMENT OF WATER SUPPLY TOWN OF NORWELL", dated March 22, 1967, by Loring H. Jacobs, Registered Land Surveyor, a copy of which is on file in the Town Clerk's office; the total land area involved being 6.56 acres, according to said plan, and to raise and appropriate therefor, and the expenses in connection therewith, the sum of \$7,500.00

ARTICLE 19

VOTED that the Town authorize the Board of Selectmen to prepare and submit a petition to the General Court requesting authorization for the Town of Norwell to pay the sum of \$1,250.00 as damages for land, taken by the Town for purposes of public water supply, located near the Hingham-Norwell town line, northerly of Grove Street, and formerly owned, in whole or in part by John F. Burns.

ARTICLE 20

VOTED to indefinitely postpone action on Article 20.

ARTICLE 21

VOTED that the Town raise and appropriate the sum of \$10,000.00 to be added to the Water Department - Land and Rights Account, to be expended under the direction of the Board of Water Commissioners for the acquisition of land, land damages awards and the expenses in connection therewith.

ARTICLE 22

Motion made, seconded, but DEFEATED, 33 for, 119 against, that the Town appropriate the sum of \$14,000.00 for the laying and relaying of water mains of not less than six inches but less than sixteen inches in diameter, under the direction of the Board of Water Commissioners, in Pine Street in a northerly direction from the termination location of the new water main authorized by Article 65 of the 1967 Annual Town Meeting for a distance of approximately 1800 feet and that to raise this amount the Treasurer, with the approval of the Board of Selectmen, is authorized to borrow \$14,000.00 under General Laws, Chapter 44, as amended.

ARTICLE 23

VOTED that action on Article 23 (Water mains on Bowker St.) be indefinitely postponed.

ARTICLE 24

VOTED that action on Article 24 be indefinitely postponed.

ARTICLE 25

VOTED that the Town raise and appropriate the sum of \$1,000.00 to be added to the Town Treasurer's Bonding Cost Account.

Motion made and seconded but DEFEATED to reconsider Article 20.

The business of the Warrant having been completed, it was VOTED to adjourn at 6 minutes before 10 P. M.

ATTEST:

Nellie G. Tarr, Town Clerk

ELIZABETH J. POWER
Town Collector

REPORT OF THE TOWN FOREST COMMITTEE

Last year the chairman of this Committee, D. Frank Mederos, resigned and no successor has been elected. The remaining members feel that since Norwell's Town Forest consists of only three small separate parcels of land the Town's best interest could be served by merging the Forest Committee with the Conservation Commission.

The Committee hopes this can be done and that proper steps will be taken to effect this change in the near future.

Respectfully submitted,
Paul C. Rasmussen
John C. Slupski
Wesley H. Osborne, Jr.,
Ex Officio

ELIZABETH J. POWER
Town Treasurer

REPORT OF THE TREE WARDEN, MOTH SUPERINTENDENT, AND SUPERINTENDENT OF PUBLIC GROUNDS

The year of 1967 was dominated by abnormal amounts of rainfall. Since weather conditions to a large extent control the growth of grass and trees, it had a great influence on our activities. This is reflected by more frequent mowings of turf areas, excessive growth of trees and shrubs and control of certain tree-feeding insect species. The larger mowing equipment we now have made it possible to keep your turf areas in a reasonably good condition. Younger trees and new plantings responded well to the increased moisture available. However, older drought-affected trees will continue to decline in vigor. In all probability some of these trees will have to be removed prematurely. This is especially true of sugar maples.

Some five acres of turf complement the new Vinal Elementary School. In general the construction of these grounds was excellent and should develop into a very desirable setting for this school.

Varsity football games continue to be played at the Hanover Regional Vocational School field. We are fortunate to be able to use this field, but it points out our need for athletic fields in the not too distant future.

The dormant spraying of elm trees for the control of Dutch Elm Disease was done by the use of a helicopter this year. This seems to be a satisfactory method to do this work and I believe it helped to keep the number of diseased elms from exceeding 20 cases this year.

Poison ivy control was done on some roadsides and requested areas. Modern chemicals furnish us with a safe and effective method to control this health hazard.

Forty-five roadside trees were planted this year, the largest planting being done on Stetson Road. Tree planting of proper species in appropriate locations will enhance our roadsides now and in the future.

In closing I wish to thank all other Town Departments and especially the Permanent Building Committee for their help and cooperation.

Respectfully submitted,
Wesley H. Osborne, Jr., Tree Warden

REPORT OF THE VETERANS AGENT AND SERVICE OFFICER

Showing an increase of approximately \$1,500.00 over 1966, a total of \$9,097.71 was expended by this department for veterans benefits in 1967. By the same token, the number of veterans receiving benefits rose to 10 in 1967 as compared to 6 in 1966. As the growth of the town increases, so may we expect an increase in benefits to be paid out by this department. Any veteran who is unable to provide the necessary essentials for himself and his family because of illness or unemployment, due to lack of work or labor dispute, may avail himself of these benefits. Dependents of veterans may also apply for these benefits.

As Service Officer this department will aid any veteran or dependent in obtaining information or filing a claim to which they may be entitled. Forms for Veterans Administration claims may be procured from this department.

To Harry Chase, Bette Power and all who have helped, my sincere thanks.

Respectfully submitted,
Dorothy M. Dickson
Veterans Agent

REPORT OF NORWELL VISITING NURSE ASSOCIATION

Board of Selectmen
Norwell, Mass.
Gentlemen:

In the year 1967, the Norwell Visiting Nurse Association continued to provide its usual services for the Town, and will do so in 1968.

The response from our Annual Appeal letter was most generous, so much so that we have purchased a much needed new car for our nurse and will more than double our Nursing Scholarships to be awarded in June. We are also in the process of updating our hospital equipment, which may be borrowed by any resident of the Town, free of charge.

Our two rummage sales in May and November are our major source of income. Without the help of the large number of volunteers who work long and hard, we would be in a sorry state.

The Sparrell Funeral Service continues to be an invaluable help to us by allowing rummage to be left and stored there at any time.

I would like to say a personal thank you to all who have contributed to us in money, time, and goods.

Respectfully submitted,
Katherine R. Fuller
President

REPORT OF THE WASHINGTON STREET CEMETERY COMMITTEE

Board of Selectmen:
Norwell, Massachusetts

Gentlemen:

Your Cemetery Committee wishes to express its thanks to the Park Department for the excellent care given to the Washington Street Cemetery this past year. It is very uplifting to see the well kept grounds.

In the very near future there will be additional lots laid out as the present area is being sold out quite rapidly. If the Townspeople wish to avail themselves of a lot before that time arrives, your Committee will gladly show them the lots available. The prices are as follows:

2 graves	\$ 50.00 plus	\$150.00 perpetual care
3 graves	100.00 plus	200.00 perpetual care
4 graves	150.00 plus	200.00 perpetual care

Further information may be had by calling anyone of the Committee.

Respectfully submitted,
William D. Jacobs
William D. Hills
Wilder A. Gaudette

REPORT OF THE BOARD OF WATER COMMISSIONERS

Board of Selectmen
Norwell, Massachusetts

Gentlemen:

We are pleased to submit the following for the 1967 Annual Town Report:

During the year the Water Commissioners held weekly meetings at their office on South Street. These meetings, which are open to the citizens, were frequently attended by interested people.

At the 1967 March Meeting the Town voted to install water mains in sections of Lincoln, Circuit, Cross and Pine Streets. These installations are completed and are now a working part of the system.

As authorized at a special Town Meeting on May 22, 1967, the Water Commissioners have acquired a parcel of land on top of Judge's Hill and an access strip for a new water storage tank site. Specifications for the new tank are now being prepared.

During the year tests were made at several locations in the Town for new water source areas. A new site North of Bowker Street was found, tested and later approved by the State Department of Public Health for a new water source location.

A new well was installed on the Town owned well site area North of Grove Street. A small building and pumping facilities are needed before it can be connected to the system.

The system has functioned well during the year and the following comparative figures are of interest:

	1964	1965	1966	1967
Water Pumped in gallons	119,000,000	128,000,000	138,070,000	137,030,000
Users (Takers)	1,104	1,255	1,300	1,415

1967 installations:

Services installed by the Town	58
Services installed by Contractors	54
Sprinkler connections	4

The Board thanks other Town Boards and Personnel for their co-operation during the year.

The Board of Water Commissioners meets at eight o'clock in the evening on Thursday at its office on South Street. We invite any interested citizens to our meetings.

Respectfully submitted,
Augustin J. Thibodeau, Chairman
Edward F. Walsh
Jacob Lee Turner
Board of Water Commissioners

REPORT OF THE ZONING BOARD OF APPEALS

Board of Selectmen
Norwell, Mass.

Gentlemen:

In 1967 the Zoning Board of Appeals held seven (7) public hearings on petitions for variance of the Zoning By-Laws of the Town of Norwell.

The following are the hearings held and the results thereof:

Humphrey W. Turner - for permission to place a dwelling on his lot on the north side of Main Street, between the lots of Concetta Feneck and that of Charles S. and Phyllis M. Morgan.
Permission granted with restrictions.

Leona S. Howlett - for permission to add a four foot addition on the westerly side of her garage on Tiffany Road.
Permission granted.

Richard C. & Jean C. Hamilton - for permission to allow the garage and barn (shed) to remain in their present location in spite of their being closer to the southerly lot than is permitted today.
Permission granted.

Norwell Sand & Gravel Co. - for review of the Building Inspector's denial dated June 15, 1967, of an application for a building permit received by the Town on May 4, 1967, for the erection of a barn on land off Wildcat Lane owned by Toiva Jarvinen.
Petition denied.

James & Rosemarie Shortall - for permission to place a house trailer for temporary use on their Common Street property for use during the construction of their residence.
Permission granted with restrictions.

Robert L. Paterson, D.M.D. - for permission to add a carport on the westerly side of his dwelling in order to provide cover for his automobiles after converting his present garage into a waiting room for his office.
Permission granted with restrictions.

Cooperative Realty Trust - for permission to sell a small triangular parcel of land in the southwest portion of a 1.59 acre lot to Auto Engineering South, Inc., for use as a foreign car dealership. The lot itself was purchased two years ago by the Trust, who owns no adjacent land and, in effect, finds that this triangular section falling within a Residential District and lacking both frontage and area for residential purposes is unusable unless it may be incorporated as part of the 1.59 acres.
Permission granted.

Respectfully submitted,
ZONING BOARD OF APPEALS
Stanley H. Richards, Chairman
Earle M. Newton, Secretary
Sanborn Vincent
Henry J. Walter, Associate Member
L. Edward Sibley, Associate Member

REPORT OF THE BOARD OF ASSESSORS

To the Citizens and Taxpayers of Norwell:

During the past year, new home construction, alterations, additions and subdivisions have continued to set a fast pace in our growing municipality, all of which creates a greater work load on the Assessor's office.

Due to this condition, the Board decided to enlarge the map scale so that the plots would be more clearly defined and would assist in our field work and to later locate residences thereon. Our budget for 1969 includes \$1800.00 for further improvement to these maps and for actual field survey work.

In 1968, we improved the office by purchases of a new electric typewriter and (3) desks from funds made available at the previous Town meeting. However, we wish to advise that our office space is not sufficient for further expansion and hope that provision for this need will be provided in the very near future.

The Board wishes to take this opportunity herein to thank you for your cooperation and patience.

Respectfully submitted,
 BOARD OF ASSESSORS
 Francis L. Logue, *Chairman*
 James E. Macaulay
 Richard E. Splaine

REPORT OF THE BOARD OF HEALTH

Board of Selectmen
Norwell, Mass.

Nineteen hundred sixty-eight marked the end of an era with the mandatory retirement of Miss Catherine A. Roe, our school nurse for 45 years. She will be missed by the children in school, but those who avail themselves of the Norwell Visiting Nurse may still see her smiling face.

The School Dental Health Program, started two years ago, has been successful in reducing the incidence of caries. It is this type of preventive medicine that hopefully will reduce medicaid costs.

In accordance with Article 23 of the 1968 Warrant, a Regional Refuse Disposal Planning Committee consisting of Dr. Edward P. Baker, Jr., Mr. Richard M. Karoff and Mr. Douglas Bensusan was appointed. This Committee with its counterparts from Hanover and Hanson has met a number of times and has conducted a survey of all three town dumps under the direction of Camp, Dresser and McKee, Consulting Engineers.

Preliminary data suggests that a regional sanitary landfill operation may be the most practical method of handling the refuse problem on an interim basis, when present methods are no longer adequate. A permanent solution to our increasingly critical dump problem must await the time when construction of some sort of regional incinerator facility is feasible. The Committee remains active and will continue, in the Town's interest, to investigate all approaches to the resolution of this problem.

Respectfully submitted,
BOARD OF HEALTH
Katherine R. Fuller, *Chairman*
John F. O'Halloran, M.D., *Secretary*
Edward P. Baker, Jr., M.D.

REPORT OF THE BOARD OF REGISTRARS

There have been 2 special town meetings, 4 elections, and 2 primaries, plus the annual town meeting during the year 1968. Before each of these, there have been special sessions for the registration of new voters in the Town of Norwell, some as long as 10 consecutive hours — from Noon until 10:00 P.M. There have been a total of 656 new voters registered in 1968.

State Law requires that persons who were residents of Norwell as of May 5th be retained on the voting list, to enable them to vote in the November 5th State Election. These people will be removed from the list immediately after November 5.

During the October 5th long registration session (Prior to the State Election November 5th) 108 persons were registered.

It has been a very active year, politically, with more hours than usual

put in by the Registrars. The Annual Town Meeting and Election are usual, and we almost always have at least one Special Town Meeting during the course of any given year, but this year we had 2 special town meetings and 2 special town elections, together with the state primaries and election.

Respectfully submitted,
 BOARD OF REGISTRARS
 Ruth M. Murray, *Chairman*
 Nellie G. Tarr, *Clerk*
 Paul B. MacDonald
 Martha Whitcher

REPORT OF THE BOARD OF SELECTMEN

The usual amount of time was devoted to the resolution of routine problems during the past year; beyond these it cannot be said that Norwell progressed very far in the solution of some of its pressing problems, with the exception of the completion and beginning use of the new fire station.

We are still faced in 1969 with the resolution of most of last year's problems; namely, a larger or new high school, more adequate housing for our Police Department, more adequate housing for all of our other municipal departments and the most proper use of the present Junior High School.

All of these problems are becoming increasingly pressing and during the coming year must all be resolved under an accelerated timing. Such a program is, of course, going to involve substantial capital expenditures.

Beyond this is the fact that during the past twelve months throughout industry all guide lines have been cast aside in wage negotiations. This fact further poses the problem to Norwell that our operating expenses in all departments are going to increase twofold. One, increased remuneration to maintain our existing personnel. Two, the expansion of personnel needs in all departments to meet the needs of our expanding community. Furthermore, this inflation factor is of importance in the cost of capital investments. Delay must be weighed against rapidly rising costs.

The largest single budget is that of the School Department. Under our State Laws we have control of this budget only through the good judgment of the Members we elect to our School Committee. At the present time this budget is submitted in what is known as a combined budget which gives the School Committee wide latitude in transferring funds from one account to another. In the near future the Townspeople will be given the opportunity to determine whether or not there would be advantages to them in requiring the submission of a segregated budget.

One of the most encouraging aspects of 1968 was the large turnout of citizens at the Special Town Meeting of September 1968 when 861 voters checked in. This was the largest Town Meeting in our history.

There is no question that money and/or taxes are going to be of paramount importance in the next few years. Expenditures must be constantly surveyed in the light of legitimate needs. Economy must be wise but not false. The continued interested participation of all citizens is of the highest priority during the coming years. Without it your Town Boards will be seriously handicapped. With it they can hope to arrive at reasonable solutions.

Respectfully submitted,
 BOARD OF SELECTMEN
 Richard A. Housley, *Chairman*
 Chester A. Rimmer
 John Petze

CAPITAL BUDGET REPORT

The major activity of the Committee for the year was directed toward an analysis and summary of the study presented to the Town by Perry, Dean and Stewart. This study, which analyzed Norwell's school and municipal building requirements for the next twenty years, consisted of two volumes, and offered four alternative solutions to our needs.

In addition, the Planning Board submitted a fifth solution.

The Committee spent many hours reviewing the Perry, Dean and Stewart alternates and the Planning Board alternate. As a result, we prepared and submitted to the Town prior to the June 1 Special Town Meeting a twelve-page summary of all of the alternates indicating the tax rate impact of each. We also prepared and submitted a separate report on the tax rate impact of the major capital articles included in the warrant for the June Special Town Meeting.

Since September, the Committee has been meeting twice each month to obtain data regarding the capital outlay requirements of the Town during the next five years. This information supplements the Perry, Dean and Stewart report. We have interviewed department heads and committee chairmen to obtain from them their estimates of projected capital needs. All of this information will be correlated and a report prepared for submission to Town officials and voters prior to the regular Town Meeting in March of 1969.

 Edgar Horton
 Albert Loring

REPORT OF THE CIVIL DEFENSE AGENCY

We were again fortunate in that no serious emergencies occurred during the past year which required assistance from Civil Defense, so again emphasis was on training for the Auxiliary Police and ambulance drivers. Several new auxiliary police were added to the roster and an excellent training program was carried out under the direction of Officer Richard Joseph of the Police Department. With his help all essentials of Police work were well covered.

The ambulance is now quartered in the new Central Fire Station which means a tremendous improvement in the care of the vehicle and its equipment, as well as the fact that it is in a heated building and is warm inside when suddenly called out. We are greatly indebted to the Fire Engineers for the privilege of sharing these quarters. In accordance with new legislation, the ambulance was inspected by a representative of the State Department of Public Health and met with all requirements and is so certified. A total of 87 runs to hospitals and nursing homes were made during the year, as well as standing by at house fires and other occasions.

Chief Bradeen, Chief Merritt and Officer Baldwin took a Red Cross First Aid Instructors course in Boston and are now qualified to instruct in all phases on first aid. A course has just been completed for members of the Fire and Police Departments who already are, or wish to be, qualified as ambulance drivers, so we are fortunate to have an increasing number available for this emergency work. The practice of having volunteers on stand-by nights and weekends has proved most successful but the problem of locating drivers during the weekdays has not yet been satisfactorily resolved.

Respectfully submitted,
W. Clarke Atwater
Director

REPORT OF THE CONSERVATION COMMISSION

The Norwell Conservation Commission has continued to acquire for the town, parcels of land which will provide open space and recreation areas. We now own several acres of marshland along the river, several acres of low land and fresh water swamp throughout the town, and we have just completed the purchase of about 26 acres off Winter Street and fourteen acres in Wildcat, offered to us for a very reasonable amount by the late Perry Osborn.

This year we have received about twelve acres behind the Washington Street Cemetery from the Barbuto Realty Trust Company. As the town's 21 square miles continues to build up, these gifts and purchases will provide much needed open space. As thirty-five percent of the town is swamp it is of utmost importance that flood plains, which provide for

water storage when needed, prevent flooding and curb pollution, both in our water supplies and in our brooks, should be preserved from development.

During 1968 a major piece of legislation passed by the Massachusetts Legislature, was the Inland-Wetlands Bill, which provides the Dept. of Natural Resources with the authority to protect both public and private property, wildlife, fisheries, water resources, etc. This is G.L. Chapter 131, Section 1. 40A. passed June 26, 1968.

The Coastal Wetlands Act, G.L. Ch. 130, Sec. 105, provides protection for coastal wetlands, and strengthens Norwell's Zoning By-Law, Section VI-B which concerns the Saltmarsh Conservation District. The Department of Natural Resources needs the assistance of all citizens, and asks to be advised of any activity observed which might be detrimental to the town. The fact that the Conservation Commission has received gifts of land unsuitable for building, seems to indicate an increasing awareness and responsibility of the general public that good conservation practices mean land used to benefit everyone.

During the year the Conservation Commission has worked with many Boards in town, and we particularly want to thank the Town Clerk for her assistance in many ways. The Soil Map Study with the interpretations is in her custody and is available for reference. It has already been used several times by firms making studies for various Boards or Committees.

The Conservation Commission meets the first Monday of the month at 8:00 P.M. at the Town Hall Annex. All interested citizens are invited to attend the meetings.

Respectfully submitted,
 Arthur L. Merritt, *Chairman*
 Mildred Hastings
 David Stewart
 Joseph P. Paradis
 Wesley H. Osborne, Jr.
 George H. Whitcher, Jr.
 Katherine E. Cranton, *Secretary*

COUNCIL ON AGING

In accordance with chapter 242 of the acts of 1966, the Norwell Council On Aging respectfully submits the following report of its activities and programs for the year 1968.

Early in 1968 the Council observed the National Senior Citizen week. This was held in the Town Hall Lobby and was well attended.

During the year the Council sponsored a series of bus trips, included an all day trip to Martha's Vineyard. This trip was the most popular of the season. The last event of the year 1968 included a "Christmas Light" tour, followed by refreshments at the Grange Hall, served by the

Norwell Grange. The Council On Aging and the Recreation Commission co-sponsored a fall trip to Westminster.

The programs sponsored by the Council are very popular with the Senior Citizens of the town and create a great deal of pleasure for them. Members of the Council are present at all functions and programs. The programs are reaching more senior citizens than ever before.

Many of our senior citizens have pointed out a growing need for housing for the elderly in the form of apartments. Housing of this type is available in almost all of the surrounding towns. During the coming year the council again plans to explore possibilities for such housing.

We also hope to increase our programs to include those who are confined and are unable to take part in the regular trips and other events.

Respectfully submitted,
Mary Jane Petze, *Chairman*
Gladys Wilder
Dorothy Dickson
Robert MacWilliams
Warner Abbott

REPORT OF DEVELOPMENT AND INDUSTRIAL COMMISSION

During the past year, approximately \$300,000. in valuation of new construction was planned to be built in the business areas along both sides of Washington Street and along Pond Street, and in the industrial zones along Pond Street and on the southwesterly side of the Southeast Expressway. Some of this building has not yet been started, some is under construction while some is completed. When all this work is completed, it is believed that there should be an appreciable increase in our tax base with a minimum undesirable effect on our several town departments.

Respectfully submitted,
Loring H. Jacobs, *Chairman*
Mario G. Cayon, *Clerk*
Frederick C. Truelove
D. Frank Mederos
Richard A. Gaudette

REPORT OF THE DOG OFFICER

Selectmen
Town of Norwell
Norwell, Massachusetts

Gentlemen:

I submit my report as Dog Officer of the Town of Norwell for the year 1968.

Complaints investigated	64
Dogs reported missing	99
Dogs returned to owners	35
Dogs injured or killed on highways	18

Under the General Laws, Chapter 140, Section 136A — License period is between April 1 and the following March 31 both dates inclusive.

Section 137 — The owner or keeper of a licensed dog shall cause it to wear around its neck or body a collar or harness of leather or other suitable material, to which shall be securely attached a tag in a form prescribed by the director and upon which shall appear the license number, the name of the town issuing such license and the year of issue.

This will help in returning your dog if picked up.

Respectfully submitted,
Robert L. Molla, Sr.
Dog Officer

REPORT OF THE EMERGENCY COMMUNICATIONS CENTER

As has been true every year since the Communications Center went into operation ten years ago, the past year showed an increase in activity resulting in increased responsibility for the operators. In 1968 a total of 40,732 calls were logged, divided in various categories as follows:

Police	22,321
Fire	8,342
Town Network	2,227
Miscellaneous	7,842

This does not include the constant monitoring of radios covering the State Police and other towns, nor the responsibility for the increasing number of burglar and fire alarms being installed from stores, industry, schools and nursing homes.

A police teletype is now being installed, which will greatly improve communications with the State Police and adjoining towns who are not on our network on matters that concern this Town.

After ten years of operation the base station radios for the Police and Fire networks are becoming increasingly costly to maintain, as well as being outmoded in design, and we are asking that the Town Meeting approve an Article to replace one of these base stations this year.

We have an excellent staff of operators at the present time, but the ranks are still thin in reserves when illness or vacations arise, or changes in schedules must be made. If anyone is interested in training for this work, we would appreciate having them call the Center at any time to arrange for an interview.

As a Board, we wish to express to the operators our appreciation for

the superb job they do, and we know that we also express to them the appreciation of all the residents of the Town.

EMERGENCY COMMUNICATIONS CENTER BOARD

W. Clarke Atwater, *Chairman*

Kenneth J. Bradeen

Warren P. Merritt

REPORT OF THE FIRE DEPARTMENT

The Board of Fire Engineers submits to the Board of Selectmen and the citizens of the Town of Norwell the report of the Fire Department for 1968.

The following calls for the Fire Department were processed through the Communications Center from January 1, 1968 through December 31, 1968:

Buildings (includes electrical, etc.)	27
Grass and Woods	81
Dump	16
Motor Vehicles	24
Resuscitator Calls	17
Investigations	42
Accidents	6
Lost Persons	2
False Alarms	8
Lock-out	1
Mutual Aid to surrounding Towns	18
Mutual Aid Received	17
Fire Permits Issued	3,657
Misc. Calls (for information, etc.)	4,426
Total	8,342
Increase over 1967	1,868

This has been a rewarding year for the Department with the completion of the new Central Fire Station in Norwell Center. This is one of the finest stations in the area, giving the Department facilities to properly carry on our work, and expansion in the future. We would like to say "thanks" to the Building Committee for the many hours of work put in to make this building a reality.

At the last Annual Town Meeting the position of Full-time Fire Chief was voted and went into effect on April 1st.

A Red Cross First Aid Instructors School in Boston was attended by the Chief, qualifying him to instruct the Department in emergency First Aid.

A course in Fire Science is being attended by the Chief and two members of the Department at Massasoit Community College. Another fifteen weeks of instruction will start on February 3rd.

The equipment requested and voted at the 1968 Annual Town Meeting has been purchased and placed in service on the apparatus.

The partial numbering of streets in the Town has been very helpful to the Department. This project should be continued until the entire Town has been covered.

May we again take this opportunity to thank the residents of Norwell for their cooperation, and to also thank the Communications Center operators for the efficient manner in which they handle Fire Department calls.

Respectfully submitted,
 BOARD OF FIRE ENGINEERS
 Warren P. Merritt, *Chief*
 Loring L. Wadsworth, *Deputy*
 James T. King, *Clerk*
 John J. Winske, Jr.
 Donald H. Newton
 Orville E. Devine

REPORT OF THE HIGHWAY SURVEYOR

To the Citizens of Norwell:

I hereby submit my annual report for the year of 1968, concerning the activities of the Highway Department.

The Highway Department had a very busy Spring, starting with the heavy flood in March. Every precaution was taken to route traffic around the deep water; all roads were kept open, with the exception of Mount Hope Street which washed out. After Town Department meetings it was decided to install an eighteen inch pipe to open the road in the washed-out section. I sincerely hope this emergency measure will last until the Drainage Committee can set up this project through bid, to permanently correct this situation. I had hoped this work would have been started by this time, but it now appears that nothing will be done about it until the Spring of 1969. When completed, this proposed project should take care of Mount Hope Street, as well as the Washington Park area and the Norwell Homes area — some of the most troublesome spots for drainage. However, correcting this situation is still solving only a small part of the Town's drainage problems.

Concerning the water problem, what is said herein is necessarily a repetition of what was said in my 1967 report, but I repeat it again for the benefit of the new home owners. There was occasional flooding of roadways, but many complaints were received from property owners whose homes are in *low-lying land*. The end of the drought raised the water level and the houses built in the *low lands* had considerable trouble, *and will continue to have trouble whenever the water level is high*.

As in 1967, I again say that we are hoping to obtain a Street Sweeper for the Town. This piece of equipment is very much needed, but as yet we

have been unable to have it. We are still using the broom and shovel method to sweep and push up the sand. This is a very slow and costly procedure and also a very unsatisfactory one, because we are able to do only the most urgently needed areas, with a heavy accumulation, corners, etc. I am including a Special Article in the Warrant for the Annual Town Meeting for a new Sweeper to remove the tons of sand put down during the Winter months. This sand should be cleared away before it clogs the catch basins. Without a sweeper, we have been able to remove only a portion of it by hand — a necessarily slow process.

The Chapter 90 work on Main Street was extended past Lincoln Street this year. It included opening up the corner of Lincoln and Main Streets and preparing to install two safety islands in 1969. This year's work was begun by removing and rebuilding a stone wall approximately 2,500 feet long, which is slow hand work. Also, we installed 9 manholes, 21 catch basins, and approximately 2,500 feet of drainage pipe in all sizes, from six-inch perforated pipe to twenty-four inch reinforced concrete pipe; 450 feet of twenty-four inch pipe was installed down through an easement in the Whiting field. As you can see for yourself, this section of the roadway was changed considerably, but the change actually put the road back in the location it was eighty or more years ago. The first two inches of hot mix have been applied to this section of Main Street, starting at the Homestead Farm, and two more courses will have to be applied in 1969. Some clean-up work and seeding still remains to be done in the section near the new church. So — the Town Center is in sight for 1970.

All during the year routine maintenance work was carried out; patching holes in the roads used up 310 tons of material; 125 street signs were replaced and 45 new signs were purchased; drains and waterways were cleaned; concrete posts for guard rails were set; complaints answered and taken care of whenever possible; etc.

As in previous years, I will list a few of the items used this year on all projects, to give you a better idea of the scope of the work done by the Highway Department: 1250 tons salt; 3,288 yds. sand; 4,500 yds. gravel and fill; 1,439 yds. mix-in-place; 3,174 feet of pipe, all sizes; 2,371 tons Type I hot top; 310 tons all-weather patch; 86,140 gallons roadway oil and tar; 303 gallons paint; 2,800 pounds reflector beads; 140 street-sign blanks; 300 yards sign-making materials; 40 snowplow blades; 15 tons calcium chloride.

Also, during this time we prepared for and worked on the Oiling Program, as outlined by the Board of Selectmen and the State Department of Public Works. This project is known as Chapter 81 work.

The Town Resurfacing Program of Mix-in-Place work included Summer Street, Tiffany Road, Prospect Street and Pleasant Street.

Type I work on Grove Street (3,000 feet) and River Street (2,000 feet) was done in 1968; we are asking for funds under a Special Article to continue the work on these roadways. Doing the work at this pace — 2,000 to 3,000 feet per year — would require eight to ten years to com-

plete each of these streets. Therefore, the program must be accelerated. Due to the rising cost of labor and materials, we are forced to request a larger amount of money to do this type of work, as well as our maintenance work. The costs have increased faster than the appropriations, so we are finding it difficult to keep abreast of the heavy traffic demands, etc.

In the middle of Winter our most important and pressing problems are snow clearance and sanding roadway ice spots. Taking care of these hazards is very expensive. To make the roads safer in Winter, we have employed the use of more chemicals. An earnest effort is made by the Highway Department to have the roads in readiness for any emergency which may arise and for the speed and safety that motorists now expect. Sometimes this requires long hours of our labor crew. This year we are again asking for more equipment to keep up with the demands of our growing town.

In 1967, and again in 1968, the Town accepted almost a mile of extra roadway. At the present time there are five developments in various stages of construction. It appears, judging by what is in the planning stages, that there will be no lessening in the rate of construction for the year 1969. From this fact, you can readily see that the Highway Department cannot possibly accomplish all the necessary work relegated to it without the addition of more equipment.

The sidewalk on High Street is a project which is still not settled. However, when the Highway Department receives the "O.K." from the Selectmen, I am sure this project can be finished very quickly. This sidewalk will increase the safety of the children on High Street, who walk to the Cole School; it will also take care of some of the drainage problem in this area, such as water coursing down the street, etc.

I feel it is my duty to call to your attention two other problems which are costing the Town considerable money and inconvenience, namely, the dumping of rubbish on the highways and the vandalism of street signs. Strewing beer and other types of cans, garbage and various kinds of litter, including broken bottles, on the Town roads is creating a major hazard for the vehicular traffic, especially for cars pulling over to the side of the road for an emergency stop. This is a messy situation and it is practically impossible for the Highway Department to clear away all this discarded debris before the morning traffic starts to roll.

In reference to the sign vandalism problem, the Town has suffered much from the effacing, removal and destruction of road signs, such as street-name signs, "Stop", directional and warning signs. The cost of replacing these signs in 1968 has soared to \$700.00. Even though we make our own signs, the blanks, reflectorized tape and labor have to be paid for. What could be even more costly, is the undue delay of emergency vehicles, doctors and out-of-town people, who are unable to find certain locations because of the missing signs.

In the coming year, I hope that this department will be able to replace all missing or damaged signs, but it is nearly impossible to furnish signs

for all the new developments and also replace vandalized signs, frequently two or three times at the same location. A sincere effort is constantly made to do as much as possible with the money and labor available to this department. It would help to a great extent, if every taxpayer tried to restrict children from interfering with the road signs, and tolerated no discarding of rubbish out of their car windows.

I wish to express my sincere thanks for the cooperation of all Town Officers, Town Committees and Departments, the citizens of Norwell, and the utilities companies, with whom I have had the pleasure of working this year.

I would also like to say that we are most grateful for the assistance of the Department of Public Works at the Middleboro District Office. Without their help and cooperation, such projects as — Chapter 81 maintenance on all Norwell roads, Chapter 90 reconstruction of Main Street (Route 123), and painting of lines on Main Street (Route 123) and Pond Street (Route 228), would not have been possible.

Sincerely,
E. Arnold Joseph
Highway Surveyor

REPORT OF INSPECTOR OF ANIMALS

Board of Selectmen
Norwell, Massachusetts

Gentlemen:

As Inspector of Animals for the Town of Norwell, I have completed my duties for 1968 and report as follows:

Inspected barns and reported same to the State.

Reported to the Division of Livestock Disease Control the census of animals in the Town of Norwell.

Quarantined and released approximately thirty-seven dogs.

Respectfully submitted,
Richard E. Cugnasca, D.V.M.
Inspector of Animals

REPORT OF THE BUILDING INSPECTOR

Board of Selectmen
Norwell, Massachusetts

Gentlemen:

The year 1968 showed a slight decrease in the number of building permits issued; there were nine less new homes built than in 1967. An interesting note is that there were 17 permits issued for swimming pools.

The new fire station is completed and in operation, a handsome structure and a definite asset to our Town. The new Congregational Fellow-

ship Hall is also completed and services are being conducted regularly. This is an attractive and worthy addition to Norwell.

I would like to say the contractors I have worked with during the past year have been most cooperative and it has been a pleasure carrying out my duties with them.

Building permits issued and inspections made in 1968 are summarized as follows:

RESIDENTIAL

New Dwellings	74
Additions — Alterations	37
Garages	7
Barns, Sheds, Etc.	5
Swimming Pools	17

COMMERCIAL

Non-Residential Buildings	3
Additions — Non-Residential	6
Gas and Service Stations	4
Garages — Non-Residential	1

OTHER

Construction Trailers	2
Buildings Moved	4
Buildings Demolished	6
Replacement Permits — Previous Years	4

170

The assistance of the town boards and committees, and especially that of Mrs. Mildred Sundwall and Mr. Harry Chase is gratefully appreciated.

Respectfully submitted,
Charles E. White, *Building Inspector*
Richard C. Wiley, *Alternate Inspector*

REPORT OF THE GAS INSPECTOR

During the calendar year of 1968 ninety applications for installation of gas appliances were received. Inspections of these installations were made by Gas Inspector George A. Beach and Alternate Inspectors Warren P. Merritt and James F. Macdonald, Jr.

Respectfully submitted,
George A. Beach
Inspector of Gas Piping
and Gas Appliances

REPORT OF THE INSPECTOR OF WIRES

Two hundred and sixty-five permits were issued for electrical installations during the calendar year of 1968 and inspections were made by Wire Inspector Raymond A. Hansen and Alternate Wire Inspector J. Lee Turner.

Permit fees received amounted to \$2,488.00, which, in turn, were paid to the inspectors for their services.

The cooperation of the contractors and homeowners was greatly appreciated.

Respectfully submitted,
Raymond A. Hansen
Inspector of Wires

REPORT OF THE JAMES LIBRARY

During 1968 the James Library continued to try to improve and expand the service it has provided to the readers of Norwell for over 60 years.

The most important step forward that was taken in the past year was the addition of extra library hours. Thanks to the 1968 Annual Town Meeting's increased appropriation, the Library is now open five afternoons a week from 2 to 5, as well as the previous two evenings and Saturday morning.

The number of registered reader families increased during the year to 1,038, an increase of 107 over 1967. The adult section lent 12,403 volumes and the juvenile section 8,539, for a total of 20,942. The books in circulation are added to each month, with the purchase of 355 titles during the year. In order to keep the collection up to date, the books are constantly being checked for timeliness, with the result that 248 outdated or outworn books were discarded in 1968.

As an added service to our borrowers, a rotating book deposit from the Regional Service of the Commonwealth of Massachusetts will begin soon.

This report would not be complete without our public acknowledgment of a debt of gratitude to our two regular librarians, Mrs. Helen Roubound and Mrs. Constance Sayrs, and our two part-time librarians, Mrs. Darlene Beauvais and Mrs. Jean Cleary, without whose knowledge and devotion the James Library could not function.

Respectfully submitted,
Trustees of the James Library

REPORT OF METROPOLITAN AREA PLANNING COUNCIL REPRESENTATIVE

The Metropolitan Area Planning Council continues to grow. During the past year seven more towns, Essex, Holliston, Littleton, Medway, Milford, Southboro and Wrentham were elected to council membership bringing a total of 99 towns and cities of eastern Massachusetts in this organization.

Four meetings of the council were held during the year. At the May meeting convened in Wakefield, Mass., Mr. Franklin Flaschner of Newton was elected president succeeding Reverend W. Seavey Joyce, S.J., who had served with distinction in that capacity since the inception of the organization. He has assumed new duties as president of Boston College.

The Open Space and Recreation Plan and Program which has been in preparation for several years was virtually completed during the year. The report was issued in five volumes and is a comprehensive and detailed plan for the preservation and development of the principal rivers of the area, Boston Harbor and its islands, various beaches and open spaces, as recreational areas for the benefit of a growing population. The undersigned served on the Technical Advisory Committee on Open Space and Recreation.

Other reports produced during the year include, "Guides for Progress", "Development Opportunities for Metropolitan Boston", and two volumes of "Federal and State Assisted Housing Programs".

Projected work programs for the ensuing year include Phase III of the Sewer and Water Plan and Program; Education, Health and Manpower Training; Housing Studies and Research; Economic Development; Transportation (Arterial Streets); and Metropolitan Aids to Government (Community Assistance). The latter includes such subjects as solid waste disposal, housing, open space and recreation and transportation.

R. M. Savage

REPORT OF THE PERMANENT BUILDING AND MAINTENANCE COMMITTEE

Early Fall the new Central Fire Station was completed and an open house was held to allow the citizens of Norwell to tour the new facility.

The Committee has engaged Architects to develop preliminary plans and cost estimates for a new free standing high school and an addition to the present Senior High School for comparative purposes.

The cooperative efforts of the Site Committee and School Committee will enable us to formulate sufficient data which will be presented to the Town

at a special meeting early this Spring to decide the proper course of action to follow.

 Duncan Banks

REPORT OF THE PERMANENT DRAINAGE COMMITTEE

The effects of growth, the increase in population, and conversion of Norwell from a rural community to a suburban town require an increase in every area of town government and service. As the work load and demands increase, expansion and growth must correspondingly occur in those facilities that service the town. As more and more land is developed and changed from its natural state to residential and commercial use the requirements for facilities to handle storm runoff increase not only at the developed site, but along the entire course of flow until it leaves Norwell.

In the past it was possible for the personnel of this Committee to design small systems and have the town highway force handle the installation. However, increased demands on the highway force mean less and less time available for drainage work, while the need is on the increase. Obviously, the only alternative was to use private contractors for installation. In order to protect the interests of the Town, it would be necessary to initiate contracts, have precise specifications, detailed plans and a multitude of technical addenda contingent with this type of action.

The scope of work requires an engineering firm familiar with small town procedures, large enough to cope with the work load, yet small enough that key personnel are familiar with our problems and available for discussion and action. After an extensive investigation of several engineering firms in this category this Committee entered into a contract with Weston & Sampson of Boston. Preliminary estimates were prepared for projects in the Washington Park, Norwell Homes and Mt. Hope St. areas. Articles were submitted in the Town Warrant based on these estimates and were voted.

The three areas were combined into a single project for economic reasons and a definitive design made. Considerable time was spent reviewing and revising the necessary documents and this Committee would like to acknowledge the close cooperation and valuable assistance of David Turner, Town Counsel. The project was advertised and bids were received from eight contracting firms. The economic responsibility and work reputation of the low bidder were investigated and in December the contract was awarded to the low bidder, John G. Walsh Contracting Co., Inc. of Attleboro. The Committee is looking forward to the construction phase and the rapid completion of the project.

During the past year eight proposed subdivisions were submitted to the Committee for review and recommendations of storm drainage systems. Several are still in the process of revision by the development engineers.

The Committee wishes to express its thanks to the other town officials, boards and personnel for their cooperation during the past year.

Donald E. Schwinn, *Chairman*

 William C. Bennett

REPORT OF THE PLANNING BOARD

To the Citizens of Norwell:

SUB-DIVISION CONTROL

The primary responsibility of this Board is to satisfy the requirements of the Massachusetts Sub-Division Control Law. Six sub-division plans reached the stage of final approval during 1968, totaling 72 lots. One of these was the Accord Park industrial site, where the number of lots will be determined by the size of the parcels the individual businesses require. The Board also processed 42 plans for house lots on established Town ways. These accounted for 130 lots. Therefore, a total of 202 number of house lots were planned during the year.

ZONING BY LAW CHANGES

Three By Law changes were passed at the June 1968 special Town meeting. These included an article which eliminated the so called "Pork Chop" lot. All house lots now require similar frontage on the street even if there is no excess acreage.

GENERAL

The Planning Board twice had occasion to use outside engineering services in order to protect the interests of the Town in the design of subdivisions. Funds for this use were first appropriated last year. Considerable attention is continually paid to be sure ways in sub-divisions are constructed according to the Planning Board's Rules and Regulations. E. Arnold Joseph, Highway Surveyor, is the Planning Boards Works Supervisor and helps assure proper performance by the sub-dividers. All sub-division plans are reviewed with consideration for future traffic flow patterns, and reservations for future roads are often required by the Board. During 1969, the Board plans to continue its progress toward a Master Plan, update its Rules and Regulations, and review the Zoning By Laws for other revisions.

ORGANIZATION

The Planning Board generally met the 1st, 3rd, and 5th Thursday of

each month at 8:00 P.M. in the second floor of the Town Hall Annex on Central Street. In the Fall meeting nights were changed to Monday, which has proved more convenient because many other Boards also meet on that night. The Board also often met informally in alternate weeks to discuss general problems and long range planning.

Respectfully submitted,
 Gilbert A. Cummings, *Chairman*
 Robert R. Reed, *Vice-Chairman*
 Richard K. McMullan
 Philip Joseph, *Clerk*
 Roy Richardson

REPORT OF THE POLICE DEPARTMENT

Board of Selectmen
 Town of Norwell

Gentlemen:

Thank you for your continued support and confidence throughout the past year.

We have had many frustrations and through necessity have had to re-evaluate our position to place more emphasis on social problems than ever before.

Basically our young people are serious minded and law abiding. Our juvenile problems are encouragingly low. We have however, experienced an increase in the use of drugs. Our investigations show this is primarily of an experimental nature. We are deeply indebted to Sgt. William Harvey of the State Police Narcotics Bureau for his invaluable assistance. Also the Norwell School Administrators and local Clergy have been extremely cooperative.

Unfortunately, as reflected in our budget for 1969, there is no such thing as 'Bargain Basement' law enforcement. We are in desperate need of new quarters and additional manpower. It is essential that we keep our salary structure in balance. The additional man requested will enable us to expand our patrol in an attempt to combat the rash of house breaks that have plagued Norwell and the entire South Shore area.

Below is a partial list of our activities for 1968:

Total calls received — 22,321			
Breaking and Entry	52	Arrests	348
Larceny	135	Court Complaints	450
Prowlers	36	Accidental Deaths	2
Auto Accidents	128	Cruiser Ambulance	123
M.V. Violations	539	Emergency Messages	72
Mutual Aid	77	Domestic Trouble	46
Vandalism	103	Summons Served	286

Respectfully submitted,
 Kenneth J. Bradeen, *Chief*

REPORT OF THE RECREATION COMMISSION

Board of Selectmen
Norwell, Massachusetts

Gentlemen:

This report of the Recreation Commission is basically the same as our previous report.

Our 6 week Summer Program has the usual fine attendance from the youngsters and those participating seemed to enjoy the programs.

The Commission reviews the program each year and we recognize the good, and the bad, features each year.

It is rumored that each department in our town feels it is the most important. Your Recreation Commission is no different. We want to do more—for our youngsters, for our young adults, for our Senior Citizens, for you.

Our plans are simple, to provide opportunities, facilities and qualified leadership.

To provide qualified leaders means money.

It is becoming more and more difficult to compete for qualified leadership with the inadequate salaries that we offer. To provide facilities requires money.

We do have a Teen Center Group but the name is a misnomer because we do not have a "Center".

Money means taxes, and we do not have the answers.

We will resubmit our Swimming Pool Article again this year for your reconsideration.

We will also request money for a "Center", which will also have facilities for storage of equipment which is still scattered all over town.

Mrs. Ruth Marsh was unable to continue as a member of the Commission and submitted her resignation. We wish to thank her for her many contributions to our programs.

Mr. Robert Blake of Main Street was appointed by the Selectmen to replace Mrs. Marsh and we welcome him to the Board.

Respectfully submitted,
Robert G. MacWilliams, *Chairman*
Robert Blake
James King
Mary Knapp
Austin Reynolds, Jr.

REPORT OF THE SCHOOL COMMITTEE

To the Citizens of Norwell:

The loss of John Bond early in the year was felt very deeply by the members of the School Committee, for we lost not only a friend but an able and dedicated Committeeman. He exemplified what a School Committee member should be. He combined a no-nonsense business-like approach with warmth, understanding and humor. Strong in his convictions, he was also always willing to listen to the opinions of others. Though his own children were grown and out of the system, he had a deep concern for the youth of Norwell and the importance of their education. He gave unstintingly of his time and energy to help bring excellence to the Norwell School System. In tribute to these qualities the Committee, unofficially, set up a John Bond Memorial Fund, the proceeds of which will be given as an annual award to a graduating student.

Excellence in education is of course the goal of all School Committee members. We feel that this year we have made progress in that direction. Growth is perhaps a characteristic word for this year, not only growth in numbers, but in depth and breadth. With the addition of kindergartens we have brought an earlier and better start in the process of education to two-hundred youngsters. We have seen a growth in depth in our reading program, with tentative plans for further development next year. We have seen a broadening of scope with the introduction of Creative Writing and Russian in the high school. Though experimental, these courses will be incorporated in the regular program if year-end review shows them to have been successful. We have experienced further expansion of our library and audio-visual facilities. We have added to the Guidance Department in order to broaden its scope as well as to service the increasing number of students.

This growth in numbers, far beyond earlier projections, brings us to the pressing problem of housing. Stop-gap measures have been taken, but we are fast running out of stop-gaps and the pressure is being felt on all levels. More space is imperative! As a result of hours of study, the Committee made known its feeling that the building of a new high school and shifting of other classes would best solve the problem at all levels. Others felt that an addition to the existing building would be preferable. The question has not yet been settled. It is hoped that whatever the decision, it be made soon as the problem is reaching emergency proportions.

Another problem which is ever present is that of the communication gap. Steps have been made to close that gap both within the system and between system and town. A series of meetings led by Dr. Stuart Marshall of Boston University, an expert in the field of Education and Group Dynamics, was attended by Administrators, Principals, Coordinators, and Committee Members. The object was to bring us closer together, to sensitize us to one another as individuals. The understanding of each others problems derived from this experience should make it easier to work together toward our common goal — the education of Norwell's children.

The Committee had two plans to better communication between school and town. The first was the so-called "Ombudsman" program. It was announced that a member of the staff and a member of the School Committee would be available in the Superintendent's office on Wednesday nights to answer questions or listen to suggestions. The response from the town was disappointing, but it is hoped that with more publicity the program may be beneficial. The second program, a "Bulletin" was never undertaken due to lack of time. It is hoped that next year, with the possibility of less time required for collective bargaining, a bulletin will be forthcoming.

In addition to collective bargaining and regular twice-monthly meetings, Committee members attended numerous area and state-wide School Committee Conferences, meetings on libraries, drugs, etc., and seminars at Boston University, and visited several other school systems. In this way the Committee attempted to educate itself in order to grow along with the system.

1968 saw progress and growth, but we cannot stop here. The process must continue if we are to provide the education our youngsters will need to make their way through the years ahead.

Respectfully submitted,
Ann D. Burrows, *Chairman*

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee:

The theme of change developed in last year's report not only continues to assert itself, but is becoming more pronounced. Change — not for its own sake — is becoming a distinctive characteristic of the Norwell Public Schools, and it is our fervent hope that our total educational program will reflect the best in modern educational trends.

Personnel

Quantitatively, the change referred to is glaringly obvious: the 1964 *Annual Report* listed a total school enrollment of 1,690 students and a professional staff of 92. As of October 1968, Norwell had 2260 students, a 35 percent increase, with a staff of 139, a 51 percent increase. And the end is not yet in sight.

Of more significance than numbers, however, are the qualitative changes which have been taking place. In 1964 fifteen professional staff members, or 16 percent of the staff, had graduate degrees. This year forty-nine teachers, or 35 percent have graduate degrees, with a number of others working toward advanced degrees. One of our Coordinators, Mr. Stephan-sky, has been granted a half year's leave of absence to pursue advanced studies in social studies at Boston University. Two other staff members have similar requests pending.

It need hardly be pointed out that degrees do not insure quality teaching — we have many non-graduate degree teachers in Norwell who could compete successfully with any teacher in the State — nonetheless, for a system desirous of improving and updating its program, knowledge in depth is essential. There are teachers in this system whose knowledge, coupled with the experience we have, places us in an excellent position to begin developing new and improving old programs. As a consequence Curriculum Development Committees have been organized to begin actual formulation of curricula in all areas.

Curriculum Development

Mr. Di Sabatino, the Science Coordinator, is continuing for another year the I.P.S. science program he introduced last year in the High School, and the Earth Science program in the Junior High has proved thus far highly successful under the able direction of Mr. George Lessard, who spent another summer at the University of Houston taking advanced courses in this area.

Mrs. Paradise has been investigating the Nuffield Mathematics Project from England for elementary grades. Though relatively unknown in this country, it is considered by many mathematics experts as one of the finest inductive approaches yet developed. Whether or not this office will request the School Committee for permission to try this program in our elementary schools will depend on the final decision of Mrs. Paradise and her committee.

The Fenton Program, introduced by Mr. Stephansky and his department a few years ago, has proved most effective and will continue as part of the social studies program. The department is also looking into another inductive approach created by Harvard and working on units on the history of black people to be integrated into our present Social Studies Program. Miss Nancy Glidden, a former Peace Corps Worker, in Uganda, Africa, will be responsible for supplying data on the origins and historical background of black Americans.

Our Foreign Language Department, which consists of French, German, and Latin, has begun broadening its horizons: Miss Cashman is introducing her Latin classes to spoken Latin; Mrs. Brockman is making partial use of a French series, Mauger, published and used in France, and Mr. Sezak, our German teacher, is introducing conversational Russian to some of our High School students. Should the experiment prove successful, we shall ask the School Committee to permit us to introduce Russian as a credit course next year.

A creative writing course, conducted by Miss Paula Alexander, was introduced by the English Department this year in an attempt to harness and nurture the abundance of creative talent in our High School. The response has been gratifying and augers well for the future. Mr. Ryan, the new Coordinator, is reviewing our present program with his teachers.

Mrs. Craig, the Reading Supervisor, in conjunction with first grade and physical education teachers, has developed an excellent and highly ef-

fective program for perceptually handicapped children. Parents whose children are involved in the program have been periodically briefed by Mrs. Craig as to their children's progress. We can be justly proud of her and our teachers' efforts in this area. In order to avail ourselves of possible State assistance, Mrs. Craig has developed a system-wide program for perceptually handicapped children. Should this program be approved by the Department of Education, Norwell will be entitled to fifty percent reimbursement for materials and salaries.

Of all the changes which have taken place these past several years, none will have the long-term consequences or impact of our new kindergartens — four in number, with a total enrollment of over 200. Should these classes prove as effective as we hope, much in our present elementary curriculum and methods of teaching will have to be updated, accelerated, and/or altered. There is little doubt in my mind that aspects of our kindergarten program will contribute appreciably to the present investigation being conducted into early childhood education and that some pioneer work on this level is being done in our public schools that has rarely, if ever, been done in this country. For example, our Montessori type kindergarten is but one of two in the entire country. The effects of this program alone could have truly far-reaching consequences.

Utilization of Facilities

To accommodate the increasing number of students in our schools, the following alterations were made this past summer:

1. The old gymnasium in the Cole School was remodeled to house and serve two kindergartens.
2. The health room in the High School was divided into two sections, one of which is now a remedial reading room, the other an infirmary.
3. What was formerly the teachers' room is now a Latin classroom.
4. The shop adjacent to the wood-working shop, and once a storage area, has been made into an office area for our Curriculum Coordinators and a teachers' room.
5. What was euphemistically known as a teachers' room in the Junior High is now a remedial reading classroom.

Needless to say, until some resolution of what the Town plans to do about school construction is forthcoming, we shall have to continue trying to find space for our children. In terms of next year, for example, we shall have to move the High School shop over into the Junior High and run both programs from that shop. The High School shop will be divided into two classrooms and with the present Coordinators' office — they'll have to be housed somewhere else — we shall be able to provide three more "classrooms" from the increased enrollment. The following year, we shall have to suspend our hot lunch program and make three more classrooms of the cafeteria and/or purchase portable classrooms.

As you are already aware, it is my hope that the town's people will vote to construct a new high school. This possible solution is based on the conviction that such a vote would be both educationally and economically in the Town's best interest. If such an eventuality should materialize, we could then make the present High School a Junior High and remodel the present Junior High to serve as an elementary school, possibly a grade five and six facility. Such utilization of this building would alleviate for several more years the crowded conditions presently confronting us in our elementary schools and put off any major construction for some time.

The continued influx of new families and the proposed new housing developments are not going to lessen the community's problem. The facts are only too obvious: with each new family moving in, we have more children, who, in turn, require more space.

Building Program

With the appointment of The Architects Collaborative to draw up comparative plans for an addition or free-standing high school, a major step has been taken toward a successful resolution of the school housing problem. Alternate sites have been selected, the architects are working on plans, and this office is working in close harmony with all concerned to provide our citizens with as detailed and reasonable a presentation as possible for the next Town Meeting.

The significance of their vote cannot be underestimated. It will literally determine the course of Norwell's educational program for decades to come.

Negotiations

We are entering for the third consecutive year into negotiations with the Educational Association of Norwell. The optimism with which I concluded my last report to the Committee regarding this question has not diminished. It is becoming obvious that as more and more of our teachers become actively involved in their Association, issues other than time and money are becoming more prominent.

Conclusion

The single most encouraging fact of which we can be justly proud is the exceptionally high caliber of many of our teachers. The new teachers who have come to Norwell these past several years and joined forces with some of the talented "veterans" are developing into a staff which can make Norwell the equal of any system on the South Shore and one day the State. This is no idle boast. They are talented, dynamic, committed, and love teaching — all the ingredients for which any administrator dreams.

That we have weaknesses and gaps goes without saying. These we shall have to rectify. The important thing is that we have the potential. We must do everything humanly possible to keep those teachers we want in

Norwell and provide them with the kind of environment which will make their task a rewarding and fulfilling experience. No other profession will ever exert as much influence on our children as our teachers. It is imperative that we provide our community with the kind of teachers who will assist us and our children in becoming truly human, who will help actualize all the potential of which they are capable. When all is said and done, there is nothing of greater importance in life. It is a most worthy commitment.

I cannot conclude this year's report without extending my sincere appreciation to other Town agencies for their assistance and cooperation. Mr. Harry Chase, our Town Manager, has been especially helpful to this office and its personnel.

Respectfully submitted,
Richard C. Hamilton

REPORT OF SCHOOL PHYSICIAN

Mr. Richard C. Hamilton
 Superintendent of Schools
 Norwell, Mass.

Dear Mr. Hamilton:

Please accept my annual report as School Physician for 1968 as follows:

With the help of the nurses and physical education teachers we are still able to complete examinations for all high school students. This enables us to screen any disabilities for the competitive sport teams as well as the several intramural programs. There is practically 100% participation.

Physical examinations are also done in the eighth and fourth grades, and supplemented in the first grade and kindergarten when a record has not been initiated by the family doctor.

Immunizations have proven both more effective and complete.

The law now requires all immunizations and this has been quite effective with the aid of Board of Health clinics.

A new safe and effective mumps vaccine should be available shortly through the Board of Health for the Junior High School.

Sanitation of all the buildings and grounds appears to be quite adequate.

I approve the efforts for a Drug Abuse Education Program and urge that this be given high priority.

The athletic teams are still doing remarkably well on poor antiquated and borrowed playing fields.

As our school population grows I appreciate the continued enthusiasm and emphasis on "health".

My thanks to all who help.

Sincerely,
Raymond G. Vinal, M.D.

SOUTH SHORE REGIONAL SCHOOL DISTRICT TREASURER'S REPORT 1968

In accordance with Section XII of the South Shore Regional School District Agreement effective January 6, 1960, I submit herewith details of the 1968 financial transactions of the School District.

Details are presented with respect to the 1968 estimated expenditures; apportionment of estimated expenditures to member towns, actual cash receipts and disbursements, balance sheet and statement of outstanding debt as of December 31, 1968.

Total operating costs for the year were \$387,977.07 which involved salaries and wages of \$268,311.46 and other expenses of \$119,665.61 details of which are shown in the cash expenditures schedule. Available Federal Funds of \$87,443.00 reduced local expenditures for operating costs to \$300,534.07.

Capital Outlay costs for the year were \$198,960.85 involving cost of new equipment in the amount of \$19,760.85 and bond principal and interest payments totalling \$179,200.00 as shown in the expenditures schedule.

Expenditures under Manpower Development and Training Act PL 87-415 totalling \$15,317.97 involved two areas of training; Precision Sheet Metal and Radio Television Repairman. Two courses of instruction were in operation during the year, which were 100% financed by the Federal Government.

Expenditures under PL 88-210 for new equipment in the amount of \$3,476.70 were made from 50% grants provided by the Federal Government.

Expenditures under PL 88-210 for Occupational Preparatory Program in the amount of \$3,429.90 were shared equally \$1,714.95 by the Federal Government and \$1,714.95 by the local School District. This program involves part-time vocational training for students in the various high schools of the towns in the school district who attend their own school for morning sessions and are transported to our vocational school for afternoon sessions four days each week.

Expenditures under PL 88-210 for Remedial Reading and Math courses involves a project conducted during the summer months the total cost of which was \$1,607.20. Last year this program was 100% financed by the Federal Government but due to a change in policy, the costs for this year's program was fully paid by the local school district.

Expenditures under PL 88-210 Work Study Programs of \$4,329.00 were shared 25% by the local school district in the amount of \$1,082.25 and 75% by the Federal Government in the amount of \$3,246.75. The balance remaining in this fund of \$953.25 was returned to the State Department of Education. This program involved a supervised work program available to needy students who were paid at the rate of \$1.50 per hour for building and ground maintenance duties.

Expenditures under Smith Hughes-George Barden Fund in the amount of \$4,300.30 involved Work Study supervision \$180.00; installation of a new air compressor system \$3,941.55; and new bus equipment of \$178.75.

Various additional expenditures under self-explanatory titles were made per details set forth in expenditure schedule.

Surplus Revenue was determined to be \$106,135.35 as of December 31, 1968 and was derived from the following sources:

Balance January 1, 1968		\$102,694.00
Additions:		
Federal Grants used to pay		
1968 Operating Costs		
George Barden Funds	\$ 87,443.00	
Transfer of Reserve for Buses	31,735.88	
Unexpended appropriation balances		
of 1968 Operating Costs	5,100.93	124,279.81
Total		\$226,973.81
Deductions:		
Overestimates of 1968 District Receipts	\$ 15,423.46	
Restoration to George Barden Federal		
Account of prior year (1967) Receipts	5,415.00	
1967 Surplus Revenue used to reduce		
1968 Operating Expenses	100,000.00	120,838.46
Balance, December 31, 1968		\$106,135.35

A \$46,000.00 portion of 1968 Surplus Revenue has been voted by the District Committee to be used to reduce the 1969 Operating Cost Assessment to member towns resulting in a remaining balance of \$60,135.35.

An amount of Surplus Revenue equivalent to three months expenditures is necessary to enable payment of School District expenditures between January 1 and April 1 of each year inasmuch as the annual assessment revenue received by the School District from member towns is payable in quarterly installments on the first day of April, June, August and December of each year.

Respectfully submitted,
John A. Ashton, *Treasurer*

REPORT OF THE SEALER OF WEIGHTS AND MEASURES

To the Board of Selectmen
Norwell, Massachusetts

Gentlemen:

Weighing and measuring laws have been strictly enforced throughout the year.

Inspections have been made on all scales, oil trucks, gas pumps and any other measuring devices.

The buying public should at all times observe weighing and measuring devices while purchasing and report any violations to me.

Following is an account of work performed by me and an account of fees collected:

Weighing and Measuring Devices Sealed	64
Weighing and Measuring Devices Adjusted	1
Sealing Fees Returned to Town Treasurer	105.05
Reweighing	
Total Tested	384
Total Correct	338
Total Incorrect	9
Total Overweight	37

Reweighing of food put up for sale and retesting of gas pumps and oil trucks has been made on many occasions.

Respectfully submitted,
John D. Dickman
Sealer of Weights and Measures

REPORT OF THE SOUTH SHORE MOSQUITO CONTROL PROJECT

To the Citizens within the Project's control:

Submitted herewith is the report of the South Shore Mosquito Control Project's activities for the year November 1, 1967 to October 31, 1968.

The Project is a year round cooperative effort embracing the City of Quincy and the Towns of Braintree, Cohasset, Duxbury, Hingham, Hull, Marshfield, Norwell, Scituate and Weymouth, covering a total area of 172.21 square miles serving a population in excess of 223,000.

The Project is authorized and acts under provisions of Massachusetts General Laws, Chapter 252, Section 59, mosquito control provisions, and Chapter 112, Acts of 1931, pertaining to ditch maintenance of the salt marshes.

The Project continued to base its program on a three-phase mosquito reduction operation: Mosquito Source Reduction, Mosquito Larval Reduction and Mosquito Adult Reduction, giving priority in this order.

1. Source Reduction — By properly placed and maintained ditches on coastal marshes, tidal and storm waters are allowed to flow properly off, where otherwise in part would become brackish to breed mosquitoes. Fill from ditch excavating must be graded to insure water pockets are not left to breed.

The Project engages in many fresh water brook and stream *clearance* works, to eliminate temporary flood pools capable of mosquito breeding. In many cases it becomes necessary to excavate a *new* ditch through flood areas, to allow extreme rains and spring thaws to inundate this run off ditch, keeping water level at a minimum to reduce, if not eliminate, the mosquito breeding from the area.

Brush clearing is necessary on most fresh water work to enable access of Project's trencher as well as for checking and spraying purposes.

Source reduction in lineal feet for this period:

Reclaimed ditch	50,330
New ditch	4,110
Brook and stream cleaning	23,335
Brush clearing	15,235

2. Mosquito Larval Reduction — To prevent mosquito eggs from hatching, the Project in the later winter months when ice cover allows walking upon, pre-hatch dusts many small isolated woodland pools. In mid-spring, usually after spring rains and thaw, helicopter and fixed wing aircraft are used to *air spray* the larger woodland flooded areas, to reduce the early spring hatch of mosquitoes that would normally emerge in great numbers.

During the summer season it becomes a continual operation of checking and *larviciding* for there are so many types of wet areas, salt marshes, temporary flood pools, rock pools, quarries, tree holes, roadside pools, *storm catchbasins* and many other water containers and each of these will breed their own specific specie of mosquito.

Amounts of insecticides used to larvicide with approximate acreages for this period:

Pre-hatch dust — 3400 pounds to approximately 680 acres

Air spray larviciding — 9730 gallons to approximately 9730 acres

Ground larviciding — 4821 gallons to 4821 acres

Storm catchbasins — 2077 gallons to 20,957 basins

3. Mosquito Adult Reduction — Control of adult mosquitoes becomes necessary when large numbers emerge and move into the residential and recreational areas of a community. Many of these mosquitoes are breeding in the many unnatural water receptacles around homes, others migrate from uncontrolled large areas out of this Project's district. With these conditions it becomes necessary to space spray, or thermal fog. These are methods by which mosquitoes are knocked down in flight, or

residue spraying where mosquitoes resting upon treated surfaces are eliminated.

Preference of mosquito control methods — This project would give to first, reduction of the sources for mosquitoes breeding, second, to its larval control. These would give sure and lasting results. However, each year telephone and letter requests for adult spraying of the neighborhoods increase. We must, due to work load, cut back on the former two methods. The Project would like to see more source reduction and larval control. This would also eventually mean a reduction in adult mosquitoes, which in turn would give a better and more lasting control of mosquitoes with the least expenditures of insecticide, time and funds.

The Project mosquito adulticided with both mist blowers and power sprayers:

11,990 gallons of insecticides to approximately 11,990 acres

It thermal fogged, using 303 gallons of insecticide applied to approximately 1800 acres.

This Project has now on order and expecting in the near future a new Diesel marsh crawler tractor with winch and backhoe attachments. This, making two trench units in operation, which shall at least double the output of trench footage next year.

Also on order is a second catchbasin spray unit, a right hand drive Jeep Universal with power sprayer. This has been needed for some time in order to get all breeding catchbasins at the proper time.

The Project's operations for next year shall be based much as it has in the past. However, there are many new chemicals, as well as methods, coming about enabling us to pinpoint our control to the mosquitoes without damaging, contaminating or unbalancing other members of the natural environment. Some we have tried, others we have plans to try.

The Project's Superintendent and most permanent personnel are all members of the Northeastern Mosquito Control Association, an educational organization formed to promote the efficiency of mosquito abatement through research, development or procedure and to interchange information with other mosquito control districts throughout the country. The Project's personnel have in the past several years attended training courses on mosquito control methods, safe use and handling of insecticides. They have all been tested and licensed in this capacity by the Massachusetts Pesticide Board. All journals, bulletins and publications relating to mosquitoes are received and read to be assured of up to date operation. The Project can give assurance to all it has and shall continue to be conducted in an intelligent and efficient manner.

The Project wishes to acknowledge the help received from officials and departments of the communities it serves and sincerely hopes that benefits derived by these departments as a result of this cooperation are as great as those derived by the Project.

TOWN OF NORWELL
TOWN ACCOUNTANT'S REPORT

To the Board of Selectmen:

Gentlemen:

I submit herewith the annual report of the Town Accountant for the year ended December 31, 1968. The report is arranged and classified as prescribed by the Director of Accounts and in accordance with Chapter 41, Section 61, General Laws of Massachusetts.

The following sequence is used:

Receipts
Payments
Recapitulation
Transfers from Reserve Fund
Balance Sheet

TOWN OF NORWELL

Commonwealth of Massachusetts

WARRANT For Annual Town Meeting

Monday, March 11, 1968 at seven-thirty o'clock in the afternoon

At the Senior High School

and Saturday, March 16, 1968 at 12 Noon At the Senior High School

For the Election of Town Officials

Plymouth, ss,

To one of the Constables of the Town of Norwell, in said County of Plymouth and Commonwealth of Massachusetts.

GREETINGS:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Norwell, qualified to vote in elections and Town affairs to meet at the Senior High School in said Norwell, on Monday, the eleventh day of March, 1968 at 7:30 p.m., then and there to act upon the following articles, to wit:

ARTICLE 1

To see if the Town will accept the reports of its Officers, Boards, Departments, Committees and Commissions, as printed in the 1967 Town Report, or act on anything relative thereto.

ARTICLE 2

To see what sums the Town will raise and appropriate, or appropriate from available funds to pay town debts, expenses and charges including debt and interest for the ensuing year and to fix the salary and compensation of all Elective Officers of the Town, effective from January 1, 1968, as provided by Section 108 of Chapter 41 of the General Laws, as amended, and to provide for a reserve fund, and without limiting the foregoing, to raise and appropriate, or appropriate from available funds, sums for the following: Moderator, Selectmen's Department, Town Office Manager and Accountant, Town Hall Clerks, Town Meetings and Elections, Treasurer's Department, Collector's Department, Assessor's Department, Town Counsel, Town Clerk's Department, Registration and Listings, Board of Appeals, Planning Board, Development and Industrial Commission, Permanent Building and Maintenance Committee, Conservation Commission, Council on Aging, Capital Budget Committee, Town Hall and Annex, Police Department, Dog Officer, Fire Department, Civil Defense, Emergency Communications Center, Sealer of Weights and Measures, Building Inspector, Gas Inspector, Wire Inspector, Tree Warden's Department, Moth Department, Maintenance of Public Grounds, Board of Health, Inspector of Animals, School Nurse, School Dental Hygienist, School Physician, Town Dump, Mosquito Control, Highway Department, Street Lights, Welfare Department, Veterans' Benefits, School Department,

South Shore Regional School District, Athletic Field Committee, Libraries, Aid to Agriculture, Group Insurance, Memorial Day, Pensions and Annuities, Plymouth County Retirement Fund, Recreation Commission, Town Reports and Budgets, Town Schedule Insurance, Water Department, Care of Veterans' Graves, Washington Street Cemetery, Maturing Debt and Interest; or act on anything relative thereto.

ARTICLE 3

To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue for the financial years beginning January 1, 1968 and January 1, 1969, in accordance with the provisions of General Laws, Chapter 44, Section 4, and to renew any note or notes as may be given for a period of less than one year, in accordance with the provisions of General Laws, Chapter 44, Section 17, or act on anything relative thereto.

Requested by the Town Treasurer

ARTICLE 4

To see if the Town will vote to authorize the Town Accountant to close out the unexpended balances of the following appropriations, the purposes of which have been completed, or act on anything relative thereto.

1967 Board of Selectmen	-Land Taking	\$ 148.54
1967 Police Department	-Cruiser Ambulance	5.30
1967 Police Department	-Unmarked Cruiser	201.00
1966 Highway Department	-Hvy. Duty Dump Truck	6.00
1966 Highway Department	-V Body Sander	353.80
1966 Highway Department	-Snow Plow	328.80
1966 Highway Department	-Radio Equipment	304.12
1965 Highway Department	-School Street	11.63
1967 Washington Street Cemetery	-Land Taking	9.00
		\$1,368.19

Requested by the Town Accountant

ARTICLE 5

To see if the Town will vote to accept the provisions of General Laws, Chapter 53, Section 9A, and all amendments thereto, which provides, in part, that the final date for obtaining blank nomination papers for nomination to Town office shall be forty-eight weekday hours prior to the day on which nomination papers are required to be submitted to the registrars of voters for certification and that prior to the obtaining of nomination papers each candidate shall file a statement, containing his name and address and the town office for which he intends to be a candidate, with the Town Clerk, or act on anything relative thereto.

Requested by the Town Clerk

ARTICLE 6

To see if the Town will vote to accept the provisions of General Laws,

Chapter 152, Section 69, and all amendments thereto, including the amendment contained in Chapter 401 of the Acts Of 1966, so that workmen's compensation coverage can be extended to certain elected or appointed municipal officers, or act on anything relative thereto.

Requested by the Board of Selectmen

ARTICLE 7

To see if the Town will vote to appropriate the 1967 County Dog Tax Refund to the School Department General Education Expenses Account, or act on anything relative thereto.

Requested by the Advisory Board

ARTICLE 8

To see if the town will vote to raise and appropriate, or appropriate from available funds, the sum of \$15,812.50, or any other sum, in anticipation of repayment by the Commonwealth of Massachusetts, for Chapter 81 work on the Highways, or act on anything relative thereto.

Requested by the Board of Selectmen

ARTICLE 9

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$22,500.00, or any other sum, in anticipation of repayment by the Commonwealth of Massachusetts and the County of Plymouth, for Chapter 90 work on the Highways, or act on anything relative thereto.

Requested by the Board of Selectmen

ARTICLE 10

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$3,830.04, or any other sum, in anticipation of repayment by the Commonwealth of Massachusetts for Chapter 616, Section 5, Acts of 1967 work on the Highways, or act on anything relative thereto.

Requested by the Board of Selectmen

ARTICLE 11

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$6,000.00, or any other sum, in anticipation of repayment by the Commonwealth of Massachusetts, for Chapter 616, Section 6, Acts of 1967 work on the highways, or act on anything relative thereto.

Requested by the Board of Selectmen

ARTICLE 12

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$6,000.00, or any other sum, to be expended under the direction of the Highway Surveyor, for the purchase of

a new truck chassis for the Highway Department and to transfer one of the present dump bodies to the new chassis, or act on anything relative thereto.

Requested by the Highway Department

ARTICLE 13

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$4,800.00, or any other sum, to be expended under the direction of the Highway Surveyor, for the purchase of a 2-3 ton tandem roller and trailer for the Highway Department, or act on anything relative thereto.

Requested by the Highway Department

ARTICLE 14

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$3,900.00, or any other sum, to be expended under the direction of the Tree Warden, for the purchase of a 1968 dump truck equipped with a two-way radio, to replace the present 1960 pick-up truck, for use in the Tree and Public Grounds Department, or act on anything relative thereto.

Requested by the Tree Warden

ARTICLE 15

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$8,000.00, or any other sum, to the Motor Vehicle and Equipment Fund for the eventual purchase of a street sweeper, or act on anything relative thereto.

Requested by the Highway Department

ARTICLE 16

To see if the Town will vote to raise and appropriate or appropriate from available funds, the sum of \$35,000.00, or any other sum, for use by the Permanent Building and Maintenance Committee to provide complete living facilities on the second floor of the New Central Fire Station, presently under construction, including locker room, toilet facilities, kitchenette, meeting room and all required furnishings, and to determine whether the same shall be raised by taxation, by borrowing, by transfer from available funds, or by any combination of the foregoing, or act on anything relative thereto.

Requested by the Permanent Building and Maintenance Committee

ARTICLE 17

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$16,000.00, or any other sum, to be added to the Highway Town Account for resurfacing sections of Grove Street, River Street, Tiffany Road, Summer Street, Prospect Street and Pleasant Street or act on anything relative thereto.

Requested by the Highway Department

ARTICLE 18

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$10,000.00, or any other sum, for use by the Permanent Drainage Committee to accomplish the design, specifications and construction of the most needed drainage projects within this sum, subject to the approval of the Highway Surveyor, wherever highway construction or maintenance is involved, and the Permanent Drainage Committee shall determine if the required construction is to be done by the Town Departments or by competitive contract bidding, or act on anything relative thereto.

Requested by the Permanent Drainage Committee

ARTICLE 19

To see if the Town will vote to approve the purchase, by the Conservation Commission, for partial reimbursement under General Laws, Chapter 132A, Section 11, of a parcel of land located on the northeasterly side of Wildcat Lane, in the Town of Norwell, consisting of approximately 14 1/2 acres, shown on a plan on file in the Town Clerk's office, and owned by Perry H. Osborn, for the sum of \$5,600.00, or any other sum or sums, or act on anything relative thereto.

Requested by the Conservation Commission

ARTICLE 20

To see if the Town will vote to approve the purchase, by the Conservation Commission, for partial reimbursement under General Laws, Chapter 132A, Section 11, of a parcel of land located on the easterly side of Winter Street, in the Town of Norwell, consisting of approximately 28 acres, shown on a plan on file in the Town Clerk's office, and owned by Perry H. Osborn and Ella F. Osborn, for the sum of \$4,600.00, or any other sum or sums, or act on anything relative thereto.

Requested by the Conservation Commission

ARTICLE 21

To see if the Town will vote to raise and appropriate or appropriate from available funds the sum of \$10,000.00 or any other sum to add to the Conservation Fund, under the provisions of General Laws, Chapter 40, Section 5, Clause 51 and Section 8C, as amended, or act on anything relative thereto.

Requested by the Conservation Commission

ARTICLE 22

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$270.00, or any other sum, for the purpose of maintaining during the ensuing year, the Mosquito Control Works, as estimated and certified to by the State Reclamation Board, in accordance with the provisions of Chapter 112 Acts of 1931, or act on any-

thing relative thereto.

Requested by the Board of Selectmen

ARTICLE 23

To see if the Town will create a special unpaid Committee to be known as the Regional Refuse Disposal Planning Committee, consisting of three persons to be appointed by the Moderator which Committee shall join in its discretion with a similar Committee from any contiguous Town or Towns to form one or more Regional Refuse Disposal Planning Board to study the advisability of establishing a Regional Refuse Disposal District, its organization, operation and control and to study also the advisability of selecting, constructing, maintaining and operating a refuse disposal facility; and to make such reports and recommendations as may be necessary, all as provided in General Laws, Chapter 40, Sections 44A-44K, as amended, and to see if the Town will appropriate the sum of \$1,500.00, or any other sum, for the purposes of meeting the expenses of any Regional Refuse Disposal Planning Board, joined by said Committee, or act on anything relative thereto.

Requested by the Board of Health

ARTICLE 24

To see if the Town will vote to authorize the Board of Water Commissioners to convey, or otherwise grant, an easement, fifty feet in width, for all purposes that public ways may be used in the Town of Norwell, over the Northwesterly portion of the land owned by the Town and being used for the purpose of public water supply, located on the Northerly side of Grove Street, shown on a plan entitled "Plan of Land in Norwell for Development of Water Supply Town of Norwell", dated March 24, 1961, by Loring H. Jacobs, Registered Land Surveyor, to the Edward T. Dwyer Contracting Corporation, the exact terms and conditions of the easement and the location thereof to be established by the Board of Water Commissioners, or act on anything relative thereto.

Requested by the Board of Water Commissioners

ARTICLE 25

To see if the Town will vote to appropriate the sum of \$10,000.00 or any other sum, for the cleaning, repainting and repair of the existing water storage tank on Hoop Pole Hill, and to determine whether the same shall be raised by taxation or by transfer from available funds, by borrowing, or any combination of the foregoing, or act on anything relative thereto.

Requested by the Board of Water Commissioners

ARTICLE 26

To see if the Town will vote to appropriate the sum of \$70,000.00 or any other sum, for the laying and re-laying of water mains of not less than six inches, but less than sixteen inches in diameter, from the end of the existing main at the junction of Lincoln and Grove Streets to the site

of a proposed new water storage tank owned by the Town at the top of Judge's Hill, sections of the main to be installed in Lincoln and Mt. Blue Streets and in the Town Right of Way to the storage tank site, and to determine whether the same shall be raised by taxation, by transfer from available funds, by borrowing, or by any combination of the foregoing, or take any other action relative thereto.

Requested by the Board of Water Commissioners

ARTICLE 27

To see if the Town will vote to appropriate the sum of \$10,000.00, or any other sum, for the laying and relaying of water mains of not less than six inches, but less than sixteen inches in diameter, in Pine Street from the end of the existing main installed in 1967 to the junction of Pine and Green Streets for a distance of approximately three-tenths of a mile and to determine whether the same shall be raised by taxation, by transfer from available funds, by borrowing, or by any combination of the foregoing, or take any other action relative thereto.

Requested by 15 Registered Voters

ARTICLE 28

To see if the Town will vote to appropriate the sum of \$5,000.00, or any other sum to be added to the Developing Well and Well Field Account and to be expended under the direction of the Board of Water Commissioners, and to determine whether the same shall be raised by taxation, by transfer from available funds, or by any combination of the foregoing, or act on anything relative thereto.

Requested by the Board of Water Commissioners

ARTICLE 29

To see if the Town will vote to appropriate the sum of \$5,000.00, or any other sum, to be added to the Pumping Station and Equipment Account, and to be expended under the direction of the Board of Water Commissioners, for the construction of a pumping station, North of Grove Street, including original pumping station equipment, and for laying and relaying water mains, of not less than six inches but less than sixteen inches in diameter, between the pumping station and existing water mains, and to determine whether the same shall be raised by taxation, by transfer from available funds, by borrowing, or by any combination of the foregoing, or act on anything relative thereto.

Requested by the Board of Water Commissioners

ARTICLE 30

To see if the Town will vote to authorize the Board of Water Commissioners to purchase or take by eminent domain, for purposes of public water supply, a parcel of land containing approximately 14 acres, located off Bowker Street, more particularly shown on a plan by Loring H. Jacobs, Registered Land Surveyor, a copy of which is on file in the Town

Clerk's office, said plan being made a part hereof and incorporated herein by reference, and appropriating therefore and all expenses in connection therewith the sum of \$15,000.00, or any other sum, and to determine whether the same shall be raised by taxation, by transfer from available funds, by borrowing, or by any combination of the foregoing, or act on anything relative thereto.

Requested by the Board of Water Commissioners

ARTICLE 31

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$2,000.00, or any other sum, to be expended under the direction of the Board of Selectmen, to obtain a descriptive plan of Bowker Street from Station 12+ 74.27 Northerly to its junction with Grove Street, a distance of approximately one mile, or act on anything relative thereto.

Requested by the Board of Selectmen

ARTICLE 32

To see if the Town will vote to accept a portion of John Adams Drive, as a Town Way, as laid out by the Selectmen, in accordance with the description and plan presented at a Hearing in the Cushing Memorial Town Hall and now on file in the Town Clerk's Office, without appropriation, or act on anything relative thereto.

Requested by the Board of Selectmen

ARTICLE 33

To see if the Town will vote to accept Madison Court as a Town Way, as laid out by the Selectmen, in accordance with the description and plan presented at a Hearing in the Cushing Memorial Town Hall and now on file in the Town Clerk's Office, without appropriation, or act on anything relative thereto.

Requested by the Board of Selectmen

ARTICLE 34

To see if the Town will vote to accept a portion of Riverside Drive, as a Town Way, as laid out by the Selectmen, in accordance with the description and plan presented at a Hearing in the Cushing Memorial Town Hall and now on file in the Town Clerk's Office, without appropriation, or act on anything relative thereto.

Requested by the Board of Selectmen

ARTICLE 35

To see if the Town will vote to accept Trout Brook Lane as a Town Way, as laid out by the Selectmen, in accordance with the description and plan presented at a Hearing in the Cushing Memorial Town Hall and now on file in the Town Clerk's Office, without appropriation, or act on anything relative thereto.

Requested by the Board of Selectmen

ARTICLE 36

To see if the Town will vote to accept the provisions of General Laws, Chapter 40A, Section 20, and all amendments thereto, so that no appeal or petition for a variance and no application for a special exception which has been unfavorably acted upon by the Board of Appeals shall be reconsidered on its merits within two years after the date of such unfavorable action except with the consent of all of the members of the Planning Board, or act on anything relative thereto.

Requested by the Board of Appeals

ARTICLE 37

To see if the Town will vote to accept the provisions of General Laws, Chapter 40A, Section 8, which provides, in essence, that no proposed ordinance or by-law making a change in any existing zoning ordinance or by-law, which has been unfavorably acted upon by a Town Meeting, shall be considered on its merits by the Town Meeting within two years after the date of such unfavorable action unless the adoption of such proposed ordinance or by-law is recommended in the final report of the Planning Board required by Chapter 40A, Section 6, or act on anything relative thereto.

Requested by Town Counsel

ARTICLE 38

To see if the Town will vote to amend the Town of Norwell Zoning By-Law, ARTICLE XVII, by deleting the words "With respect to lots not exempted from the application of the By-Law by G. L. (Ter.Ed.) Ch. 40, Sec. 5A (added by Acts of 1948. Ch. 492)." presently contained in SECTION VII, A., 3., and by substituting therefor the following:

"3. With respect to lots not exempted from the application of this Zoning By-Law by General Laws, Chapter 40A, Section 5A,"
or act on anything relative thereto.

Requested by the Planning Board

ARTICLE 39

To see if the Town will vote to amend Section III of Article XVII of the Town of Norwell Zoning By-Laws by adding to the paragraph referring to Business District B-4 as follows:

- A. "also to include lots 5, 6, 7 and 8, Block 16, on the westerly side of Pond Street as shown on sheet R-5 of the "Atlas of the Town of Norwell",

or act on anything relative thereto.

Requested by the Planning Board

ARTICLE 40

To see if the Town will vote to amend Section V, Business District A, of Article XVII of the Town of Norwell Zoning By-Laws by adding Para-

graph D as follows:

- "D. The above uses require the Board of Appeals' approval, which shall be based on the satisfaction that said use is appropriate and that it will not create a nuisance by virtue of fire hazard, noise, odor, smoke, vibration, or unsightliness."

and to amend Section VI, Business District B, of Article XVII of the Town of Norwell Zoning By-Laws by adding Paragraph D as follows:

- "D. The above uses require the Board of Appeals' approval, which shall be based on the satisfaction that said use is appropriate and that it will not create a nuisance by virtue of fire hazard, noise, odor, smoke, vibration, or unsightliness."

or act on anything relative thereto.

Requested by the Planning Board

ARTICLE 41

To see if the Town will vote to amend Section VII of Article XVII of the Town of Norwell Zoning By-Laws by deleting Paragraph 1A under "lot sizes" and by substituting, therefore, a new Paragraph 1A to read as follows:

- "A. Residential District A — a minimum of one acre for each dwelling with 150 feet or more at a front line 75 feet from the center line of an approved way or 50 feet from the way line and parallel thereto with 50 feet minimum frontage on the way line. The access for any lot must maintain a minimum of 50 feet in width."

and by deleting Paragraph 1B under "lot sizes" and by substituting, therefore, a new Paragraph 1B to read as follows:

- "B. Residential District B — a minimum of one-half acre for each dwelling with 125 feet or more at a front line 60 feet from the center line of an approved way or 35 feet from the way line and parallel thereto with 50 feet minimum frontage on the way line. The access for any lot must maintain a minimum of 50 feet in width."

or act on anything relative thereto.

Requested by the Planning Board

ARTICLE 42

To see if the Town will vote to amend Section III of the Zoning By-Laws by the following change:

By adding to the Business District B-6 as shown on the Zoning Map and described in the Zoning By-Law Section III Business District B-6, the following described land:

"Starting at a point two hundred (200) feet northeasterly from the northeasterly way line of Washington Street at Section 74 plus 90 (approximate southerly property boundary of Helene L. Hall as shown on 1959 Assessor's records) thence running southwesterly along the southeasterly

boundary of Zone B-6 as it now stands, three-hundred (300) feet to a point, thence running southeasterly to a point on the northwesterly way line of Knollwood Road, two-hundred (200) feet from the northeasterly way line of Washington Street, thence running along the northwesterly way line of Knollwood Road to the northeasterly way line of Washington Street, thence running northeasterly along the northeasterly way line of Washington Street to Station 74 plus 90, thence running northeasterly to the point of beginning", or act on anything relative thereto.

Requested by 21 Registered Voters

ARTICLE 43

To see if the Town will vote to amend the Norwell Zoning By-Laws, Article XVII, by adding a new paragraph "C" to Section VIII, entitled "Signs and Trailers", to read as follows:

"C. In the Business Districts, no sign, exceeding 24 square feet in area, may be erected or placed on any building or lot unless approved by the Board of Appeals. The Board of Appeals shall not grant permission for the erection or placement of any sign exceeding 24 square feet in area on any building or lot unless such sign is in keeping with the general conditions existing in the area, will not affect public safety in the area, and will not be injurious or offensive to the neighborhood because of lighting, noise, obstruction of vision, or the creation of visual confusion in the area".

or act on anything relative thereto.

Requested by 13 Registered Voters

ARTICLE 44

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$15,000.00, or any other sum, to be added to the Stabilization Fund, as provided by the General Laws, Chapter 40, Section 5B, or act on anything relative thereto.

Requested by the Board of Selectmen

ARTICLE 45

To see if the Town will vote to transfer \$1.00, or any other sum, from available funds, and authorize the Assessors to use this sum to decrease the 1968 tax rate, or act on anything relative thereto.

Requested by the Advisory Board

ARTICLE 46

To see if the Town will vote to modify the authorization given under Article 31 of the 1967 Annual Town Meeting, by requiring the construction of the sidewalk to be completed on the Westerly side of High Street, from the Grace Farrar Cole School to the Southeast Expressway Underpass, a distance of approximately 2700 feet, all as located and shown on a plan, numbered 1267-1, on file with the Town Clerk's Office, being incorporated herein by reference, and also in accordance with Massachusetts

Department of Public Works specifications, set forth on said plan, and to meet the expenses thereof to raise and appropriate, or appropriate by transfer from the appropriation made under Article 31 of the 1967 Annual Town Meeting, the sum of \$6,879.33, or any other sum, or act on anything relative thereto.

Requested by 17 Registered Voters

ARTICLE 47

To see if the Town will vote to revoke the acceptance of General Laws, Chapter 40, Section 22D, as provided therein, a section that deals with the towing away of vehicles illegally parked or standing on public ways, or act on anything relative thereto.

Requested by the Highway Surveyor

ARTICLE 48

To see if the Town will vote to amend the Norwell By-Laws, Article X, entitled "Public Ways", by adding new Sections 8, 9, and 10, to read as follows:

"SECTION 8. No person, other than a public officer or town agent, servant, or employee in the performance of his duties, shall place any obstruction to travel on any public way without the consent of the Selectmen; provided, however, that this Section 8 shall not be construed to prohibit reasonable emergency action to warn travelers of any obviously dangerous condition observed in the public way, provided the condition and action taken are reported by the person taking such action as soon as reasonably may be to the Selectmen, the Norwell Police Department or the Highway Surveyor. No person shall leave any rubbish or refuse, or any noxious, dangerous, offensive or unsightly object or matter on or in any public way or common lands of the Town."

"SECTION 9. Every person operating or having charge of a vehicle in any public way shall operate it in all respects as may be directed by any Norwell Police Officer."

"SECTION 10. The Highway Surveyor may for the purposes of removing or plowing snow, or removing ice, from any public way, remove, or cause to be removed, to some convenient place, including any public garage, any vehicle which interferes with the removal or plowing of such snow, or the removal of such ice. In the event that such vehicle is so removed, the owner of such vehicle shall be liable for the cost of such removal and for the storage charges, if any, resulting therefrom, but shall not, notwithstanding any other provision of these By-Laws, be otherwise liable to any fine, penalty or other charge solely by reason of the fact that such vehicle was interfering with such plowing or removal."

or act on anything relative thereto.

Requested by the Board of Selectmen

ARTICLE 49

To see if the Town will vote to amend the Town of Norwell By-Laws, Article XVIII, entitled: "TOWN EMPLOYEE VACATIONS", by deleting SECTION 1., as it presently appears in Article XVIII, and by substituting therefor a new SECTION 1., to read as follows:

"SECTION 1. For each calendar year, a Town Employee, other than one employed by the School Committee or the Board of Public Welfare, but including, as used herein, every elected official, who has worked for the Town of Norwell an average of twenty hours or more per week for a period of six consecutive months, shall be entitled to one week's paid vacation. For each calendar year, a Town Employee, who has worked for the Town an average of twenty hours or more per week for twelve consecutive months, shall be entitled to a total of two weeks' vacation with pay. For each calendar year, a Town Employee, who has worked for the Town an average of twenty hours or more per week for a period of five consecutive years, shall be entitled to a total of three weeks' vacation with pay. For each calendar year, a Town Employee, who has worked for the Town an average of twenty hours or more per week for a period of ten consecutive years, shall be entitled to a total of four weeks' vacation with pay. The amount of vacation pay shall be equal to the average weekly gross wage or salary paid by the Town to the Employee during the next preceding six or twelve month period, whichever is effective in determining the length of the vacation. Vacations and compensated sick-leave time shall be considered part of the consecutive employment period. Paid vacations shall be taken, at the reasonable discretion of the Employee's Department Head, during the calendar year following the measuring period upon which eligibility is based. Vacation time shall not be accumulative. There shall be no monetary payment in lieu of vacation time.",

or act on anything relative thereto.

the Highway Surveyor
the Chief of the Police Dept.
the Tree Warden

ARTICLE 50

To see if the Town will vote to adopt the following resolution:

WHEREAS, the Citizens of the Town of Norwell as well as those throughout the Commonwealth of Massachusetts and the United States of America have been called upon to affirm that this nation was conceived in liberty and dedicated to the proposition that all men are created equal, and that they are endowed by their Creator with certain inalienable Rights, that among those rights are Liberty, Life and the Pursuit of Happiness, and

WHEREAS, that by discrimination based on race, color or creed, certain of our citizens are denied equal opportunity in employment, in housing and in education within our nation, our Commonwealth and our

Town, and

WHEREAS, all men recognize the need for the fulfillment of American Democracy through the practice of brotherhood in our daily lives,

NOW, THEREFORE, be it resolved that the Citizens of the Town of Norwell, in Town Meeting assembled, hereby reaffirm their full support of the goal of equality of opportunity in employment, housing, education and individual rights, freedom and justice without regard to race, creed or national origin,

or act on anything relative thereto.

Requested by 20 Registered Voters

ARTICLE 51

To see if the Town will vote to adopt the following resolution:

Whereas, the Government of the United States has declared its willingness to negotiate an end to the warfare in Vietnam, but has imposed conditions severely limiting the opportunities for such negotiations, and

Whereas, the cost of the war to every community in the United States in terms of human lives, anguish, or resources is greater than any conceivable gains in the national interest,

Now, therefore, be it resolved, that the citizens of Norwell petition the President of the United States to create opportunities for negotiations, and to seek solutions which will end the warfare and establish a government in South Vietnam fully responsive to the needs of its people,

or act on anything relative thereto.

To see if the Town will give instructions to its elected Town Officers,

SALE OF FISH RIGHTS

SUBSEQUENT MEETING FOR THE ELECTION OF OFFICERS

SATURDAY, MARCH 16, 1968

POLLS OPEN 12:00 NOON TO 8:00 P.M.

And you are further directed to notify all legal voters to assemble at the Senior High School, Main Street, on Saturday, March 16, 1968 during the polling hours, then and there to act upon the following:

"To bring to the Election Officers, their votes, all on one ballot for the following named officers to wit: One member of the Board of Selectmen for three years; one Moderator for one year; one member of the Board of Assessors for three years; one member of the Board of Health for three years; one member of the Board of Health for one year, to fill unexpired term; one member of the Board of Public Welfare for three years; one Highway Surveyor for one year; one Tree Warden for one year; one member of the Board of Water Commissioners for three years; one member of the Board of Trustees of the William J. Leonard Memorial Library for three years; one member of the Planning Board for five years; two

members of the School Committee for three years; one Town Collector for three years; one Town Treasurer for three years."

You are hereby required to notify and warn said inhabitants of Norwell qualified to vote in town affairs, in case all the articles in the foregoing Warrant shall not be acted upon at the meeting called for the eleventh day of March, to meet in adjourned session at the Senior High School, Tuesday, the twelfth day of March, 1968, Thursday, the fourteenth day of March, 1968, and Friday the fifteenth day of March, 1968, at 7:30 P.M. in the afternoon then and there to act upon such of the foregoing articles as shall not have been acted upon on March eleventh, 1968 or act upon such other articles in said Warrant as the meeting may deem advisable.

You are directed to serve this Warrant by posting a copy thereof, attested to by you in writing, at each of five public places in the Town, seven days at least before the time for holding the meeting called for in the Warrant. Hereof fail not and make due return of this Warrant with your doings thereon to the Town Clerk of said Town on or before the eleventh day of March, 1968.

Given under our hands at Norwell this twelfth day of February in the year of our Lord 1968.

Richard A. Housley, *Chairman*
Chester A. Rimmer
Theodore R. Love
BOARD OF SELECTMEN

"I hereby certify that I have posted the within warrant as within directed, in accordance with the town by-law, and make this my return.

(signed)

Harland W. Farrar, *Constable*

RECORD OF THE ANNUAL TOWN MEETING MARCH 11, 1968

The Annual Town Meeting of the Town of Norwell was opened at 7:37 PM at the Senior High School, by the Moderator, David Lee Turner, on March 11, 1968, with 341 registered voters checked on the voting lists. This number increased to a total of 602 in the course of the evening.

The Moderator requested that the assembly stand for a silent moment of tribute to the late John Crocker Bond, well-known personality in Norwell, and a member of the School Committee at the time of his death.

The following tellers were appointed by the Moderator and sworn to the faithful performance of their duty: Orville Devine, head teller, James King, William Coakley, Donald Newton and Arthur Raymond. George Whitcher, Jr., was appointed and sworn as the Deputy Moderator for the overflow of people seated in the gymnasium. It was VOTED to admit resident non-voters to the meeting and they were seated in the gymnasium, which was connected by speakers and microphone to the main auditorium.

ARTICLE 1

It was VOTED to accept the reports of Town Officers, Boards, Departments, Committees and Commissions, as printed in the 1967 Annual Report.

ARTICLE 2

1965 Highway Department	School Street	11.63
1967 Washington St. Cemetery	Land Taking	9.00
Total		<hr/> \$1,368.19

ARTICLE 5

VOTED that the Town accept the provisions of General Laws, Chapter 53, Section 9A, and all amendments thereto, which provides, in part, that the final date for obtaining blank nomination papers for nomination to Town office shall be forty-eight weekday hours prior to the day on which nomination papers are required to be submitted to the registrars of voters for certification and that prior to the obtaining of nomination papers each candidate shall file a statement, containing his name and address and the town office for which he intends to be a candidate, with the Town Clerk.

ARTICLE 6

VOTED UNANIMOUSLY to accept the provisions of General Laws, Chapter 152, Section 69, and all amendments thereto, including the amendment contained in Chapter 401 of the Acts of 1966, so that workmen's compensation coverage can be extended to certain elected or appointed municipal officers.

ARTICLE 7

VOTED UNANIMOUSLY that the Town appropriate and transfer the 1967 County Dog Tax Refund to the School Department General Education Expenses Account (\$1,582.93)

ARTICLE 8

VOTED UNANIMOUSLY that the Town raise and appropriate the sum of \$15,812.50, in anticipation of repayment by the Commonwealth of Massachusetts, for Chapter 81 Work on the Highways.

ARTICLE 9

VOTED that the Town raise and appropriate the sum of \$22,500.00 in anticipation of repayment by the Commonwealth of Massachusetts and the County of Plymouth, for Chapter 90 Work on the Highways.

ARTICLE 10

VOTED that the Town raise and appropriate the sum of \$3,830.04 in anticipation of repayment by the Commonwealth of Massachusetts for Chapter 616, Section 5, Acts of 1967 Work on the Highways.

ARTICLE 11

VOTED that the Town raise and appropriate the sum of \$8,000.00 in anticipation of repayment by the Commonwealth of Massachusetts, for

Chapter 616, Section 6, Acts of 1967 Work on the Highways.

ARTICLE 12

VOTED that the Town appropriate and transfer the sum of \$3,543.19 from the Road and Machinery Fund and raise and appropriate the sum of \$2,456.81, to be expended under the direction of the Highway Surveyor, for the purchase of a new truck chassis for use by the Highway Department and to transfer one of the present dump bodies to the new chassis.

ARTICLE 13

VOTED that the Town raise and appropriate the sum of \$4,800.00, to be expended under the direction of the Highway Surveyor, for the purchase of a 2-3 ton tandem roller and trailer for the Highway Department.

ARTICLE 14

VOTED that the Town raise and appropriate the sum of \$3,700.00, to be expended under the direction of the Tree Warden, for the purchase of a 1968 dump truck, with a two-way radio, to replace the present 1960 pick-up truck, for use by the Tree and Public Grounds Department.

ARTICLE 15

It was moved and seconded, but FAILED to CARRY, to raise and appropriate the sum of \$8,000.00 to the Motor Vehicle and Equipment Fund, for the eventual purchase of a street sweeper.

ARTICLE 16

VOTED, 270 yes, 5 no, that the Town appropriate the sum of \$35,000.00 as a supplemental appropriation to the action taken under Article 9 in the warrant for the 1967 Annual Town Meeting, for use under the direction of the Permanent Building and Maintenance Committee, for the construction, including the cost of original equipment and furnishings, of a Central Fire Station, to be located in the general area behind the present Central Fire Station, and to meet the appropriation the Town raise and appropriate the sum of \$2,000.00 and authorize the Treasurer, with the approval of the Board of Selectmen, to borrow \$33,000.00 under General Laws, Chapter 44, as amended.

ARTICLE 17

VOTED that the Town raise and appropriate the sum of \$16,000.00 to be added to the Highway Town Account for the resurfacing of section of Grove Street, River Street, Tiffany Road, Summer Street, Prospect Street and Pleasant Street.

ARTICLE 18

VOTED that the Town raise and appropriate the sum of \$10,000.00 for use by the Permanent Drainage Committee to accomplish the design, specifications and construction of the most needed drainage projects within this sum, subject to the approval of the Highway Surveyor wherever highway construction or maintenance is involved, and the Permanent Drainage

Committee shall determine if the required construction is to be done by the Town Departments or by competitive contract bidding.

ARTICLE 19

VOTED UNANIMOUSLY that the Town authorize and approve the purchase, by the Conservation Commission, for partial reimbursement under General Laws, Chapter 132A, Section 11, of a parcel of land located on the northeasterly side of Wildcat Lane, in the Town of Norwell, containing 14.39 acres, and shown on a plan entitled "Plan of Land owned by Perry H. Osborn on Wildcat Lane, Norwell", dated February 15, 1968, by Loring H. Jacobs, Registered Land Surveyor, a copy of which is on file in the Town Clerk's Office, a copy of which is incorporated herein by reference, for the sum of \$5,600.00.

ARTICLE 20

VOTED UNANIMOUSLY that the Town authorize and approve the purchase, by the Conservation Commission, for partial reimbursement under General Laws, Chapter 132A, Section 11, of a parcel of land located on the easterly side of Winter Street, in the Town of Norwell, containing 25.69 acres, and shown on a plan entitled "Plan of Land owned by Perry H. Osborn et ux on Winter Street, Norwell", dated February 15, 1968, by Loring H. Jacobs, Registered Land Surveyor, a copy of which is on file in the Town Clerk's Office, a copy of which is incorporated herein by reference, for the sum of \$4,600.00.

ARTICLE 21

VOTED UNANIMOUSLY that the Town raise and appropriate the sum of \$10,000.00 to be added to the Conservation Fund, under the provisions of General Laws, Chapter 40, Section 5, Clause 51 and Section 8C, as amended.

ARTICLE 22

VOTED that the Town raise and appropriate the sum of \$270.00 for the purpose of maintaining during the ensuing year, the Mosquito Control Works, as estimated and certified to by the State Reclamation Board, in accordance with the provisions of Chapter 112, Acts of 1931.

ARTICLE 23

VOTED that the Town create a special unpaid committee to be known as a Regional Refuse Disposal Planning Committee, consisting of three persons to be appointed by the Moderator, which Committee shall join in its discretion with a similar Committee from any contiguous town or towns to form one or more Regional Refuse Disposal Planning Board to study the advisability of establishing a Regional Refuse Disposal District, its organization, operation and control and to study also the advisability of selecting, constructing, maintaining and operating a refuse disposal facility; and to make such reports and recommendations as may be necessary, all as provided in General Laws, Chapter 40, Sections 44A—44K, as amended, and raise and appropriate the sum of \$1,500.00 for the pur-

poses of meeting the expenses of any Regional Refuse Disposal Planning Board.

ARTICLE 24

It was VOTED to INDEFINITELY POSTPONE action on Article 24.

ARTICLE 25

It was VOTED to INDEFINITELY POSTPONE action on Article 25.

ARTICLE 26

VOTED UNANIMOUSLY that the Town appropriate the sum of \$70,000.00 for the laying and relaying of water mains, of not less than six inches but less than sixteen inches in diameter, under the direction of the Board of Water Commissioners, from the end of the existing main at the junction of Lincoln Street and Grove Street to the site of a proposed new water storage tank owned by the Town at the top of Judge's Hill, with sections of the main to be installed in Lincoln and Mt. Blue Streets and in the Town land to the storage tank site, and to meet the appropriation the Town authorize the Treasurer, with the approval of the Board of Selectmen, to borrow \$70,000.00 under General Laws, Chapter 44, as amended.

ARTICLE 27

VOTED UNANIMOUSLY that the Town appropriate the sum of \$10,000.00 for the laying and relaying of water mains, of not less than six inches but less than sixteen inches in diameter, under the direction of the Board of Water Commissioners, in Pine Street, from the end of the existing main installed in 1967 to the junction of Pine and Green Streets, a distance of approximately three-tenths of a mile, and to meet the appropriation the Town authorize the Treasurer, with the approval of the Board of Selectmen, to borrow \$10,000.00 under General Laws, Chapter 44, as amended.

ARTICLE 28

VOTED UNANIMOUSLY that the Town appropriate and transfer the sum of \$583.98 from the 1966 Main Street mains account and raise and appropriate the sum of \$4,416.02 to be added to the Developing Well and Well Field Account to be expended under the direction of the Board of Water Commissioners.

ARTICLE 29

VOTED that the Town raise and appropriate the sum of \$5,000.00 to be added to the Pumping Station and Equipment Account, and to be expended under the direction of the Board of Water Commissioners, for the construction of a pumping station, including original pumping station equipment, and for laying and relaying water mains, of not less than six inches but less than sixteen inches in diameter, between the pumping station and existing water mains.

ARTICLE 30

VOTED to INDEFINITELY POSTPONE action on Article 30.

ARTICLE 31

VOTED UNANIMOUSLY that the Town raise and appropriate the sum of \$2,000.00 to obtain a descriptive plan of Bowker Street from Station 12+ 74.27 Northerly to its junction with Grove Street, a distance of approximately one mile.

ARTICLE 32

VOTED UNANIMOUSLY that the Town accept a portion of John Adams Drive, as a Town Way, as laid out by the Selectmen, in accordance with the description and plan presented at a Hearing in the Cushing Memorial Town Hall and now on file in the Town Clerk's Office, without appropriation.

ARTICLE 33

VOTED UNANIMOUSLY that the Town accept Madison Court as a Town Way, as laid out by the Selectmen, in accordance with the description and plan presented at a Hearing in the Cushing Memorial Town Hall and now on file in the Town Clerk's Office, without appropriation.

ARTICLE 34

VOTED UNANIMOUSLY that the Town accept a portion of Riverside Drive, as a Town Way, as laid out by the Selectmen, in accordance with the description and plan presented at a Hearing in the Cushing Memorial Town Hall and now on file in the Town Clerk's Office, without appropriation.

ARTICLE 35

VOTED UNANIMOUSLY that the Town accept Trout Brook Lane as a Town Way, as laid out by the Selectmen, in accordance with the description and plan presented at a Hearing in the Cushing Memorial Town Hall and now on file in the Town Clerk's Office, without appropriation.

ARTICLE 36

VOTED that the Town accept the provisions of General Laws, Chapter 40A, Section 20, and all amendments thereto, so that no appeal or petition for a variance and no application for a special exception which has been unfavorably acted upon by the Board of Appeals shall be reconsidered on its merits within two years after the date of such unfavorable action except with the consent of all of the members of the Planning Board.

ARTICLE 37

VOTED that the Town accept the provisions of General Laws, Chapter 40A, Section 8, which provides, in essence, that no proposed ordinance or by-law making a change in any existing zoning ordinance or by-law, which has been unfavorably acted upon by a Town Meeting, shall be considered on its merits by the Town Meeting within two years after the

date of such unfavorable action unless the adoption of such proposed ordinance or by-law is recommended in the final report of the Planning Board required by Chapter 40A, Section 6.

ARTICLE 38

VOTED UNANIMOUSLY that the Town amend the Town of Norwell Zoning By-Law, ARTICLE XVII, by deleting the words "With respect to lots not exempted from the application of the By-Law by G. L. (Ter.Ed.) Ch. 40, Section 5A (Added by Acts of 1948. Ch. 492)." presently contained in SECTION VII, A., 3., and by substituting therefor the following:

- "3. With respect to lots not exempted from the application of this Zoning By-Law by General Laws, Chapter 40A, Section 5A."

ARTICLE 39

VOTED UNANIMOUSLY that the Town amend Section III of Article XVII of the Town of Norwell Zoning By-Laws by adding to the paragraph referring to Business District B-4 as follows:

- A. "also to include lots 5, 6, 7 and 8, block 16, on the westerly side of Pond Street as shown on sheet R-5 of the "Atlas of the Town of Norwell".

*At 11:20 P.M. the presence of a quorum was questioned. A count was taken and showed 250 registered voters present.

ARTICLE 40

VOTED UNANIMOUSLY that the Town amend Section V, Business District A, of Article XVII of the Town of Norwell Zoning By-Laws by adding Paragraph D as follows:

- "D. The above uses require the Board of Appeals' approval, which shall be based on the satisfaction that said use is appropriate and that it will not create a nuisance by virtue of fire hazard, noise, odor, smoke, vibration or unsightliness."

and to amend Section VI, Business District B, of Article XVII of the Town of Norwell Zoning By-Laws by adding Paragraph D as follows:

- "D. The above uses require the Board of Appeals' approval, which shall be based on the satisfaction that said use is appropriate, and that it will not create a nuisance by virtue of fire hazard, noise, odor, smoke, vibration, or unsightliness."

ARTICLE 41

It was VOTED to INDEFINITELY POSTPONE action on Article 41.

Voted yes 38, no 130, on Article 42 — DEFEATED.

ARTICLE 43

It was VOTED to INDEFINITELY POSTPONE action on Article 43.

ARTICLE 44

VOTED UNANIMOUSLY that the Town raise and appropriate the sum of \$35,000.00 to be added to the Stabilization Fund, as provided by the General Laws, Chapter 40, Section 5B.

ARTICLE 45

VOTED to INDEFINITELY POSTPONE action on Article 45.

ARTICLE 46

VOTED to INDEFINITELY POSTPONE action on Article 46.

ARTICLE 47

It was VOTED to lay Article 47 on the table.

ARTICLE 48

VOTED to INDEFINITELY POSTPONE action on Article 48.

ARTICLE 49

VOTED that the Town amend the Town of Norwell By-Laws, Article XVIII, entitled: "Town Employee Vacations", by deleting Section 1, as it presently appears in Article XVIII, and by substituting therefor a new Section 1., to read as follows:

"SECTION 1. For each calendar year, a Town Employee who has worked for the Town of Norwell an average of twenty hours or more per week for a period of six consecutive months shall be entitled to one week's paid vacation. For each calendar year, a Town Employee who has worked for the Town an average of twenty hours or more per week for twelve consecutive months shall be entitled to a total of two weeks vacation with pay. For each calendar year, a Town Employee who has worked for the Town an average of thirty-five hours or more per week for a period of ten consecutive years shall be entitled to a total of three weeks' vacation with pay. For each calendar year, a Town Employee who has worked for the Town an average of thirty-five hours or more per week for a period of fifteen consecutive years shall be entitled to a total of four weeks' vacation with pay. The amount of vacation pay shall be equal to the average weekly gross wage or salary paid by the Town to the Employee during the next preceding six or twelve month period, whichever is effective in determining the length of the vacation. Vacations and compensated sick-leave time shall be considered part of the consecutive employment period. Paid vacations shall be taken, at the reasonable discretion of the Employee's Department Head, during the calendar year following the measuring period upon which eligibility is based. Vacation time shall not be accumulative. There shall be no monetary payment in lieu of vacation time. The term "Town Employee", as used herein, includes elected officials but excludes those employed by the School Committee and the Board of Public Welfare".

*The presence of a quorum was questioned at 11:58 P.M. and a count was again taken, which showed 210 persons still present.

ARTICLE 50

DEFEATED.

DEFEATED

*ARTICLE 47

It was VOTED to take Article 47 off the table.

It was VOTED to INDEFINITELY POSTPONE action on Article 47.

ARTICLE 52

INSTRUCTIONS TO ELECTED TOWN OFFICERS.

To the Board of Selectmen:

To appoint a committee, the membership of which is to be determined by the Selectmen, to submit not later than the next Annual Town Meeting, a Personnel Board By-Law to provide an equitable system of establishing the conditions of employment among town employees.

Submitted by the Advisory Board.

VOTED.

"The Advisory Board requests that the Selectmen please call a meeting of all Town Boards and Committees concerned to hold a preliminary discussion of the Norwell Study Survey recently submitted by Perry, Dean, Hepburn and Stewart. The purpose of this meeting is to attempt to arrive at some majority of opinion as to what the joint boards suggest as the best plan to follow for the Town's School and Municipal Building needs. It is further requested that this meeting be called within the next 30 days. Some of the boards which should be included are: The School Committee, Planning Board, Permanent Building and Maintenance Committee, Selectmen, Advisory Board, Library Committee, Capital Budget Committee.

Submitted by the Advisory Board.

VOTED.

SALE OF FISH RIGHTS

The Moderator conducted the Sale of Fish Rights.

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Norwell, qualified to vote in elections and Town affairs, to meet at the Senior High School in said Norwell, on Thursday, the thirteenth day of June, 1968, at 7:30 P.M., then and there to act upon the following articles, to wit:

ARTICLE 1

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$275.00, or any other sum, to be expended under the direction of the Superintendent of Public Grounds for the purchase of a trailer for use by the Tree and Public Grounds Departments, or act on anything relative thereto.

Requested by the Superintendent of Public Grounds

The Advisory Board recommends this appropriation. This trailer, if purchased in the commercial market, could cost in the vicinity of \$1,000. It can be built by the South Shore Vocational School for the cost of materials alone. We should take advantage of this substantial saving.

ARTICLE 2

To see if the Town will vote to appropriate and transfer the sum of \$7,300.00 or any other sum, from the Police Sergeants Salary Account, appropriated by the Town under Article 2, Item 47 of the 1968 Annual Meeting, to the Regular Police Officers Salaries and Payrolls Account, appropriated by the Town under Article 2, Item 48 of the 1968 Annual Town Meeting, or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board recommends this action. It simply represents a transfer of funds into the account from which it will be expended. It is a necessary accounting procedure.

ARTICLE 3

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$2,500.00 or any other sum, to be expended under the direction of the Board of Selectmen to replace the 1967

Police Cruiser-Ambulance, or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board recommends this appropriation. The recent expansion of our Police Department permits increased coverage of the town at night. This additional protection requires a new Cruiser-Ambulance to replace one which currently has 107,000 miles on it.

ARTICLE 4

To see if the Town will vote to designate the South Shore Community Action Council, Inc., a Massachusetts General Laws Chapter 180 non-profit corporation, as the agency to carry out the anti-poverty program as defined in the Federal Economic Opportunity Act of 1964 (and as later amended) (Public Law 90-222) in the Town of Norwell, or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board recommends this action. Norwell is currently engaged in this program and this article simply indicates our formal acceptance.

ARTICLE 5

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$1,253.48, or any other sum, to provide for the payment of bills accrued by the School Department during the 1967 calendar year, or act on anything relative thereto.

Requested by the School Committee

The Advisory Board will make its recommendation at the Town Meeting.

ARTICLE 6

To see if the Town will vote to authorize the Board of Water Commissioners to purchase or take by eminent domain, for the purpose of Public Water Supply, two parcels of land, shown as parcels one and two on a plan entitled "Plan of Land in Norwell for the Development of Water Supply Town of Norwell", dated May 10, 1968, located adjacent to the Town-owned strip between Mt. Blue Street and the new stand pipe site on top of Judges Hill and shown on a plan by Loring H. Jacobs, Registered Land Surveyor, a copy of which is on file in the Town Clerk's office, said plan being made a part hereof and incorporated hereto by reference and raise and appropriate, or appropriate from available funds the sum of \$500.00, or any other sum, or act on anything relative thereto.

Requested by the Board of Water Commissioners

The Advisory Board will make its recommendation at the Town Meeting.

ARTICLE 7

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$6,000.00 or any other sum, for snow removal and sanding to be added to the Highway Snow Removal and

Sanding Account, or act on anything relative thereto.

Requested by the Highway Surveyor

The Advisory Board will make its recommendation at the Town Meeting.

ARTICLE 8

To see if the Town will vote to raise and appropriate or appropriate from available funds, the sum of \$767.68, or any other sum, for the Highway Town Account, and to be added to the Highway Department Town Account, or act on anything relative thereto.

Requested by the Highway Surveyor

The Advisory Board will make its recommendation at the Town Meeting.

ARTICLE 9

To see if the Town will vote to abandon the present Junior High School as a teaching facility and to convert the building into municipal purposes as part of a five to six million dollar construction program necessarily to be voted prior to 1972 or 1973, as opposed to the retention and modernization of the present Junior High building to conform to current Junior High Grades educational programs or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board recommends indefinite postponement of this article. In our judgement this serves to confuse rather than clarify the issue.

ARTICLE 10

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$160,000.00, or any other sum, to be expended under the direction of the Permanent Building and Maintenance Committee to obtain preliminary plans or bids on final plans and specifications, for a new Senior High School to be reported to the 1969 Annual Town Meeting, or act on anything relative thereto.

Requested by the Planning Board and the School Committee

The Advisory Board recommends this appropriation with the exact amount to be determined at the Town Meeting. The expansion of our secondary school facilities is one of the town's most pressing needs. In our opinion, this is the most effective way to face and solve this problem.

ARTICLE 11

To see if the Town will vote to establish a Senior High School Site Committee to consist of one member each of the School Committee, Permanent Building and Maintenance Committee, Athletic Field Committee, Planning Board and one other citizen to be appointed by the Moderator to study land requirements for a new Senior High School and to be prepared to report, within 90 days to the Town at the next Town Meeting, and to raise and appropriate, or appropriate from available funds, the sum of \$1,000.00 or any other sum, for use by this committee for the

purpose of making this report, or act on anything relative thereto.

Requested by the Planning Board and the School Committee

The Advisory Board recommends this action. It is essential for the implementation of the previous article.

ARTICLE 12

To see if the Town will vote to instruct the Permanent Building and Maintenance Committee to prepare preliminary plans for an addition to the Sparrell Junior High School Buildings as described in "Plan A" of the "Development Program for Municipal and Educational Facilities for the Town of Norwell"; and to present said preliminary plans together with a request for appropriation for preparation of final plans to the 1969 Annual Town Meeting; and to appropriate from available funds for the preparation of said preliminary plans the sum of \$15,000.00, or any other sum, to be expended under the direction of the Permanent Building and Maintenance Committee for the purposes of this article, or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board does not recommend this appropriation since its implementation is inconsistent with the action previously recommended under Article 10.

ARTICLE 13

To see if the Town will vote to raise and appropriate or appropriate from available funds, the sum of \$10,000.00, or any other sum, to obtain final plans and specifications by the Permanent Building Committee for an addition to the Town Hall, including site development of the Town Hall area, or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board recommends this appropriation. No useful purpose will be served by delaying this project. Our Town Hall must be expanded to meet the growing needs of the Town.

ARTICLE 14

To see if the Town will vote to authorize the Board of Selectmen to purchase or take by eminent domain, for the purpose of a Police Station, a parcel of land containing approximately 1/8 of an acre, with the building thereon, situated on the southerly side of Main Street and bounded easterly by a cemetery, southerly by land of the First Parish Church of Norwell, westerly by land formerly of Nellie L. Sparrell and northerly by Main Street, known as 690 Main Street, and to appropriate therefore the sum of \$21,000.00, or any other sum, and to determine whether the same shall be raised by taxation, by borrowing, by transfer from available funds, or any combination of the foregoing, or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board recommends this appropriation. Proper facilities for our Police Department are also one of our pressing needs and no useful purpose will be served by delaying further.

ARTICLE 15

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$9,000.00, or any other sum, to obtain final plans and specifications by the Permanent Building Committee for the conversion of a garage located on the property known as 690 Main Street into a Police Station, or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board recommends this action. It is essential for the implementation of the previous article.

ARTICLE 16

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$875.00, or any other sum, to be added to the Emergency Communications Center Salaries appropriated by the Town under Article 2, Item 65, of the March 11, 1968 Annual Town Meeting, or act on anything relative thereto.

Requested by the Emergency Communications Center Board

The Advisory Board does not recommend this appropriation. As stated in our report at the Annual Town Meeting, we feel that employees at the Communications Center are currently being paid a fair wage and see no reason for an increase.

ARTICLE 17

To see if the Town will vote to authorize and direct the Board of Water Commissioners to purchase or take by eminent domain, for the purpose of public water supply, a parcel of land, containing approximately 28 acres, located off Grove Street to the west of the land presently owned by the Town and used for public water supply, more particularly shown on a plan entitled "Compiled Plan of Land in Norwell, Mass. for Well Field Protection", dated May 17, 1968 by Whitman and Howard, Inc., Engineers and Architects, a copy of which is on file in the Town Clerk's office, said plan being made a part hereof and incorporated hereto by reference, and appropriating herefore the sum of \$15,000.00 or any other sum, and to determine whether the same shall be raised by taxation, by transfer from available funds, by borrowing, or by any combination of the foregoing, or act on anything relative thereto.

Requested by the Board of Water Commissioners

The Advisory Board will make its recommendations at the Town Meeting.

ARTICLE 18

To see if the Town will vote to amend the Norwell Zoning By-Laws, Article XVII, by adding a new paragraph "C" to Section VIII, entitled

"Signs and Trailers", to read as follows:

"C. In the Business Districts, no sign, exceeding 24 square feet in area, with no more than one per business, may be erected or placed on any building or lot unless approved by the Board of Appeals. The Board of Appeals shall not grant permission for the erection or placement of any sign exceeding 24 square feet in area on any building or lot unless such sign is in keeping with the general conditions existing in the area, will not effect public safety in the area, and will not be injurious or offensive to the neighborhood because of lighting, noise, obstruction of vision, or the creation of visual confusion in the area."

or act on anything relative thereto.

Requested by the Planning Board

The Advisory Board will make its recommendations at the Town Meeting.

ARTICLE 19

To see if the Town will vote to amend Section VII of Article XVII of the Town of Norwell Zoning By-Laws by deleting Paragraph 1A under "lot sizes" and by substituting, therefore, a new Paragraph 1A to read as follows:

"A. Residential District A — a minimum of one acre for each dwelling with 150 feet or more at the setback line (75 feet from the Center line of an approved way or 50 feet from the way line) and parallel thereto with 80 feet minimum frontage on the way line. (For "ways" see G.L. 41, Section 81-L)

and by deleting Paragraph 1B under "lot sizes" and by substituting, therefore, a new Paragraph 1B to read as follows:

"B. Residential District B — a minimum of one-half acre for each dwelling with 125 feet or more at the setback line (60 feet from the center line of an approved way or 35 feet from the way line) and parallel thereto with 80 feet minimum frontage on the way line. (For "ways" see G.L. 41, Section 81-L)

or act on anything relative thereto.

Requested by the Planning Board

The Advisory Board will make its recommendations at the Town Meeting.

ARTICLE 20

To see if the Town will vote to amend the Norwell By-Laws, Article X, entitled "Public Ways", by adding new Sections 8, 9, and 10, to read as follows:

"SECTION 8. No person, other than a public officer or town agent, servant, or employee in the performance of his duties, shall place any obstruction to travel on any public way without the consent of the Select-

men; provided, however, that this Section 8 shall not be construed to prohibit reasonable emergency action to warn travelers of any obviously dangerous condition observed in the public way, provided the condition and action taken are reported by the person taking such action as soon as reasonably may be to the Selectmen, the Norwell Police Department or the Highway Surveyor. No person shall leave any rubbish or refuse, or any noxious, dangerous, offensive or unsightly object or matter on or in any public way or common lands of the Town."

"SECTION 9. Every person operating or having charge of a vehicle in any public way shall operate it as may be directed by any Norwell Police Officer in performance of his legal duties."

"SECTION 10. The Highway Surveyor may for the purposes of removing or plowing snow, or removing ice, from any public way, remove, or cause to be removed, to some convenient place, including any public garage, any vehicle which interferes with the removal or plowing of such snow, or the removal of such ice. In the event that such vehicle is so removed, the owner of such vehicle shall be liable for the cost of such removal and for the storage charges, if any, resulting therefrom, but shall not, notwithstanding any other provision of these By-Laws, be otherwise liable to any fine, penalty or other charge solely by reason of the fact that such vehicle was interfering with such plowing or removal."

or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board recommends this action. The proposed amendment is essential to the security and welfare of the Town and will assist our Police and Highway Departments in the performance of their duties.

ARTICLE 21

To see if the Town will vote to revoke the acceptance of General Laws, Chapter 40, Section 22D, as provided therein, a section that deals with the towing away of vehicles illegally parked or standing on public ways, or act on anything relative thereto.

Requested by the Highway Surveyor

The Advisory Board recommends this revocation. The present ruling is practically worthless since it limits towing charges to \$8.00 which is too little to enable having any towing done.

ARTICLE 22

To see if the Town will vote to change the name of Till Rock Lane, from Brigantine Way West to the Dead End, to Brigantine Way West — this is an accepted Town Way — or act on anything relative thereto.

Requested by the Highway Surveyor

The Advisory Board recommends this action. It is a necessary change to more clearly define this Town Way.

ARTICLE 23

To see if the Town will vote to accept the provisions of General Laws, Chapter 40, Section 6J, that provides that the Town may appropriate money for the purchase of stormy weather work clothes and other work clothes for its employees, or act on anything relative thereto.

Requested by the Highway Surveyor

The Advisory Board will make its recommendation at the Town Meeting.

ARTICLE 24

To see if the Town will appropriate the sum of fifteen thousand dollars (\$15,000.00) or any other sum, for use by the Permanent Drainage Committee to accomplish the design, specifications and construction of drainage projects, including Bound Brook Pond at Mt. Hope Street, and to determine whether the same shall be raised by taxation, by borrowing, by transfer from available funds or by any combination of the foregoing, or act on anything relative thereto.

Requested by the Permanent Drainage Committee

The Advisory Board will make its recommendation at the Town Meeting.

ARTICLE 25

To see if the Town will appropriate the sum of \$165,000.00 or any other sum, for use by the Permanent Drainage Committee, to accomplish the design, specifications and construction of drainage projects, including the Washington Park and Norwell Homes areas, and to determine whether the same shall be raised by taxation, by borrowing, by transfer from available funds or by any combination of the foregoing, or act on anything relative thereto.

Requested by the Permanent Drainage Committee

The Advisory Board will make its recommendation at the Town Meeting.

ARTICLE 26

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$6,000.00, or any other sum, to be expended under the direction of the Superintendent of Public Grounds, subject to the approval of the Board of Directors of the Norwell Little League, for the construction of two Little League Baseball Diamonds, near the present Little League Field on Main Street, or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board will make its recommendation at the Town Meeting.

ARTICLE 27

To see if the Town will vote to appropriate the sum of One Hundred Ninety-Six Thousand, Five Hundred and Fifty Dollars (\$196,550.) or any other sum, for the construction, including all costs and furnishings,

under the direction of the Permanent Building and Maintenance Committee, of a swimming pool with deck, bath house and park with other recreational facilities, on Town-Owned land on the easterly side of Jacobs' Pond bounded by Jacobs' Lane, as approved by the Recreation Commission, and to determine whether the same shall be raised by taxation, by borrowing, by transfer from available funds or by any combination of the foregoing, or act on anything relative thereto.

Requested by the Recreation Commission

The Advisory Board does not recommend this appropriation. With the many necessary expenditures facing the town, we consider this a luxury which we simply cannot afford.

ARTICLE 28

To see if the Town will vote to modify the authorization given under Article 31 of the 1967 Annual Town Meeting, by requiring the construction of the sidewalk on the westerly side of High Street, from the Grace Farrar Cole School to the Southeast Expressway Underpass, a distance of approximately 2700 feet, to be substantially completed, under the direction of the Board of Selectmen, all as generally located and shown on a Plan, numbered 1267-1, on file with the Town Clerk's Office, being incorporated herein be reference, and also in accordance with Massachusetts Department of Public Works specifications, set forth on said plan, and to meet the expenses thereof to appropriate and transfer from the appropriation made under Article 31 of the 1967 Annual Town Meeting the sum of \$6,879.33, or act on anything relative thereto.

Requested by 109 Registered Voters

The Advisory Board will make its recommendation at the Town Meeting.

ARTICLE 29

To see if the Town will vote to postpone indefinitely the execution of Article 31 of the 1967 Annual Town Meeting, and to restore all Town property effected by previous construction under Article 31 of the 1967 Annual Town Meeting to its original condition prior to that sidewalk construction, and to meet the expenses thereof to appropriate and transfer from the appropriation made under Article 31 of the 1967 Annual Town Meeting the sum of \$6,879.33, the remaining surplus to be returned to the Excess and Deficiency Fund, or to act on anything relative thereto.

Requested by 110 Registered Voters

The Advisory Board will make its recommendation at the Town Meeting.

ARTICLE 30

To see if the Town will vote to transfer \$1.00, or any other sum, from available funds, and authorize the Assessors to use this sum, to decrease the 1968 tax rate, or act on anything relative thereto.

Requested by the Advisory Board

The Advisory Board will make its recommendation at the Town Meeting.

You are directed to serve this Warrant by posting a copy thereof, attested to by you in writing, at each of five public places in the Town, seven days at least before the time for holding the meeting called for in the Warrant.

Hereof fail not, and make due return of this Warrant with your doings thereon to the Town Clerk of said Town on or before the thirteenth day of June, 1968.

Given under our hands at Norwell this 3rd day of June, in the Year of Our Lord, 1968.

Richard A. Housley, *Chairman*
Chester A. Rimmer

A True copy — Attest

BOARD OF SELECTMEN

"I this day posted the within warrant as within directed, in accordance with the town by-law and make this my return.

Harland W. Farrar,
Constable"

RECORD OF THE SPECIAL TOWN MEETING JUNE 13, 1968

Pursuant to the foregoing Warrant, the qualified voters met at the Senior High School on June 13, 1968, with 691 voters in attendance.

Under the direction of the Moderator, David Lee Turner, the meeting opened at 7:45 P.M.

Tellers were appointed and sworn by the Moderator — James T. King, William Coakley, Warren Stauffer, Rollin Bailey and Joseph Paradis, with William Coakley designated as head teller. George H. Whitcher, Jr., was appointed and sworn by the Moderator to be the Deputy Moderator in the gymnasium for the over-flow crowd. Tellers in the gymnasium were Daniel Ramsey and Raymond Henderson.

It was VOTED to admit the following and they be granted the privilege of speaking, although non-voters — Mr. Clifford Stewart, Mr. Anthony Bahros, Principal; Mr. Henry Goldman, Principal; Mr. Vincent Poirier, Asst. Supt. and Mr. Watson from the Department of Public Health.

ARTICLE 1

VOTED to raise and appropriate the sum of \$275.00 to be expended under the direction of the Superintendent of Public Grounds for the purchase of a trailer for use by the Tree and Public Grounds Departments.

ARTICLE 17

It was VOTED to take up Article 17 out of order, because Mr. Watson from the State Department of Health was present to speak and it was

asked that he be allowed to speak, and not delay until Article 17 came up in the proper sequence.

VOTED UNANIMOUSLY that the Town authorize and direct the Board of Water Commissioners to purchase or take by eminent domain, for the protection of the Town of Norwell Water System, a parcel of land, containing approximately 28 acres, located on the northerly side of Grove Street, in Norwell, to the west of land presently owned by the Town and used for public water supply, more particularly shown on a plan entitled "Compiled Plan of Land in Norwell, Mass. for Well Field Protection", dated May 17, 1968 by Whitman and Howard, Inc., Engineers and Architects, a copy of which is on file in the Town Clerk's office, and a copy of which is on display in the lobby for this auditorium, said plan being made a part hereof and incorporated herein by reference, and to appropriate therefor and all expenses in connection therewith the sum of \$35,000.00 and to meet the appropriation the Town raise and appropriate the sum of \$5,000.00 and authorize the Treasurer, with the approval of the Board of Selectmen, to borrow the sum of \$30,000.00 under General Laws, Chapter 44 as amended.

ARTICLE 2

VOTED UNANIMOUSLY to appropriate and transfer the sum of \$7,300.00 from the Police Sergeants Salary Account, appropriated by the Town under Article 2, Item 47 of the 1968 Annual Meeting, to the Regular Police Officers Salaries and Payrolls Account, appropriated by the Town under Article 2, Item 48 of the 1968 Annual Town Meeting.

ARTICLE 3

VOTED UNANIMOUSLY to raise and appropriate the sum of \$2,800.00 to be expended under the direction of the Board of Selectmen to replace the 1967 Police Cruiser-Ambulance.

ARTICLE 4

VOTED UNANIMOUSLY to designate the South Shore Community Action Council, Inc., a Massachusetts General Laws Chapter 180 non-profit Corporation, as the agency to carry out the anti-poverty program as defined in the Federal Economic Opportunity Act of 1964 (and as later amended) (Public Law 90-222) in the Town of Norwell.

ARTICLE 5

VOTED to raise and appropriate the sum of \$1,253.48 to provide for the payment of bills accrued by the School Department during the 1967 calendar year. Yes, 413, no, 3.

ARTICLE 6

VOTED UNANIMOUSLY to authorize the Board of Water Commissioners to purchase or take by eminent domain, for the purpose of Public Water supply, two parcels of land, shown as parcels one and two on a plan entitled "Plan of Land in Norwell for the Development of Water Supply Town of Norwell", dated May 10, 1968, located adjacent to the Town-

owned strip between Mt. Blue Street and the new stand pipe site on top of Judges Hill and shown on a plan by Loring H. Jacobs, Registered Land Surveyor, a copy of which is on file in the Town Clerk's office, said plan being made a part hereof and incorporated hereto by reference and raise and appropriate the sum of \$1,200.00.

ARTICLE 7

VOTED to raise and appropriate the sum of \$6,000.00 for snow removal and sanding to be added to the Highway Snow Removal and Sanding Account.

ARTICLE 8

VOTED to raise and appropriate the sum of \$767.68 for the Highway Town Account, and to be added to the Highway Department Town Account.

ARTICLE 9

VOTED to indefinitely postpone action on Article 9.

ARTICLE 10

VOTED, 344 yes, no 146, to raise and appropriate the sum of \$170,000.00 to be expended under the direction of the Permanent Building and Maintenance Committee to obtain preliminary plans or bids on final plans and specifications, for a new Senior High School to be reported to the 1969 Annual Town Meeting.

ARTICLE 11

VOTED to establish a Senior High School Site Committee to consist of one member each of the School Committee, Permanent Building and Maintenance Committee, Athletic Field Committee, Planning Board and one other citizen to be appointed by the Moderator to study land requirements for a new Senior High School and to be prepared to report, within 90 days to the Town at the next Town Meeting, and to raise and appropriate the sum of \$1,000.00 for use by this Committee for the purpose of making this report.

ARTICLE 12

VOTED to indefinitely postpone action on Article 12.

ARTICLE 13

VOTED to indefinitely postpone action on Article 13.

****A motion was made to adjourn, but was defeated.**

ARTICLE 14

VOTED to indefinitely postpone action on Article 14.

ARTICLE 15

VOTED to indefinitely postpone action on Article 15.

ARTICLE 16

VOTED to raise and appropriate the sum of \$875.00 to be added to the Emergency Communications Center Salaries appropriated by the Town under Article 2, Item 65, of the March 11, 1968 Annual Town Meeting.

ARTICLE 18

VOTED UNANIMOUSLY to table Article 18.

ARTICLE 19

VOTED to amend Section VII of Article XVII of the Town of Norwell Zoning By-Laws by deleting Paragraph 1A under "lot sizes" and by substituting therefore, a new Paragraph 1A to read as follows:

"A. Residential District A — a minimum of one acre for each dwelling with 150 feet or more at the setback line (75 feet from the Center line of an approved way or 50 feet from the way line) and parallel thereto with 80 feet minimum frontage on the way line (For "ways" see G. L. 41, Section 81-L) and by deleting Paragraph 1B under "lot sizes" and by substituting, therefore, a new Paragraph 1B to read as follows:

"B. Residential District B — a minimum of one-half acre for each dwelling with 125 feet or more at the setback line (60 feet from the center line of an approved way or 35 feet from the way line) and parallel thereto with 80 feet minimum frontage on the way line. (For "ways" see G. L. 41, Section 810L) The Chairman of the Planning Board reported that a hearing had been held, with a favorable report. Voted 166 yes, 48 no.

ARTICLE 18

It was VOTED that Article 18 be taken from the table.

VOTED UNANIMOUSLY to amend the Norwell Zoning By-Laws, Article XVII, by adding a new paragraph "C" to Section VII, entitled "Signs and Trailers" to read as follows:

"C. In the Business Districts, no sign, exceeding 24 square feet in area nor more than 8 feet on any side, with no more than one per business, may be erected or placed on any building or lot unless approved by the Board of Appeals. The Board of Appeals shall not grant permission for the erection or placement of any sign exceeding 24 square feet in area or 8 feet on any side on any building or lot unless such sign is in keeping with the general conditions existing in the area, will not effect public safety in the area, and will not be injurious or offensive to the neighborhood because of lighting, noise, obstruction of vision, or the creation of visual confusion in the area."

ARTICLE 20

VOTED that the Town amend the Norwell By-Laws, Article X, entitled "Public Ways", by adding new Section 8, 9, and 10, to read as follows:

"SECTION 8. No person, other than a public officer or town agent,

servant, or employee in the performance of his duties, shall place any obstruction to travel on any public way without the consent of the Selectmen; provided, however, that this Section 8 shall not be construed to prohibit reasonable emergency action to warn travelers of any obviously dangerous condition observed in the Public Way, provided the condition and action taken are reported by the person taking such action as soon as reasonably may be to the Selectmen, the Norwell Police Department or the Highway Surveyor. No person shall leave any rubbish or refuse, or any noxious, dangerous, offensive or unsightly object or matter on or in any public way or common lands of the Town."

"SECTION 9. Every person operating or having charge of a vehicle in any public way shall operate it as may be directed by any Norwell Police Officer in performance of his legal duties."

"SECTION 10. The Highway Surveyor may for the purposes of removing or plowing snow, or removing ice, from any public way, remove, or cause to be removed, to some convenient place, including any public garage, any vehicle which interferes with the removal or plowing of such snow, or the removal of such ice. In the event that such vehicle is so removed, the owner of such vehicle shall be liable for the cost of such removal and for the storage charges, if any, resulting therefrom, but shall not, notwithstanding any other provisions of these By-Laws, be otherwise liable to any fine, penalty or other charge solely by reason of the fact that such vehicle was interfering with such plowing or removal."

ARTICLE 21

VOTED to revoke the acceptance of General Laws, Chapter 40, Section 22D, as provided therein, a section that deals with the towing away of vehicles illegally parked or standing on public ways.

ARTICLE 22

Motion made and seconded to change the name of Till Rock Lane, from Brigantine Way West to the Dead End, to Brigantine Way West — this is an accepted Town Way.

A motion was made and seconded to amend Article 22 to provide that the name of that portion of Till Rock Lane, from Brigantine Way West to the Dead End, be changed to Brigantine Way.

A motion to indefinitely postpone action on Article 22 was not carried.

The amendment was voted and carried.

The motion, as amended, was voted and carried.

"VOTED to provide that the name of that portion of Till Rock Lane, from Brigantine Way West to the Dead End, be changed to Brigantine Way."

ARTICLE 23

VOTED to accept the provisions of General Laws, Chapter 40, Section 6J, that provides that the Town may appropriate money for the pur-

chase of stormy weather work clothes and other work clothes for its employees.

ARTICLE 24

VOTED that the Town raise and appropriate the sum of fifteen thousand dollars (\$15,000.00) for use by the Permanent Drainage Committee to accomplish the design, specifications and construction of drainage projects, including Bound Brook Pond at Mt. Hope Street.

ARTICLE 25

VOTED, 188 yes, 17 no, to appropriate the sum of \$165,000.00 for use by the Permanent Drainage Committee, for the construction of sewers for surface drainage purposes in the Washington Park and Norwell Homes and other areas throughout the town and to meet the appropriation the Town raise and appropriate the sum of \$15,000.00 and authorize the Treasurer, with the approval of the Board of Selectmen, to borrow the sum of \$150,000.00 under General Laws, Chapter 44, as amended.

ARTICLE 26

VOTED that the Town raise and appropriate the sum of \$6,000.00, to be expended under the direction of the Superintendent of Public Grounds, subject to the approval of the Recreation Commission, for the leasing of land for park purposes for a period of five years and for the construction of two Little League baseball diamonds, near the present Little League field on Main Street, in said park for public exercise and instruction.

ARTICLE 27

Article 27 was DEFEATED — by a vote of 46 yes, 151 no.

ARTICLE 28

Article 28 was not carried.

ARTICLE 29

Article 29 was DEFEATED.

ARTICLE 30

It was VOTED UNANIMOUSLY to transfer \$80,000.00 from Free Cash and authorize the Assessors to use this sum, to decrease the 1968 tax rate.

It was VOTED to adjourn at 12:45 A.M.

Attest:

NELLIE G. TARR
Town Clerk

Constable"

RECORD OF SPECIAL TOWN ELECTION
JULY 31, 1968

Pursuant to the foregoing Warrant, the qualified voters of the Town of Norwell met on Wednesday, July 31, at the Senior High School and

cast their votes to fill a vacancy on the Board of Selectmen caused by the resignation of Theodore R. Love, unexpired term to March, 1970.

The polls were opened at 12 o'clock noon. Inspectors sworn by the Town Clerk were: Eleanor J. Benner, Mary Jane Clark, Helen P. Packard, John Lindsay, Eleanor F. Mitchell, Carmella Molla, Eleanor L. MacLeod and Julia Rosebach. Also, Wilder A. Gaudette, Warden; Mary E. McBrine, Clerk; and John J. Piotti, Ballot Box Officer. Constables on duty were Harland W. Farrar and Theodore A. Baldwin.

The ballot box was opened and inspected and declared empty. The register was set at 0000, prior to the opening of the polls.

The polls were closed at 8:00 P.M. The absentee ballots were cast. The total number of ballots cast was 977 — 969 cast in person and 8 absentee.

The Town Clerk swore in the following tellers at 8:00 P.M.: Matilda Baldwin, Yolanda Ryan, Helen P. Packard, Lillian Brokaw, Charles W. Bayley, Jr., Jessie R. Bailey, Jean M. Lantz, Phyllis S. Lindsay, Agnes Albert, Ann J. Valair, June M. Lepisto and Emma S. Oronte.

Upon being counted in open meeting, the ballots were found to have been cast as follows:

Katherine E. Cranton	86
Robert G. MacWilliams	71
John Petze	483
Peter D. Smellie	328
Blanks	9
TOTAL	977

SELECTMEN OF NORWELL

"I have this day posted the within warrant in accordance with the town by-law and make this my return.

Harland W. Farrar,
 Constable"

STATE PRIMARY SEPTEMBER 17, 1968

Pursuant to the foregoing Warrant, the qualified voters of the Town of Norwell met at the Senior High School and cast their votes from 12 Noon to 8:00 P.M.

Prior to the declaration by the Warden that the polls were open, the ballot boxes were inspected and found to be empty. The box was closed and the register set at 0000 and the keys given into the custody of the Constable.

The Town Clerk swore in the following: Wilder A. Gaudette, Warden; Mary E. McBrine, Clerk; John J. Piotti, Ballot Box Officer; Eleanor J. Benner, Jessie R. Bailey, Helen P. Packard, Carmella Molla, Frances S. Molla, Julia Rosebach and Eleanor F. Mitchell as Inspectors. In the absence of one of the Inspectors called to duty, the Town Clerk appointed and swore in Mrs. Beverly L. Burbank.

At the closing of the polls at 8:00 P.M., the Town Clerk swore in the following as tellers: Phyllis S. Lindsay, Jean M. Lantz, Irene E. Erickson, Edward B. McLenna, Roy R. Richardson, Josephine A. Bourdelais, Wayland S. Bailey, Agnes Albert, Mary C. Duarte, Florence Hudspeth, Priscilla A. Walsh, June M. Lepisto, Barbara A. Farren and Emma Oronte.

Upon being opened and canvassed in open meeting, it was recorded that a total of 748 ballots had been cast; 616 Republican and 132 Democratic.

Town Clerk

TOWN OF NORWELL

Commonwealth of Massachusetts

WARRANT for Special Town Meeting

Monday, September 30, 1968

At Seven-thirty O'clock in the Afternoon

At the Senior High School

Plymouth, s. s.

To one of the constables of the Town of Norwell, in said County of Plymouth and Commonwealth of Massachusetts,

GREETINGS:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Norwell, qualified to vote in elections and Town affairs, to meet at the Senior High School in said Norwell, on Monday, the Thirtieth day, of September, 1968, at 7:30 P.M., then and there to act upon the following articles, to wit:

ARTICLE 1

To see if the Town will vote to appropriate from available funds, the sum of \$1,975.00, or any other sum, to be added to the W. J. Leonard Memorial Library salaries and expenses appropriated by the Town under Article 2, Item 116 of the 1968 Annual Town Meeting, or act on anything relative thereto.

Requested by the Trustees of

The W. J. Leonard Memorial Library

The Advisory Board recommends approval of this article. These additional funds will cover essential repairs and allow longer hours of operation which are much needed.

ARTICLE 2

To see if the Town will vote to appropriate from available funds, the sum of \$4,000.00, or any other sum, to be added to the Veterans Aid and Expenses appropriation voted by the Town under Article 2, Item

109 of the 1968 Annual Town Meeting, or act on anything relative thereto.

Requested by the Veterans' Agent

The Advisory Board recommends approval of this appropriation. These additional funds are needed to meet known obligations for the balance of the year.

ARTICLE 3

To see if the Town will vote to appropriate from available funds the sum of \$2,500.00, or any other sum, to be added to the Temporary Loan Interest Appropriation voted by the Town under Article 2, Item 136 of the 1968 Annual Town Meeting, or act on anything relative thereto.

Requested by the Town Treasurer

The Advisory Board recommends approval of this appropriation. The major reasons for the additional temporary loan financing have been the delay in receipt of State funds this year and the increase in loan interest rates.

ARTICLE 4

To see if the Town will vote to appropriate from available funds, the sum of \$25,000.00, or any other sum, to be added to the General Education Expense appropriation voted by the Town under Article 2, Item 110 of the 1968 Annual Town Meeting, or act on anything relative thereto.

Requested by the School Committee

The Advisory Board recommends this appropriation in the amount of \$24,614.00. This amount is essential to meet union and bus contract obligations incurred since the school budget was voted at the Annual Town Meeting.

ARTICLE 5

To see if the Town will vote to rescind those portions of the authorization given under Article 24 of the March 14, 1966 Meeting that have not been accomplished, or act on anything relative thereto.

Requested by the Senior High School Site Committee

The Advisory Board recommends this action. The Town voted to build a new free standing High School in June 1968. A Town vote is now needed to rescind those portions of the authorization given under Article 24 of the March 1966 Meeting that have not been accomplished, thereby releasing the \$58,680.85 held in this account, for other needed expenses.

ARTICLE 6

To see if the Town will vote to revoke the uncommitted portion of the authorization for final plans and specifications for a new high school voted under Article 10 in the June 13, 1968 Meeting and to transfer the uncommitted portion of the appropriation made under Article 10 to Ex-

cess and Deficiency, or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board does NOT recommend this action. As pointed out at the June 1968 Town Meeting, a new free standing High School as then voted is badly needed by Norwell.

ARTICLE 7

To see if the Town will vote to amend the authorization and instructions voted under Article 10 in the June 13, 1968 Meeting authorizing the purchase of final plans and specifications for a new High School to include an instruction to the Building Committee to submit to the Town in a Town Meeting for approval by the Town the preliminary plans for such a school with a minimum of 900 net capacity and with building and site alternates each supported by designing architect's cost estimates and that such approval of any preliminary plan shall be voted by the Town prior to any commitment for final plans and specifications, or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board will give its recommendation at Town Meeting.

ARTICLE 8

To see if the Town will vote to authorize and direct the Board of Selectmen to purchase or take by eminent domain, for school purposes, three parcels of land, containing approximately 60 acres, located on the southerly side of Main Street, both sides of Circuit Street and the northerly side of Pleasant Street in the Town of Norwell, now or formerly owned in whole or in part by Doris E. Donovan and Robert F. DeStefano, more particularly shown on a plan by Loring H. Jacobs, Registered Land Surveyor, dated August 21, 1968, entitled: "Plan of Land to be Taken for School Purposes on Main Street, Circuit Street and Pleasant Street, Norwell, Mass.", a copy of which is on file in the Town Clerk's Office, said plan being made a part hereof and incorporated herein by reference, and appropriating therefore and all expenses in connection therewith the sum of \$140,000.00, or any other sum, and to determine whether the same shall be provided by transfer from available funds, by borrowing, or by any combination of the foregoing, or act on anything relative thereto.

Requested by the Senior High School Site Committee

The Advisory Board will give its recommendation at Town Meeting.

ARTICLE 9

To see if the Town will vote to create a special Senior High School Building Committee to consist of 1 member each from the Permanent Building and Maintenance Committee, School Committee, School Administration, Athletic Field Committee, and 3 other citizens to be appointed by the Moderator and to authorize and direct this Committee to

obtain final plans and specifications for a new Senior High School and bids on these plans and specifications and to transfer the sum of \$170,000.00 or any other sum voted under Article 10 of the June 13, 1968 Special Town Meeting to this new Committee for this purpose or act on anything relative thereto.

Requested by the Planning Board

The Advisory Board does NOT recommend this action. The present Permanent Building and Maintenance Committee is fully qualified to fulfill this responsibility.

ARTICLE 10

To see if the Town will vote to amend Article IV, entitled "Town Meetings", of the Norwell By-laws by amending Section 5 to read as follows:

"*Section 5.* All Town Meeting votes, except those containing authorization for a borrowing in excess of \$100,000.00 and requiring more than a majority vote, or otherwise provided for by law, shall first be taken by a voice vote. If the Moderator is in doubt or if seven voters immediately question the vote, the Moderator shall call for a standing vote taken by sworn tellers. In the case of a motion authorizing a borrowing in excess of \$100,000.00 and requiring more than a majority vote, a secret ballot shall be used in all instances.", or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board does NOT recommend this action. We believe this would prove to be an unnecessary and time-consuming procedure and would not affect materially any Town vote.

ARTICLE 11

To see if the Town will vote to repeal Section I of Article V of the By-Laws of the Town of Norwell and substitute in lieu thereof, the following:

ARTICLE V — ELECTED TOWN OFFICERS — SELECTMEN:

"*Section I.* The Board of Selectmen shall consist of five members, two elected one year, two elected the following year and one elected the third year, all for a term of three years.",

or act on anything relative thereto.

Requested by 121 Registered Voters

The Advisory Board will make its recommendation at Town Meeting.

ARTICLE 12

To see if the Town will vote to amend Article XI, entitled "Licenses", of the Town By-Laws, by adding a new Section 6, to read as follows:

"*Section 6.* There shall be no peddling of commercial goods in the Town of Norwell without a peddlers license, issued by the Board of Selectmen. There shall be no door to door solicitation by commercial salesmen or agents in the Town of Norwell without written

authorization from the Board of Selectmen.",
or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board recommends this amendment. We are told by the Selectmen that the Police have asked for this change in the Town By-Laws to give them proper control of this situation.

ARTICLE 13

To see if the Town will vote to amend Article XV of the Norwell By-Laws by adding new Sections 1, 2, 3 and 4, to read as follows:

"*Section 1.* No person shall, between the hours of 8:00 P.M. and 8:00 A.M., set up on any property, public or private, without permission of the owner thereof, or the Board of Selectmen in the case of public property, a camp or tent or sleep in the open on any property, public or private, within the territorial limits of the Town of Norwell."

"*Section 2.* No person shall behave in a rude, indecent or disorderly manner, or use profane, indecent or insulting language in or near any house or in any public place or building, or on any sidewalk or street of the Town of Norwell, to the annoyance of any reasonable person there being or passing."

"*Section 3.* Three or more persons shall not continue to stand or remain in a group or near each other on any sidewalk or in any public place in such a manner as to obstruct the free passage of foot passengers or motor vehicle traffic after having been requested by a constable or police officer to move on."

"*Section 4.* Whoever violates any section of this By-Law shall be punished by a fine of not more than Fifty (\$50.00) Dollars.",

or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board recommends this action. It gives the Police the necessary legal By-Law to better control any "would be" troublemakers in the Town.

You are directed to serve this Warrant by posting a copy thereof, attested to by you in writing, at each of five public places in the Town, seven days at least before the time for holding the meeting called for in the Warrant.

Hereof fail not, and make due return of this Warrant with your doings thereon to the Town Clerk of said Town on or before the Thirtieth day of September, 1968.

Given under our hands at Norwell this twentieth day of September, in the Year of Our Lord, 1968.

Richard A. Housley
Chester A. Rimmer
John Petze
BOARD OF SELECTMEN

"I this day posted the within warrant in accordance with the town by-law, and make this return.

(Signed)
Harland W. Farrar,
Constable"

RECORD OF THE SPECIAL TOWN MEETING SEPTEMBER 30, 1968

Pursuant to the foregoing Warrant, the qualified voters met at the Senior High School on September 30, 1968. The total tally of voters in attendance was 864.

The Moderator, David Lee Turner, opened the meeting at 7:45 P.M. The Town Clerk read the return of service of the Warrant by the Constable, Harland W. Farrar. It was voted to omit the reading of the articles in the Warrant until taken up for action and that the Town Clerk file a copy with the record of the meeting.

Tellers were appointed and sworn by the Moderator as follows: James King, John Lindsay, William Coakley, Marshall Bailey, Lloyd West, Francis Chase, Jr., Richard Bergeron and Richard Messinger. William Coakley was designated as Head Teller. Orville Devine was appointed and sworn as Deputy Moderator for the people assembled in the gymnasium, connected by amplifiers and microphones.

Resident non-voters were seated in the gymnasium. The following lawyers were admitted at the request of the Moderator, to speak on Article 8, on behalf of their clients, and seated on the stage — John Thomson, Attorney for Mrs. Doris Donovan and Michael G. C. Bucuvalas, Attorney for Mr. Henry DeStefano.

Checkers on the voting lists were sworn by the Town Clerk: Eleanor Benner, Mary McBrine, Helen Packard and Julia Rosebach. Mrs. Dorothy Perkins, reporter for the Quincy Ledger was admitted and also seated on the stage. It was voted that Vincent Poirier and Henry Goldman of the School Department also be allowed to enter the meeting, at the request of the School Committee. Miss Glidden's class in Government was also admitted and seated in the gymnasium.

ARTICLE 1

VOTED that the Town appropriate and transfer from Free Cash, the sum of \$1,975.00 to be added to the W. J. Leonard Memorial Library salaries and expenses appropriated by the Town under Article 2, Item 116 of the 1968 Annual Town Meeting.

ARTICLE 2

VOTED that the Town appropriate and transfer from Free Cash, the sum of \$4,000.00 to be added to the Veterans Aid and Expenses appropriation voted by the Town under Article 2, Item 109 of the 1968 Annual Town Meeting.

ARTICLE 3

VOTED that the Town appropriate and transfer from Free Cash, the sum of \$2,500.00 to be added to the Temporary Loan Interest Appropriation voted by the Town under Article 2, Item 136 of the 1968 Annual Town Meeting.

ARTICLE 4

VOTED that the Town appropriate and transfer from Free Cash, the sum of \$24,614.00 to be added to the General Education Expense appropriation voted by the Town under Article 2, Item 110 of the 1968 Annual Town Meeting.

ARTICLE 5

It was moved that the Town vote to rescind those portions of the authorization given under Article 24 of the March 14, 1966 Meeting that have not been accomplished.

The voice vote was indecisive. A standing vote was taken and the results were: 383 yes, 391 no.

Motion was made to re-consider. The Moderator declared the motion was lost when a voice vote was taken. The voters were tallied and the vote was 337 yes, 407 no, to re-consider.

ARTICLE 6

Moved that the Town revoke the uncommitted portion of the authorization for final plans and specifications for a new high school voted under Article 10 in the June 13, 1968 Meeting and to transfer the uncommitted portion of the appropriation made under Article 10 to Excess and Deficiency. An amendment was moved to change the words "final plans" to "preliminary plans" but was later withdrawn. The motion was DEFEATED by voice vote.

ARTICLE 7

VOTED: 485 yes, 114 no, to amend the authorization and instructions voted under Article 10 in the June 13, 1968 Meeting authorizing the purchase of final plans and specifications for a new High School to include an instruction to the Building Committee to submit to the Town in a Town Meeting for approval by the Town the preliminary plans for such a school with a minimum of 900 net capacity and with building land site alternates each supported by designing architect's cost estimates and that such approval of any preliminary plan shall be voted by the Town prior to any commitment for final plans and specifications.

ARTICLE 8

VOTED: 109 yes, 340 no: that the Town authorize and direct the Board of Selectmen to purchase or take by eminent domain, for school purposes, three parcels of land, containing approximately 60 acres, located on Main Street, Circuit Street and Pleasant Street in Norwell, now or formerly owned in whole or in part by Doris E. Donovan and Robert F. DeStefano, more particularly shown on a plan by Loring H. Jacobs, Registered Land Surveyor, dated August 21, 1968, entitled: "Plan of Land to be taken for School Purposes on Main Street, Circuit Street and Pleasant Street, Norwell, Mass.," a copy of which is on file in the Town Clerk's office, said plan being made a part hereof and incorporated herein by reference, with said land being shown on said plan as Parcels 1, 2, and 3, and bounded and described, according to said Plan, as follows:

PARCEL 1 — located on the SOUTHEASTERLY side of MAIN STREET and the NORTHEASTERLY side of Circuit Street, in NORWELL, containing 19.72 acres and bounded, according to said plan, as follows:

NORTHWESTERLY	by MAIN STREET, 450.00 feet;
SOUTHWESTERLY	by land of CHARLES E. WHITE and MILDRED L. WHITE, 363.05 feet;
NORTHWESTERLY	by land of CHARLES E. WHITE and MILDRED L. WHITE, 203.84 feet;
SOUTHWESTERLY	by CIRCUIT STREET, 923.32 feet;
SOUTHEASTERLY	by land of HOWARD L. JACKSON and MARY JACKSON, 84.02 feet;
SOUTHWESTERLY	by land of HOWARD L. JACKSON and MARY JACKSON, by two courses, a total distance of 218.63 feet
SOUTHEASTERLY	by land of HOWARD L. JACKSON and MARY JACKSON, and by land of FRED G. HEREDEN and ESMERELDA HEREDEN, 399.78 feet;
NORTHEASTERLY	by land of VINCENT SPOLETTI and LYDIA SPOLETTI, 361.70 feet;
NORTHEASTERLY	by land of VINCENT SPOLETTI and LYDIA SPOLETTI and by land of ROBERT L. PATERSON and BETTY ANN PATERSON, 1014.01 feet;

Meaning and intending to describe PARCEL 1 on said plan.

PARCEL 2 — located on the SOUTHEASTERLY side of MAIN STREET and the SOUTHWESTERLY side of CIRCUIT STREET, in NORWELL, containing 13.6 acres and bounded, according to said plan, as follows:

NORTHWESTERLY	by MAIN STREET, 255.37 feet;
WESTERLY	by WILDCAT BROOK, 960 feet, more or less;

NORTHWESTERLY	by land of the TOWN OF NORWELL, 158 feet, more or less;
SOUTHWESTERLY	by land of ROBERT G. ESTERBERG and CAROL H. ESTERBERG, 437.55 feet;
SOUTHEASTERLY	by land of DORIS E. DONOVAN and by land of CHARLES E. WHITE and MILDRED L. WHITE, 587.53 feet;
NORTHEASTERLY	by land of ALBA M. D'ANGELO, 149.91 feet;
SOUTHEASTERLY	by land of ALBA M. D'ANGELO by two courses, a total distance of 283.68 feet;
EASTERLY and NORTHEASTERLY	by CIRCUIT STREET, by several courses, a total distance of 597.69 feet;
NORTHWESTERLY	by CIRCUIT STREET, 10.21 feet;
NORTHEASTERLY, NORTHERLY and NORTHWESTERLY	by the Corner of CIRCUIT STREET and MAIN STREET, 59.03 feet;

Meaning and intending to describe PARCEL 2 on said plan;

PARCEL 3 — located on the SOUTHWESTERLY and WESTERLY side of CIRCUIT STREET and the NORTHWESTERLY side of PLEASANT STREET, in NORWELL, containing 26.71 acres, bounded, according to said plan, as follows:

SOUTHEASTERLY	by PLEASANT STREET by various courses, a total distance of 1024.92 feet;
WESTERLY	by land of ROBERT G. ESTERBERG and CAROL H. ESTERBERG, by various courses, a total distance of 1424.21 feet;
NORTHWESTERLY	by land of ROBERT F. DeSTEFANO, 506.66 feet;
NORTHEASTERLY	by land of CHARLES E. WHITE and MILDRED L. WHITE, 183.50 feet;
NORTHWESTERLY	by land of CHARLES E. WHITE and MILDRED L. WHITE, 301.12 feet;
NORTHEASTERLY and EASTERLY	by CIRCUIT STREET, by various courses, a total distance of 1194.09 feet;

Meaning and intending to describe PARCEL 3 on said plan; and appropriating therefore and all expenses in connection therewith the sum of \$140,000.00; and to meet the appropriation the sum of \$5,000.00 be appropriated and transferred from Free Cash, the Treasurer, with the approval of the Selectmen, is authorized to borrow the sum of \$135,000.00 under General Laws, Chapter 44, as amended.

ARTICLE 9

VOTED to INDEFINITELY POSTPONE action on Article 9.

ARTICLE 10

It was VOTED to INDEFINITELY POSTPONE action on Article 10.

ARTICLE 11

The Moderator ruled that he could not allow the motion under Article 11, which sought to change the Board of Selectmen from a 3-man board to a 5-man board.

It was moved to appeal the Moderator's decision, but this motion was lost.

It was VOTED to INDEFINITELY POSTPONE action on Article 11.

ARTICLE 12

It was VOTED to amend Article XI, entitled "Licenses", of the Town By-Laws, by adding a new section 6, to read as follows:

"Section 6. There shall be no peddling of commercial goods in the Town of Norwell without a peddlers license, issued by the Board of Selectmen. There shall be no door to door solicitation by commercial salesmen or agents in the Town of Norwell without written authorization from the Board of Selectmen."

ARTICLE 13

It was VOTED to amend Article XV of the Norwell By-Laws by adding new Sections 1, 2, 3 and 4, to read as follows:

"Section 1. No person shall, between the hours of 8:00 P.M. and 8:00 A.M., set up on any property, public or private, without permission of the owner thereof, or the Board of Selectmen in the case of public property, a camp or tent or sleep in the open on any property, public or private, within the territorial limits of the Town of Norwell."

"Section 2. No person shall behave in a rude, indecent or disorderly manner, or use profane, indecent or insulting language in or near any house or in any public place or building, or on any sidewalk or street of the Town of Norwell, to the annoyance of any reasonable person there being or passing."

"Section 3. Three or more persons shall not continue to stand or remain in a group or near each other on any sidewalk or in any public place in such a manner as to obstruct the free passage of foot passengers or motor vehicle traffic after having been requested by a constable or police officer to move on."

"Section 4. Whoever violates any section of this By-Law shall be punished by a fine of not more than Fifty (\$50.00) Dollars."

It was VOTED to adjourn at 12 Midnight, the business of the Warrant having been completed.

Town Clerk

NOTE: Letter from the Department of the Attorney General:

"October 9, 1968

Mrs. Nellie G. Tarr
Town Clerk
Norwell, Massachusetts

Dear Mrs. Tarr:

I enclose the amendments to by-laws adopted under articles 12 and 13 of the warrant at the special meeting held September 30, 1968, with the approval of the Attorney General endorsed thereon, except as to the words "rude", "or insulting", and "in or near any house or" in Section 2 of the amendment adopted under article 13 which are disapproved and deleted therefrom as either too vague to have the force of a penal law or are covered by existing law. See *Commonwealth v. Carpenter*, 325 Mass. 519.

Very truly yours,
(Signed)
Carter Lee
Assistant Attorney General

THE COMMONWEALTH OF MASSACHUSETTS

WARRANT FOR STATE ELECTION

NOVEMBER 5, 1968

OFFICERS AND QUESTIONS ON OFFICIAL BALLOT

Plymouth, SS

GREETINGS:

To either of the constables of the Town of Norwell

In the name of the Commonwealth you are hereby required to notify and warn the inhabitants of said Town, who are qualified to vote in elections, to meet in the Senior High School, Main Street, Norwell

Tuesday, the fifth day of November, 1968

at 6:00 o'clock A.M. for the following purposes:

To bring in their votes to the Election Officers for the election of candidates of political parties for the following offices:

Electors of President and Vice President, Representative in Congress, Councillor, Senator, Representative in the General Court, County Commissioners (2), Sheriff.

QUESTIONS

Question No. 1

PROPOSED AMENDMENT TO THE CONSTITUTION

Do you approve of the adoption of an amendment to the constitution summarized below, which was approved by the General Court in a joint session of the two branches held June 16, 1965, received 210 votes in the affirmative and 26 in the negative, and in a joint session of the two branches held May 10, 1967, received 220 votes in the affirmative and 9 in the negative?

YES

NO

SUMMARY

The proposed amendment of the Constitution increases from five days to ten days the period of time the Constitution gives the Governor to act upon measures passed by the Legislature and submitted to him for approval. No other changes are made in the several Constitutional provisions relative to action by the Governor upon such measures.

Question No. 2

PROPOSED AMENDMENT TO THE CONSTITUTION

Do you approve of the adoption of an amendment to the constitution summarized below, which was approved by the General Court in a joint session of the two branches held August 30, 1966, received 188 votes in the affirmative and 46 in the negative, and in a joint session of the two

branches held May 10, 1967, received 174 votes in the affirmative and 78 in the negative?

YES
NO

SUMMARY

The proposed amendment of the Constitution authorizes the Legislature to impose an income tax graduated according to total income, and authorizes the granting of reasonable exemptions, deductions and abatement, as an alternative to the exercise of the Legislature's existing power to tax income under Article 44 of the Amendments to the Constitution. Without limiting the foregoing authorization, the proposed amendment permits any such tax to be imposed at a uniform percentage of an individual's federal income tax liability or at graduated rates applied to his total income taxable federally, and it permits reasonable variations of any federal provision. It requires that the graduated rates, exemptions, and deductions be set without regard to the kind of income being taxed.

Question No. 3

PROPOSED AMENDMENT TO THE CONSTITUTION

Do you approve of the adoption of an amendment to the constitution summarized below, which was approved by the General Court in a joint session of the two branches held July 20, 1966, received 225 votes in the affirmative and 1 in the negative, and in a joint session of the two branches held June 15, 1967, received 210 votes in the affirmative and 2 in the negative?

YES
NO

SUMMARY

The proposed amendment of the Constitution defines the circumstances in which a Governor's inability to perform his functions shall cause his office to become vacant, and it establishes a procedure for making the necessary determinations. The office will become vacant following a declaration of disability by the Governor himself or by the Chief Justice and a majority of the Associate Justices of the Supreme Judicial Court, or such other body as the Legislature may provide. The vacancy will terminate four days after the Governor declares that no disability exists, unless (1) within that period the Chief Justice and majority of the Associate Justices, or such other body provided by the Legislature, should make a contrary declaration and (2) within another stated period the Legislature, by two-thirds of each branch present and voting, then determines the issue contrary to the Governor's declaration.

The same procedure will also apply to a Lieutenant Governor who in the case of a vacancy is performing the Governor's duties.

The proposed amendment also requires the election of a Governor for the unexpired balance of the four-year term if a vacancy in the office of Governor as described in the proposed amendment continues for a six-

month period expiring more than five months prior to a biennial state election other than an election for Governor.

Question No. 4

LAW PROPOSED BY INITIATIVE PETITION

Do you approve of a law summarized below, upon which the House of Representatives did not vote and upon which the Senate did not vote?

YES

NO

SUMMARY

The proposed law provides that the official ballot in the biennial State election for the year 1970 shall contain a question asking the voters whether there shall be a convention in 1971 to (1) revise, alter or amend the constitution of the Commonwealth on the following subjects, insofar as they relate to the structure of government, and no others: the Executive Branch; the General Court; the Executive Council; the government of cities, towns and counties and their relationship to each other and to the government of the Commonwealth; (2) simplify and rearrange the constitution, and (3) provide methods of amendment thereof. The question will state that the convention shall not consider or propose any measure which relates to the Massachusetts Declaration of Rights, the provisions of the Massachusetts constitution concerning the "Judiciary Power" (other than provisions respecting the Executive Council), or any of the excluded matters enumerated in Article XLVIII, II, Section 2 of the Massachusetts constitution. The question will fix the number of delegates to the convention at 150, of whom 20 members shall be members of the General Court; the remaining 130 members shall be elected by the voters in the manner summarized below. The question will also state that the convention shall conclude its business not later than 120 days from its first session.

The proposed law provides that if a majority of the votes on the foregoing question is in the affirmative, the convention shall be held in July, 1971 to revise, alter or amend the constitution on the matters enumerated above only. The House of Representatives and the Senate shall each elect as delegates 10 of its members, not more than 6 from each branch coming from the same political party. Of the remaining 130 delegates, 10 shall be elected at large and 120 shall be elected from the 40 senatorial districts, 3 from each. Provision is made for the manner of nominating and electing these 130 delegates, without party or political designation, for filling vacancies occurring in the position of any delegate, from whatever source chosen, and for the conduct of the convention's business.

Any revisions, alterations and amendments of the Massachusetts constitution adopted by the convention shall be submitted to the people at the State election in 1972 for their ratification and adoption in such manner as the convention may direct. If a majority of the people voting thereon ratify and adopt such revision, alteration or amendment, the constitution shall be deemed to be changed accordingly.

The proposed law also provides that if the vote on the question to be submitted at the biennial State election in 1970 is in the affirmative, the Governor shall appoint a preparatory commission of 5 members to compile data to aid the convention in the discharge of its duties. Each member of the commission shall receive compensation of \$10,000 and the commission may expend a sum not in excess of \$200,000. as the Governor may approve, for its expenses.

Question No. 5

A. Shall licenses be granted in this city (or town) for the sale therein of all alcoholic beverages (whisky, rum, gin, malt beverages, wines and all other alcoholic beverages)?

YES
NO

B. Shall licenses be granted in this city (or town) for the sale therein of wines and malt beverages (wines and beer, ale and all other malt beverages)?

YES
NO

C. Shall licenses be granted in this city (or town) for the sale therein of all alcoholic beverages in packages, so called, not to be drunk on the premises?

YES
NO

D. Shall licenses be granted in this city (or town) for the sale of all alcoholic beverages by hotels having a dining room capacity of not less than ninety-nine persons and lodging capacity of not less than fifty rooms?

YES
NO

Question No. 6

"Shall the commonwealth of Massachusetts retain capital punishment for crime?"

YES
NO

Hereof fail not and make return of this warrant with your doings thereon at the time and place of said meeting.

Given under our hands this 21st day of October, A.D., 1968.

Richard A. Housley, *Chairman*
Chester A. Rimmer
John Petze
SELECTMEN OF NORWELL

A True copy
Attest: Constable

THE POLLS WILL BE OPEN FROM 6:00 O'CLOCK A.M. TO 8:00 P.M.

REPORT OF STATE ELECTION NOVEMBER 5, 1968

Pursuant to the foregoing Warrant, the registered voters of the Town of Norwell met from 6:00 A.M. to 8:00 P.M. for the purpose of casting their votes for the Electors of President and Vice President, Congressman of the 12th District, Councillor of the First District, Senator for the Norfolk and Plymouth District, Representative in General Court for the 9th Plymouth District, Plymouth County Commissioners and Sheriff of Plymouth County. Also to express their approval or disapproval of six (6) questions listed on the ballot.

Prior to the opening of the polls by the Warden, the ballot boxes were examined and the register set at 0000. The Town Clerk swore in the following election officers: Wilder A. Gaudette, Warden; Ann Valair, Clerk; John J. Piotti, Ballot Box Officer; and the following as Inspectors:—Eleanor J. Benner, Carmella Molla, Mary Jane Clark, Frances S. Molla, Jessie R. Bailey, Julia Rosebach, Helen P. Packard, Eleanor F. Mitchell and John D. Lindsay.

The polls were declared closed at 8:00 P.M. by the Warden. The Town Clerk swore in the following tellers: Elisabeth S. Dyer, Claire E. Foulsham, Emma S. Oronte, Nadine Goodman, Ruth Sinowski, Dorothy Dempsey, Verna K. Hawthorne, Sylvia D. King, Lorraine D. Duty, Evelyn Ruble, Jean R. Lloyd, Margery A. Barry, Ann Golemme, Edward McLenna, Beatrice C. Bailey, Joan Hammer, Josephine A. Bourdelais, Florence Hudspeth, Barbara J. Schow, Margaret Peterson, June Lepisto, Matilda A. Baldwin, Edith E. MacDonald, Norma L. Sletner, Eleanor G. Wright, Betty L. Long, Alice L. Feneck, Roy R. Richardson, Phyllis S. Lindsay, Vivian J. Walsh, Phyllis L. Yanarella, Eleanor H. Booth, Yolanda Ryan, Barbara B. Meacham, Fay L. Baldwin, Priscilla Walsh, Mary Duarte, Nancy C. Joseph, Jeanne St. Aubin, Mae Brown, Agnes Albert and Mary McBrine.

Upon being canvassed in open meeting, the votes were found to have been cast as follows:

Town Treasurer

REPORT OF THE TREE WARDEN, SUPERINTENDENT OF INSECT PEST CONTROL AND SUPERINTENDENT OF PUBLIC GROUNDS

During 1968 the problems which have affected our roadside shade trees in the past were still prevalent. Factors such as increases in home and road construction have made some of these problems more acute. We tend to think of some of our large shade trees such as elms, maples and oaks as indestructible. However, this is not the case. These trees are living things and very sensitive to the environment in which they live. Roadside fill, earth compaction, salt, drought and insect attacks affect these trees quickly and often fatally. Unfortunately, some of these conditions cannot be controlled and it often necessitates the removal of these trees before they become dangerous to the traveling public. Selecting species of trees for replacement planting which can tolerate a harsher environment, and using our better locations for the more sensitive species will help assure us of having roadside shade trees for the future. Fifty-five (55) roadside trees containing six (6) different species were planted during 1968. This part of the tree program is the constructive part, and it is hoped it can be increased in the future years.

The turf areas on our school and public grounds responded well to the spring rains, but during the drought of mid-summer showed adverse effects. This is a condition which without irrigation will usually be present. Again our Varsity High School Football Team used the South Shore Regional Vocational School Football Field for their home games. The Public Grounds Department assisted in maintaining this field and again arrangements were satisfactory for all parties concerned. All playing lines of the some fifty (50) athletic contests held by the School Department were marked by the Public Grounds Department. This is a job of some magnitude, requiring four (4) tons of marking lime. Very intensive use is being made of our athletic fields. This means any turf on these fields is quickly destroyed and cannot recover under such intensive use. This

points up the increasing need for school athletic fields which have been inadequate in the past and now is an acute problem for field maintenance and athletic events.

Regular programs, such as insect pest and poison ivy control were done during the appropriate seasons.

In closing I would like to thank the other Town Departments, all of which have been most cooperative, and again assure all the citizens that I am available to them for any questions or problems they may have concerning the Tree or Public Grounds Departments.

Respectfully submitted,
WESLEY H. OSBORNE, JR.

REPORT OF THE VETERANS AGENT AND SERVICE OFFICER

This past year proved to be a busy one for the Veterans' Agent and Service Officer. Not only was monetary aid given to eligible veterans and their families, but also assistance was rendered in filling out various and numerous VA forms. An increase of approximately \$6,000.00 was expended over 1967.

Chapter 115 of the General Laws of Massachusetts provides that any eligible veteran and/or dependent may receive assistance. This is mandatory and has been in effect since the Civil War days. After an application has been filed with the Veterans' Agent, it is then sent, with the Agent's recommendation, to the Commissioner of Veterans' Services. All decisions come from the Commissioner's office. If a veteran feels that the decision was not just, he may appeal it.

If I, as Veterans' Agent and Service Officer may be of any assistance, I may be reached at 659-2259 at the following hours: Monday 4PM—7 PM, Tuesday through Thursday 10 AM—12 Noon.

I wish to thank all who have helped me this past year.

Respectfully submitted,
DOROTHY M. DICKSON
Veterans' Agent

REPORT OF NORWELL VISITING NURSE ASSOCIATION

Board of Selectmen
Norwell, Mass.

Gentlemen:

The Norwell Visiting Nurse Association had one major change in 1968. Dr. Alice E. Butler, who for over twenty years has served as pediatrician for our Well Child Clinics, retired as of July first. Dr. Butler was not only a fine physician but much beloved by her patients. It was with deep regret that we accepted her resignation.

The Well Child Clinics will be resumed in March with Dr. Mary Butterworth as physician. The United Church of Christ Congregational on Main Street has most graciously offered to let us use their Building. We thank them for their generosity.

The response to our Annual Appeal letter was most gratifying. So much so that our Nursing Scholarships were substantially increased and we have purchased much needed new hospital equipment. We wish to remind any resident of the Town that this equipment may be borrowed free of charge.

Our two rummage sales in May and November continue to be our major source of income. The November sale was "the biggest ever." Were it not for the large number of volunteers that gave so generously of their time and energy, we could not survive.

Again, we are deeply indebted to the Sparrell Funeral Service for their invaluable help by letting us store rummage and equipment in their building.

Respectfully submitted,
KATHERINE R. FULLER
President

REPORT OF THE WASHINGTON STREET CEMETERY COMMITTEE

To the Board of Selectmen:

The Washington Street Cemetery Committee submits the following report:

The Town Cemetery is noticing the increase in the Town population for more people are purchasing lots each year; also the number of burials has increased by 20%.

Much pride has gone into the care of the plot and it is rather discouraging that some of the youths in Town seem to have no respect and are desecrating graves and property. The police have been alerted but unless a man is there constantly the desecration continues. We hope that the parents in the area will caution their children about the trouble.

The Park Department continues to keep the grounds in fine order and

your Committee wishes to thank the Department for the excellent work.

Respectfully submitted,
 Wilder A. Gaudette, *Chairman*
 William D. Jacobs
 William Hills

REPORT OF THE BOARD OF WATER COMMISSIONERS

Board of Selectmen
 Norwell, Massachusetts

Gentlemen:

We are pleased to submit the following for 1968 Annual Town Report.

During the year the Water Commissioners held weekly meetings at the Water Board Office on South Street.

During the year water mains were installed by the Town in:

A section of Pine Street

Northerly section of Lincoln Street

A short section of Mt. Blue Street

The new way from Mt. Blue Street to the new water storage tank site on the top of Judge's Hill

Water mains were also installed by Developers at no cost to the Town except for the cost of hydrants used on:

Cross Street

Parker Street

Wild Cat Lane

New Well Site:

New pumping facilities were installed at a new well on Town owned land North of Grove Street

During the year test wells were drilled at several locations and as a result of the effort a new water source was found East of South Street near the existing Town well. Tests of this site are now in progress and preliminary results indicate a fine new water source.

The system has functioned well during the year and the following figures may be of interest:

	1964	1965	1966	1967	1968
Water pumped					
Millions of gal.	119	128	138	137	
Users	1,104	1,235	1,300	1,415	1,520

The Board thanks other Town Boards and Personnel for their co-operation during the year.

The Board meets at eight o'clock in the evening on Thursday at its office on South Street. Any interested citizens are invited to attend.

Respectfully submitted,
 Edward F. Walsh, *Chairman*
 Augustin J. Thibodeau
 Jacob Lee Turner
 BOARD OF WATER COMMISSIONERS

REPORT OF THE WILLIAM J. LEONARD MEMORIAL LIBRARY

During the year 1968 many changes have taken place at the William J. Leonard Memorial Library.

In June the trustees accepted with regret the resignation of librarian and former trustee, Mrs. Robert Carr. Her dedicated services to the library make her a true public servant.

On the first of June the librarian duties were assumed by Mrs. Robert Wilkie of Hanover.

Despite the crowded conditions in which the library exists, many changes and improvements were made during the year.

Hours have been increased. The library is now open six afternoons and five evenings each week. This is a change from three afternoons and three evenings.

The entire library has been put on the Dewey Decimal System. Also a new sign has been affixed to the outside of the building.

With the help of the Eastern Regional Library System, approximately four-hundred books were weeded from the collection. Over eight hundred new titles were added during the year, keeping the selection up to date.

New cards were issued to one-hundred-seventy-one persons and approximately 19,000 books circulated during the year.

A Friends of the William J. Leonard Memorial Library was formed during the summer with Mrs. Richard Gray as acting chairman. Over fifty persons have paid one dollar to be a member for one year.

In October, the Friends sponsored a book sale. They sold books weeded from the library's collection and netted over seventy-five dollars.

At the suggestion of Mrs. Wilkie, flyers on the symptoms of narcotics were printed and distributed at the library and elsewhere in town.

Plans for 1969 include a once a month visit from the Boston Public Library Bookmobile. The librarian will select books from the Bookmobile which will remain in Norwell for as long as six months.

It is also hoped to have a regular story hour for pre-school children. This will be held in the hall above the fire station.

More can be done, but space to do it in remains the problem. The

trustees are grateful to Mrs. Wilkie for all she has accomplished in six months. We look forward to continued progress.

Respectfully submitted,
 TRUSTEES OF THE LIBRARY
 Clair Foulsham
 Barbara Karoff, *Secretary*
 John D. Lindsay, *Chairman*

REPORT OF THE ZONING BOARD OF APPEALS

Board of Selectmen
 Norwell, Mass.

Gentlemen:

In 1968, the Zoning Board of Appeals held eleven (11) public hearings on petitions for variance of the Zoning By-Laws of the Town of Norwell.

The following are the hearings held and the results thereof:

Cooperative Realty Trust — for permission to erect and operate a gasoline service station on an approximately one acre parcel of land adjacent to the Rockland line on the south side of Pond Street in Business District C. The drainage problem was discussed at the hearing and although no conduit is shown on the aforesaid plan, the petitioners gave their assurance that it would be built to handle the drainage flow to the satisfaction of the Highway Surveyor. Accordingly, permission was granted and the latter's written approval of the actual conduit is to be made a part of this case's file in the Norwell Town Hall.

Kenneth H. Gauley — for permission to remove gravel from about nine acres of land during the period of the next *three years and no longer*, and being subject to such limitations and conditions as may be established by the Selectmen. This land which Mr. Gauley proposes to buy is located on the westerly side of Winter Street and borders the Webster Cranberry Company's land, and is in a residential area. Permission granted.

Virginia M. Cattaneo — for permission to erect a dwelling upon her lot in Residential District B on the easterly side of High Street, between the land of the Wade's and that of the Thibodeau's. Permission granted.

Hancock Paint and Varnish Company — for permission for the erection and operation of their light manufacturing enterprise on a two acre parcel of land in Marden's Accord Industrial Park, which the paint company has under an agreement of purchase. Permission granted.

Hortense E. & Margaret E. Hatch — for permission to establish lot #1, on Old Oaken Bucket Road as proper for the construction of a dwelling house. This parcel of land is located in Residential District A at the corner of Cross Street and Old Oaken Bucket Road, and it is the failure of this lot to contain the required full acre which caused the petition to be presented. Permission granted.

Humble Oil & Refining Company — for approval of their use of the premises of the former Red Well Nursing Home on the southwesterly side of Washington Street as a drive-in gasoline service station with its attendant activities and a sign as shown on their Plot Plan dated April 23, 1968, revised to May 23, 1968. Permission granted.

Jeannie Graham — for approval of the use of 9—11 Washington Street as a Texaco gasoline service station. Permission granted.

Cohasset Manor Nursing Home, Inc. — for approval of the use of part of 10.8 acres with a 40 foot right of way to Washington Street between Brantwood Manor and Grove Street presently owned by R. Cresswell of Greenbush, Mass., as an Extended Care Facility and Nursing Home. Following a view of the locus, it was decided that the proposed sewer beds were too close to some of the adjoining homes on Brantwood Road.

A revised Plan was prepared by Ralph L. Rankin and subsequently submitted and on the basis of this Plan, the Board granted permission.

Jerome Industries, Inc. — for permission to erect a sign which exceeds 24 square feet in area at 426 Washington Street, where the Company is commencing operation of the first Big Barney Autowash in the State. Conditional approval granted with the final status of the sign to be decided approximately July 1, 1969.

Frank J. & Angelina Baldassini, Trustees J.A.F. Trust — for permission to construct a garage for the storage of contractor's equipment on 3.3 acres of land on the southwest side of Washington Street, (Route 53) presently owned by the J.A.F. Trust. Permission granted.

Heritage and Company — for permission for the erection of a warehouse at the Old Colony Forge property, 37—39 Washington Street, (Route 53) and a variance to permit the building to be less than the required 40 feet from the back line. Permission granted to erect the warehouse but the petition for a variance was denied.

Respectfully submitted,
 ZONING BOARD OF APPEALS
 Stanley H. Richards, *Chairman*
 Earle M. Newton, *Secretary*
 Sanborn Vincent
 Henry J. Walter, *Associate Member*
 L. Edward Sibley, *Associate Member*

REPORT OF THE BOARD OF REGISTRARS

As of December 15, we had a total of 3448 registered voters. This consists of 1198 registered as Republicans, 595 registered as Democrats, and 1655 unenrolled in any party.

One hundred and seventy-four voters have been registered during 1969. The voting lists reflect the movement of the population—many have been removed because of death and removal from Town. Many of the people moving into Norwell come from other states and have not completed the first requirement of a year's residency in the Commonwealth of Massachusetts to become registered voters.

The final day of registration of voters, prior to the Annual Town Meeting and Election, will be February 17, from noon to 10 P.M.

A report of "Findings, Ruling and Order," signed by Judge Wilfred J. Paquet in the court case brought by Francis L. Logue vs. the Board of Registrars, after the recount of March 29, 1969, is included and hereby made a part of our report to the Town of Norwell.

In answer to the summons served upon the Town Clerk, as representative of the Town of Norwell, said Town Clerk, members of the Board of Registrars, the Warden of the Elections of the Town of Norwell, Mr. Wilder A. Gaudette, and Town Counsel, Mr. David Lee Turner, reported to the Superior Court Building in Boston on the following dates:

April 16

April 22

May 20

May 21

On May 20 and May 21, the ballots were transported from the vault of the South Scituate Savings Bank, where they had been deposited by Order of Town Counsel, to the Superior Court, guarded by Town Constable, Theodore A. Baldwin.

Judge Wilfred J. Paquet heard the evidence and inspected disputed ballots and heard other evidence requested on May 20 and May 21. His findings, ruling and order, dated June 9, 1969 are reported below. The final decree was signed by His Honor on July 11, 1969.

REPORT OF THE BOARD OF ASSESSORS

To the Board of Selectmen:

The assessing department has survived a hectic year. In spite of elections, recounts, court-contested recounts, re-elections and resignations, the tax rate was set, all properties were assessed, tax bills were posted and Norwell ended the year in a healthy financial status.

In spite of a predicted \$15 increase the tax rate was held to \$47, only \$3 higher than the 1968 rate. This was accomplished without a major increase in existing valuations and despite a net decrease in state allotted funds to the town.

The Board has initiated studies as to the possibility of utilizing some form of data processing technique in handling assessing records. The three-man board is a part-time board and the entire workload of the office is handled by one full-time clerk assisted by a part-time clerk. At the present time the office handles a valuation load of \$50,000,000. In addition to this, all vehicle excise taxes, abatements, exemptions and all state required taxation and corporation work passes through this office. It is truly "Big Business."

Our Board feels that modern computerized methods of recording and billing will be the most economic way for the town to cope with this problem. The additional costs of initiating a system of this type will be more than offset by the potential savings in interest that are now required on the short-term loan principle we operate under.

The Town of Norwell receives income from many sources, but by and large, the greatest amount of income is derived from real estate taxes. We are all aware that in order to survive as a town we must have a broad tax base with commercial, business and industrial properties sharing the tax burden with the residential properties. Those groups in the town responsible for planning and zoning must take a course to provide areas for this broader tax base. However, the assessors feel obligated to voice a note of caution. Extreme

care must be taken in any zoning change to insure that existing properties do not suffer a loss in valuation just to encourage new useage. It serves little purpose to increase valuation on one hand and decrease it by the same instrument.

The Board of Assessors wishes to publicly thank their hard-working clerical staff, Mrs. Virginia Knight and Mrs. June Robbins for a job well done.

Respectfully submitted,
Board of Assessors

FRANCIS L. LOGUE

VS.

RUTH M. MURRAY, et als

FINDINGS, RULING AND ORDER

This is a petition for a writ of mandamus against the Registrars of Voters of Norwell and the Town Clerk brought by the petitioner, one of three candidates for the Board of Assessors at the annual town election held March 15, 1969. He asks that the respondents be ordered to correct the town records and declare him elected, and that the recount held March 29, 1969 be declared a nullity.

The case was tried by me on the merits upon the petition, the respondents' answer, oral testimony and several exhibits. Upon consideration of all the evidence and the facts admitted in the pleadings, I find the following material facts and make certain rulings of law.

The annual town meeting and election of officers in Norwell was held on March 15, 1969 and the original count of the ballots for the office of Assessor was as follows: Francis L. Logue, 690; Jean R. Lloyd, 676; Malcolm B. Sykes, 321; blanks, 55 — total 1742. Logue was declared elected and sworn into office on March 17, 1969.

Upon petition of Jean R. Lloyd, filed pursuant to General Laws, C. 54, s. 135, as amended, there was a recount on March 29, 1969. The results of the recount was as follows: Logue, 680; Lloyd, 681, Sykes, 327; blanks, 54 — total 1742. Logue protested four ballots which were admitted in evidence as Exhibits 7a, 7b, 7c and 7d. Also he protested the legality of the recount, alleging that the petition was not filed within seven days as required by the statute.

The Town of Norwell, at an annual town meeting held March 1, 1954, voted that all town offices remain closed all

day Saturday throughout the year, and therefore the Town Clerk's office was not open for business on Saturday, March 22, 1969. The petition for recount was filed with the Town Clerk on Monday, March 24, 1969, before 5:00 P.M. which petition questions the accuracy of the count of the ballots for assessor. Pursuant to the provisions of General Laws, C. 41, s. 110A, and General Laws C. 4, s. 9, I rule that the time to file the recount petition included March 24, which was the next business day after March 22. I rule that the recount petition was properly filed and the recount conducted by the repondent Board was in compliance with the law and valid.

The four challenged ballots introduced in evidence were examined by me at the trial, but the petitioner now raises no questions as to three—namely, Exhibits 7a, 7b and 7d. The remaining ballot, Exhibit 7c, which is incorporated herein by reference and made part of these findings and rulings, is in dispute, and the question for decision hinges on the determination of the legal effect of that ballot. I must determine whether there was an error of law in the manner in which this ballot, Exhibit 7c, was counted by the Board.

It is the duty of the Court to determine what legal effect should be given to the disputed ballot, and the basic purpose of the scrutiny of the ballot is to ascertain the will of the voter if it can be done with reasonable certainty. (*O'Brien v. Election Commissioners of Boston*, 257 Mass. 322-338.)

Upon examination and consideration of the ballot in question, I make the following determination: Exhibit 7c, a ballot cast in Block 30, was protested by the Petitioner's attorney. The Registrars declared this ballot a blank. On this ballot the voter indicated his preference for Logue by marking a very faint "X" opposite Logue's name. The voter made similar faint "X" marks for seven other candidates for various town offices on the same ballot. He indicated his preference for four other town offices by marking an "X" opposite the name of each candidate, but in those four instances each "X" was superimposed by heavy blank pencil marks.

There is nothing on the ballot to indicate an intent to erase

the faint "X" mark opposite the petitioner's name, or any similar intent with respect to the faint "X" marks against the names of the other seven candidates for town offices. The "X" mark opposite the petitioner's name appears sufficiently clear to indicate the intention of the voter, and my conclusion in this respect is supported by the fact that seven other similar "X" marks appear opposite the names of candidates for offices other than the Board of Assessors. I find no intention on the part of the voter to cancel his vote for Logue, and, accordingly, I rule that this ballot, Exhibit 7c, should have been counted for Logue.

The petitioner raised other questions at the trial alleging that he was denied the right to examine certain absentee ballot applications and also the tally or check list before the recount was held. I rule that the averments of the recount petition relate only to the accuracy of the count of the ballots, and the only question open for review under this mandamus proceeding is limited to that matter.

I rule that, as a result of the recount, the petitioner Logue is entitled to be credited with a total of 681 votes and Lloyd is to be credited with 681 votes.

The facts found herein constitute all the facts upon which my order for judgment is based, in so far as it applies to the facts.

ORDER

It is ordered that a writ of mandamus issue commanding the respondents to amend the records of the election to show that Logue received 681 votes for the office of Assessors. The other relief sought in the petition is denied.

The prevailing party is directed to present to the undersigned, within ten (10) days from the date hereof, an order for judgment in accordance with these findings and rulings.

s—Wilfred J. Paquet
Justice of the Superior Court

Entered June 9, 1969.

The decision proved that the election and recount were both conducted in a proper manner according to law.

This case points up the importance of the voter marking his ballot properly and clearly, so that it will be counted as the voter intends it shall be, without possibility of doubt or indecision.

If a ballot is spoiled, it may be returned to the Warden and a new ballot requested. Erasures and mark-overs can result in confusion of interpretation. "The intent of the voter" by law is the deciding factor in the tabulation of ballots.

Board of Registrars

REPORT OF THE BOARD OF HEALTH

To the Board of Selectmen:

The building boom in Norwell, both business and residential, has brought increasing problems to the Board of Health. Strict enforcement of the Sanitary Code becomes more difficult as large tracts of land are developed. The safety of watersheds and water supply areas are of paramount importance to the future of the Town.

The School Health Program, under the direction of Dr. Raymond G. Vinal, continues to provide immunization against many of the infectious diseases which formerly resulted in the death or crippling of countless children. The success of the Dental Health Program is best measured by the reduction in the number of cavities and lost teeth due to decay in our schoolchildren.

The cost of operating the Town Dump mounts annually but this facility still is operated for far less than the disposal facilities of surrounding towns. Compliance of the townspeople with dump regulations and the directions of the dump custodian will materially reduce these costs. Specifically, citizens are asked not to light fires and to dump over the edge in non-burning areas.

The Norwell delegation investigating the feasibility of combining with some of the surrounding towns to create a Regional Disposal Planning Facility has been very active; the final report of this committee will soon be available.

We are all familiar with the signs "Help Keep Our Streets Clean" and "Do Not Litter." However, some people do not appear to be able to read. The Board of Health, with the able assistance of Mr. Clarence Joseph, is doing its best to keep the roads clean of an assorted array of dead animals ranging in size from squashed squirrels to flattened foxes.

Respectfully submitted,

Board of Health

REPORT OF THE BOARD OF SELECTMEN

Numerous troublesome legal problems have confronted your Selectmen over the past year, in addition to the routine administrative duties inherent in this office. These are preponderantly the result of the continuing increase in Norwell of residential construction as well as new and expanding business establishments.

1. Hatch Act infractions involving interference with natural waterways and wildlife preservation have necessitated our going to the Superior Court for legal opinion and enforcing legislation.
 2. Business activities in residential areas have likewise required Superior Court action to enforce our Zoning By-Laws.
 3. Size and location of signs has been a third source of aggravation necessitating legal assistance.
 4. Gravel removal regulations were rewritten and a new gravel removal by-law was voted by the Town at the December 1, 1969 Meeting. This has been a subject of many disputes in the past. Full implementation of the new gravel by-law should be much simpler and faster in the future.
 5. Drainage and flooding problems in new homes and new developments, non-accepted streets, have been a constant source of complaint. Too often these are the result of improper or inadequate compliance by contractors with Planning Board regulations.
 6. Snow-plowing demands for non-accepted roads is a recurring problem each winter. The Town cannot be responsible for plowing nor for maintenance of roadways which have *not* been approved as meeting the regulations and standards of our Highway Supervisor, Water Department and Tree Warden as well as those of the Planning Board.
- Zoning By-Laws and Planning Board regulations have been devised, studied and voted by the Town in the best

interests of keeping Norwell the type of community which originally made it attractive to home-owners and property taxpayers. Your Selectmen urge contractors, developers, home-builders and gravel pit operators to study and heed carefully Norwell's By-Laws and Planning Board regulations for their own and their clients best interest.

As a result of our efforts at the 1969 Annual Town Meeting, the School Committee agreed to re-instate the segregated budget. This will provide our voters with a clearer picture of our School expenses. We hope the result will be closer controls over and some reduction in the expenditures of our school system — responsible for approximately two-thirds of Norwell's annual budget.

The Town's vote at the December 1st Special Town Meeting to proceed with plans for a new free-standing High School will resolve Norwell's current secondary school space needs. We have emphasized to the Permanent Building Committee and the School Committee the need to scrutinize carefully all educational and construction requirements and costs in a concerted effort to keep the tax rate increase as small as possible.

We were pleased with the voters' decision at the December 1st Town Meeting to officially designate the Town-owned land on River Street near Norwell Center as the site for a new police station. With funds now appropriated to obtain preliminary plans, this serious housing problem is finally on its way to being resolved.

During the past year the drug problem has grown in Norwell as throughout this nation. A representative of this Board was appointed to serve on the Norwell Council on Community Social Health. He will continue to work with that Council in its program for 1970. We, as a Board, will take appropriate action to assist the Council in its work.

During the coming years, costs will continue to climb. We ask that all municipal departments exert every effort to review expenditures in an attempt to economize. Once again we request that citizens maintain interest and actively par-

ticipate in civic affairs, and volunteer to assist us toward the resolution of some of our problems by offering their services for the many appointments which we must make each year to our various Town Committees.

In this report, your Selectmen wish to thank our Town Office Manager and Accountant for his many years of faithful, dedicated and competent work for the Town of Norwell. His vast fund of knowledge in the area of Town Accounting, By-Laws and Municipal Regulations is acquired only by years of experience. Harry Chase has been the vital connecting link between changing Boards of Selectmen and changing Town Committees. His retirement in June 1970 will leave a void difficult to fill.

Respectfully submitted,

Board of Selectmen

REPORT OF THE CONSERVATION COMMISSION

The Norwell Conservation Commission has held a meeting the first Monday of each month throughout the year at the Town Hall Annex. Other meetings have been called as needed to handle problems which required Committee action. Members have attended Planning Board hearings on proposed developments. It is now the policy of the Planning Board to submit proposed plans to other Boards, including the Conservation Commission for consideration and suggestions by them which might benefit the town. The Commission is opposed to covering, enclosing or disturbing the natural flow of any of the streams of Norwell. Since Norwell is one-third swamp, great care and foresight must be used in planning properly for future growth.

During 1969 two proposals were made to dredge the North River, to obtain several million cubic yards of gravel for fill at Logan Airport. The Conservation Commission is strongly opposed to any project of this type and of this magnitude, and has so indicated by means of letters to the proper authorities. The Governor and Department of Natural Resources

indicate strong support of this feeling by answers received from them. The North River makes an inestimable contribution to bird and fish life, and gives great pleasure to boaters and fishermen.

In January the Plymouth County Soil Conservation Service began a study of Norwell's natural resources, which will be mapped and made available to the town. This work is being done without cost to the town as we have already obtained a Soil Study Map which was completed in 1966. This map is available to any board or department in the town for use in planning for future growth of any kind. Assistance of the soil engineers from the Middleboro office of the Soil Conservation Service is available for planning school sites, recreation areas, etc. This soil map is in the custody of the Town Clerk and may be used and studied at the Town Hall.

The Norwell Conservation Commission did considerable work in mapping for the acquisition of Valley Swamp, the area north of Jacobs Lake and east of Route 53. Many land-owners involved attended a public hearing last winter regarding this and discussed the taking by the Conservation Commission. It was apparent that while the project was generally regarded with approval, there were many aspects of the land-taking to be worked out before the Commission could submit the plan for a town vote. We are hopeful that we will have a "Green Belt" within the town which will provide recreation areas and breathing space, as well as encourage future gifts by townspeople who wish to protect our brooks and watersheds, and at the same time insure against costly flooding, and pollution of our water supply.

The Conservation Commission has continued its efforts to acquire land unsuitable for building and at present we are awaiting action on several parcels by the Town Counsel, so the Commission can hold them for the town. This land will appear in the Natural Resources Inventory.

In June, 1969 the Hingham Annex was opened for limited use for recreation. A member of the Commission represents

the town on the Advisory Council of the Annex for planning its future development, as the Legislature has appropriated \$2,700,000.00 to be used for this purpose.

Members of the Commission attended the first Conservation Commission School held in the Fall at the Waltham Field Station. This School was sponsored by the Resource Development Program, University of Massachusetts, Extension Service and Massachusetts Association of Conservation Commissions. These Meetings concerned "Streams and Wetlands"; "Reaching the Next Generation"; "Guarding Man's Environment"; and "Planning for Open Space." The speakers were well-known and capable men who contributed a great deal to each meeting and we hope that these schools will continue.

It is encouraging at this time to see the many efforts being made to protect our environment from future depredations, as well as attempts which have been initiated to correct some of the pollution hazards and practices with which we are now living. If assistance is needed in trying to remedy Air, Water and/or Oil Pollution, Pollution and Contamination from Pesticides, Litter and Rubbish; or Filling in Wetlands, (Ponds and Marshes), these numbers are available at the Town Hall, and the caller will be referred to the proper authorities.

Norwell Conservation Commission

REPORT OF THE DOG OFFICER

Selectmen
Town of Norwell
Norwell, Massachusetts
Gentlemen:

I submit my report as Dog Officer of the Town of Norwell for the year 1969:

Strays	5
Complaints investigated	35
Dogs reported missing	27
Dogs returned to owner	13

Under the General Laws, Chapter 140, Section 136A — License period is between April 1 and the following March 31 both dates inclusive.

Section 137 — The owner or keeper of a licensed dog shall cause it to wear around its neck or body a collar or harness of leather or other suitable material, to which shall be securely attached a tag in a form prescribed by the director and upon which shall appear the license number, the name of the town issuing such license and the year of issue.

This will help in returning your dog if picked up.

Respectfully submitted,

Robert L. Molla, Sr.
Dog Officer

REPORT OF THE DOG OFFICER

Selectmen
Town of Norwell

Gentlemen:

I submit my report as Dog Officer of the Town of Norwell for the year 1969:

Complaints	40
Dogs reported missing	120
Dogs returned to owners	70
Dogs injured or killed on highways	27

Under the General Laws Chapter 140 Section 136A — License period is between April 1 and the following March 31, both dates inclusive.

Section 137 — The owner or keeper of a licensed dog shall cause it to wear around its neck or body a collar or harness or other suitable material to which shall be securely attached a tag in a form prescribed by the town issuing license and the year of issue.

This will help in returning your dog if missing.

Respectfully submitted,

E. Clarence Joseph
Dog Officer

NORWELL GOLF COMMITTEE

This committee was appointed in accordance with a vote of the 1969 Annual Town Meeting to investigate the possibility of building a golf course on Town land, held by the Water Department, off Grove Street.

We met with the Water Commissioners and corresponded with the local Board of Health. These boards were helpful and there was evidence of enthusiastic support for this project from both, although each pointed out that protection of the wells was of prime concern.

Contact was made with Mr. Thaddeus Kurzewski, Regional Resource Development Agent and a walking survey was made of the area by Mr. Kurzewski and members of this committee. As a result of this preliminary survey, it was our considered opinion that the development of a golf course on this land was probably feasible and practical, although additional land would be required.

Our next contact was with Mr. John C. Collins, Chief, Bureau of Environmental Sanitation, State Department of Public Health. Advice from Mr. Collins follows—“The Department of Public Health has determined that all land now owned by the Norwell Water Department is necessary for the sanitary protection of its wells. Approval of the wells as sources of public water supply is subject to this ownership and the condition that no use of the land of any kind will be permitted by the Water Department.”

Further contact with Mr. Collins resulted in the following advice: “After careful consideration, the Department of Public Health finds that it cannot change its opinion in a letter dated May 8, 1969. The wells in question are shallow, without seal in an aquifer of course gravel material, installed over ledge and at a lower elevation than most of the surrounding land. Therefore, any pollution of any type could quickly and permanently contaminate the wells in question. In such a case, the Department would have no choice but to withdraw approval of the use of these wells.

Because a substantial portion of Norwell's water is obtained from these wells, the Department remains of the opinion that the lands taken for the protection of this water supply ought not be used for any other purpose."

In view of this opinion the Committee felt that further consideration of the use of this land for a golf course was not in the best interest of the town.

Our study indicated a tremendous amount of interest and enthusiasm within the town as well as in surrounding towns. Information obtained from the National Golf Foundation and from towns that have Municipal golf courses, such as Braintree, Bass River, Dennis Pines, and others, also indicated that such a facility is a desirable asset within a town. Furthermore, it can be self-supporting and, in most instances, can be a source of additional income to the town.

We are of the opinion that further study is warranted, and that consideration be given regarding other town-owned or publicly-owned lands, or the acquisition of lands. We therefore recommend that a committee be established for such a study and are submitting an article for the Town's consideration at the Annual Meeting.

We respectfully present this report and having completed our study, ask that this committee be discharged.

Golf Course Study Committee

REPORT OF THE PERSONNEL BOARD

TO: Members of the Advisory Board and the Board of Selectmen for the Town of Norwell

Pursuant to Article 57 of the 1969 Warrant, the Personnel Board has been engaged in a review of past practices and procedures and conditions of employment governing town employees. In accord with Section 3 of said Article 57 the Board has:

- A. prepared definitions of full-time, part-time, permanent, and temporary employees;
- B. taken steps for the periodic review of all job titles and the preparation of job descriptions on all positions covered by the plan. Such descriptions will be written during calendar year 1970;
- C. has taken a survey of the compensation plans of surrounding towns and determined that;
 - 1. without adequate job descriptions no true comparison of positions may be made, and
 - 2. our current wages and salaries are not unrealistic to those paid by surveyed towns when considering job titles only. "Establishment of a town compensation rate schedule, fixing equitable rate ranges for all job classifications" will receive priority consideration by the Board during 1970.
- D. has determined that "assignment of various job classifications to appropriate rate ranges" will be based upon a job evaluation system, such ranges being set after the preparation of job descriptions as noted above.
- E. has spent considerable time reviewing and preparing statements of Town policy on conditions of employment as enumerated in Section E of said Article. Recommendations on such policies will be presented for inclusion in the 1970 warrant.
- F. has taken appropriate action to establish a personnel

record for all town employees with the exception of those classifications as enumerated in Section 2 of said Article.

With regard to Section 7, i.e. "Department Budgets," the Board is not prepared to review said budgets with respect to salary requests for the 1970 budgets. It is the consensus of the Board that without adequate data on position descriptions, with which to develop a defensible compensation plan, any recommendations on budgeted proposals would necessarily be arbitrary. We trust that due to our efforts in the upcoming year we will be in a position to assist the Advisory Board in the evaluation of budget proposals with respect to the following year's budgets.

In order to assist the Advisory Board in its review of this year's budgets, the following data has been prepared:

The Cost of Living Index for metropolitan Boston has risen 6 per cent between July of 1968 and July of 1969, i.e., 124.7 to 132.1 on the 1957-59 consumer price index base. As is apparent goods and services in 1969 were 6 per cent more costly than such in mid-1968 for the average wage earner. There is little or no indication that this trend has or will ebb in the forthcoming year. As such it would appear that a minimum increase in established ranges be equal to the six per cent increase in the cost of living as noted above.

Pending the establishment of a compensation plan which recognizes factors such as rates paid by other towns, job descriptions and attendant evaluation, etc., we must continue to employ our current ranges, as arbitrary as they might be, with realistic and practical adjustments to same.

The Board's written recommendations, as heretofore noted, shall be submitted to the Board of Selectmen and the Advisory Board, as specified in Section 8 of Article 57, for inclusion in the 1970 Warrant. In its written report the Board shall detail the rationale underlying said recommendations.

The foregoing has been read and approved by the members of the Personnel Board of Norwell.

Norwell Personnel Board

REPORT OF THE SEALER OF WEIGHTS AND MEASURES

To the Board of Selectmen
Norwell, Massachusetts

Gentlemen:

Weighing and measuring laws have been strictly enforced throughout the year.

Inspections have been made on all scales, oil trucks, gas pumps and any other measuring devices.

The buying public should at all times observe weighing and measuring devices while purchasing and report any violations to me.

Following is an account of work performed by me and an account of fees collected:

Weighing and Measuring Devices Sealed	87
Weighing and Measuring Devices Adjusted	3
Sealing Fees Returned to Town Treasurer	\$142.80
Reweighing:	
Total Tested	388
Total Correct	39
Total Incorrect	10
Total Overweight	39

Reweighing of food put up for sale and retesting of gas pumps and oil trucks has been made on many occasions.

Respectfully submitted,

John D. Dickman
Sealer of Weights and Measures

MOSQUITO CONTROL, TOWN OF NORWELL

To the Citizens within the Project's control:

Submitted herewith is the report of the South Shore Mosquito Control Project's activities for the year November 1, 1968 to October 31, 1969.

The Project is a year-round cooperative effort embracing the City of Quincy and Towns of Braintree, Cohasset, Duxbury, Hingham, Hull, Marshfield, Norwell, Scituate and Weymouth, covering a total area of 172.21 square miles serving a population in excess of 223,000.

The Project is authorized and acts under provisions of Massachusetts General Laws, Chapter 252, Section 59, mosquito control provisions, and Chapter 112, Acts of 1931, pertaining to ditch maintenance of the salt marshes.

The Project continued to base its program on three recommended and approved approaches to a community mosquito control:

- A. Mosquito source reduction
- B. Mosquito larval-pupal reduction
- C. Mosquito adult reduction

giving priority in this order.

A. Source Reduction—removing as much unnecessary standing *water* as possible, a requisite of mosquitoes in completing their breeding cycle. The properly placed and maintained ditches on the coastal salt marshes, the cleaning of blocked brooks and streams wherever possible, the clearing of brush and growth along swamps and stream edges, the filling in of small wet areas and the leveling of ditch fill so as not to leave water pockets, these, if neglected would cause tidal and storm water to become brackish and stagnant to keep the mosquito population at its highest level.

The Project this year added a second salt marsh machine, an International 500 diesel, wide gauge track clearance, wood cleat grouser mounted, crawler tractor with an Inter-

national 3112 mounted backhoe and 22,000 lb. Gearmatic hydraulic winch. It is an excellent machine for marsh work, heavier duty, well balanced and more rapid in operating than any of our previous machines.

In source reduction operation the following was accomplished in the Project area for this report period:

62,130 sq. feet brushed

13,940 cu. feet of new ditch dug

381,463 cu. feet of ditch reclaimed

4,075 feet of ditch cleaned

B. Mosquito Larval and Pupal Reduction—Next to the reduction of the water source of mosquito breeding, larval and pupal control is the most productive for the time and money spent, for in some instances one ounce of insecticide can treat up to two acres of mosquito breeding swamp.

In mid-March, after checking many fresh water swamps for larval counts of the early or spring brood mosquitoes, mapping is drawn out to indicate breeding areas. We contract both helicopter and fixed wing aircraft, whose pilots must work from these maps. They aerial spray only the breeding sites indicated on these maps. This operation keeps down what normally would be a large hatch of pesty mosquitoes that would plague us in the months of June and July.

During the summer season we must check many and often breeding sites of other mosquito species: the salt marshes, catchbasins, coastal rockpools, tree holes, etc. Some of these must be sprayed as many as four times in a summer season, depending on the amount of rainfall.

The Project has added a second catchbasin spray unit (a Jeep Universal) for the treating of the many thousands of catchbasins in the Project. This unit enables us to keep up with the three or four mosquito hatches they might produce a season.

The gallons of insecticides, the amount of sites and ap-

proximate number of acres treated for mosquito larval and pupal control for this period:

26,706 catchbasins sprayed with 1648.5 gallons of insecticide

10,558 gallons and acres air sprayed

4,032 gallons for larval control

C. Mosquito Adult Reduction—shall always be necessary to some extent or form. In spite of all the pre-emergence control work there remain many small unnatural water receptacles around the home capable of mosquito breeding. We just could not get to all. There are many construction projects under way that temporarily cause mosquito breeding, and we have many mosquito areas within but not under this Project's control we must contend with.

We kept two mist blowers operating through last season. This applicator dispenses a fine particle insecticide on a high velocity wind stream through the air which acts as a space spray. The larger deposits are deposited upon foliage which act as a residue treatment.

We have done some insecticidal fogging. This gives a longer range of space treatment but little, if any, residual action.

Next year the Project should like to supplement their mist blowing operation with more insecticidal fogging. This Project plans the purchase of a new method fogger, it hopes will work well enough to cut back some on residue spray.

The amounts of insecticide applied for adult mosquito control, with both mist blowers and foggers for this period:

10,229 gallons mist blown

105 gallons fogged to 630 acres

To ease the concern of some citizens within the Project's control in our handling of chemical insecticides, we use *none* of the persistent or cumulative insecticides: DDT, Dieldrin, Aldren, Endren, Heptochlor, etc.

The insecticides used in this area for mosquito control

have been accepted and approved by the Department of Public Health. The Project's personnel are all licensed by the Massachusetts Pesticide Board. We are constantly informed from the University of Massachusetts Extension Service on the latest development in insecticide formulation, their caution, their limits in toxicity and new application methods. We are in attendance at all sponsored training courses of the Communicable Disease Center, U.S.D.H. relating to mosquito control that are held in this area. We believe this is all necessary to give, not only a good mosquito control, but a safe control as well.

There are many man hours spent in this Project where no item of productivity can be shown yet are as necessary hours to the operation as any of the others recorded. The hours spent checking mosquito breeding sites and mapping these, inquiring into related mosquito complaints, the mixing of insecticides and loading of equipment sprayers, both repair and preventive maintenance of all trucks, tractors, trailers and sprayer equipment, and, the cleaning and painting of garage spaces. These tasks along with the regular mosquito control operations tend to keep a mosquito control man pretty busy fifty-two weeks a year on a project most people consider "just a summer job."

The Project wishes to acknowledge the help received from officials and departments of the communities it serves and sincerely hopes that benefits derived by these departments as a result of this cooperation are as great as those derived by the Project.

South Shore Mosquito Control Project

REPORT OF THE TREE WARDEN, INSECT PEST SUPERINTENDENT AND SUPERINTENDENT OF PUBLIC GROUNDS

To the Citizens of Norwell:

During the late winter of 1969 our own and surrounding areas witnessed one of the most damaging snowstorms to affect our trees in many years. On some streets, particularly those with a high population of swamp maples, nearly every tree was damaged, some slightly and others to a degree which made removal necessary. It will never be possible to restore these trees to their original condition. However, considerable work has been done and continued effort and time will keep many of these trees for suitable shade trees.

Two major tree diseases continue to affect and destroy many of our shade trees, the Dutch Elm Disease and the so-called Die-Back of maples. The Dutch Elm Disease is an incurable fungus disease affecting all species of elms. This disease has greatly reduced our elm population, but our roadside elms are still counted in the hundreds. Maple Die-back affects the sugar maple more often and more severely than other species of maples. This is a non-infectious disease caused by environmental conditions which are the most severe along our roadsides where salt, air pollution and poor growing conditions are most prevalent. There are very limited circumstances where treatment of any kind can stop the symptoms of trees in this condition. Trees affected this way usually get progressively worse, and deteriorate until they are no longer useful and have to be removed.

Fifty-three (53) roadside trees were planted this year, many in some of our newer developed areas of Town. Yearly planting is the only way to assure our Town of having desirable roadside trees for the future.

The construction of two Little League fields was nearly completed this year. These fields were constructed on extremely stony areas with a very high water table, two conditions which make construction and maintenance difficult. However, the results seem to be reasonably successful and

with normal weather conditions hopefully these fields will be in use next year.

Demands on athletic fields continue to increase and it must be realized that under these conditions turf cannot be maintained. Growing conditions were reasonably good this year and lawn areas responded well to our management program. Green areas in our Town are becoming less each year, therefore I think it becomes more necessary to maintain and improve the areas of natural beauty we still have.

Insect pests which affect our shade trees were kept under control, with the exception of an insect known as the oak leaf skeletonizer. This pest reached epidemic proportions in sections of Town where the oak tree populations are high. It was late summer when this insect became most noticeable and control measures at that time were impractical. If inspection of these areas during 1970 indicates that a high population of these insects presents a problem, control measures can be taken.

I would like to thank the other Town Officials and Committees for their cooperation and help to the Tree and Public Grounds Departments during the year, and again offer my help to them and any citizen of Norwell which I can assist.

Respectfully submitted,

Wesley H. Osborne, Jr.

REPORT OF THE NORWELL VISITING NURSE ASSOCIATION

1969 brought a first to the Norwell Visiting Nurse Association, in that we now have our own building where rummage may be left at any time. It is located in back of Sparrell's Funeral Services, 30 Central Street. The building was generously donated to us by Mr. John Savini of Avon. We used our Memorial Funds to pay for moving it and to do the necessary repairs.

The monthly Well-Child Clinic with Dr. Mary Butterworth as physician is continuing at the United Church of Christ Congregational on Main Street.

The success of our two Rummage Sales and Annual Appeal letter have allowed us to purchase more hospital equipment, and maintain our two substantial Nursing Scholarships, as well as employing our Nurse, Miss Catherine Roe.

I would like to personally thank the many kind friends of the Norwell Visiting Nurse Association whose contributions of time, money and energy make our activities possible.

Respectfully submitted,

Katherine R. Fuller,
President

NORWELL VISITING NURSE ASSOCIATION, INC.

Ruth C. Chase, Treasurer

DEPARTMENT OF CORPORATIONS AND TAXATION

Mr. Arthur H. MacKinnon
Director of Accounts
Department of Corporations and Taxation
Boston, Massachusetts

Sir:

In accordance with your instructions, I have made an audit of the books and accounts of the town of Norwell for the period from January 1, 1966, the date of the previous audit, to September 21, 1968, the following report being submitted thereon:

An examination and verification was made of the financial transactions as recorded on the books of the several departments receiving or disbursing money for the town or committing bills for collection.

The books and accounts in the office of the town accountant were examined and checked in detail. The receipts, as recorded, were compared with the treasurer's books and with the departmental records of payments to the treasurer, while the recorded payments were checked with the treasurer's records of disbursements and with the treasury warrants.

The ledger accounts were analyzed, the appropriations, loan authorizations, and reserve fund transfers being checked with the town clerk's records of town meetings and with the records of the advisory board. The necessary adjusting entries resulting from the audit were made, and a balance sheet, which is appended to this report, was prepared showing the financial condition of the town on September 21, 1968.

The books and accounts of the town treasurer were examined and checked. The receipts, as recorded, were compared with the records in the several departments collecting money for the town and with other sources from which money was paid into the town treasury, while the payments were checked with the selectmen's warrants authorizing the treasurer to disburse town funds.

The cash balance on September 21, 1968 was proved by actual count of cash in the office and by reconciliation of the bank balances with statements furnished by the banks in which town funds are deposited.

The records of payroll deductions for Federal and State taxes, the county retirement system, and group insurance were examined and checked, the payments to the proper agencies being verified.

The recorded payments on account of maturing debt and interest were checked with the amounts falling due and with the cancelled securities on file. A reconciliation was made of the bond and coupon account, with the outstanding coupons on September 21, 1968 being listed.

The transactions of the trust and investment funds in the custody of the town treasurer and the State treasurer were verified, and the savings bank books and securities representing the investments of these funds were examined and listed.

The records of tax titles and tax possessions held by the town were examined and checked. The amounts added to the tax title account were compared with the collector's records and the town accountant's books. The reported redemptions were checked with the treasurer's cash book, the disclaimers and foreclosures were verified, and the tax titles and tax possessions on hand were listed, reconciled with the town accountant's ledgers, and compared with the records at the Registry of Deeds.

The books and accounts of the town collector were examined and checked in detail. The tax, excise, and water lien accounts outstanding according to the previous examination were audited and compared with the assessors' warrants issued for their collection. The payments to the treasurer were verified, the recorded abatements were checked with the assessors' records of abatements granted, the amounts transferred to the tax title account were proved, and the outstanding accounts were listed and reconciled with the respective controlling ledger accounts.

The records of departmental and water accounts receiv-

able were examined and checked. The commitments were proved, the collections were checked with the treasurer's recorded receipts, the abatements were verified, and the outstanding accounts were listed and reconciled with the respective ledger controls.

In order to verify the outstanding accounts, notices were mailed to a number of persons whose names appeared on the books as owing money to the town, the replies received thereto indicating that the accounts, as listed, are correct.

The records of receipts from licenses and permits issued by the selectmen, the town clerk, the building, wire, and gas inspectors, and the police and health departments were examined and checked. The payments to the town treasurer and to the State were verified, and the cash balances on September 21, 1968, including petty cash advances, were proved.

The surety bonds furnished by the several town officials required by law to furnish such surety were examined and found to be in proper form.

The available records of departmental cash collections by the sealer of weights and measures and by the school and library departments, as well as by all other departments in which money was collected for the town, were examined and checked. The recorded collections were compared with the payments to the treasurer, and the cash balances in the several departments, including petty cash advances, were verified.

There are appended to this report, in addition to the balance sheet, tables showing a reconciliation of the treasurer's cash, summaries of the tax, excise, tax title, tax possession, departmental, and water accounts, together with schedules showing the condition and transactions of the trust and investment funds.

While engaged in making the audit cooperation was received from the officials of the town, for which, on behalf of my assistants and for myself, I wish to express appreciation.

Respectfully submitted,

William Schwartz
Assistant Chief of Bureau

CAPITAL BUDGET REPORT

The annual expenditures of the Town of Norwell may be divided into two broad categories of major significance to the taxpayers—general operating costs and large capital building programs. A substantial portion of the operating costs is beyond the direct control of the Town. For instance, the wage levels of teachers and some other municipal employees are now the subject of collective bargaining, and the Commonwealth legislates and regulates in many areas affecting our taxes. However, the timing and extent of our building programs are more manageable and one of the objectives of the Capital Budget Committee is to assist in such management by developing a long-range capital budget program. Such a program can coordinate town thinking, avoid costly delays, and hopefully smooth out inequalities in demand so that the capital outlay portion of our tax rate will not fluctuate erratically from year to year.

We realize this is an ambitious project, requiring much thought, time and effort by the members of this Committee. It also requires careful planning and long-range thinking by the Boards, Commissions and Departments of the Town. During 1969, we continued our practice of meeting twice monthly with representatives of these groups to discuss projected capital requirements for the next six years. Further information is needed and these discussions will continue during the first few months of 1970.

The Committee prepared reports to the Town for the Annual Meeting on March 10, 1969, and for the Special Meeting on December 1, 1969. These reports gave the voters the estimated tax impacts of the capital expenditures to be considered, including the high school alternatives presented at the December meeting. We expect to continue to inform the Town of the cost of current projects while we are also working to develop the long-range capital program mentioned earlier.

We consider the past year to have been productive in terms of the financial information furnished the citizens of

Norwell and with respect to the formulation of Committee objectives and policies. We are confident that 1970 will show substantial progress toward meeting our objectives.

Respectfully submitted,
Capital Budget Committee

COUNCIL ON AGING

In accordance with Chapter 242 of the Acts of 1966 The Norwell Council on Aging respectfully submits the following report of its activities and programs for the year 1969.

In May the Council observed National Senior Citizens Week. This program was held in the Town Hall Lobby and was well attended.

During the year the Council sponsored a series of bus trips to places of interest. Included in this program was an all-day trip to Mystic, Conn. Attendance on the trips is ever-increasing.

The Girl Scouts, working with the Council visited numerous homes of elderly citizens who are not able to get out, during the Christmas season. This program was well received and, hopefully, will be expanded in 1970. The Girl Scouts assistance in this phase of our programs is sincerely appreciated.

The Chairman attended the "Pre-White House" conference on Aging in Lennox, in the fall. It appears that our greatest need, at present, is for housing for the elderly. Various phases of the housing problem were discussed and investigation of this problem will continue during 1970.

In late 1969 equipment was purchased for the use of the senior citizens at their temporary headquarters at the Grange Hall.

The programs sponsored by the Council are very popular with the Senior Citizens of the town and create a great deal of pleasure for them. The programs are reaching more senior citizens than ever before.

Respectfully submitted,
Council on Aging

REPORT OF THE FIRE DEPARTMENT

The Board of Fire Engineers submits to the Citizens of the Town of Norwell this report of activities of the Fire Department for the year 1969.

The following calls for the Fire Department were processed through the Communications Center from January 1, 1969, through December 31, 1969:

Buildings (includes electrical)	40
Grass & Woods	50
Dump	8

During the past year the Fire Chief has attended several seminars on Fire Department procedures, as have some of the Department Officers. A Red Cross course in First Aid and Ambulance Operation was conducted by the Fire Chief and Officer Baldwin of the Police Department for members of the Fire Department, and the Fire Chief conducted a series of lectures on resuscitation for High School students.

The installation of a hydrant at the Town Dump has greatly improved conditions in that vital area.

The new Central Fire Station was put to additional good use during the severe snow storms of last February and March, when over fifty residents were provided with temporary shelter and meals in the second floor quarters. The second floor has also been utilized by the Permanent Building Committee.

Several new members have joined the ranks of the Fire Department Companies thus filling some of the vacancies that existed. It is now required that prospective members shall have a complete physical examination, including X-rays, and serve a probation period before being accepted as full-fledged members of the Department.

We sincerely hope that the Town will pick up the project of street numbering. This is a long-time need that, as the Town continues to grow, could be vital in case of an emergency.

Again this year may we extend our sincere thanks to the residents of the Town for their cooperation and compliment the operators of the Emergency Communications Center on their efficiency and speed in handling calls.

Respectfully submitted,

Board of Fire Engineers

REPORT OF THE INSPECTOR OF ANIMALS

To the Board of Selectmen:

As Inspector of Animals for the Town of Norwell, I have completed my duties for 1969 and report as follows:

Inspected barns and reported same to the State.

Reported to the Division of Livestock Disease Control the census of animals in the Town of Norwell.

Quarantined and released approximately forty-three dogs.

Respectfully submitted,

RICHARD E. CUGNASCA, D.V.M.

Inspector of Animals

REPORT OF THE JAMES LIBRARY

JANUARY 1970

During 1969 the James Library has again tried to improve and expand the service it has been rendering to the readers of Norwell for over 60 years. One major improvement is the addition of extra library hours. The Library is now open from 2 to 5 Monday through Friday, from 7 to 9 Monday through Thursday, and from 9 to 12 on Saturday mornings.

The second major improvement has been the establishment of a rotating book deposit from the Bookmobile Service of the Eastern Massachusetts Regional Library System. This started last February and judging by the circulation figures it has been a very popular addition to the Library. During 1970 we expect to be able to have a small circulating record collection also on loan from the Bookmobile.

The number of registered reader families increased during the year to 1170, an increase of 132 over 1968. The adult section lent 13,986 volumes and the juvenile section 8,579, for a total of 22,565. The books in circulation are added to monthly, with the purchase of from 27 to 40 new titles each month.

This report would be incomplete without our public acknowledgement of a debt of gratitude to our two regular librarians, Mrs. Helen Roubound and Mrs. Constance Sayrs, and our two part-time librarians, Mrs. Darlene Beauvais and Mrs. Jean Cleary, whose knowledge and helpfulness are a credit to the James Library.

Respectfully submitted,
Trustees of the James Library

REPORT OF THE WILLIAM J. LEONARD MEMORIAL LIBRARY

We wish to report that during 1969 there has been an increase of 181 new borrowers giving us a total of 1491. Our circulation has reached a new high of 21,869 volumes, 12,140 adult and 9,729 juveniles.

224 volumes were weeded from our collection, many of which were sold at the book fair sponsored by the "Friends" of the library, 824 new titles were purchased keeping the selection up to date. During the year 792 volumes have been borrowed from the Boston Public Library Bookmobile.

We would like to extend our thanks to Chief Merritt and the men of Combination No. 2 of the Fire Department and Mr. Gaudette who helped to make our new parking area.

The Norwell School Department has made it possible to obtain over 200 books from the school libraries during the summer and the principals distributed 102 summer reading certificates to the students.

We do hope that a new library will become a reality in the near future enabling us to extend many more services to our patrons which up to now have been impossible because of limited space, one of which is a regular story hour for pre-school children.

The trustees extend grateful appreciation to Mrs. Wilkie and Mrs. Wilder for their untiring efforts to improve the library and provide unlimited services to our borrowers.

In conclusion, we would like to thank all of the men and women, boys and girls who have made 1969 a most successful year.

Respectfully submitted,

Trustees of the William J. Leonard

Memorial Library

REPORT OF THE LIBRARY STUDY COMMITTEE

Norwell's Present Library Services

As we pass from the decade of the sixties, library services available to Norwell residents are better than they were ten years ago. Each of the town's two libraries is open approximately twice as many hours as then. Both house collections delivered by the Eastern Region Bookmobile, can obtain films for group use, and are able to request books not available locally on an inter-library loan basis. Norwell residents can get cards without charge from Thomas Crane Library in Quincy and Boston Public Library as these are sub-regional and regional centers respectively — thus funded in part by state and federal appropriations. In addition, the towns of Cohasset and Marshfield provide non-resident service without fee; Hingham's fee is \$10 per year per family and Scituate's is \$3.50.

Nevertheless, *measured against minimum modern library standards Norwell's library services fall some 50 per cent below what they should be.*
What is the Need?

With due respect for the contribution made by the First Parish over the span of a century in its support of the James Library, and for service of trustees and personnel of both libraries, *it is this committee's belief that the best way to meet the Town's needs is in a new central library* (built, perhaps, in two or three stages). This opinion supports a more than two to one response favoring new library facilities in the questionnaires circulated to each household by this committee and returned by a substantial number of voters.
How Can it be Met?

In order to provide a means by which Norwell may achieve a library in which its residents can find and use a wide range of reading and reference materials, a broad collection of periodicals, and other media as technology expands, this committee is submitting for the Warrant for the Annual Town Meeting articles calling for a site (already Town-owned) and preliminary plans for a new central library.

This combination of articles, if voted, would enable this committee (whose continued existence is asked in another article) to start work immediately with the Permanent Building and Maintenance Committee. However, if the Town fails to approve of the site chosen, an opportunity is offered for establishment of a site committee which could, in all probability, report at a Special Town Meeting later in 1970 and still enable the Town to get a start in the first year of the new decade on planning this most important educational and recreational resource.

Prior to reaching its conclusions the Library Study Committee has met on an average of once a week since its appointment in April, and has considered a number of ways of meeting the Town's library needs. Representatives of the Eastern Regional Library System have visited both libraries and made recommendations. Telephone conversations have been held with the Massachusetts Bureau of Education, Division of Library Extension. We have met twice with the School Committee and once with the Trustees of the James Library. The Leonard Library trustees have been informed of our activities. The committee has met with the Board of Fire Engineers, the Capital Outlay Committee, and will meet with the Advisory Board.

We initiated a meeting of library trustees and administrators of the towns of Cohasset, Scituate, Marshfield and Norwell to investigate the possibility of creating a regional library. This prospect seems too remote for us to contemplate at this time due to lack of interest in the other towns, but some effort in determining areas of cooperation is continuing.

As the result of a meeting with us, the Board of Trustees of the Hingham Public Library reduced its first year non-resident fee from \$20 to \$10.

Several of the committee's meetings were devoted to measuring the Town's library services against minimum standards established by the American Library Association. We tried not to be overly idealistic, but concluded that the libra-

ries are providing about one-half of what the Town might reasonably expect.

We urge that before Town Meeting those of you who are interested in improved library service for Norwell visit new libraries in communities similar to ours. We suggest particularly that you see the library in Hingham (population approximately 18,000) where more materials are circulated each year than in any other library in the Bay State in its population range (10,000 to 25,000).

The need is now. It is up to the Town's voters as to how and when it will be met.

Respectfully submitted,

Library Study Committee

REPORT OF THE PERMANENT BUILDING AND MAINTENANCE COMMITTEE

During 1969 the principal effort of the building committee had been in the direction of developing schematic design and cost data regarding an addition to the present senior high school, and the alternative of a new free-standing high school. Working closely with the school committee in defining educational requirements, and with the site committee in evaluating the several sites under consideration, the committee presented a report to the town at a special town meeting on December 1, 1969, at which time the committee was directed to proceed with the development of a new senior high school for 1000 students at the Main Street site. An architectural contract is currently under negotiation to enable the development of required preliminary plans which will then be presented to the School Building Assistance Board for their approval.

The committee has also taken action to proceed with the development of a new police facility to be located on River Street, in accordance with action taken at the special town meeting of December 1, 1969. The committee is currently interviewing architects interested in the project.

Action in regard to the town hall addition had been deferred pending resolution of the relocation of the existing police facility, which occupies part of the required site.

Respectfully submitted,

FRED N. LEVIN
Chairman

REPORT OF THE PLANNING BOARD

To the Board of Selectmen:

The Planning Board reorganized after the March 1969 Town Election with Richard K. McMullan, Chairman; Philip Joseph, Vice Chairman; Roy Richardson, Clerk; Robert R. Reed and William A. Bernardi, Members.

The Board presently meets on the second floor of the Town Hall Annex, on the 2nd and 4th Monday of the month at 8:00 o'clock.

All meetings are open to the public but persons wishing to present something to the Planning Board must do so under our formal agenda and should contact the board secretary for an appointment.

Sub-Division Control

The primary responsibility of this board is to satisfy the requirements of the Sub-Division Control Law. During 1969 we have had an increased number in the smaller Sub-Divisions of 10 lots or less and a decrease in larger Sub-Divisions. The Planning Board is also involved in following the progress of previously approved Sub-Divisions until new roads are accepted by the Town at a town meeting, as well as working with developers on preliminary plans for future Sub-Divisions. The Board works closely in these matters with the Drainage Committee, the Highway Department, Board of Water Commissioners, and the Board of Health, to be sure that new Sub-Divisions are planned and constructed according to the established rules and regulations.

Plans for house lots or established ways, do not come under the rules of Sub-Division Control laws, and must be endorsed by the Planning Board if they meet all of Norwell's requirements.

Zoning By-Law Changes

For the 1970 Special Town Meeting, the Planning Board has prepared an article, adding to Section VII, of the Zoning By-Laws to strengthen the requirements for construction

in Business District B and C, in order to give more control over development in these areas to the Town Boards.

Work Supervisor

The boards work supervisor during the past years has been the highway surveyor. It has recently become apparent that the demands upon his time as the highway surveyor, has made it difficult to also work as the work supervisor for the Planning Board. It was, therefore, by the decision of the Planning Board, with the approval of the Board of Selectmen, to hire an outside consulting engineering firm for the purpose of acting as our work supervisors on all new projects that come before the board. For the year 1969, our work supervisor was the firm of Briggs Engineering Co. on Washington Street, in Norwell. During the period that Briggs Engineering has worked with the Planning Board they have made several suggestions for improving the Rules and Regulations of the board to give more adequate protection to the Town in regards to construction of new roads within the Sub-Division.

Municipal Expansion

The Planning Board is presently working on the continuations of the long-range planning in light of the action of the December Special Town Meeting. At that town meeting the board had articles for the purchase of land to expand the area within the center of town for future expansion. We consider that this purchase sometime in the near future to be a necessity.

Master Plan

The board is presently considering various methods of obtaining a Master Plan for the Town of Norwell, along with an Official Map, showing all accepted ways within the town. We are exploring the various avenues that are open to us through funds available by Federal, State, and Private Organizations to accomplish this work.

Respectfully submitted,

The Planning Board

PLYMOUTH COUNTY AID TO AGRICULTURE

To the Citizens of Norwell:

The office of the Plymouth County Extension Service is located in the former nurses' home of the Plymouth County Hospital, High Street, Hanson, and can be reached by calling 293-3541 or 447-5946.

Our legal title is Plymouth County Aid to Agriculture, but we are better known as the Plymouth County Extension Service or the Cooperative Extension Service. Funds from three levels of government—county, state and federal support the Extension Program and that's why it is called "Cooperative" Extension Service. We are also known as the Educational Arm of the U.S.D.A., which indicates that our work is in the field of education.

Staff members have access to resources at the University of Massachusetts and the U.S.D.A., which aids them in conducting their various programs.

4-H Club Work has much to offer young people between 9-19 years of age in the broad areas of Careers, Citizenship, Clothing, Conservation, Crafts, Foods, Animal and Plant Science, Recreation, Science and Junior Leadership.

The 4-H Club Agents coordinate the efforts of the 4-H Club leaders, Parents, 4-H Town Committees, Civic organizations and others in offering to the young people of Plymouth County an excellent Program of Club Meetings, Local and Regional Activities and Special Programs pertaining to the above-mentioned list of areas of interest.

Programs conducted by the Extension Home Economists for families in the county are in the field of Consumer Education, Human Relations and Human Development, Management, Nutrition, Leadership Development and Homemaking Techniques. The Home Economists also cooperate with other organizations by teaching or coordinating educational programs for homemakers in underprivileged families, including those in low-income housing developments and the elderly.

This year, at the request of the U.S.D.A., the Extension Home Economists have developed a special Nutrition Program for low-income families in Brockton, which will eventually include the towns in Plymouth County.

The Regional Agricultural Specialists who have specific agricultural commodity responsibilities (i.e. Dairy and Livestock; Fruit and Vegetables; Floriculture; Nurseries; Poultry and Turkey) service the commercial farmers in the Southeast Extension Region consisting of Barnstable — Bristol — Norfolk and Plymouth Counties.

Other Regional Specialists are cooperating with local and regional groups interested in land — air — and water resource development.

ROBERT B. EWING,
County Agent

REPORT OF THE POLICE DEPARTMENT

To the Board of Selectmen:

May I first publicly thank you for your cooperation and that of the other town departments. We are particularly indebted to the Police Site Committee for the many hours of diligent work. As a result, we have a building site and are looking forward to a new station. I would like also to thank our Auxiliary Police and School Crossing Guards for an excellent job, often under extreme conditions. We also appreciate the backing of the Norwell Community Council for Social Health.

Last year we asked for one permanent man. During the year we lost two by resignations. This year we are requesting the addition of three men. If so voted, our strength will be, 2 Sergeants, 9 Patrolmen and myself. Percentage-wise, this seems to be an unreasonable increase. However, the explanation is apparent when in just one category, narcotic investigations increased by a factor of ten. Additional patrols seems to be the only deterrent to the staggering personal property losses suffered as a result of house breaks.

The increase in our proposed budget for 1970 reflects:

1. The addition of three permanent officers.
2. Costs of equipping these officers.
3. Purchase of a new cruiser.
4. A minimal wage increase to keep the excellent officers presently on the force and attract a high caliber recruit.
5. To satisfy statutory requirements such as mandatory training, court appearances, etc.
6. Increased secretarial help from 20 hours to 30 hours per week.
7. Creation of a part-time Juvenile Officer.

The following is a partial list of our activities for 1969:

Total Calls	24,384
Court Complaints	591
Breaking and Entry	76
Automobile Accidents	156
Sex Offenses	8
Family Trouble	76
Emergency Messages	71
Motor Vehicle Violations	744
Arrests	539
Accidental Deaths	11
Prowlers	32
Vandalism	66
Cruiser Ambulance	143
Missing Persons	44
Capias & Warrants	61
Mutual Aid	94

Respectfully submitted,

Kenneth J. Bradeen,
Chief

REPORT OF THE CIVIL DEFENSE AGENCY

As reported under the Communications Center, there were 114 ambulance runs this year, compared to 87 for the previous year. Training of drivers has continued and additional equipment was added as was suggested by the representative of the State Department of Public Health during the annual certification inspection.

Meetings of the Auxiliary Police continued throughout the year and as an added interest a revolver competition was held. As usual cruiser and traffic duty on Memorial Day and the evening of the Policemen's Ball was performed by the Auxiliary Police. They also helped out on Halloween and during the severe snow storms.

In conjunction with the Red Cross and the canteen unit, under the direction of Mrs. Margaret Wilder, a refuge was established at the Central Fire Station during the storms in February. In addition to Norwell and Scituate firemen, who were fighting a house fire on Main Street at the time, more than 50 residents took advantage of the food and warmth supplied. In conjunction with the selectmen and other town departments food and aid was also supplied to all who called for aid in their homes.

During the year, Mr. Stearns Poor retired as Communications Officer and Mr. James E. Power of Grove Street was appointed to take over this important position. Mr. Power is also a member of the Auxiliary Police and so is an important cog in the Civil Defense set-up.

As a result of the severe storms of the winter, the Town Hall was added to the Central Fire Station electrical circuits. This way electricity is supplied from the fire station generators and if needed the Town Hall could be used as a shelter, with heat and lights during hurricanes or other severe storms.

Radiological Monitoring is one aspect of Civil Defense in which we need trained personnel, so if any resident is experienced or is interested in this field, please contact the Civil

Defense Director. Training programs are frequently made available by the State Agency.

A group from the South Shore Hospital recently came to the shelter at the Osborn School to review the procedure for use of the 200-bed emergency hospital which is stored there. In case of serious need it is available to the South Shore Hospital. The plans call for setting up the hospital unit in the school or moving it to another location if needed.

Training programs in all active units of the Agency will be continued as in the past.

Respectfully submitted,

W. Clarke Atwater,
Director

REPORT OF THE EMERGENCY COMMUNICATIONS BOARD

The past year again showed a substantial increase in the activities at the Communications Center. The amount of calls, as logged on the daily report sheets, were as follows:

Police	24,384
Fire	8,755
Town Network	7,236
Miscellaneous	10,196
TOTAL	50,571

The police teletype added greatly to the responsibility of the operators, and has proved invaluable in coordinating operations with other towns, the State Police, and the Registry of Motor Vehicles. A more modern machine, which is required by the State Police, will be installed this year, at an added cost, but should prove to be more efficient.

The police base station was replaced by a new set this past summer and an article has been put in the warrant for the Annual Town Meeting to replace the fire base station, which is now eleven years old.

Included in the miscellaneous calls is a total of 2,486 inquiries as to whether or not schools will be open during stormy weather. In spite of the sounding of the fire sirens at designated times and announcements on public radio stations the Center is swamped with these calls. This is a great hazard to the public safety as it ties up lines which are needed for emergency calls. To prevent such a possibility we added another trunk line, but the problem still exists. "No school" calls are not emergency calls. We have asked the School Committee to set up a special number on a school line, to be manned by school personnel, so that these calls can be directed to that number during stormy weather. We hope that this problem can be solved before an emergency call is delayed because the lines are tied up by information calls of this nature.

We are asking for a considerable increase in the payroll appropriation for the next year, but it is a figure which we consider is a reasonable one to ensure that we keep our trained and experienced operators and to pay a wage which is comparable to other wages in this town and other towns and which is commensurate with the responsibilities borne by the operators. We have already lost one of our experienced operators to a neighboring town due to a higher pay scale. We cannot afford to lose any more, as we have been unable to obtain any qualified new operators and have a continuing problem to fill our schedule now. The alternative would be to close the center as it operates now and turn the responsibilities over to the various departments which use the center, which would necessitate three or four times as many personnel at much higher wages.

Another task of the center is the handling of the ambulance runs, which this past year totaled 114 as compared to 87 in 1968. Each of these calls means at least two men must be obtained as soon as possible. This is not always easy as it is done on a call basis and the men are not always available. Also in many cases the police, fire, or hospital have to be notified or alerted.

One of the privileges of this committee is, at the end of each year, to be able to express publicly to the operators our appreciation and that of the residents of Norwell for their loyalty and care in handling a most difficult and responsible job.

Emergency Communications Board

REPORT OF THE VETERANS AGENT AND SERVICE OFFICER

Due to new laws, many changes in the old laws, and numerous inquiries from veterans, the year has been a busy one for this department. The Commissioner of Veterans' Services granted a "cost of living" increase to all recipients of Veterans' Benefits. It was an increase sorely needed as none had been granted since 1967. This, and an increase in those receiving benefits, made it necessary to ask for additional funds to complete the year.

As service officer, returning veterans may obtain VA forms and information from this department. Bonus applications are available at the Town Hall. If any veteran has any questions this department will be glad to help them.

I wish to thank all those who have been of help this year.

Respectfully submitted,

Dorothy M. Dickson,
Veterans' Agent

REPORT OF THE RECREATION COMMISSION

Our report for 1969 highlights a few of the activities which we feel we should be doing throughout the year rather than in a six-week summer program.

As you are aware, our Teen Center Program is more or less self-supporting and is active mostly during the school year. It also is only for Grades 9-12. Some of the activities include a ski trip to New Hampshire, Roller Skating Parties, Splash Parties, Gym-O-Ramas and dances. Our main responsibility is to have the Director of Recreation, Mr. Felix Dixon, present at all functions. All other supervision is voluntary.

The only other program is the Summer Playground Program, which, in 1969, due to the late closing of school, started the Monday after school closed. This factor caused a very small opening week registration. To assist Mr. Dixon this year we were able to have Mr. John Osgood, Physical Education Instructor at the Norwell High School. This proved to be a good combination for we saw our attendance triple before the six weeks were up, due to the enthusiasm generated by the Director and his assistant.

In the past we have noticed a falling off of participants near the end of the six weeks.

This year we had a fishing derby at Jacobs Pond, we went to College Pond once a week for swimming, we went to the Children's Theater in Cohasset with 50 or more youngsters each week, we hope to continue these activities and hopefully add more next year.

We wish to thank all leaders and assistants who worked very hard this year. We also wish to thank the townspeople for its vote of confidence last year.

We will not ask for more money this year, but we hope someone will include a "facility" for the Commission in future planning. We need an area that we can call our own. We feel competent to do more, but we have no place to do it.

Respectfully submitted,

Recreation Commission

REPORT OF THE WATER COMMISSIONERS

To the Board of Selectmen:

We are pleased to submit the following for the 1969 Annual Town Report:

Weekly meetings were held during the year on Thursday evenings at the South Street office.

1969 Major Projects:

- a. A new 500,000 gallon water storage tank was installed and put into service. This installation increases the storage capacity of the system to 1,000,000 gallons.
- b. A short water main extension was installed on Pine Street. This completes the main installation here.
- c. A new well site east of South Street was pump-tested and approved for a town water source by the State Department of Public Health.

Water mains were also installed by Developers at no cost to the town in Pine Street, Till Rock Lane, Captain Vinal Road, Germaine Road, Hall Drive, Accord Pond Drive, Hemlock Drive, Otis Hill Road and Wildcat Lane.

The system has functioned satisfactory during the year and the following is submitted:

Water pumped	1964	1965	1966	1967	1968	1969
Millions of						
gallons	119	128	138	137	147	173
Users	1,104	1,255	1,300	1,415	1,489	1,614

The Board plans to submit to the coming March Meeting a Progress Report containing additional information about the Board's activities.

Respectfully submitted,

Board of Water Commissioners

REPORT OF THE ZONING BOARD OF APPEALS

To the Board of Selectmen:

In 1969, the Zoning Board of Appeals held fifteen (15) public hearings on petitions for variance of the Zoning By-Laws of the Town of Norwell.

The following are the hearings held and the results thereof:

Earle F. & Emily T. Allen — seeking relief from the hardship created by the recent change in the Zoning By-Laws in order to permit use of their Lot No. 2 on Cross Street for a dwelling. Permission granted in view of the fact this lot was established by deed and plan prior to the adoption of the present Zoning By-Laws.

Heritage & Company — seeking approval to construct a "Workshop Building" at the rear of 45 Washington Street and a group of stores to be constructed in two stages at 37-39 Washington Street. Permission granted.

"Kentucky Fried Chicken" — for permission to construct a "Kentucky Fried Chicken" building at 9-11 Washington Street. Permission granted with the provision that the three "Facia" signs will be permitted but the erection of the so-called "Bucket" sign will not be allowed.

"Dunkin Donuts" — seeking approval to construct a building at 9-11 Washington Street on a lot having insufficient area and frontage. Petition denied.

Jack E. Copus — seeking a variance so that he would not have to remove 5 feet from his garage (purchase of the small amount of land necessary did not appear feasible). Variance granted since this situation was an unfortunate but honest error revealed by a re-survey of the property involved.

John A. Moloy, Jr., of Marshfield — seeking permission to establish a Dry Cleaning establishment at 32 Pond Street. Variance granted providing approval is obtained from the Mass. Dept. of Public Health and the Town of Norwell Board of Health by the petitioner.

Whitman G. & Vilma L. Goodwin — seeking relief of the Norwell Zoning By-Laws as applied to a portion of their Lot No. 24, on Bowker Street. Variance granted.

Alfred L. and Eileen E. Zelms — seeking a variance to add a single story addition to the present "L" shaped house which will project at the front of the house approximately 4 feet. Variance denied and any addition must not extend beyond the present line of the existing building.

Felix Maiellano — seeking permission to manufacture and sell soft ice cream, strictly on a take-out basis, in the new addition of the "Country Farm and Dairy Store," formerly known as "Sylvester's Variety." Petition denied.

Coastal Realty Trust — seeking permission to construct and operate a Robo Car Wash near the warehouse building under construction at the rear of 45 Washington Street. Decision pending — awaiting further information from the petitioner.

Pewter Pot Muffin House — seeking approval of construction of a "Pewter Pot Muffin House" adjacent to the approved Kentucky Fried Chicken building on a lot having insufficient frontage. Petition denied.

Charles J. Gregory — requesting approval for the operation of an automobile repair shop, repairing of fiberglass and painting in the building at the rear of the Mace Building, 164 Washington Street. Petition denied.

Javelin Tire Corporation — seeking permission to construct and operate a building for the distribution of automotive goods in the Marden Accord Industrial Park off Pond Street. Permission granted subject to the necessary approvals by the Commonwealth of Massachusetts Department of Public Health and the Norwell Board of Health as to the proper sanitary disposal.

Robert J. & Dorothy L. Connolly — requesting a variance so that Lots 121 and 134 can be subdivided into two building lots. Decision pending.

Mace Building — D. James McKinnell, Trustee — seeking permission to use the rear building located at 164 Washington Street for the setting of glass in mirrors, refinishing and restoring antiques, repair of music boxes and the assembling and finishing of cabinets. Decision pending.

Respectfully submitted,

ZONING BOARD OF APPEALS

REPORT OF THE BUILDING INSPECTOR

To the Board of Selectmen:

The year 1969 showed an increase of four in the number of building permits issued. It is interesting to note that there were 16 more permits issued for new dwellings than in the year 1968. There was also an increase in the number of commercial buildings, including the new nursing home and a substantial addition to the South Shore Medical Center, which will undoubtedly be beneficial to the Town.

I would like to take this opportunity to publicly thank my alternate, Mr. Richard Wiley, for the fine job he did during my long illness this year. He is to be commended.

Building permits issued and inspections made in 1969 are summarized as follows:

RESIDENTIAL

New Dwellings	90
Additions-Alterations	32
Garages	5
Barns, Sheds, etc.	3
Swimming Pools	12

COMMERCIAL

Non-Residential Buildings	7
Additions — Non-Residential	8
Nursing Home	1

OTHER

Construction Trailers	1
Buildings Moved	5
Buildings Demolished	8
Occupancy Permit	1
Replacement Permit — Previous Years	1

TOTAL	174
-------	-----

It has been a pleasure to work with the various builders and contractors. The cooperation of the Town Boards and Committees is gratefully appreciated; and Mrs. Mildred Sundwall and Mr. Harry Chase have, as always, been unstinting in their helpfulness.

Respectfully submitted,

Charles E. White,
Building Inspector

REPORT OF THE SCHOOL COMMITTEE

To the Citizens of Norwell:

The most important school related event in 1969 was the special town meeting on December 1, at which time the town voted overwhelmingly to proceed with the construction of a new free standing high school. The Town also voted to take by eminent domain the Main Street site, bounded by South Street. When this new high school is opened, it should alleviate our overcrowded conditions at all levels. The Vinal Elementary School, which was opened in September 1967, now has over 375 students in a building designed for 325. Because of the growth at that end of town, the Vinal School at the end of 1969 had 22 more students than in September.

Because of the overcrowded conditions in the High School, we moved the industrial arts to the Junior High School so that we might make two classrooms out of that area. The teacher's room was moved to the lumber storage area so that we might have another small classroom. The School Committee and Administration are doing their best to continue with quality education under crowded conditions, and we are looking forward to 1972 when the new free standing high school will be completed.

Under a provision of the State Law, Norwell for the first time instituted a program for the perceptually handicapped under the leadership of our reading coordinator, Mrs. Virginia Craig. This program was designed to help those children with very severe reading disabilities. Without a proper reading knowledge, no student can be successful in school.

We continue to cooperate with Hanover in the hiring of one speech therapist for those children with speech difficulties. For many years Hanover, Hanson and Norwell have been cooperating in maintaining special classes for the educable and trainable children of the three towns. Norwell hopes to expand its cooperation with surrounding towns for the benefit of its young students.

A look at the teachers' qualifications will show that Nor-

well has been hiring more experienced teachers in the past few years. We now have many teachers with master's degrees and several years of experience. It has been suggested that if Norwell hired beginning teachers, we might save money for the taxpayers. But would inexperience help to further good education in our town? It could be asked if inexperienced help in a company would make it easier for a businessman? The School Committee feels that we must reject this premise since we are running a business—the largest business in town.

Because of the importance of budgeting and its effect upon the town, your School Committee does not take budgeting lightly but spends many, many hours going over each request, rejecting or accepting. It is not a haphazard thing but rather a detailed function of the School Committee. The startling thing about budgeting is that over 83 per cent of our budget is due to salaries and transportation, with the balance made up by teaching and custodial supplies, equipment, repairs, utilities, etc. This fact makes the job even more difficult because salaries are determined by negotiations, which in turn is determined by the patterns set in the South Shore area.

The past year has seen many changes occurring in education. It is our duty to ferret out and decide what is applicable to Norwell and what is not. We must not fall victim to "change for the sake of change" but rather change for the betterment of our children's education.

Respectfully submitted,

Harold G. Simms, Chairman

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee:

The greater portion of this report will concern itself with a problem which has become paramount to the community and the School Department; school construction. There are, however, a few observations relative to our schools and personnel I should like to bring to your attention.

PERSONNEL

This school year commenced with a total professional staff of 140. Fifty-one of these (25 in the high school) have at least a Master's Degree and another 31 have graduate credits beyond their Bachelor's. Well over 50 per cent of our staff, therefore, are constantly working to improve their professional status and standards, a glowing testimony to the commitment a majority of our teachers have to education and to Norwell.

Another fact which should not be overlooked and which offers Norwell added dividends is that only 10 of our professional staff are in their first year of teaching. The average of teaching experience in Norwell is 6.9 years. We have 31 staff members with 10 or more years of experience and 36 with 5 to 10 years' experience. Another 35 have 4 years' experience, with the remainder ranging from 1 to 3.

Two members of our staff, Mrs. Priscilla Hart and Miss Jean Bingle, are on sabbatical this year and pursuing graduate degrees at Northeastern University. Mrs. Hart in special education; Miss Bingle in mathematics. Mr. Stephansky, who was on sabbatical last year, was granted his Master's this past summer and has resumed his duties as Social Studies Coordinator and teacher in Norwell.

Through the efforts of Mr. Walter Kaetzer, Principal of the Cole Elementary School, an arrangement has been made whereby:

1. Twenty student teachers will be assigned to Norwell's schools each semester for 16 weeks;

2. A B.U. faculty member will be assigned to the Norwell schools to supervise, on a full-time basis, the direction of these student teachers.

The benefits to Norwell will be numerous:

1. Classroom teachers will have the benefit of specially trained students;
2. Teachers, because of vouchers which will be given toward tuition courses at B.U., will be able to take courses at B.U.;
3. Teachers will have available to them the facilities and guidance of B.U.'s School of Education;
4. Norwell will have a "pool" of graduating seniors from which to draw as replacements are needed.

CURRICULUM

Additional strides have been made in this all-important area, attesting to the fact that our Coordinators, Directors, and Administrators are committed to giving Norwell as fine a school program as resources and human endeavor can provide. The brief review which follows cannot do justice to the time and effort expended by our staff members nor to their continuing labors.

Plans are presently being made to introduce calculus and computer programming into the high school program. Mrs. Paradise, who last year took a refresher course in computer math, and programming, is now trying to arrange a cooperative effort with some computer center which will permit use of a computer and provide our students with the opportunity to utilize such facilities. The successful resolution of her plans will give added depth and dimensions to our regular math program. The Math Department is also investigating methods of teaching math, to "slow learners." It should be noted that Miss Bingle, as part of her work at Northeastern, has been selected to participate on a computer math project at Wellesley Junior High School.

Mr. Ryan and his staff have introduced several new

programs into the English program: 1) the Oregon English Curriculum Series in the junior high; 2) an Electives Program for high school seniors which offers them some 16 possible English courses from which to choose; 3) a course in the film as a vehicle of communication and creative expression; and 4) an independent study program offered by Mr. Ryan.

Through the combined efforts of our foreign language teachers, particularly Mrs. Brockman and Mr. Sezak, a course in Advance Placement French was begun in September. The successful completion of this course can often enable a graduating senior to be placed in an advanced French course when he or she enters college.

Mrs. Craig and her staff have further enhanced our reading program with the addition of a program for the perceptually handicapped and the introduction of the Open Court Reading Series as a supplement to our present series. The latter also provides an excellent program in composition, which is the primary reason for its use.

The Music Department has introduced a new music series into the elementary schools which offers several advantages not provided by our old program: 1) music history; 2) the development of instruments; 3) a study of musical forms; and 4) an attempt to correlate music with the other arts.

Last year the art teachers met at least once every month to develop a Sequential Art Program. Their work will not only provide for a more comprehensive program, but obviate the possibility of needless repetition. It is to the credit of these teachers that despite the traditional indifference of most people to art, they continue to expend their time and talents toward the improvement of this most essential program.

Mr. Stephansky and his department continue their ceaseless efforts for a social studies program which will satisfy their demanding criteria. They have elected to devote the entire school year to the development of a program for our schools; and, if they are able to arrange for summer work,

plan to spend 3 or 4 weeks of concentrated work in the preparation of materials for its implementation.

This past spring we arranged to have some 30 members of the community trained by the Great Books Foundation of Chicago in the techniques of group discussion. It is our hope to begin a Junior Great Books Program for our third-graders this school year. Of the 30 plus who participated, almost three-quarters of them were eventually certified to conduct the discussion groups. Should our plans materialize, we shall be able to provide such a program of reading and discussion to all students in the Norwell schools who wish to participate.

With the appointment of Mrs. Doris Harriman as Health Coordinator for the Norwell Public Schools, we are now in a position to begin planning programs for our children in all areas of health education. Mrs. Harriman has already developed specific areas and is herself teaching in the high school on a three-fifths basis.

Finally, our Guidance Department, under the direction of Mr. Stephen Greene, has provided a Work-Study Program for those members of our high school student body who, not wishing to go on to college, would like to combine their education with work, thus giving them the advantage of on-the-job experience without having to leave school. The students are placed by the Guidance Department and at the conclusion of their class work, those in the program are permitted to leave the building and go to their jobs.

UTILIZATION OF FACILITIES

Still plagued with the problem of finding room for the increasing number of children enrolling in our schools—we now have 2340 plus—spaces for housing students and staff have had to be created from rapidly dwindling storage areas and rooms meant for other purposes. The following temporary(?) changes were made this summer:

High School

1. The woodworking shop was moved to the junior high and the space provided us with 2 classrooms.

2. The metal shop, which last year had been converted into an office for coordinators and a teachers' room, has been made into 2 classrooms.
3. The wood storage area is now a teachers' room.
4. The A-V storage room is a teachers' work area.

Junior High School

1. The storage area off the shop, which last year was converted into an "art" room, has been returned to the shop as a drafting classroom.
2. The art room is now located in a classroom adjacent to the administrative suite.

Cole School

1. The teachers' room, which once consisted of 2 rooms, is now reduced to 1, with the other converted into a classroom.
2. The cafeteria is being utilized as a part-time music and speech therapy classroom.

Osborn School

The storage area once used for custodial and kitchen supplies is now housing 8 coordinators. A portion of the cafeteria has been converted into a storage closet for the supplies.

As long as space exists, ingenuity can conceive of ways to utilize it. We now have reached the point, however, where even the most fertile mind cannot create something from nothing. If new houses continue to be constructed at the present rate and if those now rumored are built, then we are in dire straits.

SCHOOL, PRESENT & FUTURE

Norwell is presently supporting 5 schools; 3 elementary and 2 secondary. Every one of them is over capacity:

1. Cole School Built for 600-Present Enroll. Oct. 1, 1969—684
2. Vinal School Built for 325-Present Enroll. Oct. 1, 1969—362
3. Osborn School Built for 325-Present Enroll. Oct. 1, 1969—335
4. Jr. High School Built for 340-Present Enroll. Oct. 1, 1969—365
5. High School Built for 450-Present Enroll. Oct. 1, 1969—594

Although it is still the exception, there are classes in our schools in excess of 30 students. No amount of rationalization can alter the fact that some children in our community are being "short-changed."

Our most desperate and obvious problem is with the high school. Despite the goodwill and professional dedication of an exceptionally fine staff, we are asking them and our children to function in a physical plant which has long since exceeded its capacity and capability to give Norwell what it was meant to give.

When I arrived in Norwell in 1966, you instructed me to compile a report on the educational needs of the community. The results of this report, copies of which were distributed to all the concerned agencies in the town, recommended that a simple addition to the present high school was neither educationally nor financially in the best interest of the community. (It is interesting to note that two additional studies, made at great expense, have corroborated my basic recommendations.) Why did I object to the then proposed addition?

First, once the present structure was added to, it would no longer have been expansible. Since my projections indicated a greater influx of students than had previously been predicted, it appeared obvious that Norwell would have become involved in a building program which would have necessitated far more money than any community can be reasonably expected to spend. With the favorable vote received at the December 1 special town meeting, we can now anticipate that:

1. The new high school will house 1000 students, expansible to another 1000 if necessary.
2. The present high school will become a junior high capable of housing 500 plus and, depending on how large an addition needed, it can be expanded.
3. Although it did not appear feasible in 1966 because the State was not giving financial assistance for the renovation of old buildings, we may now receive up to

40 per cent reimbursement for the remodeling of the junior high as an elementary school. This would immediately relieve the pressure on all 3 elementary schools, thus forestalling any major construction until at least 1976, at which time an addition will probably have to be constructed on the Vinal School.

In effect, then, the construction of the new high school will give us the equivalent of 2 additional schools, thus obviating the construction of a new junior high and delaying an addition to the Vinal and the construction of a new elementary for some time.

The educational benefits of the new free standing high school will be innumerable:

1. A new building with enough built-in flexibility to provide facilities for the best in modern teaching approaches without having to sacrifice the best in traditional approaches;
2. A "new" junior high which will give our students science labs, facilities for foreign languages, adequate physical education facilities, music and art room—all of which our present junior high lacks;
3. Sufficient classroom space to alleviate crowded conditions in our elementary schools.

The question can legitimately be posed, "Has the School Department investigated other possible alternatives which might obviate major construction?" Without becoming involved in detailed considerations of each, we have investigated:

1. Trimester plans. The feeling is that the present state of this concept has not been sufficiently developed for small schools systems to warrant our commitment at this time. Scituate has been studying this possibility for almost a year and has reached no definite conclusions;

2. Double sessions are not looked upon favorably by the State Department, and the Commissioner will give permission only in extreme cases, and only if the school system in question can submit a plan proving that definite steps are in progress to rectify the circumstances necessitating such an extreme measure. More to the point, it is universally agreed that double sessions have an adverse effect on all concerned and require at least a 25 per cent increase in personnel plus additional buses;
3. Portable classrooms: will provide, at a minimum cost of \$25,000 each, an immediate increase of space but will only delay temporarily the inevitable, and at ever-increasing costs.

Collective bargaining continues to consume many hours both by the School Committee and my office.

In conclusion, I wish to once again express my sincere thanks and appreciation to Mr. Harry Chase and the members of his office staff. To all those who have labored so long and arduously with this office in trying to provide the community with a reasonable plan for school construction, my sincere gratitude.

Respectfully submitted,

Richard C. Hamilton

NORWELL PUBLIC SCHOOLS
Building Enrollment — As of October 1, 1969

Grade	Cole School	Ella Osborn School	Vinal School	Junior High School	Senior High School	Total

REPORT OF THE SCHOOL PHYSICIAN

The following is my annual report as school physician:

Routine physical examinations have been completed in all the grades in the High School, the eighth and fourth grades.

Candidates for all the athletic teams were found to be in excellent physical condition and achieved remarkable league records in spite of traditionally poor facilities. Dedicated coaching must be credited. However, I would like to suggest a more complete intramural sports program which could reach the increasing numbers of "non-athletes."

The Board of Health has accomplished a high percentage of immunization. The new mumps vaccine program has been completed and appears to be very effective. It is hoped that the State will soon make the limited German Measles vaccine supply available to the lower grades. Contagion has been well controlled.

The Social Health Council has sponsored excellent educational programs related to Drug-Abuse. I have personally had talks and discussions with each of the High School and Junior High grades using prepared American Medical Association Materials on Drug-Abuse.

I think the nurses and physical education teachers are doing an excellent job for health in the schools. They should stimulate by example continued interest in health careers.

The increasing enrollment also needs constant improved emphasis for health education.

Respectfully submitted,

Raymond G. Vinal, M.D.
School Physician

TOWN OF NORWELL
COMMONWEALTH OF MASSACHUSETTS
WARRANT FOR ANNUAL TOWN MEETING

Monday, March 10, 1969 at seven-thirty o'clock in the
afternoon at the Senior High School
and Saturday, March 15, 1969 at 12 noon at the Senior
High School for the Election of Town Officials

Plymouth, ss,

To one of the Constables of the Town of Norwell, in said
County of Plymouth and Commonwealth of Massachusetts,
GREETINGS:

In the name of the Commonwealth of Massachusetts, you
are hereby directed to notify and warn the inhabitants of
the Town of Norwell, qualified to vote in elections and Town
affairs to meet at the Senior High School in said Norwell on
Monday, the tenth day of March, 1969 at 7:30 p.m., then
and there to act upon the following articles, to wit:

ARTICLE 1

To see if the Town will accept the reports of its Officers,
Boards, Departments, Committees and Commissions, as printed
in the 1968 Annual Report, or act on anything relative
thereto.

ARTICLE 2

To see what sums the Town will raise and appropriate,
or appropriate from available funds to pay Town debts, expenses
and charges including debt and interest for the ensuing year
and to fix the salary and compensation of all Elective Officers
of the Town, effective from January 1, 1969, as provided by
Section 108 of Chapter 41 of the General Laws, as amended,
and to provide for a reserve fund, and without limiting the
foregoing, to raise and appropriate, or appropriate from
available funds, sums for the following: Moderator, Selectmen's
Department, Town Office Manager and Accountant, Town Hall
Clerks, Town Meetings and Elections, Treas-

urer's Department, Collector's Department, Assessor's Department, Town Counsel, By-Law Committee, Town Clerk's Department, Registration and Listings, Board of Appeals, Planning Board, Development and Industrial Commission, Permanent Building and Maintenance Committee, Conservation Commission, Council on Aging, Capital Budget Committee, Town Hall and Annex, Police Department, Dog Officers, Fire Department, Civil Defense, Emergency Communications Center, Sealer of Weights and Measures, Building Inspector, Gas Inspector, Wire Inspector, Tree Warden's Department, Moth Department, Maintenance of Public Grounds, Board of Health, Inspector of Animals, School Nurses, School Dental Hygienist, School Physician, Town Dump, Mosquito Control, Highway Department, Street Lights, Permanent Drainage Committee, Veterans' Benefits, School Department, South Shore Regional School District, Senior High School Site Committee, Libraries, Aid to Agriculture, Group Insurance, Memorial Day, Pensions and Annuities, Plymouth County Retirement Fund, Recreation Commission, Town Reports and Budgets, Town Schedule Insurance, Water Department, Care of Veterans' Graves, Washington Street Cemetery, Maturing Debt and Interest; or act on anything relative thereto.

ARTICLE 3

To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue for the financial years beginning January 1, 1969, and January 1, 1970, in accordance with the provisions of General Laws, Chapter 44, Section 4, and to renew any note or notes as may be given for a period of less than one year, in accordance with the provisions of General Laws, Chapter 44, Section 17, or act on anything relative thereto.

Requested by the Town Treasurer

ARTICLE 4

To see if the Town will vote to appropriate the 1968 County Dog Tax Refund to the School Department General

Education Expenses Account, or act on anything relative thereto.

Requested by the Advisory Board

ARTICLE 5

To see if the Town will vote to authorize the Town Accountant to close out the unexpended balances of the following appropriations, the purposes of which have been completed, or act on anything relative thereto.

1968—Tree Warden—New Truck	\$451.00
1968—Tree Warden—Trailer	1.40
1968—Highway Dept.—Roller and Trailer	240.00
1958—Highway Dept.—Drainage	1,331.66
1968—School Dept.—Unpaid Bills	.02
	<hr/>
	\$2,024.08

Requested by the Town Accountant

ARTICLE 6

To see if the Town will vote to appropriate from available funds the sum of \$15,812.50, or any other sum, in anticipation of repayment by the Commonwealth of Massachusetts, for Chapter 81 work on the Highways, or act on anything relative thereto.

Requested by the Board of Selectmen

ARTICLE 7

To see if the Town will vote to appropriate from available funds, the sum of \$30,750.00, or any other sum, in anticipation of repayment by the Commonwealth of Massachusetts and the County of Plymouth, for Chapter 90 work on the Highways, or act on anything relative thereto.

Requested by the Board of Selectmen

ARTICLE 8

To see if the Town will vote to appropriate from available funds, the sum of \$3,830.04, or any other sum, in anticipation

of repayment by the Commonwealth of Massachusetts, for Chapter 616, Acts of 1967, work on the Highways, or act on anything relative thereto.

Requested by the Board of Selectmen

ARTICLE 9

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$20,000, or any other sum, to be added to the Highway Town Account, to be expended under the direction of the Highway Surveyor, for the resurfacing of sections of Grove Street, River Street, Tiffany Road, Circuit Street, and Old Oaken Bucket Road, or act on anything relative thereto.

Requested by the Highway Surveyor

ARTICLE 10

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$3,000.00, or any other sum, to be expended under the direction of the Highway Surveyor, for graveling, grading, surface treatment and maintenance of the Town Easement, known as Paradise Drive, which runs from Main Street to the water standpipe located to the north of Main Street on Hoop Pole Hill, so-called, or act on anything relative thereto.

Requested by the Highway Surveyor

ARTICLE 11

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$15,000.00, or any other sum, to be expended under the direction of the Highway Surveyor, for the purchase of a new Street Sweeper for the Highway Department, or act on anything relative thereto.

Requested by the Highway Surveyor

ARTICLE 12

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$9,000.00, or

any other sum, to be expended under the direction of the Highway Surveyor, for the purchase of a new Dump Truck for the Highway Department, or act on anything relative thereto.

Requested by the Highway Surveyor

ARTICLE 13

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$3,500.00, or any other sum, to be expended under the direction of the Highway Surveyor, for the purchase of a new Pick-up Truck for the Highway Department, or act on anything relative thereto.

Requested by the Highway Surveyor

ARTICLE 14

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$2,500.00, or any other sum, to be expended under the direction of the Highway Surveyor, for the purchase of a new V-body Sander for the Highway Department, or act on anything relative thereto.

Requested by the Highway Surveyor

ARTICLE 15

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$1,800.00, or any other sum, to be expended under the direction of the Highway Surveyor, for the purchase of a new Snow Plow for the Highway Department, or act on anything relative thereto.

Requested by the Highway Surveyor

ARTICLE 16

To see if the Town will vote to authorize the Board of Selectmen to purchase or take by eminent domain the areas located on each side of Pine Street, at its intersections with Circuit Street, shown on a plan entitled: "Selectmen Town of

Norwell Pine Street Circuit Street," dated June 28, 1968, a copy of which is on file in the Town Clerk's office and incorporated herein by reference, to provide for a full 90 degree, 50' radius arc on each corner of Pine Street at its intersection with Circuit Street, and to appropriate therefore and all expenses in connection therewith, the sum of \$1,000.00, or any other sum, for the purpose and to determine whether the same will be raised by taxation, by transfer from available funds, or by any combination of the foregoing, or act on anything relative thereto.

Requested by the Board of Selectmen

ARTICLE 17

To see if the Town will vote to authorize the Board of Selectmen to plan the continuation of the accepted portion of a Bowker Street layout for its entire length, and to prepare plans for recommended alterations of this new section to be submitted to the Town for acceptance, after the required public hearings, and to appropriate the sum of \$1,000.00, or any other sum, for this purpose, and to determine whether the same shall be raised by taxation, by transfer from available funds, or by any combination of the foregoing, or act on anything relative thereto.

Requested by the Board of Selectmen

ARTICLE 18

To see if the Town will vote to appropriate \$2,000.00, or any other sum, to supplement the appropriation of \$9,000.00 voted under Article 31, 1967 Annual Town Meeting, for the construction of a sidewalk on High Street, to provide sufficient construction funds, as determined by cost estimates derived from competitive bidding, a procedure established by the voted amendment to Article 10 of the Town By-Laws, and to determine whether the same will be raised by taxation, by transfer from available funds, or by any combination of the foregoing, or act on anything relative thereto.

Requested by the Board of Selectmen

ARTICLE 19

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$1,200.00, or any other sum, to be expended under the direction of the Superintendent of Public Grounds, to purchase, install and equip a flag pole to be located directly behind the World War II Monument on the small triangle west of the Common at Norwell Center, or act on anything relative thereto.

Requested by the Superintendent of Public Grounds

ARTICLE 20

To see if the Town will vote to authorize the Board of Selectmen to convey or otherwise grant a piece of tax land owned by the Town to the V.F.W. Post 8210 of Norwell for a hall construction site,

this land is known as the Thomas Stoddard Lots consisting of $7\frac{1}{2}$ acres, more or less, and located on the southerly side of said School Street in the Town of Norwell,

the exact terms and conditions of the grant and the location thereof to be established by the Board of Selectmen of Norwell, or act on anything relative thereto.

Requested by 11 Registered Voters

ARTICLE 21

To see if the Town will vote to change the names of Brigantine Way East, Brigantine Way West and that portion of Till Rock Lane that runs between the ends of Brigantine Way East and Brigantine Way West to Brigantine Way, or act on anything relative thereto.

Requested by 14 Registered Voters

ARTICLE 22

To see if the Town will vote to appropriate the sum of \$10,000.00, or any other sum, for preliminary plans to expand, under direction of the Permanent Building and Maintenance Committee, the present Town Hall to 10,000 square feet net area to be used, as required, exclusively for administrative

purposes, an area considered adequate for 20 years with double the present population, as established by two independent professional study groups and the Board of Selectmen, and to determine whether the same shall be raised by taxation, by transfer from available funds, or by any combination of the foregoing, or act on anything relative thereto.

Requested by the Board of Selectmen

ARTICLE 23

To see if the Town will vote to authorize the Board of Selectmen to purchase, or take by eminent domain, for the purpose of a Police Station, a parcel of land containing approximately $\frac{1}{8}$ of an acre, with the building thereon, situated on the Southerly side of Main Street and bounded:

Easterly — by a Cemetery; Southerly — by land of the First Parish Church of Norwell; Westerly — by land now or formerly of Nellie L. Sparrell; and Northerly — by Main Street, known as 690 Main Street, and to appropriate therefor the sum of \$25,000.00, or any other sum, and to determine whether the same shall be raised by taxation, by borrowing, by transfer from available funds or by any combination of the foregoing, or act on anything relative thereto.

Requested by the Board of Selectmen

ARTICLE 24

To see if the Town will vote to appropriate the sum of \$10,000.00, or any other sum, to be expended under the direction of the Permanent Building and Maintenance Committee for preliminary plans, including all costs of construction, reconstruction and furnishings, for a Police Station, subject to the approval of the Police Department, to be located on the property known as 690 Main Street, and to determine whether the same shall be raised by taxation, by transfer from available funds or by any combination of the foregoing, or act on anything relative thereto.

Requested by the Board of Selectmen

ARTICLE 25

To see if the Town will vote to authorize the Board of Selectmen to purchase or take by eminent domain, for purposes of constructing a Police Station, a parcel of land, containing approximately 2.8 acres, located on the Northerly side of Main Street, near Lincoln Street, more particularly shown as Parcel 1 on a plan entitled: "Plan of Land to be Taken for Police Facilities on Main Street, Norwell, Mass.", by Loring H. Jacobs, Registered Land Surveyor, dated December 26, 1968, a copy of which is on file in the Town Clerk's Office, said plan being made a part hereof and incorporated herein by reference, and appropriating therefore all expenses in connection therewith, the sum of \$10,000.00, or any other sum, and to determine if the same shall be raised by taxation, by transfer from available funds, by borrowing, or any combination of the foregoing, or act on anything relative thereto.

Requested by the Board of Selectmen

ARTICLE 26

To see if the Town will vote to authorize the Board of Selectmen to purchase or take by eminent domain, for purposes of constructing a Police Station, a parcel of land, containing approximately 3.4 acres, located on the Southerly side of Main Street, near Jordan Lane, more particularly shown as Parcel 2 on a plan entitled: "Plan of Land to be Taken for Police Facilities on Main Street, Norwell, Mass.", by Loring H. Jacobs, Registered Land Surveyor, dated December 26, 1968, a copy of which is on file in the Town Clerk's office, said plan being made a part hereof and incorporated herein by reference, and appropriating therefore all expenses in connection therewith, the sum of \$15,000.00, or any other sum, and to determine if the same shall be raised by taxation, by transfer from available funds, by borrowing, or any combination of the foregoing, or act on anything relative thereto.

Requested by the Board of Selectmen

ARTICLE 27

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$5,000.00, or any other sum, to be expended under the direction of the Permanent Building and Maintenance Committee, for the preparation of preliminary plans and cost estimates for a Police Station, subject to the space requirements established by the Police Department, or act on anything relative thereto.

Requested by the Board of Selectmen

ARTICLE 28

To see if the Town will vote to appropriate the sum of \$25,000.00, or any other sum, to reconstruct and refurnish, under the direction of the Permanent Building and Maintenance Committee, the Town Hall Annex, providing there is to be no addition to the Town Hall office building, and such renovation is subject to the approval of the Police Chief and the Board of Selectmen, and to determine whether such appropriation will be raised by taxation, by transfer from available funds, or by any combination of the foregoing, or act on anything relative thereto.

Requested by the Board of Selectmen

ARTICLE 29

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$2,400.00, or any other sum to be spent under the direction of the Board of Selectmen, to pave the Town Hall parking area, or act on anything relative thereto.

Requested by Board of Selectmen

ARTICLE 30

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$800.00, or any other sum, to be expended under the direction of the Board of Fire Engineers, for the purchase of a boat and

trailer to be used by the Fire Department for rescue work, or act on anything relative thereto.

Requested by the Board of Fire Engineers

ARTICLE 31

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$2,500.00, or any other sum, to be expended under the direction of the Board of Fire Engineers, for repairs to the Ridge Hill Fire Station, or act on anything relative thereto.

Requested by the Board of Fire Engineers

ARTICLE 32

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$3,400.00, or any other sum, to be expended under the direction of the Board of Fire Engineers, for the purchase of a motor vehicle for the Fire Chief, or act on anything relative thereto.

Requested by the Board of Fire Engineers

ARTICLE 33

To see if the Town will vote to appropriate the sum of \$28,000.00, or any other sum, to be expended under the direction of the Board of Water Commissioners for the laying and relaying of water mains, of not less than six inches but less than sixteen inches in diameter, in Forest Street, from the end of the existing main near the westerly junction of Circuit and Forest Streets, for a distance of approximately 4,300 feet, to the easterly junction of Circuit and Forest Streets, and to determine whether the same shall be raised by taxation, by borrowing, by transfer from available funds, or by any combination of the foregoing, or act on anything relative thereto.

Requested by 18 Registered Voters

ARTICLE 34

To see if the Town will vote to appropriate the sum of \$1,500.00, or any other sum, to be expended under the direc-

tion of the Board of Water Commissioners, for the construction of a chain link fence to enclose an area 100 feet wide and 100 feet in depth for the storage of water department equipment, and to determine whether the same shall be raised by taxation, by transfer from available funds, or by any combination of the foregoing, or act on anything relative thereto.

Requested by the Board of Water Commissioners

ARTICLE 35

To see if the Town will vote to appropriate the sum of \$10,000.00, or any other sum, to be expended under the direction of the Board of Water Commissioners, for the cleaning, repair and repainting of the water storage tank (stand-pipe) on Hoop Pole Hill, and to determine whether the same shall be raised by taxation, by transfer from available funds, or by any combination of the foregoing, or act on anything relative thereto.

Requested by the Board of Water Commissioners

ARTICLE 36

To see if the Town will vote to appropriate the sum of \$8,000.00, or any other sum, to be expended under the direction of the Board of Water Commissioners, for the installation of valving and control equipment at the existing and new water storage tank sites for the regulation of the water height in the tanks, and to determine whether the same shall be raised by taxation, by transfer from available funds, or by any combination of the foregoing, or act on anything relative thereto.

Requested by the Board of Water Commissioners

ARTICLE 37

To see if the Town will vote to appropriate the sum of \$5,000.00, or any other sum, to be added to the Developing Well and Well Field Account and to be expended under the direction of the Board of Water Commissioners, and to determine whether the same shall be raised by taxation, by trans-

fer from available funds, or by any combination of the foregoing, or act on anything relative thereto.

Requested by the Board of Water Commissioners

ARTICLE 38

To see if the Town will vote to appropriate the sum of \$5,000.00, or any other sum, to be expended under the direction of the Board of Water Commissioners, for conducting pumping tests at new well sites for the Town water system, and to determine whether the same shall be raised by taxation, by transfer from available funds, or by any combination of the foregoing, or act on anything relative thereto.

Requested by the Board of Water Commissioners

ARTICLE 39

To see if the Town will vote to appropriate the sum of \$2,500.00, or any other sum, to be expended under the direction of the Board of Water Commissioners, to install heating and other facilities in the Department's building on South Street, to make it adequate for clerical personnel, and to determine whether the same shall be raised by taxation, by transfer from available funds, or by any combination of the foregoing, or act on anything relative thereto.

Requested by the Board of Water Commissioners

ARTICLE 40

To see if the Town will vote to appropriate the sum of \$1,500.00, or any other sum, to be expended under the direction of the Board of Water Commissioners, to install a branch water main connection across Main Street, at the junction of West Street, to supply a future West Street water main, and to determine whether the same shall be raised by taxation, by transfer from available funds, or by any combination of the foregoing, or act on anything relative thereto.

This article was requested by the Highway Surveyor so the proposed branch could be installed before this section of Main Street is re-built and re-surfaced.

Requested by the Board of Water Commissioners

ARTICLE 41

To see if the Town will vote to rescind \$400.00 of the authorization to borrow \$8,400.00 voted under Article 67 of the 1967 Annual Town Meeting for the installation of water mains in Cross Street, or act on anything relative thereto.

Requested by the Board of Water Commissioners

ARTICLE 42

To see if the Town will vote to appropriate the sum of \$8,000.00, or any other sum, for laying and relaying water mains, of not less than six inches but less than sixteen inches in diameter, under the direction of the Board of Water Commissioners, in Mt. Blue Street from the junction of Mt. Blue Street and Old Oaken Bucket Road for a distance of approximately 1,200 feet, and to determine whether the same shall be raised by taxation, by transfer from available funds, by borrowing, or by any combination of the foregoing, or act on anything relative thereto.

Requested by 18 Registered Voters

ARTICLE 43

To see if the Town will vote to appropriate the sum of \$3,500.00, or any other sum, for the laying and relaying of water mains, of not less than six inches but less than sixteen inches in diameter, under the direction of the Board of Water Commissioners, in Green Street from the junction of Pine and Green Streets for a distance of approximately 500 feet, and to determine whether the same shall be raised by taxation, by borrowing, by transfer from available funds, or by any combination of the foregoing, or act on anything relative thereto.

Requested by 16 Registered Voters

ARTICLE 44

To see if the Town will vote to authorize the Board of Water Commissioners to purchase or take by eminent domain, for the purposes of public water supply, a parcel of land containing approximately 14 acres, located off Bowker

Street, more particularly shown on a plan entitled: "Plan of Land in Norwell for Development of Water Supply Town of Norwell," dated February 13, 1968, by Loring H. Jacobs, Registered Land Surveyor, a copy of which is on file in the Town Clerk's office, said plan being made a part hereof and incorporated herein by reference, and appropriating therefore, and all expenses in connection therewith, the sum of \$15,000.00 or any other sum, and to determine whether the same shall be raised by taxation, by transfer from available funds, by borrowing, or by any combination of the foregoing, or act on anything relative thereto.

Requested by the Board of Water Commissioners

ARTICLE 45

To see if the Town will vote to authorize the Board of Water Commissioners to purchase or take by eminent domain, for purposes of public water supply, a parcel of land containing approximately 12 acres, located near a place known as Grassy Swamp, situated southwesterly from Washington Street, northeasterly from High Street, southerly from Ridge Hill Road and northerly from Hall Drive, being, in part, a portion of Jacobs Poultry Farm, more particularly shown on a plan entitled: "Plan of Land in Norwell for Development of Water Supply Town of Norwell," dated April 19, 1967, by Loring H. Jacobs, Registered Land Surveyor, a copy of which is on file in the Town Clerk's office, said plan being made a part hereof and incorporated herein by reference, and appropriating therefore, and all expenses in connection therewith the sum of \$24,000.00, or any other sum, and to determine whether the same shall be raised by taxation, by transfer from available funds, by borrowing or by any combination of the foregoing, or act on anything relative thereto.

Requested by the Board of Water Commissioners

ARTICLE 46

To see if the Town will vote to raise and appropriate or appropriate from available funds, the sum of \$146,440.00 or any other sum, to be expended under the direction of the

Permanent Building and Maintenance Committee, to construct a swimming pool with deck, bathhouse, fence and sewage disposal on town-owned land on Jacobs Lane at the site of the former Girl Scout Camp, or act on anything relative thereto.

Requested by the Recreation Commission

ARTICLE 47

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$53,560.00, or any other sum, to be expended under the direction of the Permanent Building and Maintenance Committee, for the purpose of grading and providing a parking area, picnic area, walks, miscellaneous equipment and landscaping at the site of the swimming pool, or act on anything relative thereto.

Requested by the Recreation Commission

ARTICLE 48

To see if the Town will raise and appropriate, or appropriate from available funds, the sum of \$50,000.00, or any other sum, to be expended under the direction of the Permanent Building and Maintenance Committee, with the approval of the Recreation Commission, for the construction of a building on Town-owned land to house the equipment of the Recreation Commission, and to have facilities for group gatherings, or act on anything relative thereto.

Requested by the Recreation Commission

ARTICLE 49

To see if the Town will instruct the Moderator to appoint a committee to consist of five residents, with at least one being a member of the Recreation Commission, to investigate the possibility of building a golf course on Town land held by the Water Department off Grove Street and to report to the Town at the next regular or special Town meeting, or act on anything relative thereto.

Requested by the Recreation Commission

ARTICLE 50

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$10,000.00, or any other sum, to be added to the Conservation Fund, under the provisions of General Laws, Chapter 40, Section 5, Clause 51, as amended, and Section 8C, as amended, or act on anything relative thereto.

Requested by the Conservation Commission

ARTICLE 51

To see if the Town will vote to authorize and empower the Selectmen, upon written request of the Conservation Commission, under the provisions of General Laws, Chapter 40, Section 8C, as amended, to purchase or take by eminent domain, for conservation purposes, the land located in the Town of Norwell, known for the most part as Valley Swamp, situated to the North of Main Street, to the East of Washington Street, to the West of Jacobs Lane and Prospect Street and on both sides of Grove Street, shown on a plan entitled: "Plan of land of Valley Swamp in Norwell, Mass.," dated January 8, 1969, by Loring H. Jacobs, Registered Land Surveyor, a copy of which is on file in the Town Clerk's office and which plan is incorporated herein by reference, and containing approximately 218 acres, and appropriating therefore, and all expenses in connection therewith, the sum of \$50,000.00, or any other sum, and to determine whether the same shall be raised by taxation, by transfer from available funds, by borrowing, or by any combination of the foregoing, and for this purpose authorize the Selectmen or the Conservation Commission to accept gifts of land within the area for exclusively public purposes, or act on anything relative thereto.

Requested by the Conservation Commission

ARTICLE 52

To see if the Town will vote to authorize the Board of selectmen to purchase or take by eminent domain, for the purpose of a Highway Storm Drainage System, an easement

running from the south side of Main Street, near the State Police Barracks, through the property of Isabella F. Fogg and Helen L. Fogg, as shown on Plan Number 91-1, entitled: "Sketch Plan of Drainage Easement on Main Street Norwell," dated December 26, 1968, by Loring H. Jacobs, Registered Land Surveyor, a copy of which is on file in the Town Clerk's office and incorporated herein by reference, and to raise and appropriate, or appropriate from available funds, the sum of \$300.00, or any other sum, therefore, and all expenses in connection therewith, or act on anything relative thereto.

Requested by the Highway Surveyor

ARTICLE 53

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$10,000.00, or any other sum, to be expended under the direction of the Permanent Drainage Committee to accomplish the design, specifications and construction of the most needed drainage projects within this sum, subject to the approval of the Highway Surveyor, wherever highway construction or maintenance is involved, and the Permanent Drainage Committee shall determine if the required construction is to be done by the Town Departments or by competitive contract bidding, or act on anything relative thereto.

Requested by the Permanent Drainage Committee

ARTICLE 54

To see if the Town will vote to amend the Town of Norwell By-Laws, Article X, entitled "Public Ways," by adding a new Section 12, to read as follows:

"SECTION 12. No person shall pipe or otherwise deposit in or upon any public street or public place, any water or other substance which may freeze and thereby create a hazardous condition."

and to renumber Sections 8, 9 and 10, adopted under Article 20 in the Warrant for the June 13, 1968 Meeting to Sections 9, 10 and 11, or act on anything relative thereto.

Requested by the Highway Surveyor

ARTICLE 55

To see if the Town will vote to accept Section 16A of Chapter 54 of the General Laws, which provides:

"In any city or town which accepts this section, if the warden, clerk or inspector, or the deputy of any such officer, if any, is not present at the opening of the polls, the city or town clerk may appoint a person to fill such vacancy who shall be an enrolled voter of the same political party as the absent officer, if any competent person enrolled in such party is present and willing to serve,"

or take any other action relative thereto.

Requested by the Town Clerk

ARTICLE 56

To see if the Town will vote to amend Article IV, entitled "Town Meetings," of the Norwell By-Laws by amending Section 5 to read as follows:

"SECTION 5. All Town Meeting votes, except those containing authorization for a borrowing in excess of \$200,000.00 and requiring more than a majority vote, or otherwise provided for by law, shall first be taken by a voice vote. If the Moderator is in doubt, or if seven voters immediately question the vote, the Moderator shall call for a standing vote taken by sworn tellers. In the case of a motion authorizing a borrowing in excess of \$200,000.00 and requiring more than a majority vote, a secret ballot shall be used in all instances."

or act on anything relative thereto.

Requested by the Board of Selectmen

ARTICLE 57

To see if the Town will vote to amend the Town By-Laws by adding a new Article XIX, entitled "Personnel By-Law" that provides the following:

"Section 1: Establishment of Personnel Board

Pursuant to the provisions of General Laws, Chapter 41,

Section 108A and 108C and amendments thereof and in addition thereto, and other enabling acts, there is hereby established a Personnel Board consisting of 5 members, to be appointed by the Board of Selectmen, and each member shall serve for a term of three years; provided, however, that of the members originally appointed, one shall serve for a term of one year, two for a term of two years, and two for a term of three years. No person shall serve upon said board who is at the same time an employee of the town or who holds an elective town office. All members shall continue to hold office until their successors have been appointed and qualified. Vacancies shall be filled as provided for in Chapter 41, Section 11 of the General Laws, and for the remainder of such unexpired term of office. All appointees to the board shall serve without compensation. The Board shall select a chairman from its membership who shall preside over meetings. Any 3 members shall constitute a quorum for the transaction of business. A majority vote of the board shall prevail. Appointments to the board shall be made within 30 days after the Annual Town Meeting.

The board may employ assistants, and incur expenses as it deems necessary, subject to appropriations therefor.

Section 2: Application and Coverage

The provisions of this By-Law shall apply to all positions in the Town except as follows:

1. Those filled by general election.
2. Those under the control of the School Committee.
3. Those under the control of the Trustees of the William J. Leonard Library. Nothing herein, however, shall prohibit reference to this By-Law for assistance in determining the compensation and benefits of Town employees not covered by the By-Law.

Section 3: Responsibilities

The Personnel Board is hereby required to administer the provisions of this By-Law. Its responsibilities will include but not be limited to the following general functions subject to the approval of the Town:

- A. Definitions of full time, part time, permanent, and temporary employees.
- B. Preparation and periodic review of all job titles and job descriptions on all jobs covered by the plan. These will be available to any resident of the Town. It is the responsibility of the department head to notify the Personnel Committee in the event an employee's duties are substantially changed. The Committee may add, delete or reclassify positions, but is required to have any such changes ratified at the next Town Meeting.
- C. Establishment, and at least annual review of a town compensation rate schedule, fixing equitable rate ranges for all job classifications, individual rate adjustments will be approved by the Personnel Board depending upon a satisfactory performance appraisal report submitted by the appropriate department head, and if the new rate is within the rate range for the job.
- D. Assignment of the various job classifications to appropriate rate ranges will result from a job evaluation measurement system which will be applied to all employees covered by the plan.
- E. Establishment and review at least annually all conditions of employment, including but not limited to the following:

Hours of Work

Overtime Payments

Vacations

Holidays

Sick Leave

Leaves of Absence

Jury Duty

Military Service

Bereavement Pay

Employee Insurance Coverages

Pension Benefits

F. The Personnel Board shall maintain such personnel records as it deems advisable, but employee pay and fringe benefit records will be regularly maintained by the Town Accountant.

Section 4: Conflicting By-Laws and Departmental Regulations

All By-Laws and Departmental regulations or parts of same in conflict with this By-Law are hereby repealed.

Section 5: Relation to Civil Service Law

Nothing in this By-Law shall be construed to conflict with Chapter 31 or with any other section or chapter of the General Laws in which case any such provision of this By-Law shall be considered merely as information for the guidance of the voters of the Town.

Section 6: Invalidity

The invalidity of any provision of this By-Law, or application thereof, shall not be construed to affect the validity of the remaining portions of this By-Law.

Section 7: Department Budgets

Each Department Head shall include in the annual budget of the Department a pay adjustment section to provide funds for anticipated pay adjustments during the ensuing year, expenditures to be made therefrom only in accordance with the Compensation Plan with the approval of the Personnel Board. No adjustment shall be effective or paid unless sufficient funds are available therefor.

Section 8: Reports

The Personnel Board shall, in advance of each Annual Town Meeting, at which recommendations of the Board will be considered, prepare a report for the information of the Town which shall be published as a part of the next Annual Town Report. The Board shall make recommendations in writing to the Board of Selectmen and the Advisory Board each year on matters pertaining to this By-Law",

or act on anything relative thereto.

Requested by the Board of Selectmen

ARTICLE 58

To see if the town will vote to raise and appropriate, or appropriate from available funds, the sum of \$270.00, or any other sum, for the purpose of maintaining during the ensuing year, the Mosquito Control Works, as estimated and certified by the State Reclamation Board, in accordance with the provisions of Chapter 112, Acts of 1931, or act on anything relative thereto.

Requested by the Board of Selectmen

ARTICLE 59

To see if the Town will authorize and instruct the Moderator to appoint a five-member committee to find a site to replace the William J. Leonard Memorial Library, with the committee members to be appointed from the following: One from the Trustees of the William J. Leonard Library, one from the Trustees of the James Library, one from the members of the Permanent Building and Maintenance Committee and two from the voters of the Town, and to raise and appropriate, or appropriate from available funds, the sum of \$2,000.-000, or any other sum, to be expended under the direction of this Committee for Committee expenses, or act on anything relative thereto.

Requested by the Trustees of The William J. Leonard Memorial Library.

ARTICLE 60

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$1,300.00, or any other sum, to be expended under the direction of the Emergency Communication Center Board, for the replacement of a base station two-way radio in use since 1959, or act on anything relative thereto.

Requested by the Emergency Communication Center Board

ARTICLE 61

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$7,500.00, or any other sum, for the purpose of paying a full-time Assessors' Assistant, to be appointed by the Board of Assessors, or act on anything relative thereto.

Requested by the Board of Assessors

ARTICLE 62

To see if the Town will vote to raise and appropriate, or appropriate from available funds, the sum of \$1.00, or any other sum, to be added to the Stabilization Fund, as provided by the General Laws, Chapter 40, Section 5B, or act on anything relative thereto.

Requested by the Advisory Board

ARTICLE 63

To see if the Town will vote to transfer \$1.00, or any other sum, from available funds, and authorize the Assessors to use this sum to decrease the 1969 Tax Rate, or act on anything relative thereto.

Requested by the Advisory Board

ARTICLE 64

To see if the Town will give instructions to its Elected Town Officers.

RECORD OF ANNUAL TOWN MEETING MARCH 10, 1969

Pursuant to the foregoing Warrant, the qualified voters of the Town of Norwell met at the Senior High School on March 10, 1969 with 258 voters in attendance. The final tally was 588 voters present.

The Moderator, David Lee Turner, opened the meeting at 7:45 P.M. Tellers were appointed and sworn by the Moderator as follows: Orville Devine, Head Teller, Charles E. White, William C. Bennett, John A. Randall, Arthur Raymond and Robert Broderick. George Whitcher, Jr., was appointed and sworn as Deputy Moderator for the overflow seated in the gymnasium and connected by amplifiers. Tellers in the gymnasium were Robert Merritt and Ellsworth Keene, Jr.

Checkers on the voting lists were Eleanor Benner, Mary McBrine, Helen Packard and Julia Rosebach, sworn by the Town Clerk.

Non-voters were granted admission, including a Civil Education group from the City of Newton.

Rev. Emmanuel S. Hedgebeth gave the invocation before the meeting.

The Town Clerk read the return of service of the Warrant by the Constable, Harland W. Farrar. It was voted to omit the reading of the Warrant and that the Town Clerk file a copy of the Warrant with the record of the meeting.

ARTICLE 1.

VOTED that the Town accept the reports of its officers, boards, departments, committees and commissions as printed in the 1968 Annual Report.

A brief oral report was given by the Chairman of the Board of Assessors, Francis L. Logue, stating they had figured that the tax rate would go up \$8.75 if all the recommended items were voted through Article 2; and for every \$49,000.00 one dollar would be added to the tax rate.

ARTICLE 2.

VOTED that the Town raise and appropriate the sums of money as indicated in the recommended column of the transcript of articles in the Warrant and Budget for 1969 for the Town of Norwell and for the purposes as noted therein for all items in Article 2, excepting items numbered 4, 6, 7, 17, 31, 32, 38, 40, 55, 56, 57, 72, 76, 77, 78, 84, 85, 87, 88, 95, 96, 109, 110, 111, 112, 115, 117, 119, 123, 129, and 48, and to consider those items in Article 2, listed above and excepted hereunder, individually.

Voted at 11:20 P.M. to adjourn until March 11, at the
same place and same time.

Nellie G. Tarr,
Town Clerk

ADJOURNED ANNUAL TOWN MEETING

MARCH 11, 1969

The second session of the Annual Town Meeting was opened at 7:30 P.M. with 251 registered voters checked in. The final total of voters present was recorded as 340.

Students and other non-voters were present.

Motion made that the Town consider at this time, adopting an instruction to the School Committee, concerning the submission of their future budget for 1970. This motion was

VOTED.

Motion made that the Norwell School Committee be instructed to prepare and submit its budget for 1970, for approval by the voters, as a segregated budget; including but not limited to the following categories: School Committee expenses, General Control and Administration, Instruction, Operation, Maintenance, Auxiliary Agencies, Out of State Travel, Capital Outlay and Vocational Tuition and Transportation. This was amended and VOTED as follows: "The Norwell School Committee be instructed to prepare and submit its budget for 1970, for approval by the voters, as a segregated budget; including but not limited to the following categories: Administration, Instruction, Other Services, Operation, Capital Outlay, Special Tuition, Out of State Travel, Vocational Training and Adult Practical Arts."

Motion made to reconsider Article 2, Item 109. VOTED not to reconsider.

ARTICLE 3.

VOTED to authorize the Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue for the financial years beginning January 1, 1969, and January 1, 1970, in accordance with the provisions of General Laws, Chapter 44, Section 4, and to renew any note or notes as may be given for a period of less than

one year, in accordance with the provisions of General Laws, Chapter 44, Section 17.

ARTICLE 4.

VOTED to appropriate the 1968 County Dog Tax Refund in the amount of \$1,641.71) to the School Department General Education Expenses Account.

ARTICLE 5.

VOTED to authorize the Town Accountant to close out the unexpended balances of the following appropriations, the purposes of which have been completed:

1968—Tree Warden—New Truck	\$451.00
1968—Tree Warden—Trailer	1.40
1968—Highway Dept.—Roller and Trailer	240.00
1958—Highway Dept.—Drainage	1,331.66
1968—School Dept.—Unpaid Bills	.02
	<hr/>
	\$2,024.08

ARTICLE 6.

VOTED that the Town appropriate from Free Cash the sum of \$15,812.50 in anticipation of repayment by the Commonwealth of Massachusetts, for Chapter 81 work on the Highways.

ARTICLE 7

VOTED to appropriate from Free Cash the sum of \$30,750.00, in anticipation of repayment by the Commonwealth of Massachusetts and the County of Plymouth, for Chapter 90 work on the Highways.

ARTICLE 8.

VOTED to appropriate from Free Cash the sum of \$3,830.04 in anticipation of repayment by the Commonwealth of Massachusetts, for Chapter 616, Acts of 1967, work on the Highways.

ARTICLE 9.

VOTED to raise and appropriate the sum of \$20,000.00 to be added to the Highway Town Account, to be expended under the direction of the Highway Surveyor, for the resurfacing of sections of Grove Street, River Street, Tiffany Road, Circuit Street, and Old Oaken Bucket Road.

ARTICLE 10.

VOTED that the Town raise and appropriate the sum of \$3,000.00 to be expended under the direction of the Highway Surveyor, for gravelling, grading, surface treatment and maintenance of the Town Easement, known as Paradise Drive, which runs from Main Street to the water standpipe located to the north of Main Street on Hoop Pole Hill, so-called.

ARTICLE 11.

Motion made, but FAILED TO CARRY, to raise and appropriate the sum of \$11,780.00 to be expended under the direction of the Highway Surveyor, for the purchase of a new street sweeper for the Highway Department.

ARTICLE 12

VOTED that the Town appropriate and transfer the sum of \$4,914.69 from the Highway Machinery Fund Account and raise and appropriate the sum of \$2,880.31, to be expended under the direction of the Highway Surveyor for the purchase of a new dump truck for the Highway Department.

ARTICLE 13.

VOTED that the Town raise and appropriate the sum of \$3,500.00 to be expended under the direction of the Highway Surveyor, for the purchase of a new pick-up truck for the Highway Department.

ARTICLE 14.

VOTED that the Town raise and appropriate the sum of \$2,289.00 to be expended under the direction of the Highway Surveyor, for the purchase of a new V-body Sander for the Highway Department.

ARTICLE 15.

VOTED that the Town raise and appropriate the sum of \$1,800.00 to be expended under the direction of the Highway Surveyor, for the purchase of a new Snow Plow for the Highway Department.

ARTICLE 16.

VOTED, 223 yes, 1 no, that the Town authorize and empower the Board of Selectmen to purchase or take by eminent domain the areas located on each side of Pine Street, at its intersection with Circuit Street, shown on a plan entitled: "Selectmen Town of Norwell Pine Street Circuit Street," dated: June 28, 1968, a copy of which is on file in the Town Clerk's office and incorporated herein by reference, to provide for a full 90 degree, 50 foot radius arc on each corner of Pine Street at its intersection with Circuit Street, and to raise and appropriate therefore and all expenses in connection therewith the sum of \$1,000.00.

ARTICLE 17.

VOTED that the Town authorize the Board of Selectmen to plan the continuation of the accepted portion of a Bowker Street layout for its entire length, and to prepare plans for recommended alterations of this new section to be submitted to the Town for acceptance, after the required public hearings, and to raise and appropriate the sum of \$1,000.00.

ARTICLE 18.

VOTED that the Town raise and appropriate \$2,000.00 to supplement the appropriation of \$9,000.00 voted under Article 31, 1967 Annual Town Meeting, for the construction of a sidewalk on High Street, to provide sufficient construction funds, as determined by cost estimates derived from competitive bidding, a procedure established by the voted amendment to Article 10 of the Town By-Laws.

ARTICLE 19.

Article 19 was not carried.

ARTICLE 20

It was VOTED to INDEFINITELY POSTPONE action on Article 20.

ARTICLE 21.

VOTED that the Town change the names of Brigantine Way East, Brigantine Way West and that portion of Till Rock Lane that runs between the ends of Brigantine Way East and Brigantine Way West to Brigantine Circle.

ARTICLE 22.

VOTED that the Town raise and appropriate the sum of \$10,000.00 for preliminary plans to expand, under the direction of the Permanent Building and Maintenance Committee, the present Town Hall to approximately 10,000 square feet net area to be used, as required, exclusively for administrative purposes, an area considered adequate for 20 years with double the present population, as established by two independent professional study groups and the Board of Selectmen.

ARTICLE 23.

Action on Article 23 was voted to be INDEFINITELY POSTPONED.

Senator William D. Weeks visited our meeting and was introduced by the Moderator, David L. Turner. Senator Weeks addressed the meeting briefly and stayed to speak; with several people in the audience.

ARTICLE 24.

Article 24 FAILED TO CARRY, by a vote of 133 for and 165 against.

ARTICLE 25.

VOTED to INDEFINITELY POSTPONE ACTION on Article 25.

ARTICLE 26.

VOTED TO INDEFINITELY POSTPONE ACTION on Article 26.

ARTICLE 27.

Article 27 was DEFEATED.

ARTICLE 28.

VOTED to INDEFINITELY POSTPONE ACTION on Article 28.

ARTICLE 29.

VOTED to INDEFINITELY POSTPONE ACTION on Article 29.

ARTICLE 30.

VOTED that the Town raise and appropriate the sum of \$576.00 to be expended under the direction of the Board of Fire Engineers, for the purchase of a boat and trailer to be used by the Fire Department for rescue work.

ARTICLE 31.

VOTED that the Town raise and appropriate the sum of \$2,547.00 to be expended under the direction of the Board of Fire Engineers, for repairs to the Ridge Hill Fire Station.

ARTICLE 32.

Article 32 FAILED TO CARRY.

ARTICLE 33.

VOTED to INDEFINITELY POSTPONE ACTION on Article 33.

ARTICLE 34.

VOTED that the Town raise and appropriate the sum of \$1,500.00 to be expended under the direction of the Board of Water Commissioners, for the construction of a chain link fence to enclose an area 100 feet wide and 100 feet in depth for the storage of water department equipment.

ARTICLE 35.

VOTED that the Town raise and appropriate the sum of \$10,000.00 to be expended under the direction of the Board of

Water Commissioners, for the cleaning, repair and repainting of the water storage tank (standpipe) on Hoop Pole Hill.

ARTICLE 36.

VOTED that the Town appropriate and transfer \$2,000.00 from the 1967 Water Service Trenches Account, and raise and appropriate \$6,000.00, to be expended under the direction of the Board of Water Commissioners, for the installation of valving and control equipment at the existing and new water storage tank sites for the regulation of the water height in the tanks.

ARTICLE 37.

VOTED that the Town raise and appropriate the sum of \$5,000.00 to be added to the developing Well and Well Field Account and to be expended under the direction of the Board of Water Commissioners.

ARTICLE 38.

VOTED that the Town raise and appropriate the sum of \$5,000.00 to be expended under the direction of the Board of Water Commissioners, for conducting pumping tests at new well sites for the Town water system.

ARTICLE 39.

VOTED to INDEFINITELY POSTPONE ACTION on Article 39.

ARTICLE 40.

VOTED that the Town appropriate and transfer \$327.56 from the 1967 Circuit Street main account; appropriate and transfer \$82.49 from the 1967 Cross Street main account; appropriate and transfer \$106.69 from the 1967 Lincoln Street main account; appropriate and transfer \$100.75 from the 1967 Pine Street main account; appropriate and transfer \$517.89 from the 1965 Winter and Cross Street Mains account; and raise and appropriate \$364.62, all to be expended under the direction of the Board of Water Commissioners, to install a branch water main connection across Main Street, at the

junction of West Street, to supply a future West Street water main.

ARTICLE 41.

VOTED to rescind \$400.00 of the authorization to borrow \$8,400.00 voted under Article 67 of the 1967 Annual Town Meeting for the installation of water mains in Cross Street.

ARTICLE 42.

VOTED to INDEFINITELY POSTPONE ACTION on Article 42.

ARTICLE 43.

VOTED to INDEFINITELY POSTPONE ACTION on Article 43.

ARTICLE 44.

VOTED to INDEFINITELY POSTPONE ACTION on Article 44.

ARTICLE 45.

VOTED to INDEFINITELY POSTPONE ACTION on Article 45.

ARTICLE 46.

VOTED to INDEFINITELY POSTPONE ACTION on Article 46.

ARTICLE 47.

VOTED to INDEFINITELY POSTPONE ACTION on Article 47.

ARTICLE 48.

Article 48 was DEFEATED.

ARTICLE 49.

VOTED to instruct the Moderator to appoint a committee to consist of five residents, with at least one being a member of the Recreation Commission, to investigate the pos-

sibility of building a golf course on Town land held by the Water Department off Grove Street and to report to the Town as soon as possible at a regular or special Town Meeting.

ARTICLE 50.

VOTED to INDEFINITELY POSTPONE ACTION on Article 50.

ARTICLE 51.

VOTED to INDEFINITELY POSTPONE ACTION on Article 51.

ARTICLE 52.

VOTED that the Town authorize and empower the Board of Selectmen to purchase or take by eminent domain, for the purpose of a Highway Storm Drainage System, an easement running from the south side of Main Street, near the State Police Barracks, through the property of Isabella F. Fogg and Helen L. Fogg, as shown on Plan Number 01-1, entitled "Sketch Plan of Drainage Easement on Main Street Norwell", dated December 26, 1968, by Loring H. Jacobs, Registered Land Surveyor, a copy of which is on file in the Town Clerk's office and incorporated herein by reference, and to raise and appropriate the sum of \$300.00 therefore, and all expenses in connection therewith.

ARTICLE 53.

VOTED to raise and appropriate the sum of \$10,000.00 to be expended under the direction of the Permanent Drainage Committee to accomplish the design, specifications and construction of the most needed drainage projects within this sum, subject to the approval of the Highway Surveyor, wherever highway construction or maintenance; is involved, and the Permanent Drainage Committee shall determine if the required construction is to be done by the Town Departments or competitive contract bidding.

ARTICLE 54.

VOTED to amend the Town of Norwell By-Laws, Article X, entitled "Public Ways," by adding a new Section 12, to read as follows:

"SECTION 12. No person shall pipe or otherwise deposit in or upon any public street or public place, any water or other substance which may freeze and thereby create a hazardous condition.",

and to renumber Sections 8, 9, and 10, adopted under Article 20 in the Warrant for the June 13, 1968 Meeting to Sections 9, 10 and 11.

ARTICLE 55.

VOTED to accept Section 16 A of Chapter 54 of the General Laws, which provides:

"In any city or town which accepts this section, if the warden, clerk or inspector, or the deputy of any such officer, if any, is not present at the opening of the polls, the City or Town Clerk may appoint a person to fill such vacancy who shall be an enrolled voter of the same political party as the absent officer, if any competent person enrolled in such party is present and willing to serve."

ARTICLE 56.

VOTED to amend Article IV, entitled "Town Meetings," of the Norwell By-Laws by amending Section 5 to read as follows:

"SECTION 5. All Town Meeting votes, except those containing authorization for a borrowing in excess of \$200,000.00 and requiring more than a majority vote, or otherwise provided for by law, shall first be taken by a voice vote. If the Moderator is in doubt, or if seven voters immediately question the vote, the Moderator shall call for a standing vote taken by sworn tellers. In the case of a motion authorizing a borrowing in excess of \$200,000.00 and requiring more than a majority vote, a secret ballot shall be used in all instances. "

ARTICLE 57.

VOTED to amend the Town By-Laws by adding a new Article XIX, entitled Personnel By-Laws" that provide the following:

"Section 1. Establishment of Personnel Board

Pursuant to the provisions of General Laws, Chapter 41, Section 108A and 108C and amendments thereof and in addition thereto, and other enabling acts, there is hereby established a Personnel Board consisting of 5 members, to be appointed by the Board of Selectmen, and each member shall serve for a term of three years; provided, however, that of the members originally appointed, one shall serve for a term of one year, two for a term of two years, and two for a term of three years. No person shall serve upon said board who is at the same time an employee of the town or who holds an elective town office. All members shall continue to hold office until their successors have been appointed and qualified. Vacancies shall be filled as provided for in Chapter 41, Section 11 of the General Laws, and for the remainder of such unexpired term of office. All appointees to the board shall serve without compensation. The Board shall select a chairman from its membership who shall preside over meetings. Any 3 members shall constitute a quorum for the transaction of business. A majority vote of the board shall prevail. Appointments to the board shall be made within 30 days after the Annual Town Meeting.

The Board may employ assistants, and incur expenses as it deems necessary, subject to appropriations therefor.

Section 2. Applications and Coverage

The provisions of this By-Law shall apply to all positions in the Town except as follows:

1. Those filled by general election.
2. Those under the control of the School Committee.
3. Those under the control of the Trustees of the William J. Leonard Library. Nothing herein, however, shall prohibit

reference to this By-Law for assistance in determining the compensation and benefits of Town employees not covered by the By-Law.

Section 3. Responsibilities

The Personnel Board is hereby required to administer the provisions of this By-Law. Its responsibilities will include but not be limited to the following general functions subject to the approval of the Town:

- A. Definitions of full time, part time, permanent and temporary employees.
- B. Preparation and periodic review of all job titles and job descriptions on all jobs covered by the plan. These will be available to any resident of the Town. It is the responsibility of the department head to notify the Personnel Committee in the event an employee's duties are substantially changed. The Committee may add, delete or reclassify positions, but is required to have any such changes ratified at the next Town Meeting.
- C. Establishment, and at least annual review of a town compensation rate schedule, fixing equitable rate ranges for all job classifications. Individual rate adjustments will be approved by the Personnel Board depending upon a satisfactory performance appraisal report submitted by the appropriate department head, and if the new rate is within the rate range for the job.
- D. Assignment of the various job classifications to appropriate rate ranges will result from a job evaluation measurement system which will be applied to all employees covered by the plan.
- E. Establishment and review at least annually all conditions of employment, including but not limited to the following:

Hours of Work

Overtime Payments

Vacations
Holidays
Sick Leave
Leaves of Absence
Jury Duty
Military Service
Bereavement Pay
Employee Insurance Coverages
Pension Benefits

F. The Personnel Board shall maintain such personnel records as it deems advisable, but employee pay and fringe benefit records will be regularly maintained by the Town Accountant.

Section 4. Conflicting By-Laws and Departmental Regulations

All By-Laws and Departmental regulations or parts of same in conflict with this By-Law are hereby repealed.

Section 5. Relation to Civil Service Law

Nothing in this By-Law shall be construed to conflict with Chapter 31 or with any other section or chapter of the General Laws in which case any such provision of this By-Law shall be considered merely as information for the guidance of the voters of the Town.

Section 6. Invalidity

The invalidity of any provision of this By-Law, or application thereof, shall not be construed to affect the validity of the remaining portions of this By-Law.

Section 7. Department Budgets

Each Department Head shall include in the annual budget of the Department a pay adjustment section to provide funds for anticipated pay adjustments during the ensuing year, expenditures to be made therefrom only in accordance with the Compensation Plan with the approval of the Personnel Board. No adjustment shall be effective or paid unless sufficient funds are available therefor.

Section 8. Reports

The Personnel Board shall, in advance of each Annual Town Meeting, at which recommendations of the Board will be considered, prepare a report for the information of the Town which shall be published as a part of the next Annual Town Report. The Board shall make recommendations in writing to the Board of Selectmen and the Advisory Board each year on matters pertaining to this By-Law."

ARTICLE 58.

VOTED to raise and appropriate the sum of \$270.00, for the purpose of maintaining during the ensuing year, the Mosquito Control Works, as estimated and certified by the State Reclamation Board, in accordance with the provisions of Chapter 112, Acts of 1931.

ARTICLE 59.

VOTED to instruct the Moderator to appoint a Committee to analyze the overall public lending library needs of the Town in terms of the increased demand on present facilities and to report back to the Town with a suggested solution no later than the next annual Town Meeting, with the members of the Committee to be appointed from the following: One from the Trustees of the William J. Leonard Library, one from the Trustees of the James Library, one from the members of the Permanent Building and Maintenance Committee and two from the voters of the Town, and to raise and appropriate the sum of \$500.00 to be expended under the direction of the Committee for committee expenses.

ARTICLE 60.

VOTED to raise and appropriate the sum of \$1,300.00 to be expended under the direction of the Emergency Communications Center Board, for the replacement of a base station two-way radio in use since 1959.

ARTICLE 61.

VOTED to INDEFINITELY POSTPONE ACTION on Article 61.

ARTICLE 62.

VOTED to INDEFINITELY POSTPONE ACTION on Article 62.

ARTICLE 63.

VOTED to INDEFINITELY POSTPONE ACTION on Article 63.

ARTICLE 64.

INSTRUCTIONS TO TOWN OFFICERS

. . . To the Moderator:

VOTED to appoint a site committee, the membership of which is to be determined by him, to study and consider various alternative locations for a new free-standing police station, and report its conclusion and recommendations as to such various alternative sites in order of preferential priority no later than the next special Town Meeting to be held in 1969.

The Moderator conducted the Sale of Fish Rights. Fish Right No. 1 was sold to Dr. Arthur Garceau for \$6.00 and Fish Right No. 2 was sold to Mr. Richard Housley for \$12.00.

The business of the Warrant having been completed, it was VOTED to adjourn at 11:05 P.M.

Attest:

Nellie G. Tarr, Town Clerk

CONSTABLE'S RETURN OF SERVICE

February 27, 1969

"I hereby certify that I have posted the within Warrant as within directed and in accordance with the town by-laws make this my return.

(Signed) Harland W. Farrar,
Constable."

Posted:

Town Hall, Norwell Post Office, Josselyn's Market, Washington Park Pharmacy and Gaudette Sunoco Station.

SALE OF FISH RIGHTS
SUBSEQUENT MEETING FOR THE ELECTION OF
OFFICERS

SATURDAY, MARCH 15, 1969

POLLS OPEN 12:00 NOON TO 8:00 P.M.

And you are further directed to notify all legal voters to assemble at the Senior High School, Main Street, on Saturday, March 15, 1969 during the polling hours, then and there to act upon the following:

“To bring to the Election Officers, their votes, all on one ballot for the following named officers to wit: One member of the Board of Selectmen for three years; one member of the Board of Selectmen for two years, to fill unexpired term; one Town Clerk for three years; one member of the Board of Assessors for three years; one member of the Board of Health for three years; one member of the Board of Water Commissioners for three years; one Highway Surveyor for one year; one Tree Warden for one year; one Moderator for one year; one member of the Board of Trustees of the William J. Leonard Memorial Library for three years; one member of the Board of Trustees of the William J. Leonard Memorial Library for two years to fill unexpired term; one member of the Planning Board for five years; two members of the School Committee for three years.”

You are hereby required to notify and warn said inhabitants of Norwell qualified to vote in town affairs, in case all the articles in the foregoing Warrant shall not be acted upon at the meeting called for the tenth day of March 1969 to meet in adjourned session at the Senior High School, Tuesday, the eleventh day of March 1969, Thursday, the thirteenth day of March 1969, and Friday, the fourteenth day of March 1969, at 7:30 P.M. in the afternoon then and there to act upon such of the foregoing articles as shall not have been acted upon on March tenth, 1969, or act upon such other articles in said Warrant as the meeting may deem advisable.

You are directed to serve this Warrant by posting a copy thereof, attested to by you in writing, at each of five public places in the Town, seven days at least before the time for holding the meeting called for in the Warrant. Hereof fail not and make due return of this Warrant with your doings thereon to the Town Clerk of said Town on or before the tenth day of March, 1969.

Given under our hands at Norwell this twenty-fourth day of February in the year of our Lord 1969.

Chester A. Rimmer
John Petze
Board of Selectmen

TOWN OF NORWELL
RECORD OF THE ANNUAL TOWN ELECTION
MARCH 15, 1969

Pursuant to the foregoing Warrant, the qualified voters of the Town of Norwell met on Saturday, March 15, 1969, at the Senior High School to cast their votes for the elected officials of the Town.

Prior to the opening of the polls at 12 Noon, the ballot box was opened and examined. It was found to be empty; and the box then was locked, after the register had been set at 0000, and the keys given into the custody of the Constable.

The Town Clerk swore in the following: Wilder A. Gaudette, Warden; Mary E. McBrine, Clerk; John J. Piotti, Ballot Box Officer; Inspectors: —Mary Jane Clark, Jessie R. Bailey, John D. Lindsay, Helen P. Packard, Carmella Molla, Frances S. Molla, Julia F. Rosebach and Mary J. Penezick.

— The casting of ballots continued until the Warden declared the polls closed at 8:00 P.M. The Town Clerk swore in the following tellers: — Jean M. Lantz, Phyllis S. Lindsay, Matilda A. Baldwin, Barbara Schow, Josephine A. Bourdelais, Eleanor H. Booth, Mary Jane Clark, Ann J. Valair, June M. Lepisto, Eleanor G. Wright, Margaret Peterson, Claire Foulsham, Yolanda Ryan and Julia Rosebach.

In open meeting the following tallies were made:

Ballots Received	3089
Ballots Cast	1742

(Including 27 absentees)

Ballots Unused	1374
----------------	------

The ballot box registered 1742 ballots cast, 1715 in person at the polls and 27 by absentee ballot. The check-in voting lists and the check-out voting lists tallied 1742.

Upon being canvassed in open meeting, the votes were found to have been cast as follows:

BOARD OF SELECTMEN — Term of 3 years

Chester A. Rimmer	873
Gilbert A. Cummings	847
Blanks	22

BOARD OF SELECTMEN — Term of 2 years
(unexpired term)

Town Clerk

RECORD OF RECOUNT

MARCH 29, 1969

Pursuant to a recount petition filed with the Town Clerk on March 24, 1969, at 9:00 A.M., signed by 13 registered voters of the Town of Norwell, asking for a recount of the ballots cast at the Annual Town Election held March 15, 1969 for the office of Board of Assessors, the Board of Registrars met at 9:30 A.M. on March 29, 1969 at the Cushing Memorial Town Hall for the purpose of recounting said ballots.

Prior to the opening of the vault, the following persons were assembled:

Mrs. Ruth M. Murray, Chairman of the Board of Registrars.

Paul B. MacDonald, Member, Board of Registrars.

Mrs. Martha A. Witcher, Member, Board of Registrars.

Mrs. Nellie G. Tarr, Town Clerk and Clerk of the Board of Registrars.

Daniel W. Carney, Attorney for Francis L. Logue.

Francis L. Logue (incumbent, member Board of Assessors).

Wilder A. Gaudette, Warden of Elections.

Augustin J. Thibodeau, Peter C. Tulis, Edward F. Walsh and Mrs. Carmella Molla, Observers for Francis L. Logue.

Robert M. Broderick, Attorney for Jean R. Lloyd.

Mrs. Donna Gilmour, Observer for Jean R. Lloyd.

David L. Turner, Town Counsel.

Mr. Malcolm B. Sykes, the third candidate on the ballot for the office of Assessor, came in after the recount had started.

The Town Clerk opened the vault. The valise containing the ballots cast and the sealed cardboard carton containing the unused ballots, were carried up to the upper lobby where the recount was conducted.

Re-assembled upstairs, the padlocks in the locks of the straps securing the valise containing the ballots cast, were

unlocked individually, in open meeting. The ballot envelopes inside were removed and sorted by block number, 1 through 36; each of which contained 50 ballots, except Block No. 35 which had 15 ballots, and Block No. 36, which contained 27 absentee ballots.

Each ballot envelope was examined and all seals, signed by the Warden and Clerk of the election, were found to be intact. The envelope was then slit by a member of the Board of Registrars and the ballots examined, one by one. One member of the Board of Registrars opened each ballot, handed it to the second Registrar who read aloud the name of the candidate for whom the ballot was cast. The third Registrar recorded this on the tally sheet. The attorneys stood between the first two Registrars and scrutinized each ballot. Mr. Edward Walsh, observer for Mr. Logue, watched the tally sheet.

Every challenged ballot was checked by the Four Registrars and a vote taken among them as to the counting—what the intent of the voter seemed to be, as indicated by the marking on the ballot.

After each block tally was announced, both tally sheets were put into a new envelope and sealed with the recount seal, signed by the three Registrars—each block was numbered the same as the original block.

The Total Tally, after the recount, was announced by the Board of Registrars as follows:

Francis L. Logue	680
Jean R. Lloyd	681
Malcolm B. Sykes	327
Blanks	54
Total Ballots cast	1742

Mr. Broderick pointed out that according to law, each disputed ballot should be endorsed on the back, stating the office and for which candidate the ballot was recorded, and signed by a Registrar.

Mr. Broderick requested that the envelope containing the challenged ballots be opened and this procedure followed.

Mr. Carney objected to this procedure. Town Counsel, David L. Turner, recommended that the envelope of challenged ballots be opened, endorsed, office stated and how the ballot was recorded. The four Registrars voted to re-open the envelope and correct the omission. This was done. Mr. Carney was invited to watch the opening and signing, but declined to do so.

Block 28 — 1 ballot challenged —

counted for Jean Lloyd

Block 29—2 ballots challenged —

one counted for Francis Logue

one counted for Jean Lloyd

Block 30 — 1 ballot challenged —

counted as a blank

Block 31 — 1 ballot challenged —

counted for Malcolm Sykes

After the declaration of the Total Tally by the Board of Registrars that Mrs. Lloyd was the winner, Attorney Broderick requested that Mrs. Jean R. Lloyd be sworn.

The Board of Registrars issued the following certificate: "This is to certify as a result of a recount taken on Saturday, March 29, 1969 for the office of the Board of Assessors in the Town of Norwell, Plymouth County, Massachusetts, the official count for said office as determined by the below signed members of the Norwell Board of Registrars is as follows:

VOTES CAST 1742

Francis L. Logue	680
Jean R. Lloyd	681
Malcolm B. Sykes	327
Blanks	54

(Signed) Ruth M. Murray, Chairman

(Signed) Paul B. MacDonald

(Signed) Martha A. Whitcher

A True Copy

Attest:

(Signed) Nellie G. Tarr, Town Clerk"

The Town Clerk then administered the Assessor's oath to Mrs. Lloyd. Town Counsel ordered the Town Clerk to impound the ballots until further notice from him. The ballots were deposited in the vault of the Cushing Memorial Town Hall and sealed with the following notice across the door opening:

"This safe is sealed in accordance with the order of Town Counsel and Town Clerk and can be opened only by the Town Clerk.

(Signed) Nellie G. Tarr."

The man on duty at the Communication Center was advised of this action,

On Monday morning, March 31, 1969, in the presence of police officer Richard C. Joseph and Mrs. Ruth M. Murray, Chairman of the Board of Registrars, the Town Clerk broke the seal on the vault door, opened the vault door, by combination and key, and the police officer transported the strapped and padlocked valise of ballots to the South Scituate Savings Bank on River Street and placed it in the vault.

The following receipt was signed and delivered to the Town Clerk:

"Received of Mrs. Nellie G. Tarr, Town Clerk of Norwell and Clerk of the Board of Registrars, 1 valise containing ballots cast at the March 15, 1969 election, and re-counted as of March 29, 1969.

So. Scituate Savings Bank

(Signed) Kenneth L. Torrey

**TOWN OF NORWELL
COMMONWEALTH OF MASSACHUSETTS
WARRANT FOR SPECIAL TOWN ELECTION**

JULY 31, 1969

AT 12:00 O'CLOCK NOON

PLYMOUTH, ss.

To either of the constables of the Town of Norwell, in the County of Plymouth and Commonwealth of Massachusetts
Greeting:

In the name of the Commonwealth of Massachusetts you are hereby directed to notify and warn the inhabitants of the Town of Norwell qualified to vote in elections to meet at the Senior High School on

THURSDAY, THE THIRTY FIRST DAY OF JULY, 1969

at 12:00 o'clock Noon, for the following purpose:

To bring in their votes to the Election Officers for the election of:

ONE MEMBER OF THE BOARD OF ASSESSORS

For a term of three years.

The Polls will be open from

12:00 o'clock Noon to 8:00 o'clock P.M.

You are directed to serve this Warrant by posting a copy thereof, attested by you in writing, at each of five public places in the Town, seven days at least before the time for holding the election called for in the Warrant.

Hereof fail not, and make due return of this Warrant with your doings thereon to the Town Clerk of said Town on or before the thirty first day of July, 1969.

Given under our hands at Norwell this 21st day of July, in the Year of Our Lord, 1969.

John Petze, Chairman

Chester A. Rimmer

Constable _____

SPECIAL TOWN ELECTION — JULY 31, 1969

Pursuant to a Warrant drawn by the Board of Selectmen, and posted by the Constable, Harland W. Farrar, on July 22, 1969, the qualified voters of the Town of Norwell met at the Senior High School on July 31, 1969 and cast their ballots between the hours of 12 o'clock noon and 8:00 P.M., for a vacancy on the Board of Assessors, created by the Court Decision, declaring a tie of the Annual Town Election, for this office.

Prior to the opening of the polls, the Town Clerk swore in the following election officers:

Carmella Molla, Eleanor Mitchell, Julia Rosebach, Eleanor MacLeod, John Lindsay, Helen Packard, Jessie Bailey, as Inspectors; Wilder A. Gaudette as Warden, John J. Piotti, as Ballot Box Officer, and Mary McBrine as Clerk.

The ballot box was inspected and found to be empty. The ballot box register was set at 0000 and locked, the keys given into the custody of the Constable.

The polls were declared open at 12 o'clock noon by the Warden, and the voters started to cast their ballots.

Richard M. Karoff was not allowed to vote since he has moved from the Town of Norwell in June, 1969 and his name was removed from the voting list. This ruling was contested in writing by Mr. Karoff.

The polls were declared closed at 8:00 P.M. by the Warden. The following were sworn in by the Town Clerk: — Phyllis S. Lindsay, Barbara Schow, Lorraine Duty, Jean Lantz, Nancy E. Joseph, Yolanda Ryan, Ann J. Valair, Emma S. Oronte, June Lepisto, Margery A. Barry, Agnes M. Albert and John Lindsay.

When the total tally was completed, in open meeting, the results were announced by the Warden, as follows:

Francis L. Logue	234
Jean R. Lloyd	481

Mrs. Lloyd was declared the winner, by the Warden.

Nellie G. Tarr,
Town Clerk

WARRANT FOR SPECIAL TOWN MEETING

Monday, December 1, 1969

At Seven-thirty O'clock in the Afternoon

At the Senior High School

Plymouth, ss.

To one of the constables of the Town of Norwell, in said County of Plymouth and Commonwealth of Massachusetts,

GREETINGS:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Norwell, qualified to vote in elections and Town affairs, to meet at the Senior High School in said Norwell, on Monday, the first day of December, 1969, at 7:30 P.M., then and there to act upon the following articles, to wit:

ARTICLE 1.

To see if the Town will vote to appropriate and transfer from the 1969 Town Treasurer's Bonding Cost Account to the 1969 Temporary Loan Interest Account the sum of \$1,500.00, or any other sum, or act on anything relative thereto.

Requested by the Town Treasurer

The Advisory Board recommends approval of this Article. This is necessary because the Town Treasurer had to borrow money at interest rates which were higher than anticipated.

ARTICLE 2.

To see if the Town will vote to appropriate from available funds, the sum of \$394.23, or any other sum, for the payment of services and charges rendered in 1968 by the South Shore Hospital, or act on anything relative thereto.

Requested by the Welfare Department

The Advisory Board recommends approval of this Article. This is a legal obligation of the Town which must be paid pursuant to the General Laws of the Commonwealth.

ARTICLE 3.

To see if the Town will vote to accept an alteration of the intersection of Pine Street and Circuit Street, as altered by the Selectmen, in accordance with the description and plan presented at a hearing in the Cushing Memorial Town Hall and now on file in the Town Clerk's Office, and to appropriate by transfer from the appropriation made under Article 16 in the Warrant for the March, 1969 Meeting the sum of \$929.00, therefore, and all expenses in connection therewith, or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board recommends approval of this Article. This is a legal procedure requested by Town Counsel to expedite this matter by obviating the necessity for a public hearing.

ARTICLE 4.

To see if the Town will vote to authorize and approve the purchase, by the Conservation Commission, of a parcel of land located in the NORTHEASTERLY side of Wildcat Lane in the Town of Norwell, containing approximately one-half acre, bounded: SOUTHWESTERLY by Wildcat Lane; and NORTHWESTERLY, NORTHEASTERLY and SOUTHEASERLY by land of the Town of Norwell, and appropriate from available funds therefore, and all expenses in connection therewith, the sum of \$650.00, or any other sum, or act on anything relative thereto.

Requested by the Conservation Commission

The Advisory Board recommends this purchase. The land in question is a small parcel completely surrounded by land already owned by the Town.

ARTICLE 5.

To see if the Town will vote to appropriate from available funds the sum of \$500.00, or any other sum, to be added to the appropriation voted by the Town under Article 23 of

the Town Meeting of March 11, 1968, and to authorize said Committee, in its discretion, to use said funds, or any portion thereof, for expenses incurred to study the advisability of establishing a Town refuse disposal facility, or act on anything relative thereto.

Requested by the Regional Refuse Disposal Planning Committee

The Advisory Board recommends this Article in order to share in the cost of the continuing study as to the advisability of a regional refuse disposal system.

ARTICLE 6.

To see if the Town will vote to authorize the Board of Selectmen to sell a portion of the property owned by the Town and located on the Westerly side of Jacobs Lane, being a part of the property deeded to the Town by The Society For The Preservation of New England Antiquities, to the American Legion and to the Veterans of Foreign Wars, for a token sum and such terms and restrictions as the Selectmen deem necessary or desirable, subject, however, to first receiving a determination from an appropriate Court that such a conveyance will not violate the present restrictions upon said land, or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board does not recommend this Article. While it agrees there is a need to provide a site for facilities for the veterans' organizations of the Town, it is the considered conclusion of the Advisory Board that this is not the most suitable use of the land in question.

ARTICLE 7.

To see if the Town will vote to authorize the Board of Selectmen to convey two lots of land, known as Lots 181 and 182 on Duncan Drive, bounded:

NORTHEASTERLY by the Southwesterly side of Duncan Drive;

SOUTHEASTERLY by Lots 135 through 145, inclusive,
a total distance of 255.87 feet; and

NORTHWESTERLY by Lot 180, 263.34 feet;
or however otherwise bounded and described, to PEARL M.
GILMORE, for the sum of two hundred (\$200.00) dollars,
or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board will give its recommendation at
Town Meeting.

ARTICLE 8.

To see if the Town will vote to authorize the Board of
Selectmen to convey Lot numbered 87, shown on a plan en-
titled: "JACOBS LAKE SHORES NORWELL MASS.", by
Ernest W. Branch, Inc., C.E., dated March 11, 1939, recorded
with Plymouth Registry of Deeds in Plan Book 5, Page 934,
bounded:

NORTHWESTERLY by JACOBS TRAIL, 50.00 feet;

NORTHEASTERLY by Lot numbered 88, 85.00 feet;

SOUTHEASTERLY by Lot numbered 82, 50.00 feet;

SOUTHWESTERLY by Lot numbered 86, 85.00 feet;

or however otherwise bounded and described, to ARTHUR
J. LUNNY and TERESA A. LUNNY, for the sum of three
hundred (\$300.00) dollars, or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board will give its recommendation at
Town Meeting.

ARTICLE 9.

To see if the Town will vote:

WHEREAS, there exists in the Town of Norwell a short-
age of safe, sanitary and adequate dwellings available for
elderly persons of low income at rentals which they can afford;

WHEREAS, it is hereby determined that a Housing Authority is needed for the provisions of housing for elderly persons of low income;

NOW THEREFORE, it is hereby voted that the Norwell Housing Authority shall be organized and established under and in accordance with the provisions of General Laws, Chapter 121, Section 26K, as amended; or act on anything relative thereto.

Requested by the Norwell Council on Aging

The Advisory Board does not recommend this Article. More time is required for study and analysis to determine the extent of the need for a Housing Authority.

ARTICLE 10.

To see if the Town will vote to appropriate from available funds the sum of \$231,000.00, or any other sum, to be expended under the direction of the Permanent Building and Maintenance Committee, for the purpose of obtaining final plans and specifications and bids for the construction of a new 1,000 student Senior High School Building, or act on anything relative thereto.

Requested by the Permanent Building and Maintenance Committee

The Advisory Board will give its recommendation at Town Meeting.

ARTICLE 11.

To see if the Town will vote to appropriate from available funds the sum of \$205,000.00, or any other sum, to be expended under the direction of the Permanent Building and Maintenance Committee, for the purpose of obtaining final plans and specifications and bids for the construction of an addition to the present Senior High School building to increase the capacity to 1,000 students, or act on anything relative thereto.

Requested by the Permanent Building and Maintenance Committee

The Advisory Board will give its recommendation at Town Meeting.

ARTICLE 12.

To see if the Town will vote to appropriate from available funds the sum of \$20,000.00, or any other sum, to be expended under the direction of the Permanent Building and Maintenance Committee, for the purpose of obtaining final plans and specifications and bids for the construction of a swimming pool to be incorporated in a new free standing High School or an addition to the present High School, or act on anything relative thereto.

Requested by the Permanent Building and Maintenance Committee

The Advisory Board will give its recommendation at Town Meeting.

ARTICLE 13.

To see if the Town will vote to authorize and direct the Board of Selectmen to purchase or take by eminent domain, for school purposes the parcels of land located on the WESTERLY side of Grove Street and the NORTHEASTERLY side of Prospect Street, shown as Lots Numbered 2, 3, 4, 5, 6, 8, 11, 12, 13, 14, 15, 16, 17, 21, 22 and 23 containing approximately 125 acres, shown on a plan entitled: "Plan of Land to be Taken for School Purposes on Grove Street Prospect Street in Norwell, Mass.", dated December 18, 1968, by Loring H. Jacobs, Registered Land Surveyor, a copy of which is on file in the Town Clerk's Office, said plan being made a part hereof and incorporated herein by reference, and appropriating therefore and all expenses in connection therewith the sum of \$85,000.00, or any other sum, and to determine whether the same shall be provided by transfer from available funds, by borrowing, or by any combination of the foregoing, or act on anything relative thereto.

Requested by the Senior High School Site Committee
The Advisory Board will give its recommendation at Town Meeting.

ARTICLE 14.

To see if the Town will vote to authorize and instruct the Board of Selectmen to purchase or take by eminent domain, for school purposes, the parcels of land located on the Southerly side of MAIN STREET and the Westerly side of SOUTH STREET, in NORWELL, shown as Parcels numbered 1, 2, 3, 3B and 3C, containing approximately 92 acres, shown on a plan entitled: "PLAN OF LAND TO BE TAKEN FOR SCHOOL PURPOSES OFF MAIN STREET NORWELL, MASS.", dated December 23, 1968, by Loring H. Jacobs, Registered Land Surveyor, a copy of which is on file in the Town Clerk's Office, said plan being made a part hereof and incorporated herein by reference, and appropriating therefore and all expenses in connection therewith the sum of \$95,000.00, or any other sum, and to determine whether the same shall be provided by transfer from available funds, by borrowing, or by any combination of the foregoing, or act on anything relative thereto.

Requested by the Senior High School Site Committee

The Advisory Board will give its recommendation at Town Meeting.

ARTICLE 15.

To see if the Town will vote to authorize and direct the Board of Selectmen to purchase or take by eminent domain, for school purposes a parcel of land containing approximately 26.71 acres located on the SOUTHWESTERLY side of Circuit Street and the NORTHWESTERLY side of Pleasant Street, now or formerly owned in whole or in part by Doris E. Donovan, more particularly shown as Parcel Number 3 on a plan entitled: "Plan of Land to be Taken for School Purposes on Main Street Circuit Street and Pleasant Street Norwell, Mass.", dated August 21, 1968, by Loring H. Jacobs, Registered Land Surveyor, a copy of which is on file in the Town Clerk's Office, said Plan being made a part hereof and incorporated herein by reference, and appropriating therefore and all expenses in connection therewith the sum of \$62,000.00, or any other sum, and to determine whether the

same shall be provided by transfer from available funds, by borrowing, or by any combination of the foregoing, or act on anything relative thereto.

Requested by the Senior High School Site Committee

The Advisory Board will give it recommendation at Town Meeting.

ARTICLE 16.

To see if the Town will vote to authorize and direct the Board of Selectmen to purchase or take by eminent domain, for school purposes, a parcel of land containing approximately 19.72 acres, located on the NORTHEASTERLY side of Circuit Street and the SOUTHEASTERLY side of Main Street, now or formerly owned in whole or in part by Robert F. DeStefano, more particularly shown as Parcel Number 1 on a plan entitled: "Plan of Land to be Taken for School Purposes on Main Street, Circuit Street and Pleasant Street Norwell, Mass.", dated August 21, 1968, by Loring H. Jacobs, Registered Land Surveyor, a copy of which is on file in the Town Clerk's Office, said Plan being made a part hereof and incorporated herein by reference, and appropriating therefore and all expenses in connection therewith the sum of \$56,000.00, or any other sum, and to determine whether the same shall be provided by transfer from available funds, by borrowing, or by any combination of the foregoing, or act on anything relative thereto.

Requested by the Senior High School Site Committee

The Advisory Board will give its recommendation at Town Meeting.

ARTICLE 17.

To see if the Town will vote to authorize and direct the Board of Selectmen to purchase or take by eminent domain, for school purposes, a parcel of land containing approximately 13.6 acres, located on the SOUTHWESTERLY side of Circuit Street and the SOUTHERLY side of Main Street, now or formerly owned in whole or in part by Robert F. DeSte-

fano, more particularly shown as Parcel Number 2 on a plan entitled: "Plan of Land to be Taken for School Purposes on Main Street, Circuit Street and Pleasant Street Norwell, Mass.," dated August 21, 1968, by Loring H. Jacobs, Registered Land Surveyor, a copy of which is on file in the Town Clerk's Office, said Plan being made a part hereof and incorporated herein by reference, and appropriating therefore and all expenses in connection therewith the sum of \$26,000.00, or any other sum and to determine whether the same shall be provided by transfer from available funds, by borrowing, or by any combination of the foregoing, or act on anything relative thereto.

Requested by the Senior High School Site Committee

The Advisory Board will give its recommendation at Town Meeting.

ARTICLE 18.

To see if the Town will vote to appropriate from available funds the sum of \$4,000.00, or any other sum, to be added to the Water Department General Expenses Account, or act on anything relative thereto.

Requested by the Board of Water Commissioners

The Advisory Board recommends this Article. Unexpected expenses were incurred for testing of water flow in the aquifer to determine the possibility of contamination of wells off Washington Street.

ARTICLE 19.

To see if the Town will vote to appropriate the sum of \$36,000.00, or any other sum, for the laying and relaying of water mains, of not less than six inches but less than sixteen inches in diameter, under the direction of the Board of Water Commissioners, in Bowker Street from the end of the existing main in Bowker Street for a distance of approximately 4,800 feet to the junction of Bowker Street and Grove Streets, and to determine whether the same shall be provided by transfer from available funds, by borrowing, or by any com-

bination of the foregoing, or act on anything relative thereto.

Requested by 121 Registered Voters

The Advisory Board does not recommend this Article. The magnitude of the project is such that it is better handled as part of the Water Board's continuing annual expansion of the water system, and it should be considered at the next Annual Town Meeting.

ARTICLE 20.

To see if the Town will vote to appropriate the sum of \$48,000.00, or any other sum, for the laying and relaying of water mains of not less than six inches but less than sixteen inches in diameter, under the direction of the Board of Water Commissioners, in Mt. Blue Street, from the end of the existing main near the junction of Lincoln and Mt. Blue Streets for a distance of about 7,100 feet towards the Hingham Line and to determine whether the same shall be provided by transfer from available funds, by borrowing, or by any combination of the foregoing, or act on anything relative thereto.

Requested by 124 Registered Voters

The Advisory Board does not recommend this Article. The magnitude of the project is such that it is better handled as part of the Water Board's continuing annual expansion of the water system, and it should be considered at the next Annual Town Meeting.

ARTICLE 21.

To see if the Town will vote to authorize and direct the Board of Water Commissioners to acquire, by purchase or by eminent domain, for purposes of Public Water Supply, certain parcels of land located on the southwesterly side of Washington Street in Norwell, shown on a plan entitled: "Plan of Land in Norwell for Development of Water Supply Town of Norwell," dated April 19, 1967, by Loring H. Jacobs, Registered Land Surveyor, a copy of which is on file in the Town Clerk's Office, said plan being made a part hereof and incorporated herein by reference, with said land being bounded

and described according to said plan, as follows: Northeast-ly — by Washington Street; Northwesterly — by land of Josephine C. Mott and by land of Webber; Southwesterly — by land of Town of Norwell; Southeasterly — by land of Jean Cossette, by land of Fitzgerald and by land of Hall; and appropriating therefore, and all expenses in connection therewith, the sum of \$50,000.00, or any other sum, and to determine whether the same shall be provided by transfer from available funds, by borrowing or by any combination of the foregoing, or act on anything relative thereto.

Requested by the Board of Water Commissioners

The Advisory Board does not recommend this Article. It is questionable whether the land can be purchased for the stated sum, and is of the opinion that other high-value business land might be needed for the further protection of these wells. Therefore, it is the Board's conclusion that the cost will be too great without more compelling evidence that the wells will not eventually become contaminated.

ARTICLE 22.

To see if the Town will vote to authorize the Board of Water Commissioners to purchase or take by eminent domain, for the purposes of public water supply, a parcel of land containing approximately 14 acres, located off Bowker Street, more particularly shown on a plan entitled: "Plan of Land in Norwell for Development of Water Supply Town of Norwell," dated February 13, 1968, by Loring H. Jacobs, Registered Land Surveyor, a copy of which is on file in the Town Clerk's Office, said plan being made a part hereof and incorporated herein by reference, and appropriating therefore, and all expenses in connection therewith, the sum of \$15,000.00, or any other sum, and to determine whether the same shall be provided by transfer from available funds, by borrowing, or by any combination of the foregoing, or act on anything relative thereto.

Requested by the Board of Water Commissioners

The Advisory Board recommends this Article. This is

necessary in order to protect the Town's interest in land surrounding an approved well.

ARTICLE 23.

To see if the Town will vote to appropriate from available funds, the sum of \$5,000.00, or any other sum, to be expended under the direction of the Permanent Building and Maintenance Committee for the preparation of preliminary plans and cost estimates to raze the present Town Hall Annex and Police Station and to construct a new Police Station on the same site, said site as shown on a plan entitled, "Plan of Land on Main Street and Central Street, Norwell", March 16, 1967, by Loring H. Jacobs, Surveyor, a copy of which is on file in the Town Clerk's Office and made a part hereof and incorporated herein by reference, or act on anything relative thereto.

Requested by the Police Station Site Committee

The Advisory Board will give its recommendation at Town Meeting.

ARTICLE 24.

To see if the Town will vote to authorize and direct the Board of Selectmen to purchase or take by eminent domain, for the purpose of a Police Station and Town Facilities, a parcel of land containing approximately one-half acre, located on the Easterly side of Central Street, presently owned in whole or in part by Paul G. Jevne and Priscilla S. Jevne, shown as Parcel Number 30 on Sheet R-15 of the "ATLAS TOWN OF NORWELL," on file in the Assessors' Office, bounded:

NORTHERLY and EASTERLY — by land of the Trustees under the will of Nellie L. Sparrell.

SOUTHERLY — by land of the Town of Norwell; and

WESTERLY — by Central Street;

and appropriating therefore and all expenses in connection therewith the sum of \$25,000.00, or any other sum, and to determine whether the same shall be provided by transfer

from available funds, by borrowing or by any combination of the foregoing, or act on anything relative thereto.

Requested by the Planning Board

The Advisory Board will give its recommendation at Town Meeting.

ARTICLE 25.

To see if the Town will vote to authorize and direct the Board of Selectmen to purchase or take by eminent domain, for the purpose of a Police Station and Town Facilities, a parcel of land containing approximately ten acres, presently owned in whole or in part by the Trustees under the will of Nellie L. Sparrell, shown as Parcel Number 28 on Sheet R-15 of the "ATLAS TOWN OF NORWELL", on file in the Assessor's Office, and appropriating therefore and all expenses in connection therewith the sum of \$5,000.00, or any other sum, and to determine whether the same shall be provided by transfer from available funds, by borrowing or by any combination of the foregoing, or act on anything relative thereto.

Requested by the Planning Board

The Advisory Board will give its recommendation at Town Meeting.

ARTICLE 26.

To see if the Town will vote to authorize the Board of Selectmen to purchase, acquire, or take by eminent domain for purposes of constructing a Police Station, a parcel of land, containing 2.2 acres, located on the Westerly side of River Street, near Forest Street, more particularly shown as a 2.2 acre parcel on a plan entitled, "Plan of Land to be used for Police Facilities in Norwell, Mass., dated August 8, 1969, by Loring H. Jacobs, Registered Land Surveyor, a copy of which is on file in the Town Clerk's Office, said plan being made a part hereof and incorporated herein by reference without appropriation, or act on anything relative thereto.

Requested by the Police Station Site Committee

The Advisory Board will give its recommendation at Town Meeting.

ARTICLE 27.

To see if the Town will vote to appropriate from available funds, the sum of \$5,000.00, or any other sum, to be expended under the direction of the Permanent Building and Maintenance Committee for the preparation of preliminary plans and cost estimates for a Police Station, subject to the space requirements established by the Police Department, or act on anything relative thereto.

Requested by the Police Station Site Committee

The Advisory Board will give its recommendation at Town Meeting.

ARTICLE 28.

To see if the Town will vote to amend Article XVI of the Norwell By-Laws, entitled: "Removal of Soil, Loam, Sand or Gravel", by repealing the present By-Law, SECTIONS 1, 2, 3 and 4, and by enacting in their place the following:

"ARTICLE XVI — REMOVAL OF SOIL, LOAM, SAND OR GRAVEL

Section 1. The removal of soil, loam, sand or gravel from land located within the Residential and Conservation Districts, as defined in the Norwell Zoning By-Law, as from time to time amended, except as otherwise provided by law and except for Town use with the approval of the Board of Selectmen, is expressly prohibited.

Section 2. If the removal of soil, loam, sand or gravel from land located within the Residential and Conservation Districts, as defined in the Norwell Zoning By-Law, as from time to time amended, is authorized or provided by law, such removal shall be subject to the standards, procedures and requirements set forth in SECTION 4 hereof.

Section 3. The removal of soil, loam, sand or gravel from land located within the Business Districts, as defined in the Norwell Zoning By-Law, as from time to time amended, may be allowed by the issuance of a permit by the Board of Selectmen, subject, however, to the standards, procedures and requirements set forth in SECTION 4 hereof.

Section 4.

A. No soil, loam, sand or gravel shall be removed from any land within the Town of Norwell without a removal permit issued by the Board of Selectmen. Written application for a permit must be made to the Board of Selectmen upon a form approved by them and the payment of a reasonable filing fee established by them. An original and three copies of a topographical survey plan, with a scale of not less than eighty (80) feet to one (1) inch, by a Registered Land Surveyor, must be submitted with each application. The plan must contain the following:

- (a) Original plot plan with property boundaries and topographical contours at 5-foot intervals.
- (b) Contours of all areas restored from previous removals.
- (c) Contours of all existing unrestored areas at time of application for removal permit.
- (d) Contour of removals under last permit. (A portion of "c").
- (e) Contour of application removal area in 1-foot interval.
- (f) Water table in application for removal area.

B. The Board of Selectmen shall fix a reasonable time for a hearing upon such application and shall cause the notice of the time and place of such hearing thereof and of the subject matter, sufficient for identification, to be published in a newspaper of general circula-

tion in the Town once in each of two successive weeks, the first publication to be not less than fourteen days before the day of the hearing and shall also send notice by mail, postage prepaid, to the petitioner and to the owners of all property deemed by the Board to be affected thereby, as they appear on the most recent local tax list, and to the Board of Health, the Water Commissioners and Planning Board of the Town. At the hearing any party whether entitled to notice thereof or not may appear in person or by agent or by attorney.

C. The Board of Selectmen may issue a permit for the removal of soil, loam, sand or gravel in those areas of the Town hereinbefore authorized, provided:

1. That such removal will not adversely affect the water table or the natural or engineered drainage in the Town;
2. That such removal will not create a waste area within the Town;
3. That such removal will not create unreasonable noise, dust, fumes or other effects which are detrimental to Public Health or Public Welfare; and
4. That such removal will not create an area which is different in topography from surrounding properties.

D. The Board of Selectmen shall adopt Rules and Regulations not inconsistent with the provisions of this By-Law for conducting its business and otherwise carrying out the purposes of this By-Law.

E. The Board of Selectmen shall require a suitable restoration and performance bond from the applicant before any permit is issued hereunder.

Section 5. The requirements of this By-Law shall not apply to the following:

A. The excavation and removal of soil, loam, sand or

gravel when required for the purpose of constructing foundations for buildings or other structures allowable under the Zoning By-Law, including service drives or roadways, as from time to time amended, for which building permits have been properly issued:

B. The excavation and removal of soil, loam, sand or gravel when required in order to construct a road, over the location from which such removal is made, in an approved sub-division in accordance with location lines and grades approved by the Planning Board.

Section 6. The penalty for the violation of this By-Law, or the removal of any soil, loam, sand or gravel within the Town of Norwell without a permit hereunder, except as hereinbefore provided, shall be as follows:

- (a) For the first offense, fifty dollars;
- (b) For the second offense, one hundred dollars;
- (c) For each subsequent offense, two hundred dollars, and
- (d) Each unit of removal, used to remove soil, loam, sand or gravel, such as a truck load of any size, from the original site constitutes a separate offense under this By-Law.

Section 7. The invalidity of any section or part of this By-Law shall not affect the validity of any other section or part hereof otherwise valid.”,

or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board recommends this Article. This is necessary to clarify the existing By-Law on this subject by establishing needed criteria of interpretation and to provide more effective enforcement provisions.

ARTICLE 29.

To see if the Town will vote to amend the Norwell Zon-

ing By-Laws by amending Section III, thereof, so that Business District B-3 is eliminated and the area presently classified as Business District B-3 Becomes part of Residential District B, or act on anything relative thereto.

Requested by 188 Registered Voters

The Advisory Board recommends postponement of action on this Article at this time. The Board recognizes that a major zoning problem exists in this area and is of the opinion that further study and analysis is necessary before a satisfactory solution can be reached.

ARTICLE 30.

To see if the Town will vote to amend the Norwell Zoning By-Laws by amending Section III, thereof, so that Business District B-2 is eliminated and the area presently classified as Business District B-2 becomes part of Residential District B, or act on anything relative thereto.

Requested by 188 Registered Voters

The Advisory Board recommends postponement of action on this Article at this time. The Board recognizes that a major zoning problem exists in this area and is of the opinion that further study and analysis is necessary before a satisfactory solution can be reached.

You are directed to serve this Warrant by posting a copy thereof, attested to by you in writing, at each of five public places in the Town, seven days at least before the time for holding the meeting called for in the Warrant.

Hereof fail not, and make due return of this Warrant with your doings thereon to the Town Clerk of said Town on or before the First day of December, 1969.

Given under our hands at Norwell this twenty-first day of November, in the Year of Our Lord, 1969.

John Petze

Chester A. Rimmer

James P. Hall

Constable _____

RECORD OF SPECIAL TOWN MEETING

December 1, 1969

Pursuant to the foregoing Warrant, the qualified voters of the Town of Norwell met at the Senior High School on December 1, 1969 with 315 voters checked in when the meeting opened at 7:35 P.M. The final number of voters checked in was 778.

The Moderator, David Lee Turner, opened the meeting and appointed the following tellers, and swore them: C. Edward White, head teller; William Bennett, John Lindsay and Arthur Raymond, Deputy Moderator for the overflow crowd in the gymnasium was William Coakley. Tellers were James King, head teller; Allan Chase, Gilman O. Wales and Russell A. Smyth.

Other voters to be admitted to the meeting, non-residents and/or non-voters were Mr. Poirier, Mr. Goldman, Mr. Greene, Mr. Gallagher, Mrs. Montgomery, Mr. Kaetzer, Mrs. Radovsky, Mr. Croley, Mr. Wainwright who was an attorney for a property owner, and Mr. Zoino, engineer. Also members of the press.

It was voted to omit the reading of the Warrant until taken up for action and to file a copy of the Warrant with the record of the meeting.

The Town Clerk read the Constable's return of service of the Warrant.

Checkers on the voting lists were Mrs. Eleanor Benner, Mrs. Mary Jane Clark, Mrs. Mary McBrine and Mrs. Julia Rosebach.

ARTICLE 1.

It was VOTED to appropriate and transfer from the 1969 Town Treasurer's Bonding Cost Account to the 1969 Temporary Loan Interest Account the sum of \$1,500.00.

ARTICLE 2.

It was VOTED UNANIMOUSLY to appropriate and

transfer from Free Cash the sum of \$394.23, for the payment of services and charges rendered in 1968 by the South Shore Hospital.

ARTICLE 3.

It was VOTED UNANIMOUSLY to accept an alteration of the intersection of Pine Street and Circuit Street, as altered by the Selectmen, in accordance with the description and plan presented at a hearing in the Cushing Memorial Town Hall and now on file in the Town Clerk's Office and to appropriate by transfer from the appropriation made under Article 16 in the Warrant for the March, 1969 Meeting the sum of \$929.00, therefore, and all expenses in connection therewith.

ARTICLE 4.

It was VOTED UNANIMOUSLY to authorize and approve the purchase, by the Conservation Commission, of a parcel of land located in the NORTHEASTERLY side of Wildcat Lane in the Town of Norwell, containing approximately one-half acre, bounded: SOUTHWESTERLY by Wildcat Lane; and NORTHWESTERLY, NORTHEASTERLY and SOUTHEASTERLY by land of the Town of Norwell, and appropriate and transfer from the Conservation Fund, therefore and all expenses in connection therewith, the sum of \$650.00.

ARTICLE 5.

VOTED that the Town appropriate and transfer from Free Cash the sum of \$500.00 to be added to the appropriation voted by the Town under Article 23 of the Town Meeting of March 11, 1968, and to authorize the REGIONAL REFUSE DISPOSAL PLANNING COMMITTEE, in its discretion, to use said funds, or any portion thereof, for expenses incurred to study the advisability of establishing a Town refuse disposal facility.

ARTICLE 6.

Article 6 was UNANIMOUSLY DEFEATED.

ARTICLE 7.

VOTED, 505 yes, 86 no, to authorize the Board of Selectmen to convey two lots of land, known as Lots 181 and 182 on Duncan Drive, bounded:

NORTHEASTERLY by the Southwesterly side of Duncan Drive

SOUTHEASTERLY by Lots 135 and 145, inclusive, a total distance of 255.87 feet; and

NORTHWESTERLY by Lot 180, 263.34 feet; or however otherwise bounded and described, to PEARL M. GILMORE, for the sum of two hundred (\$200.00) dollars.

ARTICLE 8.

VOTED, 530 yes, 21 no, to authorize the Board of Selectmen to convey Lot numbered 87, shown on a plan entitled: "JACOBS LAKE SHORES NORWELL MASS.", by Ernest W. Branch, Inc., C.E., dated March 11, 1939, recorded with Plymouth Registry of Deeds in Plan Book 5, Page 934; bounded:

NORTHWESTERLY by JACOBS TRAIL, 50.00 feet;

NORTHEASTERLY by Lot numbered 88, 85.00 feet;

SOUTHEASTERLY by Lot numbered 82, 50.00 feet;

SOUTHWESTERLY by Lot numbered 86, 85.00 feet;

or however otherwise bounded and described, to ARTHUR J. LUNNY and TERESA A. LUNNY, for the sum of three hundred (\$300.00) dollars.

ARTICLE 9.

It was VOTED to INDEFINITELY POSTPONE ACTION on Article 9.

ARTICLE 10.

It was VOTED to appropriate and transfer from Free Cash the sum of \$30,000.00, and appropriate and transfer from the New Senior High School Preliminary Plans Account, established under Article 10 in the June 13, 1968 Meeting,

the sum of \$102,000.00, and appropriate and transfer from the Senior High School Addition Final Plans Account, established under Article 24 in the March 14, 1966 Meeting, the sum of \$29,000.00, with all of such appropriations and transfers totaling \$179,000.00, all to be expended under the direction of the Permanent Building and Maintenance Committee, for the purpose of obtaining final plans and specifications and bids for the construction of a new 1,000 student Senior High School Building.

ARTICLE 11.

VOTED UNANIMOUSLY to INDEFINITELY POSTPONE ACTION on Article 11.

ARTICLE 12.

VOTED to INDEFINITELY POSTPONE ACTION on Article 12.

It was VOTED to take up Article 14 before Article 13.

ARTICLE 14.

VOTED, 370 yes, 104 no, that the Town authorize and instruct the Board of Selectmen to purchase or take by eminent domain, for school purposes, the parcels of land located on the Southerly side of MAIN STREET and the Westerly side of SOUTH STREET, in NORWELL, shown as Parcels numbered 1, 2, 3, 3B, and 3C, containing approximately 92 acres, shown on a plan entitled: "PLAN OF LAND TO BE TAKEN FOR SCHOOL PURPOSES OFF MAIN STREET NORWELL, MASS." dated December 23, 1968, by Loring H. Jacobs, Registered Land Surveyor, a copy of which is on file in the Town Clerk's Office, said plan being made a part hereof and incorporated herein by reference,

bounded and described, according to said plan, as follows:

WESTERLY — by the land of The Society for the Preservation of New England Antiquities and by the Third Herring Brook;

SOUTHERLY — by the land of Barbara N. Menzies, by the land of Petrell Land Development Corporation,

by land of Harold E. and Katherine E. Cranton, and
by land of Henrich Development Trust;

EASTERLY — by South Street, by land of owners unknown, by land of Vernon G. and Mary P. Bell, by land of owners unknown, by land of Theodore F. Collins, by South Street, and by land of Leslie B. and Madelyn M. Collins;

NORTHERLY — by land of Natale Ambrose Molla, by land of Fred A. Nucci, by Main Street, by land of Marshall W. and Hassie T. Grigsby, by land of Eugene and Janice Mullen, by Main Street, by land of Nicholas J. and Virginia L. Pizzella, by land of Kenneth L. and Beverly R. Burnside and by land of John M. Burnside

Containing approximately 92 acres, and appropriating therefore and all expenses in connection therewith the sum of \$95,000.00 and to meet the appropriation the sum of \$5,000.00 be appropriated and transferred from Free Cash and the Town authorize the Treasurer, with the approval of the Board of Selectmen to borrow \$90,000.00 under General Laws Chapter 44, as amended.

ARTICLE 13.

It was VOTED to INDEFINITELY POSTPONE ACTION on Article 13.

ARTICLE 15.

It was VOTED to INDEFINITELY POSTPONE ACTION on Article 15.

ARTICLE 16.

It was VOTED to INDEFINITELY POSTPONE ACTION on Article 16.

ARTICLE 17.

It was VOTED to INDEFINITELY POSTPONE ACTION on Article 17.

ARTICLE 18.

It was VOTED to appropriate and transfer from Free Cash the sum of \$4,000.00 to be added to the Water Department General Expense Account.

ARTICLE 19.

Motion made, seconded, but DEFEATED, to indefinitely postpone action on Article 19.

It was VOTED, 295 yes, 54 no, to appropriate the sum of \$36,000.00 for the laying and relaying of water mains, of not less than six inches, but less than sixteen inches in diameter, under the direction of the Board of Water Commissioners, in Bowker Street, from the end of the existing main in Bowker Street for a distance of approximately 4,800 feet to the junction of Bowker and Grove Streets, and to meet the appropriation the Town authorize the Treasurer, with the approval of the Board of Selectmen, to borrow \$36,000.00 under General Laws, Chapter 44 as amended.

ARTICLE 20.

It was VOTED UNANIMOUSLY to appropriate the sum of \$48,000.00 for the laying and relaying of water mains, of not less than six inches but less than sixteen inches in diameter, under the direction of the Board of Water Commissioners, in Mt. Blue Street, from the end of the existing main near the junction of Lincoln and Mt. Blue Streets, for a distance of about 7,100 feet towards the Hingham line, and to meet the appropriation the Town authorize the Treasurer, with the approval of the Board of Selectmen, to borrow \$48,000.00 under General Laws, Chapter 44, as amended.

ARTICLE 21.

It was VOTED to INDEFINITELY POSTPONE ACTION on Article 21.

ARTICLE 22.

It was VOTED UNANIMOUSLY to authorize and direct the Board of Water Commissioners to acquire, by purchase or

by eminent domain, for the purpose of a water source and for the protection of the Norwell Water System, a parcel of land containing approximately 16 acres, located off Bowker Street, more particularly shown on a plan entitled: "PLAN OF LAND IN NORWELL FOR DEVELOPMENT OF WATER SUPPLY TOWN OF NORWELL," dated February 13, 1968, by Loring H. Jacobs, Registered Land Surveyor, a copy of which is on file in the Town Clerk's Office, said plan being made a part hereof and incorporated herein by reference, with said land being bounded and described, according to said plan, as follows:

SOUTHERLY, WESTERLY AND NORTHERLY —
by land of Lot Phillips and Co. Corp.;

NORTHEASTERLY — by land of Clara Macy Winslow;

SOUTHEASTERLY AND NORTHEASTERLY —
by land of Copus, and

EASTERLY — by Bowker Street

and appropriating therefore and all expenses in connection therewith, the sum of \$18,500.00, and to meet the appropriation the amount of \$5,500.00 be appropriated and transferred from Free Cash and the Town authorize the Treasurer, with the approval of the Board of Selectmen, to borrow \$15,000.00 under General Laws, Chapter 44, as amended.

It was VOTED to take up Articles 27 and 26 before Article 23.

ARTICLE 26.

VOTED UNANIMOUSLY to authorize the Board of Selectmen to purchase or acquire or take by eminent domain for purposes of constructing a Police Station, a parcel of land, containing about 2.2 acres, located on the WESTERLY side of RIVER STREET, near FOREST STREET, more particularly shown as the 2.2 acre parcel on a plan entitled: "PLAN OF LAND TO BE USED FOR POLICE FACILITIES IN NORWELL, MASS.," dated: August 8, 1969, by Loring H. Jacobs, Registered Land Surveyor, a copy of which is on file in the

Town Clerk's Office, said plan being made a part hereof and incorporated herein by reference, with said parcel bounded;

EASTERLY — by RIVER STREET:

NORTHERLY — by land of THE FIRST PARISH
CHURCH OF NORWELL;

WESTERLY — by land of the TOWN OF NORWELL;

SOUTHERLY — by land of the TOWN OF NORWELL;
without appropriation.

ARTICLE 27.

VOTED UNANIMOUSLY that the Town appropriate and transfer from Free Cash the sum of \$5,000.00 to be expended under the direction of the Permanent Building and Maintenance Committee for the preparation of preliminary plans and cost estimates for a police station, subject to the space requirements established by the Police Department.

ARTICLE 23.

VOTED UNANIMOUSLY to INDEFINITELY POSTPONE ACTION on Article 23.

ARTICLE 28

VOTED UNANIMOUSLY to amend Article XVI of the Norwell By-Laws by repealing the present By-Law Article XVI and by enacting in its place a new article XVI, as printed under Article 28 in the Warrant for this meeting:

“ARTICLE XVI — REMOVAL OF SOIL, LOAM, SAND
OR GRAVEL

Section 1. The removal of soil, loam, sand or gravel from land located within the Residential and Conservation Districts, as defined in the Norwell Zoning By-law, as from time to time amended, except as otherwise provided by law and except for Town use with the approval of the Board of Selectmen, is expressly prohibited.

Section 2. If the removal of soil, loam, sand or gravel from land located within the Residential and Conservation districts, as defined in the Norwell Zoning By-Law, as from time to time amended, is authorized or provided by law, such removal shall be subject to the standards, procedures and requirements set forth in SECTION 4 hereof.

Section 3. The removal of soil, loam, sand or gravel from land located within the Business Districts, as defined in the Norwell Zoning By-Law, as from time to time amended, may be allowed by the issuance of a permit by the Board of Selectmen, subject, however, to the standards, procedures and requirements set forth in SECTION 4 hereof.

Section 4. A. No soil, loam, sand or gravel shall be removed from any land within the Town of Norwell without a removal permit issued by the Board of Selectmen. Written application for a permit must be made to the Board of Selectmen upon a form approved by them and the payment of a reasonable filing fee established by them. An original and three copies of a topographical survey plan, with a scale of not less than eighty (80) feet to one (1) inch, by a Registered Land Surveyor, must be submitted with each application. The plan must contain the following:

- (a) Original plot plan with property boundaries and topographical contours at 5-foot intervals.

- (b) Contours of all areas restored from previous removals.

- (c) Contours of all existing unrestored areas at time of application for removal permit.

- (d) Contour of removals under last permit. (A portion of "c").

- (e) Contour of application removal area in 1-foot interval.

- (f) Water table in application for removal area.

- B. The Board of Selectmen shall fix a reasonable time for a hearing upon such application and shall cause the notice of the time and place of such hearing thereof and of the subject matter, sufficient for identification, to be published in a newspaper of general circulation in the Town once in each of two successive weeks, the first publication to be not less than fourteen days before the day of the hearing and shall also send notice by mail, postage prepaid to the petitioner and to the owners of all property deemed by the Board to be affected thereby, as they appear on the most recent local tax list, and to the Board of Health, the Water Commissioners and Planning Board of the Town. At the hearing any party whether entitled to notice thereof or not may appear in person or by agent or by attorney.
- C. The Board of Selectmen may issue a permit for the removal of soil, loam, sand or gravel in those areas of the Town hereinbefore authorized, provided:
1. That such removal will not adversely affect the water table or the natural or engineered drainage in the town;
 2. That such removal will not create a waste area within the Town;
 3. That such removal will not create unreasonable noise, dust, fumes or other effects which are detrimental to Public Health or Public Welfare; and
 4. That such removal will not create an area which is different in topography from surrounding properties.
- D. The Board of Selectmen shall adopt Rules and Regulations not inconsistent with the provisions of this By-Law for conducting its business and otherwise carrying out the purposes of this By-Law.
- E. The Board of Selectmen shall require a suitable restoration and performance bond from the applicant

before any permit is issued hereunder.

Section 5. The requirements of this By-Law shall not apply to the following:

- A. The excavation and removal of soil, loam, sand or gravel when required for the purpose of constructing foundations for buildings or other structures allowable under the Zoning By-Law, including service drives or roadways, as from time to time amended, for which building permits have been properly issued.
- B. The excavation and removal of soil, loam, sand or gravel when required in order to construct a road, over the location from which such removal is made, in an approved sub-division in accordance with location lines and grades approved by the Planning Board.

Section 6. The penalty for the violation of this By-Law, or the removal of any soil, loam, sand or gravel within the Town of Norwell without a permit hereunder, except as hereinbefore provided, shall be as follows:

- (a) For the first offense, fifty dollars;
- (b) For the second offense, one hundred dollars;
- (c) For each subsequent offense, two hundred dollars, and
- (d) Each unit of removal, used to remove soil, loam, sand or gravel, such as a truck load of any size, from the original site constitutes a separate offense under this By-Law.

Section 7. The invalidity of any section or part of this By-Law shall not affect the validity of any other section or part hereof otherwise valid."

ARTICLE 29.

VOTED that the Zoning Amendment proposed in Article 29 be referred to the Planning Board for study and report at a future Town Meeting.

ARTICLE 30.

Voted that the Zoning Amendment proposed in Article 30 be referred to the Planning Board for study and report at a future Town Meeting.

The business of the Warrant having been completed, it was VOTED to adjourn at 12:40 A.M.

Nellie G. Tarr,
Town Clerk.

AUDIT REPORT

A "Report of an Audit of the Accounts of the Town of Norwell" for the period from January 1, 1966 to September 21, 1968, was received April 8, 1969, from the Department of Corporations and Taxation, Bureau of Accounts, and is on file in the Town Clerk's Office.

The concluding paragraph of the Audit reads as follows: "While engaging in making the audit, cooperation was received from the officials of the town for which, on behalf of my assistants and for myself, I wish to express appreciation."

Respectfully submitted,

(Signed) William Schwartz
Assistant Chief of Bureau

ANNUAL REPORT OF THE HIGHWAY DEPARTMENT — 1969

To the Citizens of Norwell:

I hereby submit my Annual Report for the year of 1969 concerning the activities of the Highway Department.

The Highway Department had a very busy year. It started off in January and right into snow storms with a bang! In February and March the snowflakes just kept coming down, but we were lucky — we had all of the routes open even though some were narrow because the small trucks just could not move the snow. We were also lucky to be able to get equipment from local contractors. We had two bulldozers and two large road graders working — one hired from the town of Yarmouth on the Cape with a large V blade. At one time we had six large front end loaders and fourteen trucks trying to keep the roads open and trying to help the power company get through to open up the sub station.

It was a difficult job to repair plows having no heat or electricity at the Highway Garage; and with no food or fuel available, it was tough going for a couples of weeks. It was necessary to meet with the Selectmen and other officials to determine who was sick, out of fuel, no electricity, no heat or just plain snowbound!

Well, after one long, hard time with the cold and a few minor breakdowns, we made it and got all the roads open, schools plowed out, pumping stations and water supplies plowed out and helped the Edison Company in every way that we could. In some places we had to run the bulldozers around Town like "Tinker Toys"; but with forty-two inches of snow in some locations, it was necessary.

A storm like this points out some major problems such as where to get food and fuel for outside personnel and equipment, also lodging for these people when the schools are without heat and electricity. Plus, the problem of who is to be taken care of first. The cost of all of these services is a very major concern to me and all those who face making decisions in such an emergency.

In early April the drainage work started at Washington Park and Mount Hope Street followed by drainage at Shady Lane, Gerard Road and Grove Street. I am very pleased that this has worked out well, and it pointed out the case for more of these much needed problems to be solved. Even though the money may have to be bonded, it pays to put it out as one major project.

I hope that the Drainage Committee can get started on some stream clearance which should be done. This is badly needed to get rid of the water from many areas in Town. This is one reason we now have flooding after a heavy rain for a day or so. The main stream and brook areas cannot take the run-off from the downstream end of the culverts because they are plugged with fallen trees, leaves and a few beaver dams.

The Chapter 90 work on Main Street was extended to Norwell Center and the State Police Barracks where we installed a drainage easement and drainage on Main Street (1,200 feet of 12-inch pipe, 12 catchbasins and 8 manholes.) We, also, adjusted twenty-three structures for the mix, two safety islands and about 500 feet of granite curbing, 2,500 cubic yards of gravel. We put down binder and top on the section roughed out in 1968 and the first two-inch of base from the Whiting easement to the State Police Barracks. This section will have two more layers of mix in the spring of 1970 giving us a total depth of four and one-half inches of hot mix. All that remains to be done now is the loaming and seeding and clean-up work. Main Street will be finished in 1970. This work was started from the Scituate line way back in 1952, or so, to Norwell Center then from the Hanover line in 1962 back to the Center for completion in 1970.

All during the year routine maintenance work was carried out. Patching holes in the roads used up 436.05 tons of material, 193 street signs were replaced and 26 new signs were purchased, drains and waterways were cleaned. This year for the first time 158 catchbasins were cleaned by a vacuum power unit, and the troublesome basins were cleaned

by hand. Fifty concrete posts for guard rails were set. Complaints were answered and taken care of whenever possible.

As in previous years I will list a few of the items used this year on projects to give you a better idea of the scope of the work done by the Highway Department: 1,854.86 tons of salt, 3,070 yards of sand, 3,500 yards of gravel and fill, 312 yards of loam, 1,002 yards of mix-in-place material, 3,862.85 tons of Type I hot top, 57,567 gallons of roadway oil and tar, 258 gallons paint, 1,600 pounds reflector beads, 45 metal snow-plow blades, 3 rubber plow blades, 25 tons of calcium chloride.

Also, during this time we prepared for work on the oiling program as outlined by the Board of Selectmen and the State Department of Public Works. This project is known as Chapter 81 work.

The Town's resurfacing program of mix-in-place was continued on Circuit Street, Tiffany Road and hone job on Lincoln Street and Mount Blue Street.

Type I work was done on Grove Street (4,000 feet), River Street (2,500 feet) and Old Oaken Bucket Road (2,200 feet). We are asking for funds under a special article to continue the work on these roadways. We are asking \$25,000 this year to keep up with the rising cost and, also, in the hope of an accelerated program.

In the middle of winter, our most important and pressing problems are snow clearance and sanding roadway ice spots. Taking care of these hazards is very expensive. To make the roads safer for winter, we have employed the use of more chemicals. An earnest effort is made by the Highway Department to have the roads in readiness for any emergency. Sometimes this requires long hours of our labor crew. We are hoping that we do not have a winter such as in 1969, but it sure was a lousy December! The cost of chemicals has been going up steadily and so has the increase in the number of tons used because of public demand for better road surfaces.

Also, again the cost of vandalism and littering is a major problem.

For the sake of economy and not to repeat myself regarding a few problems of new houses being built on *low land*, I call your attention to my 1968 Annual Report.

I would be remiss in not telling you that 1969 was the last year the Highway Department will do water service installations for the Town. In 1969 this Department did ninety services—some on the same side as the water main and some necessitated crossing the street. Also, leaks were fixed and a couple of fire hydrants were replaced. There was one major water main break on Main Street and one on Stetson Road. I thank the Selectmen for giving this job back to the Water Department. Also, the Highway Department put on the first two-inch coat of hot mix on Paradise Drive leading to the standpipe off Main Street. Maybe some day somebody will put on the top?

I wish to express my sincere thanks for the cooperation of all Town Officers, Town committees and departments, the citizens of Norwell and the utility companies with whom I have had the pleasure of working this year.

I would, also, like to say that we are most grateful for the assistance of the Department of Public Works at the Middleboro District Office. Without their help and cooperation, such projects as Chapter 81 maintenance of all Norwell roads, Chapter 90 reconstruction of Main Street (Route 123) and the painting of lines on Main Street and Pond Street (Route 228) would not have been possible.

Respectfully submitted,

E. Arnold Joseph,
Highway Surveyor

REPORT OF THE GAS INSPECTOR

For the calendar year 1969, applications were received for ninety-six gas installations. Inspections were made of these installations by either Inspector George A. Beach or Alternate Inspector James F. Macdonald, Jr.

Respectfully submitted,

George A. Beach,
Inspector of Gas Piping and
Gas Appliances

REPORT OF THE INSPECTOR OF WIRES

During the calendar year of 1969, three hundred and four applications were received for electrical installations. Permits were granted and inspections made by either Wire Inspector Raymond A. Hansen or Alternate Wire Inspector J. Lee Turner.

Permit fees collected amounted to \$2,884.00 and were paid to the Inspectors.

Respectfully submitted,

RAYMOND A. HANSEN
Inspector of Wires

TOWN OF NORWELL
TOWN ACCOUNTANT'S REPORT

To the Board of Selectmen:

Gentlemen:

I submit herewith the annual report of the Town Accountant for the year ended December 31, 1969. The report is arranged and classified as prescribed by the Director of Accounts and in accordance with Chapter 41, Section 61, General Laws of Massachusetts.

The following sequence is used:

Receipts
Payments
Recapitulation
Transfers from Reserve Fund
Balance Sheet

RECEIPTS
GENERAL REVENUE

1969 Tax Levy		
Personal Property	\$75,463.72	
Real Estate	2,061,703.47	
	<hr/>	2,137,167.19
Previous Years' Levies

HARRY L. CHASE, JR.
Town Accountant

NORWELL DEVELOPMENT AND INDUSTRIAL COMMISSION

During the past year, new building in excess of \$300,000. in value was constructed or under construction along Washington Street and along Pond Street. Additional building is planned for the coming year. There has been some discussion concerning the use of land in the business zones along Washington Street and it is suggested that a further study be made of the possibility of resolving these conditions. At the present time, it is not possible for business telephones to enjoy the lower rates accorded residential telephones to the in-town and suburban exchanges. This matter is under the Department of Public Utilities.

Respectfully Submitted,

Norwell Development and Industrial Commission
